Extensions of Time.

Supervisor Welch presented:

Resolution No. 15765 (New Series), as follows:

Resolved, That J. F. Dowling is hereby granted an extension of ninety days' time from June 9, 1918, within which to complete contract for the improvement of Vicksburg street between Jersey and Twenty-fifth streets; of the crossing of Jersey and Vicksburg streets, and the southerly side of Jersey street between Vicksburg and Sanchez streets, where not already improved.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McSheehy, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Absent—Supervisors McLeran, Mulvihill—2.

Also, Resolution No. 15766 (New Series), as follows:

Resolved, That J. J. McHugh is hereby granted an extension of thirty days' time from July 1, 1918, within which to complete contract for the improvement of the crossing of Taraval street and Thirty-fifth avenue under public contract.

This first extension of time is

granted for the reason that the work is 90 per cent completed and the extension is desired in order to cover the time necessary in which to issue the assessment for the work.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McSheehy, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Absent—Supervisors McLeran, Mulvihill—2.

Also, Resolution No. 15767 (New Series), as follows:

Granting J. G. Harney an extension of thirty days' time from June 12, 1918, within which to complete contract for grading and paving Eighteenth street between Third and Illinois streets.

This *second* extension of time is granted for the reason that all of the work has been completed with the exception of the asphalt covering.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McSheehy, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Absent—Supervisors McLeran, Mulvihill—2.

Intention to Change Grades.

Supervisor Welch presented:

Resolution No. 15768 (New Series), Declaring that it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at points and elevations above city base, in accordance with Resolution No. 58942 (Second Series) of the Board of Public Works adopted May 24, 1918, and written recommendation of said Board, filed May 28, 1918, to-wit:

On Twenty-second street between Rhode Island street and a line parallel with and 15 feet easterly from Kansas street, westerly line, and on Kansas street, westerly line, and on Kansas street between Twenty-second street, southerly line, and a line parallel with and 200 feet northerly from Twenty-second street.

The Board of Supervisors hereby declares that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks,

Hynes, Kortick, Lahaney, McSheehy, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Absent—Supervisors McLeran, Mulvihill—2.

Also, Resolution No. 15769 (New Series), Declaring that it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at points and elevations above city base, in accordance with Resolution No. 58988 (Second Series) of the Board of Public Works adopted May 29, 1918, and written recommendation of said Board, filed May 31, 1918, to-wit:

On Howth street between Ocean avenue and Ridge lane; on Geneva, Niagara and Mt. Vernon avenues between Howth and Louisburg streets, and on Ridge lane between Margaret and Josiah avenues.

The Board of Supervisors hereby declares that no assessment district is necessary, as no damage will result from said change of grade, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change of modification of grade or grades is contemplated, notice of the passage of this resolution of intention.

Adopted by the following vote:

City Attorney to Enter Into Agreement With Chas. Herold for the Exchange of Land on Adams Street for the Widening of Army Street.

Supervisor Welch presented:

Resolution No. 15770 (New Series), as follows:

Resolved, That in accordance with the provisions of the Act of May 1st, 1911, the City and County of San Francisco enter into an agreement with Charles Herold, by the terms of which said Charles Herold shall agree to convey to the City and County of San Francisco a strip of land described as follows:

Parcel 1. Commencing at the point of intersection of the southerly line of Army street and the westerly line of San Bruno avenue; thence westerly along the southerly line of Army street 135.143 feet to the easterly line of Adam street; thence southerly along the easterly line of Adam street 10.238 feet; thence easterly along a line parallel with and distant 10 feet southerly from the southerly line of

Army street 135.143 feet to the westerly line of San Bruno avenue; thence northerly along the westerly line of San Bruno avenue 10.238 feet to the point of commencement.

Parcel 2. Commencing at the point of intersection of the southerly line of Army street and the westerly line of Adam street; thence westerly along the southerly line of Army street 89 feet more or less to the easterly boundary line of the property of John Lydon; thence at right angles southerly, along the boundary line between the properties of John Lydon and Charles Herold, 10 feet; thence at right angles easterly along a line parallel with and distant 10 feet southerly from the southerly line of Army street 86.805 feet more or less to the westerly line of Adam street; thence northerly along the westerly line of Adam street 10.238 feet to the point of commencement, to be used by the City and County of San Francisco in widening Army street along its southerly line to a total width of 74 feet, and in exchange for which said conveyance the City and County will agree to close as a public street and convey to the said Charles Herold the southerly 75 feet of Adam street, more accurately described as follows:

Commencing at a point where the easterly line of Adams street intersects the southerly terminal line of the southerly termination of Adam street, said point being 162 feet more or less southerly from the southerly line of Army street; thence westerly along the southerly termination of Adam street 36 feet to the westerly line of Adam street; thence northerly along the westerly line of Adam street 75 feet; thence at right angles easterly 36 feet to the easterly line of Adam street; thence southerly along the easterly line of Adam street 75 feet to the point of commencement.

Also, to complete street work and setting back of curbing made necessary by the change on Army street in front of the property of Charles Herold, without expense to him.

Be it further Resolved, That the City Attorney be and is hereby directed to prepare the necessary agreement in accordance with this resolution, and the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute such agreement, when so prepared, in accordance with the terms hereinbefore set forth.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McSheehy, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Absent—Supervisors McLeran, Mulvihill—2.

Cancelling Contract for Sewer Work in Ellington Avenue.

Supervisor Welch presented:
Resolution No. 15771 (New Series), as follows:

Whereas, The Board of Public Works did, by Resolution No. 59008 (Second Series), adopted June 3, 1918, recommend that the Board of Supervisors cancel and annul the contract dated April 23, 1918, between the Board of Public Works of the City and County of San Francisco and Justin N. Ducray for the installation of an 8-inch and a 12-inch sewer and appurtenances in Ellington avenue between Farragut and Whipple avenues and in the crossing of Ellington and Whipple avenues, for the reason that the City Engineer under date of June 1, 1918, recommended the cancellation of the contract owing to irregularities in the proceedings; therefore be it

Resolved, That the contract entered into between Justin N. Ducray and the Board of Public Works on April 23, 1918, for the construction of an 8-inch and a 12-inch sewer and appurtenances in Ellington avenue between Farragut and Whipple avenues and in the crossing of Ellington and Whipple avenues be and the same is hereby canceled and annulled.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Mayor Authorized to Enter Into Agreement With United Railroads for Use of Poles and Overhead Wires on Market Street for Municipal Railway.

Resolution No. 15778 (New Series), as follows:

Resolved, That the Mayor be and he is hereby authorized to enter into an agreement with the United Railroads of San Francisco, which said agreement is as follows, to-wit:

This agreement, made and entered into this ____ day of _____, A. D. 1918, by and between United Railroads of San Francisco, a corporation duly organized and existing under and by virtue of the laws of the State of California, party of the first part (hereinafter called Railroads), and City and County of San Francisco, a municipal corporation, party of the second part (hereinafter called City),

Witnesseth:

Whereas, City is now building tracks for a street railway on either side of the tracks of Railroads on Market street from Seventeenth street to Kearny street, and intends to operate said street railway along and over said tracks from said Seventeenth street to what is known as the Ferry Building at The Embarcadero, which said cars when operated will be known as "J" cars (Church street line) and "K" cars (Twin Peaks Tunnel line); and

Whereas, Railroads has protested against the building and operation of said street railway and has commenced suit against City in the District Court of the United States, for the Northern District of California, or an injunction to prohibit the same, which suit is known as No. 280 in the files and records of said Court, and which said suit is now pending on appeal in the Supreme Court of the United States of America; and as likewise commenced suit against City in the Superior Court of the State of California, in and for the City and County of San Francisco, which suit is known as No. 65435 on the files and records of said Superior Court, and injunction has issued

against City in said suit restraining City from using the wires, poles and current of Railroads on Market street from Sansome street to The Embarcadero and around the so-called outer loop on The Embarcadero, and has likewise commenced suit in the Superior Court of the State of California, in and for the City and County of San Francisco, against City for damages for the operation of cars on Market street from Van Ness avenue to Church street, which said suit is known and designated as No. 88921 on the records and files of said Superior Court; and

Whereas, In order to avoid the necessity and inconvenience to City of erecting additional poles and wires, it is proposed to use the poles, wires and current of Railroads for the operation of said City Railway along Market street from Seventeenth street to and around the outer loop at The Embarcadero as aforesaid, and to make certain changes in what is known as the loop built by Railroads on said Embarcadero:

Now, therefore, in consideration of the premises, it is mutually agreed that City shall have the right to increase the capacity of the outer loop to care for the additional cars of the said "J" and "K" lines to be run by City as aforesaid by widening the throat of the loop sufficient to permit the clearance of the cars running on the outer loop and the cars of Railroads running on the inner loop, and by installing a cross-over, together with operating mechanism and elevated post for use of operator, between the inner and outer tracks on the south side of Market street at a point about Spear street, and City shall likewise install, whenever necessary, an additional cross-over between the outer and inner tracks on the north side of Market street at about Spear street.

City shall pay to Railroads for the maintenance and repair of said outer loop and said outer tracks in proportion to the use by City and Railroads of these facilities.

Railroads agrees to furnish electric current and overhead construction for the operation of said "J" and "K" lines of City from Sansome street to The Embarcadero and around said outer loop and to charge City therefor 1¼c per kilowatt hour for the use of said electric current on Market street, which amount City agrees to pay.

It is mutually agreed that the entering into of this agreement shall in no wise affect any of the rights of either of the parties involved in the case of United Railroads of San Francisco, complainant, v. City and County

of San Francisco, defendant, now pending in the United States District Court, for the Northern District of California, and known and designated as No. 280 upon the records and files of said court, and which said case is now pending on appeal to the Supreme Court of the United States, and known and designated on the files of said court as No. 703, October Term 1917; nor shall it in any wise affect any of the rights of the litigants in those certain cases now pending in the Superior Court of the State of California, in and for the City and County of San Francisco, entitled, respectively, United Railroads of San Francisco, plaintiff, v. City and County of San Francisco, defendant, and known and designated as Nos. 65435 and 88921, respectively, upon the files and records of said Superior Court; nor shall the entering into of this agreement or the granting of any permits herein referred to or the failure of Railroads to object or to attempt to enjoin City in the operation of said cars as aforesaid be taken as a waiver of any of the rights or claims of Railroads in the premises, or operate as an estoppel against Railroads to assert its rights or claims in the premises should occasion hereafter so require or should any of the legal rights of Railroads be hereafter impinged upon by City; and the parties hereto hereby agree that they or either of them will not present or introduce in evidence this agreement in any suit or claim now pending or hereafter commenced or claimed concerning any of the rights, privileges, permits or issues involved in any of said cases or claims now pending or hereafter commenced or claimed by Railroads or City to enforce any of its said rights or claims, and this agreement shall not be taken, construed or claimed as an admission on part of City that it has not the legal right and authority without the consent of Railroads or the entering into of this agreement, to any or all of the rights, matters and privileges covered by this agreement and shall not operate as an estoppel against City hereafter asserting that it has the legal right and authority to any or all of the rights, matters and privileges covered by this agreement irrespective of this agreement.

It is the purpose and intent of this understanding between Railroads and City to reserve all of their rights and claims in the premises, including the rights of Railroads on the said outer tracks or around the said loop, after the changes in or widening of the throat of said loop have been made as in this agreement provided, and it is not the intention of the parties hereto that their action in entering into this agreement shall in any wise affect any

of their or either of their legal rights or claims should occasion, in the opinion of either of the parties hereto, hereafter arise to assert them.

In witness whereof, Railroads has, by proper resolution of its Board of Directors, caused its corporate name to be signed hereto by its president, and its corporate seal to be hereto attached, attested by its Secretary, and City has, by resolution of its Board of Supervisors, caused its corporate name to be signed hereto by its Mayor, and its seal to be hereto affixed, attested by the Clerk of said Board of Supervisors, the day and year first above written.

UNITED RAILROADS OF SAN FRANCISCO,

Endorsement of San Jose Round-Up.

Supervisor Gallagher presented:

Resolution No. 15779 (New Series), as follows:

Whereas, the California Round-Up Association is to hold at the City of San Jose, on July 4th, 5th, 6th and 7th, its annual round-up, the proceeds of which exhibition are to be placed in the hands of a committee of citizens, the members of which, among others, are Most Reverend Archbishop Hanna and our Mayor, Hon. James Rolph, Jr., to be devoted to such patriotic causes as in their judgment seems best; and

Whereas, it is our desire to co-operate with the California Round-Up Association in this commendable purpose; therefore, be it

Resolved, That this Board of Supervisors does hereby endorse the proposed round-up, and his Honor the Mayor is requested to appoint a committee of five members of the Board to attend the round-up and solicit the good will and support in this venture of the people of this City and County and State.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks,

Hynes, Kortick, Lahaney, McSheehy, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Increased Salary for Custom House Employees.

Supervisor Welch presented:

Resolution No. 15780 (New Series), as follows:

Whereas, many of the employees of the Customs service of the United States Government are receiving a wage of \$2.56 a day, which under present conditions is insufficient to maintain a proper standard of living, and

Whereas, such employees are endeavoring to secure such increase as will properly compensate them for their labor; therefore,

Resolved, That the Board of Supervisors of the City and County of San Francisco recognizes the justice of their claims and urges the proper governmental authorities to increase to a minimum of at least \$3 a day all of the said employees of the Customs department.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McSheehy, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Testimonial to James Woods, Police Commissioner.

The following resolution was presented by Supervisor Mulvihill and adopted by rising vote:

Resolution No. 15781 (New Series), as follows:

Whereas, our distinguished fellow citizen, the Hon. James Woods, has tendered his resignation as a member of the Police Commission and is soon to leave our city to accept a responsible and lucrative position in the East, and

Whereas, James Woods, as Police Commissioner and member of the staff of the United States Food Administrator, Herbert Hoover, without compensation, has performed his public duty ably, fearlessly and impartially, and in his capacity as a private citizen has endeared himself to the people of San Francisco by reason of his lovable and generous disposition and his readiness at all times to give of his time and money to every worthy public cause; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco expresses its sincere appreciation of the services he has rendered the city, its deep sorrow and regret at his departure, and congratulates the

community where he is hereafter to reside upon the acquisition of a most public-spirited, patriotic and worthy citizen; be it further

Resolved, That a copy of these resolutions be spread upon the minutes of the Board and an engrossed copy forwarded to the Hon. James Woods.

Ordering Electric Wiring in Registrar's Office.

Supervisor Brandon presented:

Bill No. 4979, Ordinance No. — (New Series), entitled, "Ordering the furnishing and installing of electric wiring and electric light fixtures in the offices of the Registrar, City Hall; authorizing and directing the Board of Public Works to enter into contract for same, and approving plans and specifications therefor."

Approval of Budget.

Supervisor Hayden requested that he be placed on record as being in favor of the budget as finally determined on by the Board of Supervisors. He explained that owing to his absence from the city at the last meeting he was unable to attend the meeting and cast his vote on the final passage of the ordinance.

Development of San Francisco Harbor.

Supervisor Wolfe called attention to the activities of the Chamber of Commerce and the State Board of Harbor Commissioners in the matter of the development of San Francisco harbor. He warned the members that unless San Francisco woke up, other cities around the bay would quickly outstrip her in commercial importance. "Oakland," he said, "has control of her own harbor, but San Francisco has not. Oakland is alive to her advantages and San Francisco is asleep. Millions of dollars are spent across the bay in harbor development, notwithstanding San Francisco's superior natural advantages."

He declared that the Chamber of Commerce and the State Harbor Commissioners were going ahead and the Board of Supervisors, representing the people of the city of San Francisco, are not conferred with or invited to participate.

Supervisor Wolfe thereupon moved that the Committee on Commercial Development be authorized to confer with the public bodies mentioned and ask that said committee be made a part of their councils in this matter.

Motion carried.

ADJOURNMENT.

There being no further business the Board at the hour of 5:45 p. m. adjourned.

J. S. DUNNIGAN,
Clerk.

Relative to Noe Valley Playground.

The following was presented, read and ordered spread in the Journal:

San Francisco, June 12, 1918.

To the Honorable Board of Supervisors, John S. Dunnigan, Chief Clerk.

Gentlemen: I have been instructed by our association to forward to you a copy of the following resolution passed at our last meeting:

Resolved, That the Noe Valley Promotion Association thank the members of the Board of Supervisors who voted for a playground for the Noe Valley District.

We told the majority of the *members* of the Board that if at this time no *money* was to be appropriated for playgrounds and other *unnecessary improvements* that we would only be too glad to *withdraw* our request, but seeing that *others* had made requests and that the Finance Committee saw fit to recommend \$120,000 for the improvement of the Civic Center, which, in our opinion, was unnecessary, we claim at this time that the recreation, or, in other words, "Breathing place," which we asked for in Noe Valley was more important to the life and limb of our children who will constitute at least *some* of the future *citizens* of this *nation* than any improvement that can be put in the Civic Center.

Yours truly,

Report of City Engineer on Transportation West of the Twin Peaks.

The following was presented by Supervisor Gallagher and ordered spread in the *Journal* and referred to *Public Utilities Committee*:

June 15, 1918.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

During the last three years much earnest thought and study have been given both by this office and by members of your Honorable Board to the solution of the transportation problem for the district west of Twin Peaks.

Ordinance No. 3757 (New Series), adopted by your Board and approved by the Mayor June 2, 1916, provided for the construction of an extension to the Municipal Railway system from the westerly portal of the Twin Peaks tunnel over Taraval street to the Ocean beach, in conjunction with the construction of the line through the Twin Peaks tunnel from Seventeenth and Castro streets to Junipero Serra and Sloat boulevards, which was also covered in the same ordinance.

The validity of that portion of the ordinance relative to the Taraval street construction was questioned and shortly prior to the completion of the tracks through the tunnel your Board adopted Ordinance No. 4227 (New Series), approved by the Mayor September 25, 1917, providing for the construction of a line from the south-westerly portal of the Twin Peaks tunnel over Ulloa street, Fifteenth avenue and Taraval street to Twentieth avenue.

Both the original ordinance and the later one contemplated the use of the United Railroads tracks on Taraval street. The track material for this

extension was ordered and has recently been delivered.

Service through the Twin Peaks tunnel was inaugurated in January, at which time a bus service was installed as an auxiliary to reach the districts not served by the cars, but which has contributed by assessments to the construction of the tunnel.

Up to this time no arrangements had been effected with the United Railroads either for the use or acquisition of the tracks on Taraval street, so, with the strong demand for an all-rail service to the Ocean avenue and Parkside districts, and acting under instructions from your Board, in January of this year negotiations were entered into with the United Railroads with the object of securing operating rights for the City's Municipal cars over certain of the United Railroads tracks in the district west of Twin Peaks and thereby giving immediate transportation to and from the Ingleside and Parkside Districts through the tunnel. These negotiations, as reported to your Board under date of January 4, 1918, brought forth a proposal from the United Railroads offering to grant to the City operating rights over the Ocean avenue and Taraval street tracks in exchange for operating rights for the United Railroads through the tunnel.

This proposition was rejected by your Board, because of objections made on the question of policy of permitting the United Railroads to use the Municipal Railway tracks and the tunnel.

Subsequently, again acting under instructions from your Public Utilities Committee, the question of purchase of the Parkside system was taken up with Mr. Lilienthal, but without result, as reported to your Board under date of March 4th, this year.

Following the United Railroads' refusal to sell the Parkside system, your Honorable Board adopted Ordinance No. 4539, approved by the Mayor on March 26th, ordering preparation of plans and specifications and estimates of cost for the construction of an extension to the Municipal Railway Tunnel Line from Sloat and Junipero Serra boulevards to Harold avenue and from the south-west portal of the Twin Peaks tunnel over Ulloa and Vicente streets to the Great Highway.

Studies have been made and preliminary plans and estimates of cost of these lines have been prepared. The cost of the extension to Ocean avenue and Brighton avenue is estimated at \$240,000, and of the extension to Vicente street and the Great Highway at \$302,000.

Shortly after your Board initiated

this legislation Mr. von Phul of the United Railroads intimated that that Company would be willing to allow the City the use of the Taraval street tracks under certain conditions hereafter set forth. Following upon this a communication was addressed to him with reference to the use of Ocean avenue tracks, with the result that it is possible to lay before your Board a proposition which will satisfactorily solve this transportation problem on the most economic basis to the City, and give almost immediate relief to the owners and residents of the West of Twin Peaks districts.

The details of the proposition are contained in the following letters exchanged in relation to these matters:

"May 22, 1918.

"Mr. William von Phul, Vice-President and General Manager, United Railroads of San Francisco.

"Dear Sir:

"On March 19th last, when you were in my office you intimated that the United Railroads would consider permitting the City to use the United Railroads tracks on Taraval street from Twentieth avenue to Thirty-third avenue for a proper consideration. Since then I have given the matter some consideration, and if your Company will submit to the Board of Supervisors an offer, based substantially on the terms outlined below, I will recommend the same to their favorable consideration.

"Suggested agreement between the United Railroads and the City for the use of the United Railroads tracks on Taraval street from Twentieth avenue to Thirty-third avenue:

"1st. The City shall have the right to connect with and operate over the existing tracks of the United Railroads on Taraval street from Twentieth avenue to Thirty-third avenue, and shall have the use of the poles and span wires for the purpose of supporting an independent trolley for the City's use.

"2nd. The United Railroads shall retain its operating rights over said tracks during the remainder of the life of the Parkside franchise.

"3rd. The City shall reconstruct and pave the existing tracks to grade and shall install an independent trolley, so that the sources of power may be kept separate.

"4th. After the tracks have been reconstructed, the maintenance charges shall be divided between the City and the United Railroads in proportion to the respective car mileage operated.

"Yours truly,

"(Signed) M. M. O'SHAUGHNESSY,
"City Engineer."

"May 22, 1918.

"Mr. William von Phul, Vice-President and General Manager, United Railroads of San Francisco.

"Dear Sir:

"Under a recent resolution of the Board of Supervisors I have been directed to prepare plans and specifications for the construction of an extension of the Municipal Railway system from Sloat and Junipero Serra boulevards to Harold avenue near Ocean avenue.

"Two routes are available—one, south along or adjacent to Junipero Serra boulevard to Ingleside Terraces, thence through that tract to the terminal; the other, from the present turning off at Ocean avenue and thence along that street to the terminal.

"The property owners adjacent to Ocean avenue have recently tendered to the City an 8-foot strip on each side of Ocean avenue, with the request that Ocean avenue be widened to 36 feet—an 80-foot roadway and 8-foot sidewalks. Should the City accept this offer, and it seems the more feasible of the two, it will mean four tracks on Ocean avenue.

"It seems to me that it would be to the mutual advantage of both the City and the United Railroads to avoid these four tracks if possible. I am, therefore, suggesting that you confer with your Board of Directors and determine whether, due to the war conditions at the present time, your Company will sell to the City a joint operating interest, for the remaining life of the franchise, in the tracks and overhead of the United Railroads between Sloat and Junipero Serra boulevards and Harold avenue for a definite sum, and the payment for the proportionate maintenance and power charges on a car mileage basis; with the further provision that should the City at any future date purchase the United Railroads property involved, the moneys paid for the operating right, less a pro rata charge of \$7,000 for each year that shall elapse between the date their agreement becomes effective and the date of purchase by the City, shall apply on the purchase price.

"Speaking in round numbers, I would suggest \$100,000 for the operating right and the sum of seven and one-half (7½) cents per car mile for maintenance and power, all expense for new connections to tracks to accommodate City cars, however, to be made by the City.

"In the construction of the Army street tracks for service to the Union Iron Works and the industrial district, and in other ways, your Company has evidenced a desire to meet the City half way in solving these

transportation problems, and I offer this for the consideration of yourself and your Board of Directors as a possible solution of the transportation problem in the district served, and I feel satisfied that the City authorities would approve of the same upon my recommendation.

"Very truly yours,
 "(Signed) M. M. O'SHAUGHNESSY,
 "City Engineer.

"United Railroad of San Francisco,
 58 Sutter street, San Francisco, Cal.
 "May 24, 1918.

"Mr. M. M. O'Shaughnessy, City Engineer, San Francisco, Cal.

"Dear Sir:

"I acknowledge your letters of May 22nd, in reference, first to permitting the City to use the tracks of this Company on Taraval street, from Twentieth avenue to Thirty-third avenue, and, second, to use the track of the Company on Ocean avenue between Sloat and Junipero Serra boulevards and Harold avenue.

"Both of these questions have been discussed informally by the Board of Directors of this Company, and while no definite action was taken, I can assure you that should the City submit a proposition to the Company, in accordance with the terms as set forth in your letters of the 22nd inst., the Board of Directors will be willing to approve an agreement giving the City the operating rights requested.

"Yours truly,

"(Signed) WM. VON PHUL,
 "Vice-President and General Manager."

These proposals offer the following advantages over the last adopted plan of constructing parallel tracks in this district:

1st. Service can be initiated along Ocean avenue within 45 days after the closing of the agreement, and to the Parkside District, as far as Thirty-third avenue, within 90 days after entering into the agreement.

This is in marked contrast, when compared with the two years which would be required to give this same service to either district under the parallel construction plan. The increase in time is due to the impossibility of securing early delivery of the necessary rail.

2nd. The initial cost in connection with the service along Ocean avenue under the present proposal would be: Payment to the United Railroads for operating interest, \$100,000; construction of connections and terminal tracks, \$52,700; total, \$152,700. Which amount, as compared with the cost of independent construction amounting to \$240,000, would effect a saving of \$87,300.

The initial expenditure necessary to establish service to Thirty-third ave-

nue and Taraval street, utilizing in both cases the materials already on hand, would, under the new proposal, amount to \$93,600, as against \$155,300 under the parallel construction on Vicente street, affecting a saving of \$61,700.

The total saving of initial expenditure for both extensions thus amounts to \$149,000. The undesirability of making any unnecessary expenditure for duplication of service in undeveloped districts, under existing war conditions, is apparent to the most superficial observer. The funds thus saved are available for necessary construction in other districts with dense population, where transportation facilities are more urgently needed. There is nothing, in my opinion, which would weaken our Municipal Railway system more than the expenditure of its funds in the unnecessary duplication of existing lines in a sparsely built-up district.

In conclusion, I recommend to your Honorable Board the acceptance of these several propositions and that the necessary legislation be instituted under the following procedure, which has the approval of the City Attorney:

1. Adoption of an ordinance authorizing the Mayor to enter into an agreement with the United Railroads under which the United Railroads shall grant to the City the right to connect with the tracks of the United Railroads on Taraval street at such points as the City may determine, and the unlimited use of said tracks between Twentieth and Thirty-third avenues, together with the use of the poles, span wires and trolley wire. The United Railroads shall furnish to the City at the trolley such electric current as the City may require for the proper operation of its cars over said tracks.

The City shall, at its own cost, reconstruct the existing tracks on Taraval street, between Twentieth avenue and Thirty-third avenue, to grade and shall pave the street between the tracks and between the rails and for a distance of two feet outside thereof.

The United Railroads shall retain its operating rights and interest in the track during the remainder of the life of the Parkside franchise.

The maintenance charges on the tracks, pavement and poles and span wires shall be borne jointly by the City and the United Railroads in proportion to the respective car mileage operated.

The City shall pay the United Railroads for all current furnished by said United Railroads for the operation of the Municipal cars over the said tracks at the rate of one and one quarter (1¼) cents per kilowatt hour.

2. Adoption of an ordinance, authorizing and directing the Board of

Public Works to prepare the necessary plans and specifications and enter into contracts for the reconstruction of the tracks on Taraval street, together with the pavement thereof, and the furnishing and installing of the overhead trolley and feeders.

Ordinance to be effective on the signing of the agreement relative to the use of said tracks.

(Note: Ordinance No. 4327, approved by the Mayor September 25, 1917, authorizing the purchase of materials and the construction of tracks from the southwest portal of the tunnel to Twentieth avenue and Taraval street, is still in effect. The materials are at hand and the work can be completed in ninety days.)

3. Adoption of an ordinance authorizing the Mayor to enter into an agreement with the United Railroads under which the United Railroads will grant to the City, during the remaining life of the franchises, the right to make all necessary connections, the unlimited use of the tracks from Sloat and Junipero Serra boulevards along Junipero Serra boulevard to Ocean avenue and Harold avenue, together with the right to use the trolley and power of the United Railroads.

The United Railroads shall maintain the tracks and overhead in first class operating condition at their own cost and expense.

The City will pay to the United Railroads the sum of \$100,000 upon the consummation of the agreement and shall thereafter pay to the United Railroads the sum of seven and one-half (7½) cents for each car mile operated by the Municipal cars over the said tracks during the remaining life of the franchise or such prior time as this agreement may otherwise become inoperative.

In the event that the City should acquire the United Railroads property involved by purchase, the \$100,000 paid for the operating right shall apply on the purchase price less \$7,000 for each year that shall have elapsed from the date of this agreement to the date of purchase.

4. Adoption of an ordinance authorizing the Board of Public Works to prepare plans and specifications and enter into contracts for the construction of the necessary connections between the present terminal of the Twin Peaks tunnel line of the Municipal Railway near the junction of Sloat and Junipero Serra boulevards and the tracks of the United Railroads at that point, and for the construction of tracks and overhead on Brighton avenue connecting with the United Railroads tracks on Ocean avenue and extending to a terminal at Grafton avenue.

Ordinance to be effective on signing of agreement for use of United Railroads tracks on Ocean avenue.

5. Repeal Ordinance No. 4539 ordering the preparation of plans and specifications and estimates of cost for the construction of an extension of the Municipal Railway system from Sloat and Junipero Serra boulevards to Harold avenue, and from the southwesterly portal of the Twin Peaks tunnel to the Great Highway via Vicente street.

Respectfully,
M. M. O'SHAUGHNESSY,
City Engineer.

Ordinance No. — (New Series), Providing for investigations as to the improvement and extension of the Municipal Railway system; making an appropriation for that purpose; and repealing Ordinance No. 4538 (New Series).

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whereas, the City and County of San Francisco is the owner of a public utility, viz.: a Municipal Street Railway System, and is now operating the same over and along certain streets in the City and County of San Francisco;

And whereas, the revenue of said public utility will be increased and said street railway system will be improved by the extension thereof over other streets in said City and County;

And whereas, the United Railroads of San Francisco is the owner of another street railway system which it is now operating on streets in said City and County not occupied by the said Municipal Railway System;

And whereas, the acquisition by the City and County of San Francisco of the whole or a portion of said street railway system now owned by the United Railroads of San Francisco would constitute a valuable extension and improvement of the said existing Municipal Railway System; and it is therefore for the best interests of said City and County of San Francisco and its said Municipal Railway System that a thorough investigation be made by said City and County of the value of the said system of street railways owned and operated by said United Railroads of San Francisco; in order that it may be determined what portion, if any, of said system of street railways should be purchased by this City and County as an extension and improvement of its existing street railway system, and that the value thereof may also be determined.

Therefore the Board of Public Works is hereby authorized, empow-

ered and directed to cause to be made a thorough investigation of the condition and availability and appraisal of the value of the said street railway system owned by the said United Railroads of San Francisco for the purpose of ascertaining and determining what, if any, portion of said system of street railways should be purchased by the City and County of San Francisco as an addition and improvement to its existing system of street railways; and for the further purpose of determining the value of the portion of said street railways that it may be advisable to purchase. Said Board of Public Works is further authorized, empowered and directed to employ such expert and other assistance as it may need in making such investigation and appraisal, and to report its conclusions to this Board of Supervisors.

Section 2. The sum of fifteen thousand dollars (\$15,000) is hereby appropriated from the funds of the Municipal Railway System for the purpose of defraying the cost of the investigation, appraisal and report hereinabove in Section One (1) provided for.

Section 3. That certain ordinance passed by this Board of Supervisors of the City and County of San Francisco, on March 25, 1918, and approved on the same date, and entitled, "Ordinance No. 4538 (New Series), declaring that the public interest demands the acquisition of the street railways operated by the United Railroads of San Francisco, and prescribing the methods of ascertaining the value thereof and directing the Board of Public Works to make such valuation" is hereby repealed.

Mayor's Veto of Budget Items.

The following was presented, read, ordered *spread in the Journal and Municipal Record and laid over for consideration until Friday at 11 a. m.*

San Francisco, Cal., June 14, 1918.
To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

I return to you, approved, with certain amendments, by reductions, Bill No. 4964, Ordinance No. 4610 (New Series), finally passed by your Honorable Board on June 3rd, 1918, and handed to me on June 4th, 1918, representing the budget for the fiscal year 1918-1919.

I base my authority in making said amendments by reduction, on the following provisions of our Charter:

"Supervisors to Make Annual Budget.

Section 3 of Article 3—"The Supervisors shall meet annually between the first Monday of May and the first Monday of June, and by a vote of a

majority of all the members thereof make a budget of the amounts estimated to be required to pay the expenses of conducting the public business of the City and County for the next ensuing fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office, board or commission, as the Supervisors shall deem advisable.

"Before finally determining upon the budget, the Supervisors shall fix such sufficient time or times as may be necessary to allow the taxpayers to be heard in regard thereto, and the Supervisors shall attend at the time or times so appointed for such hearing."

Section 4 of Article 3—"Mayor May Veto Items.

"Any item in said budget may, within ten days, be vetoed in whole or in part by the Mayor, and it shall require fifteen votes of the Supervisors to overcome such veto. Action thereon must be taken before the last Monday of June."

I respectfully give you my reasons for making said eliminations and reductions.

Item No. 22, "Assistant Horticultural Inspector, \$1,500.00," is entirely eliminated. My reason for this is that I feel that in San Francisco, which is a City and not a farming community, the work of horticultural inspection can easily be handled by one Horticultural Inspector, for which provision is made in the budget.

Item No. 39, "Lighting Streets, \$482,000.00," I have cut from \$482,000.00 to \$450,000.00. Many cities of the country have been urged by the Federal Government to reduce the lighting of streets, particularly those cities which are on the sea-coast. Moreover, the daylight saving rule has brought about a reduction of lighting expenses in the homes of the land and should in like proportion reduce expense of public lighting. It is my opinion that this \$32,000.00 may be saved without making any appreciable difference in our lighting service.

Item No. 56, "Extension of Main Sewers, Great Highway, Guttenberg street, and Stanley street lateral, \$20,000.00," I have cut from \$20,000.00 to \$10,000.00. This is a matter of war-time economy, and not all of these projects had even the recommendation of the City Engineer when they were included in the budget.

Item No. 61, "For Purchase of Additional Subsistence for Public Institutions, \$35,000.00," I have eliminated entirely. This item was included in the budget to take care of possible further raises in price of food and other commodities used in such insti-

tutions as the San Francisco Hospital, the Relief Home and the jails. The Finance Committee has assured me that, if any further increases in food prices take place, notwithstanding the constant effort of the United States Food Administration to reduce them, they will be taken care of, if necessary, out of the \$100,000.00 urgent necessities' fund of the Board of Supervisors, which I have allowed to remain intact.

Item No. 319, "Personal Service, \$153,736.00," under the Central Office, Department of Public Health, I have cut from \$153,736.00 to \$138,736.00, a reduction of \$15,000.00. Numerous taxpayers have complained, from time to time, that this office is top-heavy, and I am making the reduction, after investigation, and am leaving to the Board of Health the task of taking care of it by economy.

Item No. 322, "Special Sanitation, \$7,645.00," I have eliminated altogether. This item is for the force known as "Dr. Blue's Ratcatchers." I can hardly see the present necessity for this force, which has existed virtually ever since the 1906 fire, nor do I consider that the City of San Francisco will be worse off for this saving.

The Finance Committee and the board of Supervisors are to be complimented on the courage and intelligence with which they have prepared his budget, and which, as I have amended it, represents the finances of the City on a basis of war economy.

From year to year, as the tax rate increases, there is much uninformed and unintelligent criticism of the budget prepared by the Board of Supervisors.

The tax rate for the coming fiscal year, based on this amended budget, will probably be \$2.46 on each \$100.00 of the assessed valuation of taxable property.

The tax rate for the preceding year was \$2.29.

Apparently, therefore, there is an increase of 17 cents.

This budget, however, despite the actual increase in the tax rate, represents a very large decrease in the operating expenses of the Municipal Government.

Positions have been abolished, salaries reduced and expenses eliminated, in nearly every office and department.

Notwithstanding a popular impression to the contrary, most of the municipal offices are undermanned, and the salaries paid are not out of proportion to salaries paid for similar work by private employers.

Few people seem to understand that much of the tax rate represents expenses incurred, not by the Municipal Government, but by the public through

its vote at elections, or imposed on San Francisco by act of the Legislature.

The following computations are based on figures supplied to me by Assessor John Ginty, an increase of approximately \$55,000.00 in the budget representing an addition of 1 cent to the tax rate.

In 1911-1912, the first fiscal year of my administration, the total amount required to be provided in the budget for bond redemption and interest was \$1,533,950.00. In the current year it is necessary to provide, for bond interest and redemption, the sum of \$3,289,652.00.

That increase of \$1,755,702.00, all incurred by vote of the people, alone means a raise of 32 cents in the tax rate. I rejoice that the people were wise enough to authorize the issuance of those bonds, but if the burden of paying taxes to meet the bond obligations is onerous, at least no one is justified in criticizing the municipal administration for that increase in the tax rate.

During the same period, since I took office as Mayor, the State of California has withdrawn from City taxation property which, if its assessed valuation could now be added to the roll and were available for City taxation, would take care of 98 cents of the present rate. Of course, the deduction of that property from the City assessment roll is compensated in a measure by the fact that the taxpayers of San Francisco do not directly pay State taxes, as formerly they did; but I am advised that the change in the system of taxation has operated to increase the tax burden of large cities like San Francisco. Assessor Ginty tells me that by the amendment of the State Constitution of November 5th, 1914, which exempted shipping from taxation, a loss of about \$7,000,000.00 was effected in the assessment roll.

By amendments to the Charter, adopted by the vote of the people since 1902, additional expenses have been incurred which add 16 cents to the tax rate, and in this computation I do not include constructive work such as the Civic Center, the Exposition or the Municipal Railway. The 16 cents is made up mainly of salary increases approved of by the vote of the people, in the wisdom of which, by the way, I concur.

Legislation enacted at Sacramento since I took office—such as made provision for the Widows' Pension, for the Juvenile Court, the increase in the number of salaries of the Superior Court Judges and their clerks, for the Sealer of Weights and Measures and for his office force, and for the common school fund to take care

of night schools—represent an aggregate annual total of \$582,392.00 in the assessment roll or an increase of 10 cents in the tax rate.

To recapitulate, the tax rate has been increased by agencies over which the Municipal Administration has no control, as follows:

Recapitulation.

Raise by bond interest and redemption	32 cents
Raise by withdrawal of property by State	98 cents
Raise by Charter amendments.	16 cents
Raise by State legislation.....	10 cents

Total of unavoidable raises \$1.56

As the total municipal tax rate this year will be \$2.46, it is obvious that after deducting the \$1.56 imposed by other authorities, the tax rate for which the municipal administration is responsible is 90 cents. To this, under the old system of taxation, it would be necessary to add the State tax rate to make the comparison perfectly fair. What that tax rate would be now, it is impossible to compute, but, in all likelihood, it would not exceed a few cents.

The necessity of providing money for these outlays, imposed upon the Municipal Administration by other authorities such as the people or the Legislature, has required the Municipal Government, not only this year but in other years, to order its own expenses on a plane of very strict economy.

That part of the tax rate for which the Municipal Administration is responsible would be still lower were it not for extraordinary war conditions. The diminution in the revenue for saloon licenses makes it necessary to provide an equal amount of money by taxation and that necessity is represented by about 8 cents and possibly 10 cents of the tax rate. The completion of the Civic Center, which is necessary, represents $1\frac{1}{4}$ cents in the tax rate. This year's payment on account of the Twin Peaks Tunnel Assessment deficit represents $1\frac{3}{4}$ cents. The increase for the provision of the public schools, which is absolutely necessary because of our inability to secure government permission to sell school bonds this year, represents $1\frac{3}{4}$ cents in the tax rate. The provision for the Tuberculosis Hospital represents 1 cent of the tax rate. The provision for Ward "L" of the San Francisco Hospital, which the United States Government urgently demands, represents 1 cent. The increase in the cost of supplies for public institutions and departments, an increase which the administration cannot control, represents 5 cents in the tax rate.

This information ought to be given

to the taxpayers in justice to the Board of Supervisors and the Municipal Administration.

Respectfully submitted,

JAMES ROLPH, JR.,

Mayor City and County of San Francisco.

City Engineer's Report on Estimate of Cost of Municipal Railway Extension.

The following was presented, read ordered referred to the Public Utilities Committee and spread in the Journal:

To the Honorable Public Utilities Committee of the Board of Supervisors, San Francisco.

Gentlemen:

The resolution of Supervisor Lahaney, requesting an appropriation of \$250,000 for the purpose of constructing an extension of the Municipal Railway from Church street along Army street, connecting with the Municipal Railway at Potrero avenue thence along San Bruno avenue to Oakdale avenue, thence along Oakdale avenue and Railroad avenue and over convenient street or streets to Hunters Point, was referred to your Committee and to the Finance Committee.

Your Committee requested that this office make an estimate of cost of an extension along the lines suggested and in accordance with your request I submit the following report:

The tentative route selected for estimating purposes is as follows: Church street, over Army street to Potrero avenue, from Potrero avenue and Army street over San Bruno avenue to Oakdale avenue, to Railroad avenue, to Revere street, and over Revere street to Griffith street, to Oakdale avenue, to Fitch street, diagonally to Earl and McKinnon street to Donahue street, to Galvez street over Hunters Point boulevard to A word street, a total length of 4 miles.

The portion of the route from Potrero avenue and Army street to Revere and Hawes street covers identically an extension suggested by Supervisor Nelson, an estimate of cost of which was also requested by your Committee at an earlier date. In order that the information sought by your Committee under these separate resolutions may be before you I have divided the general extension from Church street to Hunters Point into three sections:

Section "A" from Church street to Potrero avenue.

Section "B" from Potrero avenue to Revere and Hawes streets.

Section "C" from that point to A word street and Fairfax avenue.

Following is the estimated cost of each of the several sections:

Section "A", 6,300 feet, contemplated

the use of United Railroads double track from Bryant street to Potrero avenue, United Railroads single track from Folsom street to Bryant street, which latter must be reconstructed 3 feet 2 inches north of its present position.

Track materials	\$ 73,112
Construction double track...	23,088
Construction single track.....	4,337
Reconstruction single track...	3,475
Installing special work.....	7,000
Pavement	37,760
Electrical work	15,600
Engineering and incidentals..	16,437
One-half interest in United Railroads tracks	17,450

Total, Section "A".....\$198,259

Section "B", 11,859 feet, contemplates the use of the United Railroads track on San Bruno avenue from Army street to Oakdale avenue and on Railroad avenue from Oakdale avenue to Revere street.

Materials	\$ 79,960
Track construction	51,800
Special work	5,400
Pavement	44,325
Electrical work	20,800
Engineering and incidentals..	20,218
One-half interest in United Railroads track.....	35,590

San Francisco, June 17, 1918.

Board of Supervisors.

Gentlemen: Your Public Welfare and Publicity Committee begs leave to report that Elliot M. Epstein, representing the Down Town Association, and William R. Davis of the Mission Merchants' Association, appeared before the Committee at its meeting last Friday, together with several other retail merchants, and stated that the objectionable signs advertising fake sales, which the Board of

Supervisors some time ago, upon recommendation of the Public Welfare Committee, ordered the Board of Public Works and Police Department to remove, had been taken down and that they desired to express their thanks and appreciation of the splendid co-operation that they have received from the Bureau of Weights and Measures and John P. Horgan, Chief Building Inspector.

Mr. Epstein and Chief Deputy M. J. Welch, of the Bureau of Weights and Measures, informed the Committee that the city was now freer from these objectionable signs than it has been in a great many years.

Chief Building Inspector Horgan stated that he would gladly co-operate with the Bureau of Weights and Measures and that before his department would issue a permit for the erection of any cloth sign advertising the sale of merchandise that he would submit the printed matter for said sign to the Bureau of Weights and Measures for its approval.

Respectfully submitted,

JOS. MULVIHILL,

Report of Special Committee on Garbage Disposal.

San Francisco, June 10, 1918.

To the Honorable the Board of Supervisors—

Gentlemen: Your Special Committee delegated by you to the investigation of and recommendation upon the subject of garbage disposal begs leave to submit the following progressive report:

Your Committee has held many meetings on this subject, and has heard the opinions and protests of the representatives of Restaurant Men's Assn., Apartment House Owners' Assn., Civic League of Improvement Clubs, Building Owners' and Managers' Assn., Scavengers' Union, attorneys and other representing interests desiring to bid upon and receive the contract for disposal of the city's garbage. In addition, all of the members of this Committee have made an investigation of the system of collection and disposal now prevailing in the City of Los Angeles, as well as that obtaining in other cities.

On March 28, 1918, we reported, and you adopted the following:

"Acting on the recommendation of Dr. Hassler and E. P. Jones, who were appointed at the preceding meeting to report on all disposal propositions submitted to this Board prior to January 1, 1918, it was unanimously

agreed that there would be no further consideration of these proposals. None of these proposals were prepared with a view to conservation, and inasmuch as conservation along all lines is one of the greatest necessities of the present time, the propositions submitted previous to this year failing to meet the changed conditions."

Your Committee attached itself to the problem with an idea of obtaining the highest possible modern method of disposal, and considered carefully the element of possible revenue to the city. In addition, we have considered the subject of segregation of garbage, and the municipalization of both the collection and disposal of garbage and rubbish. We are advised by governmental experts and agents that it is of the utmost importance at this time, and will be for some years to come, that all cities of over 100,000 inhabitants obtain from garbage, by reduction or other process, all the food values that remain. Your Committee gladly acquiesces in this highly patriotic idea, and has practically determined on a policy of conservation.

On the question of whether it is better to reduce the garbage, and by reduction obtain from it the soap fats, glycerine, alcohol and tankage, or whether it is better to feed the hogs the so-called wet garbage for the raising of pork, is an undetermined question either by your committee or by the government experts on the subject.

Incineration: It is practically conceded that so far as general refuse is concerned, incineration of all except the combustible rubbish has now become an antiquated method. At least it is conceded that to destroy possible food values by burning is an unwarranted waste, and therefore your committee has, so far as wet garbage is concerned, discarded any thought of incineration of same.

Dumping the Garbage: In the same manner and for the same reason, your Committee has, so far as wet garbage is concerned, discarded any idea of permitting, or recommending that it be permitted, the dumping of this valuable by-product in the ground, with the feeling that that also would be waste, but with the further idea that non-combustible rubbish and ashes could be used for that purpose.

Segregation: Your Committee has decided upon and recommends to your Honorable Board in favor of a policy of segregation of refuse at the household. This can be accomplished without any additional cost to the household, and after separation there will be, according to the reports in our hands, approximately 150 tons of wet

garbage for utilization for future food products. The containers which are now used by the average householder for garbage may be retained for wet garbage, and the householder can be permitted to use whatever receptacle to them seems best for depositing the dry rubbish or refuse.

Collection and Scavengers: Your Committee has given serious consideration to the subject of municipal collection of garbage and is in favor of same, but deems that this is an inadvisable time in which to embark in that enterprise, as well as we deem it inadvisable at this time to recommend municipal disposal of garbage and rubbish. We have, however, given consideration to the use of the incinerator recently built for the city and located in Islais Creek, and we are disposed to feel that the way has been pointed out to the scavengers whereby the cost of collection of garbage and rubbish can be cheapened, and that they might profitably use the Islais Creek Incinerator for combustible rubbish, and at a profit to the city. In regard to the present incinerator at Rhode Island and De Haro streets, operated by the Sanitary Reduction Works, your Committee is of the opinion, except for some proposition which may change our views, that that plant is a thing of the past, a nuisance, and that its abolition would be a highly desirable proposition.

Restaurants and Hotels: Your Committee has deemed it advisable in the recommendations herewith made, and which hereafter follow, to exclude the garbage from the restaurants and hotels from the provisions of a proposition for bids, and for this reason: The down-town restaurants and hotels now obtain a revenue from this source; it is estimated that they receive approximately \$5.00 a ton for 100 tons of garbage a day. The garbage of these places is segregated in the highest possible degree, and is now being used for feeding hogs. The elimination of hotels and restaurants from the provisions of a proposal for bids will permit them to continue their present method of segregation and disposal, and will not violate the contract which they now have running over a period of from six months to two years covering same.

Time of Contract: Your Committee is of the opinion that any contract for the disposal of garbage, in view of the extraordinary conditions surrounding the nation at this time, covering a period of more than ten years would be a mistake, but believes that a ten-year period would be a very safe period on which a contract might be let.

Propositions Involving Building Plants That Will Become City Property: Your Committee has given much consideration to proposals involving a contract calling for the building of plants to be used by the contractors in the disposal of garbage for a period of time and then becoming the property of the city at the expiration of said contracts. It must be obvious to you that, while these propositions are alluring on their face, acceptance of same would be a mistake, for the reason that the contractor during the period of his contract would obtain all the profits out of the reduction or other method of disposal of garbage and rubbish, and the city would obtain at the end of the period a plant probably obsolete, but at least depreciated to a very considerable extent. It has occurred to your Committee and must occur to you that if contractors can bid for garbage disposal based upon making, cut of investments running all the way from half a million to a million dollars, that profit, by the time their contract expires, it would be good financial policy for the city to make this profit during that period, and avoid the necessity of taking over a probably obsolete or depreciated plant at the end of the contract period.

Until such time as the bids are before us, your Committee, of course, cannot recommend definitely what propositions may be accepted. We have before us, however, in tentative form, the following propositions: From—

Cobwell Corporation, agreeing to build necessary plants for disposing of city's waste and agreeing to turn said plants over to the city at the end of 20 years. It was estimated by the representatives of the Cobwell people that said plant would cost in the neighborhood of \$750,000.

In this connection your Committee desires to say that, in addition to Dr. Hassler and Mr. Jones, Supervisors Wolfe, Mulvihill and Gallagher took advantage of their attendance at the Supervisors Convention at Los Angeles, to make a thorough inspection of the Cobwell plant and system. It is only fair to say in this connection that the almost complete absence of odor and nuisances attached to this plant was remarkable. The Cobwell system consists of a secret reduction process, by which all of the values are obtained from the garbage and rubbish. This system, so we are informed, is the last word in reduction process, and we found the plant up to date, almost odorless, and in splendid running order.

D. O. Lively, submitting tentative proposal to dispose of garbage with-

out cost to scavengers, pay the city in addition for the privilege of disposal and purchase, the Islais Creek Incinerator for \$195,000.

William H. Williams, Jr., offering to dispose of all garbage and street sweepings if he were paid \$10,000.00 a month and allowed to operate the plant owned by the city.

Your Committee has had the benefit of a special report from a subcommittee, consisting of Dr. Wm. C. Hassler and E. P. Jones of the City Engineer's office, and have to some extent been guided by the recommendations contained in their report.

Recommendations: As noted above, we have recommended that the Board decide in favor of a policy of segregation of garbage. Having so decided in the matter of policy, your committee will then have prepared for submission to the Board, ordinances for your approval, carrying out the details of said policy.

It is further recommended, that the Clerk be directed to advertise proposals for bids for disposing of the garbage of the City and County of San Francisco, excluding, as above noted, hotels and restaurants.

Respectfully submitted,

ANDREW J. GALLAGHER,

E. P. JONES,

Asst. City Engineer,

EDWARD I. WOLFE,

JOSEPH MULVIHILL,

WM. C. HASSLER,

Health Officer,

Special Committee on Garbage Disposal.

Note:

As a member of the Special Garbage Committee I concur in all of the recommendations of the Committee, with the following exceptions:

Under paragraph *Restaurants and Hotels*, page 3: I do not concur in the recommendation that the garbage of the hotels and restaurants be eliminated, as this deprives the City of a revenue that would amount to over \$100,000.00 per annum.

Recommendation, page 5: Under this paragraph I do not concur with the Committee in excluding hotels and restaurants in the calling for proposals for the disposal of garbage, and recommend that proposals be called for disposal of *all of the garbage of the city*.

JOSEPH MULVIHILL,
Supervisor.

Motions.

Supervisor Gallagher moved the adoption of the majority report.

Supervisor Mulvihill moved as an amendment that the minority report be substituted for the majority.

Privilege of the Floor.

Mr. Taylor, representing the Apart-

ment House Association, being granted the privilege of the floor, declared that he had no information or notice that the report was to be acted upon today.

Motion to Postpone.

Whereupon, *Supervisor Hayden* moved as a substitute that the entire subject-matter be laid over and made a Special Order for Friday evening at 8 p. m., and that everyone interested be notified.

Motion carried.

Supervisor Schmitz requested that Committee designate or define what is meant by garbage.

Motion.

Supervisor Power moved that City Attorney advise whether or not we can legally enact legislation and enter into contract for the collection of garbage from householders and others, but exclude from the requirements certain other classes of citizens.

Motion carried.

UNFINISHED BUSINESS.

School Bonds Placed on Sale With Treasurer.

Bill No. 4973, Ordinance No. 4619, (New Series), as follows:

Reciting that certain School Bonds remain unsold after having been advertised for sale, and directing that such unsold bonds be placed on sale at the office of the Treasurer of the City and County of San Francisco, and fixing the price at which such bonds may be sold by the said Treasurer of the City and County.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that the Board of Supervisors on the 13th day of May, 1918, did adopt a resolution, by which resolution the Clerk of said Board was directed to give notice by advertisement as required by the Charter of said City and County, that on the 10th day of June, 1918, said Board would receive and consider bids for the purchase of School Bonds, issue of 1918, to the amount of \$435,000.00 and maturing \$17,000 on March 1, 1923, and \$22,000 each year thereafter from 1924 until 1942. The bonds are of \$1,000 denomination and bear interest at the rate of 4½ per centum per annum, payable semi-annually March 1 and September 1.

That in compliance with said resolution said Clerk did cause to be published in the official newspaper for a period of ten days prior to said 10th day of June, 1918, an advertisement and notice of sale of said described bonds, and that all of the requirements of the Charter of the City and County in respect thereto were fully complied with.

That no bid was received for the purchase of said bonds so advertised for sale as aforesaid, or any portion thereof, and that the whole amount

thereof remained unbid for and unsold.

Section 2. As provided in Section 10 of Article XII of the Charter of the City and County of San Francisco, it is hereby ordered that all of the bonds advertised for sale and remaining unsold, to-wit: School Bonds to the amount of \$435,000 maturing \$17,000 March 1, 1923, and \$22,000 maturing each year thereafter from 1924 until 1942, be placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and the said Treasurer is hereby authorized to sell said described bonds to any person desiring to purchase the same. That the price at which said bonds may be sold is the par or face value thereof, together with any and all interest that may have accrued thereon at the time of the delivery of the same to the purchaser.

Section 3. This ordinance shall take effect immediately.

Extensions of Time.

Supervisor Brandon presented:

Resolution No. 15799 (New Series), as follows:

Resolved, That the following extensions of time are granted to contractors for the completion of their contracts on the southeast wing of the San Francisco Hospital.

These *first* extensions of time are granted upon the recommendation of the Board of Public Works, for the reason that the general construction of the building is not sufficiently advanced to permit the installation of the work incorporated in their contracts:

Berger Manufacturing Company, 60 days from April 22, 1918, to furnish and install steel lockers.

D. N. & E. Walter, 60 days from April 16, 1918, to furnish and install linoleum.

W. & J. Sloane, 60 days from April 29, 1918, to furnish and install window shades.

Mangrum & Otter, 60 days from April 13, 1918, to furnish and install kitchen equipment.

Advertising fee remitted in each instance.

Ordering Street Work.

On motion of Supervisor Welch:

Bill No. 4983, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors June 5, 1918, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

The improvement of *Wolfe street between Franconia street and Isabel street, including the intersection and that portion opposite the intersection of Wolfe street and Isabel street*, by the construction of an 8-inch vitrified, salt-glazed ironstone pipe sewer along the center line of Isabel street between the center line of Wolfe street and a line at right angles to the southerly line of Isabel street; by the construction of two brick catch-basins with cast iron frames, gratings and traps and 10-inch vitrified, salt-glazed, ironstone pipe culverts on the intersection of Wolfe street and Franconia street; by the construction of concrete curbs where not already constructed; by the construction of artificial stone sidewalks of the full official width where not already constructed and by the construction of an asphalt pavement consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface on the roadway where not already constructed.

The improvement of *Brazil avenue between Athens street and Moscow street* by the construction of granite curbs and by the construction of an asphalt pavement consisting of a 6-inch concrete foundation and a 2-inch asphaltic wearing surface on the road-

way thereof where they are not already constructed.

The improvement of *Hawes street between Ingerson avenue and Jamestown avenue* by the construction of an 8-inch vitrified, salt-glazed, ironstone pipe sewer with 11 Y branches and two brick manholes with cast iron frames and covers and galvanized wrought iron steps along the center line of Hawes street from a point 20 feet northerly from the northerly line of Jamestown avenue to the southerly line of Ingerson avenue.

Also, Bill No. 4984, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors November 12, 1917, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

The improvement of the *southerly one-half of Balboa street between lines parallel with and respectively 57.5 feet and 82.5 feet westerly from the westerly line of Twenty-second avenue* by the construction of concrete curbs; by the construction of a seven (7) foot strip of basalt block pavement, with a gravel filler, on a concrete foundation adjacent to the center line of Balboa street and by the construction of an asphalt pavement, consisting of a six (6) inch concrete foundation and a 2-inch asphaltic wearing surface, on the remainder of the roadway thereof; the improvement of the southerly one-half of Balboa street between the easterly line of Twenty-third avenue and a line parallel therewith and 82.5 feet easterly therefrom, by the construction of concrete curbs and by the construction of a two (2) inch asphaltic wearing surface on the roadway where a basalt block pavement has not already been constructed, and the improvement of Balboa street between Twenty-second and Twenty-

third avenues by the construction of artificial stone sidewalks six (6) feet in width in the middle of the sidewalk areas.

The improvement of the *easterly one-half of Twenty-third avenue between the southerly line of Balboa street and a line parallel therewith and 50 feet southerly therefrom*, by grading to official line and grade and by the construction of concrete curbs and of an asphalt pavement consisting of a six (6) inch concrete foundation and a two (2) inch asphaltic wearing surface on the roadway thereof; the improvement of the easterly one-half of Twenty-third avenue between lines parallel with and respectively 175 and 225 feet northerly from the northerly line of Cabrillo street; by the construction of concrete curbs and of an asphalt pavement consisting of a six (6) inch concrete foundation and a two (2) inch asphaltic wearing surface on the roadway thereof; and the improvement of the easterly side of Twenty-third avenue between Balboa and Cabrillo streets by the construction of artificial stone sidewalks six (6) feet in width located with the outer edge three (3) feet from the curb line, where artificial stone sidewalks at least six (6) feet in width have not already been constructed.

Extensions of Time.

Supervisor Welch presented:

Resolution No. 15801 (New Series), as follows:

Resolved, That O. G. Ritchie is hereby granted an extension of thirty days' time from June 19, 1918, within which to complete contract for the improvement of Liberty and Sanchez streets.

This *first* extension of time is granted for the reason that this work has not been pressed in order that the contractor might rush the paving along the Market street line of the Municipal Railway from Gery street to Van Ness avenue.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—16.

Absent—Supervisors Brandon, Wolfe—2.

Also, Resolution No. 15802 (New Series), as follows:

Resolved, That J. F. Lorenz is hereby granted an extension of 15 days from June 18, 1918, within which to complete contract for the construction of sewers and appurtenances in Phelps street between Williams and Donner avenues, and in Williams avenue between Phelps and Apollo streets under public contract.

This *first* extension of time is granted for the reason that the work will probably be completed, except a part of the backfill, before contract expires.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—16.

Absent—Supervisors Brandon, Wolfe—2.

Resolution No. 15803 (New Series), as follows:

Resolution of Intention to open, extend and widen portions of Evans avenue, Tulare street, Missouri street, Napoleon street and Army street.

Resolved, That the public interest and convenience requires that Evans avenue, Tulare street, Missouri street, and Napoleon street be produced and extended, and that Army street be widened, according to the specific descriptions hereinafter set forth; and,

It is the intention of the Board of Supervisors of the City and County of San Francisco to order the opening, extending and widening of said streets, or portions of said streets, as part of a general plan.

Evans Avenue.

That the proposed extension of Evans avenue, and the lands deemed necessary to be taken for such proposed extension, are situated in the City and County of San Francisco, State of California, and are particularly described as follows, to-wit:

Parcel No. 1.

Beginning at a point on the westerly line of Arkansas street if extended and produced southerly 75 feet southerly from the northerly line of Army street and running thence westerly along a line parallel with and 75 feet southerly from the northerly line of Army street 3.369 feet; thence deflecting to the left 106 deg. 20 min. 39 sec., 739.286 feet to the northeasterly line of Evans avenue; thence southeasterly along the northeasterly line of Evans avenue on a curve to the left of 666 foot radius, tangent to a line deflected 28 deg. 16 min. 01 sec. to the left from the preceding course central angle 5 deg. 31 min. 20 sec., a distance of 64.190 feet; thence continuing southeasterly along the northeasterly line of Evans avenue, tangent to the preceding curve 36.636 feet to the westerly line of Connecticut street; thence deflecting 129 deg. 52 min. to the left and running northerly along the westerly line of Connecticut street 94.349 feet; thence deflecting 16 deg. 20 min. 39 sec. to the left and running northerly 710.721 feet to the easterly line of Arkansas street extended and pro-

duced southerly; thence deflecting to the left 73 deg. 39 min. 21 sec. and running westerly along a line parallel with and 75 feet southerly from the northerly line of Army street 80 feet to the point of beginning.

Parcel No. 2.

Beginning at a point on the southwesterly line of Evans avenue, if extended and produced northwesterly, distant thereon 126.689 feet northwesterly from the southeasterly line of Toland street, if extended and produced northeasterly, and running thence northwesterly along the southwesterly line of Evans avenue produced 6.587 feet; thence deflecting 146 deg. 12 min. 39 sec. to the left and running southerly 4.400 feet; thence deflecting 73 deg. 39 min. 21 sec. to the left and running easterly 3.817 feet to the point of beginning.

Tulare Street.

That the proposed extension of Tulare street, and the lands deemed necessary to be taken for such proposed extension are situated in the City and County of San Francisco, State of California, and particularly described as follows, to-wit:

Parcel No. 1.

Beginning at a point on the westerly line of Connecticut street, distant thereon 500 feet southerly from the northerly line of Army street and running thence southerly along the westerly line of Connecticut street 70 feet; thence at right angles westerly 54.839 feet; thence deflecting 73 deg. 39 min. 21 sec. to the right and running northerly 72.948 feet; thence deflecting 106 deg. 20 min. 39 sec. to the right and running easterly 75.367 feet to the point of beginning.

Parcel No. 2.

Beginning at a point on the easterly line of Connecticut street, distant thereon 500 feet southerly from the northerly line of Army street, and running thence southerly along the easterly line of Connecticut street 70 feet; thence at right angles easterly 538.665 feet; thence deflecting 136 deg. 10 min. 46 sec. to the left and running northwesterly 81.308 feet to the westerly line of Texas street; thence deflecting 46 deg. 10 min. 46 sec. to the right and running northerly along the westerly line of Texas street 13.702 feet; thence at right angles westerly 480 feet to the point of beginning.

Missouri Street.

That the proposed extension of Missouri street and the lands deemed necessary to be taken for such proposed extension are situated in the City and County of San Francisco, State of California, and are particularly described as follows, to-wit:

Beginning at a point on the easterly

line of Missouri street, distant thereon 499 feet southerly from the northerly line of Army street and running thence southerly along the easterly line of Missouri street if extended and produced southerly one foot; thence at right angles westerly 80 feet to the westerly line of Missouri street if extended and produced southerly; thence at right angles northerly along the westerly line of Missouri street produced southerly one foot; thence at right angles easterly 80 feet to the point of beginning.

Napoleon Street.

That the proposed extension of Napoleon street and the lands deemed necessary to be taken for such proposed extension are situated in the City and County of San Francisco, State of California, and are particularly described as follows, to-wit:

Beginning at a point on the north-easterly line of Evans avenue, distant thereon 21.591 feet southeasterly from the easterly line of Connecticut street, and running thence southeasterly along the northeasterly line of Evans avenue 109.204 feet; thence deflecting 39 deg. 52 min. to the left and running easterly 443.232 feet to the westerly line of Texas street; thence deflecting 79 deg. 22 min. 53 sec. to the left and running northerly along the westerly line of Texas street 71.220 feet; thence deflecting 100 deg. 37 min. 07 sec. to the left and running thence 540.173 feet to the point of beginning.

Army Street.

That the proposed widening of Army street, and the lands deemed necessary to be taken for such proposed widening, are situated in the City and County of San Francisco, State of California, and are particularly described as follows, to-wit:

A strip of land lying between two parallel lines which are respectively 66 feet and 75 feet distant at right angles southerly from the northerly line of Army street and extending from the easterly line of San Bruno avenue easterly to the westerly line of Third street.

Excepting therefrom such portions thereof as are now parts of open public streets; and excepting therefrom such portion thereof as is now owned by the City and County of San Francisco.

Whereas, the damages, costs and expenses of closing said streets and portions of streets are nominal, and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses thereof, the Board of Supervisors hereby declares and determines that the whole damage, cost and expense of closing said streets and portions of streets

shall be paid out of the revenue of the City and County of San Francisco.

Said closing of said streets shall be done in pursuance of Chapter III, of Article VI of the Charter of the City and County of San Francisco, and shall be done in the manner, and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of the Charter of the City and County of San Francisco.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—16.

Absent—Supervisors Brandon, Wolfe—2.

Agreement of Joseph Lerer.

The following was presented, read and ordered *spread in the Journal*:

In addition to the petition for spur track on Twelfth street, I, Joseph Lerer, in consideration of the granting to me of a permit by the Board of Supervisors of the City and County of San Francisco, for a spur track into my property on Harrison street between Twelfth and Norfolk streets, hereby agree and pledge myself that I will not hereafter request permission to maintain and operate a spur track over and across Norfolk street between Folsom and Harrison streets as an extension of the said spur track permit, which is granted under Ordinance No. — (New Series).

Dated: June, 1918.

JOSEPH LERER,

Twelfth and Harrison streets.

Also, Bill No. 4987, Ordinance No. — (New Series), entitled, "Granting permission to Joseph Lerer, revocable at will of the Board of Supervisors, to lay down, construct, maintain and operate a spur track from the tracks of the Ocean Shore Railroad Company on Twelfth street between Folsom and Harrison streets, as follows:

"Commencing at a point on the railroad track of the Ocean Shore Railroad Company on Twelfth street, distant thereon 214 feet northwesterly from the intersection of said railroad track with the northwesterly line of Harrison street; thence southeasterly on a circular curve to the left having a radius of 200 feet, 141 feet, more or less, to a point on the northwesterly line of Twelfth street distant thereon 85 feet, more or less, from its intersection with the northwesterly line of Harrison street, said last named point being on the property line of Lerer Bros."

Be it ordained by the People of the

City and County of San Francisco as follows:

Section 1. Permission, revocable at will of the Board of Supervisors, is hereby granted to Joseph Lerer to lay down, construct, maintain and operate a spur track from the tracks of the Ocean Shore Railroad Company on Twelfth street between Folsom and Harrison streets, thence over and across Twelfth street, as follows:

Commencing at a point on the railroad track of the Ocean Shore Railroad Company on Twelfth street, distant thereon 214 feet northwesterly from the intersection of said railroad track with the northwesterly line of Harrison street; thence southeasterly on a circular curve to the left having a radius of 200 feet, 141 feet, more or less, to a point on the northeasterly line of Twelfth street distant thereon 85 feet, more or less, from its intersection with the northwesterly line of Harrison street, said last named point being in the property line of Lerer Bros.

Said Joseph Lerer has agreed and pledged himself not hereafter to request permission to maintain and operate a spur track over and across Norfolk street between Folsom and Harrison streets as an extension of said spur track herein referred to, said agreement and pledge being hereby accepted as a condition of this grant.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, that the said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expenses connected with the installation of the track, restoration of pavement and any additional requirements for the surface drainage be paid for by Joseph Lerer.

Provided, said Joseph Lerer shall erect and maintain an all night lighted arc lamp, to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Rejecting Bids for Books.

Supervisor Hilmer presented:

Resolution No. 15805 (New Series), as follows:

Resolved, That all bids for books submitted June 3, 1918, are hereby rejected, and the Clerk is directed to re-

advertise for bids as per specifications prepared by the Supplies Committee.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—16.

Absent—Supervisors Brandon, Wolfe—2.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Mayor to Appoint Reception Committee to Receive and Entertain Charles M. Schwab, Bainbridge Colby and George Creel.

Supervisor Kortick presented:

Resolution No. 15806 (New Series), as follows:

Whereas, the Honorable Charles M. Schwab, chairman of the United States Emergency Fleet Corporation, the Honorable Bainbridge Colby, a member of the United States Shipping Board, and the Honorable George Creel, chairman United States Committee on Public Information, contemplate visiting San Francisco early in July; and

Whereas, San Francisco is one of the largest shipbuilding centers and commercial ports in our country, and a city whose people recognize in these three distinguished Americans men of ability and national prominence; therefore, be it

Resolved, By the Honorable Board of Supervisors of the City and County of San Francisco that his Honor Mayor James Rolph, Jr., be and is hereby requested to appoint a representative committee of citizens to make plans for the proper reception and entertainment of these visitors during their stay in San Francisco.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—16.

Absent—Supervisors Brandon, Wolfe—2.

Unexpended Balance of South Beach Land Fund to Be Used for Purchase of School Bonds.

Supervisor McLeran presented:

Resolution No. 15807 (New Series), as follows:

Whereas, by Ordinance No. 4393 (New Series) a fund was created and designated as the "South Beach Lands Fund" and certain money received from the Southern Pacific Company as the proceeds received from the sale of certain lands was deposited in and placed to the credit of such fund; that the money so deposited be used

for the purchase or retirement of bonds of the City and County of San Francisco; and

Whereas, the City and County has on sale at the office of the Treasurer \$435,000 School Bonds, issue of 1918, maturing \$17,000 in 1923, and \$22,000 each subsequent year from 1924 to 1942, bearing interest at 4½ per cent per annum, which bonds are for sale at par and accrued interest; therefore

Resolved, That the sum of \$25,000, constituting a part of the South Beach Lands Fund, remaining unexpended and unappropriated therein constitutes surplus moneys not needed for immediate expenditure, and that the said sum be invested in said School Bonds maturing \$17,000 in 1923, and \$8,000 in 1924, in accordance with the provisions of Chapter 73 of the statutes of the State of California of the year 1913.

The Treasurer is hereby directed to purchase School Bonds of the City and County to the amount of \$25,000 maturing \$17,000 March 1, 1923, and \$8,000 maturing March 1, 1924, at the par or face value thereof, together with accrued interest thereon, and to report the fact of such purchase to the Auditor and Board of Supervisors.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—16.

Absent—Supervisors Brandon, Wolfe—2.

Branch National Conservatory of Music for San Francisco.

Supervisor Hayden presented:

Resolution No. 15808 (New Series), as follows:

Whereas, a bill now before Congress calls for the establishment of a National Conservatory of Music and Art, under Governmental patronage and direction and makes provision for the establishment of the first branch of the Conservatory on the Pacific Coast; therefore,

Resolved, That said measure be indorsed by this Board and the hope expressed of its speedy enactment into law; also

Resolved, That attention be called to the City of San Francisco as being the locality best adapted, by reason of its geographic situation, musical atmosphere and artistic surroundings, as the site for the Pacific Coast branch of the National Conservatory; that the City's Auditorium may be made available for that purpose, or, if desired, another site may be provided in the Civic Center.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—16.

Absent—Supervisors Brandon, Wolfe—2.

Extension of Time.

Supervisor Welch presented:

Resolution No. 15809 (New Series), as follows:

Resolved, That T. S. Hutton is hereby granted an extension of ninety days' time from June 16, 1918, within which to complete contract for the improvement of Danvers street opposite the termination of Falcon avenue and Eighteenth street.

This *second* extension of time is granted for the reason that it is desirable and necessary for the furtherance of this improvement.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—16.

Excused—Supervisor Wolfe—1.

In Respect to the Memory of Margaret Stewart Hayward, Playground Commissioner.

The following resolution was presented by Supervisor Suhr and unanimously *adopted* by a rising vote:

Resolution No. 15810 (New Series), as follows:

Whereas, Margaret Stewart Hayward, member of the Playground Commission, has been called to her eternal rest, and

Whereas, the City and County of San Francisco has lost a true and valuable

public official, ever zealous for the welfare of the community, and particularly of the children of our city; therefore be it

Resolved, That this Board recognizes the indebtedness owing by the community to service faithfully and unselfishly performed, expresses sorrow at her demise, and tenders its sympathy to those who have suffered an irreparable loss; and be it

Further Resolved, That when this Board adjourns it does so in respect to her memory.

Mayor's Veto of Budget Items.

Whereupon the following matter was taken up:

San Francisco, Cal., June 14, 1918. To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

I return to you, approved, with certain amendments, by reductions, Bill No. 4964, Ordinance No. 4610 (New Series), finally passed by your Honorable Board on June 3rd, 1918, and handed to me on June 4th, 1918, representing the budget for the fiscal year 1918-1919.

I base my authority in making said amendments by reduction, on the following provisions of our Charter:

"Supervisors to Make Annual Budget.

Section 3 of Article 3—"The Supervisors shall meet annually between the first Monday of May and the first Monday of June, and by a vote of a majority of all the members thereof make a budget of the amounts estimated to be required to pay the expenses of conducting the public business of the City and County for the next ensuing fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office, board or commission, as the Supervisors shall deem advisable.

"Before finally determining upon the budget, the Supervisors shall fix such sufficient time or times as may be necessary to allow the tax payers to be heard in regard thereto, and the Supervisors shall attend at the time or times so appointed for such hearing."

Section 4 of Article 3—"Mayor May Veto Items.

"Any item in said budget may, within ten days, be vetoed in whole or in part by the Mayor, and it shall require fifteen votes of the Supervisors to overcome such veto. Action thereon must be taken before the last Monday of June."

I respectfully give you my reasons for making said eliminations and reductions.

Item No. 22, "Assistant Horticultural Inspector, \$1,500.00," is entirely

eliminated. My reason for this is that I feel that in San Francisco, which is a City and not a farming community, the work of horticultural inspection can easily be handled by one Horticultural Inspector, for which provision is made in the budget.

Item No. 39, "Lighting Streets, \$482,000.00." I have cut from \$482,000.00 to \$450,000.00. Many cities of the country have been urged by the Federal Government to reduce the lighting of streets, particularly those cities which are on the sea-coast. Moreover, the daylight saving rule has brought about a reduction of lighting expenses in the homes of the land and should in like proportion reduce expense of public lighting. It is my opinion that this \$32,000.00 may be saved without making any appreciable difference in our lighting service.

Item No. 56, "Extension of Main Sewers, Great Highway, Guttenberg street, and Stanley street lateral, \$20,000.00." I have cut from \$20,000.00 to \$10,000.00. This is a matter of war-time economy, and not all of these projects had even the recommendation of the City Engineer when they were included in the budget.

Item No. 61, "For Purchase of Additional Subsistence for Public Institutions, \$35,000.00." I have eliminated entirely. This item was included in the budget to take care of possible further raises in price of food and other commodities used in such institutions as the San Francisco Hospital, the Relief Home and the jails. The Finance Committee has assured me that, if any further increases in food prices take place, notwithstanding the constant effort of the United States Food Administration to reduce them, they will be taken care of, if necessary, out of the \$100,000.00 urgent necessities' fund of the Board of Supervisors, which I have allowed to remain intact.

Item No. 319, "Personal Service, \$153,736.00," under the Central Office, Department of Public Health, I have cut from \$153,736.00 to \$138,736.00, a reduction of \$15,000.00. Numerous taxpayers have complained, from time to time, that this office is top-heavy, and I am making the reduction, after investigation, and am leaving to the Board of Health the task of taking care of it by economy.

Item No. 322, "Special Sanitation, \$7,645.00," I have eliminated altogether. This item is for the force known as "Dr. Blue's Ratcatchers." I can hardly see the present necessity for this force, which has existed virtually ever since the 1906 fire, nor do I consider that the City of San Francisco will be worse off for this saving.

The Finance Committee and the Board of Supervisors are to be complimented on the courage and intelligence with which they have prepared this budget, and which, as I have amended it, represents the finances of the City on a basis of war economy.

From year to year, as the tax rate increases, there is much uninformed and unintelligent criticism of the budget prepared by the Board of Supervisors.

The tax rate for the coming fiscal year, based on this amended budget, will probably be \$2.46 on each \$100.00 of the assessed valuation of taxable property.

The tax rate for the preceding year was \$2.29.

Apparently, therefore, there is an increase of 17 cents.

This budget, however, despite the actual increase in the tax rate, represents a very large decrease in the operating expenses of the Municipal Government.

Positions have been abolished, salaries reduced and expenses eliminated, in nearly every office and department.

Notwithstanding a popular impression to the contrary, most of the municipal offices are undermanned, and the salaries paid are not out of proportion to the salaries paid for similar work by private employers.

Few people seem to understand that much of the tax rate represents expenses incurred, not by the Municipal Government, but by the public through its vote at elections, or imposed on San Francisco by act of the Legislature.

The following computations are based on figures supplied to me by Assessor John Ginty, an increase of approximately \$55,000.00 in the budget representing an addition of 1 cent to the tax rate.

In 1911-1912, the first fiscal year of my administration, the total amount required to be provided in the budget for bond redemption and interest was \$1,533,950.00. In the current year it is necessary to provide, for bond interest and redemption, the sum of \$3,239,652.00.

That increase of \$1,755,702.00, all incurred by vote of the people, alone means a raise of 32 cents in the tax rate. I rejoice that the people were wise enough to authorize the issuance of those bonds, but if the burden of paying taxes to meet the bond obligations is onerous, at least no one is justified in criticizing the municipal administration for that increase in the tax rate.

During the same period, since I took office as Mayor, the State of California has withdrawn from City taxation property which, if its assessed valuation could now be added to the rol-

and were available for City taxation, would take care of 98 cents of the present rate. Of course, the deduction of that property from the City assessment roll is compensated in a measure by the fact that the taxpayers of San Francisco do not directly pay State taxes, as formerly they did; but I am advised that the change in the system of taxation has operated to increase the tax burden of large cities like San Francisco. Assessor Ginty tells me that by the amendment of the State Constitution of November 3rd, 1914, which exempted shipping from taxation, a loss of about \$1,000,000.00 was effected in the assessment roll.

By amendments to the Charter, adopted by the vote of the people since 1902, additional expenses have been incurred which add 16 cents to the tax rate, and in this computation I do not include constructive work such as the Civic Center, the Exposition or the Municipal Railway. The 16 cents is made up mainly of salary increases approved of by the vote of the people, in the wisdom of which, by the way, I concur.

Legislation enacted at Sacramento since I took office—such as made provision for the widows' pension, for the Juvenile Court, the increase in the number of salaries of the Superior Court Judges and their clerks, for the Sealer of Weights and Measures and for his office force, and for the common school fund to take care of night schools—represent an aggregate annual total of \$582,392.00 in the assessment roll or an increase of 10 cents in the tax rate.

To recapitulate, the tax rate has been increased by agencies over which the municipal Administration has no control, as follows:

Recapitulation.

Raise by bond interest and redemption	32 cents
Raise by withdrawal of property by State	98 cents
Raise by Charter amendments.	16 cents
Raise by State legislation....	10 cents

Total of unavoidable raises \$1.56

As the total municipal tax rate this year will be \$2.46, it is obvious that after deducting the \$1.56 imposed by other authorities, the tax rate for which the municipal administration is responsible is 90 cents. To this, under the old system of taxation, it would be necessary to add the State tax rate to make the comparison perfectly fair. What that tax rate would be now, it is impossible to compute, but, in all likelihood, it would not exceed a few cents.

The necessity of providing money for these outlays, imposed upon the

Municipal Administration by other authorities such as the people or the Legislature, has required the Municipal Government, not only this year but in other years, to order its own expenses on a plane of very strict economy.

That part of the tax rate for which the Municipal Administration is responsible would be still lower were it not for extraordinary war conditions. The diminution in the revenue for saloon licenses makes it necessary to provide an equal amount of money by taxation and that necessity is represented by about 8 cents and possibly 10 cents of the tax rate. The completion of the Civic Center, which is necessary, represents 1¼ cents in the tax rate. This year's payment on account of the Twin Peaks Tunnel Assessment deficit represents 1¾ cents. The increase for the provision of the public schools, which is absolutely necessary because of our inability to secure government permission to sell school bonds this year, represents 1¾ cents in the tax rate. The provision for the Tuberculosis Hospital represents 1 cent of the tax rate. The provision for Ward "L" of the San Francisco Hospital, which the United States Government urgently demands, represents 1 cent. The increase in the cost of supplies for public institutions and departments, an increase which the administration cannot control, represents 5 cents in the tax rate.

This information ought to be given to the taxpayers in justice to the Board of Supervisors and the Municipal Administration.

Respectfully submitted,

JAMES ROLPH, JR.

Mayor City and County of San Francisco.

Explanations of Vote.

Supervisor Schmitz explained his vote as follows: "I wish to record my negative vote upon the final passage of the budget as amended by his Honor the Mayor for the reason that while favoring the reductions made by his Honor the Mayor, they do not go far enough and I vote 'no' because I favor a much greater reduction of the tax rate."

Supervisor Power explained his vote by saying: "I am voting 'no' at the present time because these appropriations are unnecessarily large and will necessitate an increase in the tax rate."

Mayor's Veto Message to Be Printed for Distribution.

Supervisor Mulvihill presented:
Resolved, That the Public Welfare

Committee of the Board be authorized to have copies printed of his Honor the Mayor's veto message for the information of the general public.

Referred to Public Welfare and Publicity Committee.

Hearing in Matter of Garbage Disposal.

Supervisor Gallagher announced a meeting of the Board of Supervisors for this evening at 8 o'clock for the consideration of the question of garbage disposal. He urged that every member possible be in attendance.

Supervisor Welch requested that he be excused from this evening's meeting as it would be impossible for him to attend. He also asked that vote on the garbage question be not taken until Monday.

ADJOURNMENT.

There being no further business, the Board, at 12:15 p. m., adjourned to meet at 8 p. m. for the consideration of garbage disposal.

J. S. DUNNIGAN, Clerk.

City Engineer's Letter to Garbage Utilization Division, U. S. Food Administration, Washington, D. C.

April 12, 1918.

Mr. F. A. Bamman, Garbage Utiliza-

tion Division, U. S. Food Administration, Washington, D. C.

Dear Sir: Your recent favor with the Bulletin on Garbage Utilization, I have read with much interest.

There has been and still is much dissatisfaction with the methods of collection and disposal of garbage in San Francisco and the solution of the problem of rectifying the many causes of the trouble is no easy one. When an attempt is made there are found so many factors of private and individual interests of one and another sort—interests that have become fairly well established by long usage—that antagonism is developed and a considerable amount of litigation is bound to follow which causes delay and puts the final settlement somewhere in the future. Of course, there are many improvements that can be made and which this city purposes to accomplish.

This city, like most others, finds it not easy to determine upon a satisfactory standard of refuse and garbage collection and disposal, especially so when it is seen to be necessary to establish new and perhaps revolutionary methods where no proper system has existed. A further difficulty also presents itself in the fact that a reasonably successful and satisfactory system in one city will not apply to another because of so many differing conditions, of labor, seasonable variations in wastes, geographical differences and established customs.

It is recognized here in San Francisco that there is a great deal of waste effort in collection of general refuse and consequent expense that has to be paid for by the householder—the ultimate debtor—and it is also admitted that the present method of burning the great bulk of all collections at the Destructor is much of a nuisance as well as a loss.

During the past two years there has been growing a sense of the need of conservation and utilization, and the past year or two has shown the necessity of entirely abandoning the older wasteful disposal methods by burning or by burial.

A special committee was appointed to investigate and report to the Board

of Supervisors, with recommendations of such methods for the collection and disposal of refuse and garbage, the adoption of which would place this city in line with others that are carrying out the work in approved manner.

In San Francisco, the garbage from hotels and restaurants is collected separately and fed to hogs. This is a private industry—several concerns being interested, with their several herds of hogs and feeding farms. There are no official records of the amount of garbage collected or the number of hogs fed. It is variously estimated that the garbage will run from 900 tons to 1,400 tons a month. It is paid for by the collectors, under private contract, and is a source of revenue to the hotels and restaurants.

Since segregation at the household and separate collection has been the subject of committee deliberations, it has already received a vigorous protest from the Hotel and Restaurant Owners' Association, who seem to be anxious about the possibility of their being deprived of their own property and of the right to sell it. Just how far any city can go in this direction does not appear to have been decided.

I understand that the Supreme Court at Washington, D. C., has passed upon and confirmed the right of the municipality to possession of garbage from the household, but do not know how closely hotels and restaurants may be affected by that decision. Perhaps you can advise me on that point, as it is rather important.

We are recognizing the need of conservation in all directions and are considering our refuse and garbage questions from that standpoint more definitely than we have done heretofore.

It is possible that household segregation and the utilization of garbage by reduction process, the salvage of all refuse values and the use of the otherwise valueless refuse as fuel in the reduction plant may be advisable for our conditions. This would leave the hog raisers and the hotels as they are. It is also possible that certain garbage that would be collected daily from some parts of the city might have a certain feeding value, or because of the general cool weather prevailing, garbage collected but twice a week would still be suitable for feeding.

On the other hand, a reduction plant or contractor would naturally demand all available garbage, and, to get the best results, the city should divert all possible supply to that point.

We are now considering all these

and other points and hope to reach some conclusion soon. In the meantime, I should be very glad to have from you or your department any and all data and publications that you have for disposal, feeling sure that they will be of much assistance to us.

Very truly yours,

M. M. O'SHAUGHNESSY,
City Engineer.

Communication From F. A. Bamman,
Garbage Utilization Division of United States Food Administration to City Engineer.

Washington, D. C., May 4, 1918.

Mr. M. M. O'Shaughnessy, City Engineer, Department of Public Works, San Francisco, California.

Dear Sir: We are glad to learn from your letter of April 12th that the question of garbage disposal in your city is a subject of much discussion and that utilization methods are contemplated.

The action you mention by your Hotel and Restaurant Association is similar to the action being taken in many of the cities throughout the country. Such action is hardly surprising when one considers that in most cases the hotel garbage is being satisfactorily removed and at a profit to the hotel proprietors.

You will note from our bulletin that the Food Administration expresses no preference in regard to the method of utilization. We have, however, recommended in this bulletin that collections be made by one central agency. This, however, is so clearly a local matter as to not warrant the interference of the Food Administration. Sanitary conditions may render one central agency necessary in certain cities while in others a system of private and municipal collections seem to give satisfactory service.

The police regulations referred to in your letter as having been passed upon by the Supreme Court at Washington is known as "Dupont vs. D. C." The legal reference is 20 A, pp. D. C. 477, and was decided November 4, 1902. Doubtless your legal department can find it from this reference. There have been two other cases in the District of Columbia on this subject, namely: Nash vs. D. C. and Mann vs. D. C. In the Nash case an arrest was made for hauling rendered fats, "cracklings." The court held in this case that such materials were not injurious to the public health and that restrictions prohibiting its being hauled were not valid. The Mann case referred to the hauling of dead animals, and it was held that restrictions prohibiting the removal of dead animals immediately upon death were invalid. The court recognized,

however, that the public health demanded some means of disposing of animals and declared that a property right no longer existed when the animal was noisome or was occupying public property.

The writer has paid some attention to legal cases involving the right of municipalities to restrict garbage collections and believes that in most cases where the municipality has been denied the right to regulate such collections, the question of property right has been the main contention. In cases where the municipality based its right to restrict garbage collection on public health considerations and the need of protecting public health by having systematic garbage collections in recognized vehicles, the right to regulate such collections has been recognized by the courts.

Trusting you will call upon us for any additional information, etc., we are

Very truly yours,
 UNITED STATES FOOD ADMINISTRATION.

United States Food Administration for California on Utilization of Garbage in San Francisco.

June 21, 1918.

Grover H. Jones, S. F. Bureau of Governmental Research, Flatiron Building, San Francisco.

Dear Sir: Relative to the position of the United States Food Administration, in the matter of garbage utilization in cities, I would report as follows:

As you probably know, a Garbage Utilization Division has been formed in the United States Food Administration headquarters at Washington, and has made a very extensive study of this problem, and issued some clear and valuable bulletins regarding it.

From the national point of view, the main end to be obtained is that each community make some use of its garbage, either by way of reduction, swine feeding or otherwise, so that the greatest value be obtained from it and no substantial value be wholly lost.

It is frequently a very difficult, technical and complex task to determine what is the best system for a particular community. For this reason, and on account of the fact that on Mr. Merritt's headquarters staff there is no person having the technical requisite training, it is our policy to refrain from making a definite recommendation to the legislative body of any community.

The man who has the best background of technical knowledge along this line that we know of, in this

locality, is Prof. Geo. S. Hart of the University of California, who has studied the general problems involved, and is familiar with the technical and practical background of the situation, as it has arisen in a number of places in this State. We would suggest that his advice would prove very helpful to San Francisco authorities interested in this problem.

If any of these authorities should care to make a report in connection with Prof. Hart, and desire some recommendation from the Garbage Utilization Division at Washington, we should furthermore be very glad to see that it got their very best judgment.

Yours very truly,
 UNITED STATES FOOD ADMINISTRATION FOR CALIFORNIA.

By SAYRE MACNEIL,
 Chairman Conservation Food Supplies.

Opinion of City Attorney on Legality of Classifications in Garbage Disposal Regulations.

The following was presented, read and ordered spread in the Journal and filed:

June 21, 1918.

Gentlemen:

I am in receipt of your request for an opinion, under date of June 19th, as follows:

On motion of Supervisor Power, the Board of Supervisors, at its meeting Monday, directed the Clerk to request you to advise the Board before Friday, June 21st, whether or not the Board of Supervisors can legally enact legislation and enter into a contract providing for the collection of garbage from householders and others, but excluding from the requirements of such collection certain classes of citizens and business.

For your information I am enclosing herewith a copy of the report of Special Committee on Garbage Disposal, which indicates the class of legislation which the Committee recommended to the Board for the solution of the garbage problem.

This matter will come before the Board of Supervisors at a special meeting to be held on next Friday evening. You are, therefore, urged to have your opinion ready in time for this meeting.

It appears from the report of the Special Committee on Garbage Disposal, which accompanies your communication, that this committee has recommended that house refuse should be segregated into wet garbage and dry rubbish or refuse and that a contract be entered into upon competitive bidding for its disposal. It is further recommended, however, that restaurants and hotels be excluded in this arrangement. An ordinance car-

rying into effect the recommendations of the committee has not been prepared and therefore I can consider only the principle of placing hotel and restaurant keepers in one class and all other persons in another and making different regulations as to the two classes.

Opinion.

Regulations for the disposal of garbage are based upon the principle that garbage if not disposed of in a proper and sanitary manner may become a nuisance and it is well settled that its disposition may be entirely controlled by a municipality in the exercise of the police power. It is to be noticed, however, that it is the possibility of garbage being injurious to the public health if not properly and seasonably disposed of that justifies the exercise of the police power. It is, of course, evident that the possibility of things of this character becoming dangerous to the public may be greater under certain circumstances than under others. Explosives and poisons in the hands of the experienced are less likely to result in injury than in hands of novices. Certain classes of businesses are less likely to be injurious to the public morals when conducted by some people than by others. For these reasons in the exercise of the police power classifications of both subject-matter and persons are frequently made and it is a well established rule that it is within the legislative power to classify subjects of regulation and to pass laws applicable to all of a class provided that the classification so made be founded upon some reasonable intrinsic basis of differentiation and the courts will not interfere with the legislative decision in establishing the classification if there is a reasonable foundation in fact for making it.

In re Zhizhuzza, 147 Cal. 328.

In re Stoltenberg, 165 Cal. 789.

It, therefore, becomes a question whether hotels and restaurants are of a character sufficiently different from other places and businesses to be placed in a separate class in establishing garbage regulations.

I am of the opinion that a basis exists which justifies the Board of Supervisors determining that the proposed classification should be made. The garbage collected from the kitchens of hotels and restaurants is usually food in considerable amounts. It has value and can be disposed of daily in a sanitary manner without danger or inconvenience to the public and it has been the practice in recent years for hotel and restaurant keepers to dispose of their wet garbage in a way that I assume has met with the sanction of the health authorities in

so far as health and sanitation are concerned. In addition, the disposition of wet garbage from restaurants and hotels through private methods is capable of easy public supervision and control eliminating the possibility of its becoming detrimental to the health of the community. If the only garbage of the city was that which occurs in restaurants and hotels and all of it was disposed of in the same manner as most of the garbage of hotels and restaurants is now disposed of, the necessity of the exercise of police power other than supervision would not be present. On the other hand, wet garbage occurring in places other than restaurants and hotels is in small amounts having much less value. These places, as compared with restaurants and hotels, are far more in number, thus preventing satisfactory supervision were each possessor of garbage left to make his own disposition of the same. The necessity, therefore, exists for more strict—perhaps, arbitrary, regulatory measures for these places. It might be argued that there are among householders some who would be in a position to dispose of their garbage in the same manner as it is disposed of by hotels and restaurants. While this may be, and probably is true, it is likewise true that as a class, the householder would not be in as advantageous a position to dispose of his garbage as would the class of hotels and restaurants and it has been settled by the cases that "a classification having some reasonable basis does not offend merely because it is not named with mathematical nicety or because in practice it results in some inequality." *Lindley v. Natural Carbonic Gas Company*, 220 U. S. 61. And as said by Mr. Justice Hughes in the case of *Miller v. Wilson*, 236 U. S. 373:

"The legislature is not debarred from classifying according to general considerations and with regard to prevailing conditions, otherwise, there could be no legislative power to classify. For it is always possible by analysis to discover inequalities as to some persons or things embraced within any specified class." To the same effect, see *Polglaise v. Commonwealth*, 76 S. E. 897; *In re Zhizhuzza supra*, and *Ex parte Lemon*, 143 Cal. 558.

In the latter case the court used the following language:

"We must, however, judge of the reasonableness of the ordinance in question by what we know of general conditions and not hold it void simply because in some exceptional case it may result in imposing unequal burdens."

I am of the opinion, therefore, that

hotels and restaurants may be placed in a separate classification with regard to the character of the regulations imposed for the disposition of garbage. In view of the fact, however, that such regulations are made upon the theory that garbage, if not properly disposed of, becomes a nuisance, regulations should be imposed upon hotels and restaurants to assure the disposition of hotel and restaurant garbage in a sanitary manner. It would be unreasonable to exempt hotels and restaurants from all regulations as to the disposal of garbage and impose stringent regulations upon all other places because if hotel and restaurant garbage were not properly disposed of it would be equally, if not more, dangerous than other garbage not properly disposed of. A classification is permitted in order to make different regulations as to each class.

I would suggest, therefore, that if your Honorable Board decides to exempt hotels and restaurants from the general provisions with regard to the disposition of garbage that it do so only upon condition that no hotel or restaurant shall be so excepted unless it obtains a permit from some duly authorized officer who shall issue such permit upon being satisfied that the garbage will be disposed of in such a manner as not to become a nuisance, or that in some other manner the ordinance provide regulations which will insure that the members of the excepted class shall not dispose of their garbage in an unsanitary manner.

Respectfully,

GEORGE LULL,
City Attorney.

Definitions of Garbage.

The following was presented and ordered filed:

June 21, 1918.

Hon. A. J. Gallagher, Chairman Special Committee on Garbage and Refuse Disposal, San Francisco, Cal.

Dear Mr. Gallagher:

Regarding definitions of "Garbage." In the specifications and contract prepared by the City of New York in 1917 for the disposal of garbage of that city, it is stated:

"Wherever the term 'Garbage' is used in this contract, it shall be taken to mean every accumulation of animal, fruit or vegetable food waste, liquid or otherwise, containing not more than 5 per cent by weight of other refuse, which shall be collected by the carts or vehicles of the Department. * * *"

In the report by Irwin S. Osborn on Disposal of Garbage in the District of Columbia, the classification

of municipal refuse is given as follows:

"Garbage consists of refuse accumulations of animal, fruit and vegetable matter, and any matter or substance used in the preparation, cooking, dealing in or storing of meats, fowls, fruits, and vegetables.

"Ashes constitutes the refuse arising mainly from the combustions of coal, and consists of fine ash, clinkers and unburnt coal, as discarded by residences after use in furnace or stove.

"Rubbish is the miscellaneous discarded refuse such as paper, straw, excelsior, rags, wood, leather, rubber, metals, bottles, tin cans and other like waste matter from dwelling."

In the Bulletin by the U. S. Food Administration "Garbage Utilization," February, 1918, it is stated:

"As used herein the term 'Garbage' will mean all refuse accumulations of animal or vegetable matter which has been intended for use as food for man. It will not include any material in the nature of ashes, rubbish or refuse, night soil, dead animals, street sweepings, manure or similar materials."

City ordinances in Los Angeles define Garbage as "all animal and vegetable refuse from kitchens and household waste that shall have been prepared or intended to be used as food or shall have resulted from the preparation of food."

Combustible Rubbish, as "paper, pasteboard, carpets, rags, clothing, books, boots, shoes, straw, packing, barrels, boxes, furniture and similar articles that will cinerate through contact with flames of ordinary temperature."

Non-combustible Rubbish as "ashes, bottles, broken crockery, glass, tin cans and other metallic substances and like or similar articles or substances that will not cinerate through contact with flames of ordinary temperature."

The ordinance further defines Market Refuse, but this is merely another source of garbage, from the markets instead of from households, and the distinction does not appear to have any practical value.

Personally, I prefer the definitions given in Osborn Report of Disposal in Washington, D. C.

Respectfully,

G. J. JONES,
Assistant Engineer.

Privilege of the Floor.

Geo. Skaller, representing the Civic League of Improvement Clubs and certain apartment house owners, was granted the privilege of the floor and addressed the Board. He said, in part: "Supervisor Gallagher has

stated, in a few words, referring to handling of the garbage proposition by the present and past administrations that notwithstanding failures much might be said in their favor. I don't agree with him. We believe that San Francisco, so far, has made a miserable mess of the garbage disposal proposition. I trust that you are through and that now you will make a memorable success. Your report was discussed at a meeting of our association at which the apartment house owners and the restaurant men were heard. In an analysis of the report we find two elementary forces dealing with the present problem desiring to have their interests protected—the restaurant, hotel and apartment houses and the scavengers. Underlying these are the questions of *conservation* and possible *revenue* to the city. We believe, gentlemen, that revenue for the city should be set aside. The city should derive its revenue from taxation which should be raised from the entire city and not from any particular class of citizens or any particular interests. We believe, then, that the only thing to be considered is *conservation*. Especially on account of this gigantic war—because food will win this war. We subscribe to the underlying principle that garbage must be segregated so that proper segregation may be had. We believe you should take into consideration these factors, putting the smallest possible burden on the parties affected. If conservation be the only consideration, I don't see why your committee's report should be changed. You would do wrong by forcing on certain interests different methods which will be to their disadvantage and will accomplish nothing. The present methods of handling the garbage of hotels and restaurants meets with the requirements of conservation and the apartment house is as much a factor to be considered as hotels and restaurants. Apartment house owners do not wish to be forced to carry a greater burden than now. If segregation is wanted, we believe that neither hotels nor apartment houses should be obliged to furnish an additional can. It would amount to hundreds of thousands of dollars. The additional garbage can should be provided by the contractor who may get the contract for the collection of garbage.

"The second point, at present householders pay for the removal of garbage. Now it is found that if you require two cans to be removed the scavengers will demand an increased price. That will amount to a great deal. We believe your ordinance should provide that by reason of the

segregation no additional expense should be placed on the householder. We ask that your ordinance be made so that the Board of Health can deal with each case that might arise according to the circumstances surrounding each case."

Eugene M. Fritz, Jr., representing the Apartment House Owners Association, also addressed the Board. He said, in part: "I have an apartment house of forty-seven apartments and I only get one gallon of garbage for chicken feed. It will cost \$20 to collect \$2 worth of garbage in apartment houses. We have made an investigation and we know. It will be impossible to use garbage chutes in segregating garbage. The labor problem is also very grave. We have to pay high wages and are having a hard time at that to get janitors."

Felton Taylor, vice-president of the Apartment House Owners' Association, also addressed the Board. He said: "If apartment house people are forced to stand any additional expense by reason of the proposed segregation of garbage it will not be conservation it will be confiscation. The segregation of garbage in apartment houses is a loss instead of a gain, for that reason we believe you will not want it segregated. The garbage of apartment houses is now segregated to the limit—papers, boxes, bottles and everything of value are now segregated and saved. The proposed segregation requiring additional containers will be unnecessary and an unjust burden."

J. J. Chick, apartment house owner, said, in part: "The garbage in apartment houses is not of sufficient value to pay for its segregation. If the inhabitants of the city were asked to conserve food values in garbage they would gladly acquiesce by putting such matters in papers and putting them in the ordinary garbage can. In that way it would do away with the expense of segregation. We should not impose on people duties that are not necessary and to which they are not inclined to comply. The Board of Health can formulate rules for the gathering of swill and keeping the city in a healthful and sanitary condition."

T. Christian, representing the apartment House Owners' Association, declared that in Los Angeles garbage is removed free of charge. It is collected twice a week; in the main town it is gathered once a day. In the private home section they are building incinerators for burning rags and papers. Los Angeles leaves its garbage cans out on the sidewalk and the Board of Works removes them. As a result of this system of col-

lection ants have become a nuisance in Los Angeles and the stench in some districts is terrible. You can't realize the odor from the basements. In Los Angeles they cannot use garbage for hogs because it ferments very quickly in the southern city, so it is largely used for fertilizer.

Jos. Pasqualetti, apartment house owner, also opposed segregation on the ground that there was little or nothing to segregate.

Mr. Applegart, apartment house owner, declared that a man with hogs to feed offered to take his garbage, but that after two days' inspection of the cans he gave it up as not worth bothering with.

Dr. Jno. A. Miller, apartment house owner, said: "Apartment house owners and lessees are in a precarious condition. It is a hard struggle since the war broke out to make both ends meet. I sent for some men in the hog business, but they found nothing in my garbage that warranted them in taking it away."

Supervisor Gallagher, chairman of the Special Committee on Garbage Disposal, thereupon read numerous letters from apartment house owners in Los Angeles, declaring that the effects of segregation have been beneficial and profitable and that they would not think of going back to the old system.

Prof. Geo. S. Hart, of the University of California, spoke briefly on the importance of the reduction of garbage for the purpose of obtaining glycerine and alcohol and other products that are greatly needed at the present time.

ADJOURNMENT.

Whereupon, the Board at the hour of 12:05 a. m., on motion of Supervisor Schmitz, adjourned to meet Tuesday evening at 8 p. m., by the following vote:

Ayes—Supervisors Hayden, Hocks, Lahaney, McLeran, Nelson, Power, Schmitz—7.

Noes—Supervisors Gallagher, Hynes, Mulvihill—3.

Absent—Supervisors Brandon, Deasy, Hilmer, Kortick, McSheehy, Suhr, Welch, Wolfe—8.

Appointment of Committee on System of Municipal Accounting.

The following was presented, read and ordered spread in the Journal: San Francisco, Cal., June 18th, 1918. Mr. John S. Dunnigan, Clerk Board of Supervisors, Room 235 City Hall, San Francisco.

Dear Sir: Referring to Resolution 15735 (New Series), providing for the appointment of a special committee to evolve a system of uniform accounting for the various municipal departments, I am asked by the Mayor to inform you of the personnel of this committee as follows:

Ben Wentworth and Daniel Leary of the Auditor's office; Leonard S. Leavy, head bookkeeper of the Board of Public Works; Sidney S. Smith, Treasurer's office; Percy R. Hennessey, Board of Public Health; John F. Forbes, expert of the Finance Committee of the Board of Supervisors.

Notification has been sent these appointees.

Yours very truly,
W. F. BENEDICT,
Asst. Secy. to the Mayor.

Hearing of Objections.

Market Street Extension.

The hearing of objections against

the opening, extension and widening of Market street from its southwesterly termination at Ord street westerly, southwesterly, southerly, southeasterly, southerly and southwesterly to the northerly line of Twenty-fourth street, as provided in Resolution of Intention No. 15535 (New Series), fixed for 3 p. m. this day, was taken up.

Report of City Engineer.

The following report was presented and read by the Clerk:

To the Honorable the Board of Supervisors, San Francisco, Cal.

Gentlemen: Pursuant to Resolution No. 15750 of the Board of Supervisors adopted June 11, 1918, in which you request an estimate of cost of the acquiring of the necessary lands and improvements for the opening of a new street between Caselli avenue and Twenty-fourth street and Corbett avenue along the lines of the proposed Market Street Extension, I would state that I have had the necessary appraisals made and herewith submit an estimate of cost of the same. I might add, however, that the figures submitted are estimates only and there has been no negotiations with the various property owners along the proposed route and for this reason there may be slight changes in the individual items but the totals will not be materially changed.

The cost of acquiring the necessary lands is.....\$25,222.00
The cost of acquiring the improvements thereon is.... 28,450.00

Or a grand total of...\$53,672.00

Respectfully,

M. M. O'SHAUGHNESSY,
City Engineer.

Privilege of the Floor.

M. J. Gorman, James Neelson, and other property owners, opposed the proposed assessment district for a boulevard, but expressed themselves as being heartily in favor of a plan providing for the acquisition of a right of way out of moneys to be taken from the County Roads Fund, sewer and street work to be done by abutting property owners on same basis as such work is done in other sections of city.

Anonymous Circular.

Supervisor Power requested and was granted the privilege of inserting the following anonymous circulars in the record:

Supervisors Power and Wolfe are in favor of heavily assessing your property.

Do you own property on Market street near Oak street?

If so the Board of Supervisors, propose to heavily assess same under Resolution No. 15535, which provides

for the purchase of lands and to protect your property from this untimely and non-essential assessment—

You are earnestly requested to personally appear or be represented at a meeting of the Board of Supervisors Monday—

—June—24th—1918—at—3 p.m.—

If impossible to attend send a letter of PROTEST to them at once.

The Board of Supervisors and City Engineer are in favor of heavily assessing your property.

Do you own property on Corbett avenue near Diamond street?

If so the Board of Supervisors, propose to heavily assess same under Resolution No. 15535, which provides for the purchase of lands and to protect your property from this untimely and non-essential assessment—

You are earnestly requested to personally appear or be represented at a meeting of the Board of Supervisors Monday—

—June—24th—1918—at—3 p.m.—

If impossible to attend send a written PROTEST to them.

The *Chair*, upon the request of *Supervisor Power* when the foregoing anonymous circulars had been read, asked whether if the author or authors of the foregoing circulars were in the chambers, and there was no response.

Statement.

Whereupon, Supervisor Power denounced the action of those responsible for the circulars as a cowardly, scurrilous and unwarranted attack on public officials honestly trying to perform their public duty. He declared that he personally made the motion to defer action on this work until the United States Government gave assurance that it would in nowise interfere with the successful prosecution of the war, and that there was no knowing whether the assessment would be heavy or light, since the assessment district had not been fully determined upon.

Motion.

Supervisor Welch moved that the hearing be continued three weeks and that City Engineer communicate with the property owners having frontage, asking them to attend a conference for the purpose of obtaining an estimate of cost and for the purpose of determining what apportionment of an assessment would be acceptable for the purchase of right-of-way and sewer over the proposed Market Street Extension between Caselli avenue and Twenty-fourth street and Corbett avenue.

Supervisor Power suggested that the City Engineer also advise, after such conference, whether or not the balance of the work from Falcon street to the tunnel right-of-way can be

taken care of without further assessment.

Whereupon, Supervisor Welch's motion was carried unanimously.

Olympus Way.

The hearing of objections to the following matters were, on motion of Supervisor Welch, laid over three weeks.

Confirmation of the report of Board of Public Works for opening of a new street, 60 feet in width, extending from the southerly line of Fourteenth street opposite the termination of Alpine street, and extending southerly and westerly to the intersection of Park Hill avenue and Fifteenth street.

Confirmation of the report of the Board of Public Works for widening Park Hill avenue between Fifteenth street and Masonic avenue.

Confirmation of the report of the Board of Public Works for widening of Masonic avenue from a point 70.94 feet, more or less, easterly from the southeasterly corner of Sixteenth street and Masonic avenue to the easterly line of Levant street.

Confirmation of the report of the Board of Public Works for opening of a new street, 60 feet in width, extending from Levant street and Masonic avenue to the easterly line of Pluto street.

Confirmation of the report of the Board of Public Works for widening of Pluto street from a point 245.42 feet, more or less, southerly from Masonic avenue to the northerly line of Clifford Terrace.

Confirmation of the report of the Board of Public Works for opening of a new street extending from Clifford Terrace and Pluto street to Lower Terrace.

Confirmation of the report of the Board of Public Works for widening of Lower Terrace from the first angle point northeasterly from Saturn street southwesterly to Seventeenth street.

HEARING OF APPEALS.

Harrison Street.

Appeal of City Street Improvement Company from assessments issued for the improvement of Harrison street between Seventeenth and Eighteenth streets was, on motion of Supervisor Welch, laid over from last meeting, and ordered referred to Streets Committee.

Francisco Street.

Appeal of Flinn & Treacy from the assessment issued by the Board of Public Works for the improvement of Francisco street between Columbus avenue and Taylor street was, on motion of Supervisor Welch, laid over from last meeting and referred to the Streets Committee.

Auto Transfer Company Permit.

Hearing of the application of the

Auto Transit Company for permission to engage in business of transporting persons for hire and to operate three or more automobiles between San Francisco and Santa Cruz was taken up.

Affidavit of publication of notice of this hearing was read by the Clerk and the Chair inquired if there were any persons present objecting to the granting of the application of the Auto Transit Company permit. There being no objection, the following resolution was presented by Supervisor Gallagher and passed for printing by the following vote:

Resolution No. — (New Series), as follows:

Resolved, That, pursuant to the provisions of Chapter 213 of the Statutes of the State of California, year 1917, permission is hereby granted to The Auto Transit Company to engage in the business of transporting persons for hire and to operate three (3) or more automobiles over the following streets of the City and County of San Francisco: Fifth street, Mission street, Market street and Eleventh street and such other streets as may be necessary by reason of any of the foregoing streets being obstructed or closed for repairs. That the fixed terminus between which the grantee is permitted to operate such vehicles are Fifth and Market streets, San Francisco, and Pacific avenue, Santa Cruz, Santa Cruz County, over the State Highway. That the vehicles to be used in the transportation are three (3) with a capacity of seven (7) passengers each. That the rights and privileges herein granted are for the term of five (5) years from date hereof, provided the same may be revoked or suspended by the Board of Supervisors in the manner provided by law. In the exercise of the privileges herein granted the grantee shall observe all the requirements of the ordinances of the City and County.

The cost of publication of this resolution shall be paid by the grantee.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—17.

Absent—Supervisor Wolfe—1.

REPORTS OF COMMITTEES.

The following committees, by their respective Chairmen, presented reports on various matters referred, which reports were presented, read and ordered filed:

Supplies Committee, by Supervisor Hilmer, Chairman.

Streets Committee, by Supervisor Welch, Chairman.

Auditorium Committee, by Supervisor Hayden, Chairman.

Buildings Committee, by Supervisor Brandon, Chairman.

Fire Committee, by Supervisor Deasy, Chairman.

Commencing at a point on the railroad track of the Ocean Shore Railroad Company on Twelfth street, distant thereon 214 feet northwesterly from the intersection of said railroad track with the northwesterly line of Harrison street; thence southeasterly on a circular curve to the left having a radius of 200 feet, 141 feet, more or less, to a point on the northeasterly line of Twelfth street distant thereon 85 feet, more or less, from its intersection with the northwesterly line of Harrison street, said last named point being in the property line of Lerer Bros.

Said Joseph Lerer has agreed and pledged himself not hereafter to request permission to maintain and operate a spur track over and across Norfolk street between Folsom and Harrison streets as an extension of said spur track herein referred to,

said agreement and pledge being hereby accepted as a condition of this grant.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof as completely as though the same were written in this ordinance.

Provided, that the said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expenses connected with the installation of the track, restoration of pavement and any additional requirements for the surface drainage be paid for by Joseph Lerer.

Provided, said Joseph Lerer shall erect and maintain an all night lighted arc lamp, to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This ordinance shall take effect immediately.

Agreement Relative to Continued Operation of Sanitary Reduction Works.

Supervisor McLeran presented: Resolution No. 15821 (New Series), as follows:

Whereas, By virtue of an agreement made and entered into the 8th day of March, 1909, between the City and County of San Francisco and the Sanitary Reduction Works (a corporation), by the terms of which (among other stipulations and agreements) the said Sanitary Reduction Works agreed to operate the incinerating plant purchased by said City and County, and to pay the said City and County the sum of \$17,500 a year, which sum equalled five per cent interest on the sum of \$350,000, and

Whereas, Under existing conditions said Sanitary Reduction Works is unable to make further payments on account of said agreement and has served notice upon the City and County that said contract is to be rescinded and annulled, and

Whereas, It is essential that some means of disposing of garbage shall be secured and continued, therefore

Resolved, That said obligation on the part of said Sanitary Reduction Works to pay said sum of \$17,500 a year to the City is hereby set aside, and said Sanitary Reduction Works is relieved of further payments on account of said agreement, provided, however, that said Sanitary Reduction Works will agree to continue and will

continue to operate said incinerating plant until October 1, 1918. And further provided, that said Sanitary Reduction Works agrees to divide the net profits from operation of said plant with the City on a 50-50 basis.

Providing for Investigations as to the Improvement and Extension of the Municipal Railway System.

On motion of Supervisor Brandon:

Bill No. 4984, Ordinance No. — (New Series), as follows:

Providing for investigations as to the improvement and extension of the Municipal Railway system; making an appropriation for that purpose; and repealing Ordinance No. 4538 (New Series).

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, The City and County of San Francisco is the owner of a public utility, viz.: a municipal street railway system, and is now operating the same over and along certain streets in the City and County of San Francisco:

And, Whereas, The revenue of said public utility will be increased and said street railway system will be improved by the extension thereof over other streets in said City and County;

And, Whereas, The United Railroads of San Francisco is the owner of another street railway system which it is now operating on streets in said City and County not occupied by the said Municipal Railway system;

And, Whereas, The acquisition by the City and County of San Francisco of the whole or a portion of said street railway system now owned by the United Railroads of San Francisco would constitute a valuable extension and improvement of the said existing Municipal Railway system; and it is therefore for the best interests of said City and County of San Francisco and its said Municipal Railway system that a thorough investigation be made by said City and County of the value of the said system of street railways owned and operated by said United Railroads of San Francisco; in order that it may be determined what portion, if any, of said system of street railways should be purchased by this City and County as an extension and improvement of its existing street railway system, and that the value thereof may also be determined.

Therefore the Board of Public Works is hereby authorized, empowered and directed to cause to be made a thorough investigation of the condition and availability and appraisal of the value of the said street railway system owned by the said United Railroads of San Francisco for the purpose of ascertaining and determining what, if any, portion of said

system of street railways should be purchased by the City and County of San Francisco as an addition and improvement to its existing system of street railways; and for the further purpose of determining the value of the portion of said street railways that it may be advisable to purchase. Said Board of Public Works is further authorized, empowered and directed to employ such expert and other assistance as it may need in making such investigation and appraisal; and to report its conclusions to this Board of Supervisors.

Section 2. The sum of fifteen thousand dollars (\$15,000) is hereby appropriated from the funds of the Municipal Railway system for the purpose of defraying the cost of the investigation, appraisal and report hereinabove in Section One (1) provided for.

Section 3. That certain ordinance passed by this Board of Supervisors of the City and County of San Francisco, on March 25, 1918, and approved on the same date, and entitled, "Ordinance No. 4538 (New Series), declaring that the public interest demands the acquisition of the street railways operated by the United Railroads of San Francisco, and prescribing the methods of ascertaining the value thereof and directing the Board of Public Works to make such valuation," is hereby repealed.

Ordering Street Work.

On motion of Supervisor Welch:

Bill No. 4980, Ordinance No. — (New Series), Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors June 4, 1918, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

The improvement of *Carrie street between Chenery street and Wilder*

street by the construction of a 12-inch ironstone pipe sewer with seven Y branches along the center line of Carrie street between the southerly line of Chenery street and the center line of Wilder street.

Section 2. This ordinance shall take effect October 1, 1918.

Fixing Sidewalk Widths, Army Street.

Also, Bill No. 4981, Ordinance No. — (New Series), as follows:

Amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, by amending Section Fourteen thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, be and is hereby amended in accordance with the communication of the Board of Public Works, filed in this office June 15, 1918, by amending Section 14 thereof to read as follows:

Section 14. The width of sidewalks on Army street between Valencia street and Potrero avenue shall be twelve (12) feet.

The width of sidewalks on Army street between Potrero avenue and San Bruno avenue shall be eight (8) feet.

The width of sidewalks on Army street, the southerly side of, between San Bruno avenue and Vermont street, shall be eight (8) feet.

The northerly curb line on Army street between San Bruno avenue and Vermont street shall extend in a straight line between said points, distant 48 feet northerly from and parallel to the southerly curb line.

The width of sidewalks on Army street between Vermont street and Water Front street shall be eight (8) feet.

Section 2. Any expense cause by the above change of walk widths shall be borne by the property owners.

Section 3. This ordinance shall take effect immediately.

Also, Bill No. 4982, Ordinance No. — (New Series), as follows:

Amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, by adding thereto a new section to be numbered Seven Hundred and Twelve.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, be and is hereby amended in accordance with the communication of the Board of Public Works, filed in this office June 20, 1918, by adding thereto

a new section to be numbered Seven Hundred and Twelve, to read as follows:

Section 712. The width of sidewalks on Pardee alley between Grant avenue and Kramer place shall be six (6) feet nine (9) inches.

Section 2. Any expense caused by the above change of walk widths shall be borne by the property owners.

Section 3. This ordinance shall take effect immediately.

Also, Bill No. 4983, Ordinance No. — (New Series), as follows:

Amending Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, by amending Section Four Hundred and Fifty-eight thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Ordinance No. 1061, entitled "Regulating the Width of Sidewalks," approved December 18, 1903, be and is hereby amended in accordance with the communication of the Board of Public Works, filed in this office June 17, 1918, by amending Section Four Hundred and Fifty-eight thereof to read as follows:

Section 458. The width of sidewalks on Circular avenue, the northwesterly side of, between Havelock street and Sunnyside avenue shall be eight (8) feet.

The width of sidewalks on Circular avenue, the northwesterly side of, between Sunnyside avenue and its northeasterly termination shall be nine (9) feet.

The width of sidewalks on Circular avenue, the southeasterly side of, between Havelock street and its northeasterly termination are hereby dispensed with and abolished.

Section 2. Any expense caused by the above change of walk widths shall be borne by the property owners.

Section 3. This ordinance shall take effect immediately.

Intention to Change Grades.

Supervisor Welch presented:

Resolution No. 15824 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at points and elevations above City base, in accordance with Resolution No. 59079 (Second Series) of the Board of Public Works adopted June 7, 1918, and written recommendation of said Board, filed June 8, 1918, to-wit:

On Grafton avenue between Faxon and Ashton avenues and on Jules avenue between Lake View avenue and a line parallel with Grafton avenue and 350 feet northerly therefrom.

The Board of Supervisors hereby

declares that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—17.

Absent—Supervisor Wolfe—1.

Recommended.

The following resolution was presented by Supervisor Welch and, on motion, ordered *recommended to the Streets Committee*:

Cancellation of Contract for Improvement of Corbett Avenue.

Supervisor Welch presented:

Resolution No. — (New Series), as follows:

Whereas, H. Crummey, Inc., on June 11, 1918, filed a petition with the Board of Public Works requesting to be released from contract to improve Corbett avenue from Caselli avenue and Clayton street to Twenty-third street, awarded on August 3, 1917, by Resolution No. 54363, and

Whereas, The City Engineer on June 17, 1918, recommended to the Board of Public Works that the Board of Supervisors be advised that there is no objection from his office to the cancellation of the contract; therefore be it

Resolved, That the contract entered into between H. Crummey, Inc., and the Board of Public Works of the City and County of San Francisco August 3, 1917, for the improvement of Corbett avenue from Caselli avenue and Clayton street to Twenty-third street be and the same is hereby canceled and annulled.

Extension of Time.

Supervisor Welch presented:

Resolution No. 15825 (New Series), as follows:

Resolved, That D. J. Counihan is hereby granted an extension of ninety days from July 3, 1918, within which to complete contract for grading and sewerage Missouri street, from Twentieth street to a line 624.5 feet southerly therefrom.

This *second* extension of time is granted for the reason that the work has been delayed, due to the Western Pacific Company not signing contracts for the sewer outlet necessary to con-

nect the sewer in D. J. Counihan's contract with the existing sewer.

The contractor has promised to start his grading within the next two weeks, should the extension be granted.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—17.

Absent—Supervisor Wolfe—1.

Also, Resolution No. 15826 (New Series), as follows:

Resolved, That the Fay Improvement Company is hereby granted an extension of ninety days from and after July 18, 1918, within which to complete contract for grading, curbing and paving Division street between San Bruno avenue and termination of King and De Haro streets; Eighth street between Townsend and Division streets and Townsend street between Eighth and Division streets, etc., and crossings.

This first extension of time is granted for the reason that no work has been done under this contract, owing to the fact that certain realignment of the tracks on this street has not been made by the railroad company.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—17.

Relative to Exchange of Lands in Marina Boulevard.

Supervisor Welch presented:

Resolution No. — (New Series), as follows:

Whereas, By Resolution No. 14584 (New Series), duly adopted by this Board of Supervisors on the 16th day of July, 1917, and approved by its Mayor on the 18th day of July, 1917, this Board of Supervisors authorized and directed said Mayor and the Clerk of said Board of Supervisors to execute in the name of the City and County of San Francisco a deed conveying to Herbert E. Law, Hartland Law Virginia Vanderbilt, Adele Lille, A. O. Steward, Edward G. Ring, Pacific Gas and Electric Company, a corporation; James Moffitt Estate

Company, a corporation, and Panama-Pacific International Exposition Company, a corporation, all of the right, title and interest of the City and County of San Francisco, in and to the real property therein more particularly described, which real property formerly constituted certain parts of Pierce, Steiner, Fillmore, Francisco Bay, North Point, Beach and Jefferson streets, and which have since been duly and regularly closed and abandoned pursuant to law; and,

Whereas, The real property which said Pacific Gas and Electric Company has offered to convey to said City and County for new streets to be dedicated to public use and convenience as recited in said Resolution No. 14584 (New Series), is subject to the lien of certain mortgages or deeds of trust executed by said Pacific Gas and Electric Company or its predecessors in estate in the order of priority hereinafter specified; and,

Whereas, In order for said Pacific Gas and Electric Company to grant unto said City and County of San Francisco good title to said real property to be conveyed by said Pacific Gas and Electric Company for new streets as aforesaid, it will be necessary that said Pacific Gas and Electric Company secure from the trustees under said mortgages or deeds of trust releases of such property from the lien of said mortgages or deeds of trust; and,

Whereas, Said trustees, at the request of said Pacific Gas and Electric Company, are about to execute and deliver to said City and County of San Francisco good and valid releases from the lien of said mortgages or deeds of trust of said property to be embraced within said new streets to be conveyed by said Pacific Gas and Electric Company to said City and County as aforesaid, and said Pacific Gas and Electric Company desires that the property to be acquired by it hereunder be first subjected to the lien of the same mortgages or deeds of trust and in the same order of priority as the property to be conveyed by it to said City and County of San Francisco for new streets as aforesaid; now, therefore,

Be it Resolved, by said Board of Supervisors that said Resolution No. 14584 (New Series) be and the same is hereby amended in the following respects, to-wit:

That all of those portions of the abandoned public streets referred to in said Resolution No. 14584 (New Series), which are, pursuant to the terms of said last-mentioned resolution as originally adopted, to be conveyed by said City and County of San Francisco, acting by its Mayor and the Clerk of its Board of Supervisors,

unto said Pacific Gas and Electric Company, be conveyed unto the Union Trust Company of San Francisco, a corporation organized under the laws of the State of California, as trustee, to be held by it upon the uses and trusts created by and declared in that certain mortgage or deed of trust, bearing date the 4th day of September, 1900, and recorded in the office of the County Recorder of the said City and County of San Francisco in Book 1880 of Deeds, at page 278, and in Book 1277 of Mortgages, at page 148, and in Book 96 of Personal Property Mortgages, at page 335, and recorded in the office of said County Recorder in Book 9 of Mortgages, at page 1, and in Book 1 of Personal Property Mortgages, at page 261, which was executed by the Pacific Gas Improvement Company, a corporation duly organized and existing under and by virtue of the laws of the State of California, to said Union Trust Company of San Francisco, as trustee, and also, subject to the lien, charge and operation of the aforesaid mortgage or deed of trust, upon the uses and trusts created by and declared in that certain mortgage or deed of trust, bearing date the first day of November, 1903, and recorded in the office of the County Recorder of said City and County of San Francisco, in Book 2031 of Deeds, at page 1, and in Book 1353 of Mortgages, at page 176, and in Book 139 of Personal Property Mortgages, at page 96, and thereafter re-recorded in the office of said County Recorder in Book 9 of Mortgages, at page 19, and in Book 2 of Personal Property Mortgages, at page 311, which was executed by the San Francisco Gas and Electric Company, a corporation organized under the laws of the State of California, to said Union Trust Company of San Francisco, as trustee, and, also, subject to the lien, charge and operation of each of the aforesaid mortgages or deeds of trust, upon the uses and trusts created by and declared in that certain General and Collateral Trust Mortgage, bearing date the 2nd day of January, 1906, and recorded in the office of said County Recorder in Book 1423 of Mortgages, at page 219, and thereafter re-recorded in the office of said County Recorder in Book 7 of Mortgages, at page 64, which was executed by said Pacific Gas and Electric Company to said Union Trust Company of San Francisco, as trustee, and subject to the lien, charge and operation of each of the aforesaid mortgages or deeds of trust; to Bankers Trust Company, a New York corporation, and Oscar Ellinghouse, as trustees, to be held by them upon the uses and trusts created by

and declared in that certain General and Refunding Mortgage, bearing date the first day of December, 1911, and recorded in the office of said County Recorder in Book 230 of Mortgages, at page 219, which was executed by said Pacific Gas and Electric Company to said Bankers Trust Company and Frank E. Anderson, as trustees, and, subject to the lien, charge and operation of all of the aforesaid mortgages or deeds of trust, unto said Pacific Gas and Electric Company, its successors and assigns; and,

Be it Further Resolved, That this Board deems that equity requires that the real property formerly embraced within the street so closed and abandoned as aforesaid be conveyed in accordance with the terms of said Resolution No. 14584 (New Series), as amended by this resolution; and,

Be it Further Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute, in the name of the City and County of San Francisco, a deed conveying unto the property owners hereinbefore named and also unto said Union Trust Company of San Francisco, Bankers Trust Company and Oscar Ellinghouse, in accordance with the provisions of said Resolution No. 14584 (New Series), as hereby amended, the real property formerly embraced within the streets closed and abandoned as hereinbefore recited; and,

Be it Further Resolved, That said Resolution No. 14584 (New Series), as hereby amended, be and the same is hereby readopted and continued in full force and effect.

Passed for Printing.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

TUESDAY, JUNE 25, 1918, 8 P. M.

In Board of Supervisors, Tuesday, June 25, 1918, 8 p. m.

The Board of Supervisors met pursuant to adjournment for the purpose of continuing the hearing on the Report of the Special Committee on Garbage Disposal.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Labaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr—16.

Communications.

The following was presented and read by the Clerk and referred to Finance Committee:

D. O. Lively Stock Farm Withdraws Bids.
Special Committee on Garbage Disposal, Honorable Board of Supervisors, City and County of San Francisco, Cal., Hon. A. J. Gallagher, Chairman.

Gentlemen: On two occasions, under conditions as they then existed, we offered to take over and operate the old incinerating plant now used by the Sanitary Reduction Company.

These offers, so far as they pertain to the further use of the old incinerator, are now withdrawn.

Yours very truly,

D. O. LIVELY STOCK FARM, INC.
By D. O. LIVELY, Pres.

Privilege of the Floor.

J. J. Eppinger, representing Restaurant Men's Association, was granted the privilege of the floor and addressed the Board. He said, in part: "We have always practiced segregation. We have no comment to make on that policy. We have always practiced segregation not only because of sanitation, but also because it was to our interest to do so. We have been in the habit of salving the wet garbage and paying to have the dry garbage and rubbish hauled away. So restaurants have lived up to the policy of conservation to the highest extent.

"The only reason for the minority

report which requires restaurant garbage to be disposed of in the same manner as household garbage is for the purpose of making an attractive proposal to bidders, but it is a confiscation of our property.

"The restaurant men want the Board of Supervisors to adopt the majority report. Restaurant garbage does not present a problem. There is no reason, therefore, for the city to interfere with present methods. There is no reason that can be urged for placing restaurants in the same class as householders. If it is done it will be an unjust confiscation of our property."

Albert Lobe, representing Northern California Hotelmen's Association, also addressed the Board. He said, in part: "I represent sixty members of the Northern California Hotelmen's Association, comprising the San Francisco section, and we wish to give our unqualified endorsement to the position taken by the restaurant-keepers of San Francisco. Of the sixty hotels I represent, many, in fact all of the larger ones, unqualifiedly take the same position as the restaurant men, and we are among the largest taxpayers of the city."

Al. Herbert, member of the Restaurant Men's Association and Northern California Hotelmen's Association, said, in part: "Besides the hotel, and restaurant business, I am also interested in the hog-raising business. Hogs to the value of \$30,000, in the vicinity of San Francisco, are being fed on this garbage. Wet garbage could not be put to better use. We feel that our property rights will be taken away from us by the adoption of the minority report."

E. J. Clinton, representing the Clinton Cafeteria, said, in part: "I am feeding 250 hogs from the garbage taken from my place of business. I consider my garbage my private property. We feed about 475 people per day and have about a ton of garbage."

C. A. Compton said that he conducted a dairy lunch on Kearny street, near the Chronicle building, and had about 500 pounds of garbage each day for which he gets \$20 per month and that he pays about the

same amount to have the dry garbage taken away. "I would be satisfied," he said, "that the city take my garbage and rubbish, provided it is handled in the same sanitary, cleanly and convenient manner as to its collection as it is at present by private parties and scavengers."

Walter McGovern, representing the Cobswell Corporation, said, in part: "We have a modern reduction plant for the profitable and sanitary reduction of garbage and are the owners of a patented process by which grease, glycerine and alcohol are extracted from garbage. This is the highest use to which the city's garbage can be put. Grease, glycerine and alcohol are greatly needed by the government in its prosecution of the war.

"Your committee saw the operation of the Cobswell plant at Los Angeles. This method reduces to a minimum the danger of pestilence and disease and is the modern and sanitary way of disposing of swill and garbage. A plant large enough to handle the garbage of San Francisco would cost about \$750,000, but we would not be justified in making this investment unless we get all the garbage of San Francisco, including the hotels and restaurants. We would, therefore, consider it unfair to us if hotels and restaurants are omitted from the ordinance and we shall take matter into court if we think our proposal has not received proper consideration.

"We do not agree with the City Attorney that the Supervisors have the right to exclude restaurants and hotels. The courts of the State have held that the municipality has the legal right to take swill and garbage from restaurants for sanitary reasons and to dispose of it.

"Our method is the most sanitary—there is absolutely no odor and it makes for economic conservation. The city receives the revenue and profits by the erection of a reduction plant in San Francisco."

Richard Schmidt agreed to take garbage unsegregated, to have it segregated himself, and use the dry for a sanitary fill. He said he would bid for the garbage along those lines.

T. Fitzpatrick, representing the Scavengers' Union, declared that the scavengers had considered this question at their meetings and informed him that they had unanimously decided against segregation on the ground that they did not want to increase the cost of their service to the householder.

Motion.

Supervisor McLeran moved to adjourn until Friday night.

Amendment.

Supervisor Brandon moved as an

amendment that the subject-matter be made a Special Order of Business for 3 o'clock Monday afternoon.

Amendment carried.

ADJOURNMENT.

Whereupon, the Board, at the hour of 12:05 p. m., adjourned.

J. S. DUNNIGAN,

Report of Public Utilities Committee on Joint Use of Tracks West of Twin Peaks Tunnel.

San Francisco, July 1, 1918.

Board of Supervisors.

Gentlemen: Your Committee on Public Utilities to which was referred the communication of the City Engineer of June 15, 1918, relative to a proposed agreement with the United Railroads providing for the joint operation of certain tracks in Sloat boulevard, Ocean avenue and Taraval street and recommending the entering into such agreement on the part of the City, begs leave to report that we had a meeting at which various interested citizens appeared and were heard, also that a conference was held at the Mayor's office which was participated in by the Mayor, City Engineer, City Attorney, the members of this committee and others. After such hearing and conference the committee unanimously favored the entering into an agreement substantially as proposed and to that end herewith presents a resolution directing the City Engineer and the City Attorney to prepare such agreement and to submit the same to this Board for its consideration.

Respectfully submitted,

EDWARD I. WOLFE,

ANDREW J. GALLAGHER,

E. J. BRANDON,

RICHARD J. WELCH,

JOSEPH MULVIHILL,

Report of Joint Committee on Commercial Development, Public Utilities, Finance and Streets on Transportation to Hunter's Point.

The following report was presented, read and *approved*:

San Francisco, July 1, 1918.

Board of Supervisors.

Gentlemen: Pursuant to Resolution No. 15626 (New Series), the Committee on Commercial Development, Public Utilities, Finance and Streets have investigated the problem of providing transportation to Hunter's Point. The Committee find that the Emergency Fleet Corporation is financing the construction of repair shops, wharves and docks at Hunter's Point and that several thousand men will be employed there as a result of the installation of this plant.

The proposed shops will be approximately two miles from the nearest existing transportation and to provide quick and adequate transportation for the employees of this plant it will be necessary to construct and operate a street railway. It is proposed that this railway which will serve to facilitate the war work of the United States Government shall be so constructed that freight may be transported thereon also.

The construction and operation of this road is so vital to war projects that the Emergency Fleet Corporation will provide an appropriation sufficient to construct same, it being understood that at the termination of the war, or at such time thereafter as may develop, the City and County of San Francisco will take over the street railway at an appraisement to be made at the time the Government or its agent so requires.

To co-operate with the United States Government to the fullest extent and to expedite the installation and operation of this railway, the Commercial Development, Public Utilities, Finance and Streets Committees recommend the adoption of a resolution printed on today's calendar, authorizing his Honor the Mayor to enter into negotiations and make agreement as to terms and conditions under which the municipality will co-operate with the government officials in this desirable project.

It is of the utmost importance to San Francisco and its future development, that projects of this kind be indorsed and every effort be made to bring about the establishment of additional industries, the employment of workmen and the consequent home building which follows steady employment.

The plans and estimates for the proposed road will be prepared by the City Engineer and the engineer designated by the Emergency Fleet Cor-

poration. When these plans are completed they will be submitted to this Board for approval and the Mayor will then proceed to enter into the agreement hereby authorized for the ultimate ownership of the road and for the operation thereof.

Respectfully submitted,

Referred to Supplies Committee.

Report of Special Committee on Garbage Disposal.

The following, laid over from last week, was taken up:

San Francisco, June 10, 1918.

To the Honorable the Board of Supervisors—

Gentlemen: Your Special Committee delegated by you to the investigation of and recommendation upon the subject of garbage disposal begs leave to submit the following progressive report:

Your Committee has held many meetings on this subject, and has heard the opinions and protests of the representatives of Restaurant Men's Assn., Apartment House Owners' Assn., Civic League of Improvement Clubs, Building Owners' and Managers' Assn., Scavengers' Union, attorneys and other representing interests desiring to bid upon and receive the contract for disposal of the city's garbage. In addition, all of the members of this Committee have made an investigation of the system of collection and disposal now prevailing in

the City of Los Angeles, as well as that obtaining in other cities.

On March 28, 1918, we reported, and you adopted the following:

"Acting on the recommendation of Dr. Hassler and E. P. Jones, who were appointed at the preceding meeting to report on all disposal propositions submitted to this Board prior to January 1, 1918, it was unanimously agreed that there would be no further consideration of these proposals. None of these proposals were prepared with a view to conservation, and inasmuch as conservation along all lines is one of the greatest necessities of the present time, the propositions submitted previous to this year failing to meet the changed conditions."

Your Committee attached itself to the problem with an idea of obtaining the highest possible modern method of disposal, and considered carefully the element of possible revenue to the city. In addition, we have considered the subject of segregation of garbage, and the municipalization of both the collection and disposal of garbage and rubbish. We are advised by governmental experts and agents that it is of the utmost importance at this time, and will be for some years to come, that all cities of over 100,000 inhabitants obtain from garbage, by reduction or other process, all the food values that remain. Your Committee gladly acquiesces in this highly patriotic idea, and has practically determined on a policy of conservation.

On the question of whether it is better to reduce the garbage, and by reduction obtain from it the soap fats, glycerine, alcohol and tankage, or whether it is better to feed the hogs the so-called wet garbage for the raising of pork, is an undetermined question either by your committee or by the government experts on the subject.

Incineration: It is practically conceded that so far as general refuse is concerned, incineration of all except the combustible rubbish has now become an antiquated method. At least it is conceded that to destroy possible food values by burning is an unwarranted waste, and therefore your committee has, so far as wet garbage is concerned, discarded any thought of incineration of same.

Dumping the Garbage: In the same manner and for the same reason, your Committee has, so far as wet garbage is concerned, discarded any idea of permitting, or recommending that it be permitted, the dumping of this valuable by-product in the ground, with the feeling that that also would be waste, but with the further idea that non-combustible rubbish and ashes could be used for that purpose.

Segregation: Your Committee has decided upon and recommends to your Honorable Board in favor of a policy of segregation of refuse at the household. This can be accomplished without any additional cost to the householder, and after separation there will be, according to the reports in our hands, approximately 150 tons of wet garbage for utilization for future food products. The containers which are now used by the average householder for garbage may be retained for wet garbage, and the householder can be permitted to use whatever receptacle to them seems best for depositing the dry rubbish or refuse.

Collection and Scavengers: Your Committee has given serious consideration to the subject of municipal collection of garbage and is in favor of same, but deems that this is an inadvisable time in which to embark in that enterprise, as well as we deem it inadvisable at this time to recommend municipal disposal of garbage and rubbish. We have, however, given consideration to the use of the incinerator recently built for the city and located in Islais Creek, and we are disposed to feel that the way has been pointed out to the scavengers whereby the cost of collection of garbage and rubbish can be cheapened, and that they might profitably use the Islais Creek Incinerator for combustible rubbish, and at a profit to the city. In regard to the present incinerator at Rhode Island and De Haro streets, operated by the Sanitary Reduction Works, your Committee is of the opinion, except for some proposition which may change our views, that that plant is a thing of the past, a nuisance, and that its abolition would be a highly desirable proposition.

Restaurants and Hotels: Your Committee has deemed it advisable in the recommendations herewith made, and which hereafter follow, to exclude the garbage from the restaurants and hotels from the provisions of a proposition for bids, and for this reason: The down-town restaurants and hotels now obtain a revenue from this source; it is estimated that they receive approximately \$5.00 a ton for 100 tons of garbage a day. The garbage of these places is segregated in the highest possible degree, and is now being used for feeding hogs. The elimination of hotels and restaurants from the provisions of a proposal for bids will permit them to continue their present method of segregation and disposal, and will not violate the contract which they now have running over a period of from six months to two years covering same.

Time of Contract: Your Committee

is of the opinion that any contract for the disposal of garbage, in view of the extraordinary conditions surrounding the nation at this time, covering a period of more than ten years would be a mistake, but believes that a ten-year period would be a very safe period on which a contract might be let.

Propositions Involving Building Plants That Will Become City Property: Your Committee has given much consideration to proposals involving a contract calling for the building of plants to be used by the contractors in the disposal of garbage for a period of time and then becoming the property of the city at the expiration of said contracts. It must be obvious to you that, while these propositions are alluring on their face, acceptance of same would be a mistake, for the reason that the contractor during the period of his contract would obtain all the profits out of the reduction or other method of disposal of garbage and rubbish, and the city would obtain at the end of the period a plant probably obsolete, but at least depreciated to a very considerable extent. It has occurred to your Committee and must occur to you that if contractors can bid for garbage disposal based upon making out of investments running all the way from half a million to a million dollars, that profit, by the time their contract expires, it would be good financial policy for the city to make this profit during that period, and avoid the necessity of taking over a probably obsolete or depreciated plant at the end of the contract period.

Until such time as the bids are before us, your Committee, of course, cannot recommend definitely what propositions may be accepted. We have before us, however, in tentative form, the following propositions: From—

Cobwell Corporation, agreeing to build necessary plants for disposing of city's waste and agreeing to turn said plants over to the city at the end of 20 years. It was estimated by the representatives of the Cobwell people that said plant would cost in the neighborhood of \$750,000.

In this connection your Committee desires to say that, in addition to Dr. Hassler and Mr. Jones, Supervisors Wolfe, Mulvihill and Gallagher took advantage of their attendance at the Supervisors Convention at Los Angeles, to make a thorough inspection of the Cobwell plant and system. It is only fair to say in this connection that the almost complete absence of odor and nuisances attached to this plant was remarkable. The Cobwell system consists of a secret reduction

process, by which all of the values are obtained from the garbage and rubbish. This system, so we are informed, is the last word in reduction process, and we found the plant up to date, almost odorless, and in splendid running order.

D. O. Lively, submitting tentative proposal to dispose of garbage without cost to scavengers, pay the city in addition for the privilege of disposal and purchase, the Islais Creek Incinerator for \$195,000.

William H. Williams, Jr., offering to dispose of all garbage and street sweepings if he were paid \$10,000.00 a month and allowed to operate the plant owned by the city.

Your Committee has had the benefit of a special report from a subcommittee, consisting of Dr. Wm. C. Hassler and E. P. Jones of the City Engineer's office, and have to some extent been guided by the recommendations contained in their report.

Recommendations: As noted above, we have recommended that the Board decide in favor of a policy of segregation of garbage. Having so decided in the matter of policy, your committee will then have prepared for submission to the Board, ordinances for your approval, carrying out the details of said policy.

It is further recommended, that the Clerk be directed to advertise proposals for bids for disposing of the garbage of the City and County of San Francisco, excluding, as above noted, hotels and restaurants.

Respectfully submitted,

ANDREW J. GALLAGHER,
E. P. JONES,

Asst. City Engineer,

EDWARD I. WOLFE,
JOSEPH MULVIHILL,
WM. C. HASSLER,

Health Officer,

Special Committee on Garbage Disposal.

Note:

As a member of the Special Garbage Committee I concur in all of the recommendations of the Committee, with the following exceptions:

Under paragraph *Restaurants and Hotels*, page 3: I do not concur in the recommendation that the garbage of the hotels and restaurants be eliminated, as this deprives the City of a revenue that would amount to over \$100,000.00 per annum.

Recommendation, page 5: Under this paragraph I do not concur with the Committee in excluding hotels and restaurants in the calling for proposals for the disposal of garbage, and recommend that proposals be called for disposal of *all of the garbage of the city*.

JOSEPH MULVIHILL,

Supervisor.

Motion.

The question being on the motion of *Supervisor Mulvihill* that the minority report be substituted for the majority, *Supervisor Power* moved as a substitute for the whole that bids for two propositions be asked: First, for all garbage; second, for all garbage excepting restaurants, hotels and apartment houses.

Privilege of the Floor.

Dr. Hassler, Health Officer, said he thought it a mistake to include apartment houses in the same classification as restaurants and hotels. Ninety per cent, and probably ninety-eight per cent, of the garbage cans in the city, he said, were furnished and paid for by the garbage men.

Geo. Skaller, representing the Civic League and certain apartment house owners, suggested that the ordinance be so drawn that the contractor who may be awarded contract for garbage disposal be required to provide extra garbage cans.

Mr. Pembroke, representing the Apartment House Owners' and Managers' Association, said: "In our communication to the Board we raised the question of law: When does our property rights in the garbage removed from our premises cease and when does the city's begin? Can we be compelled to pay for the removal of garbage that does not belong to us?"

Walter McGovern, attorney, representing the Cobswell Corporation, requested permission to withdraw a statement made by him at the last meeting to the effect that his client would consider it unfair if called upon to bid on a proposition for garbage disposal in which hotel and restaurant garbage is eliminated.

"We are willing to submit," he said, "a conditional bid to the Board which the Board need not bind itself to accept."

Substitute Defeated.

Whereupon, the question being taken on Supervisor Power's motion, the same was defeated by the following vote:

Ayes—Supervisor Hynes, McSheehy, Nelson, Power, Schmitz—5.

Noes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, Mulvihill, Suhr, Welch, Wolfe—13.

Supervisor Brandon's Amendment Defeated.

Supervisor Brandon moved as an amendment that bids be asked for (1) all the garbage, (2) all the garbage except hotels and restaurants.

Motion defeated by the following vote:

Ayes—Supervisors Brandon, Hynes,

McSheehy, Mulvihill, Nelson, Power, Schmitz, Welch—8.

Noes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, Suhr, Wolfe—10.

Minority Report Defeated.

Whereupon, the question being taken on Supervisor Mulvihill's minority report, the same was *defeated* by the following vote:

Ayes—Supervisors Hynes, Mulvihill, Schmitz—3.

Noes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, McSheehy, Nelson, Suhr, Welch—15.

Majority Report Adopted.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Suhr, Welch, Wolfe—17.

No—Supervisor Schmitz—1.

Explanation of Vote.

Supervisor Schmitz explained his vote by saying that he was in favor of segregation, but not in favor of segregation that discriminates.

DELIVERY OF ASSESSMENT ROLL 1918-1919.

The Chair announced that Assessor Ginty had this day delivered to the Clerk of the Board of Supervisors the Assessment Roll of the fiscal year 1918-1919, describing real estate secured personal property and unsecured personal property, together with indices thereto; also that the Assessor had filed the list of arbitrary assessments, separate from the Assessment Book, as required by Section 3633 of the Political Code of the State of California.

Assessor's Report on Assessment Roll for 1918-1919.

The following was presented, read and ordered *spread in the Journal*: Hon. Board of Supervisors, San Francisco, Cal.

Gentlemen: I have this day delivered to the Clerk of your Board the assessment rolls of the city.

The assessment of non-operative property, subject to city taxes, is as follows:

On land	\$297,944,420
On improvements	183,202,842
Personal property	80,720,520
Total	\$561,867,782

Compared with last year's roll, assessment of land decreased \$4,356,890; improvements increased \$2,885,582; personal property increased \$8,835,582. As will be seen land pays 53 per cent of the total taxes; improvements 33 per cent and personal property 14 per cent.

The large increase in personal property assessment is due to larger statements voluntarily returned by merchants for higher priced stock of merchandise carried.

The assessment of land in some cases is high if compared with late sales. There has been no general appraisalment of land since 1912 and conditions have changed since that appraisalment was made. Owing to insufficient appropriation and disregard of my estimates of the work to be done, investigations that should be made, cannot be made, resulting sometimes in a loss of taxes or an excessive assessment of property.

New York City has one appraiser for each 7,000 lots; San Francisco has three appraisers for 134,000 lots.

The operative roll subject to State taxation on which the city only receives a refund from the State to pay interest and redemptions on city bonds outstanding November 8th, 1910, is as follows: Land, \$9,324,010; improvements, \$5,266,120; personal property and franchises, \$209,423,231, or a total of \$224,013,361; a loss of \$13,722,889 due to lower assessment of franchises by the State Board of Equalization.

The total assessment of operative and non-operative property is as follows:

Land	\$307,268,430
Improvements	188,468,962
Personal property	290,143,751
Total	\$785,881,143

A net loss of \$6,308,615.

The non-operative roll decreased during the year \$628,000 on account of real estate and improvement assessments transferred to the operative roll by public service corporations, \$305,000 for real estate purchased by the city, \$395,000 real estate purchased by the State and \$2,179,360 of impounded money, invested in non-taxable liberty bonds.

Respectfully yours,

JOHN GINTY, Assessor.

Proceedings of the Board of Equalization.

Whereupon, the Board of Supervisors resolved itself into a Board of Equalization and the following resolutions were presented and *adopted*:

Sessions of the Board of Equalization.
Resolution No. 15837 (New Series), as follows:

Resolved, That the Board of Supervisors, having met on this (Monday) afternoon, July 1, 1918, and examined the Assessment Books of Real and Personal Property for the year 1918, will thereafter be in session as a Board of Equalization from time to time until Monday, July 15, 1918, at 12 o'clock noon, for the purpose of hearing applications, verified by oath.

for the correction of assessments on said assessment books.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—18.

Fixing July 9, 1918, for Hearing Applications.

Resolution No. 15838 (New Series), as follows:

Resolved, That this Board shall meet on Tuesday, July 9, 1918, at 2 o'clock p. m., as a Board of Equalization, to examine applicants for reduction of assessments who have filed sworn applications as required by law, and to perform such other duties as may come before said Board.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—18.

Notification Rule.

Resolution No. 15839 (New Series), as follows:

Adopting a rule as to the manner in which persons, firms, companies and corporations are to be notified why their assessments for the fiscal year 1918-1919 should not be increased by the Board of Supervisors sitting as a Board of Equalization.

Resolved, That it is hereby adopted as a rule of this Board that the notice required to be given under the provisions of Section 3673 of the Political Code to corporations or persons to show cause why their assessments on the assessment book of real and personal property for the fiscal year 1918-1919 shall not be increased, will be as follows:

To corporations: A written or printed notice addressed to the president, secretary or managing agent of each corporation and delivered by the sergeant-at-arms of this Board at the office of such corporation in this city.

To persons, firms or companies: A written or printed notice, postage prepaid and mailed to their address.

The Clerk is hereby directed to cause to be delivered or mailed to the several corporations, persons, firms or companies, when designated by this Board, the said notice at least twelve (12) hours prior to the time set for hearing said parties as aforesaid.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—18.

Whereupon, the Board resumed its

session as a Board of Supervisors and the following matters were taken up:

UNFINISHED BUSINESS.

Final Passage.

The following matters heretofore passed for printing were taken up and finally passed by the following vote:

Pound Ordinance Amended.

Bill No. 4980, Ordinance No. — (New Series), as follows:

Amending Section 8 of Ordinance No. 3276 (New Series), entitled "To Provide a Public Pound and to Make Necessary Rules and Regulations in the Matter of Animals Running at Large, and for the Custody and Destruction of the Same."

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. That Section 8 of Ordinance No. 3276 (New Series) is hereby amended to read as follows:

Section 8. The poundkeeper shall seize and impound every dog found without a license upon any highway, or street, or alley, or court, or place, or public square or public grounds, or enclosure within the City and County of San Francisco, except such as are exempted under the provisions of Section 5 of Ordinance No. 3277 (New Series), when such dogs are kept within a sufficient enclosure, or led on a leash.

Section 2. This Ordinance shall take effect immediately.

Dog Licenses.

Bill No. 4981, Ordinance No. — (New Series), as follows:

Amending Sections 1 and 4 of Ordinance No. 3277 (New Series), entitled "Imposing a License on Dogs."

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. That Section 1 of Ordinance No. 3277 (New Series) is hereby amended to read as follows:

Section 1. Every person owning, keeping or having control of any dog within the City and County of San Francisco shall pay an annual license of two dollars (\$2.00) for each dog so owned, kept or controlled. Such animal license shall be for the fiscal year or any part thereof during which any such dog is so owned, kept or controlled, and shall be payable in advance.

Section 2. That Section 4 of Ordinance No. 3277 (New Series) is hereby amended to read as follows:

Section 4. If any such license tag shall be lost or stolen, the person owning, possessing or having control of the dog for which the same was issued shall be entitled to receive a duplicate of such tag by presenting to the Poundkeeper the original certificate showing ownership of such tag and subscribing to an affidavit sufficiently showing that such tag was lost or stolen. The Poundkeeper shall thereupon issue a written authorization which shall be presented to the Tax Collector, who, upon payment of fifty cents, shall issue a properly numbered duplicate tag. The Tax Collector shall keep on file in his office the original authorization issued by the Poundkeeper upon which said duplicate tags were issued.

Providing for Investigations as to the Improvement and Extension of the Municipal Railway System.

Bill No. 4984, Ordinance No. 4632 (New Series), as follows:

Providing for investigations as to the improvement and extension of the Municipal Railway system; making an appropriation for that purpose; and repealing Ordinance No. 4538 (New Series).

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Whereas, The City and County of San Francisco is the owner of a public utility, viz.: a municipal street railway system, and is now operating the same over and along certain streets in the City and County of San Francisco:

And, Whereas, The revenue of said

public utility will be increased and said street railway system will be improved by the extension thereof over other streets in said City and County;

And, Whereas, The United Railroads of San Francisco is the owner of another street railway system which it is now operating on streets in said City and County not occupied by the said Municipal Railway system;

And, Whereas, The acquisition by the City and County of San Francisco of the whole or a portion of said street railway system now owned by the United Railroads of San Francisco would constitute a valuable extension and improvement of the said existing Municipal Railway system; and it is therefore for the best interests of said City and County of San Francisco and its said Municipal Railway system that a thorough investigation be made by said City and County of the value of the said system of street railways owned and operated by said United Railroads of San Francisco; in order that it may be determined what portion, if any, of said system of street railways should be purchased by this City and County as an extension and improvement of its existing street railway system, and that the value thereof may also be determined.

Therefore, the Board of Public Works is hereby authorized, empowered and directed to cause to be made a thorough investigation of the condition and availability and appraisal of the value of the said street railway system owned by the said United Railroads of San Francisco for the purpose of ascertaining and determining what, if any, portion of said system of street railways should be purchased by the City and County of San Francisco as an addition and improvement to its existing system of street railways; and for the further purpose of determining the value of the portion of said street railways that it may be advisable to purchase. Said Board of Public Works is further authorized, empowered and directed to employ such expert and other assistance as it may need in making such investigation and appraisal; and to report its conclusions to this Board of Supervisors.

Section 2. The sum of fifteen thousand dollars (\$15,000) is hereby appropriated from the funds of the Municipal Railway system for the purpose of defraying the cost of the investigation, appraisal and report hereinabove in Section One (1) provided for.

Section 3. That certain ordinance passed by this Board of Supervisors of the City and County of San Francisco, on March 25, 1918, and approved

on the same date, and entitled, "Ordinance No. 4538 (New Series), declaring that the public interest demands the acquisition of the street railways operated by the United Railroads of San Francisco, and prescribing the methods of ascertaining the value thereof and directing the Board of Public Works to make such valuation," is hereby repealed.

Ayes—Supervisors Brandon, Deasy Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—18.

Auto Transfer Company Permit.

Resolution No. 15844 (New Series), as follows:

Resolved, That, pursuant to the provisions of Chapter 213 of the Statutes of the State of California, year 1917, permission is hereby granted to The Auto Transit Company to engage in the business of transporting persons for hire and to operate three (3) or more automobiles over the following streets of the City and County of San Francisco: Fifth street, Mission street, Market street and Eleventh street and such other streets as may be necessary by reason of any of the foregoing streets being obstructed or closed for repairs. That the fixed terminus between which the grantee is permitted to operate such vehicles are Fifth and Market streets, San Francisco, and Pacific avenue, Santa Cruz, Santa Cruz County, over the State Highway. That the vehicles to be used in the transportation are three (3) with a capacity of seven (7) passengers each. That the rights and privileges herein granted are for the term of five (5) years from date hereof, provided the same may be revoked or suspended by the Board of Supervisors in the manner provided by law. In the exercise of the privileges herein granted the grantee shall observe all the requirements of the ordinances of the City and County.

The cost of publication of this resolution shall be paid by the grantee.

Ayes—Supervisors Brandon, Deasy Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—18.

Relative to Exchange of Lands in Marina Boulevard.

Resolution No. 15845 (New Series), as follows:

Whereas, By Resolution No. 14584 (New Series), duly adopted by this Board of Supervisors on the 16th day of July, 1917, and approved by its Mayor on the 18th day of July, 1917, this Board of Supervisors authorized and directed said Mayor and the Clerk of said Board of Supervisors to execute in the name of the City and

County of San Francisco a deed conveying to Herbert E. Law, Hartland Law Virginia Vanderbilt, Adele Lille, A. O. Steward, Edward G. Ring, Pacific Gas and Electric Company, a corporation; James Mollitt Estate Company, a corporation, and Panama-Pacific International Exposition Company, a corporation, all of the right, title and interest of the City and County of San Francisco, in and to the real property therein more particularly described, which real property formerly constituted certain parts of Pierce, Steiner, Fillmore, Francisco, Bay, North Point, Beach and Jefferson streets, and which have since been duly and regularly closed and abandoned pursuant to law; and,

Whereas, The real property which said Pacific Gas and Electric Company has offered to convey to said City and County for new streets to be dedicated to public use and convenience as recited in said Resolution No. 14584 (New Series), is subject to the lien of certain mortgages or deeds of trust executed by said Pacific Gas and Electric Company or its predecessors in estate in the order of priority hereinafter specified; and,

Whereas, In order for said Pacific Gas and Electric Company to grant unto said City and County of San Francisco good title to said real property to be conveyed by said Pacific Gas and Electric Company for new streets as aforesaid, it will be necessary that said Pacific Gas and Electric Company secure from the trustees under said mortgages or deeds of trust releases of such property from the lien of said mortgages or deeds of trust; and,

Whereas, Said trustees, at the request of said Pacific Gas and Electric Company, are about to execute and deliver to said City and County of San Francisco good and valid releases from the lien of said mortgages or deeds of trust of said property to be embraced within said new streets to be conveyed by said Pacific Gas and Electric Company to said City and County as aforesaid, and said Pacific Gas and Electric Company desires that the property to be acquired by it hereunder be first subjected to the lien of the same mortgages or deeds of trust and in the same order of priority as the property to be conveyed by it to said City and County of San Francisco for new streets as aforesaid; now, therefore,

Be it Resolved, by said Board of Supervisors that said Resolution No. 14584 (New Series) be and the same is hereby amended in the following respects, to-wit:

That all of those portions of the abandoned public streets referred to in said Resolution No. 14584 (New

Series), which are, pursuant to the terms of said last-mentioned resolution as originally adopted, to be conveyed by said City and County of San Francisco, acting by its Mayor and the Clerk of its Board of Supervisors, unto said Pacific Gas and Electric Company, be conveyed unto the Union Trust Company of San Francisco, a corporation organized under the laws of the State of California, as trustee, to be held by it upon the uses and trusts created by and declared in that certain mortgage or deed of trust, bearing date the 4th day of September, 1900, and recorded in the office of the County Recorder of the said City and County of San Francisco in Book 1880 of Deeds, at page 278, and in Book 1277 of Mortgages, at page 148, and in Book 96 of Personal Property Mortgages, at page 335, and recorded in the office of said County Recorder in Book 9 of Mortgages, at page 1, and in Book 1 of Personal Property Mortgages, at page 261, which was executed by the Pacific Gas Improvement Company, a corporation duly organized and existing under and by virtue of the laws of the State of California, to said Union Trust Company of San Francisco, as trustee, and also, subject to the lien, charge and operation of the aforesaid mortgage or deed of trust, upon the uses and trusts created by and declared in that certain mortgage or deed of trust, bearing date the first day of November, 1903, and recorded in the office of the County Recorder of said City and County of San Francisco, in Book 2031 of Deeds, at page 1, and in Book 1353 of Mortgages, at page 176, and in Book 139 of Personal Property Mortgages, at page 96, and thereafter re-recorded in the office of said County Recorder in Book 9 of Mortgages, at page 19, and in Book 2 of Personal Property Mortgages, at page 311, which was executed by the San Francisco Gas and Electric Company, a corporation organized under the laws of the State of California, to said Union Trust Company of San Francisco, as trustee, and, also, subject to the lien, charge and operation of each of the aforesaid mortgages or deeds of trust, upon the uses and trusts created by and declared in that certain General and Collateral Trust Mortgage, bearing date the 2nd day of January, 1906, and recorded in the office of said County Recorder in Book 1122 of Mortgages, at page 219, and thereafter re-recorded in the office of said County Recorder in Book 7 of Mortgages, at page 64, which was executed by said Pacific Gas and Electric Company to said Union Trust Company of San Francisco, as trustee, and subject to the lien charge and operation of each of the aforesaid

mortgages or deeds of trust; to Bankers Trust Company, a New York corporation, and Oscar Ellinghouse, as trustees, to be held by them upon the uses and trusts created by and declared in that certain General and Refunding Mortgage, bearing date the first day of December, 1911, and recorded in the office of said County Recorder in Book 230 of Mortgages, at page 219, which was executed by said Pacific Gas and Electric Company to said Bankers Trust Company and Frank B. Anderson, as trustees, and, subject to the lien, charge and operation of all of the aforesaid mortgages or deeds of trust, unto said Pacific Gas and Electric Company, its successors and assigns; and,

Be it Further Resolved, That this Board deems that equity requires that the real property formerly embraced within the street so closed and abandoned as aforesaid be conveyed in accordance with the terms of said Resolution No. 14584 (New Series), as amended by this resolution; and,

Be it Further Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute, in the name of the City and County of San Francisco, a deed conveying unto the property owners hereinbefore named and also unto said Union Trust Company of San Francisco, Bankers Trust Company and Oscar Ellinghouse, in accordance with the provisions of said Resolution No. 14584 (New Series), as hereby amended, the real property formerly embraced within the streets closed and abandoned as hereinbefore recited; and,

Be it Further Resolved, That said Resolution No. 14584 (New Series), as hereby amended, be and the same is hereby readopted and continued in full force and effect.

Amending Dog License Ordinance.

On motion of Supervisor Hocks:

Bill No. 4994, Ordinance No. — (New Series), as follows:

Amending Section 4 of Ordinance No. 3277 (New Series), entitled, "Imposing a license on dogs."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That Section 4 of Ordinance No. 3277 (New Series) is hereby amended to read as follows:

Section 4. If any such license tag shall be lost or stolen, the person owning, possessing or having control of the dog for which the same was issued shall be entitled to receive a duplicate of such tag by presenting to the Poundkeeper the original certifi-

cate showing ownership of said tag and subscribing to an affidavit sufficiently showing that such tag was lost or stolen. The Poundkeeper shall thereupon issue a written authorization which shall be presented to the Tax Collector, who, upon payment of fifty cents, shall issue a properly numbered duplicate tag. The Tax Collector shall keep on file in his office the original authorization issued by the Poundkeeper upon which said duplicate tags were issued.

Section 2. This ordinance shall take effect immediately.

City Engineer to Confer With City Attorney and United Railroads Representative Relative to Joint Use of Tracks West of Twin Peaks Tunnel.

Supervisor Wolfe presented:

Resolution No. 15851 (New Series), as follows:

Whereas, the City Engineer on the 15th day of June, 1918, submitted to the Board of Supervisors a report on transportation for the district west of Twin Peaks and which report contains the general terms under which the city may use the tracks of the United Railroads of San Francisco on Taraval street between Twentieth and Thirty-third avenues and on Ocean avenue from Sloat and Junipero Serra boulevards to Harold avenue; and,

Whereas, the City Engineer has recommended that the city enter into an agreement with the United Railroads on the terms outlined; therefore, be it

Resolved, That the City Engineer be directed to confer with the City Attorney and the representatives of the United Railroads and to submit to this Board a complete agreement for the use of the tracks aforementioned.

Permit to Construct Shipping Platform, California Packing Corporation.

On motion of Supervisor Welch:

Resolution No. — (New Series), as follows:

Resolved, That California Packing Corporation be and is hereby granted permission, revocable at will of the Board of Supervisors to construct, on a portion of the areaway now existing on the easterly side of Hyde street sidewalk portion of the property of the California Packing Corporation from Beach street to Jefferson street, a shipping platform for use in facilitating the movement in relieving the congested warehouses to the docks, railroad stations and warehouses, of the product of the factory to the government and consumers. The said platform shall be laid to the satisfaction and under the supervision of the Board of Public Works in accordance with plans and specifications to be approved by the Board of Public Works.

Blasting Permit.

On motion of Supervisor Welch:

Resolution No. — (New Series), as follows:

Resolved, That J. P. Holland is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts while grading property situate on Twentieth street between Third and Tennessee streets; provided said permittee shall execute and file a good and sufficient bond in the sum of \$5,000 as fixed by the Board of Public Works and approved by his Honor the Mayor in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed

to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said J. P. Holland, then the privileges and all the rights accruing thereunder shall immediately become null and void.

The rights granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void.

Extension of Time.

Supervisor Welch presented:

Resolution No. 15883 (New Series), as follows:

Resolved, That Blanchard-Brown Co., is hereby granted the following extensions of time to complete street work, viz.:

Sixty days from and after July 15, 1918, within which to complete contract for the improvement of Vermont street between Alameda and Division streets, under public contract.

Thirty days from and after July 15, 1918, within which to complete contract for the improvement of Vermont street between Fifteenth and Alameda streets.

These first extensions of time are granted for the reason that the contractor was delayed owing to delay of the railroad company in placing their tracks on this street to the official grade.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—18.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Bus Service for City Land Association Tract and Ocean View.

Supervisor Power presented:

Resolution No. — (New Series), as follows:

Whereas, The owners of property in the City Land Association District were heavily assessed for the construction of the Twin Peaks Tunnel, and the transportation arrangements so far made do not afford any facilities to the great majority of the people living in that district, and,

Whereas, The residents of said district, as well as those of Ocean View and the patrons of the golf links in the Lake Merced property, who desire car service would warrant it as profitable and serviceable, therefore be it

Resolved, That the Public Utilities Committee make arrangements for bus line service on Junipero Serra boulevard from Sloat boulevard to Randolph street, the southerly boundary of the Twin Peaks Assessment District in the City Land Association Tract.

Referred to the Public Utilities Committee.

Arbitrary Assessments Increased.

Thereupon, the following resolution heretofore presented by Supervisor Schmitz and referred to the Judiciary Committee was taken up:

Whereas, Through the closing of many saloons, the city revenue has been greatly reduced, and

Whereas, Some of our wealthy citizens have been avoiding a fair payment of taxes upon their personal property, by having the same arbitrarily assessed, thereby also reducing the revenue the city should justly receive; therefore be it

Resolved, That in order to secure an

additional amount of revenue, which the city is justly entitled to, the Assessor be and he is hereby requested to increase the assessment of those arbitrarily assessed as follows:

First: For those arbitrarily assessed for the first time, an amount left to his discretion.

Second: For those who have been arbitrarily assessed before, an increase of at least triple the amount of what they were heretofore assessed arbitrarily.

Motion.

Supervisor Schmitz moved the adoption of the foregoing resolution.

Hearing of Objections.

Market Street Extension.

The following hearing, postponed from a previous meeting, proceeded:

Hearing of objections against the opening, extension and widening of Market street from its southwesterly termination at Ord street westerly, southwesterly, southerly, southeasterly, southerly and southwesterly to the northerly line of Twenty-fourth street,

as provided in Resolution of Intention No. 15535 (New Series).

Report of City Engineer.

To the Honorable the Board of Supervisors, San Francisco, Cal.

Gentlemen: Pursuant to Resolution No. 15750 of the Board of Supervisors adopted June 11, 1918, in which you request an estimate of cost of the acquiring of the necessary lands and improvements for the opening of a new street between Caselli avenue and Twenty-fourth street and Corbett avenue along the lines of the proposed Market Street Extension, I would state that I have had the necessary appraisals made and herewith submit an estimate of cost of the same. I might add, however, that the figures submitted are estimates only and there has been no negotiations with the various property owners along the proposed route and for this reason may be slight changes in the individual items but the totals will not be materially changed.

The cost of acquiring the necessary lands is.....	\$25,222.00
The cost of acquiring the improvements thereon is..	28,450.00

Or a grand total of.... \$53,672.00

Respectfully,

M. M. O'SHAUGHNESSY,

City Engineer.

Privilege of the Floor.

Jas. Nealon and M. Casey addressed the Board, the former in opposition to an assessment district, the latter favoring the proposed improvement.

Appropriation Out of County Roads Fund for Purchase of Right of Way.

Whereupon, the following resolution was presented by Supervisor Welch: Resolution No. — (New Series), as follows:

Resolved, That the sum of fifty-three thousand six hundred seventy-two dollars (\$53,672) be and the same is hereby set aside, appropriated and authorized to be expended out of County Road Fund for the acquisition of lands and improvements thereon for the opening of a new street along the lines of Falcon avenue from Caselli avenue to Twenty-fourth street and Corbett avenue.

Passed for printing by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortiek, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Welch, Wolfe—16.

Absent—Supervisors Hilmer, Suhr—2.

City to Pay Excess of \$10 per Front Foot for Improvements.

Supervisor Welch moved that it be the sense of the Board of Supervisors

that any assessment for improvement of proposed Market Street Extension in excess of \$10 per front foot of property liable therefor be paid for by the city out of the County Roads Fund.

Motion carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McSheehy, Mulvihill, Nelson, Fower, Schmitz, Welch, Wolfe—15.

No—Supervisor McLeran—1.

Absent—Supervisors Hilmer, Suhr—2.

Objections Sustained.

Whereupon, the following resolution was presented by Supervisor Welch and adopted by the following vote:

Resolution No. 15896 (New Series), as follows:

Resolved, That the objections of property owners to the opening, extension and widening of Market street from its southwesterly termination at Ord street, westerly, southwesterly, southerly, southeasterly, southerly and southwesterly to the northerly line of Twenty-fourth street, as provided in Resolution of Intention No. 15535 (New Series), be and the same are hereby sustained.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Welch, Wolfe—16.

Absent—Supervisors Hilmer, Suhr—2.

Motion.

Supervisor Welch moved that the Clerk be directed to prepare a resolution providing for the opening and widening of Market street from Caselli avenue to Twenty-fourth street.

Motion carried.

Payment of Salary of Side Sewer Men.

Supervisor Mulvihill requested that a member of the Board of Public Works be sent for for the purpose of explaining why the salaries of side sewer men for the month of June were not being paid.

Commissioner Reardon appeared and declared that there was no money in the fund—that whatever surplus there had been was exhausted in providing for vacations and that salaries could not be paid until money was provided by the Board of Supervisors.

Transfer of Funds.

Whereupon, the following resolution was presented by Supervisor McLeran and adopted:

Resolution No. 15899 (New Series), as follows:

Resolved, That the sum of \$466.90 be and the same is hereby set aside and appropriated out of "Sewers, Re-

pairing and Cleaning," Budget Item No. 264, Fiscal Year 1918-1919, to the credit of Tearing-Up Streets Fund.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Welch, Wolfe—16.

Absent—Supervisors Hilmer, Suhr—2.

Olympus Way.

The following matters, laid over from a previous meeting, were taken up:

Confirmation of the report of the Board of Public Works for opening of a new street, 60 feet in width, extending from the southerly line of Fourteenth street opposite the termination of Alpine street, and extending southerly and westerly to the intersection of Park Hill avenue and Fifteenth street.

Confirmation of the report of the Board of Public Works for widening Park Hill avenue between Fifteenth street and Masonic avenue.

Confirmation of the report of the Board of Public Works for widening of Masonic avenue from a point 70.94 feet, more or less, easterly from the southeasterly corner of Sixteenth street and Masonic avenue to the easterly line of Levant street.

Confirmation of the report of the Board of Public Works for opening of a new street, 60 feet in width, extending from Levant street and Masonic avenue to the easterly line of Pluto street.

Confirmation of the report of the Board of Public Works for widening of Pluto street from a point 245.42 feet, more or less, southerly from Masonic avenue to the northerly line of Clifford Terrace.

Confirmation of the report of the Board of Public Works for opening of a new street extending from Clifford Terrace and Pluto street to Lower Terrace.

Confirmation of the report of the Board of Public Works for widening of Lower Terrace from the first angle point northeasterly from Saturn street southwesterly to Seventeenth street.

Motion.

Supervisor Power requested that the same procedure as that employed in the solution of the Market Street Extension problem be inaugurated for the proposed Olympus way.

Supervisor Welch thereupon moved that the City Engineer be requested to recommend the same procedure for Olympus way as that employed in the Market Street Extension and that he furnish the Board, as soon as possible, with an estimate of the cost for the acquisition of the necessary lands and improvements.

Motion carried.

Action Deferred.

Whereupon, the foregoing matter was, on motion of Supervisor Welch, laid over three weeks.

UNFINISHED BUSINESS.

Y. M. C. A. Granted Permission to Sink Well in Leavenworth Street.

Supervisor Brandon presented:

Resolution No. 15885 (New Series), as follows:

Whereas, the trustees of the Young Men's Christian Association of San Francisco have requested permission to sink a well upon the hereinafter described property owned by the City and County of San Francisco for the purpose of obtaining water to be used for sanitary and bathing purposes in the Young Men's Christian Association Building, and

Whereas, the property on which said permit has been sought was acquired by the city in connection with the extension of Leavenworth street through to Fulton street and will be located within the sidewalk area when said street has been so extended, and

Whereas, the Board of Supervisors is advised by the City Engineer that the sinking of such well within said proposed sidewalk area will not conflict or interfere with the construction of the proposed sidewalk across said property when it shall be finally dedicated as part of a public street, and

Whereas, the Young Men's Christian Association is a non-profit, charitable association, the promotion of whose interests and welfare are entirely in accord with the welfare of the people of the City of San Francisco, now, therefore, be it hereby

Resolved, That the trustees of the Young Men's Christian Association are hereby granted a revocable permit to construct and maintain a well and auxiliary structures on, and to draw water from beneath, the following described property belonging to the City and County of San Francisco:

Commencing at the point of intersection of the easterly line of Leavenworth street produced southerly from the block between Golden Gate avenue and McAllister street and a line at right angles to the southeasterly line of City Hall avenue at a point 152.182 feet measured thereon southwesterly from the southerly line of McAllister street, said point being 121.224 feet southerly from the southerly line of McAllister street measured along said easterly line of Leavenworth street produced southerly and 53.66 feet measured at right angles southeasterly from the southeasterly line of City Hall avenue: thence southerly along the

easterly line of Leavenworth street produced southerly 42.775 feet; thence northwesterly along a line at right angles to the southeasterly line of City Hall avenue to a point 12 feet measured at right angles westerly from the easterly line of Leavenworth street produced southerly; thence northerly along a line parallel with and 12 feet measured at right angles westerly from the easterly line of Leavenworth street produced southerly 42.775 feet; thence southeasterly along a line at right angles to the southeasterly line of City Hall avenue to its point of intersection with the easterly line of Leavenworth street produced southerly to the point of commencement, containing an area of 513 square feet, more or less, and being that portion of a lot fronting on the southeasterly line of City Hall avenue commencing at a point 152.182 feet southwesterly from McAllister street and running thence 25 feet southwesterly, which will lie within the sidewalk space on the easterly side of Leavenworth street when said street is extended southerly from McAllister street.

The permit hereby granted is to continue in force and effect until such time as the Board of Supervisors may see fit to revoke the same.

It is made a condition of said permit that the permittee shall so arrange the well and structures connected therewith so that such well or structures will not in any way interfere with the future use of the hereinabove described property as a part of a public street, or any other purpose to which the City and County of San Francisco may see fit to put the same.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kordick, Lahaney, McLeran, McSheely, Mulvihill, Nelson, Power, Schmitz, Welch, Wolfe—16.

Absent—Supervisors Hilmer, Suhr—2.

Municipal Control of Harbor Desired.

Supervisor Welch presented:

Resolution No. 15890 (New Series), as follows:

Whereas, San Francisco is confronted by a condition that involves her status as one of the important commercial centers of the world, a position which, should it desire to maintain, requires an awakening of its citizenship to a realization of its responsibilities and to assert its power in order to secure the immediate development of its harbor facilities; and

Whereas, The experience of the times emphasizes the fact that proper harbor development can be best promoted through the active efforts of the local interests concerned, and that the management of harbors can best be vested in those who directly represent the local communities; and that it is in such communities as have, by wise foresight, retained or secured control of their harbor affairs, that we see today the most rapid development of commercial interests and the most foresighted plans adopted looking to their future welfare; and

Whereas, San Francisco's time has come when it should take notice of the rapid developments being made by

other cities of this coast by which they hope to secure a larger and still larger portion of the world's commerce by sea and land, and, taking notice of this should set to work to plan, to strive for and to accomplish more than all other communities; the time of awakening to the needs of the present and the possibilities of the future is now a hand, and every citizen should realize his own responsibilities and assert his determination to aid in securing the future welfare of this city; and therefore be it

Resolved, That the Mayor is hereby authorized to appoint a committee of fifty citizens and the Committee on State Laws and Legislation, and arrange for a meeting thereof, to the end that a movement be inaugurated by which the management, control and development of San Francisco harbor be placed under a local body interested in the future welfare of this city.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Welch, Wolfe—16.

Absent—Supervisors Hilmer, Suhr—2.

Supervisor Wolfe, in seconding the motion to adopt the foregoing resolution, declared that he had made the fight almost single-handed in the State Senate for years for San Francisco's control of its water front, but that he had been called off by numerous telegrams from the Merchants Association and the Chamber of Commerce at the time Oakland and Los Angeles were fighting for control of their harbors on a gentleman's agreement that Oakland and Los Angeles would favor San Francisco's right to control her harbor at a later date.

"It is my opinion," he declared "that unless we are extremely diligent and wide-awake we will have a hard time making them live up to that agreement."

Mayor Authorized to Sell Unnecessary Fire Hydrants.

Supervisor Gallagher presented:

Resolution No. 15891 (New Series) as follows:

Whereas, The Board of Fire Commissioners has filed the following petition:

"We have in this department some six four-inch fire hydrants, with 2½ inch single outlets, which are of no use to the department. The authorities of Daly City are desirous of procuring these hydrants for fire protection purposes and the only way they can be purchased is at auction sale. We would therefore respectfully recommend that

the necessary steps be taken to dispose of said six hydrants by public auction sale, as provided by the Charter."

Therefore be it

Resolved, That the Mayor is hereby authorized and requested to sell at public auction said personal property which is unfit and unnecessary for the use of the City and County.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Korfick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Welch, Wolfe—16.

Absent—Supervisors Hilmer, Suhr—2.

Use of Name "Frisco" Condemned.

Supervisor Mulvihill presented:
Resolution No. 15894 (New Series), as follows:

Whereas, The following resolution was introduced by Ad Ambassador Celestine J. Sullivan at the Fourteenth Annual Convention of the Associated Advertising Clubs of the World and unanimously adopted:

"Whereas, The reprehensible custom of corrupting good names still persists among the thoughtless few; and whereas, the members of the Associated Advertising Clubs of the World believe in calling proper names properly; and whereas, the thoughtless few, in violation of the spirit and letter of San Francisco, reduce its twelve apostolic letters to six, making it absurdly Frisco, be it therefore

"Resolved, That the Associated Advertising Clubs of the World condemn all those guilty of robbing San Francisco of half its illustrious name."

Whereas, The Board of Supervisors of the City and County of San Francisco are in the fullest accord with the terms of said resolution; be it therefore,

Resolved, That we officially endorse and commend the action of the Associated Advertising Clubs of the World in condemning the substitution of Frisco for San Francisco, and be it further

Resolved, That we forward copies of this resolution to "Associated Advertising," "Printer's Ink," "The Advertising News" and "The Editor and Publisher."

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Korfick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Welch, Wolfe—16.

Absent—Supervisors Hilmer, Suhr—2.

Committee on Soldier Relief.

Supervisor Power presented:

Resolution No. 15895 (New Series), as follows:

Whereas, Thousands of our citizens are now serving our country in the Army and Navy and various branches tributary thereto, and

Whereas, Many of these will make the supreme sacrifice and others will suffer from wounds, shell shock and other ailments, and

Whereas, One of the noblest duties any municipality can perform would be to make the necessary provision to care for those upon their return that are injured and disabled, and also see that those that have sacrificed positions be assisted in securing said positions again, therefore be it

Resolved, That a Special Committee of Ten, including five members of this Board, be appointed by his Honor the Mayor to take up this most important duty and work diligently to carry to a successful conclusion plans that will mean the necessary relief to those noble citizens upon their return to this city.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hoeks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Welch, Wolfe—16.

Absent—Supervisors Hilmer, Suhr—2.

Appointment of Representative San Francisco Shipper on District Freight Traffic Committee.

Supervisor Kortick presented:

Resolution No. 15900 (New Series), as follows:

Whereas, We are informed that it is the purpose of the United States

Railroad Administration to place a representative of the shippers on each of its District Freight Traffic Committees so that the interests of the shippers will be represented and protected in railroad rate adjustments; and

Whereas, The City of San Francisco is the biggest economic factor on the Pacific Coast and desires representation in the interests of its people as well as San Francisco shippers; therefore be it

Resolved, That the Board of Supervisors of the City and County of San Francisco petition the Director-General of the United States Railroad Administration to make an appointment of one of San Francisco's shippers acceptable to the City authorities of San Francisco.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hoeks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Welch, Wolfe—16.

Additional Positions Ordinance.

San Francisco, July 20, 1918.

Hon. Board of Supervisors, City Hall, San Francisco.

Gentlemen: With regard to the attached proposed Bill No. 5012 of the Board of Supervisors, which bill is to be considered at a meeting of your Board to be held on Monday, July 22, 1918, I hereby recommend, after investigation, that all the new positions contained in said bill be created and that all the existing positions included in said bill be recreated.

Very truly yours,

JAS. ROLPH, JR.,

Mayor.

Passed for Printing.

Whereupon, the following bill was presented and *passed for printing*:

Bill No. 5012, Ordinance No. — (New Series), Creating positions, fixing the compensation thereof and authorizing the appointment thereto in accordance with the provisions of Section 35, Article XVI of the Charter, of additional deputies, clerks and employees in the various offices, boards and departments of the City

and County of San Francisco, re-enacting in modified form the several ordinances authorizing such appointments and repealing such ordinances in so far as they create positions and fix salaries.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. It is hereby recited and declared that at various times since the eighth day of January, 1900, ordinances have been passed and approved, authorizing the appointment of additional deputies, clerks and employees in and by the several officers, boards, commissions and departments, in accordance with the provisions of Section 35 of Article XVI of the Charter; that all of the things and conditions required to be done and performed prior to and in the adoption of such ordinances have been done and performed and that said ordinances were duly and regularly passed and approved and that all appointments made under the authority conferred are hereby ratified and confirmed, and shall continue as though made subsequent to the passage and approval hereof. And it is hereby declared to be one of the purposes of this ordinance to re-enact and reaffirm the authority contained in the various ordinances herein referred to and upon such re-enactment such ordinances, in so far as they create positions and fix salaries, shall be deemed repealed. It is further recited that each of the officers, boards, commissions and departments hereinafter referred to has made application to the Mayor for recommendation to the Board of Supervisors that this ordinance be adopted by this Board of Supervisors; and in addition that the Mayor has sent a communication to this Board in which he states that he has made investigation as to the necessity for additional assistance as indicated by this ordinance as required by the hereinafter enumerated offices, boards, commissions and departments, and that he finds the same necessary and therefore does recommend to this Board of Supervisors that the Board create and continue the positions and authorize the ap-

pointment of such additional deputies, clerks and employees as are herein-after in this ordinance enumerated.

Section 2. It is also hereby declared to be one of the purposes of this ordinance to expedite the work of the Auditor, the Treasurer, the Civil Service Commission and the Board of Supervisors of the City and County of San Francisco, by bringing under one ordinance all positions of additional deputies, clerks and employees that are now or that hereafter may be created under the authority of Section 35 of Article XVI of the Charter, and any such position heretofore created and not now mentioned in and authorized by this ordinance, either by the same designation as heretofore made, or by some designation substantially the same but changed as hereinafter indicated, is hereby declared abolished and vacated.

Section 3. The designation of the positions created by this ordinance were provided by the Civil Service Commission on the 8th day of November, 1915, and subsequently thereto as required by Section 2 of Article XIII of the Charter.

Report of Finance Committee on Employment of Per Diem Men.

San Francisco, July 22, 1918.

Board of Supervisors.

Gentlemen: Responding to inquiry in the Board regarding the employment of per diem men in the Street Cleaning, Sewer Repair and Street Repair Departments of the Board of

Public Works, as to the number of days these men are to be employed under appropriations provided, the Finance Committee respectfully reports as follows:

We are advised by the accountant of the Board of Public Works that he is authorized to state that the yearly pay of per diem employees of the Board of Public Works, commencing July 1, 1918, has been arranged on a theory of constant employment.

The employments are as follows:

Street Cleaning Department, 159 men, 2 single teams, 54 double teams, whose estimated employment by the Board of Public Works is 300 days.

Sewer Repair Department, 70 men, 6 single teams, 6 double teams, whose estimated employment is 300 days.

Street Repair Department, 172 men, 32 double teams, whose estimated employment is 270 to 300 days.

These employments are based upon appropriations in Budget Items 256 to 261, inclusive, 263 and 264.

The estimated schedule of days' employment and number of men in gangs and departments will be adhered to as closely as practicable.

The Board of Public Works states that climatic conditions and other exigencies not anticipated at this time must be considered in the final allotment of total employments.

Respectfully submitted,

R. McLERAN,

J. C. KORTICK,

FRED SUHR, JR.,

Finance Committee.

Privilege of the Floor.

Messrs. Ferguson and Devany, representing the per diem men, addressed the Board, urging that per diem men be placed on an equal basis as other municipal employees.

Action Deferred.

Whereupon, on motion of Supervisor McSheehy, the foregoing report was ordered printed and sent to all members and subject-matter *laid over one week*.

Report of Finance and Auditorium Committees on Employment of Edwin H. Lemare, Organist.

The following was presented, read and ordered *spread in the Journal*:
San Francisco, July 22, 1918.

Board of Supervisors.

Gentlemen: Your Joint Committee on Finance and Auditorium, to which was referred the question of contracting with Edwin H. Lemare for the fiscal year 1918-19 as the official organist at the Auditorium, respectfully reports as follows:

In favor of the adoption of ordinance printed in today's calendar, authorizing the Mayor to enter into contract with Edwin H. Lemare for his services as official organist for the

period of one year on the following terms:

Said Edwin H. Lemare shall be paid the sum of \$6,000 in monthly payments of \$500 per month from July 1, 1918, to and including June 30, 1919.

Respectfully submitted,

J. EMMET HAYDEN,
FRED SUHR, JR.,
Auditorium Committee.
RALPH McLERAN,
JNO. C. KORTICK,
Finance Committee.

Transportation to Union Iron Works.

Messrs. McGuire and Miller, representing men working at Union Iron Works shipbuilding plant, were granted the privilege of the floor on motion of Supervisor Gallagher. They demanded street railway transportation service by the construction of an extension of the Municipal Railway or by some arrangement with the United Railroads. Mr. McGuire declared that owing to inadequate facilities men were often late in arriving at their work and in the evening the cars were so crowded that many were obliged to stand or hang on the best they could in order to get home. He said that the men would be willing to pay an additional fare if necessary, provided proper accommodations were afforded.

Supervisor Wolfe, in response, declared that the question was being given careful consideration by the Public Utilities Committee, but that there were apparently insurmountable financial difficulties to be overcome before the city could build the necessary extension. "The City Engineer's report on the subject of transportation," he said, "will be before the Committee on Wednesday. We will invite the officials of the United Railroads and you are also requested to be present. Whatever can be done will be done."

Authorizing the Employment of Edwin H. Lemare, Municipal Organist.

On motion of Supervisor Hayden: Bill No. 5013, Ordinance No. — (New Series), as follows:

Authorizing the Mayor to enter into a contract with Edwin H. Lemare for the period of one year to perform services as organist of the Exposition Auditorium organ.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor is hereby authorized to enter into a contract with Edwin H. Lemare, by which said Edwin H. Lemare shall have the care and custody of and operate the organ at the Exposition Auditorium for the period of one year from July 1, 1918, upon such terms, conditions and compensation as may be mutually agreed upon.

Section 2. It is hereby declared that the services to be rendered by said Edwin H. Lemare are of a tem-

porary character and require high technical skill, and that the position occupied by him shall not be subject to the provisions of Article XIII of the Charter.

Section 3. This ordinance shall take effect immediately.

Ayes—Supervisors Brandon, Gallagher, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch, Wolfe—15.

Noes—Supervisors Deasy, Hynes—2.

Absent—Supervisor Power—1.

Notice of Reconsideration.

Supervisor Wolfe gave notice that he would move for reconsideration of foregoing action at next meeting.

Explanation of Vote.

Supervisor Hynes explained his vote by saying that he was not in favor of Finance Committee's recommendation to limit salary to \$6,000 per annum and that he favored leaving the amount paid to the judgment of his Honor the Mayor.

Supervisor Wolfe explained his action by saying he considered Mr. Lemare's concerts an artistic success but a financial failure. We can't afford spending money for this purpose at the present time, when money is so much needed for other purposes.

Exchange of Land for Timber, Hetch Hetchy Valley.

Supervisor Wolfe presented:

Resolution No. — (New Series), as follows:

Upon joint recommendation of the City Engineer, City Attorney and special counsel for the Hetch Hetchy Water Supply,

Resolved, That the City and County of San Francisco enter into an agreement with the United States of America embodying the following provisions relative to the exchange of the so-called Dudley property held in trust for the City and County of San Francisco, lying within the Yosemite National Park and more particularly described as follows:

Lot No. 2, southwest quarter of the northeast quarter, southeast quarter of northwest quarter, and Lot No. 5 in Section 6, Township 1 South of Range 20 East M. D. M.

Lot No. 4 and the southwest quarter of northwest quarter of Section 5, Lot No. 1, and the southeast quarter of northeast quarter of Section 6 in Township 1 South of Range 20 East, M. D. M.

1st. The United States to grant to the City and County the right and authority to cut and remove, free of charge, from lands in the Hetch Hetchy Valley to be flooded by the City in the construction of the Hetch Hetchy reservoir, and from all rights of way heretofore granted to the City under the Act of December 19th, 1913, all timber and brush which was standing on said lands within the flow lines of said proposed reservoir or on said rights of way, on the 1st day of January, 1914.

2nd. The City and County to agree to procure a conveyance to the United States of the above described Dudley

property with a reservation to itself of the right to cut therefrom not exceeding 4,000,000 board feet of timber in accordance with the provisions hereinafter expressed.

3rd. In lieu of cutting any part of this 4,000,000 board feet of timber from the Dudley property, the City to have the right to cut and remove such part as it may elect from Government Sections 31 and 32, T. 1 N., R. 20 E., M. D. M., not exceeding the value of the aforesaid reserved timber on the Dudley property.

4th. In exchange for any timber cut from said Government sections, the City to convey to the United States an equal amount of the foregoing reserved timber on the Dudley property.

5th. The City to agree that prior to flooding any lands in the Hetch Hetchy Valley, all timber and brush within the flow lines of the reservoir will be cleared, and within a reasonable time to be determined by the Secretary of the Interior, all timber and brush within the flow line of Lake Eleanor reservoir will be cleared.

6th. All timber cut by the City in the Yosemite National Park and outside of the Hetch Hetchy Valley to be selected by the superintendent of the Yosemite National Park, or his duly authorized representative, with a view to preserving the timber best suited for scenic purposes, and be cut and removed by the City, the City to pay for any damage resulting to the roads or park in consequence of such cutting.

Be it further Resolved, That the Mayor is hereby authorized and directed to execute, in behalf of the City and County of San Francisco, an agreement in due form embodying the foregoing provisions and the Clerk of the Board of Supervisors is hereby authorized and directed to attach and attest the official seal of the City to such agreement.

Conditional Acceptance, Certain Streets.

On motion of Supervisor Welch: Bill No. 5014, Ordinance No. — (New Series), entitled, "Providing for conditional acceptance of the roadway of Athens street between Brazil and Excelsior avenues.

Laura street between Mission and Huron streets.

Pope street between Morse and Brunswick streets.

Crossing of Pope and Morse streets.

Crossing of Taraval street and Thirty-seventh avenue."

Establishing Grades, Clementina Street.

Bill No. 5015, Ordinance No. — (New Series), entitled, "Establishing grades on Clementina street between First and Second streets."

Covered Passage Permit, Ashburton Place.

Also, Resolution No. — (New Series), as follows:

Resolved, That Raphael Weill & Co., Incorporated, is hereby granted permission, revocable at will of the Board of Supervisors, to construct a covered passageway over the easterly end of Ashburton place to connect the building on the northerly side of Ashburton place with the building on the southerly side of Ashburton place between Post street and Sutter street, provided said covered passageway shall be constructed to the satisfaction and under the supervision of the Board of Public Works, in accordance with plans and specifications to be approved by said Board of Public Works.

Tunnel Permit, Ashburton Place.

Also, Resolution No. — (New Series), as follows:

Resolved, That Raphael Weill & Co., Incorporated, is hereby granted permission to construct a tunnel under the easterly end of Ashburton place to connect the building on the northerly side of Ashburton place with the building on the southerly side of Ashburton place between Post street and Sutter street; provided the said tunnel shall be constructed to the satisfaction and under the supervision of the Board of Public Works.

Cancellation of Contract for Improvement of Corbett Avenue Between Caselli Avenue and Twenty-third Street.

Supervisor Welch presented:

Resolution No. 15916 (New Series), as follows:

Whereas, H. Crummey, Inc., on June 11, 1918, filed a petition with the Board of Public Works requesting to be released from contract to improve Corbett avenue from Caselli avenue and Clayton street to Twenty-third street, awarded on August 3, 1917, by Resolution No. 54363; and

Whereas, the City Engineer, on June 17, 1918, recommended to the Board of Public Works that the Board of Supervisors cancel the said contract; therefore, be it

Resolved, That the contract entered into between H. Crummey, Inc., and the Board of Public Works of the City and County of San Francisco August 3, 1917, for the improvement of Corbett avenue from Caselli avenue and Clayton street to Twenty-third street be and the same is hereby cancelled and annulled.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Havden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McEran, McSheehy, Mulvihill, Nelson, Schmitz, Subr. Welch, Wolfe—17.

Absent—Supervisor Power—1.

Extension of Time.

Supervisor Welch presented:

Resolution No. 15917 (New Series), as follows:

Resolved, That Owen McHugh is hereby granted an extension of ninety days' time from August 6, 1918, within which to complete contract for the paving of Balboa street between Forty-second and Forty-third avenues.

This *first* extension of time is granted for the reason that the work to date consists of the construction of curbs and pavement foundation and the setting and grouting of the header blocks next to the street rails. The progress of the work has been satisfactory.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch, Wolfe—17.

Absent—Supervisor Power—1.

Also, Resolution No. 15918 (New Series), as follows:

Resolved, That J. C. Tormey (assignee) is hereby granted an extension of ninety days' time from and after August 11, 1918, within which to complete contract for the improvement of Chenery street between Diamond street and Burnside avenue and intersection of Thor avenue.

This *second* extension of time is recommended for the reason that the contractor has been unable to secure the material for completing the work. The work is completed with the exception of the asphaltic covering.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch, Wolfe—17.

Spur Track Permit, Fischbeck Soap Co.

On motion of Supervisor Kortick:

Bill No. 5016, Ordinance No. — (New Series), as follows:

Granting permission to Fischbeck Soap Company, its successors and assigns, revocable at will of the Board of Supervisors, to lay down, construct and maintain and operate a spur track from the main line track of the Western Pacific Railroad Company in Potrero Nuevo Block No. 173, between Seventeenth, Mariposa, Carolina and De Haro streets, thence over and across the roadway of De Haro street in the middle of the block and entering the property in Potrero Nuevo Block No. 164 bounded by Mariposa, Seventeenth, De Haro and Rhode Island streets.

Permission, revocable at will of the Board of Supervisors, is hereby granted to Fischbeck Soap Company, a corporation, its successors and assigns, to lay down, construct, maintain and operate a spur track from the main line track of the Western Pacific Railroad Company in Potrero Nuevo Block No. 173 between Seventeenth, Mariposa, Carolina and De Haro streets, thence over and across the roadway of De Haro street in the middle of the block and entering the property in Potrero Nuevo Block No. 164 bounded by Mariposa, Seventeenth, De Haro and Rhode Island streets.

Said permission is granted subject to the provisions of Ordinance No. 69 (New Series) of the Board of Supervisors, approved October 12, 1906, and the provisions and conditions of Section 8 thereof are hereby specifically contained in the permit hereby granted, and shall be construed as a part hereof, as completely as though the same were written in this Ordinance.

Provided, that the said spur track shall be laid under the supervision and to the lines and grades as furnished by the City Engineer's office, and that any and all expenses connected with the installation of the track, restoration of pavement and any additional requirements for the surface drainage

be paid for by Fischbeck Soap Company, its successors or assigns.

Provided, Fischbeck Soap Company, its successors or assigns, shall erect and maintain one all-night lighted arc lamp, to be placed where directed by the Lighting Committee of the Board of Supervisors.

Section 2. This Ordinance shall take effect immediately.

Library Bonds to Be Purchased From Municipal Railway Depreciation Fund.

Supervisor McLeran presented: Resolution No. 15923 (New Series), as follows:

Whereas, by Resolution No. 11585 (New Series), adopted March 8, 1915, and by Ordinance No. 3109 (New Series), a fund known as the "Depreciation Fund," was created and various sums from time to time have been transferred thereto from the Municipal Railway Fund; and

Whereas, the purpose of creating said fund was to comply with the provisions of the Charter in respect to the disposition of the earnings of that certain public utility known as the Municipal Street Railway; and

Whereas, in accordance with said Charter and Ordinance the money in said fund is to be used in providing a fund for the redemption of bonds issued for the purpose of constructing said Municipal Railway; and

Whereas, all of said bonds have been sold and cannot at this time be purchased or redeemed except on presentation at maturity, and the City

and County, for reason aforesaid, will be unable to make use of said fund unless the same be invested, but the same will remain idle and unused; and

Whereas, the City and County has on sale at the office of the Treasurer \$23,300 Library Bonds of \$100 denomination, maturing from 1932 to 1944, inclusively, which bonds are for sale on a 4½ per cent basis; and such maturities are concurrent with the maturities of the Municipal Railway bonds bearing 5 per cent interest; therefore

Resolved, That the sum of \$20,243.48, constituting a part of the "Depreciation Fund" aforesaid remaining unappropriated and unexpended therein, constitutes surplus moneys not needed for immediate expenditure, and that the said sum be invested in said Library Bonds of said City and County, maturing as follows: \$2,100 in each year 1932, 1933 and 1934, \$200 in 1935, \$1,800 in 1936, \$2,100 in each year 1937 to 1943, inclusive, and \$300 in 1944, in accordance with the provisions of Chapter 73 of the Statutes of the State of California of the year 1913.

The Treasurer is hereby directed to purchase Library Bonds of the City and County of the amount of \$23,300, maturing as above recited, and to pay a price therefor equal to that which will net the City and County 4½ per cent interest upon the investment, together with accrued interest thereon, and to make report of such purchase to the Auditor and Board of Supervisors.

That upon the redemption of said Library Bonds the money received therefor shall be used to redeem an equal amount of Municipal Railway bonds. All interest on the bonds thus purchased shall become a part of said "Depreciation Fund."

Passed for printing under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Suhr, Welch—15.

Noes—Supervisors Schmitz, Wolfe—2.

Absent—Supervisor Power—1.

APPROVAL OF JOURNAL.

The Journal of Proceedings of July 22, 1918, was considered, read and approved.

Statement of Supervisor Andrew J. Gallagher Regarding Municipal Control of Harbor.

The following statement was, upon request of Supervisor Gallagher, ordered spread in the Journal:

"I ask to be allowed to be recorded *no* on the approval of the Journal of July 15, 1918, because I do not wish to subscribe to the action calling for municipal control of the Harbor of San Francisco.

"Until I am convinced that the State has failed in its duty or is not keeping step with the needs of harbor development, I cannot see any necessity for such a change, especially so since our bonded debt is nearly at its limit and we cannot secure some of the utilities we need if we were to assume the harbor debt.

"Respectfully,

"ANDREW J. GALLAGHER."

ROLL CALL FOR PETITIONS FROM MEMBERS.

The following was presented and read by the Clerk:

The following was presented, read and ordered spread in the Journal:

San Francisco, Cal., July 22nd, 1918. Hon. Board of Supervisors, City and County of San Francisco, City Hall, San Francisco.

Gentlemen: Application having been made to me by the Board of Fire Commissioners of this City and County for authority to create four additional positions in the Fire Department, to be known as follows:

1. Superintendent of Corporation Yard, at a salary of \$275 per month;

2. Deputy Commissioner, at a salary of \$250 per month;

3. Watchman of the first class, at a salary of \$140 per month;

4. Watchman of the second class, at a salary of \$120 per month; and having found, upon investigation, that such positions are necessary in the Fire Department, I respectfully recommend that you concur with me in creating them.

This recommendation is made in accordance with the provisions of Section 35 of Article XVI of the Charter of the City and County of San Francisco.

Yours very truly,

JAMES ROLPH, JR.

Mayor.

The following report, inadvertently omitted from the proceedings of July 22, 1918, was ordered spread at length in today's minutes:

San Francisco, July 22, 1918.

Board of Supervisors.

Gentlemen: Your Auditorium Com-

mittee, to which various matters were referred respectfully reports as follows:

In favor of the resolutions printed on the Calendar.

In conducting and operating the Auditorium for the fiscal year 1918-19 the policy of your Committee will be to economize where possible, and endeavor to make the building self-sustaining, with the \$10,000 set aside by the Board of Supervisors in the Budget, and from revenues received from rentals thereof; and we recommend dispensing with the services of the following employees at the Auditorium:

One watchman, at \$100 per month.
 One janitor, at \$100 per month.
 Publicity agent, at \$25 per week.
 Respectfully submitted,

J. EMMET HAYDEN,
 FRED SUHR, JR.,
 Auditorium Committee.

HEARINGS. TRANSPORTATION PERMITS.

Peninsular Motor Truck Express Co.

The hearing of application of Peninsular Motor Truck Express Co. for permit to engage in transporting freight between Gilroy and San Francisco, fixed for 3 p. m. this day, was, on motion, *laid over one week*, and applicant requested to file communication indicating streets over which he proposes to operate and San Francisco terminus of his line.

S. B. McLenegan & Son.

Hearing of the application of S. B. McLenegan & Son for permit to engage in transportation of freight and express for hire, and to operate motor vehicles over certain streets in San Francisco to its terminus in San Jose fixed for 3 p. m. this day.

C. S. McLenegan appeared, presented affidavit of publication of notice and satisfactorily answered questions of the Board as to the character of vehicles to be used and the streets to be traversed.

Passed for Printing.

Whereupon, the following resolution was presented by Supervisor Wolfe and passed for printing:

Resolution No. — (New Series), as follows:

Resolved, That pursuant to the provisions of Chapter 213 of the Statutes of the State of California, for the year 1917, permission is hereby granted S. B. McLenegan and C. S. McLenegan, under the name of S. B. McLenegan & Son, to engage in the transportation of freight and express for hire, and to operate motor vehicles over the following streets of the City and County of San Francisco: Tenth street, Potrero and San Bruno avenues and Mission street; that the fixed termini between which

the grantee is to operate such vehicles are San Francisco and San Jose; that the vehicles to be used in such transportation are trucks of 2½-ton and 5-ton capacity; that the rights and privileges herein granted are for a period of five years from date hereof, provided the same may be revoked or suspended by the Board of Supervisors in the manner provided by law.

In the exercise of the privileges herein granted the grantee shall observe all the requirements of the ordinances of the City and County.

The cost of printing this resolution shall be paid by the grantee.

Regarding the Purchase of Chevrolet Automobiles for Board of Health.

Supervisor Gallagher brought up the question of the payment of demands for three automobiles purchased by the Board of Health on July 12 for which requisition was not made to the Supplies Committee until six days later. Supervisor Gallagher declared that his confidence in the Health Department had been shaken by a succession of such occurrences. Two ambulances, he said, have been purchased without the sellers signing the usual contract guaranteeing the machines for a period of time, tires have been purchased from the highest instead of the lowest bidder and here is the matter of purchasing the three automobiles and then asking for authority to make the purchase without stating that they had already been bought.

W. C. Hassler, Health Officer, was granted the privilege of the floor and addressed the Board. He said that this was an unfortunate instance where power to purchase was delegated to a subordinate. He regretted the incident and promised that it would not occur again.

UNFINISHED BUSINESS.

Notice of Reconsideration Withdrawn.

Supervisor Wolfe requested and was granted unanimous consent to withdraw his notice of reconsideration pending against the following bill:

Authorizing the Employment of Edwin H. Lemare, Municipal Organist.

Bill No. 5013, Ordinance No. — (New Series), as follows:

Authorizing the Mayor to enter into a contract with Edwin H. Lemare for the period of one year to perform services as organist of the Exposition Auditorium organ.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor is hereby authorized to enter into a contract with Edwin H. Lemare, by which said Edwin H. Lemare shall have the care and custody of and operate the

organ at the Exposition Auditorium for the period of one year from July 1, 1918, upon such terms, conditions and compensation as may be mutually agreed upon.

Section 2. It is hereby declared that the services to be rendered by said Edwin H. Lemare are of a temporary character and require high technical skill, and that the position occupied by him shall not be subject to the provisions of Article XIII of the Charter.

Section 3. This ordinance shall take effect immediately.

Action Deferred.

Thereupon, question on the final passage of the foregoing bill was, on motion, *deferred one week*.

Final Passage.

The following matters, heretofore passed for printing, were taken up and *finally passed* by the following vote:

Exchange of Land for Timber, Hetch Hetchy Valley.

Also, Resolution No. 15930 (New Series), as follows:

Upon joint recommendation of the City Engineer, City Attorney and special counsel for the Hetch Hetchy Water Supply,

Resolved, That the City and County of San Francisco enter into an agreement with the United States of America embodying the following provisions relative to the exchange of the so-called Dudley property held in trust for the City and County of San Francisco, lying within the Yosemite National Park and more particularly described as follows:

Lot No. 2, southwest quarter of the northeast quarter, southeast quarter of northwest quarter, and Lot No. 5 in Section 6, Township 1 South of Range 20 East M. D. M.

Lot No. 4 and the southwest quarter of northwest quarter of Section 5, Lot No. 1, and the southeast quarter of northeast quarter of Section 6 in Township 1 South of Range 20 East, M. D. M.

1st. The United States to grant to the City and County the right and authority to cut and remove, free of charge, from lands in the Hetch Hetchy Valley to be flooded by the City in the construction of the Hetch Hetchy reservoir, and from all rights of way heretofore granted to the City under the Act of December 19th, 1913, all timber and brush which was standing on said lands within the flow lines of said proposed reservoir or on

said rights of way, on the 1st day of January, 1914.

2nd. The City and County to agree to procure a conveyance to the United States of the above described Dudley property with a reservation to itself of the right to cut therefrom not exceeding 4,000,000 board feet of timber in accordance with the provisions hereinafter expressed.

3rd. In lieu of cutting any part of this 4,000,000 board feet of timber from the Dudley property, the City to have the right to cut and remove such part as it may elect from Government Sections 31 and 32, T. 1 N., R. 20 E., M. D. M., not exceeding the value of the aforesaid reserved timber on the Dudley property.

4th. In exchange for any timber cut from said Government sections, the City to convey to the United States an equal amount of the foregoing reserved timber on the Dudley property.

5th. The City to agree that prior to flooding any lands in the Hetch Hetchy Valley, all timber and brush within the flow lines of the reservoir will be cleared, and within a reasonable time to be determined by the Secretary of the Interior, all timber and brush within the flow line of Lake Eleanor reservoir will be cleared.

6th. All timber cut by the City in the Yosemite National Park and outside of the Hetch Hetchy Valley to be selected by the superintendent of the Yosemite National Park, or his duly authorized representative, with a view to preserving the timber best suited for scenic purposes, and be cut and removed by the City, the City to pay for any damage resulting to the roads or park in consequence of such cutting.

Be it further Resolved, That the Mayor is hereby authorized and directed to execute, in behalf of the City and County of San Francisco, an agreement in due form embodying the foregoing provisions and the Clerk of the Board of Supervisors is hereby authorized and directed to attach and attest the official seal of the City to such agreement.

Notice of Reconsideration.

The following resolution, adopted at last meeting, was taken up on a notice of reconsideration given by Supervisor Wolfe and ordered reconsidered by unanimous consent:

Library Bonds to Be Purchased From Municipal Railway Depreciation Fund.

Resolution No. 15923 (New Series), as follows:

Whereas, by Resolution No. 11585 (New Series), adopted March 8, 1915, and by Ordinance No. 3109 (New Series), a fund known as the "Depreciation Fund," was created and various sums from time to time have been transferred thereto from the Municipal Railway Fund; and

Whereas, the purpose of creating said fund was to comply with the provisions of the Charter in respect to the disposition of the earnings of that certain public utility known as the Municipal Street Railway; and

Whereas, in accordance with said Charter and Ordinance, the money in said fund is to be used in providing a fund for the redemption of bonds issued for the purpose of constructing said Municipal Railway; and

Whereas, all of said bonds have been sold and cannot at this time be purchased or redeemed except on presentation at maturity, and the City and County, for reason aforesaid, will be unable to make use of said fund unless the same be invested, but the same will remain idle and unused; and

Whereas, the City and County has on sale at the office of the Treasurer \$23,300 Library Bonds of \$100 denomination, maturing from 1932 to

1944, inclusively, which bonds are for sale on a 4½ per cent basis; and such maturities are concurrent with the maturities of the Municipal Railway bonds bearing 5 per cent interest; therefore

Resolved, That the sum of \$20,243.48, constituting a part of the "Depreciation Fund" aforesaid remaining unappropriated and unexpended therein, constitutes surplus moneys not needed for immediate expenditure, and that the said sum be invested in said Library Bonds of said City and County, maturing as follows: \$2,100 in each year 1932, 1933 and 1934, \$200 in 1935, \$1,800 in 1936, \$2,100 in each year 1937 to 1943, inclusive, and \$300 in 1944, in accordance with the provisions of Chapter 73 of the Statutes of the State of California of the year 1913.

The Treasurer is hereby directed to purchase Library Bonds of the City and County of the amount of \$23,300, maturing as above recited, and to pay a price therefor equal to that which will net the City and County 4½ per cent interest upon the investment, together with accrued interest thereon and to make report of such purchase to the Auditor and Board of Supervisors.

That upon the redemption of said Library Bonds the money received therefor shall be used to redeem an equal amount of Municipal Railway bonds. All interest on the bonds thus purchased shall become a part of said "Depreciation Fund."

Privilege of the Floor.

Thomas E. Zant, representing the Public Ownership Association and Carpenters' Hall Association, was granted the privilege of the floor. He objected to the use of the funds for the Municipal Railway for cleaning and improving the Civic Center in the vicinity of the Public Library. Upon making the statement that personal spite was at the bottom of the proposal to expend \$20,600 on the Library site at the present time, he was ordered to take his seat and was ejected from the enclosure. Mr. Zant afterwards apologized to the Board and explained that he did not accuse the members of the Board of spite work, but that the preparation of the site for a Red Cross building would permit the dissipation of funds here which should be sent to France. He explained his interest in this phase of the question by saying that the Carpenters' Hall Association had contributed \$500 to the Red Cross fund.

P. Elich, representing San Francisco Municipal Research Bureau, also addressed the Board. He said in part: "In connection with the purchase of these Library bonds, I want to call your attention to one

or two facts. First, the bonds are unsalable at the present time and you are exchanging a liquid asset for a solid asset. In the second place, owing to the present market price of the bonds, there will be a net loss to the Municipal Railway by the transaction of \$1,319.

Geo. A. Lull, City Attorney, being sent for, appeared and was asked by Supervisor Wolfe "Has this Board of Supervisors the right to invest the depreciation fund of the Municipal Railway in any other manner than that laid down in the ordinance creating the Depreciation Fund and determining how the money shall be invested?" The City Attorney declared that he did not care to give an off-hand opinion on the question on account of its importance, but that he would render an opinion by the next meeting.

Resolution Approved.

Whereupon, the roll being called, the foregoing resolution was approved by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Korfick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Suhr, Welch—14.

Amending Traffic Ordinance Relative to Vehicle Stands and Sight-Seeing Cars.

On motion of Supervisor Wolfe; Bill No. 5919, Ordinance No. — (New Series), as follows:

Amending Sections 3 and 6 of Ordinance No. 1898 (New Series), entitled "Regulating the Use of Hackney Carriages, Automobiles, Taxicabs, and Other Public Passenger Vehicles, Fixing the Rates to Be Charged for the Transportation of Persons and Personal Baggage, Regulating the Use of Boats in the Waters of the Bay, Providing a Punishment for Any Violation Thereof and Repealing Order No. 1611, Ordinances Nos. 446, 1033 and 514 (New Series)."

Be It Ordained by the People of the City and County of San Francisco as follows:

Section 1. Sections 3 and 6 of Ordinance No. 1898 (New Series), the title of which is recited in the title of this Ordinance, are hereby amended so as to read as follows:

Permits for Public Vehicle Stands.

Section 3. No person having charge of a hack, automobile, taxicab or other vehicle used for hire shall allow the same to stand on any public street within twenty (20) feet of any street crossing, or with the front and rear wheels at a greater distance than one (1) foot from the outer edge of the sidewalks, nor upon any public street (except in front of a public square) without first obtaining the written permission of the Mayor, revocable without notice at the pleasure of the Mayor, and the written consent of the owner and tenant or occupant of the store or ground floor, or portion of the ground floor, of any building to use that portion of the street in front of said building or any part thereof for such purpose, provided, that the Mayor shall not grant permits to allow more than eight (8) public vehicles to stand waiting for employment in any one block; provided, that no permit shall be granted for any public vehicle to stand upon any street less than thirty-five (35) feet in width from curb to curb, on which a double line of railroad tracks is allowed; and provided further, that not more than one permit shall be granted to stand a "sightseeing" car in any block on Market street

between the hours of 7 o'clock a. m. and 7 o'clock p. m. A block shall be held to include both sides of Market street, and the frontage of a block on the north side shall be within the extension of the streets intersecting on the south side, the intervening street intersections on the north side not being considered.

On the north side of Geary street between Stockton street and Powell street and on the west side of Stockton street between Geary street and Post street, no vehicle for hire shall be allowed to stand, between the hours of 8 a. m. and 6 p. m. (Sundays and holidays excepted), unless the owner of such vehicle for hire shall have first obtained a permit from the Chief of Police. Such permits shall be limited to thirty-five (35) at any one time, shall be revocable without notice at the pleasure of the Chief of Police, and not more than one (1) permit shall be issued to any person, firm, corporation or association, for more than one (1) vehicle at any one time. The holders of permits provided by this section shall be subject to all regulations of this Ordinance.

Hours for Sight-Seeing Cars at Stands.

Section 6. Automobile sight-seeing cars shall not stand upon any public square, street or other public place, except during the hours of 9 a. m. to 10:30 a. m., and from 12:30 p. m. to 2 p. m., and 7 p. m. to 7 a. m.; provided, that no such cars shall stand upon Market street between the hours of 7 o'clock a. m. and 7 o'clock p. m., excepting between 9 and 10 o'clock a. m. and between 1 and 2 o'clock p. m., except on Sundays and holidays.

Also, Bill No. 5020, Ordinance No. — (New Series), as follows:

Amending Sections 12, 19, 20, 21, 21a, 37 and 65 of Ordinance No. 1857 (New Series) entitled "Regulating Moving Travel and Traffic Upon the Streets and Other Public Places of the City and County of San Francisco, and Providing a Punishment for Any Violation Thereof, and Repealing Orders Numbers 70 and 175 (Second Series), and Ordinances Numbers 256, 723, 803, 807, 808, 809, 814, 825, 851, 888, 898, 899, 902, 1088, 1132, 1359, 1367, 1369, 1379, 1380, 1507, 1517, and Ordinances Numbers 339, 575, 649, 1527 and 2128 (New Series)," and adding three new sections thereto to be numbered Sections 81a, 81b and 81c.

Be It Ordained by the People of the

City and County of San Francisco as follows:

Section 1. Section 12 of said Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Stopping Vehicles Close to Curb, Except in Case of Emergency.

Section 12. No person riding, driving, propelling or in charge of any vehicle, shall stop such vehicle upon any street except within one foot of the curb; provided, however, that this section shall not apply in case of emergency or when such stop is made for the purpose of allowing another vehicle or pedestrian to cross its path.

Upon wide streets or upon which there are no street car tracks the Police Department may permit vehicles to stand diagonally to the curb.

Section 2. Section 19 of said Ordinance No. 1857 is hereby amended so as to read as follows:

Vehicles Shall Not Stand Near Crossings.

Section 19. It shall be unlawful for any person to hitch, or to cause or permit to be hitched, any horse, mule or other animal, or to leave standing or to cause or permit to be left standing, any bicycle, motorcycle, automobile, buggy, carriage, wagon or other vehicle, upon any street along which street cars or interurban railway cars are run or operated, within twenty feet of either side line of any street that crosses, intersects or terminates in such street, or within twenty feet of either such side line extended across such street at right angles. Provided, however, that none of the conveyances or other vehicles mentioned herein shall be left standing or permitted or caused to be left standing on Market street within sixty feet of a line extended at right angles from the curb line to a designated car stop placed between the tracks of the street railway nearest thereto. No vehicle shall stand so as to obstruct the passage of pedestrians at crossings.

Section 3. Section 20 of said Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Stopping Vehicles Near Fire Hydrants.

Section 20. It shall be unlawful for any person to hitch, or to leave standing, or to cause or permit to be hitched or left standing, any animal, or to leave standing or to cause or permit to be left standing, any vehicle, or to stop or to cause to be stopped, any animal or vehicle, in or upon any public street within fifteen (15) feet of any fire hydrant unless such animal is in charge of some person capable of driving the same, or unless such vehicle is in charge of some person capable of driving or operating the same.

Section 4. Section 21 of said Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Parking Restrictions.

Section 21. Between the hours of 10 o'clock a. m. and 12 o'clock m. and 1:30 to 6 o'clock p. m. of any day except Sunday and legal holidays it shall be unlawful for the driver, operator or owner of any motor or horse drawn vehicle to permit such vehicle to stand for more than forty minutes on any of the following streets or portions of the following named streets, to-wit:

Market street from Montgomery to Sixth and Taylor streets.

Kearny street from Market to Sutter street.

O'Farrell street from Grant avenue to Powell street.

Geary street from Kearny to Mason street.

Post street from Montgomery to Powell street.

Sutter street from Kearny to Stockton street.

Grant avenue from Market to Sutter street.

Stockton street from Market to Sutter street.

Powell street from Market to Post street.

Ellis street from Stockton to Powell street.

Eddy street from Powell to Mason street.

Savings Union place from northerly termination of O'Farrell street.

Vehicles for hire to be limited to the north side of Geary street between Stockton street and Powell street, and the west side of Stockton street between Geary street and Post street.

Vehicles for hire shall not use the south side of Post street between Stockton street and Powell street, and the east side of Powell street between Geary street and Post street, but the same shall be for the use of the public on all days except Sundays and holidays.

Vehicles shall not stand on the south side of Manila street from Kearny street to Grant avenue or on the north side of Manila street from Grant avenue to Stockton street.

Vehicles shall not stand on Market street between The Embarcadero and Seventh street between the hours of 4:30 and 6 o'clock p. m., except on Sundays and holidays.

On streets having a roadway of thirty-five feet or less the Police Department shall have authority to regulate the standing of any vehicle so as to preserve the free passage of traffic thereon.

Provided, that stoppages caused by fires, blockades, breakdowns or other emergencies, or an ambulance, shall

not be considered within the provisions of this Ordinance.

Provided, that the provisions of this section shall not apply to the standing of any freight or baggage vehicle, or of any passenger vehicle, for which a permit has been granted, under the provisions of Ordinance No. 1898 (New Series), for such vehicle to stand upon any of the streets, or portions of such streets, as herein defined, during the time such vehicle is in charge of a person competent to drive the same.

Section 5. Section 21a of said Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Stop Signs for Street Cars.

Section 21a. The managers of the United Railroads and Municipal Railways shall cause a permanent visible mark or car stop to be placed in the pavement at designated locations to be agreed upon and to maintain such signs. In case said managers shall not be able to agree upon the location of such marks then the Police Department shall designate the same. It shall be unlawful for any motorman operating a car in making a stop for the purpose of taking on or discharging passengers, to permit such car to extend beyond such stop-mark. No stop shall be made that will prevent the free use of any intersection, cross street or designated pedestrian crossing.

Section 6. Section 37 of said Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Section 37. Every person operating or driving a motor or other vehicle on the public streets of this City and County shall operate or drive the same in a careful and prudent manner and at a rate of speed not greater than is reasonable and proper, having regard to the traffic and use of the highway, and no person shall operate or drive a motor or other vehicle on a public highway at such rate of speed as to endanger the life or limb of any person or the safety of any property; provided, that it shall be unlawful to drive at a rate of speed in excess of that provided in the Vehicle Act of the State of California.

Section 7. Section 65 of said Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Section 65. The provisions of the Vehicle Act of the State of California in respect to the number, position and quality of lamps and lights upon vehicles are hereby adopted and made applicable to vehicles in the City and County of San Francisco.

Section 8. Three new sections are hereby added to said Ordinance No. 1857 (New Series), to be numbered

Sections 81a, 81b and 81c, and to read as follows:

Signs to Be Provided.

Section 81a. The Police Department shall provide a suitable number of distinctive signs entitled "No Parking," "40 Minute Limit," "Safety Crossing," "Safety Station," or similar words, and shall place the same in such locations as shall best serve the public convenience. The use of such signs by others than the Police Department is hereby forbidden.

Reserve Space Signs.

Section 81b. The occupant of any premises upon application made therefor to, and granted by, the Police Department may be permitted to erect and maintain a sign at the curb bearing the words "Reserved Space," and space in front of such premises shall be deemed reserved for the convenience of the occupant thereof, during business hours, so as to permit a vehicle to stand thereat. The maintenance of such signs shall be under such restrictions as the Police Department shall prescribe and subject to revocation at any time.

Pedestrians to Use Crossings.

Section 81c. The Police Department shall establish pedestrian crossings or traffic lanes along and across Market street from The Embarcadero to Ninth street and all pedestrian traffic across such street shall be confined to such crossings as shall be thus established. Upon other streets where traffic is congested pedestrians shall cross only at street intersections and within the area bounded by the extension of the exterior and interior sidewalk lines. It is the intention hereby to prevent irregular and diagonal crossing of streets by pedestrians and it shall be the duty of police officers to admonish all persons noticed to be violating this provision. Pedestrians shall heed the directions of traffic officers and all traffic signals shall apply to pedestrians as well as to vehicular traffic.

Pedestrians on sidewalks shall keep to the right.

A violation of the provisions of this section shall not be subject to the penalties provided by this Ordinance, unless such violation is persistent and in disregard of the directions of a police officer.

Excepting therefrom such portions thereof as are now parts of open public streets; and excepting therefrom such portion thereof as is now owned by the City and County of San Francisco.

Whereas, The damages, costs and

expenses of opening and extending said streets and portions of said streets, and the widening thereof are nominal and no assessment district is necessary to be formed for the purpose of paying the damages, costs and expenses of opening and extending said streets, and widening the same, the Board of Supervisors hereby declare and determine that the whole damage, cost and expense of opening and extending said streets and widening the same shall be paid out of the revenue of the City and County of San Francisco.

Said extensions and openings and widening of said streets shall be done in pursuance of Chapter III, Article VI of the Charter of the City and County of San Francisco, and shall be done in the manner, and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of the Charter of the City and County of San Francisco.

And Whereas, The Clerk of the Supervisors of the City and County of San Francisco did transmit to the Board of Public Works of the City and County of San Francisco a certified copy of said resolution, and the said Board of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause, in the manner and as required by law, a notice, similar in substance, to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, More than ten (10) days have elapsed after the expiration of the publication of said notice, and no objections to the said opening, widening and extending of said streets and portions of said streets were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all, and

Whereas, The public interest and convenience require the said improvement to be done as specifically described in said Resolution No. 15803 (New Series), and

Whereas, The Supervisors have acquired jurisdiction to order that said Evans avenue, Tulare street, Missouri street, Napoleon street and Army street be opened, extended and widened, as aforesaid, and as specifically described and proposed in said Resolution No. 15503 (New Series);

Now, therefore, be it

Resolved, That it be ordered, and it is hereby ordered that said Evans avenue, Tulare street, Missouri street, Napoleon street and Army street be opened, extended and widened, as aforesaid, and as specifically described

and proposed in said Resolution No. 18503 (New Series), and be it further

Resolved, That the lands and property described in said Resolution No. 15803 (New Series) and declared to be deemed necessary to be taken for said opening, extensions and widening of said streets, be taken for said openings, extensions and widening, and be it further

Resolved, That the entire damages, costs and expenses of opening, extending and widening said streets shall be paid out of the revenues of the City and County of San Francisco, as proposed and provided in said Resolution No. 18503 (New Series), and be it further

Resolved, That said extensions and openings and widening of said streets shall be done in pursuance of Chapter III, Article VI of the Charter of the City and County of San Francisco, and shall be done in the manner and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter III of Article VI of the Charter of the City and County of San Francisco, and be it further

Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the "Daily Journal of Commerce" as required by law.

Execution of Deeds by the Mayor and Clerk in Re Closing Portion of Hampshire Street.

Supervisor Welch presented:

Resolution No. 15943 (New Series), as follows:

Whereas, this Board on Monday, the 25th day of June, 1917, after proceedings heretofore had pursuant to the provisions of Chapter III, Article IV of the Charter of the City and County of San Francisco, duly adopted Resolution No. 14516 (New Series), to which reference is hereby made.

and by such reference said resolution is hereby made a part hereof, closing and abandoning portions of Hampshire street between Alameda and Division streets in the City and County of San Francisco, State of California; and

Whereas, on the 28th day of June, 1917, said resolution was duly approved by the Mayor of the City and County of San Francisco; and

Whereas, the Southern Pacific Company, a corporation, and Emily J. Horn, are the owners of the real property affected by the said closing and abandoning of portions of Hampshire street between Alameda and Division streets; and

Whereas, the said Southern Pacific Company, a corporation, has made, executed and delivered to the City and County of San Francisco, a municipal corporation, all its right, title and interest in and to the following real property, situate, lying and being in the City and County of San Francisco, State of California, and particularly described as follows, to-wit:

Commencing at the point of intersection of the southerly line of Division street and the westerly line of Potrero avenue and running thence southerly along the westerly line of Potrero avenue thirty-three (33) feet; thence deflecting to the right at an angle 90 deg. 50 min. 23 sec. and running westerly a distance of 65.797 feet; thence deflecting to the right at an angle of 48 deg. 38 min. 07 sec. and running northwesterly a distance of 42.145 feet to the southerly line of Division street; thence deflecting to the right 130 deg. 31 min. 30 sec. and running easterly along the southerly line of Division street 93.17 feet to the point of commencement. Being a portion of Potrero Block No. 68.

For the purpose of a public street; and

Whereas, said Emily J. Horn has made, executed and delivered to the City and County of San Francisco, a municipal corporation, her certain deed to all that real property situate, lying and being in the City and County of San Francisco, State of California, and particularly described as follows, to-wit:

Commencing at a point on the westerly line of Potrero avenue distant thereon 80.50 feet southerly from the southerly line of Division street and running thence southerly along the westerly line of Potrero avenue 22.49 feet; thence deflecting to the right an angle of 139 deg. 28 min. 30 sec. and running northwesterly a distance of 21.82 feet; thence deflecting to the right an angle of 135 deg. 14 min. 28 sec. and running easterly a distance

of 20.750 feet to the point of commencement. Containing 232.5 square feet and being a portion of Potrero Block No. 68.

For the purpose of a public street; and

Whereas, said new street was laid out, dedicated and conveyed to the City and County of San Francisco, as aforesaid, will and does constitute ample compensation to said City and County for its deeds to the portions of Hampshire street hereinbefore described, closed and abandoned as aforesaid, and will be of much greater practical value, both to the City and County of San Francisco and to the general public;

Now, therefore, the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco in the name of said City and County, are hereby authorized and directed to execute deeds conveying all the right, title and interest of said City and County in and to the parcels of land hereinafter more particularly described, formerly portions of Hampshire street, closed and abandoned as aforesaid, to the said Southern Pacific Company and to Emily J. Horn, as follows:

To the Southern Pacific Company, a corporation, the land described as follows:

Commencing at a point on the southerly line of Division street distant thereon 200 feet easterly from the easterly line of York street; thence easterly along the southerly line of Division street 80 feet; thence at right angles southerly 70 feet; thence at right angles westerly 40 feet; thence at right angles northerly 11.42 feet; thence at right angles westerly 40 feet; thence at right angles northerly 58.58 feet to the point of commencement.

To Emily J. Horn the land described as follows, to-wit:

Commencing at a point which is perpendicularly distant 70 feet southerly from the southerly line of Division street and 280 feet easterly from the easterly line of York street; thence southerly parallel with the easterly line of York street 71.25 feet; thence at right angles westerly parallel with Division street 40 feet; thence at right angles northerly 71.25 feet; thence at right angles easterly 40 feet to the point of commencement.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Suhr, Welch, Wolfe—16.

Absent—Supervisors Power, Schmitz

Celebration of Admission Day.

Supervisor Hayden presented:

Resolution No. 15944 (New Series),
as follows:

Whereas, the ninth day of September, the anniversary of the admission of California into the Union, has been declared by action of the Legislature and the Governor of this State a legal holiday; and

Whereas, California has shown its loyalty by exceeding its allotment in subscriptions to Liberty Bonds, War Savings Stamps and the Red Cross, and has far exceeded its quota in enrollments and enlistments in the army and navy;

Be it Resolved, That the Mayor is respectfully requested to appoint a committee to act in conjunction with a committee from San Francisco Parlors of the Native Sons of the Golden West and of Native Daughters of the Golden West, to arrange for such a celebration in San Francisco, on September 9, 1918, as shall mani-

fest our great loyalty to the nation and our determination to support its cause with all our resources of manpower and wealth, and that such celebration be held under the auspices of the City and County of San Francisco in co-operation with said Native Sons and Native Daughters and that all citizens and residents are requested to participate therein.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Suhr, Welch, Wolfe—16.

Absent—Supervisors Power, Schmitz—2.

The following were presented and read by the Clerk:

Refund of Auditorium Rental.

Communication—From M. J. Cohen, chairman of Committee, State Council of Defense for California, requesting a refund of \$350, being rental for the Auditorium paid the city for use of the Exposition Auditorium for the entertainment held on June 29, 1918, for the purpose of acquiring funds to procure band instruments for the United States Marine Corps.

Referred to the Finance Committee.

Letter of Thanks.

Communication—From Frederick O'Brien, Acting Food Administrator, United States Food Administration, thanking the Mayor and Board of Supervisors for action in rejecting annual bids for supplying certain food-stuffs and re-advertising for 30-day bids on certain items.

Received and ordered filed.

Watchmen in Exposition Auditorium.

Communication—From the Watchmen's Union, Local No. 15689, stating that it has been advised that the Auditorium is being left unprotected or guarded during certain hours of the night, and resolving that the union objects to the watchman on duty during one part of the night being held responsible for any loss or damage to the building or its contents.

Referred to the Auditorium Committee.

On motion of Supervisor Gallagher the Auditorium Committee was requested to have a member of the Police Department assigned to the building.

TAKEN UP OUT OF ORDER.

Public Utilities Committee to Arrange for Conference, Lower Market Street Congestion.

Supervisor Mulvihill presented:
Resolution No. — (New Series), as follows:

Resolved, That the Public Utilities Committee be directed to arrange a conference with the officials of the Board of Public Works and the officials of the United Railroads for the purpose of considering plans for the immediate relief of street railway congestion on the lower Market street lines.

On motion of Supervisor Wolfe the above resolution was *referred to the Public Utilities Committee.*

Telegram From His Honor the Mayor.

The following telegram was received from the Mayor, read by the Clerk and ordered spread at length in the Journal:

Honorable Board of Supervisors, City Hall, San Francisco, Cal.:

Mr. Lemare telegraphed me today that contract with him is still unsettled and I wish respectfully to ad-

wise you of my position in the matter. Acting under authorization of your Auditorium Committee, I entered into verbal agreement with Mr. Lemare, the understanding being that he would receive \$10,000 a year. Mr. Lamare voluntarily offered at a later date, for patriotic reasons, to accept \$7,500. I cannot see how the city in good faith could offer him less. I certainly consider my verbal assurances to Mr. Lemare as binding as a written contract. His salary should not be below \$7,500 and I recommend that you enter into contract with him on this basis.

Respectfully,

JAMES ROLPH, JR.,
Mayor.

Opinion of City Attorney—Transfer of Moneys From One Fund to Another.

The following opinion was received from the City Attorney, read by the Clerk and ordered spread in full in the Journal and placed on file:

San Francisco, August 5, 1918.

Gentlemen:

I am in receipt of your communication as follows:

"The Board of Supervisors has under consideration the two enclosed resolutions relating to the appropriation of and expenditure of proceeds of Library Bonds for improvement of Civic Center. It is proposed to purchase these bonds as was done before out of surplus in the Depreciation Fund of the Municipal Railway.

"The Board desires to be informed at its next meeting as to whether this proceeding is legal, and as to whether it constitutes a violation of the Charter provision regarding transfers of moneys from one fund to another."

Opinion.

"The Legislature of this State, on April 23, 1913, adopted an act authorizing the investment and reinvestment and disposition of any surplus moneys in the Treasury of any county, city and county, or incorporated city or town. Said act taking effect August 10, 1913.

Section 1 of the said act provides that any county, city and county, or incorporated city or town which now has, or hereafter shall have, any surplus money in the treasury thereof not required for immediate necessities of any county, city and county, or incorporated city or town, is hereby authorized to invest such portion of any such surplus as to the governing body of the said city and county, county, or incorporated city or town, may be deemed wise or expedient, in any bonds issued by said county, city and county, or town, respectively, etc.

The act then provides for the resale of any bonds so purchased and

the reinvestment of the funds from the proceeds of such sale.

Section 2 of the act provides that the functions and duties of the act authorized shall be performed by the legislative or governing body of the county, city and county, or incorporated city or town, or under its authority.

While there is no provision in the Charter expressly authorizing the investment of any of the funds of the Municipal Railway in Library or other bonds, issued under the authority of the city and county, there is no provision prohibiting such an investment.

My predecessor in office had occasion to pass upon the power of your Honorable Board to make similar investments of Municipal Railway funds and held that your Board was, under the act of 1913, hereinabove referred to, authorized to make such investment, holding that it was merely a transfer of the liquid assets of the Municipal Railway into other assets of the city and county. Following that opinion surpluses of the Municipal Railway were invested in Library Bonds and other similar securities. I am not disposed to question the opinion of my predecessor that you have power to invest surpluses in securities of the character enumerated in the act of the Legislature. Library bonds of San Francisco are of that character.

The proceeds of the sale of Library bonds will be deposited to the credit of the Public Library and Reading Rooms Fund and will be expended only for the purposes expressed in the ordinance authorizing the issuance of said bonds.

You submitted to me the following resolution:

"Resolved, That the sum of \$24,600 be and the same is hereby set aside, appropriated and authorized to be expended out of Library Fund, bond issue 1904, for construction of sidewalks and improvements in and adjacent to the Public Library site in the Civic Center, including inspection, incidentals, etc."

The purpose set forth in the above resolution for the expenditure of the moneys of the Library Fund is in my opinion a proper expenditure of said moneys.

Respectfully,

GEORGE LULL.

City Attorney.

Expression of Appreciation.

Communication — From Tansy-Crowe Co., expressing to the members of the Board its full measure of appreciation for the equitable manner in which the members of the Supplies Committee distributes its patronage.

Referred to Supplies Committee.

SPECIAL HEARING.

Permission to Carry Freight and Expressage Over the Public Streets of San Francisco.

Hearing was had in the matter of the application of the Peninsula Motor Truck Express Company for a permit to carry freight and expressage over the public streets of San Francisco.

Mr. Bloomer, attorney for petitioner, was present and heard.

Supervisor Brandon urged the use of rubber tires on all trailer cars to guarantee protection to the public streets.

Whereupon, on motion, the following resolution was passed to print:

Resolution No. — (New Series), as follows:

Resolved, By the Board of Supervisors of the City and County of San Francisco, State of California, as follows:

(1) That public convenience and necessity require the operation by Joseph V. De Ryana, doing business under the name of Peninsula Motor Truck Express Co., of a motor truck service for the transportation of freight and expressage over the public streets and highways of said City and County of San Francisco.

(2) That permission is hereby granted to carry on the said service over any public street or streets, highway or highways, located south of Market street (not including Market street) and over any public street or streets, highway or highways located east of Kearny street and north of Bush street, and such other public street or streets, highway or highways as may be necessary by reason of the foregoing street or streets, highway or highways being closed for repairs, or on account of strike, fire or for any other cause or causes whatsoever; provided, however, that permission is hereby granted to the grantee herein over any and all public street or streets, highway or highways, without restriction whatever, to use auto trucks of one ton or less, if such service require same. The said service to be carried on between the termini of San Francisco and Gilroy, California, and way points.

(3) That permission is hereby granted to the said grantee to carry on service for the transportation of freight and expressage and to operate auto trucks and trailers thereof of six tons or less each.

(4) That all cars and equipment operated by reason of the rights and privileges herein granted shall be covered by a bond or policy of insurance as provided for by ordinance of the said City and County of San Francisco.

(5) That this Resolution shall be in full force and effect immediately upon the passage hereof, and the rights and privileges herein granted are granted for the period of five years from and after the date hereof.

The cost of publishing this Resolution shall be paid by the grantee.

TAKEN UP OUT OF ORDER.

Denying Tank, Boiler and Laundry Privilege.

Resolution No. 15949 (New Series), as follows:

Denying, in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission to Ethan Eliades to maintain and operate an oil storage tank, boiler and laundry at the southwest corner of Bryant and Gilbert streets.

Action Deferred.

Hearing, Olympos Way.

Hearing objections to confirmation of the report of the Board of Public Works for opening of a new street, 60 feet in width, extending from the southerly line of Fourteenth street opposite the termination of Alpine street, and extending southerly and westerly to the intersection of Park Hill avenue and Fifteenth street, etc., was, on motion of Supervisor Gallagher, laid over one week.

REPORTS OF COMMITTEES.

Reports from the following committees were received and ordered filed:

Auditorium Committee, by Supervisor Hayden, Chairman.

Fire Committee, by Supervisor Deasy, Chairman.

Supply Committee, by Supervisor Hilmer, Chairman.

UNFINISHED BUSINESS.

Fixing Compensation of Organist, Exposition Auditorium.

Bill No. 5013, entitled, "Authorizing the Mayor to enter into a contract with Edwin H. Lemare for the period of one year to perform services as organist of the Exposition Auditorium organ," was read.

Thereupon Supervisor Hynes presented the following bill as a substitute:

Bill No. —, Ordinance No. — (New Series), as follows:

Authorizing the Mayor to enter into a contract with Edwin H. Lemare for the period of one year to perform services as organist of the Exposition Auditorium organ.

The Mayor is hereby authorized to enter into a contract with Edwin H.

Lemare, by which said Edwin H. Lemare shall have the care and custody of and operate the organ at the Exposition Auditorium for the period of one year from July 1, 1918, said Edwin H. Lemare to receive as compensation the sum of seven thousand five hundred dollars, payable in monthly installments of \$625.00 each.

Section 2. It is hereby declared that the services to be rendered by said Edwin H. Lemare are of a temporary character and require high technical skill, and that the position occupied by him shall not be subject to the provisions of Article XIII of the Charter.

Section 3. This ordinance shall take effect immediately.

Upon motion, the foregoing bills were referred to Joint Committee on Auditorium and Finance.

Amending Traffic Ordinance Relative to Vehicle Stands and Sight-Seeing Cars.

Bill No. 5019, Ordinance No. 4662 (New Series), as follows:

Amending Sections 3 and 6 of Ordinance No. 1898 (New Series), entitled "Regulating the Use of Hackney Carriages, Automobiles, Taxicabs, and Other Public Passenger Vehicles, Fixing the Rates to Be Charged for the Transportation of Persons and Personal Baggage, Regulating the Use of Boats in the Waters of the Bay, Providing a Punishment for Any Violation Thereof and Repealing Order No. 1611, Ordinances Nos. 446, 1033 and 514 (New Series)."

Be It Ordained by the People of the City and County of San Francisco as follows:

Section 1. Sections 3 and 6 of Ordinance No. 1898 (New Series), the title of which is recited in the title of this Ordinance, are hereby amended so as to read as follows:

Permits for Public Vehicle Stands.

Section 3. No person having charge of a hack, automobile, taxicab or other vehicle used for hire shall allow the same to stand on any public street

within twenty (20) feet of any street crossing, or with the front and rear wheels at a greater distance than one (1) foot from the outer edge of the sidewalks, nor upon any public street (except in front of a public square) without first obtaining the written permission of the Mayor, revocable without notice at the pleasure of the Mayor, and the written consent of the owner and tenant or occupant of the store or ground floor, or portion of the ground floor, of any building to use that portion of the street in front of said building or any part thereof for such purpose, provided, that the Mayor shall not grant permits to allow more than eight (8) public vehicles to stand waiting for employment in any one block; provided, that no permit shall be granted for any public vehicle to stand upon any street less than thirty-five (35) feet in width from curb to curb, on which a double line of railroad tracks is allowed; and provided further, that not more than one permit shall be granted to stand a "sight-seeing" car in any block on Market street between the hours of 7 o'clock a. m. and 7 o'clock p. m. A block shall be held to include both sides of Market street, and the frontage of a block on the north side shall be within the extension of the streets intersecting on the south side, the intervening street intersections on the north side not being considered.

On the north side of Geary street between Stockton street and Powell street and on the west side of Stockton street between Geary street and Post street, no vehicle for hire shall be allowed to stand, between the hours of 8 a. m. and 6 p. m. (Sundays and holidays excepted), unless the owner of such vehicle for hire shall have first obtained a permit from the Chief of Police. Such permits shall be limited to thirty-five (35) at any one time, shall be revocable without notice at the pleasure of the Chief of Police, and not more than one (1) permit shall be issued to any person, firm, corporation or association, for more than one (1) vehicle at any one time. The holders of permits provided by this section shall be subject to all regulations of this Ordinance.

Hours for Sight-Seeing Cars at Stands.

Section 6. Automobile sight-seeing cars shall not stand upon any public square, street or other public place, except during the hours of 9 a. m. to 10:30 a. m., and from 12:30 p. m. to 2 p. m., and 7 p. m. to 7 a. m.; provided, that no such cars shall stand upon Market street between the hours of 7 o'clock a. m. and 7 o'clock p. m., excepting between 9 and 10 o'clock a. m. and between 1 and 2 o'clock

p. m., except on Sundays and holidays.

Bill No. 5020, Ordinance No. 4663 (New Series), as follows:

Amending Sections 12, 19, 20, 21, 21a, 37 and 65 of Ordinance No. 1857 (New Series) entitled "Regulating Moving Travel and Traffic Upon the Streets and Other Public Places of the City and County of San Francisco, and Providing a Punishment for Any Violation Thereof, and Repealing Orders Numbers 70 and 175 (Second Series), and Ordinances Numbers 256, 723, 803, 807, 808, 809, 814, 825, 851, 888, 898, 899, 902, 1088, 1132, 1359, 1367, 1369, 1379, 1380, 1507, 1517, and Ordinances Numbers 339, 575, 649, 1527 and 2128 (New Series)," and adding three new sections thereto to be numbered Sections 81a, 81b and 81c.

Be It Ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 12 of said Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Stopping Vehicles Close to Curb, Except in Case of Emergency.

Section 12. No person riding, driving, propelling or in charge of any vehicle, shall stop such vehicle upon any street except within one foot of the curb; provided, however, that this section shall not apply in case of emergency or when such stop is made for the purpose of allowing another vehicle or pedestrian to cross its path.

Upon wide streets or upon which there are no street car tracks the Police Department may permit vehicles to stand diagonally to the curb.

Section 2. Section 19 of said Ordinance No. 1857 is hereby amended so as to read as follows:

Vehicles Shall Not Stand Near Crossings.

Section 19. It shall be unlawful for any person to hitch, or to cause or permit to be hitched, any horse, mule or other animal, or to leave standing or to cause or permit to be left standing, any bicycle, motorcycle, automobile, buggy, carriage, wagon or other vehicle, upon any street along which street cars or interurban railway cars are run or operated, within twenty feet of either side line of any street that crosses, intersects or terminates in such street, or within twenty feet of either such side line extended across such street at right angles. Provided, however, that none of the conveyances or other vehicles mentioned herein shall be left standing or per-

mitted or caused to be left standing on Market street within sixty feet of a line extended at right angles from the curb line to a designated car stop placed between the tracks of the street railway nearest thereto. No vehicle shall stand so as to obstruct the passage of pedestrians at crossings.

Section 3. Section 20 of said Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Stopping Vehicles Near Fire Hydrants.

Section 20. It shall be unlawful for any person to hitch, or to leave standing, or to cause or permit to be hitched or left standing, any animal, or to leave standing or to cause or permit to be left standing, any vehicle, or to stop or to cause to be stopped, any animal or vehicle, in or upon any public street within fifteen (15) feet of any fire hydrant unless such animal is in charge of some person capable of driving the same, or unless such vehicle is in charge of some person capable of driving or operating the same.

Section 4. Section 21 of said Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Parking Restrictions.

Section 21. Between the hours of 10 o'clock a. m. and 12 o'clock m. and 1:30 to 6 o'clock p. m. of any day except Sunday and legal holidays it shall be unlawful for the driver, operator or owner of any motor or horse drawn vehicle to permit such vehicle to stand for more than forty minutes on any of the following named streets, or portions of the following named streets, to-wit:

Market street from Montgomery to Sixth and Taylor streets.

Ellis street from Stockton to Powell street.

Eddy street from Powell to Mason street.

Savings Union place from northerly termination of O'Farrell street.

Vehicles for hire to be limited to the north side of Geary street between Stockton street and Powell street, and the west side of Stockton street between Geary street and Post street.

Vehicles for hire shall not use the

south side of Post street between Stockton street and Powell street, and the east side of Powell street between Geary street and Post street, but the same shall be for the use of the public on all days except Sundays and holidays.

Vehicles shall not stand on the south side of Manila street from Kearny street to Grant avenue or on the north side of Manila street from Grant avenue to Stockton street.

Vehicles shall not stand on Market street between The Embarcadero and Seventh street between the hours of 4:30 and 6 o'clock p. m., except on Sundays and holidays.

On streets having a roadway of thirty-five feet or less the Police Department shall have authority to regulate the standing of any vehicle so as to preserve the free passage of traffic thereon.

Provided, that stoppages caused by fires, blockades, breakdowns or other emergencies, or an ambulance, shall not be considered within the provisions of this Ordinance.

Provided, that the provisions of this section shall not apply to the standing of any freight or baggage vehicle, or of any passenger vehicle, for which a permit has been granted, under the provisions of Ordinance No. 1898 (New Series), for such vehicle to stand upon any of the streets, or portions of such streets, as herein defined, during the time such vehicle is in charge of a person competent to drive the same.

Section 5. Section 21a of said Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Stop Signs for Street Cars.

Section 21a. The managers of the United Railroads and Municipal Railways shall cause a permanent visible mark or car stop to be placed in the pavement at designated locations to be agreed upon and to maintain such signs. In case said managers shall not be able to agree upon the location of such marks then the Police Department shall designate the same. It shall be unlawful for any motorman operating a car in making a stop for the purpose of taking on or discharging passengers, to permit such car to extend beyond such stop-mark. No stop shall be made that will prevent the free use of any intersection, cross street or designated pedestrian crossing.

Section 6. Section 37 of said Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Section 37. Every person operating or driving a motor or other vehicle on the public streets of this City and County shall operate or drive the same in a careful and prudent manner and

at a rate of speed not greater than is reasonable and proper, having regard to the traffic and use of the highway, and no person shall operate or drive a motor or other vehicle on a public highway at such rate of speed as to endanger the life or limb of any person or the safety of any property; provided, that it shall be unlawful to drive at a rate of speed in excess of that provided in the Vehicle Act of the State of California.

Section 7. Section 65 of said Ordinance No. 1857 (New Series) is hereby amended so as to read as follows:

Section 65. The provisions of the Vehicle Act of the State of California in respect to the number, position and quality of lamps and lights upon vehicles are hereby adopted and made applicable to vehicles in the City and County of San Francisco.

Section 8. Three new sections are hereby added to said Ordinance No. 1857 (New Series), to be numbered Sections 81a, 81b and 81c, and to read as follows:

Signs to Be Provided.

Section 81a. The Police Department shall provide a suitable number of distinctive signs entitled "No Parking," "40 Minute Limit," "Safety Crossing," "Safety Station," or similar words, and shall place the same in such locations as shall best serve the public convenience. The use of such signs by others than the Police Department is hereby forbidden.

Reserve Space Signs.

Section 81b. The occupant of any premises upon application made therefor, and granted by, the Police Department may be permitted to erect and maintain a sign at the curb bearing the words "Reserved Space," and space in front of such premises shall be deemed reserved for the convenience of the occupant thereof, during business hours, so as to permit a vehicle to stand thereat. The maintenance of such signs shall be under such restrictions as the Police Department shall prescribe and subject to revocation at any time.

Pedestrians to Use Crossings.

Section 81c. The Police Department shall establish pedestrian crossings or traffic lanes along and across Market street from The Embarcadero to Ninth street and all pedestrian traffic across such street shall be confined to such crossings as shall be thus established. Upon other streets where traffic is congested pedestrians shall cross only at street intersections and within the area bounded by the extension of the exterior and interior sidewalk lines. It is the intention hereby to prevent irregular and diagonal crossing of streets by pedestrians and it shall be

the duty of police officers to admonish all persons noticed to be violating this provision. Pedestrians shall heed the directions of traffic officers and all traffic signals shall apply to pedestrians as well as to vehicular traffic.

Pedestrians on sidewalks shall keep to the right.

A violation of the provisions of this section shall not be subject to the penalties provided by this Ordinance, unless such violation is persistent and in disregard of the directions of a police officer.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—18.

Reference to Committee.

Supervisor Wolfe presented the following bills out of order, and upon motion said bills were referred to the Public Utilities Committee, to-wit:

Bill No. —, Ordinance No. — (New Series), entitled, "Adding a new section to be numbered 3a to Ordinance No. 581 (New Series), entitled, 'Regulating Street Railroads and Cars in the City and County of San Francisco, and Prescribing Rules and Regulations for the Protection of the Public from Danger and Inconvenience in the Operation of such Railroads.'"

A new section, to be numbered Section 3a, is hereby added to Ordinance No. 581 (New Series), the title of which is above recited, the same to read as follows:

Section 3a. Every car, while carrying passengers, shall be in charge of a motorman and a conductor, and it shall be unlawful to operate such car with only one man.

Also, Bill No. —, Ordinance No. — (New Series), entitled, "An ordinance authorizing the Board of Public Works to purchase material and equipment for the construction of the Hetch Hetchy project without requiring formal bids to be submitted under certain circumstances during the period of the war."

Question of Personal Privilege.

Supervisor Power arose under question of personal privilege and presented the following statement:

Supervisor Power—I am taking the floor on a question of personal privilege, and wish the stenographer to note that fact. I am doing so on account of two articles—

Supervisor McLeran (presiding)—Dr. Hassler has not been heard from; it is now 4 o'clock—

Supervisor Power—Mr. Hennessy came, and Mr. Wollenberg, and they are familiar with the matter. Mr. Hennessy remained, and Mr. Wollenberg left a note stating that he had to attend a meeting at the office of the Food Administrator at 4 o'clock, and could not wait any longer. I am calling it up now because, perhaps, Mr. Hennessy cannot wait any longer, and I wish him to verify certain statements I make. I am asking this privilege, Mr. Chairman and members of the Board, on account of two articles which appeared in the San Francisco Examiner, July 25th and July 30th; and in those articles certain employees, and certain members of this Board are quoted as having said certain things. I wish to supply for the record today statements and documents to contradict the statements in the paper, and I first want to say that I do not know of anything more cowardly than that a reporter, or a colleague, or clerk, or whoever it might be, if they did say the things that they have been quoted as saying—I don't know anything more cowardly than to do such a thing

when a man is absent and unable to defend his position. That is the situation that developed, according to the press reports, if they are correct, at the meeting of the Supply Committee, and at the meeting last Monday. This situation developed, Mr. Chairman, over a requisition for one or two truck tires from the Health Department; and I want to explain to the Board the situation as it came to me: First, on a telephone message from Mr. Hennessy, the bookkeeper of the Board of Health, stating that the Relief Home truck needed two tires, and they wanted to know which tire they should order. I stated to Mr. Hennessy that our firm could not sell the city any tires. Mr. Hennessy made the claim to me that he was calling up, not thinking that our firm could not sell truck tires to the city or any other tires, but because he understood the matter of tires in the Supplies Committee, or the ordering of them, was placed in my hands by the committee some two or three months ago. I told Mr. Hennessy then that I would recommend the purchase of a Kelly-Springfield truck tire—the best truck tire that is made today; and if there is any information needed on that subject we will give you the direct government information from France as to the results over there. However, Mr. Kast phoned a few moments after that and told me he had a requisition from the Board of Health, wanting two tires, and I told him that Mr. Hennessy had just phoned to me, and I designated what tire they should purchase. In so far as any bids on truck tires, or any other tires, none were received to my knowledge up to that date, and in verification of that I want to submit for the record the answer of Mr. Kast to my request—"Have you anything of record showing that bids were received on solid tires by you when the Health Department requisition was received?" And Mr. Kast's answer is "No." I wish to make that a part of the record, Mr. Chairman. I wish to emphasize that fact by saying that, to my knowledge, there has been no bids received for any tires—that you can buy tires the same as you can buy shoes—you can buy a dollar and a quarter pair, or you can buy a fifty-dollar pair; and you can buy tires the same way—either buy quality as the wealthy purchasers of tires—and most of the large purchasers buy them by the mile. Now, as to the statement made in the paper, Mr. Chairman, Mr. Kast is quoted as follows: "Marius Kast, clerk of the Supplies Committee, told the members of the committee that the order for tires had been switched on the order of Supervisor James Power." I want to submit for the record a letter from Mr. Kast, and a telegram from Mr.

Kast. The letter reads as follows: "Referring to recent news item, I did not say it, nor, indeed, did I speak upon the subject at all.

"KAST."

And a telegram addressed to me at Skaggs Springs:

"Nothing was said by me, and thinking you would be in town by Monday, I mailed memorandum to that effect to your office."

This one was mailed to my office and forwarded to me at Skaggs Springs. I wish to submit both of these for the record. I also wish to submit for the record—I wrote to the chairman, Supervisor McLeran on this matter, he having been, or, at least, the news item contained the statement that he was present at the meeting of the Supplies Committee, and I wrote to him for all the facts regarding the meeting, and the reply I received from him,—it is a little bit lengthy, but I will read it if the members wish, and I wish to submit that for the record. The substance of the reply is:

"I was at the meeting of the Supplies Committee the Friday you speak of, and at that meeting your name was not mentioned by any member of the committee, directly or indirectly, by anyone present."

The newspaper, however, quotes the fact three different persons had mentioned my name at that meeting. And then I wish to supply for the record Mr. Chairman, a statement of the purchases of tires since I have been a member of the Supplies Committee last January, up to date: 14 different firms have been given requisitions for tires—since the matter of tires was put in my hands by the committee—and some of these firms, like the U. S. Tire people and others, did not receive any orders whatsoever last year. I submit that to show my position in desiring to be fair in the matter of distributing the city orders for tires in view of the fact the Supplies Committee did not let a contract. I want to say further, Mr. Chairman, that if the city was endeavoring to buy the cheapest tire—I want to call your attention to the fact that when this requisition was up for approval at the meeting of July 18th—if I was present at that meeting I would have insisted that the city receive the same discount as any other owner of trucks that has five or more trucks—any contractor or any corporation having five or more trucks is entitled to a discount of 10 and 5 for cash, and the city is entitled to that discount, and it should get that discount from this present requisition; they would then be buying the cheapest tire because it would give the lowest cost per mile, and if the Finance Committee has not passed the bill I advise them now that is the discount the city is entitled to and

should get; and with that discount, the price which has been quoted, according to the other prices quoted for the solid tire—the present list on the Goodyear tire, which has been quoted at \$91.45, is \$106.95, and with the 10 and 5 off, that brings it to the price that is mentioned; with the 10 and 5 off the Kelly-Springfield tire it will prove that it gives you a lower cost per mile than the Goodyear tire or any other truck tire, because they guarantee their tires for eight thousand miles as against the guarantee of all other makes of seven thousand. Now, I wish to point out further, Mr. Chairman, in view of the fact that the insinuation is cast that this is the first time that the city ever purchased a tire which was higher in price than the other: I wish to call the Board's attention to the fact that on this list I have submitted of the firms and purchases made of tires, that you will find such cases as this—you will find, for instance, the Central Office of the Board of Health purchased two 30 x 3½ Diamond tires at \$29. The Central Office of the Board of Health—at least the Supplies Committee bought them for them—two 30 x 3½ Pennsylvania tires for \$35; there is a difference of \$6 in the same size tire. So it does not necessarily follow that the city has endeavored to buy the lowest priced tire, because if the city was endeavoring to buy the lowest priced tire that can be bought, they would probably be buying what we call "seconds," and in the long run it would be more expensive than buying the better quality of tires. Now, Mr. Chairman, in the second article appearing in the newspaper, there is a reference made as to the purchase of automobiles last year. I don't know whether this reference was made or not, but I say, as I did in the opening of my statement—if these statements are correct, and the members of the Board, or the employees have been quoted correctly—if they were, why then I wish to take up that question also at this time and have it done for once and for all. I had Mr. Williams prepare for me the purchases of automobiles for 1917-1918—commencing August 6, 1917—I wish to submit that for the record, and I will just give you the summary of it—that, altogether, there was expended by the city during the year 1917-1918, \$53,262 for automobiles, and of those purchases the Saxon purchases amounted to \$2,605, or one-twentieth of the total purchases made; and there were cars bought during the year from sixteen different reliable firms in the city of San Francisco. I think that shows an effort to at least equalize the purchases of machines, and to give them to the reliable firms as nearly equal as it is possible to give them. I do not know

of anything further I have to say on the subject, Mr. Chairman. I simply want to make it plain, from my own view-point, and from the view-point of most of my colleagues here, I think and most of my friends on the outside know that this attack is the result of a personal difference as between myself and a newspaper reporter, and who has sought on many occasions to endeavor to attack me without any

warrant, and thought on this occasion he had sufficient facts, I presume, to attack. Now, I am not losing my patience on the individual at all. I have endeavored to appear before the Board today and answer this attack, which, I say, was contemptible and cowardly, in a dignified manner. I wish to have the statements made here, and the data submitted, made a part of the record and printed in the Journal.

Ordering Street Work.

On motion of Supervisor Welch:

Bill No. 5029, Ordinance No. — (New Series), as follows:

Ordering the reconstruction of Army street between the easterly line of San Bruno avenue and Potrero avenue to the new line of the street; authorizing and directing the Board of Public Works to enter into contract for said construction, and approving plans and specifications therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized, instructed and empowered to enter into contract for the reconstruction of Army street between the easterly line of San Bruno avenue and Potrero avenue to the new line of the street, in accordance with plans and specifications prepared therefor by the Board of Public Works, and on file in its office, which plans and specifications are hereby approved and adopted.

Section 2. This ordinance shall take effect immediately.

Management of the Exposition Auditorium.

On motion of Supervisor Hayden:

Bill No. 5030, Ordinance No. — (New Series). Providing for the management of the Exposition Auditorium.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Supervisors shall appoint a committee of five of its members to serve as an "Auditorium Committee," which committee shall have control and management of the Exposition Auditorium as in this ordinance provided.

Section 2. Such committee is hereby authorized to lease said building and the several halls and apartments thereof for the purpose of public

assemblies and gatherings according to the following schedule:

Day Rentals.

Main Hall, 8 a. m. to 6 p. m., \$150. Sundays and holidays, 8 a. m. to 6 p. m., \$250.

For use of either Polk or Larkin halls, 8 a. m. to 6 p. m., \$35.

Polk or Larkin halls, 8 a. m. to 6 p. m., \$25 each when rented in conjunction with Main Hall.

Night Rentals.

Main Hall, 6 p. m. to 12 p. m., \$250; per hour, \$25 thereafter.

Main Hall and either Polk or Larkin halls, 6 p. m. to 12 p. m., \$300; per hour, \$30 thereafter.

Main Hall and Polk and Larkin halls, 6 p. m. to 12 p. m., \$350; per hour, \$35 thereafter.

Either Polk or Larkin halls, 6 p. m. to 12 p. m., \$70; per hour, \$5 thereafter.

Rental for Saturday Nights (New Year's Eve excepted), Thanksgiving and Washington's Birthday Evcs.

Main Hall, 6 p. m. to 2 a. m., \$350; per hour, \$25 thereafter.

Polk and Larkin halls in conjunction with Main Hall, 6 p. m. to 2 a. m., \$50 extra; per hour, \$5 extra for each hall thereafter.

Provided, That for such use for New Year's eve and such special days as the Supervisors may designate, the rate shall be \$500; provided that the Board of Supervisors in its discretion may let the use thereof for New Year's eve to the highest competitive bidder.

For use of auxiliary halls, 8 a. m. to 6 p. m., \$10 each, and from 6 p. m. to 12 p. m., \$15 each.

For the use of the main Auditorium or any of the other halls for more than twenty-four hours the charges therefor shall be as follows:

For two days a rate of ninety per cent of the foregoing daily rate for each day. For three days or more a rate of seventy-five per cent of the foregoing daily rate for each day.

The Board of Supervisors may, upon the recommendation of the Auditorium Committee, make contracts for the use of any of the halls of the Auditorium for any entertainment, concert or other assembly based upon a percentage of the gross receipts thereof, and the payment of such percentage shall be in lieu of the rentals specified herein.

It is provided, however, that for the purpose of encouraging the holding of national, state and foreign conventions in San Francisco, the Board of Supervisors may remit the rental charges during the time a national, state, foreign, commercial, industrial, labor or benevolent organization is in convention session.

Provided, further, that the Board

of Supervisors may in its discretion remit such charges in cases where such Auditorium is to be temporarily used for entertainment purposes given without revenue of any character therefrom; except that in such cases a charge equal to one-half of the foregoing rental rates shall be paid to cover overhead expenses.

Provided, further, that the Auditorium Committee may grant to the Panama-Pacific International Exposition the right to use free of rent such space in the basement and in the halls on the third and fourth floors of the Auditorium as it may require for office, storage and such other purposes as may be necessary.

Section 3. The said committee shall direct the Board of Public Works to make such repairs and to install such equipment as may be necessary from time to time and to direct when and how said building shall be cleaned, lighted and operated.

Section 4. The following restrictions concerning the use of said building and halls shall be observed.

a. Rent shall be paid in full at least 24 hours prior to occupation.

b. No transfer of rental privilege shall be made without the written consent of the majority of the Auditorium Committee.

c. The Auditorium Committee shall have authority to prohibit the granting of any concession, when in its opinion such concession is against the law or public interest.

d. The Board of Supervisors reserves the right to reject any application for rental privilege or to revoke any privilege that may be granted if the public interest so requires.

e. The lessee shall agree to pay on demand for any damage that may result from his use or occupancy of the premises or the fixtures, furniture or fittings thereof, and to secure the City against any loss, the lessee, prior to the use of any hall, shall deposit a sum of money in cash or certified check, with the Auditorium Committee, the amount to be fixed by said Auditorium Committee, said deposit to be returned to the lessee when all damage, if any, has been paid for and all decorations and other property belonging to the lessee has been removed from the building within twenty-four hours after the expiration of the lease, otherwise said deposit shall be retained and used to pay for any damage or injury that the city may sustain.

f. The lessee shall furnish sufficient police protection to the public during his use of the premises.

g. The Auditorium Committee shall require an agreement to be signed by the lessee covering the restrictions herein imposed and such further re-

strictions as public interest may require, and to execute a bond for the faithful observance thereof.

Section 5. Any person or association desirous of obtaining the use of said Auditorium or portions thereof shall make application therefor in writing and file the same with the Clerk of the Board of Supervisors and shall accompany such application with a deposit of twenty-five per cent of the amount of the rent to be charged as herein provided. Said deposit shall be forfeited in event of failure of applicant to pay the full rental should the privilege be granted to him. The Clerk shall immediately refer such application to the Auditorium Committee and all applications shall be considered in the order in which they have been filed.

Section 6. Nothing herein contained shall be construed as preventing the use of said building or halls therein for Municipal purposes or for maintaining therein permanent displays of works of art.

Section 7. All moneys received from the operation of the Auditorium shall be paid into the "Auditorium Fund," which fund is hereby created, in accordance with the provisions of Section 16 of Article XII of the Charter.

The Board of Supervisors may from time to time make appropriations from such fund for the following purposes:

a. For the payment of operating expenses.

b. For repairs and reconstruction and depreciation.

At the close of each fiscal year all surplus in said fund shall be transferred and the same is hereby appropriated to the City Hall Bond Interest and Redemption Fund and it is hereby declared that such appropriation is made as directed and required by said Section 16 of Article XII of the Charter and it is further declared that the sum of \$913,669.08, being the proceeds from the sale of said City Hall Bonds, was used for the acquisition of the site of said Auditorium and for its construction (in part) and that it is the intention to repay said cost out of the earnings of said Auditorium.

Section 8. That Ordinance No. 3521 and No. 3606 (New Series) are hereby repealed.

Section 9. This ordinance shall take effect immediately.

No—Supervisor Power—1.

Extension of Time.

On motion of Supervisor Welch: Resolution No. 15960 (New Series), as follows:

Resolved, That M. A. Greely is hereby granted an extension of ninety days' time from July 31, 1918, within which to complete contract for the improvement of Thirty-eighth avenue between Geary and Anza streets, where not already done.

This *second* extension of time is granted upon the recommendation of the Board of Public Works, filed July 30, 1918, for the reason that the contractor has been unable to obtain sufficient material to make the required fill; the material in the above district available for filling purposes is

extremely limited. No work has been done on the contract.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—18.

Also, Resolution No. 15961 (New Series), as follows:

Resolved, That M. A. Greely is hereby granted an extension of ninety days' time from and after August 7, 1918, within which to complete contract for the improvement of Anza street between Thirty-fourth and Thirty-fifth avenues, where not already improved.

This *second* extension of time is granted upon the recommendation of the Board of Public Works filed July 30, 1918, for the reason that the contractor wishes to perform the above work in conjunction with his contract on Thirty-eighth avenue between Geary and Anza streets. No work has been done on the above contract, but the amount of work to be done is small, and the contractor assures us that he will start the work without further delay.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—18.

Change of Grades.

Also, Resolution No. 15962 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Resolution No. 59598 (Second Series) of the Board of Public Works, adopted July 26, 1918, and written recommendation of said Board, filed July 31, 1918, to-wit:

On Fourteenth avenue between Ulloa street and a line parallel with Vicente street and 150 feet southerly therefrom, and on Vicente street between the westerly line of Fourteenth avenue and a radial line passing through the northwesterly line of 10.11 feet northeasterly from the first angle northeasterly from Fourteenth avenue.

Opinion From the City Attorney in Re Power of the Railroad Commission to Fix and Establish Rates to Be Paid By the Municipality for Electric Current Furnished.

Supervisor Nelson presented the following opinion from the City Attorney and upon motion ordered spread at length in the Journal, to-wit:

San Francisco, August 2, 1918.

Board of Public Works, City and County of San Francisco: Supervisor Chas. A. Nelson, Chairman Lighting Service Committee, Board of Supervisors, San Francisco.

Gentlemen:

There has been transmitted to this office a request from the Board of Public Works and from the chairman of the Lighting Service Committee of the Board of Supervisors for an opinion as to the application of decision No. 5519 of the Railroad Commission of the State of California, fixing rates to be charged by the Pacific Gas and Electric Company for electric energy supplied to the Municipal Railways and current supplied for lighting the public streets of the City and County and the lighting of municipal buildings, in view of

existing contracts for the furnishing of such service. As the same principles are involved in answering each request, I will reply thereto by means of this joint communication.

The determination of the questions submitted may be properly considered under the following heads:

1. What powers have been reserved to the city to enter into binding contracts with the company for current used for the operation of Municipal Railways or for lighting streets or municipal buildings?

2. Has the Railroad Commission of the State of California power to modify the terms of existing contracts between the company and the city relative to such service?

Section 14 of Chapter 2, Article 2 of the Charter relative to "powers of the Supervisors," is as follows:

Regulations of Public Utilities Rates.

"To fix and determine by ordinances in the month of February of each year, to take effect on the 1st of July thereafter, the rates or compensation to be collected by any person, company or corporation in the City and County for the use of water, heat, lighting, power or telephonic service supplied to the City and County or to the inhabitants thereof and to prescribe the quality of the service."

Section 6, Chapter 3, Article 2 of the Charter provides:

"No contract for lighting streets, public buildings, places or offices, shall be made for a longer period than one year, nor shall any contract to pay for gas, electric light or other illuminating material, at a higher rate than the minimum price charged to any other consumers be valid."

Prior to the adoption, in November, 1914, of the amendment to Section 23, Article 12 of the Constitution of the State of California, and the passage by the Legislature of the amended "Public Utilities Act," in effect August 8, 1915, the Board of Supervisors of the City and County, in accordance with the Charter provisions, established rates for the company in so far as private consumers were concerned, and entered into yearly contracts with the company for the furnishing of current for municipal purposes.

The adoption of the amendment to the Constitution and the passage of the amended "Public Utilities Act" above referred to, took from the city the power to fix and establish rates to be charged by the utility, including the right to establish rates for current supplied the municipality itself. This left the city free to enter into contracts with the company for supplying the municipality itself until such time as the Railroad Commission should establish rates for such service.

The constitutional amendment above

referred to provides, in part (p. 506 Const.):

"The Railroad Commission shall have and exercise such power and jurisdiction to supervise and regulate public utilities, in the State of California, and to fix the rates to be charged for commodities furnished, or services rendered by public utilities as shall be conferred upon it by the Legislature, and the right of the Legislature to confer powers upon the Railroad Commission respecting public utilities is hereby declared to be plenary and to be unlimited by any provision of this Constitution. From and after the passage by the Legislature of laws conferring powers upon the Railroad Commission respecting public utilities, all powers respecting such public utilities vested in boards of supervisors, or municipal councils, or other governing bodies of the several counties, cities and counties, cities and towns, in this State, or in any commission created by law and existing at the time of the passage of such laws, shall cease so far as such powers shall conflict with the powers so conferred upon the Railroad Commission; provided, however, that this section shall not affect such powers of control over public utilities as relate to the making and enforcement of local, police, sanitary and other regulations, *other than the fixing of rates*, vested in any city and county or incorporated city or town as, at an election to be held pursuant to law, a majority of the qualified electors of such city and county, or incorporated city or town, voting thereon, shall vote to retain, and until such election such powers shall continue unimpaired."

Section 32a and b of the Public Utilities Act, in effect August 8, 1915, provides as follows:

(a) "Whenever the Commission, after a hearing had upon its own motion or upon complaint, shall find that the rates, fares, tolls, rentals, charges or classifications, or any of them, demanded, observed, charged or collected by any public utility for any service or product or commodity, or in connection therewith, including the rates or fares for excursion or commutation tickets, or that the rules, regulations, practices or contracts, or any of them, affecting such rates, fares, tolls, rentals, charges or classifications, or any of them, are unjust, unreasonable, discriminatory or preferential, or in anywise in violation of any provision of law, or that such rates, fares, tolls, rentals, charges or classifications are insufficient, the Commission shall determine the just, reasonable or sufficient rates, fares, tolls, rentals, charges, classifications, rules, regulations, practices or contracts to be thereafter observed and in force, and

shall fix the same by order as herein-after provided.

(b) "The Commission shall have power, upon a hearing, had upon its own motion or upon complaint, to investigate a single rate, fare, toll, rental, charge, classification, rule, regulation, contract or practice, or any number thereof, or the entire schedule or or schedules of rates, fares, tolls, rentals, charges, classifications, rules, regulations, contracts or practices, or any thereof, of any public utility, and to establish new rates, fares, tolls, rentals, charges, classifications, rules, regulations, contracts or practices, or schedule or schedules, in lieu thereof."

This amendment of the Constitution and the Public Utilities Act clearly gives to the Commission the full jurisdiction and power to fix rates to be charged by the company for services rendered the city itself or to the inhabitants thereof. The power so given the Railroad Commission also gives that body the power to modify existing rates or contracts, as a review of the decisions of our Supreme Court will show.

The right of the Board of Supervisors to fix rates ceased when the amended Public Utilities Act went into effect, and passed to the Railroad Commission. The right of the city to enter into a contract for service supplied the municipality still existed, and such contracts were valid enforceable contracts until modified by action of the Commission, which was given such authority by the amendment to the Constitution and the subsequent legislative action.

In answer to the second proposition set out above, it must be apparent that the power of regulation given to the Commission is given in the interests of the public generally. This power is given so that all who are served by the utility may get fair and equitable treatment, and to the end that the service furnished by the utility may be equitably distributed among the consumers entitled to such service, and in such a manner that no one class of consumers can enjoy a preference over another class. In order to accomplish this equitable distribution of service and rate, the Commission can modify existing contracts. This question has been passed upon a number of times by our Supreme Court. In the case of *Southern Pacific Co. v. Spring Valley Water Co.*, reported in 173 Cal., page 298 the Supreme Court said:

"Any contract purporting to give such preference in the public use, or to take a part of the dedicated public supply to private use, is subject to revision by competent public authority, to the end that the public service shall not be unjustly discriminatory, or unreasonable, and that the private use

shall not interfere with the public use, and such contracts may, by such authority, be reformed accordingly, to make them conform to the public interest."

(Citing *Turtle Creek Borough v. Pennsylvania Water Co.*, 234 Pa. 408.)

"In the case above cited it is said that the power to fix rates and regulate public service of water devoted to public use carries with it jurisdiction to determine the reasonableness of charges, irrespective of prior contracts; to that extent such contracts may be reformed."

The Southern Pacific case just referred to involved a contract entered into between the Railroad Company and the Spring Valley Water Company under the terms of which the Railroad Company granted to the Water Company a right of way several miles in length of its pipe line leading from Alameda County to San Francisco. In return the Water Company was to supply to the Railroad Company's tanks at Newark a large quantity of water free of charge. The opinion concludes as follows:

"As we have said, the agreement is subject to revision in the public interest by the Railroad Commission."

The Supreme Court of this State again passed upon this point in the case of *Limoneira Co. v. Railroad Commission*, 174 Cal. 238, as follows:

"The power to prescribe the rates at which water devoted to public use shall be furnished is, of course, a necessary incident of the power of regulation possessed by the State, for the purpose, among others, of preventing discrimination between persons entitled to the benefit of the use, and insuring to such persons the furnishing of the water to which they may be entitled upon fair and reasonable terms. It is a continuing power that may be exercised at any time, regardless of any attempted contract existing between the public utility and a consumer. * * *

Any such contract, although not in violation of any existing law or regulation when made, was necessarily made subject to this continuing power of the State to so affect it, just as much so as if the contract had contained a provision expressly making it so subject. No preferential right as to rates to be paid for the use of any part of the water devoted to public use can be so created by contract between the parties as to be immune from such regulation by the State. * * * The uniform course of decision of the United States Supreme Court on questions similar in principle precludes any claim that the exercise by the State of power to thus affect such an existing contract as that here involved impairs the obligation of a contract within the meaning of the Federal Constitution."

It must be remembered that the Pacific Gas and Electric Company serves many consumers and many municipalities outside of San Francisco. In making an equitable spread of the rates over the entire district served by the company, the Commission can undoubtedly fix rates not only for the private consumers but for the municipal consumers as well, and can do this regardless of the existence at the time of outstanding contracts. The Commission did not pretend that by its decision No. 5519 it had finally determined electric rates to be charged in San Francisco or throughout the district served by the various electric companies operating here. The decision is intended as an ad interim decision, and full and complete investigation is to be made of all of the properties of the companies operating here, and, in fact, such an investigation is already under way. At the conclusion of this investigation and hearing before the Commission, rates will be finally established. I called upon Commissioners Edgerton and Devlin a few days ago in relation to this matter. They explained to me that it was necessary that immediate action be taken to increase the electric rates throughout the district served by the various power companies. They realize that the determination of the question of just and equitable rates is a tremendous task, and will consume many months' time. In making its decision establishing an ad interim rate, the Commission assumed, as a matter of expediency, that the spread of existing rates among the various classes of consumers was a reasonable one, and in the hearing just had confined itself to a determination of the proper gross increase in rates to be allowed, and then spread this gross increase among the various consumers as it thought most equitable. The Commissioners said it was impossible, at this hearing, to take up the equities of the existing spread of rates.

The Commissioners explained at some length the power situation in California. They said there was urgent need for the utmost conservation of power in order to avoid the enforcement of a drastic priorities list before the heavy rains of winter replenish the water supply. They told me the Federal Government was watching the situation closely in California and that so far the Government was satisfied with the regulations imposed by the Commission and Power Administrator Butler. It was the intention of the Commission in its decision increasing rates for electric current supplied for power and lighting purposes to not only increase the revenue of the company, made necessary by the existing war prices, but also to force economies

in the use of current as a matter of conservation. They suggested a careful survey of the lighting situation in San Francisco and of the use of energy in the electric railway systems in the city, and a curtailment of use to the lowest extreme possible. The capacities of the various power companies operating in central and northern California are now subject to the control and disposition of the Commission by agreement between the companies and the Commission, and power is transmitted from the lines of one company to another upon the order of Power Administrator Butler. Already power has been withdrawn from some of the large dredging companies and some other industries, because of the necessities of the situation, and we may look for further action of this kind before the end of the season. The Commission has raised the rates of a large number of consumers who were getting energy under special contracts, regardless of the existing contracts and these increases in some instances amounted to over 100 per cent.

We should remember that this action of the Commission increasing electric rates, prior to the full investigation of the whole situation with the view of fixing just and equitable rates for future years, is one of the war's emergencies, and such extra cost as the city is compelled to pay may justly be considered one of the costs of war. The Commission is anxious to have the full co-operation of the city in its efforts to conserve electric energy, to the end that the Federal Government will not seize the power companies and operate them under Federal control.

I would, therefore, advise you that the Railroad Commission of the State of California has the power to fix and establish rates to be paid by the municipality for current supplied either to its railways or for lighting its streets and public buildings, regardless of contracts existing between the city and the company. Respectfully,

GEORGE LULL,
City Attorney.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, AUGUST 12, 1918, 2 P. M.

In Board of Supervisors, San Francisco, Monday, August 12, 1918, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulyihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Absent—Supervisors Hayden, Hocks—2.

Quorum present.

His Honor Mayor Rolph being absent, Supervisor McLeran was called to the chair.

APPROVAL OF JOURNAL.

The Journal of Proceedings of August 5, 1918, was considered.

Supervisor Power called attention to a typographical error in the Journal and the Clerk was directed to have the same corrected.

Whereupon, on motion, the Journal was approved as corrected.

ROLL CALL FOR PETITIONS AND COMMUNICATIONS FROM MEMBERS.

The following were presented and read by the Clerk:

Communication From His Honor the Mayor.

San Francisco, Cal., August 10, 1918.
To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

I am advised by Honorable H. J. C. Neltner, Consul General of France, that a distinguished party of French patriots, including Hon. Albert Metin, former Minister of Labor; General Paul Gerald Pau, Messrs. Mathieu, Leclerc, Motte; Mr. Corviere, agricultural engineer; Major Gravier, member of the iron industry; Mr. Thomson, counsel of the Council of the Union of the Department of the Seine; attaches: Mr. Andre Siegsried, secretary general; Mr. D'Andre, staff officer to General Pau; Mr. Bader, accountant secretary, and Hon. Meadows Smith,

British Honorary Counsel representing the Australian High Commission at London, will honor San Francisco with a visit, arriving at 6 o'clock on the afternoon of Thursday, August 15, and remaining until Tuesday, the 20th, when they will leave for Australia.

In order that all arrangements may be made for their proper reception and entertainment, will you kindly authorize the appointment by me of a committee to take the matter in hand. San Francisco will welcome the opportunity of paying a very marked tribute to these eminent emissaries of our sister ally, the heroic republic of France, and showing them that our admiration and respect know no bounds. Very respectfully yours,

JAMES ROLPH, JR.,

Mayor.

On motion, the Mayor was authorized to appoint a committee of citizens to make proper arrangements for the reception and entertainment of the distinguished delegation.

Regrading of Rincon Hill.

Communication—From the City Planning Commission, recommending that proceedings be immediately instituted under the procedure adopted by Ordinance No. 4498 (New Series) for the regrading of Rincon Hill.

On motion the communication was referred to the Joint Committee on Finance, Streets and Commercial Development.

Employers Giving Preference to Aliens in Employment.

Communication—From the Labor Council, which was read, approved and ordered spread at length in the Journal, as follows:

San Francisco, August 10, 1918.
Honorable Board of Supervisors, City and County of San Francisco, City Hall.

Gentlemen:

Inclosed please find a communication from the office of the Provost Marshal General. The said communication is self-explanatory, and may serve to influence those employers guilty of the practices complained of to discontinue same, if your Honorable Board will set its approval upon the attitude of the Labor Council and

the office of the Provost Marshal General, and give the matter publicity by publication of the communication in the official Journal of the Board.

Respectfully,
JNO. A. O'CONNELL,
Secretary.

Read and ordered spread in full upon the minutes.

WAR DEPARTMENT.

Office of the Provost Marshal General,
Washington, July 31, 1918.

Mr. John A. O'Connell, Secretary San Francisco Labor Council, San Francisco, California.

Dear Sir:

I am directed by General Crowder to acknowledge receipt of your telegram advising that many complaints charging employers with refusal to employ the men classed in 1A and giving preference to aliens has been brought to the attention of your Council, and asking General Crowder to issue some declaration against this practice.

Of course, the office of the Provost Marshal General cannot understand why patriotic employers should discriminate against those citizens of our nation who have been registered and held in readiness for military service. This raises a question in political economy that can hardly be settled by any action on the part of this office. I should think public censure of the employers who practice this discrimination would do more to eliminate it than anything else. If the fact that patriotic people frown down upon such practices would not stop it, I hardly know what would. I trust that the crystallization of public sentiment may go a long way towards putting an end to this practice in those localities where it does exist.

Assuring you of General Crowder's appreciation of your solicitude in bringing this matter to his attention, I am, yours very truly,

J. BERRY KING.

1st. Lieut., Aide to General Crowder.

Secretary San Francisco Labor Council.

Congestion on Lower Market Street.

Communication—From the Board of Public Works, referring to its approval of the plan evolved by the City Engineer in conjunction with representatives of the United Railroads of San Francisco to relieve the congestion on lower Market street. The construction of a subway to pass vehicular traffic under the tracks of the loops and the construction of a third loop on The Embarcadero outside the present loops, and transmitting a copy of the City Engineer's report, dated August 9, 1918.

The foregoing communication was read and considered and the following resolution was taken up out of order and adopted by the following vote:

Resolution No. 15966 (New Series), as follows:

Whereas, the State Board of Harbor Commissioners recently requested the representatives of the City and the United Railroads to confer and see if some plan of operation could not be evolved and agreed on which would relieve the congestion of cars on lower Market street which occurs at certain periods of the day; and

Whereas, acting under instructions from the Public Utilities Committee of this Board of Supervisors, the City Engineer has conferred with representatives of the United Railroads and it appears that the congestion complained of will be relieved by the construction of a vehicular subway under the relocation of the present outer loop and the construction of a third loop on The Embarcadero; and

Whereas, this plan has been approved by the Board of Public Works; and

Whereas, the State Board of Harbor Commissioners has expressed a desire that the construction of the vehicular subway be deferred until its need has been further demonstrated after the installation of a third loop; be it

Resolved, That at this time the State Board of Harbor Commissioners be and the same are hereby requested to grant to the City and County of San Francisco the necessary permit to construct jointly with the United Railroads of San Francisco a third loop on The Embarcadero and to readjust the location of the present outer loop in accordance with detailed drawings to be prepared by the City Engineer and the United Railroads, subject to the following conditions:

1. The United Railroads shall have the right to transfer from the present outer loop to the new third loop certain of its cars, not to exceed 50 cars per hour.

2. That the city be allowed to operate over the present outer loop and the new third loop such of its lines as it may desire and cars in such numbers as may be operated without limiting the United Railroads' use of the loop to the extent above specified.

3. That the ownership of the physical property of the third loop shall be vested jointly in the city and the United Railroads to the extent of one-half each.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Absent—Supervisors Hayden, Hocks—2.

REFERENCE TO SUPPLY COMMITTEE.

Purchase of Shoveling Machine for Use in the Hetch Hetchy Aqueduct Tunnel.

Communication—From the Board of Public Works, accompanied by a resolution approving and ratifying the purchase at a price of \$9,000 one Meyers-Whaley shoveling machine with accessories for use on the Mountain division of the Hetch Hetchy aqueduct tunnel.

On motion the communication was referred to the Supplies Committee.

TAKEN UP OUT OF ORDER.

Ordering the Construction of a Four-Class Room School Building.

Supervisor Brandon presented the following bill, No. 5033, which, upon motion, was taken up out of order and passed to print, to-wit:

Ordering the construction of a four class-room school building on city property located in block bounded by Cambridge, Silliman, Yale and Pioche streets; authorizing and directing the Board of Public Works to enter into contract for said construction in accordance with plans and specifications approved by the Board of Education, and permitting progressive payments during the progress of said construction. The cost of said construction to be borne out of Budget Item No. 53, 1918-1919.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized, instructed and empowered to enter into contract for the construction of a four class-room school building on city property located in block bounded by Cambridge, Silliman, Yale and Pioche streets, in accordance with plans and specifications approved by the Board of Education. The cost of said construction to be borne out of Budget Item No. 53, fiscal year 1918-1919.

Section 2. The said Board of Public Works is hereby authorized and permitted to incorporate in the contract for the construction of said school building conditions that progressive payments shall be made in the manner set forth in said specifications and as provided by Section 21, Chapter 1, Article VI of the Charter.

Section 3. This ordinance shall take effect immediately.

Hearing Deferred.

On motion of Supervisor Welch the hearing in the matter of Olympus way was continued for one week and made a Special Order for 3 o'clock p. m.

TAKEN UP OUT OF ORDER.

Committee to Attend Opening of the Cornerstone of Old Hall of Records.

Supervisor Brandon presented the

following resolution out of order and upon motion was adopted by the following vote:

Resolution No. 15967 (New Series), as follows:

Whereas, the demolition and the clearing away of the debris on the site of the old Hall of Records has been sufficiently advanced by the contractors to the point of exhuming the corner stone of said Hall of Records; therefore be it

Resolved, That his Honor the Mayor is hereby requested to appoint a committee of sufficient number to officiate at the ceremony of opening up the contents of said corner stone on Sunday afternoon, August 18, 1918, at an hour to be hereafter fixed upon.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Absent—Supervisors Hayden, Hocks—2.

Modification of Plans and Specifications for Certain Grading in the Civic Center Adjacent to the Library Site.

Supervisor Brandon also presented out of order Bill No. 5034, Ordinance No. — (New Series), as follows:

Authorizing and directing a modification of the plans and specifications for certain grading in connection with improvements in and adjacent to the Public Library site.

Whereas, in pursuance of the provisions of Ordinance No. 4612 (New Series), approved June 11, 1918, a contract was duly made and entered into by and between the Board of Public Works and the Sibley Grading and Teaming Company, on the 31st day of July, 1918, to make certain improvements in and adjacent to the Public Library site, in accordance with plans and specifications approved therefor by said ordinance; and

Whereas, on the 9th day of August, 1918, the San Francisco Chapter, Red Cross, filed with the Supervisors a written request for a modification of the plans and specifications for said public work in so far as the same were applicable to the grading of the site designated thereon and therein as Block No. 2, and referred to on page 13 of said specifications, in order that the grading of such site may be expedited and the time for completing the same be shortened, so that the construction of the contemplated Red Cross building thereon can be proceeded with at once, and with such request filed a plan of grading prepared by Messrs. Maybeck & White, architects for said building, showing modifications of the grading as proposed and requested, and it appearing to the Supervisors that the construction of the said Red Cross building

at the earliest possible date is a matter of urgent necessity as a war measure, and that the said plan submitted and proposed for the grading of the said site is in all respects adaptable to a facilitation of the same to the end desired; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized and directed to cause the grading of the site referred to and described in the preamble hereof to be done in conformity with the plan of grading proposed by the San Francisco Chapter, Red Cross, and submitted with its request for a modification of the original plans and specifications applicable to the grading of the site designated thereon and therein as Block No. 2, referred to on page 13 of the specifications forming part of the contract recited in said preamble for improvements in and adjacent to the Public Library site, and which said plan of grading so proposed and submitted is hereby approved and adopted.

Section 2. This ordinance shall take effect immediately.

On motion, the foregoing bill was passed to print:

Granting Permission to the United Railroads to Remove Trolley Poles From Sutter Street.

Supervisor Mulvihill presented, out of order:

Bill No. —, Ordinance No. — (New Series), as follows:

Granting a permit to the United Railroads of San Francisco to remove its trolley poles from Sutter street between Kearny street and Grant avenue, Post street between Montgomery and Stockton streets, and Kearny street between Geary and Bush streets, and to operate its street railroad on said streets by means of wires suspended from and attached to buildings fronting on said streets, and to restore and replace said trolley poles and appliances used in connection therewith.

On motion, the foregoing bill was referred to the Public Utilities Committee.

Supervisor Welch presented:

Resolution No. 15968 (New Series), as follows:

Resolved, That the City Attorney be and he is hereby authorized and directed to enter into negotiations with the owners of property required by the City for the opening and widening of Market street from the southerly line of Twenty-fourth street northerly to a line passing through the point where the northeasterly line of Market street intersects the northwesterly line of Mono street, as shown by the plans heretofore filed with this Board by the City Engineer; provided, that the

purchase prices agreed upon in such negotiation shall be subject to confirmation by the Board of Supervisors.

Main Hall, 6 p. m. to 2 a. m., \$350; per hour, \$25 thereafter.

Polk and Larkin halls in conjunction with Main Hall, 6 p. m. to 2 a. m., \$50 extra; per hour, \$5 extra for each hall thereafter.

Provided, That for such use for

New Year's eve and such special days as the Supervisors may designate, the rate shall be \$500; provided that the Board of Supervisors in its discretion may let the use thereof for New Year's eve to the highest competitive bidder.

For use of auxiliary halls, 8 a. m. to 6 p. m., \$10 each, and from 6 p. m. to 12 p. m., \$15 each.

For the use of the main Auditorium or any of the other halls for more than twenty-four hours the charges therefor shall be as follows:

For two days a rate of ninety per cent of the foregoing daily rate for each day. For three days or more a rate of seventy-five per cent of the foregoing daily rate for each day.

The Board of Supervisors may, upon the recommendation of the Auditorium Committee, make contracts for the use of any of the halls of the Auditorium for any entertainment, concert or other assembly based upon a percentage of the gross receipts thereof, and the payment of such percentage shall be in lieu of the rentals specified herein.

It is provided, however, that for the purpose of encouraging the holding of national, state and foreign conventions in San Francisco, the Board of Supervisors may remit the rental charges during the time a national, state, foreign, commercial, industrial, labor or benevolent organization is in convention session.

Provided, further, that the Board of Supervisors may in its discretion remit such charges in cases where such Auditorium is to be temporarily used for entertainment purposes given without revenue of any character therefrom; except that in such cases a charge equal to one-half of the foregoing rental rates shall be paid to cover overhead expenses.

Provided, further, that the Auditorium Committee may grant to the Panama-Pacific International Exposition the right to use free of rent such space in the basement and in the halls on the third and fourth floors of the Auditorium as it may require for office, storage and such other purposes as may be necessary.

Section 3. The said committee shall direct the Board of Public Works to make such repairs and to install such equipment as may be necessary from time to time and to direct when and how said building shall be cleaned, lighted and operated.

Section 4. The following restrictions concerning the use of said building and halls shall be observed.

a. Rent shall be paid in full at least 24 hours prior to occupation.

b. No transfer of rental privilege shall be made without the written consent of the majority of the Auditorium Committee.

c. The Auditorium Committee shall have authority to prohibit the granting of any concession, when in its opinion such concession is against the law or public interest.

d. The Board of Supervisors reserves the right to reject any application for rental privilege or to revoke any privilege that may be granted if the public interest so requires.

e. The lessee shall agree to pay on demand for any damage that may result from his use or occupancy of the premises or the fixtures, furniture or fittings thereof, and to secure the City against any loss, the lessee, prior to the use of any hall, shall deposit a sum of money in cash or certified check, with the Auditorium Committee, the amount to be fixed by said Auditorium Committee, said deposit to be returned to the lessee when all damage, if any, has been paid for and all decorations and other property belonging to the lessee has been removed from the building within twenty-four hours after the expiration of the lease, otherwise said deposit shall be retained and used to pay for any damage or injury that the city may sustain.

f. The lessee shall furnish sufficient police protection to the public during his use of the premises.

g. The Auditorium Committee shall require an agreement to be signed by the lessee covering the restrictions herein imposed and such further restrictions as public interest may require, and to execute a bond for the faithful observance thereof.

Section 5. Any person or association desirous of obtaining the use of said Auditorium or portions thereof shall make application therefor in writing and file the same with the Clerk of the Board of Supervisors and shall accompany such application with a deposit of twenty-five per cent of the amount of the rent to be charged as herein provided. Said deposit shall be forfeited in event of failure of applicant to pay the full rental should the privilege be granted to him. The Clerk shall immediately refer such application to the Auditorium Committee and all applications shall be considered in the order in which they have been filed.

Section 6. Nothing herein contained shall be construed as preventing the use of said building or halls therein for Municipal purposes or for maintaining therein permanent displays of works of art.

Section 7. All moneys received from the operation of the Auditorium shall be paid into the "Auditorium Fund," which fund is hereby created, in accordance with the provisions of Section 16 of Article XII of the Charter.

The Board of Supervisors may from

time to time make appropriations from such fund for the following purposes:

a. For the payment of operating expenses.

b. For repairs and reconstruction and depreciation.

At the close of each fiscal year all surplus in said fund shall be transferred and the same is hereby appropriated to the City Hall Bond Interest and Redemption Fund and it is hereby declared that such appropriation is made as directed and required by said Section 16 of Article XII of the Charter and it is further declared that the sum of \$913,669.08, being the proceeds from the sale of said City Hall Bonds, was used for the acquisition of the site of said Auditorium and for its construction (in part) and that it is the intention to repay said cost out of the earnings of said Auditorium.

Board of Works to Purchase Material for Hetch Hetchy Project.

On motion of Supervisor Wolfe:

Bill No. 5037, Ordinance No. — (New Series) as follows:

Ordinance authorizing the Board of Public Works to purchase material and equipment for the construction of the Hetch Hetchy project without requiring formal bids to be submitted under certain circumstances during the period of the war.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever in the construction of the Hetch Hetchy project the Board of Public Works shall require materials or equipment for use in such construction, the demand for which is so affected by the present war conditions that the manufacturers or sellers of the same are unwilling to submit formal bids for furnishing such materials or equipment, or the demand for such materials or equipment is so urgent that preparation of specifications and calling for formal bids would result in a delay which might make it impossible to procure the desired materials or equipment, and the Board of Public Works expressly finds, after due investigation, that such a condition exists with respect to the particular materials or equipment required, then and in such event, and during the period of the war emergency only, the Board of Public Works is author-

ized to purchase such materials or equipment without requiring formal bids to be submitted; provided, that in all such cases the Board of Public Works shall purchase such material or equipment from that person, firm or corporation which shall informally submit the lowest bid therefor.

Section 2. This ordinance will take effect immediately.

Extension of Time.

Resolved, That Flinn & Treacy be granted an extension of 90 days' time from September 6, 1918, within which to complete contract for the improvement of Lane street between McKinnon avenue and Newcomb avenue, and McKinnon avenue between Lane and Mendell streets.

This *first* extension of time is granted upon the recommendation of the Board of Public Works, for the reason that the contractor has been de-

laid on account of shortage of labor and material.

On motion, resolution was *recommended to Streets Committee*.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Preparation of Charter Amendment.

Supervisor Gallagher presented the following Resolution:

Resolved, That the Public Utilities Committee is requested to secure the preparation of a charter amendment by co-operation of the Board of Supervisors and the City Attorney's office, which shall have for its purpose permission for the City to take over a public utility on the so-called pay-as-go or amortization plan.

On motion, *referred to the Public Utilities Committee*.

Salaries, Janitors, Board of Education.

Supervisor Power presented:

Resolution No. 15981 (New Series), as follows:

Whereas, The receipts for school purposes from the State show a surplus of \$29,000, and

Whereas, The janitors and janitresses of the School Department are rather poorly paid, and deserving of an increase in salary, especially in view of the fact that they are now receiving the lowest salaries of any of the City employees; therefore be it

Resolved, That we recommend to the Board of Education that it use such portion of the surplus in the State school funds as it can to grant an increase in the salaries of the janitors and janitresses in its employ.

On motion, the rules were suspended, and the above resolution was *adopted* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hynes, Kortick, Lahaney, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—15.

REFERRED TO COMMITTEE.

Roadbed and Pavement Along the Great Highway.

Supervisor Mulvihill presented the following resolution:

Whereas, Pursuant to Resolution No. 15620 (New Series), recently adopted by the Board of Supervisors requesting that the City Engineer furnish this Board with an estimate of the cost of construction of a smooth roadbed and pavement along the Great Highway from the westerly end of Point Lobos avenue to the Sloat boulevard, and

Whereas, The City Engineer estimates the cost of this construction and pavement along the Great Highway as far south as Lincoln way in the sum of \$100,000, and

Whereas, This highway is the City's natural artery and boulevard along the Pacific Ocean and is used exclusively by all of our people for automobile and pleasure travel, therefore be it

Resolved, That we, the Board of Supervisors, pledge ourselves to appropriate the sum of \$100,000 from the State Good Roads Fund, and that said sum be placed under the direction of the Park Commission to construct this needed public improvement.

On motion, the above resolution was

referred to the Joint Committee on Finance and Streets.

Privilege of the Floor.

Supervisor McSheehy, who earlier in the meeting had requested the privilege of the floor and had asked that the Commissioners of the Board of Public Works and the consulting architect be sent for, arose and stated that he regretted that these officials were not present, but that he desired to present a matter of great and urgent importance, and proceeded to make certain criticisms of the construction of certain school buildings.

Supervisor Gallagher objected to Supervisor McSheehy proceeding with his statement until the persons who were the subject of his criticism were present and afforded an opportunity to reply.

The question was also raised as to whether Supervisor McSheehy was pro-

ceeding in accordance with the rules of the Board.

After some discussion, it was agreed that the subject-matter would be continued until next Monday at 3 p. m., when Supervisor McSheehy would again bring the matter before the Board and the members of the Board of Public Works and consulting architect would be present.

Privilege of the Floor.

W. G. Hawkins, representing the Army Street Improvement Club, was granted the privilege of the floor and heard in the matter of better transportation to the Potrero and to the Union Iron Works. Supervisor Welch was heard at length and the matter was taken under advisement.

ADJOURNMENT.

There being no further business, the Board at the hour of 5:35 adjourned.

Gentlemen:

Your request for an opinion from me as to the legality of the action of the Board of Supervisors when, on Monday last, the Board "passed to print" the ordinance fixing the tax levy for the year ending June 30th, 1919, by a vote of 11 ayes, 5 noes and 2 absent, was this day transmitted to me by the acting Clerk of the Board.

Opinion:

It is my opinion the proposed ordinance did receive enough affirmative votes to "pass it to print."

Reference to "final passage" is made in various sections of the Charter. Section 9, Article II, Chapter I, provides:

"No bill shall become an ordinance, nor resolution be adopted, unless *finally passed* by a majority of all of the members of the Board, etc."

Section 12 provides:

"When a bill is put upon its final passage in the Board, etc."

Section 13 provides:

"Every *bill or resolution* providing for any specific improvement, . . . or levying any tax or assessment, and

every ordinance providing for the imposition of a new duty or penalty, shall, *after its introduction*, be published in the official newspaper with the ayes and noes, for at least five successive days (Sundays and legal holidays excepted) before *final action* upon the same. If such bill be amended, the bill as amended shall be advertised for a like period before final action thereon."

Section 15 provides:

"No ordinance shall take effect until ten days after its *passage* unless otherwise provided in such ordinance."

Paragraph 2 of Section 13, Article III, Chapter II, provides:

"Nor shall the limitation in Section 11 of this Chapter upon the rate of taxes apply in the case of taxes levied by ordinance *passed* by at least 15 Supervisors and approved by the Mayor for any of the following purposes, to-wit: etc."

It is my opinion that the provision of the Charter requiring an affirmative vote of 15 members of the Board for the adoption of the ordinance fixing the tax levy for the year ending June 30th, 1919, applies to the vote on final passage. The vote after introduction on *passing to print* may be considered in the nature of a motion to have the proposed ordinance printed as required by the provisions of Section 13 of the Charter above referred to. Such a motion would under no interpretation of the Charter provisions require more than a majority vote of the members of the Board.

Respectfully submitted,

GEORGE LULL,

City Attorney.

REPORTS OF COMMITTEES.

Reports from the following committees were received and *ordered filed*:

Commercial Development and Streets Committee, by Supervisor Kortick, chairman.

Supplies Committee, by Supervisor Fred L. Hilmer, chairman.

Fire Committee, by Supervisor C. J. Deasy, Chairman.

Report of Special Committee on Garbage Disposal.

The following was presented, read and *ordered placed on file*:

San Francisco, August 19, 1918.

Board of Supervisors, Gentlemen:

Your Special Committee on Garbage Disposal respectfully reports that it met on Thursday, August 15, 1918, Supervisor Andrew J. Gallagher, E. P. Jones, representing the City Engineer, and Dr. W. C. Hassler, present; Supervisor Edward I. Wolfe, excused, and Supervisor Joseph Mulvihill, absent.

A tentative proposal and tentative specifications for garbage disposal were submitted by Engineer Jones as a

basis for discussion by the committee. It was unanimously agreed to take them up for consideration at a meeting of the committee to be held Thursday morning, August 22, 1918, at 10:30 o'clock in Room 228, City Hall. The members of the Board are invited to be present at the meeting and take part in the discussion, at which time a hearing will be given to all persons interested in arriving at sanitary and satisfactory solution of the garbage problem.

Dr. Hassler and Engineer Jones were appointed a sub-committee to draft a proposed ordinance to provide for the segregation of the City's wastes and submit it at the next meeting.

Respectfully submitted,
 ANDREW J. GALLAGHER,
 EDWARD I. WOLFE,
 JOSEPH MULVHILL,
 DR. W. C. HASSLER (per A. J. G.),
 E. P. JONES, Asst. Eng. (per A. J. G.),
 Special Committee on Garbage Disposal.

SPECIAL ORDER, 3 P. M.

The following matter, made a Special Order of Business from 3 p. m., this day, was taken up:

Hearing of Charges of Supervisor McSheehy in Matter of Plans and Construction of Monroe School.

Supervisor McSheehy presented and read the following resolution:

Whereas, The City and County of San Francisco has authorized the issue of a \$3,500,000 bond issue for the purchase of lands and the erection of school buildings thereon, the various buildings and their respective costs being designated in said authorization; and

Whereas, The Board of Public Works have received instructions from the Board of Supervisors to proceed with the construction of the Monroe School building, one of the buildings designated in said authorization; and

Whereas, The Board of Public Works have appointed their Consulting Architect, J. Reed Jr., on February 20, 1918, as architect for said Monroe School building, said appointment being made without competition in the form of competitive plans or otherwise, in violation of the provision of the Charter (page 66, section 34), making it mandatory upon the Board of Public Works to call for competitive bids upon work exceeding \$500.00; and

Whereas, In said authorization of said bond issue a stipulated sum is specified as the amount to be expended for the construction of said Monroe School building, namely, the sum of \$160,000.00, and to date there has been sold \$112,000.00 worth of said bonds, and no more; and

Whereas, The Board of Public Works have advertised for bids for

the construction of this building to be received on the 28th day of August, 1918, with approximate cost of \$151,075.00; and

Whereas, This approximate cost far exceeds the amount of money now available; and

Whereas, The calling of said bids is in violation of the provision of the Charter (page 122, chapter 6), requiring money for the construction of school buildings to be available when the buildings are ordered; and

Whereas, The said architect has to date received fees amounting to \$4,849.00 for his services as architect, in the construction of said building; and

Whereas, The Board of Public Works have appointed J. Reed Jr. as architect for the erection of hospitals, schools and fire houses without competition of any kind, and it has been their practice to pay him a fee of six per cent upon the total cost of the building erected, and said fee required him to furnish only one set of drawings and one run of specifications, the City and County being obliged to furnish all necessary blue prints, and additional specifications; and

Whereas, It has further been the practice of the Board of Public Works to have the City and County provide all inspection and do all clerical work in connection with the erection of any of said buildings; and

Whereas, This practice often raises the cost of plans and specifications from ten to twelve per cent; and

Whereas, The fees designated and adopted by the American Institute of Architecture to be paid architects is six per cent for services, including complete plans, details, specifications, blue prints and supervision; and

Whereas, The practice of the Board of Public Works outlined above will entail a needless expenditure of not less than \$120,000 in carrying on the work provided in said bond issue; and

Whereas, It has been the practice in many instances for the Board of Public Works to proceed with the erection of public buildings before the receipt of bids for the complete erection of the buildings; and

Whereas, A stipulated sum is designated in said bond issue for each school building to be erected, and bids should be received at one time for the complete construction of each building, including yard work and all equipment and plans, should be drawn so as to make it possible to change or alter same so that the total cost may be within the appropriation in the event that bids received exceed the money specified and available, and that no part of the work to be performed on any building be contracted

for until contracts can be awarded on the work which will entirely complete the building; and

Whereas, The changes in the practice of the Board of Public Works above outlined, if carried out, will obviate special appropriations or bond issues to cover the increased cost on the erection of buildings and will obviate the delays occasioned by the necessity of providing additional funds; and

Whereas, It has been the practice of the Board of Public Works to award contracts for the erection of public buildings without furnishing plans or specifications to the Building Committee or the Board of Supervisors; be it

Resolved, That the Board of Public Works be instructed to award no contract for the erection of public buildings until plans and specifications have been received by the Building Committee of the Board of Supervisors and written report returned to the full Board of the findings of said committee; be it

Resolved, That the Board of Public Works be instructed to procure bids for the complete construction of each building before proceeding with the erection of such building; and be it

Resolved, That the Board of Public Works be instructed to adopt either of the two following plans for employing and compensating architects, a designation and adoption of either of said plans to be subsequently made by this Board of Supervisors: First—

That the Board of Public Works require competitive plans and specifications on all public buildings to be erected, the compensation to be allowed the architects and the services to be performed by the architects to be in strict accordance with the rules and regulations of the American Institute of Architecture, and that the present Inspection Bureau be abolished as a needless expense. Second—

That the Bureau of Architecture be re-established and that they shall be paid a sum not exceeding six per cent of the total cost of the work on each building for complete plans, specifications, details, supervision and any other necessary office work.

Suspension of the Rules.

Whereupon Supervisor McSheehy moved the suspension of the rules for the immediate consideration of the foregoing resolution.

Motion carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—15.

No—Supervisor Mulvihill—1.

Absent—Supervisors Hayden, Hocks—2.

Privilege of the Floor.

Supervisor McSheehy declared that the appointment of John Reid Jr. as consulting architect for the Monroe School was a violation of the Charter provision which makes it mandatory to call for bids upon work exceeding \$500.

Mr. Reid, he said, has already drawn \$4,849 in fees on the Monroe School job, although there is no money in the treasury to pay for the work.

Moreover, he said, no one reviews Mr. Reid's work. He is consulting architect and architect, and there is no competition for plans for public buildings. He suggested the re-establishment of the architect's office to receive 6 per cent of the total cost of construction to carry on its work. He declared, furthermore, that the practice of allowing Mr. Reid to furnish only one set of plans and no blue prints would cost the city \$126,000 on the proposed new construction. He recommended as a remedy for the conditions complained of that the Board of Public Works be instructed to award no contracts until approved by the Buildings Committee of the Board of Supervisors and prohibiting the Board of Public Works from calling for bids for the construction of buildings before complete plans are available. He also proposed that the Bureau of Architecture be re-established.

T. A. Reardon, President of the Board of Public Works, also addressed the Board. He denied that there was anything irregular in the procedure followed for the Monroe School and contradicted the statement that the Charter had been violated in any way.

John Reid, consulting architect, declared that he had no knowledge of the charges that had been made against him, except what he read in the newspapers. He denied the charges made against him by Supervisor McSheehy and declared that his work was done in accordance with the ethics of his profession and the rules of the American Institute of Architects. If he prepared plans for the Monroe School before the money was available, he said, there is no danger of loss to the city, the architect does that at his own risk. He admitted that he did not furnish extra plans or blue prints. He declared that the latter were furnished at less cost by the city.

Motion.

Supervisor McSheehy moved the adoption of the resolution.

Referred to Public Buildings Committee.

Supervisor Brandon, as an amendment, moved that the resolution be referred to the Public Buildings Com-

mittee for investigation and report.
 Amendment carried by the following vote:
 Ayes—Supervisors Brandon, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Welch, Wolfe—9.
 Noes—Supervisors Gallagher, McSheehy—2.
 Absent—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Schmitz—7.

Final Passage.

The following matters, heretofore passed for printing, were taken up and finally passed by the following vote:

Boiler Permit.

Resolution No. 15988 (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted Union Tartar Co. to install and maintain a 5-horsepower boiler in premises situate on the south side of Bay street, 195 feet east of Mason street.

The right granted under this resolution shall be exercised within six months; otherwise said permit becomes null and void.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Absent—Supervisors Hayden, Hocks—2.

Blasting Permit.

Resolution No. 15989 (New Series), as follows:

Resolved, That J. P. Holland is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts while grading property situate at the southeast corner of Twentieth and Third streets; provided said permittee shall execute and file a good and sufficient bond in the sum of \$5,000 as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said J. P. Holland, then the privileges and all the rights accruing thereunder shall immediately become null and void.

The rights granted under this resolution shall be exercised within six months; otherwise said permit becomes null and void.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Absent—Supervisors Hayden, Hocks—2.

Stable Permit.

Resolution No. 15990 (New Series), Granting permission, revocable at will of the Board of Supervisors, to Mrs. Marie Gomet to maintain a stable for 18 horses at premises situated on the west side of Thirty-sixth avenue 150 feet south of Cabrillo street. Said permit is granted on the express con-

dition that the sanitary requirements of the Board of Health are strictly complied with by the permittee within a period of sixty days.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Modification of Plans and Specifications for Certain Grading in the Civic Center Adjacent to the Library Site.

Bill No. 5034, Ordinance No. 4676 (New Series), as follows:

Authorizing and directing a modification of the plans and specifications for certain grading in connection with improvements in and adjacent to the Public Library site.

Whereas, in pursuance of the provisions of Ordinance No. 4612 (New Series), approved June 11, 1918, a contract was duly made and entered into by and between the Board of Public Works and the Sibley Grading and Teaming Company, on the 31st day of July, 1918, to make certain improvements in and adjacent to the Public Library site, in accordance with plans and specifications approved therefor by said ordinance; and

Whereas, on the 9th day of August, 1918, the San Francisco Chapter, Red Cross, filed with the Supervisors a written request for a modification of the plans and specifications for said public work in so far as the same were applicable to the grading of the site designated thereon and therein as Block No. 2, and referred to on page 13 of said specifications, in order that the grading of such site may be expedited and the time for completing the same be shortened, so that the construction of the contemplated Red Cross building thereon can be proceeded with at once, and with such request filed a plan of grading prepared by Messrs. Maybeck & White, architects for said building, showing modifications of the grading as proposed and requested, and it appearing to the Supervisors that the construction of the said Red Cross building at the earliest possible date is a matter of urgent necessity as a war measure, and that the said plan submitted and proposed for the grading of the said site is in all respects adaptable to a facilitation of the same to the end desired; now, therefore,

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized and directed to cause the grading of the site referred to and described in the preamble hereof to be done in conformity with the plan of grading proposed

by the San Francisco Chapter, Red Cross, and submitted with its request for a modification of the original plans and specifications applicable to the grading of the site designated thereon and therein as Block No. 2, referred to on page 13 of the specifications forming part of the contract recited in said preamble for improvements in and adjacent to the Public Library site, and which said plan of grading so proposed and submitted is hereby approved and adopted.

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—15.

No—Supervisor Wolfe—1.

Absent—Supervisors Hayden, Hocks—2.

Ordering the Construction of a Four-Class Room School Building.

Bill No. 5033, Ordinance No. 4677 (New Series), as follows:

Ordering the construction of a four class-room school building on city property located in block bounded by Cambridge, Silliman, Yale and Pioche streets; authorizing and directing the Board of Public Works to enter into contract for said construction in accordance with plans and specifications approved by the Board of Education, and permitting progressive payments during the progress of said construction. The cost of said construction to be borne out of Budget Item No. 53, 1918-1919.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized, instructed and empowered to enter into contract for the construction of a four class-room school building on city property located in block bounded by Cambridge, Silliman, Yale and Pioche streets, in accordance with plans and specifications approved by the Board of Education. The cost of said construction to be borne out of Budget Item No. 53, fiscal year 1918-1919.

Section 2. The said Board of Public Works is hereby authorized and permitted to incorporate in the contract for the construction of said school building conditions that progressive payments shall be made in the manner set forth in said specifications and as provided by Section 21, Chapter 1, Article VI of the Charter.

Section 3. This ordinance shall take effect immediately.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvi-

hill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—16.

Absent—Supervisors Hayden, Hocks —2.

Board of Works to Purchase Material for Hetch Hetchy Project.

Bill No. 5037, Ordinance No. 4678 (New Series), as follows:

Ordinance authorizing the Board of Public Works to purchase material and equipment for the construction of the Hetch Hetchy project without requiring formal bids to be submitted under certain circumstances during the period of the war.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Whenever in the construction of the Hetch Hetchy project the Board of Public Works shall require materials or equipment for use in such construction, the demand for which is so affected by the present war conditions that the manufacturers or sellers of the same are unwilling to submit formal bids for furnishing such materials or equipment, or the demand for such materials or equipment is so urgent that preparation of specifications and calling for formal bids would result in a delay which might make it impossible to procure the desired materials or equipment, and the Board of Public Works expressly finds, after due investigation, that such a condition exists with respect to the particular materials or equipment required, then and in such event, and during the period of the war emergency only, the Board of Public Works is authorized to purchase such materials or equipment without requiring formal bids to be submitted; provided, that in all such cases the Board of Public Works shall purchase such material or equipment from that person, firm or corporation which shall informally submit the lowest bid therefor.

Section 2. This ordinance will take effect immediately.

The Roll being called, the above bill and ordinance was passed to print by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Suhr, Welch, Wolfe—14.

Approval of Lane Plan for Returning Soldiers.

Supervisor Kortick presented:
Resolution No. — (New Series),
as follows:

Whereas, The United States is now at war with a foreign foe; and,

Whereas, Nearly five million soldiers of the United States will have participated therein before the close of said war; and,

Whereas, The problem of providing for the employment of our returning soldiers will confront our nation; and,

Whereas, The Honorable Franklin K. Lane, Secretary of the Interior of the United States, did, on the 31st day of May, 1918, present to the President of the United States a plan, whereby the returning soldiers can be employed in reclaiming the arid and swamp lands of the public do-

main, and when prepared for cultivation, said lands to be sold at cost by the United States to the returned soldiers on long term contracts; and,

Whereas, There are many thousand acres of arid and swamp land in the State of California, which can be reclaimed under the Lane plan; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, through the Honorable James Rolph, the Mayor, request our representatives in Congress to support the Lane plan, and endeavor to secure the development of the arid and swamp lands of California.

Referred to Special Committee to be appointed by Mayor.

ADJOURNMENT.

There being no further business, the Board at the hour of 7:30 p. m. adjourned out of respect to the memory of Albert Metin, French Minister of Labor, who died last week in this city while on his way with the French mission to Australia.

Federal Reserve Board Recommends That No Work Be Done on Boulevards During Period of War.

The following was presented, read and ordered spread in Journal:

August 21, 1918.

The Honorable, the Board of Supervisors, San Francisco, California.

Sirs:

It is reported that you are planning an important amount of work upon a scenic boulevard, called the Great Highway, to be paid for out of funds received from the State Motor Vehicle Department.

Permit me to urge most strongly that no road or street construction should be entered upon during the period of the war except in such cases as will be justified by the service rendered to industries essential to the prosecution of the war.

The Capital Issues Committee has declared that:

"Co-operation of every public and private corporation and of every individual is necessary in helping to carry out the Government's policy of war business first. Shortage of investment capital compels virtual rationing of its use, thereby effecting in same measure the conservation of labor and materials for industries and enterprises necessary to the prosecution of the war. Only by general acceptance of this principle can the country organize its economic resources effectively in support of the war."

It is clear from this expression that the Capital Issues Committee does not regard it as a justification for consuming labor or materials in any work but that of greatest necessity merely because a municipality, a corporation or an individual may have the funds in hand. New houses, for instance, may need to be built for ship workers, but this would in nowise alter the fact that it would hinder the Government's war work if an individual should build a house which would be less of a war necessity. The fact that he had the funds in hand to pay for it would not lessen his competition for labor and materials. The same principle would apply to the construction or extension of office buildings, business houses, etc. None should be built unless needed for prosecuting the war.

Again, fuel oil is vital for our locomotives and for the steamships plying the Pacific. The production of oil is so far short of current consumption that at present rate storage stocks will

soon be exhausted. Under these circumstances it seems a grave disregard of the nation's needs for successful prosecution of the war to consume fuel oil and other materials and labor in resurfacing sound pavements merely because they are not smooth. We are called upon to forego luxuries.

Accumulated funds will not be idle because their expenditure is deferred until after the war. They will directly aid the Government if loaned to it by buying Liberty Bonds or United States Certificates of Indebtedness; and if left on deposit in banks they will enable the banks to increase their support of the Government correspondingly.

Soliciting the earnest co-operation of your honorable body in helping to hasten the winning of the war by deferring all non-essential consumption of labor, materials and money, I remain,

Respectfully,
JOHN PERRIN,

Chairman, District Committee on Capital Issues.

REPORTS OF COMMITTEES.

Reports from the following committees were received and *ordered filed*:

Commercial Development and Streets Committee, by Supervisor Kortick, Chairman.

Supplies Committee, by Supervisor Hilmer, Chairman.

Fire Committee, by Supervisor Deasy, Chairman

Report of Special Committee on Garbage Disposal.

The following was presented, read and ordered spread in the Journal:

San Francisco, August 26, 1918.

Board of Supervisors—Gentlemen:

Your Special Committee on Garbage Disposal respectfully reports that it met on Thursday, August 22, 1918. Supervisors Gallagher and Mulvihill, Dr. William C. Hassler, Health Officer, and E. P. Jones, representing City Engineer M. M. O'Shaughnessy, present. Supervisor Wolfe was excused from attendance, owing to illness.

Assistant City Engineer Jones and Dr. Hassler, appointed a sub-committee to draft an ordinance providing for the segregation of garbage, reported that, owing to pressure of other official business, they would not be able to submit their report until the next meeting.

Complaints filed by R. W. Payne and Mrs. M. J. Kennedy, that they were being overcharged for the removal of garbage from their respective homes, were investigated. T. I. Fitzpatrick and E. J. Malatesta, representing the scavengers, pleaded that owing to the increased cost of collecting and disposing of household waste, their clients were forced to raise prices. The entire matter was referred to the Health Of-

ficer for adjudication, both sides agreeing to abide by his findings.

After careful consideration of the form of "proposal" and "specifications" for garbage disposal, prepared by the sub-committee, your Committee agreed to submit them to the Board for approval. A copy of the "proposal" and "specifications" has been mailed to each Supervisor.

The next meeting of the Committee will be held Friday afternoon, August 30th, at 2 o'clock, in room 228. The members of the Board are invited to attend this meeting and take part in the framing of the ordinance providing for the segregation of garbage.

Respectfully submitted,
ANDREW J. GALLAGHER,
EDWARD I. WOLFE,
JOS. MULVIHILL,
E. P. JONES (per A. J. G.),
DR. WM. C. HASSLER (per A. J. G.),
Special Committee on Garbage Disposal.

Relative to Federal Appropriation for Street Railway Transportation to Union Iron Works.

Supervisor Wolfe declared that there was a possibility of Federal Government advancing \$1,000,000 to provide necessary transportation to the Union Iron Works. He moved that two members of the Public Utilities Committee be sent to Washington in an effort to obtain said appropriation.

Telegrams.

Washington, D. C. Aug. 19th.
Welch, Gallagher, City Hall, San Francisco.

Men of Iron Trades Council recommend that city send representative to Emergency Fleet, Philadelphia, to take up transportation to shipyard in San Francisco district.

August 5, 1918.

Messrs. A. S. Gunn and M. J. McGuire, care of Emergency Fleet Corporation, Philadelphia, Pennsylvania.

The following telegram has been presented to Public Utilities Committee by Mr. Von Phul, Vice-President and General Manager United Railways. Kindly advise if your information is in accord with the contents of this telegram and if not what are the facts, and if the Emergency Fleet Corporation sustains Mr. West's declaration.

COMMITTEE ON PUBLIC UTILITIES, BOARD OF SUPERVISORS.

The following telegrams were thereupon presented and read by the Clerk:

Seattle, Washington.

July 24, 1918.

Wm. Von Phul, Vice-President and General Manager United Railways of San Francisco, San Francisco, California.

From investigation of car service made Union Iron Works plant Bethlehem Steel Corporation, would advise at the time study was made United Railways was handling situation in excellent shape, much better than ship yard workers are handled in many places I have visited. Unless there has been considerable increase in force at this plant or number of cars put on during peak hours has been decreased, believe no additional facilities are necessary. First few cars were crowded but after that balance were only comfortably loaded.

(Signed) EDWARD A. WEST,

Representing Emergency Fleet Corporation in charge of housing and transportation facilities on the Pacific Coast.

The furnishing and erection of the posts to be done without cost to the City and County of San Francisco.

The Pacific Gas & Electric Co. is authorized to install on each of said posts two (2) 6.6 amp. luminous arc lamps, together with ornamental globe, said lamps to be identical with those installed on the Path of Gold on Market street, the two lamps on each post to burn every night on the all-night schedule, the cost of the lighting of the lamps listed below to be borne jointly by the Down Town Association of San Francisco, the United Railroads of San Francisco and the City and County of San Francisco. The City and County of San Francisco shall pay toward the cost of the lighting in question the same amount of money as they are paying for the lighting of the electroliers in the said Triangle District, but in no event shall this sum exceed seventy-five hundred (7500) dollars per annum, the United Railroads of San Francisco shall pay as its cost of said lighting the same amount that they now pay toward the lighting of Sutter street between Kearny street and Grant avenue, and the Down Town Association shall pay the balance of the cost of said lighting. Provided, however, that in no event shall the United Railroads be relieved from the provisions of Ordinance No. 20 (New Series), providing for the lighting of certain streets. The Triangle District is described as that territory lying between Market, Powell, Sutter and Kearny streets, and includes the lighting on Kearny street between Market and

Bush streets, and on Sutter street, between Kearny street and Grant avenue, and Powell street between Market and Sutter streets, and Post street between Market and Kearny streets.

Accepting Offer of Annie H. Moran to Sell for \$19,650 Certain Land Required for Monroe School.

Supervisor Brandon presented:

Resolution No. 16008 (N. S.), as follows:

Whereas, An offer has been received from Annie H. Moran to convey to the City and County of San Francisco certain land and improvements hereinafter described, said property being required for the Monroe School; and

Whereas, The price at which said land and improvements is offered is a reasonable and proper price to pay for said property; therefore be it

Resolved, That the offer of said Annie H. Moran to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land and improvements free of all encumbrances, including taxes, for the sum of nineteen thousand six hundred and fifty dollars, is hereby accepted; the said land being described as follows:

(1) Beginning at a point on the southeasterly line of Lisbon street, distant thereon two hundred and fifty (250) feet northeasterly from the

point formed by the intersection of the southeasterly line of Lisbon street with the northeasterly line of Excelsior (formerly China) avenue; and running thence northeasterly along said line of Lisbon street one hundred (100) feet, thence at a right angle southeasterly two hundred (200) feet to the northwesterly line of Madrid street; thence at a right angle southwesterly along said line of Madrid street one hundred (100) feet; and thence at a right angle northwesterly two hundred (200) feet to the point of beginning.

Being a portion of Block No. 30 of Excelsior Homestead Association.

(2) Beginning at the point formed by the intersection of the northeasterly line of Excelsior (formerly China) avenue with the southeasterly line of Lisbon street; and running thence northeasterly along said line of Lisbon street two hundred (200) feet; thence at an angle southeasterly two hundred (200) feet to the northwesterly line of Madrid street; thence at a right angle southwesterly along said line of Madrid street two hundred (200) feet to the northeasterly line of Excelsior avenue; thence northwesterly along said line of Excelsior avenue one hundred and twenty-five (125) feet; thence at a right angle northeasterly one hundred (100) feet; thence at a right angle northwesterly fifty (50) feet; thence at a right angle southwesterly one hundred (100) feet to the northeasterly line of Excelsior avenue; and thence at a right angle northwesterly along said line of Excelsior avenue twenty-five (25) feet to the point of beginning.

Being part of Block No. 30 of Excelsior Homestead Association.

The City Attorney is hereby directed to examine the title to said land and if the same is found to be vested in the aforesaid owner free of all encumbrances, and the taxes for the current fiscal year are paid, to cause a good and sufficient deed to be executed and delivered to the City and County upon the payment of the agreed purchase price, as aforesaid.

Resolution No. 15946 (New Series) is hereby repealed.

Accepting Offer of Lodovina Paola to Sell for \$2,500 Certain Land Required for Monroe School.

Supervisor Brandon presented:

Resolution No. 16009 (New Series), as follows:

Whereas, An offer was solicited from Lodovina Paola for the sale to

the City and County of San Francisco of the certain piece or parcel of land hereinafter described, which land is required by the City and County of San Francisco for school department purposes; and

Whereas, An offer was received from the above named owner to sell said property to the City and County of San Francisco for the sum of \$2,500.00, which offer is hereby accepted; now, therefore, be it

Resolved, That the City Attorney is hereby requested and directed to make an examination of the title of the above described property and if the same is found to be vested in the aforesaid owner free from all encumbrances and that the taxes for the current fiscal year are paid and that the so-called McEnerney title has been procured or sufficient money reserved for the prosecuting of the same, to report the result of his examination to the Board of Supervisors and also to cause a good and sufficient deed to be executed and delivered to the City and County of San Francisco upon the payment of the agreed purchase price as aforesaid.

The property referred to above is described as follows, to-wit:

Commencing at a point on the northwesterly line of Madrid street, distant thereon 200 feet northeasterly from the intersection of the northwesterly line of Madrid street with the northeasterly line of Excelsior avenue, thence northeasterly along the northwesterly line of Madrid street, 25 feet; thence at right angles northwesterly 100 feet; thence at right angles southwesterly and parallel with the northwesterly line of Madrid street, 25 feet; thence at right angles southeasterly 100 feet to the point of commencement. Being a portion of Excelsior Homestead Association Block No. 30.

Exchange of Land for Opening Streets.

Also, Resolution No. 16010 (New Series), as follows:

Resolution authorizing the execution of deeds by the Mayor and the Clerk of the Board of Supervisors to affronting and adjacent property owners to portions of streets closed by Resolution No. 15939 (New Series), in exchange for property for new streets opened in lieu of such closed streets.

Whereas, This Board on Monday, the 29th day of July, A. D. 1918, after proceedings theretofore had pursuant to the provisions of Chapter III, Article VI of the Charter of the City

and County of San Francisco, duly and regularly adopted Resolution No. 15939 (New Series), closing and abandoning portions of Pennsylvania avenue, Texas street, Missouri street, Connecticut street, Evans avenue and Rhode Island street; and

Whereas, Said resolution was presented to his Honor the Mayor for his approval, and was on the 31st day of July, A. D. 1918, duly approved by him; and

Whereas, This Board on Monday, the 29th day of July, A. D. 1918, after proceedings theretofore had pursuant to the provisions of Chapter III, Article VI of the Charter of the City and County of San Francisco, duly and regularly adopted Resolution No. 15938 (New Series), ordering the opening and extending and widening of portions of Evans avenue, Tulare street, Missouri street, Napoleon street and Army street; and

Whereas, Said Resolution No. 15938 (New Series) was presented to his Honor the Mayor for his approval, and was on the 31st day of July, A. D. 1918, duly approved by him; and

Whereas, Said streets are so to be opened, extended and widened as part of a general plan for the betterment of the streets and thoroughfares in the district affected thereby, and are so to be opened, extended and widened in lieu of said closed and abandoned streets; and

Whereas, E. W. Newell and Blanche L. A. Harker, the owners of land adjacent to or fronting on said streets and portions of said streets ordered closed by said Resolution No. 15939 (New Series), have offered to convey or cause to be conveyed to the City and County of San Francisco property for said streets so to be opened, extended and widened, as above set forth, in lieu of such streets and portions of streets so closed and abandoned; and

Whereas, Said property so offered to be conveyed to said City and County of San Francisco, as aforesaid, for said new streets so to be opened, widened and extended in lieu of said closed and abandoned streets, will and does constitute ample compensation to said City and County for its deed or deeds to the portions of said streets closed and abandoned in said resolution as aforesaid and hereinafter described, and will be of much greater practical value both to the City and County and to the general public than the said portions of said streets so closed and abandoned; and

Whereas, This Board has deemed and does deem that equity requires the conveyance of said portions of said closed and abandoned streets to said owners of property fronting thereon or adjacent thereto, as hereinafter set forth.

Now, therefore, the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco, in the name of said City and County, are hereby authorized and instructed, upon receiving from E. W. Newell a deed to the property hereinbelow described, to execute a deed conveying all of the right, title and interest of said City and County to the said E. W. Newell to the portions of said closed and abandoned streets described as follows, to-wit:

Report of Special Committee on Garbage Disposal.

The following report, laid over one week, was taken up, and, on motion of Supervisor Gallagher, made a *special order of business for 3 p. m. one week from Wednesday*:

San Francisco, August 26, 1918.

Board of Supervisors—Gentlemen:

Your Special Committee on Garbage Disposal respectfully reports that it met on Thursday, August 22, 1918. Supervisors Gallagher and Mulvihill, Dr. William C. Hassler, Health Officer, and E. P. Jones, representing City Engineer M. M. O'Shaughnessy, present Supervisor Wolfe was excused from attendance, owing to illness.

Assistant City Engineer Jones and Dr. Hassler, appointed a sub-committee to draft an ordinance providing for the segregation of garbage, reported that, owing to pressure of other official business, they would not be able to submit their report until the next meeting.

Complaints filed by R. W. Payne and Mrs. M. J. Kennedy, that they were being overcharged for the removal of garbage from their respective homes, were investigated. T. I. Fitzpatrick and E. J. Malatesta, representing the scavengers, pleaded that owing to the increased cost of collecting and disposing of household waste, their clients were forced to raise prices. The entire matter was referred to the Health Officer for adjudication, both sides agreeing to abide by his findings.

After careful consideration of the form of "proposal" and "specifications" for garbage disposal, prepared by the sub-committee, your Committee agreed to submit them to the Board for approval. A copy of the "proposal" and "specifications" has been mailed to each Supervisor.

The next meeting of the Committee will be held Friday afternoon, August 30th, at 2 o'clock, in room 228. The members of the Board are invited to attend this meeting and take part in the framing of the ordinance providing for the segregation of garbage.

Respectfully submitted,

ANDREW J. GALLAGHER,

EDWARD I. WOLFE,

JOS. MULVIHILL,

E. P. JONES (per A. J. G.),

DR. WM. C. HASSLER (per A. J. G.),

Special Committee on Garbage Disposal.

REPORTS OF COMMITTEES.

Reports from the following committees were received and *ordered filed*:

Fire Committee, by Supervisor Deasy, Chairman.

Streets Committee, by Supervisor Welch, Chairman.

Survivors of the Torpedoed Cruiser San Diego Visit Board of Supervisors.

Jos. Emmett Collins and Carlos

Black, survivors of the torpedoed U. S. cruiser San Diego, who were in the Chambers, were introduced by Chairman Ralph McLeran, who complimented them on the heroism of the crew of the San Diego and congratulated them on the splendid American spirit displayed at the sinking of their vessel.

Jos. Emmet Collins, being called upon, said in part: It was about 11 o'clock at night, July 19th, when the San Diego was struck by a torpedo from a German submarine and in fifteen minutes she disappeared in the waters of the Atlantic. The boys were in the water for less than two minutes, when they began singing the "Star-Spangled Banner," "Where Do We Go From Here, Boys" and "Good-bye, Katy." It was a great demonstration of the spirit of the American sailor and soldier—a spirit that is going to win this war. I want to bear testimony to the noble work that the Red Cross is doing and to say that everything done to assist the organization is money well spent. After the sinking of the vessel these women set out from New York and were on the job at 3:30 a. m. the morning of July 20th. They furnished the boys with clothing, smokes and other necessities and comforts. Too much cannot be said of their splendid service.

Supervisor McSheehy said that he was a schoolmate of Mr. Collins' father at the old Lincoln Grammar School on Fifth near Market street. He declared that the elder Collins was a high type of character and from what he knew of the son, he was a "chip of the old block." The father is the business associate and his son, the young man who just addressed us, is a nephew of one of the members of this Board—Supervisor Hayden.

Carlos Black, being called upon, also addressed the Board. He said that he could only reiterate what had already been said by his shipmate as to the splendid spirit displayed by the crew of the San Diego, and the efficient service rendered by the Red Cross.

Supervisor Hayden said that by a strange coincidence, he happened to be a schoolmate of the father of Carlos Black. He paid a high tribute to his character and ability and congratulated the son on his service to his country.

The young men, on leaving the Chambers, received an ovation from the members, and were sent away with the good wishes of those present.

UNFINISHED BUSINESS.

Tax Levy, 1918-919.

Statement of Supervisor McLeran.

Supervisor McLeran made the following statement:

"It is nearly four months since the Finance Committee made its recom-

mendations in regard to the Budget. Since that time conditions have been rapidly changing on account of the action of the government in exercising control over necessary materials and equipment for war purposes. Since last Monday's meeting of the Board I have been in conference with authorities of the U. S. government and I have asked for information from Washington as to how far the rules of the Capital Issues Committee regarding use of materials needed for war purposes applied to San Francisco and other similar municipalities. Since our recommendation was made a Federal Public Works Commissioner has been appointed and permits must be obtained from him for all materials used in public work. A carpenter cannot get a pound of nails without such a permit.

"I received the information I wanted today and I had a conference with the Mayor and we went over the tax situation, and the Mayor has agreed upon the recommendation we are about to make to the Board.

"We are in the position of being controlled by the Federal Commission of Works and must obtain permits for all materials used. Within the last two weeks architects are closing up their offices. They cannot do business unless it is for war work. Last Monday the Board of Public Works opened bids for school buildings. But before we contract for any work we must be authorized by the Capital Issues Committee and we cannot get their authorization unless we get permission from the Federal Commissioner of Work authorizing us to purchase materials used in building these schools.

"The tax rate which has been passed to print provided \$.337 of the tax rate to be expended by the Board of Public Works during the year.

"For the reasons just stated, the Finance Committee now recommends that the \$.337 be reduced to \$.287—a saving of 5 cents in the rate to the taxpayer, or approximately \$265,000."

Indefinite Postponement.

Whereupon the following bill, heretofore passed for printing and laid over for one week, was taken up and on motion of Supervisor Suhr *indefinitely postponed* by the following vote:

The following matters were passed for printing:

Amending Street Specifications Ordinance.

On motion of Supervisor Welch:

Bill No. 5043, Ordinance No. — (New Series), as follows:

Amending Sections 6 and 21 of Ordinance No. 240 entitled, "Providing General Rules and Standard Specifications for Street and Sidewalk Work and Limiting the use of Various Kinds of Pavements and Sidewalks in the City and County of San Francisco," approved March 1, 1901.

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 6 of Ordinance No. 240, the title to which is recited in the title to this Ordinance, is hereby amended to read as follows:

Section 6. All pavements of the asphalt type hereafter laid on streets where the gradients are less than one (1) per cent shall be provided with gutters of vitrified brick on concrete at least two (2) feet wide.

Section 2. Section 21 of Ordinance No. 240, the title to which is recited in the title to this Ordinance, is hereby amended to read as follows:

Section 21.

Brick Gutters.

The brick gutters shall consist of a vitrified paving brick wearing surface set in a cement mortar bed one-half inch thick, on a concrete foundation six inches thick and the joints between the bricks shall be filled with cement mortar grout, as hereinafter specified. The width of the brick gutters shall be six courses of brick.

Subgrade: The subgrade shall be prepared as specified under Subgrade for Pavement in Section 14½ of this Ordinance. Where rolling is not practicable, the subgrade shall be well tamped and the tamper used shall have a tamping face of eighty square inches and shall weigh not less than forty pounds.

Materials.

The materials used in the construction of brick gutters shall be of such quality as will pass the following requirement:

Cement: The cement used shall be a standard product which satisfies all

of the requirements for cement in Section 36 of this Ordinance.

Sand for Mortar and Grout: The sand used shall be clean and sharp, free from loam, clay, vegetable or other inferior matter and shall show not more than five per cent, by volume, of silt after being shaken and washed in water and allowed to settle for one hour. The sand must pass the following screen test:

Passing 10 mesh screen.....	100%
Passing 50 mesh screen.....	85%
Retained on 100 mesh screen....	100%

Water: The water used in the construction of the pavement shall be fresh and clean.

Brick: The brick for the wearing surface shall be a standard repressed vitrified paving brick of the following dimensions:

Length	8½ inches
Width	3½ inches
Depth	4 inches

The brick shall satisfy all of the requirements, as to quality and test, specified for that grade of paving brick in Section 33 of this Ordinance. Particular care shall be exercised in selecting brick for the gutters, of uniform size and regular shape.

Construction.

Foundation: The concrete foundation for the gutters shall be constructed at the proper depth below the pavement surface, of the materials and in the manner specified under Concrete Foundation for Pavement in Section 35 of this Ordinance; special care being taken to obtain a surface suitable for a pavement of the "Block Type" as noted therein.

The concrete foundation for the gutter may be constructed, either as a part of the adjacent pavement foundation, or separately, in which latter case the entire gutter shall be constructed before the construction of the adjacent pavement foundation is started.

Where both gutter and adjacent pavement foundations are constructed together, care should be taken to maintain, by the use of wooden timbers of the correct thickness, the proper difference in elevation between the surfaces of the two sections of the foundation and to secure a straight gutter edge and square shoulder. The wooden timbers shall remain in place until the contractor shall start to lay the mortar bed for the brick. In this case, the concrete foundation shall be allowed to set at least two days before the mortar bed is spread.

The contractor's attention is directed to the requirement that the surface of the foundation for the asphaltic pavement shall be below the surface of the brick gutter pavement by an amount equal to the thickness

of the asphaltic wearing surface and that in laying the asphaltic wearing surface, any depth in excess of this amount shall be made up of additional asphaltic wearing surface material. The contractor shall prohibit all hauling on the concrete foundation.

Separate Gutter Construction: Where the gutter foundation is constructed separate from the foundation for the rest of the pavement, substantial forms shall be provided for retaining the concrete in place and these forms shall not be removed until the concrete for the pavement has been placed.

The cement mortar bed may be spread on the foundation, in the manner hereinafter specified, without delay; but when the mortar bed has been spread, the gutter construction shall be completed expeditiously, as hereinafter specified.

Mortar Bed: The mortar bed shall consist of Portland cement and sand, mixed with water, in the proportions of one cubic foot of cement to one and one-half cubic feet of sand (1:1½). The amount of water used in the mix shall be only sufficient to form a stiff trowel mortar which, on being spread, shall show no excess of water.

The dry cement and sand shall be first thoroughly mixed in exact proportions until the mass is of a uniform color, and then the water shall be gradually added. The mixture shall be turned while the water is being added and shall be turned at least twice, after being wet, until of the required uniform consistency.

When a concrete mixing machine is available it may be used to mix the mortar. The mixing by machine shall be as specified for mixing concrete for pavement foundation in Section 35 of this Ordinance.

Immediately before placing the mortar bed, the surface of the concrete foundation shall be thoroughly cleaned and shall then be dampened with water.

After being mixed, the mortar shall be immediately spread uniformly on the surface of the concrete foundation in a layer one-half inch thick. The amount of mortar bed spread shall be gauged by the speed of the brick laying.

Laying Brick: The brick for the gutters shall be hauled to the site and deposited at the side of the roadway convenient to the work, in neat piles, before the gutter foundation is constructed in order that ample time may be provided in which to inspect the brick before they are placed in the pavement. Immediately before the bricks are to be laid, they shall be thoroly wet with

water in the piles. The bricks shall be carefully laid in the fresh mortar bed, and to end in straight rows parallel with the direction of the gutter. The bricks in the adjacent rows shall be laid so as to break end joints by not less than three inches. Particular care shall be exercised in selecting brick of uniform size and regular shape for the gutters, and nothing less than half bricks shall be used to start a row.

In laying the bricks, care shall be taken to secure a firm bed and an even surface conforming to the required gradient and the bricks shall be laid so as to prevent the mortar from rising in the joints more than three-quarters of an inch.

All defects in the surface due to soft bricks or bricks of varying size, must be corrected before the mortar bed has reached its initial set, after which no replacement or disturbance of the bricks will be allowed. The inspection for this will be thorough and timely, so that the defects can be corrected.

Grouting: Before the grouting is commenced, the outer edge of the gutter shall be faced with lumber, heavy paper, carpet or other approved material, to prevent the escape of the grout from the joints in the brick surface. Sand must not be used for this purpose. The grouting operation shall follow as closely after the laying of the brick surface as possible without interfering with the laying and inspection of the bricks; and must be done within one hour of the time of mixing of the bed mortar.

The grout for the joints in the brick surface shall consist of Portland cement and sand, mixed with water, in the proportions of one cubic foot of cement to one and one-half cubic feet of sand (1:1½).

The materials shall be mixed in a water-tight box of a type approved by the Board of Public Works and one that will allow of their constant agitation. The box shall be provided with a gate which can be opened above the gutter to allow the grout to pour on the pavement. The dry cement and sand shall be thoroly mixed in exact proportions until of a uniform color and then sufficient water shall be added to the whole contents of the box to make a mortar of the proper consistency, as hereinafter specified. During the mixing and until the grout is poured into the joints of the pavement, the mixture shall be constantly stirred or agitated in order to prevent the separation of the sand and cement from the water.

The grout shall be poured upon the brick and shall be immediately swept into the joints by means of substantial brooms. The grouting shall be done in two applications. The grout

for the first application shall be mixed with water to a consistency of thin cream, so that it will flow readily to the bottom of the joints, and then applied to the joints until they are filled. The grout for the second application shall be mixed with less water, to form a stiffer mixture, and shall then be applied to the joints so as to completely fill them. In no case shall the time between the first and second applications exceed thirty minutes. Before the cement has received its initial set, the surface of the pavement shall be finished smooth with a squeegee, or wooden scraper equipped with a rubber edge, by working over the pavement at an angle with the edges of the bricks.

When completed and the cement has received its initial set, the gutters shall be covered with a two-inch layer of sand or fine earth and this shall be moistened and kept moist for the two days immediately following the completion of the gutters.

Conditional Acceptance. Certain Streets.

Bill No. 5044, Ordinance No. — (New Series), as follows:

Providing for conditional acceptance of the roadway of Detroit street between Staples avenue and Judson avenue; Detroit street between the northerly line of Hearst avenue and the southerly line of Flood avenue, including the crossings of Detroit street and Hearst avenue, and Detroit street and Flood avenue; Hearst avenue between Genesee and Hamburg streets; Lobos street between Capitol and Plymouth avenues; Mariposa street between Potrero avenue and Utah street; North Point street between Taylor and Mason streets; Niagara avenue between Mission street and Huron avenue; Silliman street between Bowdoin and Dartmouth streets; Thirty-eighth avenue between Balboa street and the southerly line of Cabrillo street, including the crossing of Thirty-eighth avenue and Cabrillo street; Vermont street between Fifteenth and Sixteenth streets; crossing of Kansas and Mariposa streets; crossing of Vermont and Fifteenth streets; Kansas street between Seventeenth and Mariposa streets; Newton street between Morse and Brunswick streets; Surrey street between Swiss avenue and Van Buren street; Surrey street between Van Buren and Lippard streets; intersection of Surrey and Van Buren streets; Eighteenth street between Kansas and Vermont streets; crossing of Eighteenth and Kansas streets.

Closing Adam Street.

Supervisor Welch presented:
Resolution No. 16033 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors of the City and County of San Francisco to order the closing up of all the following described portion of Adam street in said City and County, to-wit:

Commencing at a point where the easterly line of Adam street intersects the southerly terminal line of the southerly termination of Adam street, said point being 162 feet more or less southerly from the southerly line of Army street; thence westerly along the southerly termination of Adam street 36 feet to the westerly line of Adam street; thence northerly along the westerly line of Adam street 75 feet; thence at right angles easterly 36 feet to the easterly line of Adam street; thence southerly along the easterly line of Adam street 75 feet to the point of commencement.

Said closing shall be done in the manner and in accordance with the provisions of Section 2, Chapter III, Article VI, of the Charter, and the following sections of said Charter. It is estimated that no damages, costs or expenses will be incurred in said closing, and that therefore no assessment district to pay the cost of the same is necessary.

The Board of Public Works is hereby directed to post and publish the usual notices of this intention to close the above described portion of Adam

street, as required by Section 3, Chapter III, Article VI, of the Charter.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hoeks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch, Wolfe—17.

Absent—Supervisor Power—1.

Intention to Change Grades.

Accepting Deed of San Francisco and Fresno Land Co. to Land for Sewer Right of Way.

Supervisor Welch presented:

Resolution No. 16038 (New Series), as follows:

Resolved, That the following deed from San Francisco and Fresno Land Company (a corporation) to the City and County of San Francisco for a temporary license for the purpose of constructing a sewer in property situated in the City and County of San Francisco be and the same is hereby accepted, upon the conditions herein specified. Said deed in words and figures following, to-wit:

"This indenture, made this 22nd day of August, 1918, between San Francisco and Fresno Land Company, a corporation organized and existing under and by virtue of the laws of the State of California, the party of the

first part, and the City and County of San Francisco, a municipal corporation, the party of the second part:

Witnesseth, That for and in consideration of the sum of one dollar (\$1.00) to it in hand paid, receipt whereof is hereby acknowledged, the party of the first part hereby grants to the party of the second part a temporary license for the purpose of constructing a sewer over, along, in and upon all that certain real property situate in the City and County of San Francisco, State of California, and described as follows, to-wit:

Two feet on each side of a center line described as follows:

Beginning at a point on the Southern Pacific Railroad Company's right of way thirty (30) feet southerly from the southerly line of La Salle avenue produced westerly; thence northerly at an angle of 40 deg. 41 min. with the southerly line of La Salle avenue produced for a distance of one hundred eighty-eight (188) feet, more or less, to tide water.

Said party of the first part also grants to the party of the second part the right to enter upon said land at any and all times for the purpose of constructing a sewer therein and to make repairs to same, also the right to use so much of the land adjacent to the land hereinabove described as may be necessary for the purpose of constructing the said sewer or making necessary repairs to the same.

This grant is made upon the express condition that the temporary license herein given may be revoked at any time upon sixty days' written notice of such revocation given by said party of the first part to the Mayor of the City and County of San Francisco, a municipal corporation, the party of the second part, and the party of the second part will remove said sewer and restore the land to its present condition without cost or expense to the party of the first part.

In witness whereof, the said party of the first part has hereunto caused its corporate name to be signed hereto and its corporate seal to be hereunto affixed by its officer thereunto duly authorized, the day and year first above written.

**Acquisition of Land for Extension of
Saturn Street.**

Supervisor McLeran presented:

Resolution No. 16039 (New Series),
as follows:

Whereas, A communication, dated August 16, 1917, has been received from the Department of Public Works recommending that the City Attorney take the necessary legal steps to place the city in possession of that certain parcel of land owned by Mildred Kearny et al., which land is necessary for the extension of Saturn street, and particularly described as follows:

Commencing at a point on the westerly line of Ord street (formerly Clara avenue), 175 feet northerly from the northerly line of Seventeenth street, and running thence northerly along the westerly line of Ord street 25 feet; thence at right angles westerly 136 feet; thence at right angles southerly 25 feet; thence at right angles easterly 136 feet to the westerly line of Ord street and point of commencement; being a portion of Mission Block 203, City and County of San Francisco; and

Whereas, The money available for the purchase of said land in the sum of \$1,750.00 has been derived from an assessment levied in the district, and said sum of \$1,750.00 is in the possession of the City Treasurer awaiting delivery of deed to said land; therefore be it

Resolved, That the City Attorney be and is hereby directed to examine the title to said land and if the same is found to be clear of all incumbrances and that the taxes for the current fiscal year are paid and that the so-called McEnerney title has been procured, or sufficient money reserved for the procuring of same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed to be executed and delivered to the City and County of San Francisco upon the payment of the agreed purchase price, as aforesaid.

**Harbor Commission to Furnish Contem-
plated Plans for Harbor Improvement.**

Supervisor Welch presented:

Resolution No. 16040 (New Series),
as follows:

Whereas, The City of San Francisco has ceded certain streets and other city property in the region known as the India Basin and Islais Creek to the State of California for harbor improvement under the direction of the Board of State Harbor Commissioners, for which the sum of eight million dollars, under an authorized unsold bond issue has practically been available since 1914, during which period the port of San Francisco drifted from the first to the second place in Pacific overseas commerce through lack of overseas ship and rail terminals, and

Whereas, The port of San Francisco, although under State control, has defrayed all expenses of construction, maintenance and operation out of tolls imposed upon the ships, the shippers, and other San Francisco business enterprises, without expense of any kind to the people of the State, including various harbor bond issues aggregating more than twenty million dollars, every dollar of which is redeemable out of San Francisco port revenues, and

Whereas, The City of San Francisco by a resolution adopted by the Board of Supervisors on January 14, 1918, in anticipation of Federal operation of railroads, tendered to the National Government all lands, streets or other property of which the City of San Francisco was possessed, necessary to the establishment of a modern ship and rail terminal through which the various transportation systems of the Federal Government could find accommodations, a tender which was received with official favor and is still under consideration, and

Whereas, The Board of State Harbor Commissioners has announced from time to time in the public press certain contemplated harbor improvements under State direction, which may or may not fit into the new requirements of the port of San Francisco as the result of the Federal operation of railroads and overseas shipping requiring vast yardage for the convenient assemblage and distribution of overseas cargo as well as the possible creation of a "Free Port" or Neutral Trade Zone where foreign consignments may be delivered subject to subsequent tariff classification, and

Whereas, The establishment of any comprehensive ship and rail terminal facilities in the port of San Francisco,

with due regard for the physical requirements of the railroad, will require the vacation of certain streets under the jurisdiction of the City of San Francisco, as well as the possible amendment of certain rail franchises over which the City of San Francisco exercises sole jurisdiction; therefore, be it

Resolved, That the Honorable Board of State Harbor Commissioners of the port of San Francisco be and is hereby respectfully requested to furnish the Board of Supervisors of the City and County of San Francisco with copies of plans of all harbor work or harbor improvement contemplated in the vicinity of Islais Creek and Hunter's Point, such as Belt Railroad extension, bulkhead extension, piers, warehouses, etc., in order that intelligent co-operation of national, state and city authorities may be had in a matter of vital importance to the people of San Francisco.

Revolving Fund, Department of Electricity.

Supervisor McLeran presented:

Resolution No. 16041 (New Series), as follows:

Resolved, That there be and there hereby is created a special deposit revolving fund to be known and designated as "Department of Electricity, Installation Fund, Ordinance No. 698." All moneys deposited with or paid to the Department of Electricity under and in accordance with the terms of Ordinance No. 698, approved April 15th, 1903, or under and in accordance with the terms and conditions of any permit granted by the Department of Electricity to connect to the Municipal Fire Alarm System, shall be deposited in and become a part of the "Department of Electricity, Installation Fund, Ordinance No. 698," hereby created. Any and all demands payable out of said fund shall have been noted thereon the said title of said fund as herein

designated. The attention of the Auditor and the Treasurer and the Department of Electricity of the City and County of San Francisco is hereby directed to the passage of this resolution. Any and all liabilities incurred by the Department of Electricity in carrying out the terms and conditions of Ordinance No. 698 or of any such permit so granted by the Department of Electricity shall be payable out of this fund hereby created.

ROLL CALL FOR PETITIONS AND COMMUNICATIONS FROM MEMBERS.

The following were presented and read by the Clerk:

Protest Against Tax Rate.

Communication—Taxpayers Association of San Francisco, protesting against a \$2.41 tax rate and urging a further reduction.

Read and ordered *filed*.

Presentation of Resolutions from Perth, West Australia.

Mayor Rolph, in presenting a delegation of citizens of Perth, West Australia, said: Gentlemen of the Board of Supervisors, I want to introduce Mr. S. Hammon Elliot and Mr. C. G. Wise of Perth, West Australia, who come to me with a letter from the American Consul. Perth is a city of West Australia, of which Fremantle is the port, doing a trading business with the port of San Francisco, shipping lumber and produce here and we returning grain and hardware. On last Fourth of July the Mayor, City Council and officials of Perth adopted these beautifully engrossed resolutions, binding our respective commonwealths. These gentlemen are specially charged by the City of Perth with the duty of

presenting to the City of San Francisco this official testimonial of friendship and cordial relationship. The greetings were set forth in hand-printed text with an appropriate border in colors, displaying national emblems and typical symbols of the two countries. It is handsomely and richly framed. This beautiful piece of work expresses the sentiments of a people imbued with the same ideals, the same hopes and aspirations as our own. These words bring back the sentiments of olden days, the days of '49 in California. These words touch us deeply, and in the name of San Francisco I accept these resolutions of the people of Perth. I thank his worship, the Mayor of Perth, and to all the people of West Australia we extend a word of deep appreciation. Will not some member of the Board make a suitable response?

Mr. Elliot said: I am not deputed officially to present this address and had no expectations of coming here, but I wish, on behalf of West Australia, to tell you that on the 4th of July, this year, the citizens of Perth made it a gala day, shook hands across the sea, and adopted this illuminated greeting, which I will read:

"From the West to the West.

"Greeting:

"On this anniversary of American nationhood, when your citizens are celebrating the glories of the United States, we—the people of Perth, which holds relatively the same position in Western Australia as that of San Francisco in Western America—extend a greeting as from Westerners to Westerners.

"While we rejoice in the knowledge that the unity which comes from a common tongue has held us together with a bond of sympathy which springs from the concordance of ideals, our rejoicing is on this anniversary accentuated by the fact that men of our respective States are, with the greatest expression of love and sacrifice man is capable of, consecrating their lives to these ideals.

"With feelings of gratification we call to mind the remarkable similarity in history of Western America and Western Australia. While the East of

the two continents throbbed with progress, the West slumbered, to be awakened in each instance by the magic touch of the gold discoveries. The gold era of our respective states was followed by the agricultural period. So much alike is the story of our states that with the substitution of the word 'California' for the name 'Western Australia' the historical record might be applied with equal correctness to either.

"We have read with deep appreciation of the firm purpose, warm enthusiasm and civic patriotism of San Franciscans, which found such a wonderful expression in the rebuilding of the entire city after the disaster of 1906, which achievement was crowned by the memorable exposition of 1915.

"Our fervent prayer is that the ties created by unity of sacrifice now being made by sons of the two Golden Wests for our common liberty on the battlefields of Europe will prove indissoluble through the years to come, and that the English-speaking peoples shall emerge from the furnaces of war remolded, revitalized, to remain one in purpose and action for all time.

"America Day, July 4, 1918.

"W. F. LATHLAIN,
"Mayor of Perth."

Supervisor Hayden moved that these resolutions be received with thanks, that they be hung in a suitable place in the City Hall, and a copy engrossed in the Journal of Proceedings.

Supervisor Wolfe said: I am heartily in favor of the motion just made by Supervisor Hayden, but I think there should be added that a committee of this board be appointed to prepare similar resolutions to be hung in their council chambers that will last longer than mere words, and I move you to that effect.

Supervisor Wolfe thereupon said: There is one thing that stands out more prominently in this resolution than any other, and it is worthy of very serious consideration. It demonstrates to my mind that one of the effects of this awful tragedy which the world is experiencing in our days will be to recognize the common fatherhood of God and the common brotherhood of man.

There is demonstrated in this resolution that the citizens of Perth, West Australia, are imbued with the same thought that moves our people—love of country, love of the flag, love of honor, love of peace.

If there are any nations or any men entitled to our respect on this score, it is Australia and the men of Australia. The dead that have died for the love of their kind, they that have made the great sacrifice and

the widows and orphans resulting from these sacrifices, have our deepest appreciation and affection.

These thoughts today express our sentiments for the people of the English provinces of Australia and Canada, who have fought so bravely and died so nobly and who are now fighting side by side with our brothers, relatives and friends, who are also giving a good account of themselves, as the men of Australia and Canada.

These sentiments, gentlemen, you can carry back to your fellow citizens in West Australia with the love and affection of the people of this country and of our desire for the maintenance of friendly relations that shall last as long as the nations shall last.

It is well to honor and to be grateful for those who gave so much for humanity and I am glad that I was able to be in attendance at today's meeting and to participate in this presentation.

Motion Adopted.

Whereupon, Supervisor Hayden's motion was *adopted* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—16.

Absent—Supervisors Power, Welch—2.

Thereupon, Supervisor Wolfe's motion to appoint a committee to draft similar resolutions was also *adopted* by the following vote:

REPORTS OF COMMITTEES.

Reports from the following committees were received and *ordered filed*:

Supplies Committee, by Supervisor Hilmer, Chairman.

Public Welfare Committee, by Supervisor Mulvihill, Chairman.

Action Deferred.

The following was presented, read and *ordered laid over until tomorrow's meeting*:

Report of Special Committee on Garbage Disposal.

San Francisco, August 26, 1918.

Board of Supervisors—Gentlemen:

Your Special Committee on Garbage Disposal respectfully reports that it met on Thursday, August 22, 1918. Supervisors Gallagher and Mulvihill, Dr. William C. Hassler, Health Officer, and E. P. Jones, representing City Engineer M. M. O'Shaughnessy, present.

Supervisor Wolfe was excused from attendance, owing to illness.

Assistant City Engineer Jones and Dr. Hassler, appointed a sub-committee to draft an ordinance providing for the segregation of garbage, reported that, owing to pressure of other official business, they would not be able to submit their report until the next meeting.

Complaints filed by R. W. Payne and Mrs. M. J. Kennedy, that they were being overcharged for the removal of garbage from their respective homes, were investigated. T. I. Fitzpatrick and E. J. Malatesta, representing the scavengers, pleaded that owing to the increased cost of collecting and disposing of household waste, their clients were forced to raise prices. The entire matter was referred to the Health Officer for adjudication, both sides agreeing to abide by his findings.

After careful consideration of the form of "proposal" and "specifications" for garbage disposal, prepared by the sub-committee, your Committee agreed to submit them to the Board for approval. A copy of the "proposal" and "specifications" has been mailed to each Supervisor.

The next meeting of the Committee will be held Friday afternoon, August 30th, at 2 o'clock, in room 228. The members of the Board are invited to attend this meeting and take part in the framing of the ordinance providing for the segregation of garbage.

Respectfully submitted,

ANDREW J. GALLAGHER,

EDWARD I. WOLFE,

JOS. MULVIHILL,

E. P. JONES (per A. J. G.),

DR. WM. C. HASSLER (per A. J. G.),

Special Committee on Garbage Disposal.

Whereas, The S. F. Nurses' Association proposes to acquire a home for nurses who have been invalidated by reason of their strenuous service in France and provide a resting place for those without homes, where they may recover from their war-weariness, and the purpose of obtaining the funds necessary therefor, will hold a mass meeting at the Auditorium tomorrow night; therefore

Resolved, That this Board endorses this project as one well worthy of public support, and trust that a generous response will be made to the patriotic appeal by said Association; that the members of this Board be requested to attend, and by their presence encourage the movement.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—16.

Absent—Supervisors Power, Wolfe—2.

Elimination of Car Stops at Fire Houses.

Supervisor Wolfe presented:

Resolution No. 16057 (New Series), as follows:

Whereas, The United States Power Administrator has urgently requested the utmost curtailment in the use of electrical energy and has called attention to the fact that the elimination of car stops at Fire Department houses will result in the saving of more than 5000 kilowatts of electricity each day; therefore

Resolved, That the superintendents of the street railway systems be authorized to eliminate such stops during the period required by the United

States Power Administrator for the conservation of electrical energy.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Milmer, Hocks, Hynes, Kortick, Lahancy, McLeran, McSheehy, Mulyhill, Nelson, Schmitz, Suhr, Wolfe—16.

Absent—Supervisors Power, Welch—2.

The Journal of Proceedings of September 3, 1918, was considered, read and approved.

ROLL CALL FOR PETITIONS AND COMMUNICATIONS FROM MEMBERS.

The following were presented and read by the Clerk:

Discontinuance of Operation of Sanitary Reduction Works.

Communication—From Sanitary Reduction Works, giving notice that operation of plant will be discontinued October 1, 1918, since request for an increase of from 60 to 80 cents per ton for incineration was refused; also requesting payment of \$50,000 due company in accordance with agreement dated March 8, 1909.

Referred to City Attorney for opinion as to legal status.

Relative to Fire Hazard at Proposed Laundry at 536 Castro Street.

Communication—From A. T. Bailey, insurance broker, advising that installation of boiler at 536 Castro street will not, according to Thos. McCaughran, secretary of San Francisco Territory of the Board of Fire Underwriters, increase insurance on adjoining property.

Read and ordered filed.

Claims for Materials Furnished for Hetch Hetchy Construction.

The following matters were present-

ed, read and, on motion of Supervisor Wolfe, ordered referred to Finance Committee and City Attorney:

Communication—From the Board of Public Works, regarding payment of claims for materials furnished for Hetch Hetchy construction, and recommending passage of the following resolution required by the Auditor before claims will be allowed, to-wit:

Resolution No. — (New Series), as follows:

Resolved, That the Board of Supervisors does hereby order for use on the construction of the Hetch Hetchy project the following equipment to be secured under contract by the Board of Public Works, or purchased as provided by existing Ordinances of the Board of Supervisors:

Contract No. 42, for furnishing and delivering standard black wrought iron pipe;

Contract No. 43, for furnishing and delivering locomotive fuel oil;

Contract No. 44, for boring test holes across San Francisco Bay, at Dumbarton Straits;

Contract No. 45, for furnishing and delivering fresh beef;

Contract No. 46, for furnishing and delivering frogs and switch fittings for light rail.

Emergency orders purchased under provisions of Ordinances No. 4466 and No. 4678:

One Mikado locomotive; cost, including freight and alterations, \$30,000.

One Myers-Whaley tunneling machine; cost, \$9,000, exclusive of freight.

One hoist, with motor, complete;

cost, \$5850; additional equipment for same, 6 cents per pound.

Drilling machinery from Ingersoll-Rand Company.

Drilling machinery from Sullivan Machinery Company.

Explosives from Giant Powder Company.

Explosives from Hercules Powder Company.

And all other purchases of machinery, tools, equipment, material and subsistence supplies made between January 1, 1918, and September 10, 1918.

Transportation to Union Iron Works.

The following motion laid over from a previous meeting was ordered referred to the Public Utilities Committee:

Supervisor Wolfe moved that a committee of two members of the Public Utilities Committee be appointed to proceed to Philadelphia in the matter of obtaining financial assistance from the Federal Government for the purpose of constructing railway and affording adequate transportation to the Union Iron Works.

REPORTS OF COMMITTEES.

Reports from the following committees were received and ordered filed:

Fire Committee, by Supervisor Deasy, Chairman.

Streets Committee, by Supervisor Welch, Chairman.

Report of Special Committee on Garbage Disposal.

The following report, laid over one week, was taken up:

San Francisco, August 26, 1918.

Board of Supervisors—Gentlemen:

Your Special Committee on Garbage Disposal respectfully reports that it met on Thursday, August 22, 1918. Supervisors Gallagher and Mulvihill, Dr. William C. Hassler, Health Officer, and E. P. Jones, representing City Engineer M. M. O'Shaughnessy, present. Supervisor Wolfe was excused from attendance, owing to illness.

Assistant City Engineer Jones and Dr. Hassler, appointed a sub-committee to draft an ordinance providing for the segregation of garbage, reported that, owing to pressure of other official business, they would not be able to submit their report until the next meeting.

Complaints filed by R. W. Payne and Mrs. M. J. Kennedy, that they were being overcharged for the removal of garbage from their respective homes, were investigated. T. I. Fitzpatrick and E. J. Malatesta, representing the scavengers, pleaded that owing to the increased cost of collecting and disposing of household waste, their clients were forced to raise prices. The entire matter was referred to the Health Of-

ficer for adjudication, both sides agreeing to abide by his findings.

After careful consideration of the form of "proposal" and "specifications" for garbage disposal, prepared by the sub-committee, your Committee agreed to submit them to the Board for approval. A copy of the "proposal" and "specifications" has been mailed to each Supervisor.

The next meeting of the Committee will be held Friday afternoon, August 30th, at 2 o'clock, in room 228. The members of the Board are invited to attend this meeting and take part in the framing of the ordinance providing for the segregation of garbage.

Respectfully submitted,

ANDREW J. GALLAGHER,

EDWARD I. WOLFE,

JOS. MULVIHILL,

E. P. JONES (per A. J. G.),

DR. WM. C. HASSLER (per A. J. G.).

Special Committee on Garbage Disposal.

Proposals for Disposition of Garbage and Rubbish of the City and County of San Francisco, California.

The following paragraphs of the tentative garbage disposal specifications were taken up and acted upon as follows:

Sealed bids or estimates for the above indicated contract, endorsed with the above title, also with the name of the person or persons making the same, will be received by the Board of Public Works until — o'clock p. m., at its regular meeting place in the City Hall, on the — day of —, 191—, after which hour the bids will be publicly opened and read by the Chairman and Secretary of the Board.

Moved that foregoing paragraph be approved.

Motion carried.

Purpose of Contract: The purpose of this contract is to provide for the reception and disposition of all the garbage and rubbish collected by the scavengers from households, apartments, markets, stores and such other places as are served by scavengers, and which will be delivered by the scavengers or by other persons who may be authorized to collect, haul and deliver such garbage and rubbish.

Amendment.

Paul Elich, representing San Francisco Bureau of Governmental Research, made the following criticism of the foregoing paragraph:

Purpose of Contract.

This section reads as if the contractor must dispose of both garbage and rubbish. It should be made clear that the specifications for proposals are really intended to secure two separate contracts, although both may be held by the same contractor. It is suggested that bidders be allowed to bid

on the disposal of each class of refuse separately, and if they so desire, to submit an additional bid contingent upon receiving the contracts for both garbage and rubbish.

It is suggested that for the sake of clearness two separate specifications for proposals be drawn up, one for the disposal of garbage and one for the disposal of rubbish. This would obviate the possibility of any clause of the specifications being ambiguous as to the class of refuse referred to in the specifications.

Moved that recommendations of San Francisco Governmental Research Bureau be *adopted* and that paragraph as amended be *approved*.

Motion carried.

Period of Contract: This contract shall begin on the — day of —, 191—, and continue in operation for a period of ten years from said date.

The contract shall include a provision or an option by means of which the contract may be extended for a further period of — years, such extension being subject to and becoming a part of all the conditions and regulations of the original contract.

Moved that foregoing paragraph be *approved*.

Motion carried.

Capacity of Plant: The contractor's plant and equipment shall be capable of receiving and disposing of all the garbage and rubbish that shall be collected and delivered to the receiving stations of the contractor.

Amendment.

Paul Etier, representing the San Francisco Bureau of Governmental Research, was granted the privilege of the floor and made the following criticism of the foregoing paragraph:

Capacity of Plant.

It is suggested that additional clauses be added to this section providing for the erection of additional plant capacity whenever necessary, and for emergency disposal of refuse if plant operation should break down. The following wording of this section is suggested:

The contractor's plant, receiving station and equipment should be capable of receiving and disposing of all garbage (or rubbish) that shall be collected and delivered to the receiving stations of the contractor, and said plant, receiving stations and equipment shall be such that their capacity may be enlarged from time to time without necessitating a suspension of deliveries of garbage (or rubbish) to the contractor. Said extensions shall be made on the order of the City Engineer within 30 days after date of said order, at the expense of the contractor, whenever increased deliveries of garbage make said extensions necessary. The contractor must also provide for

emergency disposal of garbage (or rubbish) in case his disposal plant, through accident or other causes, becomes inoperative, and must secure the permission of the San Francisco Board of Health before employing said emergency methods.

(NOTE—If it is decided that the city should own its own receiving stations, these requirements would be changed somewhat. See attached discussion of the ownership of land, structures and equipment of receiving stations, pages 13-14. Note re the tentative draft of "Proposals for the Disposition of Garbage and Rubbish of the City and County of San Francisco, August 28, 1918.")

Moved that the recommendation of San Francisco Bureau of Governmental Research be *adopted* and paragraph as amended *approved*.

Motion carried.

Certified Check: Each bid or proposal shall be accompanied by a check, certified by a responsible bank, payable to the order of the Clerk of the Supervisors, for an amount not less than twenty-five thousand (\$25,000) dollars.

Moved to amend by reducing amount of certified check to \$10,000 and insert Charter language with reference to "bank" and "Clerk of Supervisors."

Motion carried.

Non-Withdrawal of Bid: Permission will not be granted to withdraw any bid or estimate that has been submitted.

Moved that foregoing paragraph be *approved*.

Motion carried.

Bond: The contractor to whom the award of contract may be made will be required to deposit with the Board of Supervisors a bond in the sum of one hundred thousand (\$100,000) dollars, for the faithful performance of his contract, such bond to be supplied by an acceptable bonding company, authorized by law to furnish such bond in the City and County of San Francisco.

Passed temporarily.

Names of Bidders: Each bid or estimate shall contain the name and place of residence of the person or persons making the bid, the names of all persons interested with him or them therein, also a statement that it is made without any connection with any other person or persons making a bid or estimate for the same purpose and is in all respects fair and without collusion or fraud. The bid or estimate shall be verified by the oath in writing of the party making the same that the several matters stated therein are in all respects true.

Moved that the foregoing paragraph be *approved*.

Motion carried.

Privilege of the Floor.

Edward Coffey, attorney representing scavengers, was granted the privilege of the floor. He opposed the specifications, alleging that they were framed in favor of monopoly, making it possible for one contractor to get control of all the garbage of San Francisco.

Messrs. Moore and Kelly also addressed the Board on the subject matter under discussion.

Supervisor McLeran submitted proposed paragraph providing for optional bids.

Action Deferred.

Thereupon, further action on the tentative proposals was deferred until 2:30 p. m., Monday, September 16, 1918.

UNFINISHED BUSINESS.

Final Passage.

The following matters heretofore passed for printing were taken up and finally passed by the following vote:

Section 2. This ordinance shall take effect immediately.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Suhr, Welch, Wolfe—16.

No—Supervisor Schmitz—1.
Absent—Supervisor Power—1.

Explanation of Vote.

Supervisor Schmitz explained his vote by saying:

"In recording my vote in the negative upon the tax rate, I do so with a firm belief based upon serious investigation that the rate of \$2.41 per hundred dollars valuation would raise a much larger amount of revenue than is absolutely necessary to carry on the work of the municipality. We have been warned and importuned by the United States Government to keep our expenditures down to the minimum, and it is safe to assume that with that object in view we can run our city government on very much less than the amount to be raised by a tax of \$2.41 per hundred dollars. It seems to me that the tax rate of last year would be ample to meet all the expenses of our city government when we consider that our assessed valuation of property this year is over \$7,000,000 more than last year."

Supervisor McSheehy explained his vote by saying that he had received the itemization that he wanted, that he got the information he was looking for, and that he was now prepared to vote for the tax rate.

Final Passage.

The following matters, heretofore passed for printing, were taken up and finally passed by the following vote:

Amending Street Specifications Ordinance.

Bill No. 5043, Ordinance No. 4685 (New Series), as follows:

Amending Sections 6 and 21 of Ordinance No. 240 entitled, "Providing General Rules and Standard Specifications for Street and Sidewalk Work and Limiting the use of Various Kinds of Pavements and Sidewalks in the City and County of San Francisco," approved March 1, 1901.

Be it Ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 6 of Ordinance No. 240, the title to which is recited in the title to this Ordinance, is hereby amended to read as follows:

Section 6. All pavements of the asphalt type hereafter laid on streets where the gradients are less than one (1) per cent shall be provided with gutters of vitrified brick on concrete at least two (2) feet wide.

Section 2. Section 21 of Ordinance No. 240, the title to which is recited in the title to this Ordinance, is hereby amended to read as follows:

Section 21.

Brick Gutters.

The brick gutters shall consist of a vitrified paving brick wearing surface set in a cement mortar bed one-half inch thick, on a concrete foundation six inches thick and the joints between the bricks shall be filled with cement mortar grout, as hereinafter specified. The width of the brick gutters shall be six courses of brick.

Subgrade: The subgrade shall be prepared as specified under Subgrade for Pavement in Section 14½ of this Ordinance. Where rolling is not practicable, the subgrade shall be well tamped and the tamper used shall have a tamping face of eighty square inches and shall weigh not less than forty pounds.

Materials.

The materials used in the construction of brick gutters shall be of such quality as will pass the following requirement:

Cement: The cement used shall be a standard product which satisfies all of the requirements for cement in Section 36 of this Ordinance.

Sand for Mortar and Grout: The sand used shall be clean and sharp, free from loam, clay, vegetable or other inferior matter and shall show not more than five per cent, by volume, of silt after being shaken and washed in water and allowed to settle for one hour. The sand must pass the following screen test:

Water: The water used in the construction of the pavement shall be fresh and clean.

Brick: The brick for the wearing surface shall be a standard repressed vitrified paving brick of the following dimensions:

Length	8½ inches
Width	3½ inches
Depth	4 inches

The brick shall satisfy all of the requirements, as to quality and test, specified for that grade of paving brick in Section 33 of this Ordinance. Particular care shall be exercised in selecting brick for the gutters, of uniform size and regular shape.

Construction.

Foundation: The concrete foundation for the gutters shall be constructed at the proper depth below the pavement surface, of the materials and in the manner specified under Concrete Foundation for Pavement in Section 35 of this Ordinance; special care being taken to obtain a surface suitable for

a pavement of the "Block Type" as noted therein.

The concrete foundation for the gutter may be constructed, either as a part of the adjacent pavement foundation, or separately, in which latter case the entire gutter shall be constructed before the construction of the adjacent pavement foundation is started.

Where both gutter and adjacent pavement foundations are constructed together, care should be taken to maintain, by the use of wooden timbers of the correct thickness, the proper difference in elevation between the surfaces of the two sections of the foundation and to secure a straight gutter edge and square shoulder. The wooden timbers shall remain in place until the contractor shall start to lay the mortar bed for the brick. In this case, the concrete foundation shall be allowed to set at least two days before the mortar bed is spread.

The contractor's attention is directed to the requirement that the surface of the foundation for the asphaltic pavement shall be below the surface of the brick gutter pavement by an amount equal to the thickness of the asphaltic wearing surface and that in laying the asphaltic wearing surface, any depth in excess of this amount shall be made up of additional asphaltic wearing surface material. The contractor shall prohibit all hauling on the concrete foundation.

Separate Gutter Construction: Where the gutter foundation is constructed separate from the foundation for the rest of the pavement, substantial forms shall be provided for retaining the concrete in place and these forms shall not be removed until the concrete for the pavement has been placed.

The cement mortar bed may be spread on the foundation, in the manner hereinafter specified, without delay; but when the mortar bed has been spread, the gutter construction shall be completed expeditiously, as hereinafter specified.

Mortar Bed: The mortar bed shall consist of Portland cement and sand, mixed with water, in the proportions of one cubic foot of cement to one and one-half cubic feet of sand (1:1½). The amount of water used in the mix shall be only sufficient to form a stiff trowel mortar which, on being spread, shall show no excess of water.

The dry cement and sand shall be first thoroughly mixed in exact proportions until the mass is of a uniform color, and then the water shall be gradually added. The mixture shall be turned while the water is being added and shall be turned at

least twice, after being wet, until of the required uniform consistency.

When a concrete mixing machine is available it may be used to mix the mortar. The mixing by machine shall be as specified for mixing concrete for pavement foundation in Section 35 of this Ordinance.

Immediately before placing the mortar bed, the surface of the concrete foundation shall be thoroughly cleaned and shall then be dampened with water.

After being mixed, the mortar shall be immediately spread uniformly on the surface of the concrete foundation in a layer one-half inch thick. The amount of mortar bed spread shall be gauged by the speed of the brick laying.

Laying Brick: The brick for the gutters shall be hauled to the site and deposited at the side of the roadway convenient to the work, in neat piles, before the gutter foundation is constructed in order that ample time may be provided in which to inspect the brick before they are placed in the pavement. Immediately before the bricks are to be laid, they shall be thoroly wet with water in the piles. The bricks shall be carefully laid in the fresh mortar bed, and to end in straight rows parallel with the direction of the gutter. The bricks in the adjacent rows shall be laid so as to break end joints by not less than three inches. Particular care shall be exercised in selecting brick of uniform size and regular shape for the gutters, and nothing less than half bricks shall be used to start a row.

In laying the bricks, care shall be taken to secure a firm bed and an even surface conforming to the required gradient and the bricks shall be laid so as to prevent the mortar from rising in the joints more than three-quarters of an inch.

All defects in the surface due to soft bricks or bricks of varying size, must be corrected before the mortar bed has reached its initial set, after which no replacement or disturbance of the bricks will be allowed. The inspection for this will be thorough and timely, so that the defects can be corrected.

Grouting: Before the grouting is commenced, the outer edge of the gutter shall be faced with lumber, heavy paper, carpet or other approved material, to prevent the escape of the grout from the joints in the brick surface. Sand must not be used for this purpose. The grouting operation shall follow as closely after the laying of the brick surface as possible without interfering with the laying and inspection of the bricks; and must

be done within one hour of the time of mixing of the bed mortar.

The grout for the joints in the brick surface shall consist of Portland cement and sand, mixed with water, in the proportions of one cubic foot of cement to one and one-half cubic feet of sand (1:1½).

The materials shall be mixed in a water-tight box of a type approved by the Board of Public Works and one that will allow of their constant agitation. The box shall be provided with a gate which can be opened above the gutter to allow the grout to pour on the pavement. The dry cement and sand shall be thoroly mixed in exact proportions until of a uniform color and then sufficient water shall be added to the whole contents of the box to make a mortar of the proper consistency, as hereinafter specified. During the mixing and until the grout is poured into the joints of the pavement, the mixture shall be constantly stirred or agitated in order to prevent the separation of the sand and cement from the water.

The grout shall be poured upon the brick and shall be immediately swept into the joints by means of substantial brooms. The grouting shall be done in two applications. The grout for the first application shall be mixed with water to a consistency of thin cream, so that it will flow readily to the bottom of the joints, and then applied to the joints until they are filled. The grout for the second application shall be mixed with less water, to form a stiffer mixture, and shall then be applied to the joints so as to completely fill them. In no case shall the time between the first and second applications exceed thirty minutes. Before the cement has received its initial set, the surface of the pavement shall be finished smooth with a squeegee, or wooden scraper equipped with a rubber edge, by working over the pavement at an angle with the edges of the bricks.

When completed and the cement has received its initial set, the gutters shall be covered with a two-inch layer of sand or fine earth and this shall be moistened and kept moist for the two days immediately following the completion of the gutters.

Conditional Acceptance. Certain Streets.

Bill No. 5044, Ordinance No. 4686 (New Series), as follows:

Providing for conditional acceptance of the roadway of Detroit street between Staples avenue and Judson avenue; Detroit street between the north-

erly line of Hearst avenue and the southerly line of Flood avenue, including the crossings of Detroit street and Hearst avenue, and Detroit street and Flood avenue; Hearst avenue between Genesee and Hamburg streets; Lobos street between Capitol and Plymouth avenues; Mariposa street between Potrero avenue and Utah street; North Point street between Taylor and Mason streets; Niagara avenue between Mission street and Huron avenue; Siliman street between Bowdoin and Dartmouth streets; Thirty-eighth avenue between Balboa street and the southerly line of Cabrillo street, including the crossing of Thirty-eighth avenue and Cabrillo street; Vermont street between Fifteenth and Sixteenth streets; crossing of Kansas and Mariposa streets; crossing of Vermont and Fifteenth streets; Kansas street between Seventeenth and Mariposa streets; Newton street between Morse and Brunswick streets; Surrey street between Swiss avenue and Van Buren street; Surrey street between Van Buren and Lippard streets; intersection of Surrey and Van Buren streets; Eighteenth street between Kansas and Vermont streets; crossing of Eighteenth and Kansas streets.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The roadways of the following named streets, including the curbs on both sides thereof, having been constructed to the satisfaction of the Board of Public Works, and of the Board of Supervisors, are hereby conditionally accepted by the City and County of San Francisco (except those portions required by law to be kept in order by the railroad company having tracks thereon), in accordance with the provisions of Section 23, Chapter 2, Article VI of the Charter, said roadways having been paved with asphalt and vitrified brick and curbs laid thereon, and are in good condition throughout, to-wit:

Detroit street between Staples avenue and Judson avenue, paved with asphalt and vitrified brick and concrete curbs have been laid thereon; sewers have been laid therein; no gas or water mains have been laid therein.

Detroit street between the northerly line of Hearst avenue and the southerly line of Flood avenue, including the crossings of Detroit street and Hearst avenue and Detroit street and Flood avenue, paved with asphalt and concrete curbs have been laid thereon; sewers have been laid therein; no gas or water mains have been laid therein.

Hearst avenue between Genesee and Hamburg streets, paved with asphalt and concrete curbs have been laid thereon; sewers and water mains have been laid therein; no gas mains have been laid therein.

Lobos street between Capitol and Plymouth avenues, paved with asphalt and concrete curbs have been laid thereon; sewers have been laid thereon; no gas or water mains have been laid thereon.

Mariposa street between Potrero avenue and Utah street, paved with vitrified brick and concrete curbs have been laid thereon; sewers have been laid thereon; no gas or water mains have been laid thereon.

North Point street between Taylor and Mason streets, paved with asphalt and granite curbs have been laid thereon; sewers and gas mains have been laid thereon; no water mains have been laid thereon.

Niagara avenue between Mission street and Huron avenue, paved with asphalt and concrete curbs have been laid thereon; sewers have been laid thereon; no gas or water mains have been laid thereon.

Silliman street between Bowdoin and Dartmouth streets, paved with asphalt and concrete curbs have been laid thereon; sewers and gas mains have been laid thereon; no water mains have been laid thereon.

Thirty-eighth avenue between Balboa street and the southerly line of Cabrillo street, including the crossing of Thirty-eighth avenue and Cabrillo street, paved with asphalt and concrete curbs have been laid thereon; sewers have been laid thereon; no gas or water mains have been laid in this block and crossing.

Vermont street between Fifteenth and Sixteenth streets, paved with asphalt and granite curbs have been laid thereon; sewers and gas mains have been laid thereon; no water mains have been laid thereon.

Crossing of Kansas and Mariposa streets, paved with asphalt and concrete curbs have been laid thereon; sewers and gas mains have been laid thereon; no water mains have been laid thereon.

Crossing of Vermont street and Fifteenth street, paved with asphalt and granite curbs have been laid thereon; sewers and gas mains have been laid thereon; no water mains have been laid thereon.

Kansas street between Seventeenth and Mariposa streets, paved with asphalt and vitrified brick and concrete curbs have been laid thereon; sewers and gas mains have been laid thereon; no water mains have been laid thereon.

Newton street between Morse and Brunswick streets, paved with asphalt and vitrified brick and concrete curbs have been laid thereon; sewers have been laid thereon; no gas or water mains have been laid thereon.

Surrey street between Swiss avenue

and Van Buren street, paved with asphalt and vitrified brick and concrete curbs have been laid thereon; sewers have been laid thereon; no gas or water mains have been laid thereon.

Surrey street between Van Buren and Lippard streets, paved with asphalt and vitrified brick and concrete curbs have been laid thereon; sewers have been laid thereon; no gas or water mains have been laid thereon.

Intersection of Surrey and Van Buren streets, paved with asphalt and concrete curbs have been laid thereon; sewers have been laid thereon; no gas or water mains have been laid thereon.

Eighteenth street between Kansas and Vermont streets, paved with asphalt and granite curbs have been laid thereon; sewers have been laid thereon; no gas or water mains have been laid thereon.

Crossing of Eighteenth and Kansas streets, paved with asphalt and granite curbs have been laid thereon; sewers and gas mains have been laid thereon; no water mains have been laid thereon.

Section 2. This Ordinance shall take effect immediately.

Charter Amendment for Protection of Standing of Civil Service Eligibles in U. S. Army and Navy.

Supervisor Gallagher moved that the Clerk be directed to communicate with the Civil Service Commission and ask if any charter amendment is necessary to protect the standing of civil service eligibles who have left for service in the army or navy. If so, that draft be

prepared and presented to Board for consideration.

So ordered.

ADJOURNMENT.

Whereupon, the Board at the hour of 6 p. m. adjourned to meet Friday, September 13, 1918, at 2:30 p. m., for the purpose of considering specifications for proposals for garbage disposal.

Clerk.

FRIDAY, SEPTEMBER 13, 1918, 3:30 P. M.

In Board of Supervisors' Chambers, Friday, September 13, 1918, 3:30 p. m.

The Board of Supervisors met pursuant to adjournment for the purpose of considering specifications for proposals for garbage disposal.

ROLL CALL.

The Roll was called and the following members were noted present:

Supervisors Brandon, Gallagher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch, Wolfe—15.

Quorum present.

His Honor Mayor Rolph presiding.

The Mayor introduced Mr. A. Merritt Taylor, of the Emergency Fleet Corporation, who "comes here on a very important mission and on a measure on which we must give a prompt decision."

Mr. Taylor: It is a real pleasure to be here in your midst on my duty to help save the lives of our fellow Americans abroad. To back these boys up we must have ships. We must have them quickly. To keep the ships in repair and in service we must have adequate facilities to transport the ship-workers to the repair yard. Any delay in ship repair is bound to imperil the lives of the men who are fighting our fight. Hunters Point requires passenger transportation facilities. Without them ship repairing at Hunters Point will be retarded and the government interests will suffer. I appeal to you as fellow American citizens to give your government immediately commitment which will result in work being started forthwith in the building of an electric line to Hunters Point. I care not who builds it so long as it is built and built quickly. It is a very grave responsibility resting on us to see that that road is built and that the ship-workers are delivered at Hunters Point with the utmost speed and at the earliest moment possible. They are traveling now by small launches which require 44 minutes from the street cars at the Union Iron Works to the plant at Hunters

Point. The operation of these launches and landing is dangerous. These launches cannot accommodate the great increase in traffic which will result in the enlargement of Hunters Point yard, which has now been authorized and which must be made efficient. Now, I am leaving here today at 5 o'clock for Los Angeles and the East. I want to carry with me a definite commitment made by this Honorable Board on behalf of this city of San Francisco, which will assure the government of that which is required as an immediate war-time necessity—a passenger transportation line to Hunters Point.

His Honor the Mayor spent the entire morning with the Committee on Public Utilities of your Honorable body in an efficient and serious discussion of the problem. It is now thoroughly understood by His Honor and by all members of your Committee, and I appeal to your patriotism as American citizens to back up your government in this matter and back it up quickly and strongly.

Mayor Rolph: Mr. Taylor remained over from yesterday to today to solve this problem of building a railway from Kentucky street to Hunters Point, a double-track transportation line serviceable for passengers and freight. You authorized me some two months ago to enter into an agreement for the building of the road. The matter came up yesterday afternoon when Mr. Tynan and Mr. Robinson, in Mr. Taylor's office at the St. Francis Hotel, got in touch with him. I sent the City Engineer to Mr. Taylor's office and they had a conference. Mr. Tynan, Mr. Taylor and Mr. O'Shaughnessy came to my office yesterday afternoon and I called the Public Utilities Committee together in my office this morning. Mr. Taylor and Mr. Apple met there with the President of the Board of Public Works, Mr. Tynan, the City Attorney and other public officials and discussed the matter from 10 o'clock until now—half past three. The Government will put up \$450,000 for the building of this road along Hunters Point Boulevard, double tracking it. The United Railroads will have the right to operate over that railway upon payment of the interest charge, \$22,500 per annum plus the maintenance charge. So long as they operate over that road, under an agreement with the city, the government will enter into an agreement with the city for the loan of this money, to be refunded two years after the termination of the war, upon an appraisal after the war, and the city will not be expected to pay more than 75 per cent of the cost, so that the city will save 25 per cent. The question of its value is problematical, and will be decided by the appraiser. The question that has brought the Public Utili-

ties Committee here to discuss with you is a division of opinion as to whether the city should enter into an agreement with the United Railroads that permits them to build the road and take it over on the Army street agreement, or the city should take the road and charge the United Railroads the interest and maintenance. So long as the city does not run over these tracks we have endeavored to persuade the United Railroads to allow the city to run its cars over these roads, but they will not allow the city to run its cars over Kentucky street. We have failed to get them to come to an agreement.

The next alternative is to build a branch line (which the city has long considered) on Fifth avenue, hooking up to Hunters Point. Rails are difficult to get, but we have the assurance at this time of building this line across Evans avenue and could build this road at our convenience. The building of the road will take about three months' time. There are simply two questions for you to decide: Whether you will accept the proposition of the government, or whether the government will call it off. Mr. Taylor has to leave at 5 o'clock. He has made arrangements along these lines in other cities, but of course there are no other cities owning their own lines. He has loaned money in Tacoma to the transportation lines for the purpose of carrying men to their plants. Hunters Point is destined to be the largest plant of its kind on the coast. The question for you to decide is taking over an agreement with the government and build the line, or will you wait until the termination of the war and then take it up at your own convenience.

Supervisor Schmitz: Not having had the advantage of all the information that the Committee received in your Chambers, it seems to me from your statement that at this time it is not a question of who builds the road; it is a question of how it can be built in the quickest time and most feasible condition. I would like to hear from you or through the Engineer the recommendation as to which would be the most feasible plan, as to whether the United Railroads or the city should build it. This comes from the government in the form of a demand, and we should do our "bit." If the United Railroads can give the best service at the quickest possible moment, I will vote for that; if the city can do so, I will vote for that.

Mayor Rolph: The question of transportation does not involve itself in the decision because the transportation will come from the United Railroads until such time as we build the track across Evans avenue. It is a question of policy as to whether you wish to take the

obligation, or whether you wish the United Railroads to do so. The question is as to whether the road will be profitable after the war, or will you leave it to the United Railroads and give them a permanent franchise.

Supervisor Wolfe: The question of a permanent franchise does not enter into this at all. If the United Railroads should build this road they would merely operate it during the length of the war and could then abandon it.

Supervisor Schmitz: As the city will own these car lines, I do not see that this Board should hesitate at this time to assume an obligation, even if it is of the magnitude of \$450,000.

Supervisor Hayden: Inasmuch as this matter was taken up this morning and all the facts have been thoroughly aired before them, what are the recommendations of the Public Utilities Committee?

Supervisor Wolfe: There is a division of opinion in the Public Utilities Committee, and as I have not overmuch strength in me, I would ask the privilege of closing this debate, and allow my colleagues to take the matter up.

Supervisor McLeran: I understand from Supervisor Wolfe's remarks that if the United Railroads were to build this road they would operate it during the war and after the war would abandon the operating part of the road.

Supervisor Wolfe: The position of the United Railroads is to get out of the operating of this road as quickly as possible.

Supervisor McLeran: If the United Railroads were to build this road from Kentucky street to Hunters Point, are they willing to pay the government 75 per cent of the cost of building the road, and can they do it on time?

Mayor Rolph: Each can build it in the same time.

Mr. O'Shaughnessy: The question of speed did not come up today. Under our city procedure we cannot start for three weeks. The United Railroads can start in 24 hours. It cannot be done as quickly by the city as they can do it.

Supervisor Schmitz: It is not a question of when you can start, but when you can finish. Would the United States Government help us to get the rails, Mr. Taylor?

Mr. Taylor: Yes, we will give you priority on orders for all your material.

Supervisor McLeran: In view of the statement of the gentleman who is going to leave at 5 o'clock we ought to vote on the question now.

Mayor Rolph: Mr. Cullinan, representing the Mission Promotion Association, seemed to think that the

Army street agreement was the safest agreement for the city to enter into, and if you made the agreement, at the end of the war period, the city would own it. Now, the City Engineer, while he favors the road, has been drawing plans for a month, or a year. He favors the Army street agreement. There is a connecting line between Army street and Evans avenue, where this road commences, of a distance of 3,000 feet, or 6,000 feet of single rail tracks for the city to hook up with that road. Until the city hooks up with that road we cannot run over this new line. Now, are you willing to feel certain that within a reasonable time, 4, 5 or 6 months, we are going to get 6,000 feet of rails? Mr. Taylor will throw no obstacle in your way, and Mr. Tynan will not. If the United Railroads own the track the men will have to pay a ten-cent fare; if we own the tracks we can carry the men through to Hunters Point. Do you feel assured we will get 3,000 feet of double track and are you going to let our line lie dormant or are you going to go right through to Hunters Point?

Supervisor Wolfe: You have no doubt as to whether these rails will be obtained.

Mayor Rolph: I feel sure this man is with us, and when Hollman fell down on the delivery of the Municipal cars Mr. Tynan came to our rescue and told us he would go as far as he could.

Supervisor Gallagher: The situation is this: The Government is willing to advance upwards of \$450,000 for the building of the road to Hunters Point. We pay 5 per cent interest on that money and agree to pay the principal or 75 per cent of it within two years after the war. The next point is whether the United Railroads will be allowed to run on the tracks—that is agreed upon. The next point is whether the United Railroads ought to borrow the money and assume the obligation. Some of the members of the committee see this: the United Railroads will go in there, use the Hunters Point road during the period of the war. They will pay the interest charges, maintenance and operation, but at the end of the time we have agreed, according to one of the plans, to take this over and pay the government the cost or equal to 75 per cent of the original cost, which will mean probably that we will have made some money by the 5 per cent, some by using it for freight purposes, probably about \$70,000 or \$75,000, and if the United Railroads see it is not a paying proposition they reserve the right to get out of the road and we must then pay \$450,000 or 75 per

cent of that amount. The United Railroads will not let us make a connection at Army and Third streets, then we take the position where perhaps we can branch out the Army street line—branch off and trestle over the marsh and go over a direct line from Army street at a point, say a quarter of a mile of its level.

(Interruption.)

Supervisor Gallagher (continuing):

The proposition some of us entertain. If the City can get in there; if the rails can be secured; if we can get through to Hunters Point with the city lines, then let the city build it. If we cannot, let the United Railroads assume the obligation, agreeing that any time the city can make the connection, it can take over the roads. I, as one member of the committee, am willing to build the road if I can get the assurance. We have the indirect assurance. We have Mr. Tynan's good will, which is worth a great deal, and we have Mr. Taylor's good will except to a point. He will not guarantee it. If the city can make the connection now or in the immediate future, say six months, then the committee is unanimous in building the road, but if the City cannot get the rails and cannot make connection, we believe in letting the United Railroads build it, protecting the City's interests.

Supervisor Labancy: Will the manufacturing establishments be allowed to land freight along the road?

Mayor Rolph: If the City owns the road, yes. It will build spurs and help manufacturing industries. Another thing, we had a very serious strike 15 months ago. What would happen if the United Railroads owned that road and had a strike, and the men would not travel on these cars, or the City could not transport the men? Do you think we are getting into any kind of a fight to build a half a mile of trackage?

Supervisor Gallagher: Would you be willing to guarantee it?

Mayor Rolph: It will take three to six months to get this finished. If we can get half a mile of rails, second-hand or new, we will own the road.

Supervisor Welch: It is expected by every member of this Board that at some time in the near future the Municipal system would connect up with the Hunters Point road, acquiring rights over one-half or all of the Army street road. The Government will not permit this or any other corporation to buy one foot of rail for any extension. The door is locked to us so far as that portion of the line running from Evans avenue to Hunters Point. Now, then, with the understanding that we have with the

Mayor, and I am willing to take a chance with him, that independent of the government and with the assistance of Mr. Tynan we can get the necessary amount of rails to make the extension so that we can proceed and buy our half interest in Army street and connect with Hunters Point.

Supervisor Wolfe: I move that the Mayor be authorized under the terms of the agreement prepared in his chambers to enter into an agreement with the Government to build the Municipal Railway line from Evans avenue and Third street and thence to Hunters Point, connecting with the Santa Fe Railway.

Supervisor McLeran: Second the motion.

Motion Carried.

Whereupon, the roll was called and the motion *carried* by the following vote:

Ayes—Supervisors Brandon, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch, Wolfe—14.

Excused from Voting—Supervisor Gallagher—1.

Absent—Supervisors Deasy, Hocks, Power—3.

Supervisor Brandon (in explanation of vote): After all, it is a matter of how long it will take to get the rails. I will vote with the Mayor.

Supervisor Welch: In voting Aye I do so as a vote of confidence in our Mayor in getting the rails for the extension on Evans street.

Supervisor Hayden: Voting Aye seems to be predicated as a vote of confidence in the Mayor, but on this subject I do not think there is any question in the mind of anyone that we are voting for the best interests of San Francisco.

Mr. Taylor: On behalf of the Emergency Fleet Corporation I wish to express my sincere thanks for your patriotic action.

Street Light.

Supervisor Nelson presented:
Resolution No. 16066 (New Series), as follows:

Resolved, That the Pacific Gas and Electric Company is hereby instructed to move a lamp post, located in front of 769-73 Page street, fourteen feet east, as at its present location the entrance to a garage is obstructed, provided the City and County shall be at no expense in the premises.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Galla-

gher, Hayden, Hilmer, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch, Wolfe—15.

Absent—Supervisors, Deasy, Hocks, Power—3.

In Memoriam, Fire Marshal Chas. Towe.

The following resolution was presented by Supervisor Nelson and *adopted* unanimously:

Resolution No. 16067 (New Series), as follows:

The long term of thirty-two years of faithful service rendered by San Francisco's Fire Marshal, Charles Towe, was terminated by his death last Wednesday and it is fitting that the Board of Supervisors should give testimony to the fidelity with which he discharged every duty imposed upon him. It was a characteristic which predominated his entire career, namely: to exact from every citizen an observance of every law the enforcement of which fell within his sphere of duty and nothing could swerve him from a course which he deemed just. And by this means he earned and received the respect of every man who knew him. Yet he was always courteous and generous, sincere in his friendships, and true in all things.

The city has lost a most valuable official and a position is vacant which will be difficult to fill.

We regret our loss and offer our condolences to those having cause to mourn, and as a means of paying a last tribute to his memory and worth be it

Resolved, That a committee be appointed to attend the funeral and that the foregoing words be written in the Journal of Proceedings.

Consideration of Specifications for Garbage Disposal Deferred.

Supervisor Gallagher moved that consideration of specifications for garbage disposal be postponed until 2:30 p. m., Monday, September 16, 1918.

Motion *carried*.

Supervisor Wolfe announced that he would not be at the meeting next Monday as he intended to observe the "Day of Atonement." He moved that all city employees of the Hebraic faith who wished be permitted to observe the day.

Motion *carried*.

ADJOURNMENT.

There being no further business the Board at 5:30 p. m. adjourned.

J. S. DUNNIGAN,

Clerk.

MONDAY, SEPTEMBER 16, 1918, 2 P. M.

In Board of Supervisors, San Francisco, Monday, September 16, 1918, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch, Wolfe—17.

Absent—Supervisor Power—1.

Quorum present.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of September 10, 1918, was considered, read and approved.

The following were presented and read by the Clerk:

Leave of Absence, Hon. James Rolph, Jr.

His Honor, the Mayor, made the following statement to the Board:

Gentlemen: I received a telegram this morning from Mr. Taylor, who was with us the other day. It is of such a nature that makes me feel I may possibly have to go to Philadelphia in connection with this matter—[Transportation to Hunters Point]. I will be glad to show the telegram to the members of the Board. I feel that as we won't meet until next Monday a leave of absence should be granted with permission to leave the State; if the occasion arises I may have to go and see the Emergency Fleet Corporation, with whom Mr. Taylor is in communication.

I would therefore request that I be granted leave of absence with permission to leave the State.

The following resolution was thereupon presented by Supervisor Nelson and adopted:

Resolution No. 16075 (New Series), as follows:

Resolved, That his Honor, James Rolph, Jr., Mayor of the City and County of San Francisco, is hereby granted a leave of absence for sixty (60) days from and after September 16th, 1918, with permission to leave the State.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch, Wolfe—17.

Absent—Supervisor Power—1.

Leave of Absence, City Engineer.

The following was presented and read by the Clerk:

Communication—From Mayor, recommending leave of absence for City

Engineer with permission to leave State for a period of sixty days, commencing September 16, 1918.

Read and resolution adopted.

Whereupon the following resolution was presented and adopted:

Resolution No. 16076 (New Series), as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, M. M. O'Shaughnessy, City Engineer, is hereby granted a leave of absence for sixty (60) days from and after September 16, 1918, with permission to leave the State.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch, Wolfe—17.

Absent—Supervisor Power—1.

Referred to Judiciary Committee.

Supervisor Nelson presented:

Proposed Charter amendment increasing salaries of subordinate officials and members of Police Department.

Referred to Judiciary Committee.

"Pay-as-You-Go" Charter Amendment for Acquisition of Public Utilities.

Supervisor Gallagher presented:

Charter Amendment No. . . .

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Article XII, designated as Section 17, relating to an alternative method for the acquisition, construction, completion or payment for street railway systems.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of said City and County as follows:

To amend Article XII of said Charter by adding a new section thereto to be numbered 17, to read as follows:

Sec. 17. The method of procedure in this Article provided for the acquisition of any public utility or of the whole or any part of the property devoted to such utility, and for the payment therefor, including providing the means for such payment, shall not be deemed exclusive, but the Board of Supervisors by an affirmative vote of not less than two-thirds of the members thereof, may adopt an ordinance which may from time to time be revised or amended, providing a method of procedure for such acquisition and payment; and in such ordinance, if said Board deems it ex-

pedient, provision may be made for the payment for such public utility or the property thereof, in whole or in part, out of its earnings or revenue.

No acquisition of any public utility or of any of its property under the provisions of this section shall be consummated or become effective until and unless the proposed acquisition and the terms and conditions thereof shall have been submitted by the Board of Supervisors to the electors of the City and County in the manner provided in Chapter IV of Article XI of the Charter; and shall have been approved by the affirmative votes of a majority of the electors voting thereon; provided further, that such acquisition shall be approved by two-thirds of the qualified electors voting at such election, in the event that such acquisition shall include the incurring of an indebtedness or liability exceeding in any year the income and revenue provided for such year, as specified in Section 18 of Article XI of the Constitution of the State of California.

Referred to Judiciary Committee.

Relief of Soldiers' Dependents.

His Honor Mayor Rolph announced that he had some proposed Charter amendments which he wished to submit, but which were in the hands of the City Attorney for drafting—one providing for a fund for the relief of soldiers' dependents. He asked Supervisor Hocks to keep them in mind and see that they were properly presented and considered.

Hearing of Appeals.

Clayton Street.

Hearing of the appeal of H. O. Von Der Leith from the assessment issued for the improvement of easterly half of Clayton street, opposite the termination of Ashbury street, and of the westerly half of Ashbury street and the easterly half of Clayton street, fixed for 3 p. m. this day.

Mr. H. O. Von Der Leith appeared and withdrew his appeal, whereupon the following resolution was presented by Supervisor Welch and *adopted*:

Resolution No. 16068 (New Series), as follows:

Resolved, That the appeal of H. O. Von Der Leith from the assessment issued for the improvement of the easterly half of Clayton street opposite the termination of Ashbury street and the westerly half of Ashbury street and the easterly half of Clayton street, be denied and the assessment confirmed.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch, Wolfe—17.

Absent—Supervisor Power—1.

(O. Monson contract.)

Fixing Price for Incineration of Garbage.

Supervisor McLeran presented:

Bill No. —, Ordinance No. — (New Series), entitled:

"Fixing the Price for Which Garbage and Refuse May Be Incinerated," which provides that:

It is hereby declared to be essential to the public health that all garbage and refuse within the City and County shall be incinerated until such time as other methods of garbage disposal shall be effective, and it shall be the duty of all collectors of garbage and refuse to deliver the same at the incinerating works of the Sanitary Reduction Works in the City and County. It shall be the duty of said Sanitary Reduction Works to destroy by incineration all such garbage and refuse so delivered and to impose a charge of eighty cents per ton to defray the cost of such incineration and such charge shall be paid by the collector delivering the same.

This ordinance shall take effect immediately.

Privilege of the Floor.

Mr. Schmidt, having been requested to make a statement on his offer as to garbage disposal, replied as follows:

Mr. Schmidt: My proposition is to put in a fill—anything of commercial value—to pick it over and segregate anything commercial I deem of value, and fill it over and cover it up against any odors, flies, fleas or rats; the fill to be made subject to the City officials; I guess that is all.

Supervisor Nelson: May I ask Mr. Schmidt a question through the chair? Mr. Schmidt, do you understand we are facing at the present time—a party who has been running our plant for years, stating after the first of the month he will not continue?

Mr. Schmidt: That is my understanding.

Supervisor Nelson: Unless, on the other hand, we increase his rates?

Mr. Schmidt: Yes.

Supervisor Nelson: Are you prepared to and can you furnish the proper security to keep on at the way he is going at the present rates? I believe that is the question I took up with you. Is that true?

Mr. Schmidt: Yes. There is no raise in the rates at all.

Supervisor Nelson: And that you keep going on the way we are going at the present time, with the present rates?

Mr. Schmidt: With the understanding that it is to stay in the City and County of San Francisco, subject to the approval of the Health Board and the City Engineer.

Supervisor Suhr: You mean, do you, you don't continue the present incinerator?

Mr. Schmidt: No; that is closed down entirely.

Supervisor Suhr: That is closed down?

Mr. Schmidt: Yes.

Supervisor Nelson: You would close the plant down?

Mr. Schmidt: Yes.

Supervisor Nelson: At that rate you could not continue the way we are going at the present time?

Mr. Schmidt: I do not burn at all. I put everything back where it comes from—put it under the soil.

Supervisor McLeran: Your proposition, as I understand it, is identical with the one you submitted with a bid, on which you put up a check for \$10,000?

Mr. Schmidt: Yes.

Supervisor McLeran: And turned down by the Board?

Mr. Schmidt: It was not turned down for four months after.

Supervisor McLeran: But it was turned down?

Mr. Schmidt: Yes.

Supervisor McLeran: Your proposition is this, however—take the garbage and dump it?

Mr. Schmidt: No; make a fill.

Supervisor Mulrihill: Where are you going to segregate it?

Mr. Schmidt: On the fill.

Supervisor Hynes: As a matter of fact, if you fill, would it not necessitate a longer haul for the scavengers?

Mr. Schmidt: Hardly any. That depends upon the decision of the City Engineer and the Board of Health.

Supervisor Hynes: As to location?

Mr. Schmidt: Yes.

Supervisor Hynes: If they decide on some location further away it would necessitate a longer haul for the scavenger, and then, of course, you could not expect him to make a longer haul for the same charge.

Mr. Schmidt: That would be a matter to come up between the scavenger and I.

Supervisor Mulrihill: Have you given thought to the scavenger hauling the garbage out to the county line?

Mr. Schmidt: And they would do that—that would not interfere with you.

Supervisor Schmitz: The householder would have to pay double.

Mr. Schmidt: Not necessarily, if they agreed to take it out there.

Supervisor Schmitz: If the householder is now paying half a dollar, and if you had a longer haul, or a different situation, the householder might have to pay one dollar.

Mr. Schmidt: They might, but they would not have to, on the proposition I have up with the City.

Supervisor McLeran: You are now speaking of another proposition—if you have any other proposition—

Mr. Schmidt: It is in here now—the only one I have is in here now.

Supervisor McLeran: The only question you are in here on is the filling of fills, the dumping of garbage, and that was voted down some time ago.

Mr. Schmidt: Not necessarily.

Supervisor McLeran: As a member of the Board I am against dumping garbage.

Mr. Schmidt: We have the proof of the Los Angeles deal, and today it is not working—that is in the hands of the receiver and busted.

Supervisor Hayden: The Cogswell?

Mr. Schmidt: Yes; it is busted in New York. I have documents right here to show that.

Supervisor Nelson: I might say it is right here in an article (showing paper).

Supervisor Gallagher: That is not fair to the Cogswell system. I understand they have financial difficulties in New York, but what have they got to do with this thing?

Supervisor Schmitz: I think we are straying from the subject.

Supervisor Gallagher: I think so, too.

Supervisor Hayden: Except Mr. Schmidt has made the general statement, which is a part of the record, that the Cogswell system is a failure.

Supervisor Schmitz: The point I want to make is this—you have stated you were not a politician, but no one has accused you of not being a business man; and I think before this Board of Supervisors makes any increase of 33 1-3 per cent, we ought to find out whether this is a fair and equitable increase, and I would like to ask the chairman of the Finance Committee how you arrived at that figure—33 1-3 per cent?

Supervisor McLeran: Have you a copy of the report filed?

Supervisor Schmitz: I was trying to find it.

Supervisor McLeran: The price 20 cents has been threshed out after an examination of the report by Mr. Forbes, certified public accountant of the firm of Haskins & Sells. It is on file here.

Supervisor Schmitz: I thought I had a copy of it.

Supervisor McLeran: It is arbitrarily figured 20 cents.

Supervisor Schmitz: How many tons a day are the scavengers delivering?

Judge T. I. Fitzpatrick: Over 300 tons.

Supervisor Schmitz: There would be an increase of \$60 a day.

Supervisor McLeran: Is Mr. Panario here? Ask him.

Supervisor Schmitz: Before this Board commits itself to paying an increase of 33 1-3 per cent—that is an enormous increase, and granting conditions have increased the expense 25 per cent, we are still increasing it.

Supervisor McLeran: The only answer I can make to the Supervisor, which would probably be a satisfactory answer, is that we can run it ourselves; and they are perfectly anxious and willing that we take it now and run it—they don't want it, but they are running it to accommodate us, and they will shut it down unless they get the 20 cents.

Supervisor Hayden: How much will it cost the City to run it?

Supervisor McLeran: In my opinion, we will lose money.

Supervisor Hayden: With the added 20 cents?

Supervisor McLeran: Yes. That is my opinion.

Supervisor Schmitz: I would like to ask Mr. Panario, how many men have you employed there?

Mr. Panario: Between 55 and 60.

Supervisor Schmitz: You don't know exactly?

Mr. Panario: Sometimes there are 60, and sometimes 55, and sometimes 58—on account of sickness and everything.

Supervisor Schmitz: What is the average rate of wages you pay?

Mr. Panario: \$4, and they want \$4.50.

Supervisor Schmitz: That is \$240 a day for labor, approximately?

Mr. Panario: Yes.

Mayor Rolph: Mr. Schmitz, do I get this right—it is 20 cents a ton, a day?

Supervisor Schmitz: 20 cents a ton a day.

Mayor Rolph: That is \$60 a day increase.

Supervisor Schmitz: Yes.

Mayor Rolph: What is the \$60 made up of—the half a dollar a day, and what?

Mr. Panario: At present we are losing \$700 a month—the last three months we have lost \$700 a month.

Supervisor Schmitz: In addition to that we have released them from paying the interest on the amount of money advanced.

Mr. Panario: You did not release me of anything. I was operating it as a favor to you, and if you attempt to run it you will lose.

Supervisor Schmitz: But we did release you?

Mr. Panario: Yes, for your own convenience, and not my convenience; it was at their will I took the works over several months ago, at the time they released me.

Supervisor Schmitz: I suggest we let the people of San Francisco, those interested, know that this work is going to shut down, and that we make an investigation before we go on record allowing 33 1-3 per cent more for the burning of this garbage than they are now receiving.

Supervisor Gallagher: It is more than that—it is 34 cents—\$1,400—1100 tons—11,000 tons—Mr. Jones and I figured that is 14 cents on the ton, and with this 20 cents, that is an increase of 34 cents a ton.

Mr. Panario: The payroll has increased from \$2,700 to \$5,800 a month, for your benefit.

Supervisor Schmitz: That is an increase, then, of 47 cents. It seems to me, it would be more just to the City of San Francisco, than to plunge into this and say we will pay this firm 33 1-3 per cent now more than they have received, and then we have taken off the interest charge—paying you or any other firm—it is not personal, but it does not seem to me to be the best proposition.

Mr. Panario: I would like to make

a statement: I believe the Finance Committee of the Board of Supervisors have investigated the charges thoroughly—they have investigated the expenses, and if the Finance Committee are not competent to have their opinion passed upon by the Board, why you might as well get another Finance Committee. The figures have been all presented, and I do not care to operate the works at all—you may take them over in the morning. We have lost three thousand dollars in the last five months. I have been operating them as a courtesy, you might say; it is practically impossible to get men to work it, and if anybody else wishes to run these works they would lose \$3000 a month and not half of it.

Supervisor Hynes: I would like to ask a question of the Finance Committee, through the chair: If we pass this bill, the scavengers have to pay 20 cents a ton more. Who pays the 20 cents, the householder or the city?

Supervisor McLeran: The scavenger.

Mr. Panario: The increase would amount to 5 cents per month to each householder.

Supervisor McLeran: How much will the increase amount to per month?

Mr. Panario: About \$1,600 a month.

Supervisor Hynes: Who is going to pay the increase—the city of San Francisco, as a city, or the householder? Does that mean the scavenger is going to tack on the householder an increase over the rates now in order to make up this 20 cents?

Mayor Rolph: Why not ask Judge Fitzpatrick?

Judge Fitzpatrick: If the reduction works charges the scavenger 20 cents a ton more for delivering the garbage at the reduction works, the scavenger must be reimbursed. Where does he get his money from? The householder. He will have to increase the rates of the householder.

Supervisor Hynes: Is there any limits upon the increase the scavenger can impose upon the householder, or is that absolutely arbitrary?

Judge Fitzpatrick: It is not absolutely arbitrary. They have their own customers and intend to keep their customers.

Supervisor Hynes: Isn't there a maximum charge to the householder?

Judge Fitzpatrick: It is arranged with the Health Officer, Dr. Hassler—he regulates that.

Supervisor Hynes: Don't you think we ought to know what is going to be the maximum charge to the householder?

Judge Fitzpatrick: That matter is in the hands of this committee; I have taken it up with Mr. Jones and Dr. Hassler, and with Mr. Gallagher, and with the different members of the special committee appointed by the Mayor.

That was left out of this ordinance because I think the committee considered right at this time—this trying time with the war coming up, it would be rather dangerous to establish a maximum rate right now, because things are being increased every day, and we are trying to work this proposition out. I believe the present opinion of the committee was not to fix any maximum rate at the present time. There is really no complaint—only here and there some householder complains; out of a hundred thousand householders in San Francisco very few have complained about the raise of 5 or 10 cents—when we consider there are a hundred thousand householders dealing with the scavengers, the complaints are very few; there are just as many complaints with the milkmen, or the grocerymen. I wanted to make this suggestion: The scavengers would like to have this matter postponed today, and have it go over at least a week, because they feel the time is not opportune. The matter of fixing the rate has been in the hands of the committee—we have taken it up with the committee—Dr. Hassler and Mr. Jones, and this came on rather suddenly today. Mr. McLaren told me some time ago they contemplated this change, but the scavengers are not ready for it. If you are going to pass a resolution here suddenly announcing you are going to raise them 20 cents, it is going to raise a confusion. We have five or six hundred scavengers dealing with the householders every day, and they ought to be given some opportunity to take this matter up among themselves and consider it, and perhaps at the next meeting they will have something to offer—that they may be able to take over this plant themselves—

Supervisor Hayden: Themselves—the scavengers?

Judge Fitzpatrick: Yes, I do not say they are going to do that, but the proposition was made some days ago, but it is not intended to make the proposition unless we can back it up with a bond; therefore I was going to ask the Board not to take any final action today, but postpone it another week.

Supervisor McLaren: In view of the statement by Mr. Fitzpatrick, I would like to ask Mr. Panario, if we postpone this recommendation of the Finance Committee today one week, will you continue to operate that plant until such time as the Board disposes of it after the first of October?

Mr. Panario: No, I would not guarantee to operate it any length of time—I am now operating it 30 days—

Supervisor McLaren: The plant is now being operated by the Sanitary Reduction Works on a 50-50 proposi-

tion—if they would make any profits they are to give the city 50 per cent of the profits; they have not made any profits, so our share has not been anything; but under the new proposition, if they would make four or five hundred dollars a month, the city will get half of it. The suggestion made by Mr. Fitzpatrick is a very good one, and the Finance Committee would like to consider it if they will not shut the plant down, and give us an opportunity to consider it.

Supervisor Hayden: You would have two weeks.

Mayor Rolph: We can call a special meeting any time.

Supervisor McLaren: I am going by the communications on file, and I wanted to present the matter to the Board from the Finance Committee as it is.

Supervisor Hayden: We can proceed on the proposition just made by Mr. Fitzpatrick.

Supervisor McLaren: Are there two more meeting days?

Supervisor Hayden: Yes.

Supervisor McLaren: Then I will ask for a postponement of one week.

Supervisor Hynes: I am not going to object to the postponement; but I think before the matter is settled, I think the Board ought to know who the scavengers are going to charge.

Supervisor McLaren: I would like to ask Mr. Fitzpatrick to take it up with your committee, representing the scavengers, and meet with the Finance Committee next Friday at 2 o'clock, when we will consider any proposition presented in good faith, with the proper credentials.

Judge Fitzpatrick: The scavengers do not want at this time to increase the rate—it means confusion. Any increase will be as small as possible; the scavengers are not going to take any advantage of the householders; the scavengers feel today they could not present a bond—they feel they could present it, but not in the way I think it should be presented; but they feel they want to take it over. I believe their expenses have increased and they should be permitted to make up that increase, but I do not believe they should be permitted to make a change in the rates which makes up the additional increase and an excellent profit on top; and I think all the figures should be before this Board. I know in business dealings, it has been their happy faculty to charge the increased cost of a raise of salary, for instance, to the consumer and not only make up the difference of the increased cost, but a wonderful profit on top of it, and I want some figures here so I will know the householder will not be imposed upon. I know

their cost has increased, and they should be entitled to the increase.

Mayor Rolph: I think the Finance Committee, in view of this suggestion from Judge Fitzpatrick, representing the scavengers—I think it should be the policy of the Finance Committee to co-operate with them and encourage them and assist them as far as we can without throwing any obstacles in their way. I do not see why you need any bond from them at all. You have the plant. Here is the present operator saying he is going to shut down the first of October. If the scavengers come in with a proposition that is anywhere near reasonable, then the Finance Committee, you ought to go more than 50-50 with them in order to get them to do it; in other words, don't ask them for a million-dollar bond when you don't need any bond at all.

Mayor Rolph: It has been moved and seconded this matter go over one week, at which time, Mr. Fitzpatrick, you and your clients will have some proposition to present then, or before the Finance Committee on Friday.

Action Deferred.

Whereupon, the foregoing Bill was laid over one week.

Passed for Printing.

The following resolution was passed for printing:

Boiler Permit.

On motion of Supervisor Deasy:

Resolution No. — (New Series), as follows:

Award of Contract, Fuel Oil.

Supervisor Hilmer presented:

Resolution No. 16078 (New Series), as follows:

Resolved, That the Union Oil Company of California is hereby awarded a contract for furnishing fuel oil, required by the hospitals, prisons, pub-

lic institutions and other departments of the City and County of San Francisco, not otherwise specifically provided for in the Charter, as will be required during the term commencing September 1, 1918, and ending June 30, 1919, as follows:

Item No. 5009 (a) f. o. b. contractor's warehouse or wharf, at \$1.63 per barrel.

Item No. 5010 (b) delivered in tank cars to Municipal Asphalt Plant at \$1.83 per barrel; or delivered by tank truck at \$1.75 per barrel.

Item No. 5011 (c) delivered to Relief Home at \$1.78 per barrel.

Item No. 5012 (d) delivered to San Francisco Hospital at \$1.75 per barrel.

Item No. 5012½ (e) delivered to County Jail, Ingleside, at \$1.78 per barrel.

Item No. 5013 (f) delivered in the City and County of San Francisco to locations (except the ones stated above) designated in the order, at \$1.75 per barrel.

The price or prices to be paid for said oil, per barrel of 42 U. S. gallons each, shall be as specified on rider attached to this contract, increased by the amount of any and all taxes and charges (both internal revenue, war, tonnage, shipping, impost and or others, whether similar or dissimilar to the foregoing) heretofore or hereafter authorized and or during the life of this contract, levied or charged by Federal, State, Municipal or other public authority, home or foreign, upon or against said oil, or its value and or its container, or upon any pipe line, boat, car or other transportation facility used for handling said oil, or on the transportation thereof, or on this contract, and or on any other charge or demand, and said buyer shall pay such increased amounts, while so in effect, as part of purchase price of said oil fixed by this contract. Only an express written waiver by seller of payment of any such charge or demand shall be deemed a waiver by it of its rights to have payment therefor; provided that, in the event buyer shall discontinue the use of oil as fuel for the purpose herein specified because such charges are prohibitive, buyer may (but only in such case, and after having given seller 30 days' notice in writing thereof) discontinue taking fuel oil hereunder during such time: provided further that if buyer shall resume the use of fuel oil, buyer shall, at seller's option, resume and thereafter continue taking oil under this contract.

It is further understood that seller shall not be held liable for damages or delays caused by or resulting from any failure of steamer, railroad, or other transportation service or facilities not controlled by seller, or from

seller's inability to secure tank cars or other means of transportation.

Further Resolved, That said Union Oil Company of California be required to furnish a bond in the sum of \$1,000.00 for the faithful performance of said contract; the sufficiency of the sureties upon said bond subject to the approval of the Mayor.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Sahr, Welch, Wolfe—17.

Absent—Supervisor Power—1.

SPECIAL ORDER 2:30 P. M.

Consideration of Garbage Disposal Proposals.

(See meeting of September 11, 1918, for action on previous paragraphs.)

Privilege of the Floor.

E. C. Jones, Assistant City Engineer, was granted the privilege of the floor upon request of Supervisor Gallagher and said in part:

"At the meeting which I attended on Friday at which this question was considered, it seemed that there was some doubt in the minds of the members of the Board as well as the outsiders as to just how far the tentative proposals for discussion went. Under the form of proposal set down here is not given the detail that will be required in the final proposals calling for bids. *Period of Contract*—It is not intended to make terms of both contracts the same. Neither was it intended that it should be the same for the disposal of refuse or rubbish. The amount of the bond need not be the same with either or both contracts. The one for garbage may be larger and from a business standpoint would be than for disposal of rubbish."

He explained what distinction the Committee made between rubbish and garbage.

Bond Approved.

The following paragraph, laid over from last meeting, was taken up:

Bond—The contractor to whom the award of contract may be made will be required to deposit with the Board of Supervisors a bond in the sum of one hundred thousand dollars (100,000) dollars, for the faithful performance of his contract, such bond to be supplied by an acceptable bonding company, authorized by law to furnish such bond in the City and County of San Francisco.

Moved that foregoing paragraph be *approved*.

Motion carried.

Plans and Descriptions by Bidders—

At the time of opening the bids, the person or persons submitting a bid

or estimate shall furnish one set of general plans or specifications, or both, or a full general specification or description of the equipment and method proposed by the contractor for receiving, transporting, conveying, handling, sorting, storing and treating the garbage and rubbish and their by-products. Also, the methods, apparatus and equipment for the control of nuisances that may arise during the processes of receiving and disposing of both garbage and rubbish and any by-products therefrom. Such processes and treatment shall be specified and described in sufficient detail and in such manner as will enable the Board to judge of their adequacy and sufficiency, as it is an essential requirement of this contract that neither objectionable odors, noxious gases or dust shall escape during or after the processes of treatment and disposal to the extent of constituting a public nuisance.

Moved that foregoing paragraph be *approved*.

Motion carried.

Optional Bids.

Supervisor McLeran moved to insert the following:

Optional bids—Bids may be submitted providing for a different method of disposal from that provided by the specifications, and such bid shall contain full details of the method of disposal and means by which such method will be executed, but the consideration of such bid shall be optional by the Board.

Motion carried.

Successful Operation—No bid or estimate will be considered unless the system or method of disposal proposed for use has been in successful operation on a scale sufficiently large to demonstrate to the Board its probable success in meeting the requirements of this contract.

Moved to amend by adding the following clause:

"Provided no method will be considered which does not conserve food values contained in garbage."

Amendment carried.

Whereupon, the foregoing paragraph as amended was *approved*.

Specifications Approved.

The following paragraphs, as submitted by the Committee, were, on motion of Supervisor McLeran, *approved*:

Location of Plant—Bids shall also state the proposed location or locations of the receiving stations, which shall be located within the City and County of San Francisco, and the proposed locations of disposal plant or feeding stations, and also the proposed locations of final disposition of ashes

or other non-combustible useless rubbish.

Bidders may consider the use of such portions of the property known as the Islais Creek Incinerator as may be available for the location and installation of a rubbish-treating plant.

Receiving Stations—Bidders should base their estimates upon there being two or more receiving stations for garbage and not more than one receiving station or sorting plant for rubbish. Both of the garbage receiving stations and the rubbish-receiving station may be located on the bay waterfront or some other convenient situation, and the ashes and other suitable rubbish filling material may be disposed of on low-lying property. The location of any station or dumping ground must have the approval of the Board of Health and may be changed at any time in the discretion of the Board of Health and the Board of Public Works.

Compensation on the Contract—It is preferred that the compensation to be paid by the contractor to the city shall be based upon the tonnage of garbage and the tonnage of rubbish named by the contractor under this contract, and shall represent so much per ton for garbage and so much per ton for rubbish, each of which will be delivered separately.

Tonnage—In the general specifications attached hereto there is given a statement of the tonnage of refuse that has been collected and delivered to the destructor of the Sanitary Reduction Works during the past six years and an estimate of the proportionate contents of garbage and rubbish.

Bidders Must Inform Themselves—Bidders must satisfy themselves by personal examination or by such other means as they may select as to the accuracy of the estimate of proportional contents of the general refuse as now collected by the scavengers and delivered to the destructor, which estimate is approximate only, and must also satisfy themselves as to the nature and quantity and quality of the work to be performed under the contract, and shall not at any time after submission of bids or estimates dispute or complain that any statements or estimates contained herein were inaccurate or incorrect or make any claim of misunderstanding in regard to the amount of garbage and rubbish to be delivered or the nature of the work to be done under the contract.

Proposal Forms—All bids shall be made upon the blank forms provided for the purpose, copies of which will be supplied without charge to prospective bidders by the Board of Public Works and which may be had upon application to the Secretary of the

Board, together with a copy of the specifications.

Acceptance of Bids—The Board of Public Works reserves the right to select such bid or estimate, the acceptance of which will in its judgment secure the best results in the performance of the work under the contract, or to reject any or all of the bids or estimates.

General Specifications.

These general specifications are intended to be more full and complete than the brief proposal description of the "Disposition of Garbage and Rubbish" hereto attached, and describe more fully the scope of the work to be undertaken by the contractor to whom such a contract may be awarded.

Refuse—Wherever the term "refuse" is used in this specification it shall be taken to mean the aggregation of all waste material from dwelling places and households consisting of what may be segregated into garbage and rubbish and ashes—more particularly that material and waste that is removed by the scavenger.

Garbage—Wherever the term "Garbage" is used in this specification it shall be taken to mean the refuse accumulations of animal, fruit or vegetable matter and any matter or substance used in the preparation, cooking, dealing in or storing of meats, fruits and vegetables and the kitchen and table wastes of such products, but shall not include dead animals.

Rubbish—Wherever the term "Rubbish" is used in this specification it shall be taken to mean the discarded miscellaneous refuse from households and stores, such as paper, straw, excelsior, rags, books, leather, rubber, metals, bottles, tin cans, wood and other like matter.

Ashes—Wherever the term "Ashes" is used in this specification it shall be taken to mean the residue from the combustion of wood and coal in stoves, furnaces and grates.

Plant—Wherever the term "Plant" is used in these specifications it shall be taken to mean the Reduction plant or the Disposal plant and its appurtenances of all description whatever to be used for the complete process of disposal to be undertaken by the contractor from the receipt of garbage or rubbish to its conclusion.

Sequestration of Refuse.

At the present time it is the custom in the City of San Francisco for householders and dwellers in flats and apartments to deposit the general wastes or refuse in the "garbage can," the one receptacle usually provided by the scavenger that is intended to receive and hold all the waste or refuse of the household from one collection

to another. For sanitary and other reasons the food wastes are frequently wrapped in waste paper before being deposited in the "garbage can," which keeps the accumulation less offensive, adds cleanliness to collection and has served as necessary fuel to the combustion of the whole in the Destructor.

In order to conserve the very great wastes incurred in the destruction of refuse by burning and to conform to the urgent recommendations of the United States Food Administration, it has been deemed expedient to inaugurate a separation of the refuse at the source of the accumulation—at the household. To accomplish this separation or segregation it is proposed to prepare and approve the necessary ordinances authorizing such a measure and to reach the desired result by a gradual education of those who may not at the first see the advantages to be gained by such a system or the benefits to be derived from such separation.

It cannot be expected that a complete and satisfactory segregation can be made or will be accomplished directly at the start, but it will soon be done and as good results can be had in this city as in any other city of its size within a short time.

In the City of New York the contract specifications, dated January, 1917, for the delivery of garbage, permit the presence of "not more than 5 per cent by weight of other refuse" and "the Commissioner will endeavor, through the enforcement of laws, ordinances, orders or otherwise, to keep the amount of extraneous matter below 5 per centum, by weight, of the total monthly deliveries."

In offering garbage and rubbish deliveries to contractors it is, therefore, to be understood that the Board will attempt to provide as clean a product of its separate kind as is possible, with the certainty of gradual improvement as the householder becomes used to the practice.

Separation—At the household, apartment or flat, there shall be provided a metal can or pail with cover and handles or bail, having a capacity of from five to ten or more gallons, which capacity shall be appropriate to the quantity to be deposited and the periods of collection, and all garbage shall be deposited in this garbage can.

For the rubbish there shall be provided a larger can or other receptacle, similar to the one now provided by the scavengers, and all the rubbish of the household or apartment shall be deposited therein.

Collection—While the general refuse is now collected by the scavengers at intervals ranging from every day to twice a week, the process of separation will enable the collections to be

modified. The garbage can be collected as frequently as conditions demand, as now, from every day, to twice a week, and the rubbish may be collected at intervals of once or twice a month from the average household, subject to regulations of the Board of Health.

Scavengers will probably provide the small garbage cans for their respective routes in addition to the large cans now almost universally provided by them, and can make such arrangements with their customers regarding service and the times of collection as conditions will demand. The frequency of collections will be determined by the quantity and the condition of the garbage and the quantity of rubbish.

Quantities of Refuse—The quantities of refuse that have been delivered during the last few years by the scavengers to the destructor of the Sanitary Reduction Works are shown by the following table. The tonnages given are the average tons per day for each month of the several years as shown:

It has been estimated that the refuse as delivered to the destructor contained about 45 per cent garbage, 45 per cent rubbish and 10 per cent ashes. Since this estimate was made much use of coal and wood has been discontinued and the use of gas increased to such an extent that the per-

centage of ashes in the refuse is certainly much less than it was.

Because of the present prices of junk and paper and rags, due to the recognized need of conservation of values of such material, the scavengers and junk dealers are unusually active in the collection and separation of these values from the general refuse and there has resulted a different relative content of the refuse as delivered to the destructor. Much paper and other refuse of value is being saved by school children and others and turned into the salvage stations of the Red Cross.

All of this has had its influence on lessening the quantity of refuse delivered to the destructor, which lessening is shown clearly in the tables, and it must also be recognized that the decrease is in some measure due to more economy being practiced in the purchase and use of food.

It is estimated that the garbage content of the refuse as now collected by the scavengers and delivered to the destructor, is not less than about fifty per cent by weight, and that by the process of separation at the household it will be possible to obtain from 100 to 150 tons daily, which garbage would be of value for feeding hogs or for a reduction process or for evaporation into animal food products.

Delivery of Garbage—It is proposed to permit the installation of two or more receiving stations, at which stations the collectors—the scavengers—shall deliver all of the garbage collected by them.

The contractor shall furnish and prepare his own buildings and apparatus at each of these receiving stations and they shall be equipped in such manner and to such effect that the removal of all garbage shall be at such intervals as will prevent fermentation and odors from the garbage which would constitute a nuisance, and garbage shall be received and handled at no other place by the contractor. There shall be no process of reclamation or picking over the garbage at either of these receiving stations. The garbage, as received, shall be loaded on the boat or barge or other conveyance used for its removal, and no separation or sorting shall be done until the material has reached its destination or the point of its final disposition.

The contractor shall furnish all the labor and supervision necessary to operate and maintain the stations and shall keep them in a clean and inoffensive condition.

There shall be no claims for damages by the contractor against the City for any irregularity of delivery of garbage, or for any variation in the usual regularity that may be es-

tablished, should any unusual conditions interfere with the operation of collection and delivery by the scavengers.

Feeding—The foregoing paragraphs under this subdivision refer to the method of delivery that would seem to be most applicable to the proposed sale of garbage to any contractor who would use it for feeding hogs and where the feeding pens are situated at some place convenient for water front service.

Reduction—The same receiving stations may also be considered of value to a contractor for reduction process, as such stations would form loading stations whence garbage could be transferred in greater bulk than scavenger wagons afford to the reduction plant.

Delivery of Rubbish—The contractor for the disposal of rubbish shall prepare such receiving station or stations as will enable him to receive all the rubbish delivered by the scavengers and such private parties as may be permitted to dispose of irregular collections of rubbish from time to time and all collections of rubbish shall be delivered to such established stations.

Disposal Plant—The contractor for the disposal of rubbish shall provide and maintain in good working order a plant of sufficient capacity to dispose of all the rubbish that may be delivered to the receiving station or stations. The plant may consist of receiving bins, picking belts, storage bins, presses, baling machines, the necessary driving machinery and steam boilers that may be fired by the useless or otherwise valueless rubbish, together with the buildings, approaches and other appurtenances in conjunction with such a plant.

The contractor shall, at his own expense and cost, furnish and maintain such disposal plant and shall undertake to operate such plant in a manner that will not be or become a nuisance in the neighborhood or its vicinity.

Dumping—To build and equip a reclamation plant of suitable and sufficient capacity, for the recovery of values from the rubbish of the City will require some months' time after the award of contract to the contractor, and bidders are therefore directed to consider and propose some temporary method of disposal of the rubbish. Such temporary disposal may be by filling or dumping on low-lying areas. The contractor shall make his own arrangements with the owners of any such property to be filled and shall hold the City free of any liability for damages because of such dumping and filling being made.

Regulations Board of Health—In either or all suggested methods of

disposal of garbage, rubbish and refuse the contractor shall be held accountable to the requirements of the Federal, State and City health departments and their officers. The work and the plant of any contractor under this contract shall be open at any time for full inspection by prop-

erly authorized agents or officers of either Federal, State or City health boards.

Report of Public Welfare Committee on Alleged Profiteering in Foodstuffs.

The following report was presented and ordered *spread in the Journal*:

San Francisco, September 20, 1918.
Board of Supervisors.

Gentlemen: Your Public Welfare and Publicity Committee begs leave to report that they held their initial meeting for the purpose of considering Supervisor Nelson's resolution concerning alleged profiteering in food necessities, a crusade against which has been begun by the San Francisco Bulletin, in the Board Chambers on Thursday, September 19, at 2:30 p. m.

A large number of interested citizens were in attendance. In addition to the members of the committee, Supervisors Gallagher, Wolfe, McSheehy, Hayden and Hilmer were also present. The City Attorney's office was represented by Assistant City Attorney John J. Daley, and the Bureau of Weights and Measures by M. J. Welch, chief deputy.

James M. Oliver, attorney, and W. F. Hume, representing the Bulletin, explained the motive that inspired this paper in commencing this crusade and told of the result of their investigation in the matter of excessive charges on foodstuffs, particularly on fruit and vegetables and other perishables.

Hon. Ralph Merritt, United States Food Administrator for the State of California, gave an interesting talk and imparted much valuable information as to the work of the United States Food Administration and the problem of controlling food prices. He stated that the United States Food Administration was exercising to the limit all the power that had been bestowed upon it by Congress and he welcomed the co-operation of State and Municipal authorities in the handling of this problem on which the success of the war is largely dependent. He offered to co-operate with the committee in the formulation of any proper and necessary legislation to remedy the situation.

Hon. Harris Weinstock, State Market Director, also gave an interesting talk, explaining the effect of the law of supply and demand in connection with the production and distribution of food, and suggested that it might be a more effective way to control the situation by limiting the percentage of profit rather than fixing prices on food-stuffs. He stated that the problem is not local, or even national, but is world-wide and is due very largely to the increased demand on account of war and the shortage in production. He promised his co-operation in the drafting of necessary remedial legislation, as did John J. Daley, representing the City Attorney's office.

Supervisor Edward I. Wolfe, Frank B. Connolly, Secretary State Retail Grocers Association, Mrs. W. T. Cleverdon, also discussed the question in its various phases.

The hearing will be continued in the Board Chambers Tuesday, September 24, 1918, at 2:30 p. m.

The committee plans to hold as many meetings as may be necessary to hear all interested parties and if the law will permit and the facts warrant, will prepare such legislation, with the assistance and co-operation of Mr. Ralph Merritt, Col. Weinstock, the City Attorney and others, as will remedy the situation by endeavoring to prevent profiteering in foodstuffs wherever such practice exists.

A stenographic report of the proceedings is being kept for record pur-

poses and for the information of the members of the Board.

Respectfully submitted,
JOS. MULVIHILL,
OSCAR HOCKS,
CHAS. NELSON,
C. J. DEASY,

Public Welfare Committee.

Extension of Time.

Supervisor McLeran presented:

Resolution No. 16091 (New Series), as follows:

Resolved, That J. M. Smith is hereby granted an extension of ninety days' time from October 10, 1918, within which to complete contract for paving of Twenty-eighth avenue between Geary and Balboa streets.

This first extension of time is granted for the reason that about 80 per cent of the work is completed and the progress is satisfactory.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran,

McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—16.

Absent—Supervisors Power, Welch—2.

Also, Resolution No. 16092 (New Series), as follows:

Resolved, That J. C. Tormey is hereby granted an extension of thirty days' time from September 20, 1918, within which to complete contract for the construction of a sewer in Guteaberg street between Mission and Morse streets.

This *first* extension of time is granted for the reason that the contractor has been delayed owing to difficulty in obtaining materials. The contract is 75 per cent completed.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—16.

Fixing Price for Incineration of Garbage.

The following bill, laid over from last meeting, was taken up:

Bill No. —, Ordinance No. — (New Series), Fixing the price for which garbage and refuse may be incinerated, which provides as follows:

It is hereby declared to be essential to the public health that all garbage and refuse within the City and County shall be incinerated until such time as other methods of garbage disposal shall be effective, and it shall be the duty of all collectors of garbage and refuse to deliver the same at the incinerating works of the Sanitary Reduction Works in the City and County. It shall be the duty of said Sanitary Reduction Works to destroy by incineration all such garbage and refuse so delivered and to impose a charge of eighty cents per ton to defray the cost of such incineration and

such charge shall be paid by the collector delivering the same.

This ordinance shall take effect immediately.

Privilege of the Floor.

Timothy Fitzpatrick, attorney for the Scavengers' Protective Association, was granted the privilege of the floor and presented the following communication, which was read by the Clerk and ordered spread in the Journal:

San Francisco, Cal., Sept. 23, 1918.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

At the regular meeting of the Scavengers' Protective Union, held in San Francisco, Cal., September 19th, 1918, a motion was made, seconded and carried that the said Union do hereby offer the City and County of San Francisco to take over the garbage plant, known as the Sanitary Reduction Works, located at Rhode Island and Alameda streets, San Francisco, and operate the same from and after October 1st, 1918, under the same terms and conditions as now exist between the Sanitary Reduction Works and the City and County of San Francisco, the charges per ton to the Scavengers' Protective Union to remain at sixty (60) cents, and no extra charges to be made to the householders of San Francisco.

Respectfully submitted,

SANTO FRANCO,

President.

S. CASSINELLI,

Secretary.

Discussion.

Supervisor Wolfe: Mr. Lull, the Charter provides that the Board of Public Works shall have the management of garbage disposal under resolution or ordinance passed by the Board of Supervisors. Are you satisfied in your mind that this procedure agrees with these sections of the Charter?

Mr. Lull: The matter was only brought to my attention this morning.

Supervisor McLeran: The question asked was discussed by the Finance Committee. We have no alternative but to pay the extra cost of 20 cents per ton. No one but the Scavengers has come forth and unless San Francisco takes over the plant it will be closed down on the first of the month and we will be left without anybody to run it. Mr. Panario has no bond up.

Supervisor Mulvihill: He has \$50,000.

Supervisor McLeran (continuing): Now, if there is anything that is a better proposition, we will be glad to entertain it.

Supervisor Gallagher: There ought to be on their part an agreement covering a period of time—say six months.

Attorney Fitzpatrick: We will agree that the time be not less than six months.

Supervisor Gallagher: There must also be some consideration of the legal phases of this question. Here is the situation facing the City: the present contractor wants to quit and the scavengers say: "We will take over the institution and relieve you from this situation and we will charge the same price per ton as heretofore and not increase the price to the householder." Everybody admits that is only a temporary arrangement and I am willing to take some chances. If the City attempts to take over the plant it will be confronted with civil service considerations and many other difficulties. I am in favor that it be the sense of the Board that the Mayor make arrangements to—

City Attorney Lull: In regard to the legal phase of the question—we can meet with Mr. Panario and there may be some way of working it out. I have a suggestion in mind now—

Mayor Rolph: There is one point that is bothering me a little. Is the Scavengers' Protective Association sufficiently strong financially to cover the City against possible accident? Suppose a team and horses should fall through or something of that sort, who would be responsible? The Sanitary Reduction Works now carries the risk. Would the situation be the same?

Attorney Fitzpatrick: Same as the Sanitary Reduction Works.

City Attorney Lull: The agreement was this: When we purchased the Sanitary Reduction Works it was decided that the City did not want to take out an absolute deed. Under the provisions of the Charter we would have to operate the plant if it is taken over by the City. In the purchase of the plant, therefore, we held back \$50,000. When that \$50,000 is paid the plant becomes the property of the City.

Mayor Rolph: We do take it over by the payment of the \$50,000 and the City would be responsible.

City Attorney Lull: I have an agreement in mind to take care of that—dealing with the Sanitary Reduction Works and the Scavengers—the City being considered as a third party. Supposing we pay them \$49,999. That would do away with the question of whether or not the Board of Works must operate the plant.

Supervisor Brandon: Why cannot we provide in the case that they furnish a compensation bond?

Mayor Rolph: There are 300 scav-

engers going to the plant every day. I don't know who is responsible if a team should go down into the furnace.

Attorney Fitzpatrick: I suppose the Sanitary Reduction Works will continue to be. The Scavengers' Protective Association is absolutely a responsible organization financially.

Supervisor McLeran: Would your organization protect the City by placing a compensation bond?

Attorney Fitzpatrick: I think it would.

City Attorney Lull: The Sanitary Reduction Works wants two things—\$50,000 and relief from operation of plant. Pay them \$49,999, reframe the agreement relieving them of working plant and title would still remain in Sanitary Reduction Works.

Supervisor Wolfe: I am going to suggest that we accept alternative resolution.

Accepting Offer of Scavengers' Protective Union to Operate Garbage Plant.

Whereupon, the following resolution was presented by Supervisor McLeran:

Resolution No. 16097 (New Series), as follows:

Whereas, The Board of Supervisors is in receipt of the following communication from the Scavengers' Protective Union under date of September 23, 1918, as follows:

"San Francisco, Cal., Sept. 23, 1918. "To the Honorable the Board of Supervisors of the City and County of San Francisco.

"Gentlemen:

"At the regular meeting of the Scavengers' Protective Union, held in San Francisco, Cal., September 19th, 1918, a motion was made, seconded and carried that the said Union do hereby offer the City and County to take over the garbage plant, known as the Sanitary Reduction Works, located at Rhode Island and Alameda streets, San Francisco, and operate the same from and after October 1st, 1918, under the same terms and conditions as now exist between the Sanitary Reduction Works and the City and County of San Francisco, the charges per ton to the Scavengers' Protective Union to remain at sixty (60) cents, and no extra charges to be made to the householders of San Francisco"; and

Whereas, The Sanitary Reduction Works has signified its intention under the agreement entered into between the City and County of San Francisco and the Sanitary Reduction Works to turn over to the City the Sanitary Reduction Works and property; and

Whereas, It is inadvisable for the City to undertake the operation of

said Sanitary Reduction Works; therefore be it

Resolved, That the offer of said Scavengers' Protective Union be accepted, and the Mayor is hereby authorized to enter into agreement in accordance with said offer and this acceptance.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—16.

Relative to Discharge of Certain Street Repair Employees of the Board of Public Works.

His Honor Mayor Rolph presented a communication setting forth a resolution adopted at a meeting of discharged employees of the Street Repair Department of the Board of Public Works, requesting reinstatement, which communication was read by the Clerk.

The following is an abridged statement of the discussion that followed:

The Mayor: This is a very serious situation. I presented a Charter Amendment for caring for dependents of soldiers and there are three men here who have three sons each at the front. By this attempt to cut down the tax rate you have made dependents of men like that. What is to be done? Mr. McElroy has an idea that the County Road Fund might be used to afford them employment.

Supervisor Wolfe: We took the budget as it was handed to us. Now, let us see if there is anything done that cannot be undone. I ask that we hear from the Chairman of the Finance Committee.

Supervisor Hynes: I voted for the

\$2.41 tax rate on the recommendation of the Chairman of the Finance Committee. I did not think it was to be all taken out of one department. We have no control of the appointments of the Board of Public Works or the distribution of the funds of the Board of Public Works. Now, why blame the Board of Supervisors? Is there necessary work for these men to do? It is our place to get together with the chief executive and place the "buck" where it belongs.

Supervisor Mulvihill: Mr. Mayor, I ask the privilege of the floor for Mr. O'Connell.

John O'Connell (Labor Council): I am glad Supervisor Hynes asked that question. There is work for these men to do. The Teamsters' organization wants something done to Bryant street. The Board of Supervisors should do something to find work for these men. The high cost of living makes it hard enough to get along, even with those who have employment.

Supervisor Hynes: When the \$2.46 tax rate was up for final passage, as I recollect it, Supervisor McLeran made the statement that the Federal Government had advised him that we could not get materials required for street work and that it would be impossible to keep men working. He then recommended a reduction of 5 cents in the rate, making it \$2.41. If we can't get material, men can't work. I voted for the \$2.41 tax rate on account of the inability to get material.

Supervisor McLeran: The Finance Committee made a recommendation to the Board fixing a tax rate of \$2.46. It was passed to print by eleven votes, one or two members being absent and five voting against it. It was then held up for four weeks by the Finance Committee, hoping against hope that something would prevail to bring about a harmonious feeling. We exercised every influence at our command. The Finance Committee finally recommended a cut of five cents. If action was not taken on the tax levy the Board of Public Works, the School Department and the Police Department would have to close down. That was the condition confronting us. We were confronted with a serious proposition. The Finance Committee has made its recommendation in good faith and has no apologies to make. The responsibility is on the Board of Supervisors or on the Board of Public Works, if you want to put it there. There is and there will be no money to take the place of the \$285,000 cut out of the budget. Look for another job is all the advice we can give you. The time for this argument has passed.

There was nobody in San Francisco coming to the defense of the Finance Committee. On the other hand, there is a minority of this Board that prevented us doing otherwise. We have done the best we could. I am sorry for the men who have lost their jobs. I am sorry we are not in a position to take care of the men referred to. If it were in the power of the Finance Committee we would do so. All I can say is: Come to me tomorrow morning and I will give you a job at the same rate of pay as the Board of Public Works.

Mayor Rolph: Personally, I feel this is far from being satisfactory. Supervisor McLeran, I want to thank you for what you just did. I have been trying to find positions for men at the Union Iron Works. There is a lesson driven home today. Are you thinking of your neighbor? Do you think now of the responsibility of public officials representing great big-hearted San Francisco? How many others are being put in the same position? Throwing men out of jobs when there is work to be done. You are going to see big holes in those streets and it is going to cost you more to restore them than it would have cost to keep them in repair. This is a lesson to you and you should profit by it. I have had to cut out 46 teams.

J. McElroy, Superintendent of Street Repairs: I ask that some provision be made to take care of these men. The men who use automobiles don't use the county roads, they use our streets. The money from the State Automobile Fund would put a whole lot of these men to work.

Supervisor Kortick: If the recommendation of the Finance Committee had been approved this would not have happened.

Supervisor Hynes: I voted for the \$2.45 tax rate to go to print. I wanted information from the Finance Committee. I served notice that I would not vote for it unless I received the information I wanted. The Finance Committee took it upon itself to make up a budget and presented it to us for approval without proper consideration. The Finance Committee expects us to vote on budget without information. The Board of Public Works did not protest against this cut. I understand that there is a great overhead expense in the Board of Public Works, but I don't know. I think we should get together and settle this thing.

Mayor Rolph: I reduced the budget from \$2.48 to \$2.45. When I came back I found it reduced to \$2.41. You have knocked out work you are pledged to carry out.

Supervisor McLeran: Unless we got

fifteen votes the School Department, the Police Department and the Board of Public Works would have to close down.

Supervisor Wolfe: Did you not deliberately recommend to knock off this five cents from the tax rate?

Supervisor McSheehy: I don't want to be misunderstood in the formation of this budget. When we met last time as a budget committee I made a motion, seconded by Supervisor Hynes, that an itemization be provided for every member of this Board, that each and every member of the Board of Supervisors might have the same information before him as the Finance Committee. I went to the Public Library of this City and studied the budget of other cities—Salt Lake and New York and others. I came to the conclusion that we needed a properly itemized budget to act intelligently. I never received that itemization until the last moment. If that itemization had been afforded us these men could not be thrown out of employment.

Supervisor Braudon: Mr. Chairman, I don't think the Finance Committee has done justice to itself. The Federal authorities advised us that we could not obtain materials unless it was to be used in winning the war. The question, as I understand it, came to us late in the day that the Government, represented by the one dollar a year men, will not allow any work or use of materials essential for the winning of the war. We threw up \$30,000 worth of work because I would not sign a pledge that it was essential to the winning of the war. The Chairman of the Finance Committee did not believe that the work of the Board of Public Works would be allowed to go on next year. This Board of Supervisors has had to face a problem that we have nothing to do with. The question has been asked if something cannot be done with the good roads fund. We are pledged to two improvements which will employ some of these men, if somebody will say this work is necessary for the winning of the war. The Chairman of the Finance Committee has never touched on this thing, but he ought to make that plain statement.

Supervisor McLeran: The day before the budget was passed I received a telegram from Washington. The substance was that San Francisco nor any other city would be permitted to use cement unless necessary for the prosecution of the war. I talked to you about it at that time. The communication from the Federal Reserve Bank protesting against use of good roads funds to use on any of our streets.

He then read the following telegram:

New York, Sept. 1, 1918.

D. J. Murphy, Crocker National Bank,
San Francisco.

Tell McLeran cement companies are not permitted to furnish cement for street and other construction work without priority order from Washington. Cement companies will, however, furnish cement for necessary repairs and to bring work now under construction to a point where it may be stopped until after the war.

GEO. T. CAMERON,

August 21, 1918.

The Honorable the Board of Supervisors, San Francisco, California.

Sirs:
It is reported that you are planning an important amount of work upon a scenic boulevard, called the Great Highway, to be paid for out of funds received from the State Motor Vehicle Department.

Permit me to urge most strongly that no road or street construction should be entered upon during the period of the war except in such cases as will be justified by the service rendered to industries essential to the prosecution of the war.

The Capital Issues Committee has declared that:

"Co-operation of every public and private corporation and of every individual is necessary in helping to carry out the Government's policy of war business first. Shortage of investment capital compels virtual rationing of its use, thereby effecting in same measure the conservation of labor and materials for industries and enterprises necessary to the prosecution of the war. Only by general acceptance of this principle can the country organize its economic resources effectively in support of the war."

It is clear from this expression that the Capital Issues Committee does not regard it as a justification for consuming labor or materials in any work but that of greatest necessity merely because a municipality, a corporation or an individual may have the funds in hand. New houses, for instance, may need to be built for ship workers, but this would in no wise alter the fact that it would hinder the Government's war work if an individual should build a house which would be less of a war necessity. The fact that he had the funds in hand to pay for it would not lessen his competition for labor and materials. The same principle would apply to the construction or extension of office buildings, business houses, etc. None should be built unless needed for prosecuting the war.

Again, fuel oil is vital for our locomotives and for the steamships plying the Pacific. The production of oil is so far short of current consumption that at present rate storage stocks will soon be exhausted. Under these circumstances it seems a grave disregard of the nation's needs for successful prosecution of the war to consume fuel oil and other materials and labor in resurfacing sound pavements merely because they are not smooth. We are called upon to forego luxuries.

Accumulated funds will not be idle because their expenditure is deferred until after the war. They will directly aid the Government if loaned to it by buying Liberty Bonds or United States Certificates of Indebtedness; and if left on deposit in bank they will enable banks to increase their support of the Government correspondingly.

Soliciting the earnest co-operation of your honorable body in helping to hasten the winning of the war by deferring all non-essential consumption of labor, materials and money. I remain

Respectfully,

JOHN PERRIN,

Chairman, District Committee on Capital Issues.

Motion.

Whereupon, on motion of Supervisor Schmitz, the Board proceeded to the consideration of proposed Charter Amendments.

CONSIDERATION OF PROPOSED CHARTER AMENDMENTS.

Salary increase, Fire Department.

The following amendment, recommended by the Judiciary Committee, was presented by Supervisor Hocks:

Charter Amendment No. 10.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Chapter VIII of Article IX, to be designated Section 1½, relating to increase of salary of officers and members of the Fire Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of the City and County as follows:

That a new section is hereby added to Chapter VIII of Article IX to be known as Section 1½ and to read as follows:

Section 1½. The officers, members and employees mentioned in Section 1 of this Chapter, who receive an annual salary of eighteen hundred and sixty dollars or less, shall, during the five

years commencing July 1, 1919, receive and be paid the sum of twenty dollars per month in addition to the salaries therein specified; provided, further, that the amount of the pension as set forth in Sections 3, 4 and 5 of Chapter VII, Article IX of this Charter, shall be computed and based upon the amount of the salary of each officer, member and employee of the Fire Department in effect before this amendment; the purpose of this amendment being to increase the salary of each officer, member and employee herein mentioned for the period specified herein, but not to increase the pensions mentioned in Sections 3, 4 and 5 of Chapter VI, Article IX, over or above the amounts provided before the adoption of this amendment.

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—16.

Absent—Supervisors Power, Welch—2.

Police Patrol Drivers' Pension.

The following amendment, recommended by the Judiciary Committee, was presented by Supervisor Hocks:

Charter Amendment No. 13.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Chapter VI of Article VIII, relating to creation of positions of Police Patrol Drivers and providing pensions therefor.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 5th day of November, 1918, a proposal to amend said Charter as follows:

That a new section is hereby added to Chapter VI of Article VIII to be known as Section 11½ and to read as follows:

Section 11½. In addition to the Police Force provided for in Section 1 of this Charter, there shall be not to exceed three Police Patrol Drivers for each Police Company, each of which drivers shall receive an annual salary of not less than \$1,464; and said Police Patrol Drivers shall, for the purpose of receiving a pension, be considered a part of the Police Force, and shall be subject to the provisions and entitled to the benefits of Chapter X of Article XIII of the Charter.

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran

McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—15.

Absent—Supervisors Power, Welch—2.

Relief of Dependents of Soldiers and Sailors.

The following proposed amendment, recommended by his Honor the Mayor and endorsed by the Judiciary Committee, was presented by Supervisor Hocks:

Charter Amendment No. 15.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new article thereto designated as Article XIV-B, relating to the creation of a fund for the relief of dependents of soldiers, sailors and marines.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of said City and County as follows:

That a new article to be known as Article XIV-B is hereby added to read as follows:

ARTICLE XIV-B.

Section 1. There is hereby created a fund to be known as the "Fund for the relief of dependents of the soldiers, sailors and marines now or hereafter serving in the Army or Navy of the United States in the war now being waged by the United States"; such fund to be expended in the manner and for the purposes hereinafter set forth.

Section 2. The Board of Supervisors shall, for the ensuing three years, annually levy a tax on all property in the City and County not exempt from taxation of not less than two cents nor more than four cents on each one hundred dollars assessed valuation of said property, which money when collected shall be deposited with the Treasurer to the credit of said fund.

Section 3. The Mayor shall appoint a Commission to serve at his pleasure to consist of five members, each of whom, at the time of appointment, must be a resident of the City and County and shall have been such resident at least five years prior thereto. None of said Commissioners shall receive any compensation.

Section 4. The Commissioners shall organize by electing one of their number President, who shall serve for one year or until a successor is elected, and a majority of the members shall constitute a quorum for the transaction of business.

The Commission shall establish rules and regulations for the expenditure of the fund hereby created; for its government; for the performance of its duties

and for the conduct of its employees, and shall require bonds from said employees in such amount as the Commission may determine.

The Commission may employ, with the approval of the Mayor, such assistants as may be necessary, in its judgment, to properly carry out the purposes of this article and fix their compensation.

Section 5. The Commission shall have exclusive control, management and disbursement of the fund hereby created and may receive donations thereto, and shall deposit same in the Treasury to the credit of said fund.

Section 6. The Commission is hereby authorized and empowered to receive applications for relief by or on behalf of any dependent of any soldier or sailor or marine now or hereafter serving in the Army or Navy of the United States in the war now being waged by the United States, and after an investigation of the same, in the event that the Commission is satisfied that said application is a worthy one, to draw its warrant on the Treasury for such sum as the Commission may deem proper.

Section 7. No relief shall be given to any person who is not a resident of the City and County and a dependent of a soldier or sailor or marine in the service of the United States, who, before entering such service, was a resident of the City and County of San Francisco.

Section 8. The Commission shall, on or before the 15th day of January of each year, render to the Board of Supervisors a report of its transactions and the Mayor may require a report from the Commission at any time.

Section 9. The Board of Supervisors shall furnish the Commission with suitable offices; the expenses of the Commission, including all salaries paid by it, shall be a charge against said fund and paid therefrom.

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Korfick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Subr, Wolfe—16.

Absent—Supervisors Power, Welch—2.

Salary Increases, Police Department.

The following proposed Charter amendments, submitted without the recommendation of the Judiciary Committee, were presented by Supervisor Hocks for the consideration of the Board:

Charter Amendment No. 6.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amend-

ing Sections 1 and 5 of Chapter IV, Sections 1 and 6 of Chapter V and Section 1 of Chapter VI of Article VIII relating to the salaries of the uniformed force of the Police Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of said City and County by amending Sections 1 and 5 of Chapter IV, Sections 1 and 6 of Chapter V and Section 1 of Chapter VI of Article VIII and to read as follows:

The Sections 1 and 5 of Chapter IV of Article VIII are hereby amended to read as follows:

Section 1. The Chief of Police shall be appointed by the Board of Police Commissioners and hold office for the term of four years. He shall receive an annual salary of four thousand eight hundred dollars. He shall have control, management and direction of all members of the Department in the lawful exercise of his functions, with full power to detail any of them to such public service as he may direct, and with like power to suspend temporarily any member of the Department. In all cases of such suspension he shall immediately report the same to the Board, with the reasons therefor in writing. He shall maintain and enforce law and rigid discipline so as to secure complete efficiency of the Department. He shall, subject to the directions and orders of the Commissioners, have control of such of the prisons of the City and County as are not by the general law under the control of the Sheriff.

Section 5. The Chief of Police shall detail one or more of the members of the Department to attend constantly on the Police Court and to execute its orders and process. He shall detail at his pleasure members of the Department to act as his Chief Clerk, Assistant Clerks, Prison Keepers and Property Clerk. Said Chief Clerk and said Property Clerk shall each receive an annual salary of two thousand eight hundred and eighty dollars.

That Sections 1 and 6 of Chapter V of Article VIII are hereby amended to read as follows:

Section 1. Subordinate officers of the Police Department shall consist of Captains, who shall each receive an annual salary of two thousand eight hundred and eighty dollars; Lieutenants, who shall each receive an annual salary of two thousand three hundred and four dollars; Sergeants, who shall each receive an annual salary of two thousand and sixteen dollars; and Corporals, who shall each receive an annual salary of one thousand eight hundred and seventy-two dollars.

Section 6. The Chief of Police may

detail for detective duties such members of the Department as he may select, not to exceed twenty-five. He shall designate a Captain of Police, to act as Captain over the officers so detailed, who shall receive an annual salary of three thousand six hundred dollars. Such Captain shall rank as Captain of Detectives, and his duties shall be defined by the Commissioners and by the Chief of Police. The members so detailed shall be known and ranked as Detective Sergeants. Each of said Detective Sergeants shall receive an annual salary of two thousand one hundred and sixty dollars. They may be removed at any time from such detail by the Chief of Police. Their duties shall be defined by the rules and regulations of the Commissioners, by the orders of the Chief of Police, and by the orders of the Captain of Detectives.

That Section 1 of Chapter VI of Article VIII is hereby amended to read as follows:

Section 1. The police force of the City and County shall not exceed one police officer for each five hundred inhabitants thereof. Police officers shall each receive an annual salary of one thousand seven hundred and fifty-six dollars and eighty cents.

Charter Amendment No. 7.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Sections 1 and 6 of Chapter V, and Section 1 of Chapter VI of Article VIII, relating to the salaries of certain members of the Police Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 5th day of November, 1918, a proposal to amend said Charter as follows:

That Sections 1 and 6 of Chapter V, Article VIII, are hereby amended to read as follows:

Section 1. Subordinate officers of the Police Department shall consist of Captains, who shall each receive an annual salary of twenty-four hundred dollars; Lieutenants, who shall each receive an annual salary of two thousand one hundred and twenty-four dollars; Sergeants, who shall each receive an annual salary of one thousand nine hundred and twenty dollars; and Corporals, who shall each receive an annual salary of one thousand eight hundred dollars.

Section 6. The Chief of Police may detail for detective duties such members of the department as he may select, not to exceed twenty-five. He shall designate a Captain of Police, to act as Captain over the officers so

detailed, who shall receive an annual salary of three thousand dollars. Such Captain shall rank as Captain of Detectives, and his duties shall be defined by the Commissioners and by the Chief of Police. The members so detailed shall be known and ranked as Detective Sergeants. Each of said Detective Sergeants shall receive an annual salary of one thousand nine hundred and twenty dollars. They may be removed at any time from such detail by the Chief of Police. Their duties shall be defined by the rules and regulations of the Commissioners, by the orders of the Chief of Police, and by the orders of the Captain of Detectives.

That Section 1 of Chapter VI of Article VIII is hereby amended to read as follows:

Section 1. The police force of the City and County shall not exceed one police officer for each five hundred inhabitants thereof. Police officers shall each receive an annual salary of one thousand seven hundred and four dollars.

Substitute Amendment.

Supervisor Nelson moved the adoption of the following substitute for numbers six and seven, to-wit:

Charter Amendment No. —.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 5 of Chapter IV, Sections 1 and 6 of Chapter V and Section 1 of Chapter VI of Article VIII, relating to an increase of the salaries of the uniformed force of the Police Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of said City and County by amending Section 5 of Chapter IV, Sections 1 and 6 of Chapter V and Section 1 of Chapter VI of Article VIII and to read as follows:

That Section 5 of Chapter IV of Article VIII is hereby amended to read as follows:

Section 5. The Chief of Police shall detail one or more of the members of the department to attend constantly on the Police Court and to execute its orders and process. He shall detail at his pleasure members of the department to act as his Chief Clerk, Assistant Clerks, Prison Keepers and Property Clerk. Said Chief Clerk and said Property Clerk shall each receive an annual salary of two thousand six hundred and forty dollars.

That Sections 1 and 6 of Chapter V of Article VIII are hereby amended to read as follows:

Section 1. Subordinate officers of the

Police Department shall consist of Captains, who shall each receive an annual salary of two thousand six hundred and forty dollars; Lieutenants, who shall each receive an annual salary of two thousand one hundred and sixty dollars; Sergeants, who shall each receive an annual salary of one thousand nine hundred and twenty dollars; and Corporals, who shall each receive an annual salary of one thousand eight hundred dollars.

Section 6. The Chief of Police may detail for detective duties such members of the department as he may select, not to exceed twenty-five. He shall designate a Captain of Police, to act as Captain over the officers so detailed, who shall receive an annual salary of three thousand dollars. Such Captain shall rank as Captain of Detectives, and his duties shall be defined by the Commissioners and by the Chief of Police. The members so detailed shall be known and ranked as Detective Sergeants. Each of said Detective Sergeants shall receive an annual salary of one thousand nine hundred and twenty dollars. They may be removed at any time from such detail by the Chief of Police. Their duties shall be defined by the rules and regulations of the Commissioners, by the orders of the Chief of Police, and by the orders of the Captain of Detectives.

That Section 1 of Chapter VI of Article VIII is hereby amended to read as follows:

Section 1. The police force of the City and County shall not exceed one police officer for each five hundred inhabitants thereof. Police officers shall each receive an annual salary of one thousand seven hundred and four dollars.

Privilege of the Floor.

Captain Daniel O'Brien, representing the Board of Police Commissioners and the Chief, said in part that on Friday, when both amendments six and seven were before the Judiciary Committee, there was no objection to either of them. He felt that there could be no question as to the merits of the question in the ever-increasing cost of living justifying the meager increases asked. The Chief and other officers are heavily drawn on from time to time for benevolent purposes of all kinds.

Captain Mathewson also addressed the Board. He said in part: "Naturally, I am in favor of the amendment proposed by the Police Commission." He also declared that officials were frequently called upon to contribute to charitable projects, diminishing thereby their aggregate income.

Frank McDonald said that he had been asked to represent the policemen because an order had been served on them by the secretary of the Police Commission threatening them with punishment if they appeared before

the Board of Supervisors in advocacy of their proposed amendment. He denounced the order as an improper interference with the personal rights and liberties of the men and inconsistent with our democratic form of government. He favored the substitute amendment offered by Supervisor Nelson.

Lewis Byington also spoke in behalf of an increase of salaries for the policemen. He favored the Nelson substitute.

Supervisor Hocks declared that he was agreeable to the substitute offered by Supervisor Nelson.

T. Zant declared that at the request of certain policemen he wished to say something on the subject. "There is no saying," he said, "but every man realizes that the low-paid man of today under the conditions of living existing is in a hard way. My opinion is that the lowest paid man should be the first to receive consideration from every point of view of logic, progress and common sense."

Theodore Roche, Police Commissioner, also addressed the Board. He said, in part: "On behalf of the Police Commission. I want to say a few words. Some time ago some members of the Police Department took up with the Police Commission the question as to its attitude towards salary increases for police officers.

"The Commission realizes and appreciates that every member of the Police Department has rendered loyal service since war was declared. The Commission thought, in its judgment, that all were entitled to an increase and recommended, instead of a flat increase of \$20 per month, an increase of 20 per cent to all members of the Department, including the Chief.

"The Chief came to my house recently and asked that his request for an increase be withdrawn, as he had the interests of the men at heart and did not want to do anything they thought would jeopardize their increase. That leaves an increase for the captains. We have not had time to give this matter much consideration, but the Police Commission meets tonight and I would request that you lay further consideration over until this evening.

"I wish to say further, that there is no objection to the patrolmen meeting on this matter. I did not see the communication referred to by Mr. McDonald and I assure you that there will be no objection to the members of the Department meeting with the Police Commissioners at any time."

Recess.

Whereupon, the Board on motion of Supervisor Lahaney at 6:15 p. m. took a recess until 8:30 p. m.

JOHN W. ROGERS,

Acting Clerk.

MONDAY EVENING, SEPTEMBER 23,
1918, 8:30 p. m.

In Board of Supervisors, San Francisco, Monday, September 23, 1918, 8:30 p. m.

ROLL CALL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Hilmer, Hocks, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Wolfe—10.

Quorum present.

His Honor Mayor Rolph presiding.

Consideration of Proposed Charter Amendments.

The following amendment, recommended by the Public Utilities and Judiciary Committees, was presented by Supervisor Hocks:

Authorization of Payments by Authorized Agents.

Charter Amendment No. 21.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Chapter II of Article IV, to be known as Section 9, relating to payments by authorized agent.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of the City and County as follows:

That a new section is hereby added to Chapter II of Article IV, to be known as Section 9 and to read as follows:

Section 9. The Supervisors may by ordinance authorize and provide for the payment through the agency of any regularly licensed bank in the State of California of wages, salaries or compensation due to any person or persons engaged on public work of the City and County outside of the limits thereof. In such cases, payrolls covering such wages, salaries or compensation must be first approved by the board or officer in charge of such outside work and forwarded to the Auditor for his audit and approval. After approving the same he shall, if so directed by such ordinance, draw his warrant for the gross amount of said payroll as approved in favor of such bank, and the Treasurer shall, upon receipt of such warrant, pay the amount thereof over to said bank for distribution to the persons entitled to the same in such manner as may by said ordinance be provided.

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Kortick, La-

haney, McLeran, McSheehy, Mulvihill, Power, Suhr, Wolfe—13.

Absent—Supervisors Gallagher, Hynes, Nelson, Schmitz, Welch—5.

Salary Increase, Police Department.

Supervisor Nelson declared that he had just come from a meeting of the Board of Police Commissioners.

We have arranged with the approval of the Police Commission for the submission of one amendment for the Police Department following out the suggestion of the Chairman of the Police Commission. This, briefly, provides increases as follows: Captains, \$20 per month; lieutenants, \$20 per month; sergeants, \$20 per month; detective sergeants, \$10 per month; corporals, \$20 per month; patrolmen, \$20 per month; and adds new section providing for increase for chief clerk and property clerk.

Captain Mathewson receives an annual salary of \$3,000 and asked to be eliminated and that no additional salary be provided for him.

Substitute Amendment.

Whereupon, Supervisor Nelson's substitute amendment heretofore presented was ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Suhr, Welch—15.

Absent—Supervisors Power, Schmitz, Wolfe—3.

Powers of Board of Public Works.

The following amendment submitted by the City Engineer, and recommended by the Public Utilities and Judiciary Committee, was presented by Supervisor Hocks:

Charter Amendment No. 22.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Subdivision 8 of Section 9 of Chapter I of Article VI, relating to powers of Board of Public Works.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 5th day of November, 1918, a proposal to amend said Charter as follows:

That Subdivision 8 of Section 9 of Chapter I of Article VI is hereby amended to read as follows:

8. Of the construction, maintenance and operation of any and all public utilities, owned, controlled or operated by the City and County, or which may hereafter be so constructed, owned, controlled or operated. Full authority is vested in the Board of Public Works to carry out the powers granted in

this paragraph, and it may, in accordance with such ordinances as the Supervisors may enact, contract for work to be performed, or materials or equipment to be furnished, or for expert, technical or professional services to be rendered, wherever such work, services, materials or equipment are certified by the City Engineer to be necessary in connection with the construction, maintenance or operation of such utilities.

Supervisor Wolfe—This amendment relates to the method of operating and constructing work in Hetch Hetchy and changes the section giving full authority to the Board of Public Works and relieves them from those restrictions placed in the Charter pertaining to award of contracts.

R. Scarles—This amendment does not change the Charter except in so many words. It sustains the contention that the city has made before the Supreme Court so that there can be no question about the authority of the Board to do this.

Whereupon, the proposed Charter amendment was ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—16.

Absent—Supervisors Power, Welch—2.

Providing for a Bureau of Supplies.

The following amendment submitted by the Finance Committee was taken up:

Charter Amendment No. 19.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new chapter to Article II, to be known as Chapter IV.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the fifth day of November, 1918, a proposal to amend the Charter of said City and County by adding a chapter to Article II, to be known as Chapter IV, and to read as follows:

"Section 1. A department of supplies is hereby created. The department, any other provision of the Charter notwithstanding, shall purchase and contract for the purchase (or use) of all supplies, materials and equipment of every kind and nature and all printing, stationery and advertising of public notices required by the City and County in all of the departments, bureaus, boards or commissions thereof, and shall have authority exclusively to control and direct the receipt,

storage and distribution of the same. Provided, however, that contracts for lighting of streets and for the lighting of public buildings, or for any other lighting purposes, and contracts for water for any purpose shall be made by the Board of Supervisors.

"Section 2. There is hereby created a Commission of Purchases and Supplies, consisting of the Mayor and the Chairman of the Finance Committee, which shall have authority to establish such rules and regulations for the Department of Supplies as may be deemed necessary. Whenever purchases in excess of \$1,000 are to be made exclusively for one department, bureau, board or commission, or for any work or project exclusively under the control of any department, bureau, board or commission, the executive head, or duly authorized representative thereof, of such department, shall be ex-officio a member of the Commission of Purchases and Supplies.

"Section 3. Within sixty days of the taking effect of this chapter, the Commission of Purchases and Supplies shall, by unanimous vote, appoint a chief of the Department of Supplies to be known as Director of the Department of Supplies, who shall hold such office until removed by unanimous vote of the Commission of Purchases and Supplies, after filing charges with the Civil Service Commission and holding a public hearing thereon. The Director shall be, ex-officio, a member of the Commission of Purchases and Supplies, without a vote.

"Section 4. The Commission shall recommend and the Board of Supervisors shall by ordinance provide for the creation of an adequate staff, and for facilities for the proper conduct of the department hereby created, and for the number, duties, titles and compensation of all subordinate employees thereof. The Commission may require bonds of any, or all, employees of the Department of Supplies, the amount of such bonds to be determined by the Commission and the premium thereof to be paid by the City. All employees of the City now exclusively performing duties in connection with the purchase, receipt or storage of supplies, and who have been so employed for one year immediately preceding the date of the taking effect of this chapter, shall be appropriately classified in respect to titles and duties by the Civil Service Commission, and such employees shall become employees of the Department of Supplies. The provisions of Article XIII of this Charter shall apply to all positions, except that of Director, in the Department of Supplies.

"Section 5. The provisions of the Charter relating to the purchase of

supplies, materials and equipment and the entering into contracts therefor shall not be considered exclusive, and the Commission of Purchases and Supplies shall, whenever the public necessity demands, or the existing procedure is believed to be uneconomical or inefficient, pass such rules and regulations in regard to the purchase of supplies, materials and equipment, and the entering into contracts therefor, as may be, in their judgment, particularly necessary, and such rules and regulations shall have the force and effect of law.

"Section 6. All sections, or parts of sections, of this Charter in conflict with this chapter are hereby repealed."

Privilege of the Floor.

M. Jones, representing the San Francisco Bureau of Municipal Research, was granted the privilege of the floor and addressed the Board. He explained that the purpose of the amendment was to permit the centralization of the purchase of supplies under the direction of an expert.

Amendment Lost.

Whereupon, the question being taken on the proposed amendment, the same was lost by the following vote:

Ayes—Supervisors Hayden, Hilmer, Kortick, McLeran, McSheehy, Suhr—6.
Noes—Supervisors Brandon, Deasy, Gallagher, Hocks, Hynes, Lahaney, Mulvihill, Nelson, Power, Schmitz, Wolfe—10.

Absent—Supervisors Power, Welch—2.

Explanation of Vote.

Supervisor McSheehy explained his vote by saying that he felt that the present system of purchasing supplies is not a business system. He believed that there should be a Supplies Director.

Purchase of Public Utilities.

The following proposed amendment, submitted by the Public Utilities Committee and the City Attorney, was taken up:

Charter Amendment No. 2.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Article XII, designated as Section 17, relating to an alternative method for the acquisition of any public utility or the whole or any part of the property devoted to such public utility and for the payment therefor.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of said City and County by

adding a new section to Article XII of said Charter, to be known as Section 17, and to read as follows:

Section 17. The method of procedure in this article provided for the acquisition of any public utility or of the whole or any part of the property devoted to such utility, and for the payment therefor, including providing the means for such payment, shall not be deemed exclusive, but the Board of Supervisors by an affirmative vote of not less than two-thirds of the members thereof, may adopt an ordinance which may from time to time be revised or amended, providing a method of procedure for such acquisition and payment; and in such ordinance, if said Board deems it expedient, provision may be made for the payment for such public utility or the property thereof, in whole or in part, out of its earnings or revenue.

No acquisition of any public utility or any of its property under the provisions of this section shall be consummated or become effective until and unless the proposed acquisition and the terms and conditions thereof shall have been submitted by the Board of Supervisors to the electors of the City and County in the manner provided in Chapter IV of Article XI of the Charter; and shall have been approved by the affirmative votes of a majority of the electors voting thereon; provided further that such acquisition shall be approved by two-thirds of the qualified electors voting at such election, in the event that such acquisition shall involve the incurring of an indebtedness or liability exceeding in any year the income and revenue provided for such year, as specified in Section 18 of Article XI of the Constitution of the State of California.

Privilege of the Floor.

Geo. Skaller, representing the Civic League, was granted the privilege of the floor. He said, in part: This Amendment No. 2 provides for the acquisition of public utilities in other ways than by bond issue. I will state at the outset that the Civic League has not acted on this matter as yet. We will act when you have passed upon them. This amendment was only informally discussed by the officials of the League, and the committee representing them has been requested to bring our views to you and in case you adopt some of our views we might help and co-operate with you in submitting it to the people at large.

He declared that in the proposed amendment an ordinance to be submitted to the electors provides that only a majority of the vote cast shall decide. He asked that the amendment be changed making it a two-thirds vote of the electors, as at present re-

quired in bond issues. If the Board would do that, he said, the Civic League might co-operate in presenting the amendment to the people.

City Attorney Lull—From a legal standpoint this does not change the Charter, nor does it conflict with the Constitution of the State. The provision merely permits the Board of Supervisors to submit it as an ordinance to the people within the next two years.

Whereupon, the foregoing amendment was *ordered submitted* by the following vote:

Ayes—Supervisors Brandon, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Wolfe—14.

Absent—Supervisors Deasy, Power, Suhr, Welch—4.

Gateman and Hydrant Men of Fire Department Under Civil Service.

The following proposed amendment was taken up:

Charter Amendment No. 26.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new subdivision to Section 11, Article XIII of said Charter, to be designated as Subdivision C, relating to employees in the Fire Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of said City and County as follows:

That a new subdivision to Section 11, Article XIII of said Charter, to be known as Subdivision C, is hereby added, and to read as follows:

Subdivision C. Any person who has served in the position of gateman and hydrant man in the Fire Department for a period of one year continuously prior to the approval of this amendment and who shall be actually employed in said position at such time is hereby declared to be appointed within the provisions of Article XIII of this Charter to the position to which he may be assigned and shall be entitled to all the benefits of said article thereafter.

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Wolfe—14.

Absent—Supervisors Deasy, Power, Suhr, Welch—4.

Power of Supervisors to Impose License Taxes.

The following proposed amendment,

submitted by the Finance Committee, was taken up:

Charter Amendment No. 14.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending subdivision 15 of Section I of Chapter II of Article II, relating to the power to impose license taxes.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of said City and County as follows:

That Subdivision 15 of Section I of Chapter II of Article II is hereby amended to read as follows:

15. To impose license taxes for purposes of regulation and revenue and provide for the collection thereof.

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Wolfe—14.

Absent—Supervisors Kortick, Power, Suhr, Welch—4.

Recess.

Whereupon, the Board took a recess until 11 a. m., Tuesday, September 24, 1918.

JOHN W. ROGERS,
Acting Clerk.

TUESDAY, SEPTEMBER 24, 1918, 11 A. M.

The Board of Supervisors re-assembled for the purpose of considering proposed Charter amendments.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—16.

Absent—Supervisors Power, Wolfe—2.

His Honor Mayor Rolph presiding.

Relating to the Sale of Water Bonds for Less Than Par.

Charter Amendment No. 23.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Article XII to be designated Section 10b relating to sale of water bonds for less than par.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election

to be held on the 5th day of November, 1918, a proposal to amend the Charter of the City and County as follows:

That a new section is hereby added to Article XII to be known as Section 10b and to read as follows:

Section 10b. The Board of Supervisors is hereby authorized to sell bonds of the issue of July 1, 1910, and described as "Water Supply Bonds" Issue of July 1, 1910," below the par value thereof, such price, however, not to be less than that which will net the purchaser five and one-half per cent per annum according to the standard table of bond values.

Mr. Harrison of the Anglo, London and Paris National Bank was presented by Mayor Rolph, who said: "I know of no one better able to advise us on this amendment than Mr. Harrison."

Mr. Harrison declared that in order to be safe in marketing San Francisco bonds at this time they should be offered at a figure that will pay a rate of from 5 $\frac{1}{2}$ to 5 $\frac{1}{2}$ per cent. "No one can tell," he said, "what the market will be next January, but if the market is strong prices will adjust themselves and this rate of interest will automatically reduce."

Supervisor McLeran moved that proposed measure be amended so as to include all the following unsold bonds and to yield not less than 5 $\frac{1}{2}$ per cent:

Hetch Hetchy 4 $\frac{1}{2}$ per cent, \$38,779,000; Library, 3 $\frac{1}{2}$ to 4 $\frac{1}{2}$ per cent, \$140,000; Garbage, 1908, 5 per cent, \$96,000; School, 1918, 4 $\frac{1}{2}$ per cent, \$3,287,000; Market Street Railway, 4 $\frac{1}{2}$ per cent, \$39,000.

Whereupon, the foregoing amendment, amended as follows, was ordered submitted by the following vote:

Charter Amendment No. —.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Article XII to be designated Section 10b relating to sale of bonds for less than par.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of the City and County as follows:

That a new section is hereby added to Article XII to be known as Section 10b and to read as follows:

Section 10b. The Board of Supervisors is hereby authorized to sell all bonds heretofore authorized as provided in this Charter and remaining unsold, below the par or face value thereof, such price, however, not to be

less than that which will net the purchaser five and one-half per cent interest per annum according to the standard table of bond values.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—16.

Absent—Supervisors Power, Welch—2.

Standardization of Salaries.

The following proposed Charter amendment submitted by the Civil Service Commission was taken up:

Charter Amendment No. 18.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Article XIII to be known as Section 2-A relating to the standardization of salaries.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 5th day of November, 1918, a proposal to amend said Charter as follows:

That a new section is hereby added to Article XIII to be known as Section 2-A and to read as follows:

Section 2-A. The Civil Service Commission, in the interest of economy, efficiency and equality in the public service, shall in its discretion, on the concurring votes of the three Commissioners, have and exercise the following additional powers:

1. To fix and standardize the salaries, wages or compensation of all deputies, assistants, clerks and employees of every class or description now subject to the provisions of this Article or that may be hereafter included hereunder, whether such positions now exist or are hereafter created, or whether such salaries, wages or compensation are fixed by the provisions of this Charter or otherwise. Such standardization shall be based on the importance of the duties of the position, efficiency and length of service of the employe.

2. To abolish unnecessary positions in any office or department subject to the provisions of this Article, where an investigation shows that the work for which the position was created has been completed or that the position can be consolidated with some other; provided, that when such positions are abolished or consolidated the appointees affected shall be placed by the Civil Service Commission upon a reserve list and shall thereafter be preferred for reinstatement or reappointment in the same or similar class and grade of position in the same or any

other department, but such eligibility for reinstatement or reappointment shall cease after a period of two years unless otherwise ordered by the Commission.

3. When efficiency and economy in the public service will be promoted thereby, to make the assignment of employes of one department to temporary service in another department and their compensation shall upon order of the Civil Service Commission, be paid from the same appropriation as theretofore; and to make permanent or temporary transfer of employes to positions covering similar duties and compensation.

The Board of Supervisors shall appropriate annually \$5,000 to meet the expenses of the Civil Service Commission incurred in the standardization of salaries as provided for in this Section.

The purpose of this Section is that like salaries shall be paid for like duties and that zeal and fidelity shall be rewarded.

Any subdivision, section, chapter or article of this Charter or any provision thereof in so far as it conflicts with the provisions of this Section is hereby repealed.

Geo. Tracy, representing the Civil Service Commission, called attention to the necessity of the foregoing amendment in order to permit the standardization of salaries. He declared that there was a great disparity in the salaries paid in the different offices for the same character of service.

Supervisor McLeran moved that the measure be amended by striking out the paragraph providing \$5,000 for work of standardization and substituting the words "Board of Supervisors shall provide annually."

Whereupon, the foregoing amendment, amended as follows, was ordered submitted by the following vote:

Charter Amendment No. 18.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Article XIII to be known as Section 2-A relating to the standardization of salaries.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 5th day of November, 1918, a proposal to amend said Charter as follows:

That a new section is hereby added to Article XIII to be known as Section 2-A and to read as follows:

Section 2-A. The Civil Service Commission, in the interest of economy, efficiency and equality in the public

service, shall in its discretion, on the concurring votes of the three Commissioners, have and exercise the following additional powers:

1. To fix and standardize the salaries, wages or compensation of all deputies, assistants, clerks and employes of every class or description now subject to the provisions of this Article or that may be hereafter included hereunder, whether such positions now exist or are hereafter created, or whether such salaries, wages or compensation are fixed by the provisions of this Charter or otherwise. Such standardization shall be based on the importance of the duties of the position, efficiency and length of service of the employe.

2. To abolish unnecessary positions in any office or department subject to the provisions of this Article, where an investigation shows that the work for which the position was created has been completed or that the position can be consolidated with some other; provided, that when such positions are abolished or consolidated the appointees affected shall be placed by the Civil Service Commission upon a reserve list and shall thereafter be preferred for reinstatement or reappointment in the same or similar class and grade of position in the same or any other department, but such eligibility for reinstatement or reappointment shall cease after a period of two years unless otherwise ordered by the Commission.

3. When efficiency and economy in the public service would be promoted thereby, to make the assignment of employes of one department to temporary service in another department and their compensation shall upon order of the Civil Service Commission, be paid from the same appropriation as theretofore; and to make permanent or temporary transfer of employes to positions covering similar duties and compensation.

The purpose of this Section is that like salaries shall be paid for like duties and that zeal and fidelity shall be rewarded.

Any subdivision, section, chapter or article of this Charter or any provision thereof in so far as it conflicts with the provisions of this Section is hereby repealed.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hooks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—16.

Absent—Supervisors Power, Welch—2.

Positions of Enlisted Men Not to Be Vacated.

The following amendment hereto

fore presented by Supervisor Hayden was, on his motion, *withdrawn*:

Charter Amendment No. 5.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 4 of Article XVI, relating to holding of two salaried offices or positions.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 5th day of November, 1918, a proposal to amend said Charter as follows:

That Section 4 of Article XVI is hereby amended to read as follows:

Section 4. Any person holding a salaried office under the City and County, whether by election or appointment, who shall, during his term of office, hold or retain any other salaried office under the Government of the United States, or of this State, or who shall hold any other salaried office connected with the government of the City and County, or who shall become a member of the Legislature, shall be deemed to have thereby vacated the office held by him under the City and County.

The provisions of this section shall not apply to any person who serves in the army or navy when the United States is at war with any nation or people.

Salary Increase for County Clerk Withdrawn.

County Clerk Harry I. Mulerevy addressed the Board, declaring that he had decided to withdraw his amendment providing for salary increase and declared that he would do all in his power to see that the other amendments carried.

Extension of Civil Service.

The following amendment, as amended by Supervisor Gallagher, was taken up:

Charter Amendment No. 28.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 11 of Article XIII, relating to extension of Civil Service.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County of San Francisco, at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of said City and County as follows:

That Section 11 of Article XIII is hereby amended to read as follows:

Section 11, Subdivision A. The provisions of this article shall apply to the following offices and departments of the City and County: The County Clerk, the Assessor, the Tax Collector, the Sheriff, the Auditor, the Recorder, the Treasurer, the Coroner, the Clerks and Stenographers of the Justices' and Police Courts, the Board of Public Works, the Police Department, the Fire Department, the Board of Election Commissioners, the Board of Health, the Department of Electricity, the Board of Supervisors, the Civil Service Commission, the Park Commission, the Playground Commission, and all boards and departments controlling public utilities, but the following deputies, clerks and employees in said offices and departments shall be exempted therefrom: The Chief Deputy of the County Clerk; the Chief Deputy and the Deputy designated as the Cashier of the Assessor; the Chief Deputy and the Cashier of the Tax Collector; two Deputies of the Sheriff designated as the Under-Sheriff and the Attorney; the Deputy Auditor; the Chief Deputy of the Recorder; four employees of the Treasurer designated as the Cashier, the Chief Deputy, one Assistant Deputy designated as a Bond Deputy, and one Clerk; the Chief Deputy and the Autopsy Physician of the Coroner; the City Engineer; the Secretary of the Board of Public Works; the City Architect; the Registrar of the Board of Election Commissioners; the Justices' Clerk; the Chief of Police; the Chief Engineer and Secretary of the Fire Department; the Chief of the Department of Electricity; the Clerk of the Board of Supervisors; the Superintendent, Secretary, Curator of Memorial Museum and Superintendent of Children's Playground of the Park Commissioners; the Superintendent and Secretary of the Playground Commissioners; all physicians appointed by the Board of Health; persons appointed by the Mayor under the authority of this Charter; the Chief Deputy and the head of any Bureau or Department created by this Charter or by ordinance; the Chief Examiner and special examiners appointed by the Civil Service Commission, and persons employed by the Commission to exercise the authority conferred by Section 14 of this article; the Manager or superintending head of each public utility; attorneys and physicians employed to perform duties included in their profession; persons employed by the Board of Supervisors for temporary service in positions requiring high technical skill; persons employed in positions having a confidential relation to the

head of the department in which the employment is held, but not more than one such position shall be established in any department; persons employed on public works outside the City and County. Any person who has served in any position in any of the offices or departments, included in the provisions of this section, except those exempted therefrom, for a period of one year continuously prior to the approval of this amendment and who shall be actually employed in any of said offices or departments at such time, is hereby declared to be appointed with the provisions of Article XIII of this Charter to the position to which he may be assigned, and shall be entitled to all the benefits of said article thereafter; provided, however, that this section or any part thereof shall not ratify or confirm the appointment of any person holding a promotional civil service position by temporary appointment.

Subdivision B. The following persons securing standing on the eligible lists of examinations shall be preferred for appointment:

1. Persons employed in the operating service of the Geary Street, Park and Ocean Railroad Company on May 5, 1912, such preference to be solely for employment in the Municipal Railroad service.

2. Persons employed in the operating service of any public utility acquired by the City who have been so employed for not less than one year; and such persons so employed at the time a public utility is acquired by the City shall continue in their positions.

All officers, courts, boards or heads of departments vested in this Charter with the power to appoint deputies, clerks, stenographers or other employees of any designation whatsoever shall make appointments only in accordance with the provisions of this article and the rules adopted thereunder and any appointment not so made shall be void.

Mr. Price declared that twelve or fourteen employes of the City Hall were included, also some park employes.

Mr. Lenihan, Tax Collector's office, called attention to the elimination of Assistant Tunnel Tax Clerk.

Whereupon, the amendment as amended and corrected by the elimination of certain confidential officials, was *ordered submitted* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, McLeran, McSheehy, Mulvihill, Schmitz, Suhr, Wolfe—14.

Absent—Supervisors Lahaney, Nelson, Power, Welch—4.

Leaves of Absence for City Employees Who Have Joined the Colors.

The following amendment submitted by the Civil Service Commission was taken up:

Charter Amendment No. 25.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Article XIII to be designated as Section 21, relating to leave of absence of persons in the United States military or naval service.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of said City and County as follows:

That a new section is hereby added to Article XIII to be known as Section 21 and to read as follows:

Section 21. Persons who have been mustered into the Army or Navy of the United States since April 6, 1917, after having acquired standing on a register of candidates in accordance with the provisions of this article shall be granted a leave of absence in accordance with the following provisions:

1. If such person has been appointed to a permanent position he shall be entitled to resume such position upon the expiration of his leave. This provision includes appointments on probation. If any rights accrue to an appointee by reason of seniority, the term of service in the Army and Navy shall be reckoned a part of his service under the City and County.

2. Candidates not under appointment shall retain their places upon the register of eligibles and upon presenting an honorable discharge from the Army or Navy shall be preferred for appointment, in the order of standing upon such register at the time of enlistment, before candidates securing standing through examination held subsequent to the enlistment of such candidate.

Leave of absence granted hereunder shall be for the terms of service in the Army or Navy, and for such time thereafter as may be provided by the rules of the Civil Service Commission; but all such leave of absence shall expire two years after the proclamation of the President of peace between the United States and the German Empire. Leave of absence granted under this section may be cancelled by the Civil Service Commission on filing of certificate of honorable discharge from the Army or Navy of the United States.

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—16.

Absent—Supervisors Power, Welch—2.

Payment of Election Clerks.

The following submitted by the Election Commission was taken up:

Charter Amendment No. 3.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 19, Chapter II of Article XI, relating to method of counting votes at elections.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 5th day of November, 1918, a proposal to amend said Charter as follows:

That Section 19 of Chapter II of Article XI is hereby amended to read as follows:

Section 19. (a). The ballots cast at any given precinct shall not be counted at the polling place, but as soon as the polls are closed, the precinct election officers shall not open the ballot box except as may be necessary to close the mouth of the box, and see that the ballot box is correctly locked again without any ballot being removed or added and seal the same and separately seal the key in the manner provided by printed instructions from the Registrar of Voters, and as soon as said election officers have certified, signed and sealed the other packages or envelopes as required by law, such ballot box and key and packages shall be sent by not less than two of said precinct election officers to the office of the Registrar of Voters and there delivered to the Registrar, and until so delivered it shall be unlawful for such officers so conveying the same to allow any other person or persons to have possession of said ballot box or key or packages. Such officers shall proceed as continuously as possible to the office of the Registrar of Voters. Immediately upon the delivery of such ballot box to the Registrar of Voters or his deputy, said Registrar shall cause each such box to be plainly labeled with the correct number of the precinct in which such ballots were cast. The Registrar of Voters shall in such manner as he shall deem best calculated to provide competent persons, select and provide as many persons as he may deem necessary for the counting, tallying and certifying of returns

of the vote cast in each precinct, and such persons shall have the qualifications required for election officers at State elections, save that all persons who are employed in the Department of Elections, or who report for service from the Civil Service of the City and County, shall, if not a candidate at such election, be qualified, save that none of the persons so selected need reside in a particular precinct. The persons so selected and provided shall be segregated by the Registrar of Voters or his deputies into counting-boards respectively to consist of three persons each, and each such selected counting board shall proceed to count and tally such ballots by precincts separately under the direction of the Registrar of Voters or his deputies or such superintendents as the Registrar of Voters may direct, in the same manner provided by law for counting, tallying and certifying ballots at State elections except as herein otherwise provided. The form of tally sheets shall be provided and determined by the Registrar of Voters, and there shall be a certificate at the end thereof to the effect that the foregoing is the correct result of the election in such precinct, and such certificate shall be signed by the three persons who completed such tally list and return. The Registrar of Voters or any deputy empowered by him by writing may excuse or dismiss any person from any such counting board at pleasure and enforce such order and substitute any person so provided by the Registrar of Voters in the place of any person so excused, dismissed, or who absents himself from such counting board. Any person acting on any such counting board who shall refuse to obey any lawful order of the Registrar of his deputy shall be guilty of a misdemeanor. The tally sheets shall be in duplicate, kept by two clerks, and one copy upon the completion thereof shall be sealed and signed across the flap in the manner provided by the laws of the State of California for sealing tally lists where votes are counted at the precinct, and the other tally list shall remain open for inspection in the office of the Registrar of Voters. The returns so sealed shall be securely kept by the Registrar until produced before the Board of Election Commissioners for official canvass in the manner provided by law.

The Registrar of Voters shall fix the compensation to be paid to each member of such respective counting boards for counting, tallying, completing and certifying such votes and returns, which compensation shall not exceed five cents to each member of such board respectively for each ballot so counted, tallied, completed and certified, and such claims and demands

when certified by the Registrar or his deputy and presented to the Board of Election Commissioners shall be allowed in open session, and the Auditor shall audit and the Treasurer pay such claims out of the general fund. Except as herein otherwise provided, the provisions of the laws of the State of California applicable to State elections or State election officers, and such laws relating to the official canvass and declaration of the result of State election returns shall apply to the counting, tallying, certifying, sealing, custody and official canvass of the ballots and returns counted and returned under the provisions of this Chapter. If there shall not be room enough in the Department of Elections for the counting of said votes, the Registrar of Voters may cause such counting to proceed in any place under the control of the City and County which may be obtained by him for such purpose, provided, that a notice of the location of such place be conspicuously displayed in the Department of Elections. Said votes shall be counted in a place open to the public, and the boards counting the same shall enter the total number thereof on the tally sheets provided therefor. They then shall count and enter the number of the first, second and third choice votes for each candidate on said tally sheet and make returns thereof to the Board of Election Commissioners as herein required. The canvass must be public, in the presence of bystanders and must be continuous, without adjournment, until completed and the result thereof is declared. Any candidate shall be entitled to a representative among the bystanders.

The provisions of this Chapter relating to counting the ballots shall not apply to a special municipal election at which a proposition or propositions, or question or questions, only is, or are, voted upon; but the ballots at all such special elections shall be counted at the respective polling places and returned by the precinct election boards under the laws applicable to such elections.

(b) If a ballot contain more than one vote for the same candidate, only the one of such votes highest in rank shall be counted. If a ballot contain either first or second or third choice votes for any office in excess of the number of places to be filled for such office no vote for that office in the column showing such excess shall be counted.

(c) Paragraph (b) of this section shall be printed conspicuously on the tally sheet.

(d) Candidates receiving a majority of the first choice votes for any office shall be elected. If the full number of candidates to be elected do not re-

ceive such a majority of the first choice votes for such office, a canvass shall then be made of the second choice votes received by those candidates for said office who are not elected by first choice votes; said second choice votes shall be added to the first choice votes received by such candidates and candidates who by such addition shall receive a majority shall be elected.

(e) If by the count of either first choice votes or first and second choice votes, as above provided, more candidates than there are offices to be filled shall receive a majority, the candidate or candidates equal in number to the number of offices to be filled having the highest vote shall be elected.

(f) If the full number of candidates to be elected do not receive a majority by adding first and second choice votes, as above directed, a canvass shall then be made of the third choice votes received by those candidates for said office who are not elected, either by first choice votes or by adding first and second choice votes. Said third choice votes shall be added to the first and second choice votes received by such candidates, and the candidates, equal in number to the number of offices remaining to be filled, who receive the highest number of votes by said addition shall be elected.

(g) The above subdivisions (d), (e) and (f) shall be applied and carried out in the making of the official canvass and the declaration of the official result.

H. Zemansky, Registrar of Voters, declared the amendment proposed two changes in the present law. The first permits count of ballots in the Auditorium. The other provides for payment of clerks at rate of 5 cents per ballot.

Whereupon, the foregoing amendment was *ordered* submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, McLeran, McSheehy, Mulvihill, Schmitz, Suhr, Wolfe—14.

Absent—Supervisors Lahaney, Nelson, Power, Welch—4.

Pensions for Policemen and Firemen Who Have Joined the Colors.

The following submitted by the City Attorney was taken up:

Charter Amendment No. 12.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Article XVI to be designated as Section 43, relating to pensions of any officer or member of the Fire Department serving in United States military or naval forces.

The Board of Supervisors of the

City and County of San Francisco hereby submits to the qualified electors of the City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of said City and County as follows:

That Article XVI of said Charter is hereby amended by adding a new section thereto to be known as Section 43 and to read as follows:

"Section 43. Absence of any officer or member of the Police or Fire Departments of the City and County of San Francisco from service in either of said departments caused by reason of the service of such officer or member in the military or naval forces of the United States in any way in which the United States is now or may become engaged, shall not be deemed to be such an absence from service in either of said departments as shall break the continuity of service required of such officer or member to entitle him to a pension as provided in this Charter, but the period of such absence in such military or naval service shall not be deemed service in either of said departments."

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, McLeran, McSheehy, Mulvihill, Schmitz, Suhr, Wolfe—14.

Absent—Supervisor Lahaney, Nelson, Power, Welch—4.

Authorization of Payments by the Auditor.

The following submitted by the City Engineer was taken up:

Charter Amendment No. 20.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 10 of Chapter I of Article III of the Charter, relating to authorization of payments by Auditor.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at a general election to be held on the 5th day of November, 1918, a proposal to amend said Charter as follows:

That Section 10 of Chapter I of Article III is hereby amended to read as follows:

Section 10. No contracts made, the expense of whose execution is not provided by law or ordinance to be paid by assessments upon the property benefited, shall be binding or of any force, unless the Auditor shall indorse thereon his certificate that

there remains unexpended and unapplied, as herein provided, a balance of the appropriation or fund applicable thereto, sufficient to pay the estimated expense of executing such contract, as certified by the board or officer making the same; provided, that where the expense of executing such contract is to be paid entirely from the proceeds of bond issues, the requirements of this section may be satisfied through an indorsement by the Auditor that a sufficient number of bonds have been set aside to be sold as payments under the contract fall due, and from the proceeds of which sale the estimated expense of executing such contract may be paid, as certified by the board or officer making the same. This requirement shall not apply to work done, or supplies furnished, involving the expenditure of less than two hundred and fifty dollars, unless the same is required by law to be done by contract at public letting. The Auditor shall make such indorsement upon every such contract so presented to him, if there remains unapplied and unexpended such amount of money or bonds so specified by the officer making the contract, and thereafter shall hold and retain such amount of money or bonds for the purpose of paying the expense incurred until the contract shall be fully performed. If bonds are withheld, arrangements shall be made prior to the Auditor's indorsement for the sale of such bonds in such amounts and at such periods of time as will enable the Treasurer to make payments in cash under such contract as such payments fall due and are approved. The Auditor shall furnish weekly to the head of each department a statement of the unexpended balances of the appropriation or bonds set aside for his department.

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, McSheehy, Mulvihill, Nelson, Suhr, Wolfe—13.

Noes—Supervisors McLeran, Schmitz—2.

Absent—Supervisors Lahaney, Power, Welch—3.

Increase in Limit of Bonded Indebtedness.

The following submitted by the City Engineer was taken up:

Charter Amendment No. 24.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 9 of Article XII, relating to increase of limit of bonded indebtedness.

The Board of Supervisors of the

City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of the City and County as follows:

That Section 9 of Article XII is hereby amended to read as follows:

Section 9. Except as herein provided, no indebtedness shall be incurred for the acquisition, construction or completion of any public utility or utilities under the provisions of this article, which together with the existing bonded indebtedness of the City and County shall exceed at any one time ten per cent of the assessed value of all real and personal property in the City and County, provided, however, that any bonded indebtedness that may have been heretofore or that may be hereafter incurred for the acquisition, construction or completion of any earning public utility or utilities, shall be exclusive of the bonded indebtedness of the City and County limited by this section.

Street railways, water works, and works for the generation, transmission and distribution of electric current for power and lighting purposes, are hereby declared to be earning public utilities.

City Engineer O'Shaughnessy called attention to the importance of Charter Amendments 23 and 24, for the purpose of continuing work on the Hetch Hetchy Water Supply. The City is pledged to the acquisition of its public utilities and our present bond limit of 15% is inadequate to carry out our plans. I suggest that bonded limit be fixed at 8% or 10% and apply only to non-earning utilities.

R. Searles, Special Hetch Hetchy Counsel, spoke to the same effect.

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—12.

No—Supervisor McLeran—1.

Absent—Supervisors Hilmer, Kortick, Lahaney, Power, Welch—5.

Relating to the Establishment of Markets, Abattoirs and Other Utilities.

The following, submitted by the San Francisco Labor Council, was presented by Supervisor Gallagher:

Charter Amendment No. 30.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Chapter II, Article II, designated as Section 12, relating to the establishment of markets, abattoirs, and other utilities.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of said City and County as follows:

That Chapter II of Article II is hereby amended by adding a new section thereto to be known as Section 12 and to read as follows:

Section 12. In addition to the powers now held by it or that may be hereafter granted to it under the constitution and laws of the State, the City and County of San Francisco shall have the right and power:

To provide, by purchase, lease, condemnation, construction, or otherwise, and to establish, own, equip, maintain, conduct and operate, whether situated within or outside the limits of the City and County, any of the following utilities: Markets, markethouses, retail depots, coal yards, fuel yards, oil stations, pipe lines, reservoirs, cattle yards or pens, abattoirs, cold storage plants, ice plants, elevators, warehouses, loading and shopping facilities, delivery service, and any and all lands, buildings, structures, machinery, apparatus, appliances, equipment, materials or supplies, necessary or convenient for the operation of such utilities by the City and County. The City and County shall cause any such utility to be operated in one of the following two ways: (1) The City and County may grant the use of parts of the lands, buildings, equipment, facilities and services, owned and established by it, to persons, firms or corporations, desirous of using such property, facilities or services in a business conducted for private profit but of such nature and character as may be prescribed by the Board of Supervisors and not inconsistent with the purposes for which the utility was established. The Board of Supervisors shall prescribe by ordinance the terms and conditions upon which such grants may be made, but no grant shall be made for a period of more than five years, and in the fixing of rentals and charges of said board shall estimate same to cover cost of operation by the City and County (if any), including allowance for depreciation of property, plus a fair remuneration to the City and County for the use of the capital invested by it in the said utility, and the setting aside of sufficient funds for the amortization of said invested capital within a reasonable period but not more than twenty-five years, except by and with the approval of the majority of the electors of the City and County voting on a proposition submitted in that behalf. Or (2) the

City and County may on its own account operate such utility and supply patrons generally, in which case the Board of Supervisors may regulate the prices of products and services of such utility upon the basis of cost of operation, including depreciation of property, plus a fair remuneration for the use of the capital invested, and sufficient funds to provide for the amortization of said capital, in like manner as hereinabove provided in subdivision (1). If any provision or provisions of this section shall be declared unconstitutional by a court of competent jurisdiction, such provision or provisions shall be deemed to have been adopted to take effect when an amendment to the State constitution shall have been adopted validating such provision or provisions.

Theo. Johnson, San Francisco Labor Council, explained that the proposed amendment is merely an enabling act permitting the City and County of San Francisco to operate utilities of a minor nature such as municipal markets, slaughter houses, etc.

Supervisor Hayden opposed the proposed amendment.

Whereupon the foregoing amendment was ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hocks, McLeran, Mulvihill, Nelson, Schmitz, Suhr, Wolfe—10.

No—Supervisor Hayden—1.

Absent—Supervisors Hilmer, Hynes, Kortick, Labaney, McSheehy, Power, Welch—7.

Notice of Reconsideration.

Supervisor Hayden thereupon changed his vote from *No* to *Aye* and gave notice that he would move for reconsideration.

Additional Powers of Police Commission in Case of Pawnbrokers, Junk Dealers, Etc.

The following, presented by the Police Commission and recommended by the Judiciary and Public Utilities Committees, was taken up:

Charter Amendment No. 4.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the said City and County by adding a new subdivision to Section 1 of Chapter III of Article VIII relating to permits for pawnbrokers, peddlers and similar callings.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the said City and County at a general election to be held on the 5th day of November, 1918, a proposal to amend said Charter by adding a new subdivision to Section 1 of Chapter III of Article VIII to be known as subdivision 9, and to read as follows:

9. To grant or refuse to grant permits to any person engaged or desiring to engage in business as a pawnbroker, peddler, junk-shop keeper, dealer in second-hand merchandise, auctioneer and intelligence office keeper, and such other characters of business or callings as may hereafter be required by ordinance enacted by the Board of Supervisors to obtain permits from this Board, and to revoke any such permit where it shall appear to the Board that the business or calling of the person to whom such permit was granted is conducted in a disorderly or improper manner, or that the place where such business is being conducted or maintained is not a proper or suitable place in which to conduct or maintain such business or calling. Before granting any such permit or revoking a permit already granted, the applicant or person holding such permit shall be entitled to be heard before said Board in person or by counsel. Such permits shall distinctly state the name of the person to whom the same is given, the character of business or calling to be conducted and a description or designation of the premises where such business is to be so conducted. Such permits shall at all times be subject to inspection by any member of the Department. Complaints to revoke permits granted by the Board must be in writing, signed by the person making the same and filed with the Secretary of the Board; and a copy thereof certified by the Secretary must be served upon the person holding such permit, who shall be given reasonable notice of the time set for the hearing of the complaint.

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, McLeran, Mulvihill, Nelson, Schmitz, Wolfe—11.

Absent—Supervisors Hilmer, Kortick, Labaney, McSheehy, Power, Suhr, Welch—7.

Sale of School Lots.

The following, presented by the City Attorney and recommended by the Judiciary and Public Utilities Committee, was taken up:

Charter Amendment No. 11.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 11 of Chapter II, Article II of said Charter, relating to the sale of certain school lots situated westerly of Arguello boulevard and the southerly projection thereof.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of

said City and County at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of the City and County as follows:

That Section 11, of Chapter II, Article II of said Charter is hereby amended to read as follows:

Section 11. Whenever the Board of Education shall by resolution determine that any of the lots of land located westerly of Arguello boulevard, formerly First avenue, and the southerly projection thereof, reserved for school purposes by the committee on Outside Lands appointed by the Board of Supervisors under the provisions of Ordinance No. 800, approved by the Mayor and the President of the Board of Supervisors on January 14, 1868, and confirmed by Act of the Legislature and approved March 27, 1868, are inadequate or unsuitable for school purposes or for use as sites for school buildings and that the public interest or necessity demands the sale thereof, said Board may recommend to the Mayor that such sale be made. If the Mayor shall concur in said recommendation he shall report the same to the Board of Supervisors and said Board shall make such sale in the manner provided in Section 9 of this Charter. The proceeds arising from such sale shall be used exclusively for the purpose of purchasing lands for school purposes or sites for school buildings or for additions to existing sites for school purposes.

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, McLaren, Mulvihill, Nelson, Schmitz, Wolfe—11.

Absent—Supervisors Hilmer, Ker-tick, Lahaney, McSheehy, Power, Suhr, Welch—7.

Terms of Office, Playground Commission.

The following, submitted by the Playground Commission and recommended by the Judiciary and Public Utilities Committees, was taken up:

Charter Amendment No. 16.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 2 of Article XIV A, relating to the term of office of the Playground Commissioners.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County of San Francisco, at the general election to be held on the 5th day of November, 1918, a proposal to amend the Charter of said City and County as follows:

That Section 2 of Article XIV A is hereby amended to read as follows:

Section 2. The Commissioners shall be seven in number, five of whom shall be appointed by the Mayor for a term of four years. Three of the members appointed by the Mayor shall be men and two of them shall be women. They shall so classify themselves by lot that one of them shall go out of office at the end of one year, one at the end of two years, one at the end of three years, and two at the end of four years. The President of the Board of Education shall be ex-officio the sixth member of the Commission, and either the President of the Park Commissioners or the Superintendent of Golden Gate Park, as the Commissioners in writing shall so appoint, shall be ex-officio the seventh member. The Park Commissioners may at any time by resolution served on the Playground Commissioners, change their ex-officio member of said Commission, provided said ex-officio member be always either their President or said Superintendent. None of the said Commissioners shall receive any compensation for his or her services.

Ordered submitted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, McLaren, Mulvihill, Nelson, Schmitz, Wolfe—11.

Absent—Supervisors Hilmer, Ker-tick, Lahaney, McSheehy, Power, Suhr, Welch—7.

Placing Under Civil Service Employees of Playground Commission.

The following, submitted by the Playground Commission, was taken up:

Charter Amendment No. 17.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section to Article XIV A to be designated as Section 5a relating to making the Civil Service regulations of the Charter as contained in Article XIII applicable to employees and assistants to the Playground Commissioners.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County at the general election to be held on November 5th, 1918, a proposal to amend the Charter of said City and County as follows:

To amend Article XIV A of said Charter by adding a new section thereto to be numbered 5a and to read as follows:

Section 5a. The provisions of Article XIII of the Charter shall apply to the employees and assistants of the Playground Commissioners, except

such persons as may be employed for temporary service in positions requiring high technical or professional skill. Any person who has served as an employee or assistant of the Commissioners for a period of six months immediately prior to the approval of this amendment by the Legislature, and who shall be so serving at the time of such approval, is hereby declared to be appointed within the provisions of Article XIII of the Charter to the position in which he may be then serving and shall be entitled to all the benefits of said article thereafter.

Motion.

Supervisor Gallagher moved to lay on the table, declaring that subject-matter was included in another amendment.

Motion carried.

Privilege of the Floor.

Daniel O'Connell was granted the privilege of the floor and addressed the

Board. He declared that he had four proposed Charter Amendments pending before the Judiciary Committee since December, 1917, upon which the Committee had made no recommendations. Every one of these amendments, he said, was for the benefit of the people generally, viz.:

Old Age Pensions.

Repayment of Money Expended in Initiative, Referendum and Recall Elections.

Providing for a Public Defender, Publication of Municipal Record and Official Advertising.

Mr. O'Connell was advised that these matters had been taken under advisement.

ADJOURNMENT.

There being no further business the Board at the hour of 5 o'clock p. m. adjourned.

JOHN W. ROGERS,
Acting Clerk.

Approved by the Board of Supervisors November 18, 1918.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates, thereon stated, and approved as above recited.

San Francisco, September 30, 1918.
Board of Supervisors—

Gentlemen: Your Public Welfare and Publicity Committee begs leave to report that the hearings relative to the alleged profiteering in foodstuffs were continued in the Chambers of the Board on Tuesday, September 24th, and Thursday, September 26th.

State Superintendent of Weights and Measures, Charles G. Johnston, in addition to many other citizens, appeared before the committee and discussed the question of production and distribution of foodstuffs and the problem of fixing and regulating prices. The subject was

discussed from every possible standpoint and every opportunity was given to the citizens to give expression to their personal views concerning the matter.

The public hearings have been concluded and the committee now plans to take up the matter with the federal and state officials, as well as the City Attorney and the Sealer of Weights and Measures, and determine how far the City can go in passing remedial legislation, and to what extent the municipal authorities can co-operate with the federal and state agencies in improving the situation.

Respectfully submitted,
JOSEPH MULVIHILL,
C. J. DEASY,
OSCAR HOCKS,

Public Welfare and Publicity Committee.

Endorsement of Federal Employees Pension Bill.

Supervisor Mulvihill presented:
 Resolution No. 16104 (New Series),
 as follows:

Whereas, "Retirement" on annuities has for many years been the paramount issue of all federal employees' organizations, and

Whereas, "Retirement" legislation providing for automatic placement of superannuates by young and vigorous men would perpetually maintain the service at its highest efficiency, operate to conduct it economically and attract to it a high grade of employees who would make the service their life work, and

Whereas, There is now pending in Congress a bill known as the McKellar-Keating bill, which has for its object the "retirement" on annuities of all superannuated and disabled federal civil service employees at a cost to be borne equally by the Government and the employees, and

Whereas, The McKellar-Keating bill, which is known in the Senate as S. 4637, and in the House of Representatives as H. R. 12352, is admitted to be the most comprehensive retirement bill ever submitted for consideration by Congress, and

Whereas, Said bill has the unanimous endorsement of all federal civil service employees' organizations; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, in regular meeting September 30, 1918, endorses the McKellar-Keating bill and urges its favor-

able consideration by Congress; and be it

Further Resolved, That a copy of this resolution be mailed to Senators Jas. D. Phelan and Hiram W. Johnson; to Congressmen Julius Kahn and John I. Nolan; to the Speaker of the House of Representatives and the presiding officers of the Senate; to each member of the respective House and Senate committees to which this bill has been referred, a list of which is appended hereto.

House Interstate and Foreign Commerce—Thetus W. Sims, Frank E. Doremus, Dan V. Stephens, Alben W. Barkley, Sam Rayburn, Andrew J. Montague, Pearl D. Decker, Charles P. Coady, Arthur G. Dewalt, Harry H. Dale, John S. Snook, Jerry Y. Sanders, John J. Esch, Edward L. Hamilton, Richard Wayne Parker, Samuel E. Winslow, James S. Parker, Charles H. Dillon, Burton E. Sweet, Walter R. Stiness, John G. Cooper.

Senate Civil Service and Retrenchment—Kenneth D. McKellar, Ollie M. James, Henry F. Hollis, Joseph E. Ransell, John H. Bankhead, William F. Kirby, Josiah O. Wolcott, Albert B. Cummins, Robert M. La Follette, Reed Smoot, LeBaron B. Colt, Hiram W. Johnson.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Power, Schmitz, Suhr, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Nelson, Welch—4.

Accepting Offer of Frank Nunan and Michael Sullivan to Sell Certain Land in Civic Center for \$60,743.

Supervisor Suhr presented:

Resolution No. 16126 (New Series), as follows:

Whereas, An offer has been received from Frank Nunan and Michael Sullivan, executors of the will of Matthew Nunan, deceased, to convey to the City and County of San Francisco certain land and improvements, the said land being required for City Hall and Civic Center purposes; and

Whereas, The price at which said parcel of land is offered is in accordance with the appraised value thereof, be it

Resolved, That the offer of said above-named persons to convey to the City and County of San Francisco a good and fee simple title to the following described land, free of all incumbrances, including taxes, is hereby accepted, the said land being described as follows, to-wit:

Commencing at a point on the southeasterly line of City Hall avenue, distant thereon two hundred feet northeasterly from the point formed

by the intersection of said southeasterly line of City Hall avenue with the northeasterly line of Marshall Square; running thence at a right angle to said line of City Hall avenue southeasterly one hundred feet; thence at a right angle northeasterly fifty feet; thence at a right angle northwesterly one hundred feet to the southeasterly line of City Hall avenue; thence at a right angle southwesterly and along said southeasterly line of City Hall avenue and parallel with the northwesterly line of Market street fifty feet to the point of commencement, for the sum of \$60,743 for said land and improvements.

The City Attorney is hereby directed to examine the title to said land and improvements and if the same is found to be vested in the aforesaid owner, free from all incumbrances, and that the taxes for the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient money reserved for the procuring of same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed to be executed and delivered to the City and County upon the payment of the agreed purchase price as aforesaid.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Power, Schmitz, Suhr, Wolfe—14.

The undersigned hereby makes the following offers to the city with reference to the disposal of the city's garbage and waste:

First. The undersigned offers to collect and dispose of all the city's garbage, refuse and waste of every kind and character, if such garbage, refuse and waste shall first be segregated in accordance with the provisions of the recently enacted segregation ordinance and in accord with the ordinance fixing the price of the disposal of garbage, and to pay to the city for the exclusive privilege and right of collection and disposal of all such garbage, refuse and waste, the sum of one hundred eighty thousand (\$180,000.00) dollars per year, payable in equal monthly installments of fifteen thousand (\$15,000.00) dollars, subject to the following conditions:

A. That the rate charged house-

holders for the collection of garbage shall be the same as the rate existing today, thereby preventing any increase of the charge upon the general public for garbage collection.

B. That this right and privilege be awarded to the undersigned for the period of twenty (20) years, provided that at any time after the expiration of five (5) years, the city shall have the right to cause all rights acquired under such privilege to be transferred to it upon paying to the undersigned the cost of all equipment necessary to carry on said project together with an additional sum equal to ten (10) per cent of the cost of such equipment.

C. The undersigned will provide all necessary automobile trucks, teams and wagons, machinery and appliances to properly collect, handle and dispose of such garbage, refuse and waste.

D. In keeping with the Government's request for conservation the undersigned will utilize all waste and refuse for hog feed, fertilizer of raw products for manufacturing purposes under the direction or suggestion of the Federal Food Administrator; and all of such waste which is useless will be mechanically and chemically treated and used in filling in waste or water covered lands.

E. If the city shall elect to accept this proposition, the undersigned agrees to acquire all things necessary to commence the performance of his obligations within sixty (60) days from date of execution of contract, and in the meantime the undersigned will handle the disposal of garbage as set forth in proposition Number 2.

Proposition No. 2. In the event that the segregation of garbage shall not be an established fact or the idea shall be abandoned, then and in that event the undersigned offers to dispose of all the city's garbage, refuse and waste at the ordinance rate and pay the city one thousand (\$1,000.00) dollars per month therefor as set forth in my offer to your Honorable Board under date of September 30th, 1918, which said offer was in words and figures as follows:

"San Francisco, Cal., September 30th, 1918.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

The undersigned, Richard Schmidt, a citizen and resident of the City and County of San Francisco, has been informed that the Sanitary Reduction Works will discontinue the operation of its plant on the 30th day of this month. The undersigned realizes that it is a public necessity for this city to immediately provide for a temporary plan of handling the garbage

until some definite conclusion has been arrived at by your Board.

Now, therefore, the undersigned respectfully offers to undertake the disposal of the garbage of this city at the price fixed by ordinance, and pay to the city the sum of \$1,000.00 for each month during which I continue to handle and dispose of the city garbage.

This offer is made upon the condition that, if it be accepted, the undersigned shall be permitted for a period of at least six (6) months to continue with the performance of the things herein offered, and that the termination of any agreement which might result from the acceptance of this offer shall not occur except upon a notice of sixty (60) days."

Respectfully submitted,
(Signed) RICHARD SCHMIDT,
No. 407 Pine St.

NOTICE OF RECONSIDERATION.

Laundry Permit—Jean P. Urrere.

The following matter, laid over from a previous meeting, was taken up and on motion ordered recommitted to Fire Committee by the following vote:

Resolution ———. Granting permission, revocable at will of the Board of Supervisors, to Jean P. Urrere to maintain and operate a hand laundry at 536 Castro street.

The rights granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void.

Sept. 23, 1918—*Refused passage.* Supervisor Deasy changed vote and gave notice of reconsideration at this meeting.

Sept 30, 1918—*Over one week.*

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McSheehy, Power, Schmitz, Suhr, Welch, Wolfe—14.

Noes — Supervisors Brandon, McLeran, Mulvihill—3.

Absent—Supervisor Nelson.

REPORTS OF COMMITTEES.

Reports from the following committees were received and ordered *filed*.

Fire Committee, by Supervisor Deasy, Chairman.

Streets Committee, by Supervisor Welch, Chairman.

Supplies Committee, by Supervisor Hilmer, Chairman.

Police Committee, by Supervisor Lahaney, Chairman.

Judiciary Committee, by Supervisor Power, Chairman.

Lighting Committee, by Supervisor Power, was *laid over one week*.

HEARING OF APPEAL.

Hearing of appeal of Adeline M. Nelson from assessment issued for the

improvement of Forty-fourth avenue between Fulton and Anza streets, fixed for 3 p. m. this day.

Privilege of the Floor.

Mr. Hassett, attorney representing appellant, was granted the privilege of the floor. He said in part: "This matter was started some three years ago and I have been endeavoring to examine the record since Saturday. I have not been able to make a full examination to my satisfaction of the record upon which this assessment is made. I think it due to my clients and myself that this matter be postponed to some later date, say one week or ten days."

P. Fay, contractor, also addressed the Board. He said in part: "It is not fair to us, considering the amount of money invested in this contract. Mr. Hassett has impugned the motives of Mr. Gartland by saying that he has not had free access to the records of the Board of Public Works. Your one purpose," he said, "is to cause delay."

Mr. Hassett: "Mr. Fay cannot be affected to the extent of one cent except by Miss Nelson's assessment."

Supervisor Welch: "Mr. Chairman, I move to lay over one week and during that time that record of proceedings be referred to the City Attorney for an opinion as to its validity."

S. Fay, contractor, protested against any further delay.

Jno. Gartland, Board of Public Works, said in part: "Supervisor Welch's motion is futile as to obtaining the City Attorney's opinion as to whether or not the proceedings thus far are invalid. The Board is concerned only in so far as they have jurisdiction on appeals."

Supervisor Welch thereupon withdrew his motion.

Supervisor McSheehy moved to lay over two weeks.

Supervisor Mulvihill moved as an amendment that matter be postponed one week.

Motion *lost* by the following vote:

Ayes—Supervisors Deasy, Mulvihill, Schmitz—3.

Noes—Supervisors Brandon, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Power, Suhr, Welch, Wolfe—13.

Absent—Supervisors Hayden, Nelson—2.

Whereupon, the question being taken on Supervisor McSheehy's motion, the same was *lost* by the following vote:

Ayes—Supervisors McSheehy, Mulvihill, Schmitz—3.

Noes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Power, Suhr, Welch, Wolfe—14.

Absent—Supervisor Nelson—1.

Upon the request of Supervisor Welch, the following report was read by the Clerk:

San Francisco, Sept. 13, 1918.

To the Honorable Board of Supervisors—Gentlemen:

We return herewith the appeal of Adeline M. Nelson, M. C. Hassett, attorney for appellant, from the assessment issued by the Board of Public Works to the Fay Improvement Co. for the improvement of Forty-fourth avenue between Fulton and Anza streets, together with report on said appeal by the Bureau of Streets of this Board, report dated September 6, 1918.

In accordance with said report, the Board of Public Works, by Resolution No. 60038 (Second Series), adopted September 11, 1918, recommends that the Supervisors deny said appeal and confirm the assessment issued by the Board of Public Works to the Fay Improvement Co. for the improvement of Forty-fourth avenue between Fulton and Anza streets, as recorded in Volume 16, page 85, Assessment Records of the Board of Public Works.

Very respectfully,

BOARD OF PUBLIC WORKS.

By F. J. Churchill, Secretary.

September 6th, 1918.

Department of Public Works, Bureau of Streets, Room 272, City Hall.

Board of Public Works—Gentlemen:

Herewith I return a copy of the appeal of Adeline M. Nelson from the assessment made and issued by the Board of Public Works to the Fay Improvement Company for the improvement of Forty-fourth avenue between Fulton and Anza streets.

This appeal is a general denial that the Board of Public Works or the Supervisors performed the several acts therein stated that are required to be performed prior to the award of any contract for street improvements.

It denies that any contract was awarded for the performance of the work.

It also denies that the work was performed as required by law.

Answering the objections or denials which are set forth in the five paragraphs of the appeal, I respectfully submit the following:

Answering paragraph No. 1 of said appeal, I submit that the Board of Public Works passed its resolution of expediency June 14, 1916—Resolution No. 46415.

Answering paragraph No. 2 of said appeal, I submit that the Board of Public Works passed its resolution of intention to recommend to the Supervisors the ordering of said improvement on July 12, 1916—Resolution No. 46901.

Answering paragraph No. 3, I submit that "Notices of Improvement" were

posted along the line of work on July 13, 1916; same is supported by affidavit of party doing posting.

Answering paragraph No. 4, I submit that objections to said improvement were overruled by the Board of Public Works on August 18, 1916, by Resolution No. 47635.

Answering paragraph No. 5, I submit that the ordinance ordering the said work was passed by the Honorable Board of Supervisors on June 25, 1917, and approved by his Honor the Mayor on June 25, 1917, and contract awarded to the Fay Improvement Company on April 17, 1918, by Resolution No. 58435.

The assessment to cover the cost of said improvement was issued to "The Fay Improvement Company" on August 2, 1918, and is recorded in Volume 16 of the Record of Street Assessments at page 85.

I recommend that the appeal be denied and the assessment confirmed.

Very respectfully,

A. J. DONOVAN,

Office Deputy, Board of Public Works.

M. C. Hassett: "Now, gentlemen, since postponement has been denied, I offer the entire record of the Board of Supervisors, the City Engineer's office and the Board of Public Works in evidence before this Board. That being consented to, I will be satisfied with the record. My purpose is to have it considered of record as read. If you say I have not your consent that the record is here before the Board in evidence, I now ask the Clerk to produce the record."

Supervisor Welch: "We will agree that the record is considered to be before the Board."

There being no objection, the record was considered as being before the Board, in accordance with Mr. Hassett's request.

Appeal Denied and Assessment Confirmed.

Whereupon, the following resolution was presented by Supervisor Welch and adopted by the following vote:

Resolution No. 16130 (New Series), as follows:

Resolved, That the appeal of Adeline M. Nelson from the assessment issued by the Board of Public Works to the "Fay Improvement Co." on August 2, 1918, for the improvement of Forty-fourth avenue between Fulton and Anza streets be denied and the assessment confirmed.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Power, Schmitz, Suhr, Welch, Wolfe—16.

No—Supervisor McSheehy—1.

Absent—Supervisor Nelson—1.

Notice of Reconsideration.

Whereupon, Supervisor McSheehy changed his vote from *no* to *aye* and

gave notice that he would move for re-consideration at next meeting.

UNFINISHED BUSINESS.

Legal Opinion of Thos. V. Cator in Reference to Charter Amendments.

The following was presented and read by the Clerk:

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

On Thursday last I came out of a sick bed to the Board of Supervisors, not knowing what was wanted, and because the Supervisors had always framed the titles to Charter Amendments, I expressed myself as believing that at least it would be best to have them so framed that both your Board and our Board would agree upon them and in that way avoid any possible question of a litigation and delay in the election.

It will often happen that even one of the best lawyers will off-hand and without examination have an erroneous opinion in regard to a legal proposition. So, on Friday morning I concluded to go to the bottom of this business, and I examined all of the law on the subject and was surprised to find that the power to frame these titles was absolutely and exclusively vested in the Board of Election Commissioners, and that all the powers which the Board of Supervisors had

had over the subject of elections was vested and in and transferred to the Board of Election Commissioners of the City and County of San Francisco in such manner that the only power left with the Board of Supervisors with reference to Charter Amendments was to determine what Charter Amendments should be submitted (outside of Initiative Amendments), and merely order the election at which they should be submitted, viz., whether at a general election or at a special election, and that all other matters as to how they should appear on the ballot is exclusively vested in the Board of Election Commissioners. In this case the wish was not "father to the thought," because I commenced and made the examination in the hope that the Board of Election Commissioners should not be compelled to decide these questions, but I was compelled to reach the unqualified conclusion that the Election Commissioners alone had power to do so, and must do so. I find this view emphatically supported, also, by the opinion of Franklin K. Lane when City Attorney, and also grafted distinctly in the Political Code as well as in the Charter.

Very truly yours,
THOMAS V. CATOR.

Motions.

Supervisor Power moved reference of communication to Judiciary Committee and spread in Journal.

Supervisor Gallagher moved as an amendment that the communication be filed. (No second.)

Whereupon, *Supervisor Power's* motion was adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Power, Schmitz, Suhi, Welch, Wolfe—16.

No—Supervisor Gallagher—1.
Absent—Supervisor Nelson—1.

Final Passage.

Whereupon, the following ordinance, heretofore passed for printing, was taken up and finally passed by the following vote:

Submission of Charter Amendments.

Bill No. 5054, Ordinance No. 4695 (New Series), as follows:

Ordering the submission, at a general election to be held on the 5th day of November, 1918, to the electors of the City and County of San Francisco, State of California, of propositions to amend the Charter of said City and County as herein set forth.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That at the general election to be held on the 5th day of No-

vember, 1918, there shall be placed upon the ballot used at said election, proposals to amend the Charter of the City and County of San Francisco, State of California, to enable the electors of said City and County to vote upon said proposals to amend said Charter as hereinafter described and enumerated.

Section 2. That said proposals to amend said Charter were ordered submitted to the electors of the City and County of San Francisco, by the Board of Supervisors, at meetings held on the 23rd and 24th days of September, 1918, and published as required by the provisions of Section 8 of Article XI of the Constitution of the State of California.

Section 3. That said proposals shall be known and designated upon said ballot as Amendment No. — and shall be consecutively numbered thereon, beginning with number twenty-six and ending with the number forty-eight.

Section 4. That said amendments shall be printed upon the official ballots for the general election to be held in said City and County of San Francisco on the 5th day of November, 1918, in the manner provided by law for submitting such propositions at such general election and the propositions stated as required by said law.

Also, said ballot shall have printed thereon the following:

Amendment No. 26.

FUND FOR DEPENDENTS OF SOLDIERS, SAILORS, OR MARINES. Adding a new article to be known as Article XIV-B. Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Power, Schmitz, Suhr, Welch, Wolfe—17.

Absent—Supervisor Nelson—1.

Providing \$2,500, Payment to Lodovina Paola for Land Purchased for School Purposes.

Supervisor Suhr presented:

Resolution No. — (New Series), as follows:

Resolved, That the sum of \$2,500.00 be and the same is hereby set aside and appropriated out of School Construction Fund, Bond Issue 1918, and authorized in payment to Lodovina Paola, being in full payment for lands required for School Department purposes, and described as follows, to-wit:

Commencing at a point on the northwesterly line of Madrid street, distant thereon 200 feet northeasterly from the intersection of the northwesterly line of Madrid street with the northeasterly line of Excelsior avenue; thence north-

easterly along the northwesterly line of Madrid street 25 feet; being of dimensions 25 by 100 feet, and as more particularly described in acceptance of offer by Resolution No. 16009 (New Series).

Passed for printing under suspension of the rules.

Los Angeles Conference in Reference to Port Charges and Harbor Administration.

Supervisor Wolfe presented:

Resolution No. 16128 (New Series), as follows:

Whereas, A conference is to be held at Los Angeles on October 8, 1918, and days following, for the purpose of considering the subject of port charges and harbor administration policies, by means of which trade and commerce may be stimulated, in which subject San Francisco has a deep and vital interest; therefore,

Resolved, That the Acting Mayor be requested to delegate two of the members of this Board and authorize them to attend the aforesaid conference and represent the municipal authorities thereat.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Power, Schmitz, Suhr, Welch, Wolfe—17.

Absent—Supervisor Nelson—1.

Committee Appointed.

Acting Mayor McLeran thereupon

Approved by the Board of Supervisors October 14, 1918.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

JOHN W. ROGERS,
Acting Clerk of the Board of Supervisors,
City and County of San Francisco.

appointed Supervisors Welch and Wolfe to attend conference referred to in foregoing resolution.

Watchman at Auditorium.

Supervisor Mulvihill presented:

Resolution No. — (New Series), as follows:

Whereas, The Exposition Auditorium being under the control and management of the Auditorium Committee of the Board of Supervisors, who are authorized to rent the halls therein, for the purpose of holding public and private assemblies of our citizens under the supervision of various lessees; and

Whereas, It has been the policy of the City to employ a sufficient number of watchmen to safeguard the building, all of the appurtenances and property and public assembled therein; therefore be it

Resolved, That it is the sense of the Board of Supervisors that two watchmen be employed at said Auditorium—one detailed between the hours of 4 p. m. and midnight and one from midnight to 8 a. m. daily.

Further Resolved, That the Board of Public Works be directed to assign another watchman for duty at said Auditorium in order to give full protection to the property of the City.

Referred to Finance Committee.

ADJOURNMENT.

There being no further business, the Board at the hour of 6:30 p. m. adjourned.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, OCTOBER 14, 1918, 2 P. M.

In Board of Supervisors, San Francisco, Monday, October 14, 1918, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Sahr, Welch—16.

Absent—Supervisor Hilmer—1.

Supervisor Wolfe excused on account of illness.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNALS.

The Journals of Proceedings of September 23, 24 and 30 and October 7, 1918, were laid over for approval until next meeting.

ROLL CALL FOR PETITIONS AND COMMUNICATIONS FROM MEMBERS.

Amendment to Baggage Ordinance.

Supervisor Power presented:

Communication—From California Transfer and Storage Company, recommending amendments to Ordinance No. 2282 (New Series), relative to baggagemen.

Referred to Police Committee.

Convention of League of California Municipalities Postponed.

Supervisor Mulvihill presented:

Communication—From Secretary of League of California Municipalities advising of postponement of annual meeting at Riverside on account of influenza epidemic.

Read and ordered *filed*.

Relative to Switch on Lower Market Street.

Communication—From San Francisco Labor Council, requesting that Board of Public Works enter into no agreement with the United Railroads regarding use of switch on lower Market street until City Engineer's office determines what is best to relieve con-

gestion when third loop is in operation.

Referred to Public Utilities Committee and copy ordered sent to Board of Public Works.

Relative to Criticism of City Engineer's Office.

Communication—From H. W. Shinner, Chief Assistant Engineer, advising that the name of Frank Turnell, whose criticism of the City Engineer's office was presented in the Board of Supervisors by Supervisor Power, is not to be found in any directory of San Francisco or the bay cities, or on the registration roll, and declaring that he does not consider criticism worthy of an answer.

Motion.

Supervisor Power moved that the communication be returned to Mr. Shinner with the request that it be redrafted so that it may not read as if Supervisor Power made the criticism instead of the writer of the communication.

No ordered.

Leave of Absence, E. Ellison, Assistant Light and Water Inspector.

Supervisor McLeran presented:

Communication—From E. Ellison, Assistant Light and Water Inspector, requesting a leave of absence for the purpose of completing navigation course.

Read by the Clerk.

Whereupon, the following resolution was presented by Supervisor McLeran and *adopted*:

Resolution No. 16159 (New Series), as follows:

Whereas, E. Ellison, Assistant Light and Water Inspector, has requested that he be granted a leave of absence for the purpose of completing a course of study in navigation with a view to entering the United States Naval Reserve or the service of the United States Shipping Board; therefore be it

Resolved, That the said E. Ellison, Assistant Light and Water Inspector, be and is hereby granted a leave of absence for a period of one year, commencing October 15, 1918, with permission to return to his said position of Assistant Light and Water Inspector

at the expiration of his leave of absence.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—16.

Absent—Supervisors Hilmer, Wolfe—2.

NOTICE OF RECONSIDERATION.

Denial of Appeal From Street Assessment, Forty-fourth Avenue.

The following resolution, laid over from last meeting on notice of reconsideration given by Supervisor McSheehy, was taken up and ordered *reconsidered*:

Resolution No. 16130 (New Series), as follows:

Resolved, That the appeal of Adeline M. Nelson from the assessment issued by the Board of Public Works to the "Fay Improvement Co." on August 2, 1918, for the improvement of Forty-fourth avenue between Fulton and Anza streets be denied and the assessment confirmed.

Privilege of the Floor.

M. C. Hassett, representing Adeline M. Nelson was granted the privilege of the floor: He said, in part: "When this matter came up on Monday, a day or two was asked to examine the record so that it might be properly presented to the Board. Out of the confusion I made a proposition that if the Board would consent that the record from the inception to the conclusion and everything connected with it would be considered in evidence here that would satisfy me. That was agreed upon by the Board and accepted. That being done, I don't know that there is anything else to be done. I don't think that the work on Forty-fourth avenue should have been done. The property owners had a contract with McHugh to put the roadway in passable condition.

Whereupon, the question being taken on the foregoing, resolution was *adopted* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Kortick, Lahaney, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—14.

Absent—Supervisors Hilmer, Hynes, McLeran, Wolfe—4.

Explanation of Vote.

Supervisor McSheehy explained his vote by saying that he had gone all over the job and found it an excellent piece of work; that he had gone over the record in the Board of Public Works and was satisfied and that he was now prepared to vote for the resolution.

REPORTS OF COMMITTEES.

Reports from the following committees were received and ordered *filed*:

Fire Committee, by Supervisor Deasy, Chairman.

Supplies Committee, by Supervisor Hilmer, Chairman.

Lighting Committee, by Supervisor Power, was *laid over one week*.

Statement of San Francisco Bureau of Municipal Research on Garbage Waste in San Francisco.

Supervisor Gallagher presented the following statement of the San Francisco Bureau of Municipal Research as to garbage conditions in San Francisco, which statement, he said, furnished an answer to much of the erroneous information which is being disseminated by the "Chronicle":

San Francisco is now wasting each year hundreds of thousands of dollars and thousands of tons of materials vitally needed for the successful prosecution of the war and for the feeding of the United States and her allies. The United States Food Administration has called attention to these wastes and has suggested a practical and profitable method for their elimination. It has been proposed that San Francisco respond directly and immediately to the appeal of the Food Administration and take action along the lines it suggests. Such action would probably result in a large annual profit to the City and County of San Francisco, and would be not only based upon patriotism, but also in line with sound economic policy.

The losses referred to occur because of the city's practice of destroying its refuse. The course suggested by the Food Administration and recommended by the Special Garbage Committee and the Board of Supervisors contemplates that the city shall require all refuse to be divided at the point of origin into two classes—Food Wastes and Other Refuse—and shall require that the final disposal of these two classes shall be such as to conserve the valuable materials contained in each.

If the values in refuse are to be conserved, it is absolutely necessary that the Food Wastes shall at no time be mixed with the Other Refuse. Such a mixture destroys not less than two-thirds of the values contained in each class.

The newspapers and the people of San Francisco have not seemed to realize that opposition to the proposed segregation of garbage is direct opposition to the war efforts of the nation, as well as opposition to a sound financial policy. A very brief examination of the facts must convince any fair-minded man that San Francisco can no longer refuse to exert the very slight effort necessary to conserve the materials it is now wastefully burning—materials now

being conserved by many of the larger and more progressive cities of the country.

The following is a brief summary of the essential facts:

1. San Francisco is now burning 125,000 tons of refuse per year.

2. The gross value of the materials now being needlessly burned in San Francisco which could be recovered if segregation goes into effect amounts to well over \$500,000 per year.

3. Provided that the proposed segregation ordinance goes into effect, the Food Wastes now being destroyed can be profitably converted into at least 1,500,000 pounds of pork or into 1,400,000 pounds of grease and 16,000,000 pounds of fertilizer base; also paper, rags bottles, cans and other useful materials can be recovered from the Other Refuse.

4. The United States Food Administration has a special department known as the Garbage Utilization Division, which has advised all cities to utilize their Food Wastes by segregating them from Other Wastes and by using them to produce either pork or grease and fertilizer. The Garbage Utilization Division has specifically considered San Francisco's refuse problem and is desirous that segregation of garbage and its utilization be put into effect in San Francisco as soon as possible.

5. Statements that the proposed segregation will require three or more garbage cans at each house are untrue. Segregation of all refuse into two classes—Food Wastes and Other Refuse—will require only two cans, one for each class of refuse.

6. Statements that the cost of providing the necessary new cans for segregation practice will cost \$1,000,000 or more for the entire city are gross exaggerations. The amount that would be necessary to purchase necessary extra cans would not be over \$150,000. In all probability it would be very much less. Only those places which now have but a single can for storing all refuse mixed together would need an additional can for keeping the Food Wastes separate from the Other Refuse. Those places which now produce sufficient refuse to require two or more cans would not need any additional cans under segregation requirements. They would simply use one of the existing cans for Food Wastes, and the others for Other Refuse. Where the one additional can was needed it would be much smaller than the present can, because the volume of Food Wastes is small in comparison to the volume of all refuse produced. Single cans of sufficient size and quality can now be purchased at retail for from \$1.50 to \$2.00 each. The life of these cans is

at least four years, making the cost of each can from 40 to 50 cents per year.

7. Statements that the net result of the proposed policy, will be a financial loss to the city, and that collection rates will be increased because of segregation requirements are, in the light of the latest facts, without foundation. The city recently has received a proposal in which a contractor offers to pay the city \$180,000 per year, collect the refuse, and make no increase in the collection rates, provided segregation is put into effect. If segregation is not put into effect, his offer is to pay the city only \$12,000 per year for the same privilege. In short, this offer places the value of the segregation to the city at \$168,000 per year. The only cost to the city, as a whole, will be the yearly cost of the necessary new cans—not to exceed \$40,000 per year, or possibly an average of 40 cents per year per household. Therefore, the above offer places the net value to the city of segregation at \$128,000 per annum.

8. Statements that sufficient new cans cannot be secured and that if secured, exorbitant prices will be charged for them are untrue. The interest of the United States Food Administration insures both proper priority orders and a proper control of prices.

9. Statements that segregation of Food Wastes from Other Refuse will be extremely inconvenient to the producers of refuse are an attempt to create a bias against the segregation program and are, furthermore, untrue. Many other cities are now segregating garbage and have been doing so for years without nuisance or inconvenience to the housewife and without complaint from her.

10. Statements that the city should immediately accept the proposal from the contractors referred to above are unreasonable. Both the law and sound business judgment require that such contracts be let only after free competitive bidding. There may well be other contractors who will offer much more for the privilege of disposal. The Board of Supervisors has adopted the recommendation of the committee that competitive bids be invited, and that the invitation be issued in a very short time.

In any consideration of the garbage problem in San Francisco it must be viewed not in a disjointed fashion covering but single aspects thereof, but in its entirety; and the cardinal facts must always be borne in mind that the Federal authorities are practically demanding segregation. Only by complete and unqualified acceptance of this plan can San Francisco

fulfill the practical obligation imposed on it to recover the war values contained in its refuse.

Motion.

Supervisor Schmitz moved that the report of the San Francisco Bureau of Municipal Research be referred to Special Committee on Garbage Disposal.

Privilege of the Floor.

P. Ellicl, Director of San Francisco Bureau of Municipal Research, was granted the privilege of the floor and addressed the Board. "Supervisor Schmitz is laboring under a misconception. This is not a report of the Bureau of Municipal Research. It is merely a statement sent out to the press and others to apprise them of the facts as we seen them. A copy was presented to Supervisor Gallagher to show him what we are doing."

E. Coffey, attorney, representing certain persons who sell their garbage for hog food, also addressed the Board. He said in part: "I appeared here at last hearing when this matter was before the Board. I made the declaration then that the passage of this garbage ordinance would have the effect of fostering a monopoly."

Point of Order.

Supervisor Brandon raised the point of order that Mr. Coffey's argument should be heard before the committee.

Point of order sustained (Supervisor Hocks in the chair).

An appeal being taken from the decision of the chair, the question was put: "Shall the decision of the chair be sustained?"

Decision of the chair was overruled by the following vote:

Ayes—Supervisors Brandon, Gallagher, Kortick, Welch—4.

Noes—Supervisors Deasy, Hayden, Hocks, Hynes, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr—12.

Absent—Supervisors Hilmer, Wolfe—2.

E. Coffey: Mr. Chairman and Gentlemen of the Board of Supervisors—"I am not here today to cast any reflection on any member of this Board of Supervisors. I take it that every member of the Board of Supervisors will act for the best interests of San Francisco when the matter is properly presented to them.

"All these bold and startling declarations, all the agitation and talk made to a large extent in the direction of segregation, is done not so much in the public interest, but more in the interest of private individuals, who believe they can get control of the waste food products of every city in this country and have a monopoly that will be a means of getting control of

the hog business of the United States.

"In San Diego, heretofore, they had the privilege of selling their garbage to men engaged in the hog-raising business. Now they have to pay to have it hauled away.

"It is an unfair burden, gentlemen, to put on people who have not yet recovered from the fire and earthquake. The people back of this proposition have such great interests involved that they can employ counsel, while citizens have no one to do like service for them. They are dependent on the intelligent consideration given these matters by the legislative council of their city. I am sure Mr. Gallagher will exercise the same good judgment for the best interests of the city as he has in the past. This thing is not for the benefit of the country in general, but for the benefit of private interests.

"Segregation is a failure. The New York garbage plant was shut down two weeks ago. The United States government asked that it be continued a little longer for the purpose of saving glycerine. It was nevertheless shut down."

Motion Carried.

Whereupon, Supervisor Schmitz's motion to refer to Special Committee on Garbage Disposal was *carried*.

City Engineer O'Shaughnessy's Trip East in Re Sale of \$17,000,000 Hetch Hetchy Bonds.

Supervisor Brandon presented:

Resolution No. — (New Series), as follows:

Approving the action of City Engineer O'Shaughnessy in proceeding to Washington for the purpose of obtaining permission to sell \$17,000,000 Hetch Hetchy bonds and authorizing him to act for San Francisco in the matter.

Report of Mayor Rolph on His Trip East.

His honor Mayor Rolph reported the result of his trip East briefly as follows: "I went East at the request of your Board in the matter of the loan of \$450,000 for the construction of the Hunters Point extension of the Municipal Railway. I found out the arrangement that had been made between the Bethlehem Shipbuilding Corporation and the Emergency Fleet Corporation for the improvement of Hunters Point. There is a question whether or not the appropriation shall come from the appropriation heretofore made to the Bethlehem Shipbuilding Corporation or whether or not another appropriation shall be obtained from the Emergency Fleet Corporation.

"While East I saw everybody connected with the matter. I saw Taylor, who was out here; Schwab and Peave. But there was no use of me waiting. The question is not settled and it might be a long time before it is settled.

"City Engineer O'Shaughnessy is going to Washington on Hetch Hetchy matters, not on the Hunters Point railway. Some misunderstanding has arisen over his visit to Washington. Something must be done by the Board to hold up his hands; something must be done by this Board to authorize his negotiations. The Board will have to pass a resolution indicating that the City Engineer is a duly accredited representative of the City and that he is there to speak for us. Promptness is required in O'Shaughnessy's case. If this resolution be referred to the Finance Committee and the Finance Committee is given full power to act, it is all right. I received a telegram from O'Shaughnessy Saturday at 11 o'clock and this resolution comes to me today through the City Engineer's office advising me that his hands are tied and the only way to straighten it out is by the passage of this resolution."

Supervisor Schmitz—Mr. Chairman, I move the suspension of the rules and the immediate consideration of the resolution.

Supervisor McLeran—There is a reason why O'Shaughnessy's hands are tied. Last Friday week, about 5 o'clock, Mr. Searles brought me an application to the Capital Issues Committee for permission to sell \$17,000,000 worth of Hetch Hetchy bonds. I told him at the time that it was something worthy of very serious consideration and before signing for \$17,000,000 worth of bonds I wanted to confer with you and with the other members of the Finance Committee and I told Searles I would send a telegram to you. This is the telegram that was sent:

Telegram.

San Francisco, Oct. 4, 1918.

Hon. Jas. Rolph, Jr., Hotel Bellevue-Stratford, Philadelphia, Pa.

O'Shaughnessy en route to Washington. Asks that formal application for approval Capital Issues Committee on seventeen million Hetch Hetchy bonds, to be issued over three-year period, be sent him for use if he finds Committee favorable. In order to avoid delay in Washington pending your return he asks that I sign application as Acting Mayor. Have you any objections. Reply immediately.

RALPH McLERAN.

The next morning I received a notice from the Western Union that the Mayor had left Philadelphia and that they were unable to discover his train number. In the meantime I found that Mr. Searles took it upon himself to make the application on behalf of the City and County of San Francisco. I thereupon had the following telegram sent to the Capital Issues Committee:

Telegram.

San Francisco, Oct. 9, 1918.

Capital Issues Committee, Washington, D. C.

An application has been made to your Committee by an employee of the City of San Francisco for approval to sell seventeen million Hetch Hetchy bonds. Please disregard this application on the part of said employee for the reason that the Board of Supervisors is the only body authorized to make such request, as bonds can only be sold on their authorization and approval. No consideration has been given to this request by the Board of Supervisors or the Finance Committee of said Board. If the Board of Supervisors should determine later to make this application you will be so advised.

RALPH McLERAN,

Chairman Finance Committee.

"Nobody," said Supervisor McLeran, "has any right to make application for the sale of \$17,000,000 worth of bonds except the Board of Supervisors."

Mayor Rolph—The trouble is that the Capital Issues Committee does not know any difference between Searles and O'Shaughnessy.

Supervisor Power moved as a substitute for the resolution that an explanatory telegram be sent to Mr. Drum.

Supervisor McLeran—I wish to make a statement. I am in favor of the permission being asked of the Capital Issues Committee. As far as the project itself is concerned, that is now being carried on, there is no one in San Francisco knows more about it than I. I have the honor of being the first one to purchase the Smith lands. But it occurred to me that the application for the sale of \$17,000,000 worth of bonds should be made thru the proper officials and the proper official is the Clerk of this Board. I take exception to any other action and I brought it up here today.

R. Searles, Special Counsel, Hetch Hetchy water construction, being sent for, appeared before the Board.

Supervisor Schmitz—Mr. Searles, how do you assume the great responsibility of asking the United States Government to stand behind a \$17,000,000 sale of bonds?

R. Searles—I don't assume any such responsibility. In the first place, I did not make any such request. At the request of City Engineer O'Shaughnessy I drew a blank form of request, which you and every one else knows is not an application. I forwarded this, not to the Capital Issues Committee as stated, but to City Engineer O'Shaughnessy, as he requested me to.

Supervisor Power—I renew my motion that Mr. Drum be sent an explanatory telegram notifying him that an error has been made.

Supervisor Schmitz—In justice to Mr. Searles, it should be understood that he has not gone outside his duties and this Board of Supervisors should at least exonerate him.

(It was agreed that such was the sense of the Board.)

Whereupon, the Clerk was directed to send an explanatory telegram to the Capital Issues Committee, of which a copy follows:

Western Union Night Letter.

San Francisco, Oct. 14, 1918.
Capital Issues Committee, Washington, D. C.

Telegram under date of October 9th, relative to application for approval to sell seventeen million Hetch Hetchy bonds, sent under misapprehension. Understood that application making formal request for this authorization was signed by an employee in the City Engineer's office, but now understand that application was not signed, but sent in blank form to City Engineer M. M. O'Shaughnessy, who is now in Washington. The Board of Supervisors, at its meeting today, directed me to wire you that inasmuch as they are unable to send one of the members of the Board personally to Washington to make formal application for this authorization to sell Hetch Hetchy bonds that City Engineer M. M. O'Shaughnessy is, therefore, authorized to present to your Committee, on behalf of the City of San Francisco, the necessary formal application for approval to sell said bonds and to take whatever other steps may be necessary to bring about this desired result.

JOHN W. ROGERS.

Acting Clerk, Board of Supervisors.

UNFINISHED BUSINESS.

Appropriations.

Supervisor McLeran presented:

Resolution No. — (New Series), as follows:

Resolved, That the sum of \$34,000.00 be and the same is hereby set aside, appropriated and authorized to be expended out of the hereinafter mentioned funds, in amounts mentioned, to the credit of "Repairs and Reconstruction of Streets," Budget Item No. 257, to-wit:

From "Advertising Resolutions and Ordinances," Budget Item No. 25, \$6,000.

From "Street Work Fronting Holly Park and Other City Property," Budget Item No. 54, \$14,000.

From "Bond Interest and Redemption," Budget Item No. 336, \$14,000.

Motions.

Supervisor Power moved that Item No. 2 be taken up for consideration.

Supervisor Kortick moved as an amendment that Item No. 2 be eliminated.

Supervisor Schmitz moved as a substitute for the whole that Item No. 2 be stricken out and that it be the sense of the Board that the money be used for no other purpose than for work on streets in front of Holly Park.

Privilege of the Floor.

Rev. Father Lyons was granted the privilege of the floor and addressed the Board: "The people going to and coming from St. John's Church and School consider that the streets in that district are in a deplorable condition. I see that you are favorably disposed toward the improvements proposed. The streets out there are only paths made by goats years ago and which have been widened by use since. In summer the dust is terrible—in winter the mud is up to the top of your shoes. The little children sit all day in wet shoes on account of the condition of our streets, and I request that you give them your serious consideration."

Item Eliminated.

Whereupon Item No. 2 was eliminated from foregoing resolution.

Passed for Printing.

Thereupon, the foregoing resolution, amended by the elimination of the second item, was passed for printing by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Suhr, Welch—15.

No—Supervisor Schmitz—1.

Absent—Supervisors Hilmer, Wolfe—2.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, OCTOBER 21, 1918, 2 P. M.

In Board of Supervisors, San Francisco, Monday, October 21, 1918, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Schmitz, Welch—15.

Absent—Supervisors McSheehy, Suhr, Wolfe—3.

Supervisors Wolfe and McSheehy excused on account of illness.

His Honor Mayor Rolph presiding.

The Journals of Proceedings of September 23, 24 and 30 and October 7 and 14, 1918, were considered, read and *approved*.

ROLL CALL FOR PETITIONS AND COMMUNICATIONS FROM MEMBERS.

Admission Day Celebration.

Communication—From Admission Day Celebration Committee, thanking Board for assistance rendered in making observance of Admission Day a success.

Read and ordered *filed*.

Application for Control of Spanish Influenza.

Communication—From San Francisco Chapter, American Red Cross, transmitting copy of its resolution requesting Board of Supervisors to appropriate \$20,000 out of Urgent Necessities Fund, supplemental to \$50,000 heretofore appropriated by Red Cross, for influenza epidemic control.

Read and referred to Finance Committee.

Relative to Criticism of City Engineer's Office.

The following was presented, read and ordered spread in Journal:

October 16, 1918.

Mr. John W. Rogers,
Acting Clerk,
Board of Supervisors,
San Francisco.

Dear Sir: In reply to attached request that the phraseology of my memorandum of the 8th instant, addressed to Supervisor McLeran, Acting Mayor, be changed, I will say that the memorandum expresses accurately the thought intended.

Supervisor Powers' anxiety lest the impression be conveyed that he was the author of the criticisms made of the personnel of this and the Mayor's office I can well understand in view of his insistence in having same read before the Board, but my letter clearly states that the criticisms were made over the signature of Frank J. Turnell and introduced by the Supervisor, which is in accordance with the facts.

For your further information I will state that a duplicate of the Turnell communication lay in the communication box of a local paper for two weeks, but was not considered of sufficient weight for publication until introduced at the meeting of the Board on the 7th instant by Supervisor Power, who demanded that it be read then and there.

Yours truly,

H. W. SHIMER,
Assistant City Engineer.
October 15, 1918.

H. W. Shimer, Esq.,
Principal Assistant City Engineer,
City Hall, San Francisco, Cal.

Dear Sir: The Board of Supervisors at its meeting yesterday, at the suggestion of Supervisor Power, directed me to return to you the attached memorandum, with the request that you change the phraseology of the first paragraph so as to make it clear that one Frank J. Turnell and not Supervisor Power made the criticisms concerning the number, salaries, ability and patriotism of the employees in the Bureau of Engineering and the Mayor's office. Supervisor Power requested that your attention be called to the fact that he merely sent the letter to the Clerk's desk with the request that the same be read. In other words, the person

signing himself Frank J. Turnell made the criticisms and not Supervisor Power.

Yours very truly,

Report of Special Committee on Garbage Disposal.

The following report was presented by Supervisor Gallagher, read and adopted:

San Francisco, October 21, 1918.

Board of Supervisors,

Gentlemen: Your Special Committee on Garbage Disposal, to which was referred the statement issued by the San Francisco Bureau of Governmental Research, has carefully considered the document, and does not feel called upon to make any changes therein.

We find this statement to be in line with the policy we have outlined, and the figures therein contained to be correct, which can be substantiated.

We therefore recommend that we be authorized to send copies of this statement to the Civic Betterment Associations and Improvement Clubs; especially so, in view of the refusal of the San Francisco Chronicle to publish same, to the end that they may have a correct idea of what is intended and what is involved in our proceedings.

Respectfully submitted,

ANDREW J. GALLAGHER,
 Chairman,

E. P. JONES,

Per Gallagher, by request,
 WM. C. HASSLER,

Per Gallagher,

JOSEPH MULVIHILL,

Special Committee on Garbage Disposal.

Intention to Change Grades.

Resolution No. 16182 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above City base, as hereinafter stated, in accordance with Resolution No. 60174 (Second Series) of the Board of Public Works, adopted September 25, 1918, and written recommendation of said Board, filed September 30, 1918, to-wit:

Army Street.

De Haro street, easterly line, 23 feet. (The same being the present official grade.)

De Haro street, westerly line, 22.10 feet.

Eight feet southerly from the northerly line of, at Rhode Island street, easterly line produced, 20.50 feet.

Southerly line of, at Rhode Island street, easterly line produced, 20.50 feet.

Northerly line of, 25 feet westerly from Rhode Island street, easterly line, 20 feet. (The same being the present official grade.)

Northerly line of, 15 feet easterly from Rhode Island street, westerly line, 20 feet.

Rhode Island street, westerly line produced, 20 feet. (The same being the present official grade.)

One hundred feet westerly from Rhode Island street, 18.92 feet.

Kansas street, easterly line, 17.40 feet. Vertical curve passing through the last three described points.

Kansas street, westerly line, 16 feet.

Vermont street, easterly line produced, 13 feet. (The same being the present official grade.)

On Army street between the easterly line of De Haro street and the easterly line of Vermont street, produced; on De Haro street between Twenty-fifth street and Marin street (if extended); and on Kansas street between a line parallel with Twenty-fifth street and 400 feet southerly therefrom and Marin street (if extended) be changed and established to conform to true gradients between the grade elevations above given therefor and the present official grades of De Haro street at Twenty-fifth street and at Marin street (if ex-

tended) and of Kansas street at a line parallel with Twenty-fifth street and 400 feet southerly therefrom, and at Marin street (if extended).

The Board of Supervisors hereby declares that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street improvements.

The Board of Public Works is hereby directed to cause to be conspicuously posted along the street or streets upon which such change or modification of grade or grades is contemplated, notice of the passage of this Resolution of Intention.

Closing and Abandoning a Portion of Adam Street.

Supervisor Welch presented:

Resolution No. 16183 (New Series), as follows:

Closing and abandoning portion of Adam street.

Whereas, This Board has by Resolution No. 16033 (New Series) declared its intention to close and abandon a portion of Adam street, situated in the City and County of San Francisco, State of California, and hereinafter more particularly described; and

Whereas, Proper notice of said Resolution and of said proposed closing and abandonment of said portion of said street was duly given by the Board of Public Works of said City and County by publication and posting in the manner provided by Section 3, Chapter III, Article VI of the Charter of this City and County; and

Whereas, More than ten (10) days have elapsed after the expiration of the publication of said notice, and no objections to the closing and abandonment of said portion of said street were made or delivered to the Clerk of this Board within said period of ten (10) days, or at all; and

Whereas, It is the opinion of this Board that the public interest and convenience will be conserved by the closing and abandonment of said portion of said street; and

Whereas, In and by said Resolution No. 16033 (New Series) this Board did declare that the damages, costs and expenses of closing said portion of said street are nominal and no assessment district is necessary to be formed, and that said damages, costs and expenses should be paid out

of the revenue of the City and County of San Francisco; now therefore be it

Resolved, That said closing and abandonment of said portion of said street be and the same is hereby ordered, and that the said portion of said street be and the same is hereby closed and abandoned as a public street.

That said portion of said street hereinabove referred to is more particularly bounded and described as follows, to-wit:

Commencing at a point where the easterly line of Adam street intersects the southerly terminal line of the southerly termination of Adam street, said point being 162 feet more or less southerly from the southerly line of Army street; thence westerly along the southerly termination of Adam street, 36 feet to the westerly line of Adam street; thence northerly along the westerly line of Adam street 75 feet; thence at right angles easterly 36 feet to the easterly line of Adam street; thence southerly along the easterly line of Adam street 75 feet to the point of commencement.

Be It Further Resolved, That the Clerk of this Board transmit a certified copy of this Resolution to the Board of Public Works and that the Board of Public Works be instructed to proceed thereafter as required by law and the Clerk is hereby directed to advertise this Resolution in the "Daily Journal of Commerce," as required by law.

Resolved, That the following deed of easement or right of way for the Ocean View outlet sewer through and under certain lands of the Ocean Shore Railroad Company, a corporation, the party of the first part, and the City and County of San Francisco, a municipal corporation, the party of the second part, is hereby accepted upon the conditions therein specified; said deed in words and figures following, to-wit:

This Indenture, made this 24th day of September, 1918, by and between Ocean Shore Railroad Company, a corporation organized and existing under and by virtue of the laws of the State of California, party of the first part, and City and County of San Francisco, a public corporation of the State of California, party of the second part,

Witnesseth:

That for and in consideration of the sum of one (1) dollar, lawful money of the United States of America, to the party of the first part paid by the party of the second part, receipt whereof is hereby acknowledged, the party of the first part, has given and conveyed, and by these presents does give and convey, subject to the covenants and conditions hereinafter set forth, unto the party of the second part and its successors, the right or easement to construct, use, maintain, repair and renew an eighteen (18) inch sewer, together with such man-holes and catch basins as may be necessary, over and across certain real property situate in the City and County of San Francisco, State of California, and along a center line described as follows:

Commencing at a point on the southerly line of lot nineteen (19) in block F of Mission Street Extension Homestead, said point of commencement being distant one hundred and thirty-seven and 5/10 (137.5) feet easterly at right angles from the easterly line of Crystal street and one hundred (100) feet northerly at right angles from the northerly line of De Long street; thence northerly and parallel with the easterly line of Crystal street forty-four and 38/100 (44.38) feet; thence deflecting sixty-eight (68) degrees twelve (12) minutes to the left and running westerly one hundred and forty-eight and 9/100 (148.09) feet to a point on the easterly line of Crystal street, distant one hundred and ninety-nine and 38/100 (199.38) feet from the point of its intersection with the northerly line of DeLong street.

Together with the right of ingress thereto and egress therefrom and the right in excavating for the construction or repair thereof temporarily to pile earth and material excavated within ten (10) feet on either side of the said center line.

This conveyance is made expressly subject to the following conditions, and the said party of the second part, by accepting these presents, agrees to comply therewith. Upon breach of the said conditions or of any of them all rights of the said party of the second part hereunder shall cease and determine and shall revert to the party of the first part.

(a) The said sewer, when constructed, shall be so constructed that there shall be at all points at least 24 inches between the top of the sewer and the surface of the ground.

(b) Upon construction of the said sewer the party of the second part shall restore the surface of the ground to the same condition in which it was before the commencement of the work.

(c) The party of the second part shall not leave an open trench or leave earth or other material piled or lying along the said line for more than forty-five (45) days at any one time except with the written consent of the party of the first part.

(d) The party of the second part shall indemnify and save harmless the party of the first part, its successors and assigns, from and against any damage to its real property or to its track, rolling stock, or other property, caused by or in connection with the construction, use, maintenance, repair or renewal of the said sewer or by reason of any breakage thereof from any cause whatsoever.

(e) The party of the first part shall be put to no expense in or about or in connection with the construction, use, maintenance, repair or renewal of the said sewer, and shall be under no liability to the party of the second part for any damage to the said sewer which may be caused by the operation of its railroad as now or hereafter operated.

In witness whereof, the said party of the first part has caused its corporate name to be hereunto subscribed and its corporate seal to be hereunto affixed by its vice-president and secretary thereunto duly authorized, the day and year first above written.

Communication From Mayor Calling the Board in Special Session.

The following communication was read by the Clerk:

Mayor's Office, San Francisco.

San Francisco, Cal., October 23, 1918.
 To the Honorable Board of Supervisors of the City and County of San Francisco
 Gentlemen:

Because the life of every human being in San Francisco is menaced by the epidemic of influenza, which up to last night had claimed 232 lives since October 1st, and because every pos-

sible means must be used to check the spread of this disease, I have called you in special session for the purpose of enacting an ordinance proposed by the Board of Public Health.

From the inception of the epidemic, the Board of Health, its Health Officer, Dr. W. C. Hassler, and each of its employees, has given devoted service along two equally important lines, the care of those already afflicted, and the application of preventive measures to safeguard those not yet sick.

With all obtainable evidence in hand as to the course of epidemics of this disease in other cities, and after taking advice of medical men competent to give weighty opinions, the Board of Health on Monday evening, October 21st, strongly advised the universal wearing of gauze masks covering the nose and mouth as a measure for the protection of the whole public and every member of the population.

Pursuant to the recommendation of the Board of Health, I at that time issued a public proclamation as follows:

"To the People of San Francisco:
 "You are face to face with a deadly epidemic.

"Already it has begun to make its record of death in our city.

"It must be stopped! It is the duty of every person to help stop it.

"The Board of Public Health has left no stone unturned to find the best means of fighting the growing death lists.

"Its word to the public is 'WEAR MASKS'.

"As Mayor, I request every man, woman and child in San Francisco to take this advice of the health authorities.

"Wear these masks and save your lives and those of your children and neighbors.

"The Italian Supreme Command has printed on every gas mask, 'Who leaves this mask behind dies.' You run the chance if you fail your city now and do not wear a mask.

"Masks may prevent half or more of the sickness and death with which we are confronted. Every mask will cut down our possible total of 50,000 cases and 1500 deaths.

"This proclamation has the concurrence of the Board of Public Health, the Red Cross, the State Council of Defense organized labor, organized associations of merchants, charitable organizations and other public bodies.

"Conscience, patriotism and self-protection demand immediate and rigid compliance."

On Tuesday, October 22d, Rear Admiral J. L. Jayne, Commandant of the Twelfth Naval District, called upon me, and in a spirit of most admirable co-operation with the city's efforts to

check the epidemic, issued an order that all personnel of the Twelfth Naval District wear masks in accordance with the proclamation above quoted.

Similar action was promptly taken by Brigadier-General J. F. Morrison, whose co-operation is to be counted upon throughout this emergency.

In response, a large percentage of the civil population at once began the wearing of masks. Soldiers and sailors are wearing them in accordance with orders of their commanders and for their own protection and the safety of others.

It must be noted, with regret, that there are some among the civil population, who, through failure to realize the seriousness of the menacing disease, or, possibly, through captiousness or disregard of the public health, have not complied with the often published directions of the health authorities.

Conditions in San Francisco at this time admit of no trifling or delays in the application of either preventive measures or means of treatment.

If our soldiers and sailors and practically the whole civil population are in masks, the emergency demands action upon the part of the city authorities to compel those who have not voluntarily complied with this regulation to do so at once.

Following a conference with the health authorities, I called you together in this special session, and respectfully request you, upon the grounds above stated, to initiate an ordinance at this time calling for the wearing of masks by all persons in this city.

For your information I beg to add that every possible means known to the authorities is being used in an endeavor to check the spread of this epidemic of influenza and to save the lives of those already stricken. I know that you will co-operate in every way that you can in this situation and have informed the health authorities that the city government will go to the limit of its means to do all that is necessary to safeguard the public.

Respectfully,

JAMES ROLPH, JR.,
Mayor.

Influenza Vaccine to Be Furnished by the City of Boston.

The following was presented, read and ordered spread in the Journal:

San Francisco, Cal., Oct. 24, 1918.
To the Honorable Board of Supervisors of the City and County of San Francisco.
Gentlemen:

A very gracious thing has been done by his Honor Mayor Andrew J. Peters of Boston, and by Dr. Timothy Leary, head of the Leary Laboratories of

Tufts Medical College, and I am asking you to join with me in expressing the city's thanks for this courtesy.

In the fight against influenza, vaccination with a vaccine produced in Dr. Leary's laboratories and now about to be produced in limited quantities here, has proven itself vitally useful.

Our Board of Health, anxious to possess this remedy at the earliest possible moment, and in large quantities, called upon me to seek the assistance of the Mayor of Boston.

I telegraphed him, asking him to help us obtain some share of the output of vaccine, and received an immediate reply pledging assistance.

This morning I received a telegram from Dr. Leary as follows:

"Fifty thousand C. C. vaccine ready for shipment, with approval State Department of Health. Fear delay by express, asking Mayor Waters to furnish messenger to accompany."

This was almost immediately followed by another message, saying:

"Edwin Moore, Mayor's Secretary, leaving Twentieth Century, with fifty thousand C. C. vaccine."

Mayor Peters wires:

"Messenger left Boston today, Twentieth Century, carrying fifty thousand cubic centimeters Dr. Leary's serum, sufficient for seventeen thousand complete prophylactic inoculations. Representative travels from Chicago via Northwestern Railroad, leaving Chicago Friday evening at seven ten."

The Health Officer is deeply gratified that this vaccine is being rushed to our city.

We shall thank Secretary Moore upon his arrival for personally bringing the vaccine to San Francisco, and I now ask you to join me in thanking Mayor Peters and Dr. Leary for this quick response.

Respectfully,

JAMES ROLPH, JR.,
Mayor.

Motion.

Supervisor Hayden moved that it be the sense of the Board that it heartily concurs in the sentiments of appreciation and gratitude expressed by his Honor the Mayor to the Mayor of Boston and Dr. Timothy Leary.

Motion carried.

Public Requested to Wear Masks.

Thereupon, Supervisor Gallagher presented:

Resolution No. 16198 (New Series), as follows:

Whereas, There is now prevalent in the City and County of San Francisco, as well as throughout practically the whole of the United States, an epidemic of so-called "Spanish in-

fluenza" of exceptional violence and virulence; and

Whereas, A very large number of persons are now suffering from said epidemic, and a large number have died therefrom; and

Whereas, In the opinion of the Board of Health, health authorities and physicians generally, a mask covering the nose and mouth serves as an effective means of avoiding contagion, and the spreading of said epidemic; and

Whereas, The Board of Supervisors has this day passed to print an ordinance requiring all persons appearing on the public streets or in any public place or assemblage, or in any place where two or more persons are congregated, except in homes where only the members of the family are present, and every person handling foodstuffs or wearing apparel, to wear a mask over the nose and mouth, except when partaking of meals; now, therefore, be it

Resolved, That the Board of Supervisors does hereby call to the attention of the people of San Francisco the most serious danger confronting the people of this city from said epidemic, and the importance of all persons cheerfully complying with the advice of the Board of Health, health authorities and physicians in general, to wear masks, and the requirements of said ordinance of the Board of Supervisors this day passed to print; be it further

Resolved That the attention of the Chief of Police be called to this resolution and said ordinance, and that all police officers, pending the final adoption of said ordinance, be directed to request and demand all persons not wearing masks to wear the same.

Ordinance Requiring the Wearing of Masks.

The following ordinance was thereupon presented by Supervisor Gallagher:

Bill No. 5068, Ordinance No. — (New Series), entitled, "Providing for the wearing of masks or covering over the nose and mouth by certain persons during the prevalence of the epidemic of the so-called 'Spanish Influenza' and prescribing the penalty for violation thereof."

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. During the period of the epidemic of the so-called "Spanish Influenza" which is now prevalent in the City and County of San Francisco, which for the purpose of this ordinance shall be deemed to exist until proclamation, provided for in Section 2 of this ordinance shall have been issued, every person appearing on the public streets, in any

public place, or in any assemblage of persons or in any place where two or more persons are congregated, except in homes where only two members of the family are present, and every person engaged in the sale, handling or distribution of foodstuffs or wearing apparel shall wear a mask or covering except when partaking of meals, over the nose and mouth, consisting of four-ply material known as butter cloth or of fine mesh gauze, at the four corners of which are attached tape or other fastening so that the mask or covering can be made to firmly cover the nose and mouth, said mask to be not less than five inches in width and seven in length.

Section 2. When the Board of Health shall determine that the said epidemic of Spanish influenza has ceased to exist in the City and County of San Francisco, said Board shall communicate its determination to the Mayor of the City and County of San Francisco, who thereupon shall issue a proclamation to the people of the City and County of San Francisco, proclaiming the fact that the Board of Health has determined that said epidemic has ceased to exist.

Section 3. Every person who shall violate any of the provisions of Section 1 of this ordinance shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than five (\$5) dollars nor more than one hundred (\$100) dollars or by imprisonment in the county jail for a period of not exceeding ten days or by both such fine and imprisonment.

Section 4. This ordinance shall be in force and take effect immediately, and shall remain in force and effect until the date of said proclamation provided for in Section 2 hereof.

Quarantine.

Supervisor Mulvihill presented the following resolution and asked that it be considered with measure presented by Supervisor Gallagher:

Whereas, An infectious disease, known as "Influenza," is now prevalent in the City and County and threatens the health of the entire community; therefore

Resolved, That the Board of Health, by virtue of the authority conferred by Ordinance No. 87, be directed to prevent the further spread of such disease and adopt a rule and order to quarantine every person who neglects or refuses to wear a mask sufficient to prevent infection; also

Resolved, That police officers, as ex-officio health officers, be directed to quarantine all persons neglecting or refusing to wear a mask as herein prescribed, or as prescribed by the Board of Health, and that such quarantine shall be effected by detaining

such person in a suitable place, to be provided by the Board of Health, or by conveying him to his home to be there detained until he complies with such orders or the danger of infection is past.

Privilege of the Floor.

Dr. Hassler, Health Officer, declared that the mask should be made of butter cloth, fine mesh, 5 x 7 inches in size, or of fine gauze. He did not approve promiscuous making of masks, but recommended those made by the Red Cross.

Supervisor Schmitz declared that he had strong personal ideas as to the efficacy of wearing masks, but that, of course, he had no intention to oppose any legislation that those responsible for public health decreed necessary. "I will vote for the ordinance."

Passed for Printing.

Whereupon, the foregoing ordinance presented by Supervisor Gallagher, was *passed for printing* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—15.

Absent—Supervisors Hynes, Power, Wolfe—3.

Arthur Barendt, President of the Board of Health, being called upon, declared that there was no question in his mind as to the efficacy of wearing a gauze mask in combating the influenza. The astounding results obtained by the use of the mask in army camps and navy yards should satisfy us of that. "Dr. Horgan, of the Mare Island Navy Yard," he said, "told us at the conference yesterday that the disease had been almost entirely stamped out at Mare Island by the use of the mask. The same thing has been demonstrated by the use of the mask in the army camps where the disease has all but disappeared." He declared that the Board of Health wanted the power to quarantine persons who were a menace to public health.

Rev. John Rogers, pastor of St. Patrick's Church, was granted the privilege of the floor and declared that he was in attendance on behalf of the Roman Catholic Archbishop, to tender the use of St. Vincent's School and Convent at Fifth and Clementina streets, with nine Sisters of Charity in charge, to care for children afflicted with the disease. He called attention to the prevalence of the epidemic in the south of Market street districts and the difficulty of people, on account of poverty, to properly care for the children where the parents had become afflicted.

His Honor the Mayor thanked Father Rogers for his offer and referred him to the Health Officer.

Dr. Hassler thanked Father Rogers for the offer of the school and the assistance of the Sisters. He declared that up to this time they had no place to care for children and that without doubt he would take over the school tomorrow for that purpose, after a conference with Mr. Gregory.

In reply to one of the members, *Dr. Hassler* declared that, contrary to belief among some people, smoking is not a disinfectant in the case of influenza. "The germ," he said, "is normally present in the nose and throat. When it becomes active and is breathed into the lung it is virulent."

"While it is too soon to say what good the wearing of masks has done," he said, "it is worthy of note that for the last three days during which the use of masks has been more general there has been a decrease in the number of cases and in the number of deaths. The number of cases has been reduced from 1200 yesterday at noon to 900 today at noon, and the deaths from 73 yesterday to 19 today at this time. How long the epidemic will last depends altogether on the individual. If each individual does not comply with proper regulations it may not be one month or two months, but many months."

"Alcohol is a heart depressant and has no value in combating the disease. Swimming baths are not dangerous. The danger is from breathing the atmosphere of an affected person. Cleanliness, rational habits of exercise and eating and personal hygiene afford the best conditions of preservation of health."

Mrs. Deane representing various women's clubs of San Francisco, was granted the privilege of the floor. She declared that she did not believe in wearing masks, but that she would comply with the request of the health authorities. She decried the use of the words "raging disease" as describing conditions in San Francisco. She declared that it would seriously injure the good name of the city. She suggested the closing of saloons.

Resolution Adopted.

Whereupon, the resolution heretofore presented by Supervisor Gallagher was *adopted* by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—15.

Absent—Supervisors Hynes, Power, Wolfe—3.

Referred to Health Committee.

The following resolution was presented by Supervisor McLeran and referred to Health Committee:

Resolved, That all owners of office buildings be requested not to permit anybody to enter elevators without a mask; that the United Railroads be requested to instruct all its employees not to permit any patron to enter the cars without a mask; that the superintendent of the Municipal Railway be likewise instructed to insist upon and prevent its patrons from entering the cars without a mask; that the managers of stores be requested to instruct their employees not to wait on customers who are not provided with masks, and that the railway company be requested to prevent anyone entering the ferry boats or trains unless wearing a mask.

The passing of this resolution is in line with the desire of the Supervisors to aid and assist the duly constituted health authorities in their strenuous efforts to stamp out the present epidemic of Spanish influenza.

Whereupon, the resolution heretofore presented by Supervisor Mulvihill was also ordered referred to Health Committee.

Information Concerning Influenza.

His Honor the Mayor declared that he had just received the following letter from the president of the Board of Education and asked the Clerk to read it:

October 21, 1918.

Hon. Jas. Rolph Jr., Mayor, San Francisco—

My Dear Mayor:

This morning at the Red Cross headquarters at No. 30 Montgomery street Mrs. J. B. Casserly handed me the enclosed folder entitled, "Information Concerning Influenza." She stated that she thought one should be placed in every home in San Francisco, but she understood that the Health Department did not have money enough to pay for furnishing and distributing same. I hasten to send the folder to you, thinking that this might be a good way of utilizing a few dollars from the Emergency Fund of the Board of Supervisors. If no other medium of distribution could be had I suggest that the battalion chief in every district of the Fire Department might have them distributed from house to house in that district by the members of his station, who, no doubt, will gladly volunteer for the service.

Very respectfully yours,

GEO. E. GALLAGHER,

President Board of Education.
(Enclosed—Pamphlet.)

Referred to Finance Committee.

Whereupon, the foregoing communication was ordered referred to Finance Committee, with full power to act.

Supervisor McSheehy suggested that the ordinance be also printed in connection with the circular referred to.

So ordered.

Street and Sewer Cleaning.

Supervisor Welch raised the question of sprinkling and cleaning of streets. He declared that now more than any other time, when people were throwing open their windows for sunshine and fresh air, the streets should be well cleaned and sprinkled.

Mayor Rolph replied that every sewer in San Francisco had been cleaned and that the streets were never in better condition. At the health conference yesterday, he said, the medical authorities were unanimous that the condition of the sewers had nothing to do with the disease. This talk about cleaning the sewers with salt water was nothing but politics. Drs. Hutchinson and Hall of the Red Cross say something must be done to have politics eliminated.

Dr. Hassler—Dr. Hutchinson, who has traveled all the way from the East, say that San Francisco's streets are the cleanest in the country.

Edw. Rainey, secretary to the Mayor, declared that about ten days ago the Chief of the Fire Department suggested cleaning the sewers with salt water, but the Health Department advised that there was no relation between the sewers and the influenza. President Reardon of the Board of Public Works says the sewers were never cleaner. Dr. Woods Hutchinson said: "You might just as well watch the changes of the moon for all the good it will do," and Dr. Ebright says, "It will be just so much lost motion that might be applied advantageously in another direction."

Auditorium Offered to Board of Health and Red Cross.

Supervisor Hayden presented:

Resolution No. 16199 (New Series), as follows:

Resolved, That the Exposition Auditorium be placed at the disposal of the Board of Public Health and the Red Cross for such use as they deem necessary in this emergency, caused by the epidemic of Spanish influenza now raging in our city.

Adopted by the following vote:

Ayes—Supervisor Brandon, Deasy, Gallagher, Hayden, Hilmer, Hooks, Kortick, Lahaney, McLeran, Mulvihill, McSheehy, Nelson, Schmitz, Suhr, Welch—15.

Absent—Supervisors Hynes, Power, Wolfe—3.

Commendation of Health Authorities.

His Honor the Mayor heartily commended the health authorities, Drs. Hassler and Broderick, for their splendid work in combating the spread of the disease.

ADJOURNMENT.

There being no further business, the Board, at 3:45 p. m., adjourned.

JOHN W. ROGERS,
Acting Clerk.

Approved by the Board of Supervisors October 28, 1918.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates, thereon stated, and approved as above recited.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, OCTOBER 28, 1918, 2 P. M.

In Board of Supervisors, San Francisco, Monday, October 28, 1918, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Schmitz, Welch, Wolfe—14.

Absent—Supervisors Brandon, Hillmer, Power, Suhr—4.

Quorum present.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNALS.

The Journals of Proceedings of October 21 and 24, 1918, were considered, read and approved.

ROLL CALL FOR PETITIONS AND COMMUNICATIONS FROM MEMBERS.

Los Angeles Constitutional Amendment Endorsed.

Supervisor Gallagher presented:

Communication—From Board of Supervisors of Los Angeles County, requesting favorable vote on Constitutional Amendment No. 67 permitting the people of Los Angeles County to vote on the transfer of certain funds now on hand to replace funds spent in former years.

Whereupon, the following resolution was presented by Supervisor Gallagher and adopted by the following vote:

Resolution No. 16200 (New Series), as follows:

Resolved, That the membership of the several departments of this municipality, as well as the citizens of the City and County of San Francisco, are requested to give favorable approval to Constitutional Amendment No. 7 on the ballot, which is a measure purely within the operation of the legal usages of Los Angeles County, and upon which that county has appealed through its constituted officers for assistance.

Further Resolved, That his Honor the mayor and the Clerk of this Board of Supervisors are requested to trans-

mit a request to every department to help in this matter.

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Welch, Wolfe 14.

Absent—Supervisors Brandon, Hillmer, Power, Suhr—4.

Request for Sewer Cleaning.

Supervisor Hayden presented:

Communication—From Geo. A. Desenfant, requesting that manhole at intersection of Thirty-second avenue and California street be thoroughly cleaned at least once every month.

Read by Clerk.

Temporary Appointment, Light and Water Inspector.

The Clerk read:

Communication—From Civil Service Commission, advising that there is no eligible list for Assistant Light and Water Inspector, and authorizing temporary appointment for 30 days.

Whereupon, Supervisor Nolan presented:

Resolution No. 16201 (New Series), as follows:

Whereas, The Civil Service Commission is unable to furnish the name of a person from the eligible lists to fill the vacancy in the position of Assistant Light and Water Inspector, caused by the leave of absence heretofore granted to E. Ellison by Resolution No. 16159 (New Series), and said Commission permits the filling of such vacancy by temporary appointment, now, therefore, be it

Resolved, That Edward W. Haughy is hereby temporarily appointed Assistant Light and Water Inspector from and after November 1, 1918.

Motion.

Supervisor Gallagher moved reference to Finance Committee.

Motion lost by the following vote:

Ayes—Supervisors Gallagher, McLeran—2.

Absent—Supervisors Brandon, Hillmer, Power, Suhr—4.

Adopted.

Whereupon, the foregoing resolution was adopted by the following vote:

Ayes—Supervisors Deasy, Hayden, Hocks, Hynes, Kortick, Lahaney, McSheehy, Mulvihill, Nelson, Schmitz, Welch, Wolfe—12.

Noes—Supervisors Gallagher, McLeran—2.

Absent—Supervisors Brandon, Hilmer, Power, Suhr—4.

Conversion of 4 Per cent Liberty Bonds.

The following was presented and read by the Clerk:

Oct. 28, 1918.

To the Honorable Mayor of the City and County of San Francisco, and Members of the Board of Supervisors—

Gentlemen:

On April 19, 1918, I addressed a communication calling your attention to the option of conversion of bonds.

Our municipality possesses \$600,000 4 per cent Liberty Bonds subject to this privilege. I again wait your instructions as to whether or not your honorable Board desires the Treasurer to make the necessary arrangements to have the above bonds converted into the 4½ per cent issue. This privilege expires November 9th, 1918.

No time should be lost in making this exchange if, in the judgment of your honorable Board it will be more profitable to the City to do so.

Respectfully yours,

JOHN E. McDOUGALD,

Treasurer, City and County of San Francisco.

Referred to Finance Committee.

REPORTS OF COMMITTEES.

Reports from the following committees were received and ordered filed:

Supplies Committee, by Supervisor Hilmer, Chairman.

Fire Committee, by Supervisor Deasy, Chairman.

Joint Committee, Commercial Development and Streets, by Supervisor Kortick, Chairman.

HEARING OF APPEAL.

Caselli Avenue.

The appeal of Mrs. E. Slettinger from the assessment issued by the Board of Public Works for the improvement of Caselli avenue between Falcon and Corbett avenues, fixed for 3 p. m. this day, was, on motion of Supervisor Welch, laid over one week.

In Memoriam.

Supervisor Nelson presented:

Resolution No. 16221 (New Series), as follows:

Whereas, In the prime of his life and in all the vigor of his manhood, former Supervisor William Pugh, genial friend, true and worthy citizen of San Francisco, has been called by the grim hand of death and has answered the final summons that must come to us all;

Resolved, That this Board of Supervisors, out of respect to his memory and in sadness and sorrow, extend its condolences to the family of the deceased, commiserating them on a loss so great and so untimely of one whose genial character and loving nature endeared him to all;

Resolved, Further, That this resolution be engrossed on the minutes and a copy sent to the family and relatives of the deceased.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Welch, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Power, Suhr—4.

Supervisor Nelson presented:

Resolution No. 16222 (New Series), as follows:

Whereas, Our Chief Assistant Clerk, John W. Rogers, mourns the loss of a dear brother, a man of splendid character, prominent and active in the social and civic life of our City, and one whose upright character won the respect and admiration of all who knew him;

Resolved, That this Board of Supervisors extends its sincere sympathy to John W. Rogers and to the family of the deceased at the loss of their dear one, trusting that the Almighty Father in His infinite mercy will assuage the grief of those who mourn for a loss so irreparable;

Further Resolved, That these resolutions be engrossed on the minutes and a copy sent to the family of the deceased.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Welch, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Power, Suhr—4.

Extension of Time.

Supervisor Welch presented:

Resolution No. 16220 (New Series), as follows:

Resolved, That Thos. A. Clark is hereby granted an extension of sixty days' time from and after November 14, 1918, within which to complete contract for the improvement of Fout avenue between Clarendon avenue and Pemberton place.

This first extension of time is granted upon the recommendation of the Board of Public Works for the reason that the contractor has been delayed on account of scarcity of materials; the work is completed with the exception of the brick and asphalt covering.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Deasy, Gallagher,

Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Welch, Wolfe—14.

Absent—Supervisors Brandon, Hilmer, Power, Suhr—4.

Cleaning Sewers With High Pressure System.

Supervisor Schmitz presented:

Resolution No. — (New Series), as follows:

Whereas, A large number of our citizens are alarmed because of their belief that our high pressure salt water system is a failure and not in a condition to be used in the event of a great fire, and

Whereas, It is of the highest importance to ease the minds of our citizens by demonstrating beyond peradventure that our high pressure system is a success; therefore be it

Resolved, That the Board of Public Works be and is hereby instructed and directed to use our high pressure system for the flushing of our streets and sewers with salt water at the earliest possible moment.

His Honor Mayor Rolph, addressing himself to the resolution, declared that all this agitation for the use of the Auxiliary Water System for flushing sewers with salt water was the work of Michael Henri de Young and his San Francisco Chronicle, whose purpose is to discredit this administration in the eyes of the public.

"There is no one more despicable than the man who tries to destroy one's usefulness because he does not agree with him. He is telling the citizens of this city that because we will not fill the high pressure water system with salt water and flush the streets and sewers that we are not doing our duty, and that the high pressure system is no good. This, in face of the fact that the Board of Health has told us that salt water in the streets is no better than the fresh water that we are using.

"I do not want to get onto this subject. When I do I want a big hall with 20,000 people in it in order to do the subject justice. As a Red Cross director, de Young voted against the expenditure of \$50,000 by the Red Cross to fight the influenza.

"De Young is a cowardly cur. He has a grudge against W. B. Bourn and the Spring Valley Water Company, and every time water is mentioned he sees red. It galls de Young because Bourn gets \$2.50 a month from the city for the fire hydrants.

"It galls him because I would not give him park commission appointments. His work is destructive and he has nothing but abuse for those whom he cannot control.

"He told the Red Cross people that this Board of Supervisors could not

be depended upon to purchase the beds now being installed in the new buildings in the Civic Center. Yet we have worked and done everything possible to assist every health measure that has been proposed in this emergency."

Supervisor Gallagher said:

"What's the use of filling the high pressure system with salt water in order to satisfy the curiosity of de Young and his Chronicle? The Board of Health says that we might as well watch the changes of the moon as to put salt water on the streets so far as any effect it will have on the influenza. De Young does not care about the Board of Health, nor anyone else, nor about the truth."

Whereupon, the foregoing resolution was ordered referred to *Health Committee and Mayor*.

Advertising Proposed Charter Amendments.

His Honor the Mayor asked what steps were being taken to place the proposed Charter Amendments before the people in an intelligent light.

Supervisor McLeran declared that City Engineer's office was preparing arguments for its proposed amendments and that the Mayor is to prepare his statement of Soldiers' Dependents' Relief. He suggested that pamphlets be printed and distributed from door to door.

Supervisor McSheehy suggested that the party that went to Hetch Hetchy

prepare a report of their trip and include it in the pamphlet.

Supervisor McLeran moved that arguments carrying the approval of this Board and the Mayor be prepared for Amendments Nos. 26, 38, 39, 40 and 41 by the Finance and Publicity Committees.

Motion carried.

Supervisor McLeran moved that the City Attorney prepare argument for Amendment No. 27.

Motion carried.

Supervisor Gallagher moved that Labor Council argument for Amendment No. 35 be included in the pamphlet.

Supervisor Hayden moved that any citizen who might wish be permitted to print alongside of Labor Council argument an argument in opposition to the proposed amendment.

Supervisor McLeran declared that he would accept through Supervisor Hayden any argument that might be presented in opposition.

Whereupon subject matter was left to Mayor and Finance Committee, with full power to act and print arguments in Municipal Record.

ADJOURNMENT.

There being no further business, the Board, on motion of Supervisor Gallagher, at 6:30 p. m., adjourned, to meet again Thursday, October 31, 1918.

JOHN W. ROGERS,
Acting Clerk.

Approved by the Board of Supervisors, November 4, 1918.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

THURSDAY, OCTOBER 31, 1918, 2 P. M.

In Board of Supervisors, San Francisco, October 31, 1918, 2 p. m.

The Board of Supervisors met pursuant to adjournment.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McSheehy, Nelson, Schmitz, Welch, Wolfe--14.

His Honor Mayor Rolph presiding.

Mask Ordinance.

The following bill, heretofore passed for printing, was taken up:

Bill No. 5068, Ordinance No. 4710 (New Series), entitled, "Providing for the wearing of masks or covering over the nose and mouth of certain persons during the prevalence of the epidemic of the so-called 'Spanish Influenza' and prescribing the penalty for a violation thereof."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. During the period of the epidemic of the so-called "Spanish Influenza" which is now prevalent in the City and County of San Francisco, which, for the purpose of this ordinance, shall be deemed to exist until proclamation, provided for in Section 2 of this ordinance, shall have been issued, every person appearing on the public streets, in any public place, or in any assemblage of persons or in any place where two or more persons are congregated, except in homes where only the members of the family are present, and every person engaged in the sale, handling or distribution of foodstuffs or wearing apparel shall wear a mask or covering, except when partaking of meals, over the nose and mouth, consisting of four-ply material known as butter cloth or of fine mesh gauze, at the four corners of which are attached tape or other fastening so that the mask or covering can be made to firmly cover the nose and mouth, said mask to be not less than five inches in width and seven in length.

Section 2. When the Board of Health shall determine that the said epidemic of Spanish Influenza has ceased to ex-

ist in the City and County of San Francisco said Board shall communicate its determination to the Mayor of the City and County of San Francisco who thereupon shall issue a proclamation to the people of the City and County of San Francisco proclaiming the fact that the Board of Health has determined that said epidemic has ceased to exist.

Section 3. Every person who shall violate any of the provisions of Section 1 of this ordinance shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than five (\$5) dollars nor more than one hundred (\$100) dollars or by imprisonment in the county jail for a period of not exceeding ten days or by both such fine and imprisonment.

Section 4. This ordinance shall be in force and take effect immediately, and shall remain in force and effect until the date of said proclamation provided for in Section 2 hereof.

Privilege of the Floor.

Edw. Rainey, Secretary to the Mayor, being called upon, addressed the Board. He said, in part: "The epidemic became serious about October 6. From that time until October 26 the number of daily cases increased from 262 to 2,004. This was the first city to inaugurate the use of the mask. Your Health Officer, Dr. Hassler, recommended it and it was enacted into an ordinance. Since this was done one town in South Carolina and the cities of Seattle and Portland have followed our example and today the clerks of San Luis Obispo and Burlingame have written asking for copies of our ordinance, intending to follow suit in their towns. On the night of the 21st of October the Board of Health held a meeting attended by eminent doctors, and as a result Mayor Rolph issued a proclamation asking the people to wear gauze masks. Ads were also put in all the papers urging the wearing of masks to prevent the spread of the epidemic. On the 22d and 23d the people gradually put on the masks and the epidemic immediately began to decline. Five days after the first masks were worn the new cases had declined 50 per cent. Dr. Woods Hutchinson has asked that the President of the United States be advised of the bene-

ficial effect of the wearing of masks in this city. The patients at the Tuberculosis Hospital were required to mask immediately when it was found that the epidemic was in San Francisco and it is a singular instance of the efficiency of the mask that there has not been one case of the 'flu' among the inmates."

Motion.

Supervisor Wolfe moved that the Mayor be requested to comply with the suggestion of Dr. Hutchinson and advise the President of the United States and other interested officials of the results obtained in San Francisco by wearing gauze masks.

Supervisor Gallagher said, in part: "A number of doctors and nurses declined to wear masks and the result was fatal in many instances. At Mare Island seven out of ten who had refused to wear masks were taken down. Four doctors in San Francisco who refused to wear masks are dead. A Christian Science woman who refused to wear the mask took ill and died in two days.

"One thing that must be overcome is the dread the people have of the danger of infection; it is almost impossible to get women to nurse those who have been stricken. Whole families are down with the disease and none of the neighbors will go near them. If proper care could be had I am sure many lives would be saved. The Health Department is going the limit to crush the epidemic and it has been assured by the Mayor and the chairman of the Finance Committee that we are behind them to the finish."

Supervisor Hayden: "With reference to the difficulty of getting women to nurse the sick, I can tell of a case in point. I offered the services of myself and machine to the Red Cross and Catholic Humane Bureau and was assigned to take the nuns belonging to the society known as the 'Helpers of the Holy Souls' around to the different afflicted families who had no one to help them. We went into the homes in the Bernal Heights District and in one Italian home the entire family—father, mother and four children—were laid up and could not help one another. The temperatures of the children were very high and none of the neighbors would go near them. They received no assistance until these nuns came. These ladies wash, clothe, feed and administer medicine to the afflicted and too much cannot be said for them. I stayed there until 6 o'clock yesterday. Miss Agnes Regan, School Director, was in the Bernal Heights District and she got nurses to stay during the night and administer medicine. I believe they saved lives and that similar care would save many more lives. I think if a proclamation

were issued by you, Mr. Mayor, to the women of San Francisco that it would be very effective and I will make a motion to take effect at the proper time."

Supervisor Gallagher: "I wish to add a word to what I have said for the good work of the nuns at St. Peter's parish, who are helping the sick in the Mission District. They were everywhere and did not seem to fear anything. At a conference in Father Yorke's house last night he asked me if ever I get a chance to say a word in his behalf in praise of the Board of Health and the splendid work it is doing, to say that so far as they are concerned that the service of the Board of Health and of the Red Cross could not be better. He could not say too much for their great work."

Supervisor McSheehy read a clipping from a newspaper calling attention to the merits of "Coaguline," a new discovery by the medical authorities at Camp Fremont. It is claimed to be a positive cure for pneumonia.

Motion Carried.

Whereupon, the question being taken on Supervisor Wolfe's motion that the President be advised of the efficacy of the gauze mask, the same was carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McSheehy, Nelson, Schmitz, Welch, Wolte—14.

Absent—Supervisors McLeran, Mulvihill, Power, Suhr—4.

Mask Ordinance.

Whereupon, the following bill, heretofore passed for printing, was taken up and finally passed by the following vote:

Bill No. 5068, Ordinance No. 4610 (New Series), entitled, "Providing for the wearing of masks or covering over the nose and mouth by certain persons during the prevalence of the epidemic of the so-called 'Spanish Influenza' and prescribing the penalty for a violation thereof."

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. During the period of the epidemic of the so-called "Spanish Influenza" which is now prevalent in the City and County of San Francisco, which, for the purpose of this ordinance, shall be deemed to exist until proclamation, provided for in Section 2 of this ordinance, shall have been issued, every person appearing on the public streets, in any public place, or in any assemblage of persons or in any place where two or more persons are congregated, except in homes where only the members of the family are present, and every person engaged in the sale, handling or distribution of foodstuffs or wearing apparel shall wear a mask or covering except when

partaking of meals, over the nose and mouth, consisting of four-ply material known as butter cloth or of fine mesh gauze, at the four corners of which is attached tape or other fastening so that the mask or covering can be made to firmly cover the nose and mouth, said mask to be not less than five inches in width and seven in length.

Section 2. When the Board of Health shall determine that the said epidemic of Spanish Influenza has ceased to exist in the City and County of San Francisco said Board shall communicate its determination to the Mayor of the City and County of San Francisco, who thereupon shall issue a proclamation to the people of the City and County of San Francisco proclaiming the fact that the Board of Health has determined that said epidemic has ceased to exist.

Section 3. Every person who shall violate any of the provisions of Section 1 of this ordinance shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than five (\$5) dollars nor more than one hundred (\$100) dollars or by imprisonment in the county jail for a period not exceeding ten days or by both such fine and imprisonment.

Section 4. This ordinance shall be in force and take effect immediately, and shall remain in force and effect until the date of said proclamation provided for in Section 2 hereof.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McSheehy, Nelson, Schmitz, Welch, Wolfe—14.

Absent—Supervisors McLeran, Mulvihill, Power, Suhr—4.

Appreciation of "Influenza Serum."

The following was presented and read by the Clerk:

Resolution No. 16223 (New Series), as follows:

Whereas, at the telegraphic request of the Mayor of the City and County of San Francisco to be furnished with a quantity of the serum used to combat the so-called Spanish Influenza, the Mayor of the City of Boston obtained and without delay transmitted by special messenger 50,000 units of such serum, which has been of incalculable value in checking the spread of the disease; therefore,

Resolved, That the sincere thanks of this City, represented by its Mayor and Board of Supervisors, be given to Honorable Andrew J. Peters, Mayor of the City of Boston, and to Edward E. Moore, his secretary, who personally brought his precious burden to this city, for their generous and timely action, and that the readiness and efficiency displayed in meeting the appeal of San Francisco is received with feelings of appreciation and gratitude.

Mayor Rolph declared that San Fran-

cisco was the distributing center for the Leary vaccine, that quantities of it had been sent to Sacramento and to San Diego and that last night a patient of Dr. Beatty's in San Jose received a quantity of the vaccine, delivered by a motor policeman who got there in three-quarters of an hour from this city. Dr. Hassler said it was a life saver. All medical papers are agreed that it is a prophylactic, although not fully satisfied as to its therapeutic qualities. "I think so much of the act of the Mayor of Boston," said Mayor Rolph, "that I went into Shreve's and got the very best gold watch I could buy and presented it in grateful appreciation to Edward E. Moore, secretary to the Mayor of Boston, and I sent to Mayor Peters of Boston, as a recognition of his gracious act, a fine gold-headed cane."

Communication.

A communication from the American Bronze Corporation, E. G. Anderson, manager, New Jersey, addressed to Jas. Rolph, Jr., was presented by his Honor the Mayor and read by the Clerk. The letter set forth the efficacy of gauze masks in fighting influenza among the employees of that corporation.

Adopted.

Whereupon, the following resolution was adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McSheehy, Nelson, Schmitz, Welch, Wolfe—14.

Absent—Supervisors McLeran, Mulvihill, Power, Suhr—4.

Communications From Health Authorities Relating to Flushing Sewers With Salt Water.

The following communications were presented by his Honor the Mayor and read by the Clerk:

October 30, 1918.

Hon. James Rolph, Jr., Mayor, and the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

In light of the controversy that has arisen over the advisability or inadvisability of using salt water, through the medium of the high pressure mains, to flush the streets and sewers of San Francisco during the present epidemic of influenza, it gives the undersigned pleasure to comply with your request that we set forth our opinion, already given you orally on numerous occasions, in the matter at issue.

The flushing of the streets and sewers will have no direct effect in lessening the influenza epidemic, for the reason that the germs of the disease are transmitted directly from person to person through droplets from the nose and mouth of the one afflicted, and be-

cause the radius of infection does not extend beyond the expectorating line.

At all times the Board of Public Works keeps the sewers of this city in an eminently satisfactory condition, from a sanitary viewpoint. The flushing of the streets and sewers being carried on is a thorough cleansing. Its value lies in the fact that surplus dust and dirt are removed, thus lessening the possibility of an irritation of the mucous membranes of the nose and throat.

In this work fresh water is quite as satisfactory, from the standpoint of sanitation, as salt water. Attention might be called to the fact that influenza has been raging among the crews of ships at sea, where salt water entirely surrounds them and where it is used constantly in the washing down of decks. In a word, it is our professional opinion that the value of salt water over fresh water in fighting the epidemic of influenza is nil.

It is well known that the flushing of San Francisco's streets and sewers with salt water from the high pressure mains would entail the expenditure of a large sum of money. We earnestly advise against such an expenditure on the ground that it is not justified and that the money could be used to much greater advantage in providing relief for the sick and needy.

Respectfully yours,

ARTHUR H. BARENDT,

President of the Board of Health, City and County of San Francisco.

WILLIAM C. HASSLER,

Health Officer, City and County of San Francisco.

California State Board of Health, Office of the President, 209 Post Street, San Francisco.

October 30, 1918.

Mayor James Rolph, San Francisco.

Dear Sir: In reply to your inquiry in regard to the efficiency of salt water over fresh water in regard to flushing sewers desire to say that there is no advantage of one over the other. Allow me to state further that it is the opinion of sanitarians that the condition of sewers has nothing to do with the present epidemic.

Yours very truly,

GEORGE E. EBRIGHT,

President California State Board of Health.

His Honor the Mayor said that if it was found necessary, Chief Murphy of the Fire Department had advised him, that as soon as the members of that department who are on the sick list report for duty he will test the Auxiliary Fire System.

T. Reardon, President of the Board of Public Works, declared that ten days before any of this agitation for flushing the sewers with salt water had arisen he had taken the matter up with

Chief Murphy. There are now, he said, approximately eighty men engaged in sewer-cleaning.

Supervisor Schmitz said that the point raised by his resolution was that fresh water was so scarce that it should be conserved.

His Honor Mayor Rolph declared that there were seventy miles of high pressure pipes in San Francisco filled with fresh water and if there is to be a salt water test all the fresh water will be wasted. This, he said, is simply a fight between M. H. De Young and Wm. Bourn and emanates from the Taxpayers' Association.

Whereupon, the foregoing communications were ordered referred to the *Health Committee*.

Hand Laundry Permit.

The following resolution, heretofore passed for printing, was taken up and finally passed by the following vote:

Resolution No. 16171 (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, is hereby granted Jean P. Urrere to maintain a hand laundry at 536 Castro street.

The rights granted under this resolution shall be exercised within six months, otherwise said permit becomes null and void.

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Korkick, Lahaney, Nelson, Welch, Wolfe—11.

Noes—Supervisors Brandon, Schmitz—2.

Excused from voting—Supervisor McSheehy—1.

Absent—Supervisors McLeran, Mulvihill, Power, Suhr—4.

Garbage Disposal.

T. Reardon, President of the Board of Public Works, appeared and called attention to a grave situation in the matter of disposing of the city's garbage. He declared that owing to the epidemic the Sanitary Reduction Works was obliged to shut down. Out of fifty-six employees only eleven showed up for work. As a result the clinkers have not been cleaned from the furnace for several days and the garbage is piled up in the plant. We are spending \$150 per day in a temporary arrangement to handle this garbage. We are here for an appropriation to take care of this necessary work.

Supervisor Wolfe said the danger from this epidemic should not be added to by a failure to properly handle this garbage situation. He was in favor of appropriating money out of any available fund to meet the exigency.

Mayor Rolph—Attempts are being made to befuddle the minds of the public by saying that the Board of Super-

visors is not putting forth any efforts to handle the present situation. The Board of Health through me and by your agreement has gone the limit fighting and crushing this epidemic. This garbage matter is a part of our fight and you need \$15,000 to handle it. Let it be understood that any money needed will be forthcoming.

Supervisor Kortick—The Finance Committee will provide the necessary amount of money to meet this situation. The committee meets tomorrow and the garbage question will be taken up at that time. Mr. Reardon, go ahead; the Finance Committee will take care of you and the whole Board will be behind you.

A. Judell, Board of Public Works Commissioner—The existing condition should be understood. Wagons loaded down with garbage are all lined up along Jerrold avenue as far as the Municipal Railway tracks. Until these are unloaded no more garbage can be collected. We want the privilege of dumping over the entire area and also an appropriation for a steam shovel to cover with dirt the garbage that is being dumped. In answer to a suggestion of his Honor the Mayor that a clam shell dredger be employed, he gave it as his opinion that it would be too costly and impracticable as well, since the dredger would have to be hauled overland.

Supervisor Hynes read a letter from a lady who complained that the garbage man had refused to take away the garbage and that no other garbage

man would handle it. He wanted to know what could be done about it. His Honor the Mayor offered to investigate and report.

T. Reardon, declared that everything was going along nicely at the dump until someone began to charge the scavengers \$1.20 per load. Then they began to dump everywhere. We have no power to stop the collection of this fee; we have nothing to do with it.

A. Judell estimated the amount required to meet the present emergency at \$2,000; \$1,000 for dirt and \$1,000 for covering. Other contingencies, he said, will require more money.

Supervisor Brandon moved that it be the sense of the Board that the Finance Committee recommend the appropriation of \$2,000 out of the Urgent Necessity Fund to take care of the situation.

Motion carried by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McSheehy, Nelson, Schmitz, Welch, Wolfe—14.

Absent—Supervisors McLeran, Mulvihill, Power, Suhr—4.

R. Schmidt, being called upon, declared that he would submit a proposition by next Monday's meeting to take care of the present situation.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:35 p. m., adjourned.

JNO. W. ROGERS,
Acting Clerk.

Approved by the Board of Supervisors November 18, 1918.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John W. Rogers, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

Ambulance Chassis for Board of Health.

November 4, 1918.

Board of Supervisors, City Hall, San Francisco, Cal.

Gentlemen:

The Board of Health has been seriously handicapped during the recent epidemic in the handling of its cases for transfer to hospitals because of defective ambulances.

We would respectfully ask that ar-

rangements be made for the purchase of at least two new chassis to which may be transferred the newly built ambulance bodies now in use on other running gear. We believe this purchase would not only be a saving of money, but afford better facilities for the performance of our work.

Respectfully,

BOARD OF HEALTH,

Per Wm. C. Hassler,

Health Officer.

Referred to Finance Committee.

HEARING OF APPEAL.

Caselli Avenue.

The appeal of Mrs. E. Slettinger from the assessment issued by the Board of Public Works for the improvement of Caselli avenue between Falcon and Corbett avenues, fixed for 3 p. m. this day, was taken up.

Appeal Sustained.

Whereupon, Supervisor Walsh presented:

Resolution No. 16224 (New Series), as follows:

Resolved, That the appeal of Mrs. E. Slettinger from the assessment issued by the Board of Public Works for the improvement of Caselli avenue between Falcon and Corbett avenues be sustained and the Board of Public Works be directed to issue a new assessment.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—15.

Absent—Supervisors Brandon, Power, Wolfe—3.

REPORTS OF COMMITTEES.

Reports from the following committees were received and ordered filed:

Supplies Committee, by Supervisor Hilmer, Chairman.

Fire Committee, by Supervisor Deasy, Chairman.

Streets Committee, by Supervisor Welch, Chairman.

Report of T. B. McGuinness on Oakland Land Show, together with vouchers for money expended, was read and ordered filed.

Board of Health Committee on Flushing Sewers With Salt Water.

The following was presented and read by the Clerk and ordered filed:

San Francisco, November 4, 1918.
Board of Supervisors.

Gentlemen: Your Health Committee respectfully reports that it met on Friday afternoon, November 1, 1918, with his Honor Mayor Rolph, President Beardon of the Board of Public Works and Chief Murphy of the Fire Department, and Supervisor Gallagher, and gave careful consideration to the resolution referred to it, directing that the high pressure system be used for flushing the streets and sewers with salt water.

It developed that the use of the system for that purpose would entail an expenditure of more than a thousand dollars and would have no effect in abating the influenza epidemic, the medical authorities being agreed that the disease is transmitted directly from person to person through emission from the nose and mouth of the one afflicted.

If the purpose of the resolution was to convince certain critics of the system that it is in perfect condition and ready for any emergency an increased expenditure would follow as it would be necessary to empty the reservoirs of fresh water and refill them with bay waters pumped through the mains. This would entail an expenditure of probably four or five thousand dollars.

Mayor Rolph and Chief Murphy were of the opinion that this would be a needless expenditure of public money, inasmuch as the system has been used at 85 fires during the past year and rendered perfect service.

The Committee was unable to agree upon a recommendation, Supervisors Hayden and Schmitz voting in favor of the resolution and Supervisors Lahaney and McSheehy against it. Supervisor Power, the other member of the Committee, was unable to be present owing to illness.

Under the circumstances the resolution is referred back to the Board without recommendation for consideration and such action as the majority may determine.

Respectfully submitted,
JOS. F. LAHANEY,
JAS. B. MCSHEEHY,
E. E. SCHMITZ,
J. EMMET HAYDEN,
Health Committee.

SPECIAL ORDER, 3 P. M.

Street Improvement Ordinance.

Bill No. —, Ordinance No. — (New Series), entitled, "Providing proceedings for street work or street improvement in the City and County of San Francisco pursuant to the provisions of Section 33 of Chapter II of Article VI of the Charter of said City and County; prescribing and providing the manner and method of assessing the costs and expenses of such work or improvements upon lands in private

ownership; providing for a lien on lands so assessed for such work or improvements; providing a method for collecting and enforcing such assessments so levied, and providing for the payment of such assessments in installments in certain cases."

Oct. 21, 1918—*Over two weeks. Special order for 3 p. m.*

Rudolph Mohr, property owner, offered certain suggestions recommending assessment on square foot basis.

H. A. Mason of the Board of Supervisors, and Jno. Gartland, of the Board of Public Works, explained the proposed changes in the law.

Action Deferred.

Whereupon, the foregoing matter was laid over one week.

Offer of Richard Schmidt to Dispose of City Garbage.

San Francisco, Cal., Nov. 4, 1918.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

The undersigned, Richard Schmidt, hereby offers to handle and dispose of all garbage and waste of this City at the price fixed by ordinance, for the period of five (5) years, and to pay the City therefor the sum of one thousand (\$1,000) dollars per month, all garbage and waste to be delivered at fills designated by the undersigned and located within the City and there handled in a sanitary manner.

Respectfully submitted,

RICHARD SCHMIDT.

Read and ordered filed.

San Francisco, Cal., Nov. 4, 1918.

Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

In view of the present emergency in regard to the disposition of the City's garbage, it has occurred to me that a temporary expedient can be worked out which will not only give the needed relief at this time but will also serve as a demonstration of an acceptable method for permanent disposition of the City's garbage. Therefore, I make the following proposal:

I will furnish a dumping place in the area bounded by the Ocean Pacific Shore Railroad, the Southern Pacific Bay Shore route and Oakdale avenue, where the scavengers may dump their loads, paying me therefor the present rate of sixty cents per ton. I will spread the garbage and promptly cover the same with clean earth or rock in a manner satisfactory to the Board of Health. Proper facilities will be furnished the scavengers so that easy access can be had to the dumping ground and so that they will not be delayed and no expense will be entailed upon them ex-

cept the sixty cents per ton, as above specified.

This arrangement may be terminated at any time at the pleasure of your Honorable Body. If the plan suggested, in operation, proves satisfactory, I am prepared to make a bid for a contract for a term of years under such specifications and guarantees as may be required by your Honorable Body.

Respectfully yours,

E. W. NEWELL.

Read and ordered *filed*.

Surrender of Austria.

At the hour of 3 p. m. his Honor Mayor Rolph called attention to the ringing of bells and the blowing of whistles indicating that the Austrians had laid down their arms, and declared that it was a memorable and inspiring event in the world's history and an indication of a speedy termination of the Great War.

The Board of Supervisors thereupon arose and applauded.

UNFINISHED BUSINESS.

Flushing Sewers With High Pressure Salt Water System.

The following resolution, heretofore presented by Supervisor Schmitz and referred to the Health Committee and the Mayor with full power to act, was returned by said committee without recommendation:

Whereas, a large number of our citizens are alarmed because of their belief that our high pressure salt water system is a failure and not in a condition to be used in the event of a great fire, and

Whereas, it is of the highest importance to ease the minds of our citizens by demonstrating beyond peradventure that our high pressure system is a success; therefore be it

Resolved, That the Board of Public Works be and is hereby instructed and directed to use such sections of our high pressure system as may be necessary for the flushing of our streets and sewers with salt water at the earliest possible moment.

Communications.

San Francisco, Cal., Oct. 31st, 1918.
To the Honorable Board of Supervisors of the City and County of San Francisco:

Gentlemen: I am directed by his Honor the Mayor to forward you the enclosed letters bearing upon the use of salt water through the medium of the High Pressure Fire System for the flushing of San Francisco streets and sewers.

The one letter is signed by Hon. Arthur H. Barendt, president of the San Francisco Board of Health, and by Dr. Wm. C. Hassler, City Health Officer, and the other letter is signed by Dr. George E. Ebright, president of the California State Board of Health.

I am returning also resolution introduced at the last meeting of your Honorable Board and referred to the Mayor and Committee on Public Health with power to act.

The accompanying letters may be taken as the Mayor's report upon the matter.

Respectfully,

W. F. BENEDICT,

Assistant Secretary to the Mayor.

Read and referred to Public Health Committee.

October 30, 1918.

Hon. James Rolph Jr., Mayor, and the Honorable Board of Supervisors of the City and County of San Francisco—

Gentlemen:

In light of the controversy that has arisen over the advisability or inadvisability of using salt water, through the medium of the high-pressure mains, to flush the streets and sewers of San Francisco during the present epidemic of influenza, it gives the undersigned pleasure to comply with your request that we set forth our opinion, already given you orally on numerous occasions, in the matter at issue.

The flushing of the streets and sewers will have no direct effect in lessening the influenza epidemic, for the reason that the germs of the disease are transmitted directly from person to person through droplets from the nose and mouth of the one afflicted, and because the radius of infection does not extend beyond the expectorating line.

At all times the Board of Public Health keeps the sewers of this city in an eminently satisfactory condition, from a sanitary viewpoint. The flushing of the streets and sewers being carried on is a thorough cleaning. Its value lies in the fact that surplus dust and dirt are removed, thus lessening the possibility of an irritation of the

mucoous membranes of the nose and throat.

In this work, fresh water is quite as satisfactory, from the standpoint of sanitation, as salt water. Attention might be called to the fact that influenza has been raging among the crews of ships at sea, where salt water entirely surrounds them and where it is used constantly in the washing down of decks. In a word, it is our professional opinion that the value of salt water over fresh water in fighting the epidemic of influenza is nil.

It is well known that the flushing of San Francisco's streets and sewers with salt water from the high-pressure mains would entail the expenditure of a large sum of money. We earnestly advise against such an expenditure, on the ground that it is not justified and that the money could be used to much greater advantage in providing relief for the sick and needy.

Respectfully yours,

ARTHUR H. BARENDT,

President of the Board of Health, City and County of San Francisco.

WILLIAM C. HASSLER,

Health Officer, City and County of San Francisco.

California State Board of Health, Office of the President, 209 Post street, San Francisco.

October 30, 1918.

Mayor James Rolph, San Francisco—
Dear Sir:

In reply to your inquiry in regard to the efficiency of salt water over fresh water in regard to flushing sewers, desire to say that there is no advantage of one over the other. Allow me to state further that it is the opinion of sanitarians that the condition of sewers has nothing to do with the present epidemic.

Yours very truly,

GEORGE E. EBRIGHT,

President, California State Board of Health.

Motion.

Supervisor Schmitz moved the adoption of the foregoing resolution.

Amendment.

Supervisor Gallagher moved as an amendment that the resolution be filed.

Filed.

Whereupon, the question being taken the foregoing resolution was ordered filed by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson Suhr, Welch—13.

Extension of Time.

Supervisor Welch presented:

Resolution No. 16231 (New Series), as follows:

Resolved, That H. Crummey, Inc., is hereby granted an extension of thirty days' time from and after October 30, 1918, within which to complete contract for the improvement of Edinburgh street between Silver and Peru avenues.

This *third* extension of time is granted for the reason that the contractor was unable to complete the work within the time allowed on account of car shortage. The work is completed with the exception of the covering.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—15.

Absent—Supervisors Brandon, Power, Wolfe—3.

Also, Resolution No. 16232 (New Series), as follows:

Resolved, That J. C. Tormey is hereby granted an extension of ninety days' time from and after November 9, 1918, within which to complete contract for improvement of Cheney street between Diamond street and Burnside avenue, under public contract.

This *third* extension of time is granted for the reason that contractor has had difficulty in obtaining the asphalt for covering of the street, all the other work having been completed.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—15.

Absent—Supervisors Brandon, Power, Wolfe—3.

Also, Resolution No. 16233 (New Series), as follows:

Resolved, That the Fay Improvement Co. is hereby granted an extension of one hundred and twenty days' time from and after October 16, 1918, within which to complete contract for the improvement of Division street between San Bruno avenue and De Haro street.

This *second* extension of time is granted for the reason that the work has been delayed on account of the railroad company not finishing its contract.

The work is well under way, the grading, curbs and catchbasins being 90 per cent completed.

Adopted by the following vote:

Ayes—Supervisors Deasy, Gallagher,

Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—15.

Mayor to Contract With R. Schmidt for the Disposal of Garbage.

Supervisor McLeran presented:

Resolution No. 16237 (New Series), as follows:

Whereas, An emergency situation now exists in the City and County of San Francisco relative to the disposal of garbage being collected by the scavenger, and

Whereas, One Richard Schmidt has proposed to undertake the disposition of such garbage for a period of six months, and to pay the City and County of San Francisco the sum of one thousand dollars per month for the privilege; now, therefore, be it

Resolved, That the Mayor be and he is hereby authorized to enter into a contract in the name of and for the City and County of San Francisco with the said Richard Schmidt for the disposal of such garbage, the agreement or contract to be approved by the City Attorney, and shall provide for the following:

Said agreement shall be for a period of six months, and may be extended at the option of the City and County for similar periods, not to exceed in all five years. City to give thirty days' notice of its election to continue such agreement or to cancel the same.

Richard Schmidt to pay the City and County the sum of one thousand dollars per month during the life of such agreement or any extension of the term thereof.

Schmidt shall furnish a good and sufficient bond in the sum of ten thousand dollars, conditioned for the faithful performance of his agreement.

The location of the fills where such garbage is to be deposited to be determined by said Schmidt and the City Engineer, and said garbage shall be disposed of in a manner satisfactory to the Board of Health of the City and County.

Delivery of garbage to be made at the locations designated as herein specified and the charge to scavengers for dumping shall not exceed sixty cents per ton, the present rate.

Supervisor Mulvihill explained by saying he was voting for this as an emergency proposition.

Survey for Relief of Influenza Victims.

Supervisor Gallagher presented:

Resolution No. 16238 (New Series), as follows:

Whereas, As a result of the ravages of the so-called Spanish influenza the ordinary sources of charitable assistance have been very considerably drained in an effort to relieve the many cases of dire distress, and

Whereas, Such of those breadwinners of poor families who suffered pneumonia will not for many months be in a position to support their families, and

Whereas, Such information as is at hand indicates the number of needy persons in this regard will run into the thousands; therefore be it

Resolved, That his Honor Mayor James Rolph is requested to call a conference of the heads of charitable organizations, or to consult them, in an effort to investigate how widespread will be the need, and how capable or incapable the different organizations will be to meet the demands occasioned by the sickness in families; and be it further

Resolved, That he is further requested, if needed, to recommend immediately thereafter such measures as will relieve those worthy citizens and their families incapacitated through such illness.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Welch—15.

Lord Bishop Wakefield of Birmingham, England, and Son Presented.

Lord Bishop Wakefield of Birmingham, England, and his son, *Capt. Wakefield of the Scottish Fusiliers*, were presented by his Honor, the Mayor. The Lord Bishop spoke, in part, as follows:

This discussion today reminded me very, very much of old times when I was Mayor of a small borough of Birmingham. I recall that at that time a very great deal of our discussions were on the burning of garbage. I want to say this: I am not able to speak very much to large gatherings on account of the epidemic. My delight has been, however, that I have had it abundantly proved to me from the various concourses of people I have addressed in this country that those who said that there is no great friendship between us was talking arant rubbish. I have found that the war has brought us closer together and that we understand each other better. I am willing that the judgment on each nation should be left to the soldiers of each nation.

He declared that the moral character of the soldiers that came to England from this country was of the finest. He thanked us for the splendid soldiers we sent from America. No one says anything disparaging of America in England today. The world ought to pray that our two nations should remain associated for all time. I am sure it means very, very much for the happiness and progress of mankind. I thank you very kindly for the great reception you have given me.

Mayor Rolph—At 3 o'clock today the bells of the city were ringing and the whistles of the city were blowing in celebration of the news that the Austrians had laid down their arms to the Italians, the French, the British and the Americans. It is a memorable and inspiring event and we arose here and applauded. It indicates that the end is not far off. We reciprocate your friendly sentiments and thank you for your presence.

San Francisco in Cleanly and Healthful Condition.

His Honor Mayor Rolph assumed the chair and declared that he had taken up with the Board of Health the statement of Supervisor Schmitz that, according to the Red Cross, some districts in San Francisco were in a filthy condition. "When that statement was made," he said, "I made it my business at once to get in touch with the Health Department, and was advised by that department that all districts in San Francisco were in a clean and wholesome condition; that as far as Chinatown is concerned there were

fewer deaths and less disease than in any other part of San Francisco. It may be that certain houses are in the condition described, but as far as streets and sewers are concerned they could not be in any better condition."

Illness of Supervisor Power.

Supervisor Hayden presented:

Resolution No. 16239 (New Series), as follows:

Resolved, That the Clerk of this Board be directed to express to Supervisor Power, who is now ill at the St. Francis Hospital, the sympathy of the Board of Supervisors and its hope for his full and speedy recovery.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Welch—15.

Absent—Supervisors Power, Suhr, Wolfe—3.

Appreciation of Services Rendered During Influenza Epidemic.

Supervisor Nelson presented:

Resolution No. — (New Series), as follows:

Whereas, during the past few weeks, while San Francisco has been in the grip of the Spanish influenza, all citizens have contributed to the successful breaking up of the scourge; now, therefore, be it

Resolved, That the Board of Supervisors hereby extends the thanks of the people to all those persons who have unselfishly given of their time and money to assist the unfortunate among our citizens; and be it further

Resolved, That the Owl Drug Company, in giving free the Dobell solu-

tion, is entitled to our hearty commendation.

Referred.

Supervisor Brandon moved reference to Public Health Committee.

Motion carried by the following vote:
Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Kortick, Lahaney, McLeran, Schmitz, Welch—11.

Noes—Supervisors Hynes, McSheehy, Mulvihill, Nelson—4.

Absent—Supervisors Power, Suhr, Wolfe—3.

Jesse Lilienthal Thanked for Street Car "Ad" Advocating Charter Amendment No. 42.

Supervisor McLeran presented:
Resolution No. 16240 (New Series), as follows:

Resolved, That the thanks of the Board of Supervisors is hereby extended to Mr. Jesse Lilienthal, president of the United Railroads, for the courtesy extended in permitting to be displayed in the cars of the United Railroads cards favoring the adoption of Charter Amendment No. 42, increasing the limit of bonded indebtedness, and which particularly refers to bonds for the construction of the Hetch Hetchy water supply.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Welch—15.

Absent—Supervisors Power, Suhr, Wolfe—3.

This agreement, made and entered into this 11th day of November, 1918, by and between the City and County of San Francisco, a municipal corporation of the State of California and party of the first part, and hereinafter called first party, and Richard Schmidt, of the City and County of San Francisco, State of California, the party of the second part, hereinafter called second party:

Witnesseth:

That, whereas, certain waste and garbage collected by scavengers, operating wagons and other vehicles for that purpose, from householders, hotels, restaurants and other places of business in the City and County of San Francisco, has heretofore been disposed of by burning and destroying the same at an incinerator plant known as Sanitary Reduction Works, located at the intersection of Rhode Island and Alameda streets, in said City and County; and

Whereas, an emergency now exists in the matter of the disposal of such waste and garbage collected in the City and County which makes it necessary to dispose of the same in a manner other than by incineration at said plant; and

Whereas, the second party did, on the 4th day of November, 1918, propose to the Board of Supervisors of first party to undertake the disposal of such waste and garbage so to be collected by such scavengers, or by any other persons acting for or on behalf of, or by or under the authority of first party, in the manner and upon the terms and conditions hereinafter set out; and

Whereas, the said Board of Supervisors did, on said 4th day of November, 1918, duly and regularly pass and adopt a resolution (No. 16237, New Series), which was approved by the Mayor on the 11th day of November, 1918, authorizing, empowering and directing the Mayor to enter into this agreement on behalf of and in the name of first party;

Now, therefore, the first party, for and in consideration of, and subject to the covenants and agreements herein contained to be kept and performed by second party, does hereby give and grant to second party for the period of time hereinafter specified the right and privilege of disposing of such waste and garbage by a method of dumping or depositing the same in fills or in such other method as may prove sanitary and inoffensive, and in such a manner as to meet with the approval of the Board of Health of the City and County of San Francisco.

And the second party, for the purpose of fully carrying out his said plan of disposal of such waste and garbage, and in consideration of the privilege herein granted him, does hereby agree as follows:

First: To receive all such waste and garbage so being collected in the City and County of San Francisco by the scavengers, or such as may hereafter be collected by any persons acting for or on behalf of, or by or under the authority of first party, as may be delivered to him at certain designated places or fills, and there handle and dispose of such waste and garbage in a sanitary and inoffensive manner, and in such manner as will be approved by the Board of Health of the City and County of San Francisco, subject at all times to such reasonable rules and regulations as said Board of Health may prescribe for the purpose of making such method of disposal of the waste and garbage sanitary and inoffensive. The location of the dumps or fills for the disposal of such garbage shall be approved by the City Engineer of said City and County. The second party shall make his own arrangements with the owners of any such lands to be filled and shall hold first party free of any liability therefor or thereunder.

Second: Second party agrees to pay to first party for the privilege herein granted him of receiving and disposing of such waste and garbage the sum of \$1,000 per month, to be paid on or before the last day of each month during the life of this agreement or any extension thereof, the first of such payments to be made on the 30th day of November, 1918, and to cover the period of one month from the date hereof.

Third: That immediately upon the execution of this agreement, the second party will execute a good and sufficient bond in the sum of \$10,000 to the City and County of San Francisco, to be approved by the Mayor, conditioned that he, the second party, his successors or assigns shall faithfully keep and perform the terms and conditions of this agreement during the full term thereof or any extensions of said term. The second party, his successors and assigns, shall also during the life of this agreement, or any extension thereof, carry adequate Workmen's Compensation Insurance with the State of California, or with some approved company entitled to transact such business in the State of California, to cover the risk of injury or death of his employees; and shall also during all of said time carry adequate public liability insurance against loss or damage to persons or property with such approved company.

Fourth: The second party shall at all times facilitate and expedite the unloading or dumping of such waste and garbage delivered to him by the scavengers or other persons making such deliveries and shall at no time charge such scavengers or other persons so delivering such waste and garbage a sum greater than 60 cents per ton for such material so delivered, it being the sense of this agreement that the second party may make a charge to the persons so delivering such waste and garbage for the receiving of the same in an amount not in excess of 60 cents per ton, and that second party is not obligated to receive such waste and garbage from those offering to deliver the same without the payment of the charge fixed therefor limited in amount as above stated.

Fifth: The second party shall at all times comply with such reasonable rules and regulations as the Board of Health of the City and County of San Francisco may prescribe for the purpose of making such disposition of said waste and garbage sanitary and inoffensive.

Sixth: The second party shall not transfer or assign this agreement without the consent of the first party expressed by resolution of its Board of Supervisors, but this provision shall not be construed to prevent second party from assigning an interest in the profits accruing from the disposal of such waste and garbage.

Seventh: The second party agrees to install and maintain weighing scales for the purpose of keeping an accurate record of the tonnage of the waste and garbage delivered to him and shall provide and maintain attendants or weighers who shall keep an accurate

record of all tonnage delivered, a copy of which record shall be transmitted to the Board of Supervisors of first party at the end of each month.

It is mutually understood and agreed that this agreement shall continue and be in force for a period of six months from the date hereof unless sooner terminated by failure of the second party to carry out the terms and conditions of this agreement, and that, at the option of the first party the term of life of this agreement may be extended for similar successive periods of six months not to exceed in all five years from the date hereof.

The first party shall give to second party thirty (30) days notice of its election to continue such agreement or to terminate the same, which election shall be evidenced by resolution of its Board of Supervisors, and if the first party shall fail to give second party such notice of election to continue this agreement or terminate the same within thirty (30) days prior to the expiration of any such six months period, then it shall be deemed that the first party has elected to continue this agreement for an additional period of six months.

It is further understood by the parties hereto that certain waste and garbage, commonly called swill, is now being collected from certain hotels and restaurants in the City and County of San Francisco and disposed of to various parties for the feeding of animals, and that second party is now aware of such fact and understands that this class of waste and garbage so being disposed of is not intended to be included in the class of waste and garbage to be delivered to and disposed of by second party under the terms of this agreement.

In the event that second party shall fail, refuse or neglect to keep and perform the covenants herein contained to be kept and performed by him, the first party may, by resolution of its Board of Supervisors, cancel and annul this agreement if the said Board desires to take such action and pursue such legal remedy as may be available because of any such breach.

This agreement shall apply to and bind the successors and assigns of the second party.

In witness whereof the first party, by resolution of its Board of Supervisors duly adopted and approved, has caused these presents to be executed and to be signed by the Mayor and attested by the Clerk of the Board of Supervisors of said City and County of San Francisco and the corporate seal of said City and County to be affixed hereto, and the second party has here-

unto set his hand and seal this day and year first above written.

CITY AND COUNTY OF SAN FRANCISCO, a Municipal Corporation,
By JAMES ROLPH JR., Mayor.

Attest: JOHN W. ROGERS,

Acting Clerk of the Board of Supervisors of the City and County of San Francisco, a Municipal Corporation.

Return of Soldiers During Demobilization Period.

The following was presented by the Mayor, read by the Clerk, and ordered spread in the Journal:

San Francisco, Cal., Nov. 12, 1918.
To the Honorable Board of Supervisors of the City and County of San Francisco:

Gentlemen: For your information and at the request of the Mayor, I am transmitting herewith copies of telegrams exchanged between him and Mr. John S. Dunnigan, Clerk of your Honorable Board, concerning the return of soldiers during the demobilization period, dated as follows:

First message from Mr. Dunnigan, dated Washington, D. C., October 31st, 1918;

Mayor's reply, dated San Francisco, November 1st, 1918;

Second message from the Mayor, dated San Francisco, November 7th, 1918;

Second message from Mr. Dunnigan, dated Washington, D. C., November 8th, 1918.

These copies are for your official records.

Very truly yours,

WM. F. BENEDICT,

Assistant Secretary to the Mayor.

Copies of Telegrams.

Washington, D. C., Oct. 31, 1918.
Mayor James Rolph,
City Hall, San Francisco.

(Confidential.) Government will return soldiers first to those municipalities and communities that will provide employment on public and private work. This accords with your suggestions. I was called today to help draft letter to all municipalities, asking what they will do and what can be done to help demobilization. Intent is to send boys to home places that will provide employment on real work at right pay and no charity. Suggest that you think out strong message to reply to query. Street repair and Hetch Hetchy project should put San Francisco in position to assimilate her own boys who want that kind of work, and our private employers will of course do their part. Labor Department will ask about civil service and whether prohibitive rules cannot be temporarily waived. Regards.

J. S. DUNNIGAN.

San Francisco, Nov. 1, 1918.

J. S. Dunnigan,
New Willard Hotel,
Washington, D. C.

Dear Jack: Thanks your telegram. Have called meeting of committee appointed by me some time ago under resolution of Board of Supervisors, to meet with me Monday morning for confidential discussion of contents your telegram, and will reply to you after said meeting. Influenza subsiding here. Kindest regards.

JAMES ROLPH, JR.

San Francisco, Nov. 7, 1918.

J. S. Dunnigan,
Washington, D. C.

Replying your telegram October 31st, special committee appointed by me under authorization of Board of Supervisors, consisting of Judge Matt I. Sullivan, John L. McNab, Dr. A. H. Gianini, Paul Scharrenberg, Timothy Reardon, Supervisors McLeran, Welch, Nelson, Gallagher and Kortick, met with me this afternoon for discussion of points raised in your telegram. Committee unanimously in favor of making every effort, consistent with government policy, to have San Francisco men in service returned to San Francisco as soon as the exigencies of the military situation will permit. We have headquarters in City Hall, secretary in charge, preparing full register of every San Franciscan in service. We believe every man who was employed prior to entering service has assurance from his employer that his former position will be open when he returns. We are making enquiries along these lines for verification. Regarding public work, City has considerable work under contemplation but government authorities have refused permits to proceed with such work. When will these restrictions be lifted? When lifted, public and private work will proceed at once, making openings for many men. Regarding Civil Service rules, every City employee will return to his old position, under Civil Service, as he is away now on leave. Further, where consistent with Civil Service regulations, preference will be given to returned soldiers. San Francisco wants her boys back and we stand ready to take care of them. Your telegram marked "Confidential." Can your telegram and this reply be given publicity?

JAMES ROLPH, JR., Mayor.

Washington, D. C., Nov. 9, 1918.

James Rolph, Jr., Mayor,
City Hall, San Francisco.

Message received. Please do not publish till armistice is officially announced. Secretary of War to have final conference on policy Monday.

Will wire you immediate release when matter is settled. Regards.

J. S. DUNNIGAN.

Congratulations on Victorious Peace.

The following were presented by the Mayor, read by the Clerk and spread in the Journal:

San Francisco, Cal., Nov. 12, 1918.

Honorable Board of Supervisors of the

City and County of San Francisco:

Gentlemen: In the course of San Francisco's spontaneous celebration of victorious peace, I, as Mayor of the City, sent messages, in the name of our people, to those who have played leading roles in bringing about that for which we have so long hoped.

I dispatched a telegram of congratulation to Honorable Woodrow Wilson, President of the United States, and congratulatory cablegrams to General Foch, Generalissimo of the Allied Armies; General J. J. Pershing, commanding the American Expeditionary Forces; Rear Admiral Philip Sims, commanding the American Naval Forces in European waters; Lieutenant General Hunter Liggett, commanding the victorious American Army; and to Col. H. La T. Cavanaugh, of the 363rd Infantry; Ralph C. Granger, of the 347th Field Artillery; Thornwell Mullally, of the 144th Field Artillery, known as the Grizzlies. The three latter organizations are composed almost entirely of San Francisco boys.

I append hereto a copy of each of these messages for your official record.

Respectfully,

JAMES ROLPH, JR., Mayor.

Copy of Cables.

San Francisco, November 11, 1918.

Col. H. LaT. Cavanaugh, 363rd Infantry, American E. F., France.

People of San Francisco send blessings across waters to you and our beloved boys. God prosper and keep you in this wonderful hour.

JAMES ROLPH, JR.,

Mayor.

Col. Ralph C. Granger, 347th Field Artillery, American E. F., France.

Our hearts go out to you today. You have seen and conquered. San Francisco rejoices with its heroic sons.

JAMES ROLPH, JR.,

Mayor.

Hon. Woodrow Wilson, White House, Washington, D. C.

Throughout the night and continuing today, San Francisco has celebrated with unrestrained joy the victory that has come to American and Allied arms. Our hearts are beating in unison with yours and with those of our boys and their heroic commanders. To you, the commander-in-chief of our great Army and Navy and Marine Corps, the people of this metropolis on the shores of the Pa-

effic send their heartfelt thanks for a noble work, well done, and their blessings in the forthcoming hours of trial during which a new and better world will arise, with freedom and justice and equal rights for all so firmly established as never again to be assailable.

Sincerely,

JAMES ROLPH, JR.,

Mayor.

Generalissimo Foch, Allied Headquarters, France.

On greatest day in world's history hearts of people of San Francisco beat as one with you, foremost generalissimo of all time. God bless you.

JAMES ROLPH, JR.,

Mayor.

General John J. Pershing, American Expeditionary Headquarters, France.

People of San Francisco today praise your name as America's greatest general. Our hearts go out to you and our heroic boys.

JAMES ROLPH, JR.,

Mayor.

Rear Admiral Philip Sims, American Naval Forces, London.

To you and our gallant naval forces San Francisco sends heartfelt congratulations and thanks.

JAMES ROLPH, JR.,

Mayor.

Lieutenant-General Hunter Liggett, First American Army, American E. F., France.

You and your heroic warriors helped bring victorious peace. Your own San Francisco sends affectionate gratitude.

JAMES ROLPH, JR.,

Mayor.

Col. Thornwell Mullally, 144th Field Artillery, 65th Brigade, American E. F., France.

All San Francisco rejoices with our gallant Grizzlies in victorious peace. Greetings from folks at home.

JAMES ROLPH, JR.,

Mayor.

Mayor's Action Approved.

Whereupon, on motion of Supervisor McLeran, the actions of his Honor the Mayor in foregoing matters were unanimously *approved* by the Board.

Committee on Tablet in City Hall to Our Fallen Heroes.

His Honor Mayor Rolph requested that he be authorized by the Board to appoint a committee to arrange for the erection in the City Hall of a tablet made of the finest material to honor our heroes, men and women, who have fallen in the Great Conflict.

Whereupon, on motion of Supervisor Hayden, his Honor the Mayor was authorized, by unanimous vote, to appoint such committee.

Visiting Committee to Soldiers' Relatives

His Honor Mayor Rolph also requested that he be authorized to appoint an official committee of two or three members and the Mayor, whose duty it will be to call on the families of our heroes to pay the city's respects and to ascertain their welfare, for the purpose of affording relief where necessary.

Supervisor Suhr moved that his Honor the Mayor be so authorized.

Motion *carried* unanimously.

Room to Be Set Apart for Soldiers' Register.

His Honor the Mayor expressed the wish that a room be set aside in the City Hall with a Clerk of this office in charge for the purpose of making a register of every San Franciscan who has served his country in this great war.

Supervisor McLeran moved that it be the sense of the Board that a room be set aside in the City Hall in charge of a clerk for the purpose indicated and that the action of his Honor the Mayor in the foregoing matters be concurred in.

Motion *carried* unanimously.

Liberty Arch.

The following resolution was presented by Supervisor McLeran:

Resolution No. 16256 (New Series), as follows:

Whereas, The gallants sons of San Francisco who answered the country's call to arms will be soon returning to their homes and loved ones from the battlefields of Europe where they ably assisted in the final overthrow of the reign of despotism, and carried the light of Freedom and democracy to millions who long had suffered at the hands of a cruel and merciless oppressor, and

Whereas, It is but just, right and fitting that San Francisco, the city of their birth or adoption, should give some outward expression of her heartfelt appreciation of their deeds of valor and self-sacrifice.

Resolved, That his Honor the Mayor is hereby authorized to appoint a committee of ten to arrange for the erection by public subscription of a Liberty Arch at some convenient and suitable point on Market street as a slight token of welcome to these returning heroes, and also to the noble and devoted women who crossed the Atlantic to minister to the wants of their brothers who fought so gallantly and victoriously.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, McSheehy, Muivhill, Schmitz, Suhr, Welsh—13.

Absent—Supervisors Hilmer, Kortick, Nelson, Power, Wolfe—5.

Abatement of Epidemic and Opening of Treaters, Etc.

Supervisor Hayden presented:

Whereas, The influenza, under the efficient control of the Board of Public Health, has apparently run its course, judging from the daily reports of the aforesaid department, and

Whereas, The managements of the various theaters and other public places of amusement have willingly complied with all the regulations of the Board of Health in closing their places of business during this epidemic, and further renovating and placing them in a first-class and sanitary condition during the interim, and

Whereas, San Francisco has achieved a record in combating influenza which was second to no city in the nation, be it

Resolved, That it is the sense of the Board of Supervisors that these public places of amusement be opened at the very earliest opportunity in accordance with the discretion of the Board of Public Health, and in compliance with existing "mask" Ordinance No. 4710 (New Series).

Supervisor Schmitz presented:

Resolution No. — (New Series), as follows:

Whereas, The theaters, picture houses and other places of amusement have been closed or otherwise restricted for almost one month, and

Whereas, The employees of these places are suffering because of the loss of their positions, and

Whereas, Other cities have not taken such drastic action, and

Whereas, It seems reasonable at this time that the different places of amusement should be allowed to resume their business with such restrictions as the Health Officer may deem absolutely necessary, and similar to other places where large gatherings are held; therefore be it

Resolved, That it is the sense of this Board that all places of amusement closed by order of the Health Officer because of the epidemic of influenza be allowed to open on next Sunday, November 17th, unless the influenza cases increase alarmingly in the meantime.

Supervisor McSheehy presented:

Resolved, That the Board of Public Health advise this Board on Monday, November 18, 1918, noon, as to the status of the influenza epidemic to date, for the purpose of enabling the Board of Supervisors to amend the mask ordinance if said report indicates that such amendment may be made without endangering the public health of this city.

Privilege of the Floor.

After the foregoing resolution had been read and referred to the Board

of Health, a delegation of citizens representing the moving picture houses and theaters appeared and, through Mr. Meyerfeld, requested that they be permitted to resume business as soon as possible.

His Honor Mayor Rolph explained that the Board of Health was considering opening of schools, churches and theaters by next Sunday if nothing happens to prevent. It is now concerned as to what will be the effect of the Victory celebration Monday night. When that is known and no further danger develops he was in favor of opening up at once. He explained the resolutions that had been presented by the Supervisors and referred to the Board of Health and said that the matter would be considered by the Board of Health tomorrow, one day earlier than customary, and he assured those present that they would have some definite information at that time. All were requested to be in attendance.

Hearing of Appeal.

Excelsior Avenue.

Appeal of Myron Westover from the assessment issued by the Board of Public Works for the improvement of Excelsior avenue between Edinburgh and Naples streets, fixed for 3 p. m. this day, was, on motion of Supervisor Welch, referred to the Streets Committee.

Report of Public Utilities Committee on Street Railway Agreement West of Twin Peaks.

The following report was presented and *read* by the Clerk:

San Francisco, November 11, 1918.

Board of Supervisors.

Gentlemen: Your Public Utilities Committee recommends the passage to print of two ordinances containing complete agreements—one covering the use of United Railroads tracks from Sloat and Junipero Serra boulevards to Ocean avenue and thence over Ocean avenue to Harold avenue; and the second covering the use of the United Railroads tracks on Taraval street from Twentieth avenue to Thirty-third avenue.

These ordinances were prepared by the City Engineer with the co-operation of the City Attorney's office, under authority contained in Resolution No. 15851 (New Series) adopted by the Board of Supervisors July 1, 1918, in which the City Engineer was directed to confer with the City Attorney and the management of the United Railroads and submit to the Board a complete agreement for the use of certain tracks of the United Railroads west of Twin Peaks.

These ordinances have been approved by the City Attorney and are acceptable to the management of the United Railroads.

Respectfully submitted,

ANDREW J. GALLAGHER,
RICHARD J. WELCH,
E. W. BRANDON,
JOSEPH MULVIHILL,
Public Utilities Committee.

Street Railway Agreement, Taraval Street.

On motion of Supervisor Brandon:

Bill No. 5074, Ordinance No. —, Authorizing, empowering and directing the Mayor of the City and County of San Francisco to enter into an agreement with the United Railroads of San Francisco, a corporation, and San Francisco Electric Railways, a corporation, for the use by the City and County of San Francisco for its municipal cars, of the tracks, overhead trolley system and street railroad appurtenances on Taraval street between Twentieth and Thirty-third avenues in the City and County of San Francisco; for the furnishing of power by the United Railroads of San Francisco for the propulsion of municipal cars over said track, and for the reconstruction of the street railroad tracks, railroad appurtenances, and the paving of the street between the tracks and for two feet on each side thereof by the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor of the City and County of San Francisco is hereby authorized, empowered and directed, for and on behalf of the City and County of San Francisco, to enter into an agreement with the United Railroads of San Francisco, a corporation, and San Francisco Electric Railways, a corporation, substantially as follows, to-wit:

This agreement, made and entered into on the — day of —, 1918, between the City and County of San Francisco, a municipal corporation, hereinafter designated as the City, San Francisco Electric Railways, a corporation, hereinafter designated as Electric Railways, and United Railroads of San Francisco, a corporation, hereinafter designated as United Railroads:

Witnesseth:

Whereas, on October 14, 1907, the Board of Supervisors duly and regu-

larly adopted Ordinance No. 288 (New Series), entitled "Granting to the Parkside Transit Company, a railway corporation, a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, sidetracks, turnouts, switches, curves, crossing, depot and terminal tracks and facilities, along, over, under and across certain streets in the City and County of San Francisco," which ordinance was approved by the Mayor of the City and County of San Francisco on the 17th day of October, 1907, whereby there was granted to Parkside Transit Company, a railroad corporation, a street railway franchise over and along certain streets in the City and County of San Francisco therein designated; and

Whereas, Subsequent thereto said Parkside Transit Company abandoned a certain part of said franchise with and by the consent of the Board of Supervisors of the City and County of San Francisco and under certain agreements entered into between the City and County of San Francisco and said Parkside Transit Company, which abandonment, consent and agreement are set out and contained in Resolution No. 1444 (New Series) of the Board of Supervisors of the City and County of San Francisco, adopted October 14, 1907, and approved October 17, 1907, by the Mayor of the City and County of San Francisco, and Resolution No. 2296 (New Series) of the Board of Supervisors of the City and County of San Francisco, adopted May 18, 1908, and approved May 26, 1908, by the Mayor of the City and County of San Francisco; and

Whereas, Thereafter said Parkside Transit Company transferred and conveyed to Electric Railways said franchise granted by said Ordinance No. 288 (New Series), as changed and affected by said Resolution No. 1444 (New Series) and No. 2296 (New Series); and

Whereas, Thereafter said Electric Railways leased and granted to United Railroads the right to maintain and operate over and along the streets designated in said franchise the street railroad, for which said franchise was granted by said Ordinance No. 288 (New Series) to said Parkside Transit Company; and

Whereas, United Railroads is now operating a street railroad over streets designated in said Ordinance No. 288 (New Series) pursuant to said lease and rights granted by said Electric Railroads; and

Whereas, Among the streets designated in said Ordinance No. 288 (New Series) over and along which said

Parkside Transit Company was granted the right and privilege to construct, maintain and operate a single or double track railroad and over which the United Railroads is now operating a street railroad, pursuant to said lease and rights granted by Electric Railroads, Taraval street between Twentieth and Thirty-third avenues is included; and,

Whereas, The City owns and operates a Municipal Street Railway through the Twin Peaks Tunnel and along a present established route from the westerly portal of said tunnel to or near the intersection of Sloat boulevard and Junipero Serra boulevard; and,

Whereas, It is the desire and intention of the City to extend its said Municipal Railway westerly and in other directions; and,

Whereas, It is convenient and advisable in such extension to utilize the present street railroad tracks and equipment on said portion of Taraval street between Twentieth and Thirty-third avenues over and along which United Railroads is now operating a street railroad as aforesaid;

Now, therefore, it is hereby stipulated and agreed by and between the parties hereto as follows:

The City shall have the right to connect with the tracks now situate on said portion of Taraval street between Twentieth and Thirty-third avenues, or as the same may hereafter be reconstructed, and to make such switches and turnouts therefrom as the City may desire and operate an unlimited number of cars of its Municipal Railway System as said system now exists or may be hereafter modified or extended, over and along said tracks on Taraval street between said Twentieth and Thirty-third avenues, and to utilize all present street railway appliances and overhead trolley system as the City may desire and as the same may be hereafter reconstructed or changed on said portion of Taraval street between said Twentieth and Thirty-third avenues; provided, however, that nothing in this agreement contained shall be construed as limiting the United Railroads in an equal use of the said tracks for the operation of its own cars. United Railroads shall furnish to the City all electric current required by the City in the operation of its municipal cars over said portion of Taraval street between Twentieth and Thirty-third avenues, the City to pay said United Railroads for all current used by the City at the rate of one and one-quarter (1 $\frac{1}{4}$) cents per kilowatt hour, and in addition thereto City will pay any surcharge rate which United Railroads may be compelled to pay to the Sierra

& San Francisco Power Company under order of the Railroad Commission of the State of California.

It is understood by and between the parties hereto that the City shall have the right to string an independent trolley, if it so desires and at any time it so desires, on the span wires of the overhead system on Taraval street between Twentieth and Thirty-third avenues and furnish its own power for the propulsion of its own cars.

The City on its part agrees that it will, at its own cost and expense, reconstruct the existing tracks on Taraval street between Twentieth and Thirty-third avenues to grade, and shall, upon the completion thereof, pave the street between the tracks and between the rails and for a distance of two (2) feet outside thereof, and in said reconstruction the City shall have the right to use the rails and appliances and materials now in use for the operation of a street railroad on said portion of Taraval street without payment to Electric Railways or United Railroads therefor.

The City and United Railroads shall maintain said tracks and overhead trolley system on said portion of Taraval street between Twentieth and Thirty-third avenues in first-class serviceable condition, and shall keep the roadway between the rails and for two (2) feet on each side thereof in good condition and repair, as required by the fourth subdivision of Section — of said Ordinance No. 288 (New Series), the expense of said repair and maintenance to be borne by the City and United Railroads in proportion to the respective car mileage operated by the City and United Railroads on said portion of Taraval street between Twentieth and Thirty-third avenues.

It is further mutually understood and agreed that except as the same is modified and changed by this agreement the rights, privileges and obligations of the parties hereto as set forth and contained in said Ordinance No. 288 (New Series) shall remain the same without modification or change, as if this agreement had not been entered into.

It is further mutually understood and agreed that this agreement shall continue in force and effect during the remainder of the term of said franchise granted by said Ordinance No. 288 (New Series), or the sooner termination thereof, whereupon the rights and privileges of the respective parties in and to the street railroad system on said portion of Taraval street between Twentieth and Thirty-third avenues, as well as the whole of the railroad system for which a franchise was granted by said Ordinance

No. 288 (New Series), shall be fixed and determined as specified in said Ordinance No. 288 (New Series).

In witness whereof, the said City and County of San Francisco has by ordinance of its Board of Supervisors caused its name to be hereunto subscribed by its Mayor and its great seal to be hereunto attached by the Clerk of its Board of Supervisors, and United Railroads of San Francisco and San Francisco Electric Railways have by resolution of their respective boards of directors caused their names to be subscribed hereto by their respective officers who have subscribed their names hereto, and their respective seals to be hereunto attached by their respective secretaries, the day and year first hereinabove written.

Section 2. This ordinance shall be in force and effect immediately.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Körtick, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—14.

Absent—Supervisors Hilmer, Lahauey, Power, Wolfe—4

Street Railway Agreement, Ocean Avenue.

Also, Bill No. 5075, Ordinance No. — (New Series), as follows:

Authorizing, empowering and directing the Mayor of the City and County of San Francisco to enter into an agreement with United Railroads of San Francisco, a corporation, and San Francisco Electric Railways, a corporation, for the use by the City and County of San Francisco for its Municipal Railroad cars of the tracks, overhead trolley system and street railroad appurtenances on Ocean avenue from Harold avenue to the westerly termination of Ocean avenue; thence over and along a private right of way extending from or near the westerly termination of Ocean avenue to Sloat boulevard, with the right of the City and County of San Francisco to connect with the tracks of said right of way the tracks of the City and County of San Francisco from the westerly termination of its present Municipal Railroad system, which the City and County of San Francisco now operates through the Twin Peaks tunnel, and along the present established route from the westerly portal of said tunnel to or near the intersection of Sloat and Junipero Serra boulevards; for the furnishing of power by United Railroads of San Francisco for the propulsion of municipal cars over said tracks on Ocean avenue and said private right of way; for the repair and maintenance of said tracks, the overhead trolley system and street railroad appurtenances along said route in

first-class serviceable condition by United Railroads of San Francisco and for the payment by the City and County of San Francisco to United Railroads of San Francisco for said use and said rights the sum of one hundred thousand dollars and the further payment by the City and County of San Francisco to United Railroads of San Francisco of seven and one-half cents per car mile for each municipal car operated over said tracks and route.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor of the City and County of San Francisco is hereby authorized, empowered and directed, by and on behalf of the City and County of San Francisco, to enter into an agreement with the United Railroads of San Francisco, a corporation, and San Francisco Electric Railways, a corporation, substantially as follows, to-wit:

This Agreement, made and entered into on the — day of —, 1918, between the City and County of San Francisco, a municipal corporation, hereinafter designated as the City, San Francisco Electric Railways, a corporation, hereinafter designated as Electric Railways, and United Railroads of San Francisco, a corporation, hereinafter designated as United Railroads, Witnesseth:

Whereas, On October 14th, 1907, the Board of Supervisors duly and regularly adopted Ordinance No. 288 (New Series), entitled: "Granting to Parkside Transit Company, a railway corporation, a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side-tracks, turn-outs, switches, curves, crossings, depot and terminal tracks, and facilities along, over, under and across certain streets in the City and County of San Francisco," which Ordinance was approved by the Mayor of the City and County of San Francisco on the 17th day of October, 1907, whereby there was granted to Parkside Transit Company, a railroad corporation, a street railway franchise over and along certain streets in the City and County of San Francisco therein designated; and

Whereas, Subsequent thereto said Parkside Transit Company abandoned a certain part of said franchise with and by the consent of the Board of Supervisors of the City and County of San Francisco and under certain agreement entered into between the City and County of San Francisco and said Parkside Transit Company, which abandonment, consent and agreement are set out and contained in Resolu-

tion No. 1444 (New Series) of the Board of Supervisors of the City and County of San Francisco, adopted October 14th, 1907, and approved October 17th, 1907, by the Mayor of the City and County of San Francisco, and Resolution No. 2296 (New Series) of the Board of Supervisors of the City and County of San Francisco, adopted May 18th, 1908, and approved May 26th, 1908, by the Mayor of the City and County of San Francisco; and

Whereas, Thereafter said Parkside Transit Company transferred and conveyed to Electric Railways said franchise granted by said Ordinance No. 288 (New Series), as changed and affected by said Resolution No. 1444 (New Series) and No. 2296 (New Series); and

Whereas, Thereafter said Electric Railways leased and granted to United Railroads the right to maintain and operate over and along the streets designated in said franchise the street railroad for which said franchise was granted by said Ordinance No. 288 (New Series) to said Parkside Transit Company; and

Whereas, United Railroads is now operating a street railroad over streets designated in said Ordinance 288 (New Series) pursuant to said lease and rights granted by said Electric Railways; and

Whereas, Among the streets and routes designated in said Ordinance No. 288 (New Series) over and along which said Parkside Transit Company was granted the right and privilege to construct, maintain and operate a single or double track railroad and over which the United Railroads is now operating a street railroad, pursuant to said lease and rights granted by Electric Railroad, was the following, to-wit:

"Commencing in Ocean avenue opposite the southerly termination of Corbett avenue; thence through private property to Nineteenth avenue; thence across Nineteenth avenue to a point approximately nine hundred and ninety-six (996) feet southerly from the south line of W street, as laid down on the official map of the City and County of San Francisco; thence through private property in a general westerly direction to what would be the line of Market street if extended; thence along Market street to its westerly terminus; thence through private property in a general northwesterly direction to the easterly line of the Great Highway."

Also,

"Commencing at the southerly line of Ocean avenue where said southerly line of Ocean avenue is intersected by the westerly line of Corbett avenue; thence northerly across Ocean

avenue there connecting with the track or tracks now laid or to be laid by the grantee (Parkside Transit Company) at the intersection of Ocean avenue and Corbett avenue."

Since the granting of said franchise the westerly termination of Corbett avenue is at the present intersection of Junipero Serra and Sloat boulevards, and a portion of the route first described in this paragraph is a route through a private right of way extending from Sloat boulevard southerly to a point opposite Ocean avenue and over which at the present time United Railroads is operating a street railroad as a part of what is known as the Parkside System in conjunction with its Ocean avenue line; and

Whereas, On the 16th day of September, 1895, the Board of Supervisors of the City and County of San Francisco duly and regularly adopted Order No. 2904, entitled: "Granting to the Market Street Railway Company, its successors and assigns, certain privileges herein specified," whereby there was granted to the Market Street Railway Company, its successors and assigns, the right to construct, lay down, maintain and operate, for the unexpired term of the franchise theretofore granted for the line of said Market Street Railway Company for its line of street railroad on Mission street, Mission street road and Telegraph or New County road, among other streets in the City and County of San Francisco, as extensions and adjuncts to and in connection with said line of railroad, a single or double track street railroad, with all necessary and convenient stations, side-tracks, turn-outs, switches and appliances along and upon certain routes in said Order No. 2904 described; and

Whereas, Among the routes described in said Order No. 2904 was the following, to-wit:

"Commencing at the intersection or junction of Mission street or Mission street road with Ocean avenue (formerly Ocean House road), there connecting with the tracks of the Market Street Railway on Mission street or Mission street road; thence along and over said Ocean avenue (formerly Ocean House road) to the westerly end thereof, and thence along and upon any extension of said Ocean avenue (formerly Ocean House road) or along and upon any intersecting street or streets which was then or might hereafter be laid out under authority of the Board of Supervisors of the City and County of San Francisco, to the Ocean Beach or Great Highway."

And

Whereas, United Railroads of San Francisco is now the owner and holder of said franchise; and

Whereas, Said United Railroads is now operating a double track street railroad along a portion of said route lastly above described, from the intersection of Onondaga avenue and Ocean avenue along and upon Ocean avenue to the intersection of said Ocean avenue with what is known as Junipero Serra boulevard, and thence partially across said Junipero Serra boulevard to the said private right of way extending from Ocean avenue to Sloat boulevard, and thence northerly along said private right of way to and across Sloat boulevard, and thence along and over certain other routes commonly known as the Parkside System; and

Whereas, The City owns and operates a line of its Municipal Street Railway from The Embarcadero, over and along Market street and through the Twin Peaks Tunnel, and over West Portal avenue to or near the intersection of Sloat boulevard and Junipero Serra boulevard, which line of the Municipal Railway System is designated as the "K" line; and

Whereas, It is the desire and intention of the City to extend said line of the Municipal Railway southerly and southwesterly; and

Whereas, It is convenient and advisable in such extension to utilize the present street railroad tracks and equipment of said private right of way from its intersection with Sloat boulevard; thence southerly over and along said private right of way to where the tracks of the Ocean Avenue Street Railway line joins with the tracks of said private right of way; thence southeasterly over and along said Ocean avenue to the intersection of Harold avenue and Ocean avenue, or such other point west of Harold avenue as the City may elect;

Now, therefore, it is hereby stipulated and agreed by and between the parties as follows, to-wit:

The City, at its own cost and expense, shall have the right to connect up its tracks of its Municipal Railway, which the City is now operating through said Twin Peaks Tunnel along the present established route from the westerly portal of said tunnel to or near the intersection of Sloat boulevard and Junipero Serra boulevard, with the tracks now situate in said right of way, which extends from the intersection of Sloat and Junipero Serra boulevards, and to make all switches and turn-outs necessary to connect the said existing tracks of the Municipal Railway with the tracks of United Railroads on the said private right of way, and, further, shall have the right to the use of the tracks over which United Railroads is now operating a street railroad, for the operation of such number of cars as the

City may desire of the said "K" Line of the Municipal Railway System, and to operate the same thereon from said connection that the City will make under the terms of this agreement with the tracks now laid in said private right of way at or near the intersection of Sloat and Junipero Serra boulevards; thence over and along said private right of way to the westerly termination of Ocean avenue from said westerly termination thereof to Harold avenue or such other point west of Harold avenue as the City may elect; thence to such terminal as the City may establish off Ocean avenue, with the right and privilege to use the overhead trolley system of the United Railroads along said route for such Municipal cars, it being understood and agreed that the City will not establish a terminal on Ocean avenue for the purpose of switching back its Municipal cars.

The United Railroads shall furnish to the City the electric power necessary for the propulsion of the City's cars over the said tracks of the United Railroads; and the United Railroads shall maintain its said track, overhead trolley system and street railway appurtenances in first-class operating condition at its own cost and expense.

It is further understood and agreed that the City shall have the right, whenever it shall so desire, to connect with the tracks of the United Railroads in its said private right of way, at or near the intersection of Sloat and Junipero Serra boulevards and Ocean avenue for the purpose of extending its system southerly from that point and to utilize that portion of the tracks of the United Railroads situate in the private right of way between Sloat boulevard and the westerly termination of Ocean avenue for the cars of any and all lines of the Municipal Railway System as it now exists, or as it may be hereafter extended, in conjunction with such extension as the City may make southerly from the intersection of Junipero Serra boulevard and Ocean avenue.

It is further understood and agreed that the City shall have the right to extend its system southerly as far as San Jose avenue from a connection with the Ocean avenue tracks of the United Railroads System at Harold avenue, or such point on Ocean avenue west of Harold avenue as the City may elect for the purpose of extending the said "K" Line of the Municipal Railway System southerly but not beyond San Jose avenue.

It is further understood and agreed that nothing in this agreement contained shall prevent the City from utilizing for the cars of the said "K" Line a nearer terminal than The Em-

barcadero in a cross street off of Market street or on Van Ness avenue as far north of the present crossover near Bush street.

It is further understood and agreed that cars of the Municipal Railway System utilizing the tracks of the United Railroads on Ocean avenue between Junipero Serra Boulevard and Harold avenue shall not be routed over Taraval street.

The City agrees that prior to the exercise of the right hereby granted to the City to operate its Municipal cars over said route that it will pay to United Railroads the sum of One Hundred Thousand Dollars (\$100,000), and shall thereafter pay to United Railroads the sum of seven and one-half (7½) cents for each car mile operated by Municipal cars over the tracks of the United Railroads along said route.

In the event that the City should acquire the tracks and street railroad property along said route by purchase, said One Hundred Thousand Dollars (\$100,000) paid for the right herein granted to the City shall be applied to the purchase price, less Seven Thousand Dollars (\$7,000) for each year that shall have elapsed from the date of the payment of said One Hundred Thousand Dollars (\$100,000) to the date of said purchase.

It is further mutually understood and agreed, that except as the same are modified and changed by this agreement, the rights, privileges and obligations of the parties hereto as set forth and contained in said Ordinance No. 288 (New Series) and said Order No. 2904 shall remain the same without modification or change as if this agreement had not been entered into.

It is further mutually understood and agreed that this agreement shall continue in force and effect during the remainder of the term of said franchise granted by said Order No. 2904, whereupon the rights and privileges of the respective parties in and to the street railway system on said route hereinabove described over which the City is hereby granted the right to operate its Municipal cars, as well as the whole of the railroad system for which franchises were granted by said Ordinance No. 288 (New Series) and said Order No. 2904, shall be fixed and determined as specified in said Ordinance No. 288 (New Series) and said Order No. 2904 respectively.

It is further mutually understood and agreed that nothing in this agreement contained shall be construed to be or taken as a waiver of any of the rights of either of the parties under any litigation now pending or hereafter commenced involving the use by the City and County of San Francisco of Market street or any portion there-

of for the operation of its Municipal Railway.

In witness whereof, said City and County of San Francisco has, by ordinance of its Board of Supervisors, caused its name to be hereunto subscribed by its Mayor and its seal to be hereunto attached by the Clerk of its Board of Supervisors, and United Railroads of San Francisco and San Francisco Electric Railways have, by resolution of their respective Boards of Directors caused their names to be subscribed hereto by their respective officers subscribing their names hereto, and their respective corporate seals to be hereunto attached by their respective secretaries, the day and year first hereinabove written.

Section 2. This Ordinance shall be in force and effect immediately.

Accepting Offer of Yosemite Power Company to Permit the City to Take Over and Operate Golden Rock Ditch.

Supervisor Brandon presented:

Resolution No. 16248 (New Series), as follows:

Whereas, Lester R. Wiley, as president and manager of the Yosemite Power Company, has submitted to the City Engineer's office an offer in writing dated October 16th, 1918, to permit the City to take over and operate the Golden Rock Ditch for a maximum period of three (3) years without charge, except the obligation to operate and maintain the same during said period; and

Whereas, The City Engineer reports that the water in said ditch is badly needed for the operation of the Hetch Hetchy Railroad, and that unless the City accepts this offer there may be danger of the ditch being shut down and water not being available during the said period, and that it is to the best interests of the City to accept the offer made by said L. R. Wiley; and

Whereas, The City Engineer has submitted a copy of said offer to the Board of Supervisors and the terms and conditions thereof have been duly considered; now therefore be it

Resolved, That said offer of L. R. Wiley, as president and manager of the Yosemite Power Company, dated October 16th, 1918, be and it is hereby accepted according to the terms therein specified.

The City Engineer is hereby directed to notify said L. R. Wiley of this acceptance on the part of the City, and to take the necessary steps to carry the agreement into effect.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Golden Gate Bridge.

Supervisor Welch presented:

Resolution No. 16241 (New Series), as follows:

Whereas, The Board of Supervisors of the City and County of San Francisco has been impressed by the discussion relative to the construction of a bridge across the Golden Gate by the federal government; and

Whereas, It is evident that the construction of such a bridge would be of incalculable value to San Francisco by connecting it directly with the northern and central counties of the State and with the transcontinental railroad system; and

Whereas, Such a bridge would add a feature to the Bay of San Francisco without a parallel in the world; and

Whereas, It is a necessary step to determine by expert examination whether the project involves insurmountable engineering difficulties or prohibitive cost; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that our Senators and Representatives in Congress be urged to promote the necessary legislation providing for a preliminary survey and report, with a view to determine whether the projected bridge is practicable or not.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulyhill, Nelson, Schmitz, Suhr, Welch—15.

Absent—Supervisors Hilmer, Power, Wolfe—3.

Renaming Boulevards in Honor of General Pershing and Marshal Foch.

Supervisor Gallagher presented:

Resolution No. — (New Series), as follows:

Resolved, That in partial recognition of unity and cordiality now prevailing as between the United States and our Allies, that the Great Highway (so-called) be renamed Pershing boulevard and the Marina boulevard be renamed Marshal Foch boulevard; further

Resolved, That the Street Committee of this Board also bring to us recommendations as to renaming avenues or boulevards which will so far as we can reciprocate the honors conferred upon this nation by our Allies in this regard.

Referred to City Planning Commission.

Transfer of Contract.

Supervisor Hilmer presented:
Resolution No. 16252 (New Series),
as follows:

Resolved, That the contract heretofore awarded by Resolution No. 15831 (New Series), approved June 25, 1918, to Slocum Engraving Co., for furnishing the following items in the printing schedule 1918-19, viz.:

3603.....	5.90		

Be and is hereby transferred to Walter N. Brunt, pursuant to joint request filed by said firms with the Clerk of the Board of Supervisors.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahancy, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—15.

Absent—Supervisors Hilmer, Power, Wolfe—3.

In Memoriam.

The following resolutions were unanimously adopted:

On motion of Supervisor Gallagher:

Stuart G. Masters.

Resolution No. 16251 (New Series), as follows:

Whereas, While we are today acclaiming the end of the great world war and the triumph of democratic ideals, and while there are many dear to us whom we mourn because of the blood cost of that titanic struggle, there are still others near and dear to all of us who have succumbed to the ravages of the plague that has swept our country; and

Whereas, Among many others dear to each of us in our circle of family and friends who have succumbed to the affliction of the plague, there is one whose work often brought him into touch with our official family—Stuart G. Masters, newspaperman, who has passed on to final rest—now, therefore, be it

Resolved, That in adjourning today this Board of Supervisors does so out of respect to the memory of a man in whom were embodied the highest ideals of the newspaper profession; a man who violated no confidence; who took no advantage of his press power to unjustly attack or misrepresent; a man whose mission in life was kindness and whose passing has left one of those voids always left when Almighty God takes back to himself those who walk through their brief span of life with humility toward Him and gladness and cheer toward their fellow man.

Justice of Peace C. E. A. Creighton.

On motion of Supervisor Schmitz:
Resolution No. 16253 (New Series), as follows:

Whereas, In the death of Justice of the Peace Charles E. A. Creighton, San Francisco has lost an able, just and upright jurist, esteemed for his kindly and genial spirit, and his family a loving husband and parent:

Resolved, That the Board of Supervisors extends to his sorrowing family its heartfelt sympathy, and that when it adjourns, it does so in respect to his memory.

William Broderick.

Resolution No. 16254 (New Series), as follows:

Whereas, The grim hand of death has taken from our midst William Broderick, who for many years served the people well and faithfully as Legislator, Auditor and Supervisor;

Resolved, That this Board, out of respect to his memory and in sadness and sorrow, extends its condolences to the family of the deceased, commiserating them on a loss so great of one whose genial character and loving nature endeared him to all;

Further Resolved, That this resolution be engrossed on the minutes and a copy sent to the family and relatives of the deceased.

Bernard Faymonville.

On motion of Supervisor Hayden:
Resolution No. 16255 (New Series), as follows:

Whereas, Bernard Faymonville, a former member of the Board of Supervisors, died in this City on the 10th of November, leaving behind a career which brought a large measure of success and a wide circle of sincere friends won by his genial manner and kindness of heart; therefore

Resolved, That as a testimonial of his services rendered as an official and a citizen, we express a sincere regret for his passing and tender our sympathy to those who will have just cause to feel his loss.

Supervisor Schmitz moved that Clerk communicate with our representatives in Washington, D. C., for the purpose of having November 11 declared a national holiday, to commemorate the victory of the United States and the Allies.

Motion carried.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5 p. m., adjourned out of respect to the memory of former Supervisors William Broderick and Bernard Faymonville, Judge C. E. A. Creighton and Stuart G. Masters.

JOHN W. ROGERS,
Acting Clerk.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

MONDAY, NOVEMBER 18, 1918, 2 P. M.

In Board of Supervisors, San Francisco, Monday, November 18, 1918, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—16.

Excused on account of illness—Supervisors Power, Wolfe—2.

Quorum present.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNALS.

The Journals of Proceedings of September 23 and 24, October 31 and November 12, 1918, were considered, read and *approved*.

ROLL CALL FOR PETITIONS AND COMMUNICATIONS FROM MEMBERS.

Card of Thanks, Eugene C. Broderick.

Communication—From Eugene C. Broderick, thanking Board for resolution of condolence on the death of his father, former Supervisor William Broderick.

Resumption of Service, Park-Sunset Line, Municipal Railway.

Communication—From Board of Public Works, advising that bus service of the Municipal Railway on the Park-Sunset line will be resumed on Thursday, November 14, 1918, as per Resolution No. 16177 (New Series) of the Board of Supervisors.

Request for Ratification of Richard Schmidt's Garbage Disposal Agreement.

Communication—From John T. Williams, representing Richard Schmidt, requesting ratification of garbage disposal agreement before his client is put to the expense of purchasing equipment.

Mayor Rolph said in part: "We might as well take this matter up now and find out if the Board is going to continue the arrangement with Mr. Schmidt. I am convinced, from the demonstration I saw over on Kentucky

street, from the filth and stench in that dump, that the people over there will never stand for tilling in that block of land with garbage. No expert is needed for that kind of work. Any one can dump garbage in a hole. We might as well thresh it out now before we tie ourselves up with a contract. I want to say, gentlemen, that the condition was so bad that we simply had to open up the incinerator. The scavengers would not haul the garbage to the dump, so the incinerator has been opened up and Messrs. Jones and Judell are in charge. There will be no expense to the city for the next fifteen days, but we are working against time."

Supervisor Brandon declared that Mr. Schmidt did not get a fair chance to demonstrate his proposition. "A sergeant of police told me," he said, "that the scavengers keep their wagons waiting several blocks away in order to congest matters by all arriving at one time on the dump. The scavengers will not subject themselves to discipline until the city handles the proposition. In my opinion, Mr. Schmidt could not get that dump ready inside of one month."

Supervisor McLeran declared that Dr. Hassler rang up when the situation had become unmanageable. "I took the matter up with Cavagnaro, president of the Scavengers' Union, and he told me that the scavengers had refused to haul the garbage to that dump any more. There was nearly a riot over there the other day. The congestion was so bad that many of the scavengers would have had to remain all night before they could get rid of their loads. Mr. Schmidt was not prepared to handle the situation. He had good reasons, I know. The holiday interfered, he could not get lumber, etc., but we were obliged to open up the plant again, but the city ought to operate it, because the scavengers are divided into three factions that do not work harmoniously and there is bound to be a riot."

R. Schmidt: "I do not want to be put in a false position. The dump complained of is no indication of my proposition. I promised Mr. Judell to help him out on Jerrold avenue and that's what I was trying to do. A half holi-

day interfered with my plans and I could not procure the necessary lumber. The 10-inch pipe will have to be made. We will have our pump by Saturday and the pipe can be made and laid in four days. That land, which now isn't assessed at \$5,000 a block, will be worth \$150,000 when it is filled in. The proposed dump off Visitation Valley could not be used on account of the government taking over the railroad, but I think now that arrangements could now be made since the war is over. Since your last meeting I went to see Mr. Fitzpatrick to make some arrangements with the scavengers, but he did not show up. Mr. Cavagnaro was there."

Mayor Rolph: "You might just as well know, Mr. Schmidt, that you won't be allowed to dump where you are now operating. The Board of Health will not give you a permit. The city authorities and the property owners will not permit you to go there and you cannot expect the scavengers to agree to go three miles out of their way."

Supervisor Gallagher: "One thing I fear will happen. Some clever politician will put it on this Board some day that we permitted garbage to be dumped in some poor district, and I tell you it will not do those who may have to run for office any good. My idea is to run the incinerator until Mr. Schmidt is ready to demonstrate his proposition. I am willing to allow him all the garbage he wants for that proposition."

R. Schmidt, in reply to a question as to his relations with Mr. Pinero of the Sanitary Reduction Works, said that after Mr. Pinero had shut down the incinerator he talked to him on his proposition and they went into an agreement.

Supervisor McLeran: "An expert investigation of the books showed that Pinero did not make any money. The scavengers also failed to operate it at 60 cents per ton. It will have cost them \$1 per ton for the time it has been operated by them. They also had to give it up."

Mayor Rolph declared that heretofore the railroad companies were paid for hauling the garbage to the fill. Mr. Holland made money, the property owners paid money and now the railroads are remitting the charge.

R. Schmidt denied that he was getting any money from property owners for filling in their land.

Mayor Rolph declared that the garbage incinerators that had been investigated and recommended to the city by Mr. King of the Chamber of Commerce were a failure and he suggested that we spend a few thousand dollars on our own incinerator, which would in-

cinerate and take care of the situation until something better was developed.

Motions.

Supervisor Schmitz moved that the Board of Public Works be authorized to take temporary charge of the garbage situation until the report of the Special Committee is acted upon, Friday night, and that \$5,000 be set aside for this purpose, to be expended under the supervision of the Mayor and the Finance Committee.

Motion *carried* by the following vote:

Report of Special Garbage Disposal Committee.

Supervisor Gallagher presented:
San Francisco, November 18, 1918.
Board of Supervisors.
Gentlemen: Your Special Committee

on Garbage Disposal presents to you today a proposed ordinance to regulate the removal, disposal and conveyance of refuse, rubbish, garbage and dead animals.

The ordinance is complete, save that the maximum rates to be charged by scavengers and garbage collectors have not been determined upon by your committee, but it is hoped to have them in shape for presentation at the next meeting.

The ordinance was prepared after a study of local conditions and embodies the views of your committee and also the views of persons who have given the garbage problem close attention.

Your committee, in presenting the incomplete ordinance, realizes that it is not following precedent, but does so to give you an opportunity to look over its many provisions before being called upon to vote on the matter of passing it to print.

Respectfully submitted,
ANDREW J. GALLAGHER,
E. P. JONES, per Gallagher,
HASSLER, per Gallagher,
JOSEPH MULVIHILL,
Special Committee on Garbage Disposal.

Also, Bill No. —, Ordinance No. — (New Series), entitled "Regulating the removal, disposal and conveyance of market refuse, rubbish, garbage and dead animals."

Action Deferred.

Whereupon, the foregoing matters were, on motion, *laid over* for consideration at a special meeting Friday evening at 8 o'clock.

Extension of Time.

Supervisor Welch presented:

Resolution No. — (New Series), as follows:

Resolved, That State Improvement Company is hereby granted an extension of ninety days' time from and after November 27, 1918, within which to complete contract for the improvement of Seventh avenue between the easterly line of Irving street and a point 200 feet southerly therefrom; and on Seventh avenue between Lincoln way and Irving street.

This *first* extension of time is granted for the reason that the contractor has been unable to procure the necessary labor and materials to enable him to complete the work within the required time. No work has been done on this contract.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—16.

Celebration of Belgium Freedom.

Supervisor Nelson presented:

Resolution No. — (New Series), as follows:

Whereas, After a struggle of more than four years, during which the people of Belgium suffered untold miseries, severe oppression, and have been the victims of fearful atrocities, the day of their freedom has arrived, and once again Belgium takes her place among the free nations of the earth, which constitutes an event of world-wide consequence, which should be observed in every community that possesses a love of humanity, therefore

Resolved, That the afternoon of Saturday, November 23rd, be set aside as a time when the people of San Francisco be requested to gather at the City Hall to then and there give expression to their feelings of joy over the restoration of the government of Belgium and the re-entry of the King and Queen into the capital, and to extend to the people of that nation their gladness that freedom has come to them, and to commend their bravery and steadfastness during the long years of their struggle; also

Resolved, That the Mayor be authorized to appoint a suitable committee to arrange the details for the proper observance of the day.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—16.

Absent—Supervisors Power, Wolfe—2.

Supervisor Mulvihill presented:

Resolution No. — (New Series), as follows:

Resolved, That the rental paid by the United War Work Campaign for the use of the Auditorium for the night of November 16, 1918, is hereby ordered to be returned to said organization, and the Auditor and Treasurer are requested to comply with the intention of this resolution.

Referred to Finance Committee.

Relative to Garbage Bids.

Supervisor Welch requested that all garbage disposal bids filed with the Board of Public Works, including Shea & Holland's bid, be transmitted to the Board of Supervisors for consideration at meeting Friday night.

So ordered.

Reopening of Dance Halls.

A delegation of representatives of the Musicians' Union and dance halls appeared before the Board in the matter of obtaining permission to reopen their places of business.

Mr. Puckett, representing Puckett's Dancing Academy, was granted the privilege of the floor and addressed the Board. He declared that one of the Supervisors had assured him that he would be permitted to reopen his dance hall Wednesday night and that it looked now as if he would not be allowed to do so.

His Honor Mayor Rolph assured *Mr. Puckett* that it had been decided to permit the opening of a few private dancing academies, but that promiscuous dancing would not be allowed until the situation had become more clarified.

Mr. Greenbaum, representing the Musicians' Union, was granted the privilege of the floor and addressed the Board. He declared that he had interviewed the members of the Board of Health at various times for the purpose of getting some definite idea when the dance halls would be permitted to resume business in order that the members of his organization might get back to work. The Health authorities, he said, were very complimentary as to the manner in which the dance hall people and the musicians had yielded to the restriction placed upon them during the "influenza epidemic," but that he could get no definite information as to when they would be permitted to resume their employment. "Many of our members," he said, "are suffering and in want on account of this long period of unemployment and we want some information as to when we shall be able to go ahead. If Puckett's opens, all should open. The Board of Health has a very vacillating policy and I found it impossible to get any results, that's why we are here."

Supervisor Gallagher defended the policy of *Dr. Hassler* in exercising caution to prevent revival of the epidemic. He declared that the criticism of *Mr. Greenbaum* was not justified and that he intended to support the Health De-

partment in any measures it deemed necessary to stamp out the plague as quickly as possible.

Supervisors Nelson, Brandon and McLeran spoke to the same effect, declaring that in view of the larger interests of the public in general compared with the small numbers represented by the interests affected, it would be foolish to risk a revival of the epidemic for the sake of waiting a short while longer, moreover, the responsibility would be properly placed on the Board of Supervisors.

His Honor Mayor Rolph restated his position, declaring that he would back the Board of Health to the letter and that this matter was entirely in the hands of the Board of Health. "Mr. Greenbaum," he said, "inferred that we were discriminating between Puckett's and places like the Black Cat. I deny that; there is no comparison between the attendance in these places. My boy was sick with the influenza and he wanted to get up and go out long before it was safe to do so. His doctor very properly refused to allow him to do so and threatened to throw up the case if his orders were not followed. This city is in the same situation. Some cities have suffered so bad from this epidemic that every sort of conveyance had to be used to take away the dead and steam shovels were employed to dig trenches to bury them in. We have been more fortunate in San Francisco because we have a competent and efficient Health Department. Do you know what *Dr. Woods Hutchinson* told me? He told me that San Francisco has the greatest Health Officer in the United States, and he said more; he said we would not be able to keep him. We will lose him. Other cities will bid for him and take him away from us."

Operation of Gasoline Cars on Ocean Shore Railway.

Mr. Baker, on behalf of the Ocean Shore Railway Company, was granted the privilege of the floor in the matter of its application for permission to operate gasoline cars over its lines within the city limits. He was advised that the subject matter was pending before the Public Utilities Committee.

ADJOURNMENT.

There being no further business, the Board, at the hour of 6 p. m., adjourned.

JOURNAL OF PROCEEDINGS

BOARD OF SUPERVISORS

FRIDAY, NOVEMBER 22, 1918, 8:35 P. M.

In Board of Supervisors, San Francisco, Friday, November 22, 1918, 8:35 p. m.

The Board of Supervisors met pursuant to adjournment for the purpose of considering the proposed ordinance regulating the removal, disposal and conveyance of market refuse, rubbish, garbage and dead animals.

ROLL CALL.

The roll was called and the following Supervisors were noted present:

Supervisors Brandon, Gallagher, Hilmer, Hocks, Hynes, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Suhr, Welch—13.

Discussion.

Mayor Rolph—This meeting is for the purpose of discussing the ordinance submitted by the special committee appointed for the purpose of trying to solve the garbage question. Mr. Gallagher, as chairman of that committee, do you desire to present the committee's report?

Supervisor Gallagher—We presented a report at last Monday's meeting which the Clerk might read. Copies have been sent to each member of the Board and the hearing of citizens thereon.

The ordinance, I think, can be separated for the convenience of members into several parts. For instance, the first four or five sections are explanatory of the terms used. The next three or four sections relate to householders and others, and segregation, etc. So it might be separated into several parts. I don't know how the Board will attempt to go at it. I ask Dr. Hassler and Assistant City Engineer Jones to take seats beside me. We are here to answer such questions as you may want answered and to do our best to assist in the situation. Further than that there has been placed on each member's desk a copy of the suggestions made by the San Francisco Bureau of Municipal Research.

This committee recognizes that it has had as hard a proposition as it

has tackled since we have been on the Board, and all we can do is to bring into you the ordinance that we think should be adopted and we await the views of the Board and of the citizens interested.

Supervisor McLeran—Since the committee has submitted its report, I have given its recommendations very careful consideration, and I took up such criticisms as I had with Dr. Hassler and Assistant City Engineer Jones for the purpose of simplifying the restrictions. I have been in conference in your (Mayor's) office in this embarrassing situation regarding the disposal of garbage and I have come to the conclusion that the fewer the restrictions the more satisfactory to the householders. The recommendations of the special committee as a whole meet with my approval, but there are some recommendations that are unnecessary restrictions on the householder. For instance, three or more cans. I am in favor of confining that to two cans.

Supervisor Gallagher—Three classes, not three cans.

Supervisor McLeran—I suggest that the ordinance be taken up seriatim and I will make my recommendations as they come up.

Supervisor Gallagher—That's agreeable to me; also, any citizen who desires will be granted the privilege of the floor.

Supervisor Brandon—What is the necessity of passing that ordinance before receiving bids and the rates to be received by scavengers is determined?

Supervisor Gallagher—I thought I had explained that many times. You have decided already that you wanted this ordinance and we have brought it in.

Supervisor Brandon—Why not wait until we receive bids and we have the different propositions before us; also, another ordinance providing for the collection of garbage, and consider all at one time?

We have already decided by seventeen to one on a policy of segregating the garbage. That ordinance was amended permitting people to

come in and make bids outside of segregation. Why not dispose of it all at the same time? I think the better way to handle it is to have all matters come in at one time. Consider bids and rates to householders and the ordinance together. I am in favor of the segregation of garbage and I believe San Francisco is away behind the times in these matters. I am not prepared to vote on this ordinance tonight.

Mayor Rolph—Now we have a very fair gathering of fellow-citizens tonight, all interested in the garbage question. The special committee has given time, attention and thought. We are discussing a problem that is taxing every city in this country. You all heard the Lord Bishop of Manchester say, when he was here a few weeks ago, that many years ago, when he was Mayor of a small borough in England, that the principal question at that time before the corporation was the disposal of garbage, and he was glad to be here and listen to our discussion of that question, because it reminded him of old times. We have been struggling with this question, also, for many years and have had many meetings and got nowhere. I say, Are we going to have a repetition of these matters as in the past? Is the Board going to try to solve this question tonight? I have discussed this matter lately with a number of persons and I know we are up against a hard proposition. The epidemic put the scavenger out of business and the garbage can was not removed. Then we entered into a proposition with Mr. Schmidt and dumped in Islais Creek for two or three days, until the stench became so great that if something was not done they would have a strike in the Union Iron Works, and we were put to the expense of covering the stench in Kentucky street and Railroad avenue. The seagulls tried to eat it up, but couldn't get away with it. We had to go back to burning it in the incinerator. Mr. Judell and Mr. Jones are in charge and we are burning the garbage on our property.

We are spending a small sum of money to put that plant in some kind of shape so that it can be used. Mr. Gallagher, I want to thank you for the time you have given to this problem.

Mr. Welch is paying 50 cents a month for taking the garbage from the second story of his house. He says he would pay \$5 per month rather than carry it downstairs himself. Mr. Riordan pays 50 cents per month and the scavenger calls twice a week. Now, hay is \$25 a ton, oats and barley are from \$25 to \$40

per ton, and the scavenger has two men on the wagon at \$5 per day and two horses to feed.

Supervisor Gallagher—How do you know that all that will not be taken into consideration? The rates are not before us now.

Mayor Rolph—I say that certain attempts are being made to cloud the issue. It is said: The scavenger is charging too much in some parts of the city; the rates are not just—the rates are not right.

Supervisor Brandon—I believe it would be better to have all these matters before us at one time.

Mayor Rolph—I am trying to put this garbage question into a situation where it will be temporarily solved and then ultimately solved. If you don't take rates into consideration—

Supervisor Gallagher—That is not correct—

Mayor Rolph—You are delaying a situation that needs immediate adjustment. You have until the first of December. They will run the plant until December 1st.

Supervisor Gallagher—Solve the problem by paying the deficit between \$1.20 and 60 cents. I ask Mr. Fitzgerald if that would not take care of the situation.

Mayor Rolph—I don't want you to think that I am discussing the report of the committee. I am trying to point out to you a situation that is going to confront us before we meet again.

Supervisor Schmitz—I move that consideration of the ordinance be now taken up and that the people interested be given a hearing before the Board of Supervisors.

J. P. Kelly—Speaking from the householders' point of view, I want to say that the ordinance calls for three receptacles. I think the two new cans should be provided by the contractors. I object to carrying cans thirty-five to fifty feet to the sidewalk. I would like to ask: Where are you going to put the disposal plant?

Supervisor Brandon—I am not going to be committed to vote on this ordinance until bids are received and rates are fixed.

Ordinance.

Whereupon, the following Bill was taken up and read by the Clerk:

Bill No. —, Ordinance No. — (New Series), as follows:

Regulating the removal, disposal and conveyance of market refuse, rubbish, garbage and dead animals.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Definition of terms:

Sub. 1. The general term "Refuse"

shall be construed to mean and include any and all organic or inorganic materials which are rejected, abandoned, or discarded by the owners or producers thereof as offensive, or useless, or no longer desired, by said owners or producers thereof, all or any of which by their presence or accumulation may injuriously affect the health, comfort, or safety of the community by increasing disease or hazard of fire, or which cause an unkempt or disordered appearance to premises within said City and County of San Francisco.

Sub. 2. Wherever the term "Garbage" is used herein it shall be taken to be and include all animal and vegetable refuse from kitchens and household waste that shall have been prepared for or intended to be used as food or shall have resulted from the preparation of food.

Sub. 3. Wherever the term "Market Refuse" is used herein it shall be taken to be and include decayed and unsound meat, fish, fruit and vegetables from meat, fish, fruit and vegetable markets, and animal and vegetable refuse from such markets.

Sub. 4. Wherever the term "Combustible Rubbish" is used herein it shall be taken to be and include paper, pasteboard, carpets, rags, clothing, books, boots, shoes, straw, packing, barrels, boxes, furniture, and similar articles that will incinerate through contact with flames of ordinary temperature.

The term "Incombustible Rubbish" is defined to be ashes, bottles, broken crockery, glass and tin cans and other metallic substances, and like or similar articles or substances that will not incinerate through contact with flames of ordinary temperature.

Sub. 5. The term "Dirt," where used hereinafter, shall be construed to mean incombustible refuse, or refuse not capable of contributing to disease or fire hazard by its presence or decomposition.

Sub. 6. Wherever the term "Scavenger" is used herein it shall be construed to mean the person, firm, corporation, association or the agents or employees thereof to whom the City and County of San Francisco shall have awarded a contract, or designated as duly authorized to exclusively collect, receive, carry, haul or transport refuse, garbage, rubbish or dirt herein defined, within the said City and County.

Sub. 7. Wherever the term "Disposal Contractor" is used herein it shall be construed to mean the person, firm or corporation, or association to whom the City and County shall award a contract or designate as duly authorized to exclusively re-

ceive all refuse collected by scavengers within the City and County of San Francisco.

Sub. 8. Wherever the term "Household" is used herein it shall be construed to mean any house, or building, or portion thereof which is designed, built, rented, leased, let or hired out to be occupied or which is occupied as the home or residence of one or more persons or families doing their cooking in said building.

Section 2. In order that "Refuse" may be properly conserved, handled and disposed of in a sanitary manner, "Refuse" shall be segregated by the producer into three general classes, to be known as: (1) "Garbage," (2) "Market Refuse," and (3) "Rubbish and Dirt".

Section 3, Sub. 1. Householders, keepers of boarding houses, hotels, restaurants, stores or business places, and all producers of refuse as herein defined, shall keep segregated and separated the several classes of refuse designated as "Garbage," "Market Refuse" and "Rubbish and Dirt," wherever such classes of refuse are produced.

All "Garbage" as herein defined shall be placed by the person, firm or corporation occupying the premises upon which such garbage is created, in a water-tight metal receptacle approved by the Board of Health, which receptacle shall be kept closed by a close-fitting metal cover. The contents of such receptacle shall be delivered not less than twice a week to the person holding a permit from the Board of Health, issued under the provisions of Ordinance No. 4349 (New Series).

No refuse, other than "Garbage," shall be placed in said garbage receptacle.

Sub. 2. Every contractor or builder engaged in the erection or repair of a building is hereby required to provide a water-tight metal receptacle at or near such building being so erected or repaired within which receptacle shall be deposited any food or garbage cast aside by the employees or workmen engaged on such building. Said receptacle shall be kept closed by a close-fitting metal cover except at such times when opened for the deposit of such food or garbage.

Every employee or workman engaged in work upon said building or on the premises surrounding said building who consumes food on said premises is hereby required to deposit in such water-tight metal receptacle in the manner aforesaid all leavings of such food as may be unconsumed or rejected by him, and the casting aside on said premises or throwing about of any unconsumed food or of any garbage is hereby expressly forbidden.

Section 4. All householders, keepers of boarding houses, hotels, restaurants stores or business places and all producers of refuse, as herein defined, shall exercise every precaution to prevent broken glass, crockery, poisons, metallic and other deleterious substances from becoming mixed with garbage.

Section 5. It shall be unlawful for any producer of refuse as defined by Section 1 of this Ordinance to fail to properly segregate "Garbage" from other refuse as required by Section 3 of this Ordinance or to fail to properly safeguard garbage as required by Section 4 of this Ordinance.

Section 6. It shall be unlawful for any person other than the duly authorized Disposal Contractor or incinerate or burn either garbage or rubbish or to dump the same upon any vacant lands or into the waters of the bay, or to dispose of same by burial except by special permit of the Board of Health.

Section 7. Sub. 1. The water-tight metal garbage receptacles herein required shall be made of galvanized iron or of material equally satisfactory to the Board of Health, and shall be inspected and approved and so stamped or marked by the Board of Health. No person, firm or corporation shall sell, offer for sale, or otherwise dispose of any such receptacle to be used as a garbage can which does not have upon it the inspection stamp or mark of the Board of Health.

Sub. 2. It shall be the duty of every owner, manager or person in possession of any boarding house, hotel, apartment, restaurant or cafe, and of every person occupying a dwelling or flat or apartment within the City and County of San Francisco, to provide, or to cause to be provided, and at all times to keep, or cause to be kept, portable vessels, tanks or receptacles as in this Ordinance prescribed for holding of garbage of a capacity not less than three (3), nor more than sixteen (16) gallons, which shall be provided with a bail or handles on the outside thereof and otherwise comply in full with the provisions of Subdivision 1 of this section.

Each vessel, tank or receptacle must be kept clean and sanitary and free of encrustations of grease or refuse, and the use of lime, carbolic acid or any other disinfectant is herewith strictly prohibited. All cleansing of garbage receptacles is to be done with caustic soda dissolved in hot water.

Sub. 3. Each such vessel, tank or receptacle shall be kept or placed in the manner following:

(a) Where there is an alley other than a blind alley, in the rear of the premises, such vessel, tank or receptacle shall be placed on the premises

within five (5) feet of the rear property line.

(b) Where there is no alley other than a blind alley in the rear of such premises, and there is a side entrance to the rear of such premises, each such vessel, tank or receptacle shall be placed on the premises on an accessible point not less than fifty (50) nor more than seventy-five (75) feet from the front property line.

(c) Where there is no alley other than a blind alley, nor such side entrance, each such vessel, tank or receptacle shall be placed at a convenient point which will eliminate the need of the collector climbing stairways and which location shall be at or about the level of the curb line of the street frontage of the property in such a manner that each such vessel, tank or receptacle shall be accessible to the scavenger when called for.

Section 8. All "Rubbish" and "Dirt" shall be kept in a proper receptacle, in a dry condition and no rubbish or dirt as herein defined shall be at any time mixed with garbage.

Section 9. All refuse shall be taken promptly by scavengers as directly as possible, on the day of collection, to the plant of the Disposal Contractor. No scavenger shall retain, sell or otherwise dispose of any materials nor carry any such rubbish to any barn, garage or premises for storage or segregation.

Section 10. All refuse within the City and County of San Francisco shall be collected and transported through the streets of the said City and County by scavengers only, at the time, rates for collection, service and in the manner hereinafter set forth.

Each class of refuse is to be kept separate from and unmixed with any other class of refuse and is to be transported and delivered by the scavenger to the Disposal Contractor in a segregated and unmixed condition.

Section 11. The person collecting such refuse under the terms of the preceding sections shall deposit the contents of all such receptacles directly into the wagon provided therefor, and shall deliver the contents of such wagon to the Disposal Plant on the same day that such refuse was placed therein. Any failure on the part of the person so collecting such refuse to observe the requirements of this section will be sufficient to justify the revocation by the Board of Health of the permit issued in accordance with the provisions of Ordinance No. 4349 (N. S.).

Section 12. In addition to the revocation of the permit for the cause set forth in Section 11 hereof, the Board of Health shall have authority to hear complaints against any person holding

such permit and to revoke the same for insolent or threatening conduct, for the failure to collect refuse under the terms of any contract, or for the violation of any sanitary regulations made by such Board.

Section 13. Sub. 1. It shall be the duty of every householder or tenant occupying any private residence or flat or apartment within the City and County of San Francisco to arrange or cause to be arranged with the scavenger or collector for the frequency of the collections and removals of garbage and rubbish from the premises.

Sub. 2. Garbage shall be collected and removed by the scavenger or collector not less frequently than twice each week. Rubbish shall be collected and removed by the scavenger or collector at such intervals as the conditions of the householder or tenant may demand in order to prevent unnecessary, unsightly or dangerous accumulations of such rubbish, and all rubbish shall be collected and removed not less frequently than twice each month.

Sub. 3. Every householder or tenant of a dwelling or flat in the City and County of San Francisco shall pay to the scavenger or collector for the removal of garbage and rubbish such price as may be agreed upon between the householder or tenant and the scavenger or collector, according to the requirements of the service, but the rates charged for such removal by the scavenger or collector shall be not more than that fixed by the Schedule of Rates herein set forth.

Sub. 4. Every apartment in an apartment house and every room in any house or dwelling or other premises which is subdivided, let, hired, rented or leased to be occupied or which is occupied as the home or residence of one or more persons or families doing their cooking in said building shall be deemed a separate household and the occupant or occupants of each separate apartment, room or subdivision shall constitute a household and the scavenger or collector shall be paid for the removal of garbage and rubbish such a price as may be agreed upon according to the requirements of the service, but the rates charged for such removal by the scavenger or collector shall be not more than that fixed by the Schedule of Rates herein set forth.

(RATES FOR COLLECTION TO BE REPORTED LATER.)

Section 14. It shall be the duty of every resident, householder or tenant occupying any private residence or flat or apartment within the City and County of San Francisco to provide, or cause to be provided, and at all times to keep or cause to be kept, portable vessels, tanks or receptacles for

holding rubbish. For holding ashes, each such vessel, tank or receptacle shall be of metal and shall be water-tight. The same shall have a capacity of not more than sixteen (16) gallons and shall be provided with a bail or handles on the outside and with a tightly fitting cover, which cover shall not be removed except when necessary.

For holding incombustible rubbish other than ashes, each such vessel, tank or receptacle shall be of wood or metal and shall be tight. The same shall have a capacity of not less than five (5) gallons and not more than thirty (30) gallons.

Such vessels, tanks or receptacles shall be kept or placed as is prescribed for the placing of receptacles for refuse.

Section 15. It shall be unlawful for any person, firm or corporation to remove or convey, or to cause or permit to be removed or conveyed, any refuse upon or along any public street, alley, or other public place, except in water-tight vessels, receptacles or tanks, or wagon boxes mounted on wheels, and every such vessel, tank, receptacle or wagon box when containing refuse shall be securely and tightly covered in such manner as to prevent the contents thereof or any odors escaping therefrom. Every such vessel, receptacle, tank or wagon box shall be thoroughly cleansed daily and same shall be disinfected at least twice each week. Every vehicle carrying any such vessel, receptacle, tank or wagon box shall be so loaded and driven that none of the contents thereof shall fall therefrom, and there shall be painted upon each side of every vehicle containing any such vessel, receptacle, tank or wagon box the number of the permit issued therefor by the Board of Health, pursuant to the provisions of this Ordinance, in black letters and figures not less than four inches in height and on a white background.

All vehicles for the transportation of swill, garbage or rubbish of any character shall be subject to the approval of the Board of Health before licenses for their operation are issued.

Sub. 2. Before any person, firm or corporation shall remove or convey refuse, combustible or incombustible rubbish upon or along any public street, alley or other public place, an application shall be filed with the Board of Health for a permit, which application shall be signed by and shall contain the address of such applicant. Such applicant shall agree to conform to and obey the ordinances of the City and County of San Francisco now in force or that may be hereafter adopted and all regulations of the Board of Public Works and of the Board of Health of the City and County relative

to the removal, disposal and conveyance of refuse, combustible and incombustible rubbish. He shall further agree to dispose of, or cause to be disposed of, all rubbish obtained from places of business and all refuse obtained from any market or produced or created in any part of the City and County of San Francisco. He shall further agree not to cause or permit to be disposed of any of such rubbish or refuse at any place other than the plant of the Disposal Contractor to whom the City and County shall award a contract, and will not sell or deliver or cause or permit to be sold or delivered any of such rubbish or refuse to any person, firm or corporation that disposes of or will dispose of the same at any place other than the reduction or disposal plant of the Disposal Contractor or licensed collector for such Disposal Contractor above mentioned or to such contractor as may have obtained from the City and County of San Francisco a contract for the removal of refuse, combustible and incombustible rubbish.

Sub. 3. The offal from wholesale fish, vegetable or fruit markets, and the condemnations of all food products and the carcasses of any animal condemned by the Board of Health shall be removed by the Disposal Contractor free of charge.

Sub. 4. The following rate shall be charged for the removal of dead animals from private premises to the disposal plant:

For each dead horse or cow, the sum of \$2.50; cats and dogs, \$0.50 per head.

All dead animals upon the public streets or highways and any public park or square shall be removed without cost to the City by the Disposal Contractor.

Any animal so removed shall become the property of the Disposal Contractor.

Section 16. It shall be unlawful for any person, firm or corporation, their agents or employees, to hinder, threaten, impede or obstruct any licensed scavenger in the performance of his duty as defined by this Ordinance.

Section 17. The Board of Health is hereby empowered to make such further regulations as may be necessary to carry out the intent and purposes of this Ordinance.

Section 18. All members of the Police Department and employees of the Board of Health are hereby specifically required to enforce the provisions of this Ordinance, and shall have the right to enter any and all premises for the purpose of ascertaining the sanitary condition thereof, and any person denying or obstructing such entry shall be subject to the penalty herein provided.

Section 19. Any person, firm or corporation violating any of the provisions of this Ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than five hundred (\$500) dollars or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

Section 20. Ordinance No. 12 (Second Series), Approved November 4, 1897; Ordinance No. 65, Approved May 9, 1900; Ordinance No. 357 (New Series), Approved February 3, 1908; and all other ordinances conflicting with the provisions of this Ordinance are hereby repealed.

Section 21. This Ordinance shall take effect immediately.

Amendments.

Supervisor McLeran moved to amend by striking out Sub 5, Sec. 1. (Supervisor Gallagher consented.)

Amendment carried.

Supervisor McLeran moved to amend Sub. 6, Sec. 1, by striking out the words "exclusively" in the eighth line, and "or dirt" in the tenth line and by inserting the word "or" in front of the word "rubbish" in the tenth line. (Supervisor Gallagher consented.)

Amendment carried.

Supervisor Brandon moved to strike out the word "rubbish" in Sub. 6.

Motion lost by the following vote:

Ayes—Supervisors Brandon, Hynes—2.

Noes—Supervisors Deasy, Gallagher, Hilmer, Hocks, Kortick, Lahaney, McLeran, McSheehy, Nelson, Schmitz, Suhr—11.

Absent—Supervisors Hayden, Mulvihill, Power, Welch, Wolfe—5.

Supervisor McLeran moved to amend by striking out the words "exclusively" and "all," Sub. 7, Sec. 1, line seven thereof. (Supervisor Gallagher consents.)

Amendment carried.

Supervisor McLeran moved to amend Section 2, making it read as follows:

"Section 2. In order that 'Refuse' may be properly conserved, handled and disposed of in a sanitary manner, 'Refuse' shall be segregated by the producer into two general classes to be known as: (1) 'Garbage,' and (2) 'Rubbish.'

(Supervisor Gallagher consents.)

Dr. Miller: This section is the quintessence of the entire legislation. I want to call your attention to this for the test of all legislation is simple and old—as old as democratic institutions. It is: whether or not the legislation or ordinance proposed is for the general welfare or for the benefit of the few. It should serve no special privileges. You have said

that we are having too much legislation. This is iniquitous legislation. You are Prussianizing San Francisco.

Supervisor Gallagher: No; this is conservation of food and in accordance with the communication from the United States Food Administration requesting this sort of action.

Dr. Miller: This communication is beside the point. If we segregate our garbage we want to get something for it.

Whereupon, Supervisor McLeran's amendment was carried unanimously.

Supervisor McLeran moved to amend by striking out the words "and dirt" in Sub. 1, Sec. 3, eighth line thereof.

Mayor Rolph: I see Mr. Berry leaving the room. Mr. Berry, what do you think of the situation now at Islais Creek.

Mr. Berry: You are abating a nuisance in both places, as Mr. Coryell says.

Mayor Rolph: What do you think of the Islais Creek Incinerator which was recommended by Mr. King of the Merchants Association? Will it burn garbage?

Mr. Berry: My opinion is that it will cook garbage and that it is better than the old incinerator. The old incinerator has been condemned by the Board of Health.

Theo. Waudd was granted the privilege of the floor and protested against segregation in apartment houses.

J. M. Rich, representing Bay View and South San Francisco, was granted the privilege of the floor and asked if the scavengers are going to discontinue dumping on Army street and Railroad avenue.

Mayor Rolph: Mr. Schmidt's contract has never been executed on the part of the City. We have stopped dumping. The incinerator was opened up at once and will continue until other arrangements are made.

Supervisor McLeran moved to amend by striking out the following:

"All 'Garbage' as herein defined shall be placed by the person, firm or corporation occupying the premises upon which such garbage is created, in a water-tight metal receptacle approved by the Board of Health, which receptacle shall be kept closed by a close-fitting metal cover. The contents of such receptacle shall be delivered not less than twice a week to the person holding a permit from the Board of Health, issued under the provisions of Ordinance No. 4349 (New Series).

"No refuse, other than 'Garbage,' shall be placed in said garbage receptacle.

"Sub. 2. Every contractor or

builder engaged in the erection or repair of a building is hereby required to provide a water-tight metal receptacle at or near such building being so erected or repaired within which receptacle shall be deposited any food or garbage cast aside by the employees or workmen engaged on such building. Said receptacle shall be kept closed by a close-fitting metal cover except at such times when opened for the deposit of such food or garbage.

"Every employee or workman engaged in work upon said building or on the premises surrounding said building who consumes food on said premises is hereby required to deposit in such water-tight metal receptacle in the manner aforesaid all leavings of such food as may be unconsumed or rejected by him, and the casting aside on said premises or throwing about of any unconsumed food or of any garbage is hereby expressly forbidden.

"Section 4. All householders, keepers of boarding houses, hotels, restaurants, stores or business places and all producers of refuse, as herein defined, shall exercise every precaution to prevent broken glass, crockery, poisons, metallic and other deleterious substances from becoming mixed with garbage.

"Section 5. It shall be unlawful for any producer of refuse as defined by Section 1 of this ordinance to fail to properly segregate 'Garbage' from other refuse as required by Section 3 of this ordinance or to fail to properly safeguard garbage as required by Section 4 of this ordinance.

"Section 6. It shall be unlawful for any person other than the duly authorized Disposal Contractor to incinerate or burn either garbage or rubbish or to dump the same upon any vacant lands or into the waters of the bay, or to dispose of same by burial except by special permit of the Board of Health.

"Section 7. Sub. 1. The water-tight metal garbage receptacles herein required shall be made of galvanized iron or of material equally satisfactory to the Board of Health, and shall be inspected and approved and so stamped or marked by the Board of Health. No person, firm or corporation shall sell, offer for sale, or otherwise dispose of any such receptacle to be used as a garbage can which does not have upon it the inspection stamp or mark of the Board of Health.

"Sub. 2. It shall be the duty of every owner, manager or person in possession of any boarding house, hotel, apartment, restaurant or cafe, and of every person occupying a

dwelling or flat or apartment within the City and County of San Francisco, to provide, or to cause to be provided, and at all times to keep, or cause to be kept, portable vessels, tanks or receptacles as in this ordinance prescribed for holding of garbage of a capacity not less than three (3), nor more than sixteen (16) gallons, which shall be provided with a bail or handles on the outside thereof and otherwise comply in full with the provisions of Subdivision 1 of this section.

"Each vessel, tank or receptacle must be kept clean and sanitary and free of encrustations of grease or refuse, and the use of lime, carbolic acid or any other disinfectant is herewith strictly prohibited. All cleansing of garbage receptacles is to be done with caustic soda dissolved in hot water."

(Supervisor Gallagher offered no objection to striking out the foregoing.)

Whereupon, Supervisor McLeran's motion to amend was *carried* unanimously.

Supervisor McLeran moved to amend Sub. 3, Sec. 7, by striking out the words "or placed" in the second line and "the manner following" in the third line; add to second line the words "a place accessible to the scavenger and satisfactory to the householder." Strike out the balance of the section.

Amendment *carried*.

Supervisor McLeran moved to amend Section 8, first line, by striking out the words "and dirt;" second line by striking out the words "in a proper receptacle;" third line by striking out the words "or dirt." (Special Committee consents.)

Amendment *carried*.

Clerk reads:

Section 9. All refuse shall be taken promptly by scavengers as directly as possible, on the day of collection, to the plant of the Disposal Contractor. No scavenger shall retain, sell or otherwise dispose of any materials nor carry any such rubbish to any barn, garage or premises for storage or segregation.

E. A. Applegarth: Mr Chairman, what difference will that make in the charge for service by the scavengers?

Mayor Rolph: What is the objection to the scavenger salvaging anything from the garbage?

Supervisor Gallagher: We are about to enter into a contract and the scavenger has no right to get what you are selling to the contractor.

Whereupon, Sections 9, 10 and 11 were *approved* as submitted.

Supervisor Gallagher moved to

amend Section 12, fourth line, by striking out the word "Health" and inserting the words "Public Works;" in the sixth line, insert before the word "revoke," the words "request the Board of Health to."

Amendment *carried*.

Section 13, Subs. 1 and 2, amended by the committee as follows, was thereupon approved, to-wit:

"Section 13. Sub. 1. It shall be the duty of every householder or tenant occupying any private residence or flat or apartment within the City and County of San Francisco to arrange or cause to be arranged with the scavenger or collector for the frequency of the collections and removals of garbage and rubbish from the premises.

"Sub. 2. Garbage shall be collected and removed by the scavenger or collector not less frequently than twice each week. Rubbish shall be collected and removed by the scavenger or collector at such intervals as the conditions of the householder or tenant may demand in order to prevent unnecessary, unsightly or dangerous accumulations of such rubbish and all rubbish shall be collected and removed not less frequently than twice each month."

Supervisor McLeran moved that Sub. 3, Sec. 13, be amended as follows:

"Sub. 3. Every householder or tenant of a dwelling or flat in the City and County of San Francisco shall pay to the scavenger or collector for the removal of garbage and rubbish such price as may be agreed upon between the householder or tenant and the scavenger or collector, according to the requirements of the service, but the rates charged for such removal by the scavenger or collector shall be not more than that fixed by the Schedule of Rates set forth in the ordinance fixing the maximum rates to be collected for the removal and disposal of garbage and refuse."

(Committee consents.)

Whereupon the foregoing amendment was *carried*.

Supervisor Gallagher moved to eliminate Sub. 4, Sec. 13.

Motion *carried*.

Supervisor McLeran moved to amend Section 14, as follows:

"Section 14. It shall be the duty of every resident, householder or tenant occupying any private residence or flat or apartment within the City and County of San Francisco to provide, or cause to be provided, and at all times to keep, or cause to be kept, portable vessels, tanks or receptacles for holding rubbish and ashes. Each such vessel, tank or receptacle shall be of metal or other incom-

bustible material and shall be tight. The same shall have a capacity of not more than sixteen (16) gallons and shall be provided with a bail or handles on the outside and with a tightly fitting cover, which cover shall not be removed except when necessary.

"Such vessels, tanks or receptacles shall be kept or placed as is prescribed for the placing of receptacles for garbage."

Amendment carried.

Supervisor Gallagher, in accordance with suggestion of Dr. Hassler and Mr. Jones, moved to amend Sub. 3, Sec. 15, as follows:

"Sub. 3. The condemnation of offal from wholesale fish, vegetable or fruit markets, and the condemnations of all food products and the carcasses of any animal condemned by the Board of Health shall be removed by the Garbage Disposal Contractor free of charge."

Amendment carried.

Supervisor McLeran moved that Section 18, after the word "Health," be amended by inserting the words "and the Board of Public Works."

Amendment carried.

Supervisor McLeran moved to amend Section 20, fifth line, after the figures "1908," by inserting the words and figures "Ordinance No. 1858 (New Series), approved April 3, 1912."

Amendment carried.

Passage to Print.

Whereupon, on motion of Supervisor McLeran, the foregoing bill as amended, and in words and figures following, was *passed for printing*, with the understanding that it would be withheld until schedule of rates had been determined, to-wit:

Bill No. 5083, Ordinance No. — (New Series), Regulating the removal, disposal and conveyance of market refuse, rubbish, garbage and dead animals.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Definition of terms:

Sub. 1. The general term "Refuse" shall be construed to mean and include any and all organic or inorganic materials which are rejected, abandoned, or discarded by the owners or producers thereof as offensive, or useless, or no longer desired by said owners or producers thereof, all or any of which by their presence or accumulation may injuriously affect the health, comfort, or safety of the community by increasing disease or hazard of fire, or which cause an unkempt or disordered appearance to premises within said City and County of San Francisco.

Sub. 2. Wherever the term "Gar-

bage" is used herein it shall be taken to be and include all animal and vegetable refuse from kitchens and household waste that shall have been prepared for or intended to be used as food or shall have resulted from the preparation of food.

Sub. 3. Wherever the term "Market Refuse" is used herein it shall be taken to be and include decayed and unsound meat, fish, fruit and vegetables from meat, fish, fruit and vegetable markets, and animal and vegetable refuse from such markets.

Sub. 4. Wherever the term "Combustible Rubbish" is used herein it shall be taken to be and include paper, pasteboard, carpets, rags, clothing, books, boots, shoes, straw, packing, barrels, boxes, furniture, and similar articles that will incinerate through contact with flames of ordinary temperature.

The term "Incombustible Rubbish" is defined to be ashes, bottles, broken crockery, glass and tin cans and other metallic substances, and like or similar articles or substances that will not incinerate through contact with flames of ordinary temperature.

Sub. 5. Wherever the term "Scavenger" is used herein it shall be construed to mean the person, firm, corporation, association or the agents or employees thereof to whom the City and County of San Francisco shall have awarded a contract, or designated as duly authorized to collect, receive, carry, haul or transport refuse, garbage or rubbish herein defined, within the said City and County.

Sub. 6. Wherever the term "Disposal Contractor" is used herein it shall be construed to mean the person, firm or corporation, or association to whom the City and County shall award a contract or designate as duly authorized to receive refuse collected by scavengers within the City and County of San Francisco.

Sub. 7. Wherever the term "Household" is used herein it shall be construed to mean any house, or building, or portion thereof which is designed, built, rented, leased, let or hired out to be occupied or which is occupied as the home or residence of one or more persons or families doing their cooking in said building.

Section 2. In order that "Refuse" may be properly conserved, handled and disposed of in a sanitary manner, "Refuse" shall be segregated by the producer into two general classes to be known as: (1) "Garbage," and (2) "Rubbish."

Section 3. Sub. 1. Household-ers, keepers of boarding houses, hotels, restaurants, stores or business places, and all producers of refuse as herein defined, shall keep segregated and

separated the several classes of refuse designated as "Garbage," "Market Refuse" and "Rubbish," whenever such classes of refuse are produced.

All "Garbage" as herein defined shall be placed by the person, firm or corporation occupying the premises upon which such garbage is created, in a water-tight metal receptacle approved by the Board of Health, which receptacle shall be kept closed by a close-fitting metal cover. The contents of such receptacle shall be delivered not less than twice a week to the person holding a permit from the Board of Health, issued under the provisions of Ordinance No. 4349 (New Series).

No refuse, other than "Garbage," shall be placed in said garbage receptacle.

Sub. 2. Every contractor or builder engaged in the erection or repair of a building is hereby required to provide a water-tight metal receptacle at or near such building being so erected or repaired within which receptacle shall be deposited any food or garbage cast aside by the employees or workmen engaged on such building. Said receptacle shall be kept closed by a close-fitting metal cover except at such times when opened for the deposit of such food or garbage.

Every employee or workman engaged in work upon said building or on the premises surrounding said building who consumes food on said premises is hereby required to deposit in such water-tight metal receptacle in the manner aforesaid all leavings of such food as may be unconsumed or rejected by him, and the casting aside on said premises or throwing about or any unconsumed food or of any garbage is hereby expressly forbidden.

Section 4. All householders, keepers of boarding houses, hotels, restaurants, stores or business places and all producers of refuse, as herein defined, shall exercise every precaution to prevent broken glass, crockery, poisons, metallic and other deleterious substances from becoming mixed with garbage.

Section 5. It shall be unlawful for any producer of refuse as defined by Section 1 of this ordinance to fail to properly segregate "Garbage" from other refuse as required by Section 3 of this ordinance or to fail to properly safeguard garbage as required by Section 4 of this ordinance.

Section 6. It shall be unlawful for any person other than the duly authorized Disposal Contractor to incinerate or burn either garbage or rubbish or to dump the same upon any vacant lands or into the waters of the bay, or to dispose of same

by burial except by special permit of the Board of Health.

Section 7. Sub. 1. The water-tight metal garbage receptacles herein required shall be made of galvanized iron or of material equally satisfactory to the Board of Health, and shall be inspected and approved and so stamped or marked by the Board of Health. No person, firm or corporation shall sell, offer for sale, or otherwise dispose of any such receptacle to be used as a garbage can which does not have upon it the inspection stamp or mark of the Board of Health.

Sub. 2. It shall be the duty of every owner, manager or person in possession of any boarding house, hotel, apartment, restaurant or cafe, and of every person occupying a dwelling or flat or apartment within the City and County of San Francisco, to provide, or to cause to be provided, and at all times to keep, or cause to be kept, portable vessels, tanks or receptacles as in this ordinance prescribed for holding of garbage of a capacity not less than three (3), nor more than sixteen (16) gallons, which shall be provided with a bail or handles on the outside thereof and otherwise comply in full with the provisions of Subdivision 1 of this section.

Each vessel, tank or receptacle must be kept clean and sanitary and free of encrustations of grease or refuse, and the use of lime, carbolic acid or any other disinfectant is herewith strictly prohibited. All cleansing of garbage receptacles is to be done with caustic soda dissolved in hot water.

Sub. 3. Each such vessel, tank or receptacle shall be kept in a place accessible to the scavenger and satisfactory to the householder.

Section 8. All "Rubbish" shall be kept in a proper receptacle in a dry condition and no rubbish as herein defined shall be at any time mixed with garbage.

Section 9. All refuse shall be taken promptly by scavengers as directly as possible, on the day of collection, to the plant of the Disposal Contractor. No scavenger shall retain, sell or otherwise dispose of any materials nor carry any such rubbish to any barn, garage or premises for storage or segregation.

Section 10. All refuse within the City and County of San Francisco shall be collected and transported through the streets of the said City and County by scavengers only, at the time, rates for collection, service and in the manner hereinafter set forth.

Each class of refuse is to be kept separate from and unmixed with any

other class of refuse and is to be transported and delivered by the scavenger to the Disposal Contractor in a segregated and unmixed condition.

Section 11. The person collecting such refuse under the terms of the preceding sections shall deposit the contents of all such receptacles directly into the wagon provided therefor, and shall deliver the contents of such wagon to the Disposal Plant on the same day that such refuse was placed therein. Any failure on the part of the person so collecting such refuse to observe the requirements of this section will be sufficient to justify the revocation by the Board of Health of the permit issued in accordance with the provisions of Ordinance No. 4349 (N. S.).

Section 12. In addition to the revocation of the permit for the cause set forth in Section 11 hereof, the Board of Health shall have authority to hear complaints against any person holding such permit and to revoke the same for insolent or threatening conduct, for the failure to collect refuse under the terms of any contract, or for the violation of any sanitary regulations made by such Board.

Section 13. Sub. 1. It shall be the duty of every householder or tenant occupying any private residence or flat or apartment within the City and County of San Francisco to arrange or cause to be arranged with the scavenger or collector for the frequency of the collections and removals of garbage and rubbish from the premises.

Sub. 2. Garbage shall be collected and removed by the scavenger or collector not less frequently than twice each week. Rubbish shall be collected and removed by the scavenger or collector at such intervals as the conditions of the householder or tenant may demand in order to prevent unnecessary, unsightly or dangerous accumulations of such rubbish, and all rubbish shall be collected and removed not less frequently than twice each month.

Sub. 3. Every householder or tenant of a dwelling or flat in the City and County of San Francisco shall pay to the scavenger or collector for the removal of garbage and rubbish such price as may be agreed upon between the householder or tenant and the scavenger or collector, according to the requirements of the service, but the rates charged for such removal by the scavenger or collector shall be not more than that fixed by the Schedule of Rates set forth in the Ordinance fixing the maximum rates to be collected for the removal and disposal of garbage and refuse.

Section 14. It shall be the duty of every resident, householder or tenant

occupying any private residence or flat or apartment within the City and County of San Francisco to provide, or cause to be provided, and at all times to keep or cause to be kept, portable vessels, tanks or receptacles for holding rubbish and ashes. Each such vessel, tank or receptacle shall be of metal or other incombustible material and shall be tight. The same shall have a capacity of not more than sixteen (16) gallons and shall be provided with a bail or handles on the outside and with a tightly fitting cover, which cover shall not be removed except when necessary.

Such vessels, tanks or receptacles shall be kept or placed as is prescribed for the placing of receptacles for garbage.

Section 15. It shall be unlawful for any person, firm or corporation to remove or convey, or to cause or permit to be removed or conveyed, any refuse upon or along any public street, alley, or other public place, except in tight vessels, receptacles or tanks, or wagon boxes mounted on wheels, and every such vessel, tank, receptacle or wagon box when containing refuse shall be securely and tightly covered in such manner as to prevent the contents thereof or any odors escaping therefrom. Every such vessel, receptacle, tank or wagon box shall be thoroughly cleansed daily and same shall be disinfected at least twice each week. Every vehicle carrying any such vessel, receptacle, tank or wagon box shall be so loaded and driven that none of the contents thereof shall fall therefrom, and there shall be painted upon each side of every vehicle containing any such vessel, receptacle, tank or wagon box, the number of the permit issued therefor by the Board of Health, pursuant to the provisions of this Ordinance, in black letters and figures not less than four inches in height and on a white background.

Each vessel, receptacle, tank or wagon box used for the purpose of conveying garbage or other refuse containing liquids along or upon any public street, alley or other public place shall be water-tight.

All vehicles for the transportation of swill, garbage or rubbish of any character shall be subject to the approval of the Board of Health before licenses for their operation are issued.

Sub. 2. Before any person, firm or corporation shall remove or convey refuse, combustible or incombustible rubbish upon or along any public street, alley or other public place, an application shall be filed with Board of Health for a permit, which applica-

tion shall be signed by and shall contain the address of such applicant. Such applicant shall agree to conform to and obey the ordinances of the City and County of San Francisco now in force or that may be hereafter adopted and all regulations of the Board of Public Works and of the Board of Health of said City and County relative to the removal, disposal and conveyance of refuse, combustible and incombustible rubbish. He shall further agree to dispose of, or cause to be disposed of, all rubbish obtained from places of business and all refuse obtained from any market or produced or created in any part of the City and County of San Francisco. He shall further agree not to cause or permit to be disposed of any of such rubbish or refuse at any place other than the plant of the Disposal Contractor to whom the City and County shall award a contract, and will not sell or deliver or cause or permit to be sold or delivered any of such rubbish or refuse to any person, firm or corporation that disposes of or will dispose of the same at any place other than the reduction or disposal plant of the Disposal Contractor or licensed collector for such Disposal Contractor above mentioned or to such contractor as may have obtained from the City and County of San Francisco a contract for the removal of refuse, combustible and incombustible rubbish.

Sub. 3. The condemnation of offal from wholesale fish, vegetable or fruit markets, and the condemnations of all food products and the carcasses of any animal condemned by the Board of Health shall be removed by the Garbage Disposal Contractor free of charge.

Sub. 4. The following rate shall be charged for the removal of dead animals from private premises to the Disposal Plant:

For each dead horse or cow, the sum of \$2.50; cats and dogs, \$0.50 per head.

All dead animals upon the public streets or highways and any public park or square shall be removed without cost to the City by the Disposal Contractor.

Any animal so removed shall become the property of the Disposal Contractor.

Section 16. It shall be unlawful for any person, firm or corporation, their agents or employees, to hinder, threaten, impede or obstruct any licensed scavenger in the performance of his duty as defined by this Ordinance.

Section 17. The Board of Health is hereby empowered to make such further regulations as may be neces-

sary to carry out the intent and purposes of this Ordinance.

Section 18. All members of the Police Department and employees of the Board of Health and of the Board of Public Works are hereby specifically required to enforce the provisions of this Ordinance, and shall have the right to enter any and all premises for the purpose of ascertaining the sanitary condition thereof, and any person denying or obstructing such entry shall be subject to the penalty herein provided.

Section 19. Any person, firm or corporation violating any of the provisions of this Ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than five hundred (\$500) dollars or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

Section 20. Ordinance No. 12 (Second Series), approved November 4, 1897; Ordinance No. 65, approved May 9, 1900; Ordinance No. 357 (New Series), approved February 3, 1908; Ordinance No. 1858 (New Series), approved April 3, 1912, and all other ordinances conflicting with the provisions of this Ordinance are hereby repealed.

Section 21. This Ordinance shall take effect immediately.

Passed for Printing—Board of Supervisors, San Francisco, November 23, 1918.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hocks, Hynes, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Schmitz, Welch—12.

Absent—Supervisors Hayden, Hilmer, Kortick, Power, Suhr, Wolfe—6.

Motions.

Supervisor McLeran moved that time of presentation of bids be left to the City Engineer's office.

So ordered.

T. Fitzpatrick, representing the Scavengers' Protective Association, declared that he had seen the tentative rates prepared by Mr. Jones and that they were satisfactory to him and the organization he represented. He stated further that it is costing the scavengers \$1.25 per ton to run the incinerator and that the city ought to pay for the compensation bond, since the scavengers are running the plant for the city. He asked the Finance Committee to take the matter up. Addressing the chairman of the Special Committee on Garbage Disposal, he declared that in any rates to be fixed a reasonable increase was expected.

Bids Received.

The following presented bids for dumping and covering garbage:

Frank O'Shea, 60c per ton to scavenger.

J. P. Holland, 60c per ton to scavenger and \$250 to city.

Referred to Finance Committee.

ADJOURNMENT.

There being no further business, the Board, at the hour of 1:45 a. m., November 23, 1918, adjourned.

JOHN W. ROGERS,

Acting Clerk.

Approved by the Board of Supervisors December 30, 1918.

Pursuant to Resolution No. 3402 (New Series), of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

ROLL CALL FOR PETITIONS AND COMMUNICATIONS FROM MEMBERS.

Proclamation Providing for the Discarding of Influenza Masks.

The following was presented, read and ordered spread in the Journal:

Mayor's Office, San Francisco.

San Francisco, Cal., November 20, 1918.

To the Honorable Board of Supervisors of the City and County of San Francisco—

Gentlemen:

Enclosed please find copy of proclamation I have issued, dated today, in which I have advised the people of San Francisco that, in accordance with advices received from the Board of Health that the influenza epidemic in San Francisco has ceased to exist, masks can be discarded after tomorrow, November 21st, noon.

This is forwarded to you for your records, as the document revoking Ordinance No. 4710 was approved and finally passed by your Honorable Board on October 31st, 1918.

Respectfully,

JAMES ROLPH JR.,

Mayor.

San Francisco, November 20th, 1918.

To the People of San Francisco:

At twelve o'clock noon on Thursday, November 21, 1918, the San Francisco public may doff its influenza masks, which, for nearly a month, have served as a protection against the recent epidemic.

By virtue of the power granted me, as Mayor, in Ordinance No. 4710 of the Board of Supervisors of the City and County of San Francisco, finally passed and approved October 31, 1918, I hereby declare the said ordinance null and void, the San Francisco Board of Public Health having advised me that the influenza epidemic has ceased to exist.

In issuing this proclamation, declaring at an end the necessity for wearing the gauze masks, I wish to thank the people of San Francisco for the willingness displayed by them, even before the use of masks became compulsory, to fulfil the wishes of the Board of Health.

I likewise wish to pay a well-deserved tribute, in the name of all our citizens, to the Board of Public Health and its personnel; City Health Officer Dr. Wm. C. Hassler; Dr. Broderick, superintendent, and the personnel of the San Francisco Hospital; C. M. Wollenberg, Superintendent of the Relief Home and of the temporary convalescents' hospital of the Red Cross in the Civic Center, together with his assistants, J. C. Astredo, Chief Probation Officer, and his working force at the San Francisco Detention Home; John A. Britton, chairman, his fellow directors, and the San Francisco Chapter of the American Red Cross; Admiral Jayne of the U. S. Navy and his details of courteous and efficient navy officers and men; the various other charitable, social, fraternal and religious organizations of the city, and the thousands of municipal employees, in particular the public school teachers, and private citizens, both men and women, who gave so unselfishly and so bravely and devotedly of their services in a time of real need, and to the press, who aided, by generous space, to advise, assist and co-operate.

The manner in which the various elements of our civic life co-operated

with each other in the crisis has elicited much favorable comment from other cities—and this is, to all of us, cause for gratification.

At noon Thursday the masks come off, with the blowing of whistles and the ringing of bells. Until the appointed moment, let me add, the "mask" ordinance remains in full force and effect.

Respectfully,

JAMES ROLPH JR.,
Mayor.

Report of Robert M. Searls on Spring Valley Litigation.

The following report was read by Assistant City Attorney Daley:

November 23rd, 1918.

Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen:

Attached hereto is a report made by Robert M. Searls, former Assistant City Attorney, on the case of *Spring Valley Water Company vs. City and County of San Francisco*, which was tried in the Federal Court and involved the eight years of litigation over water rates. The report sets forth fully the present status of the case. It is now necessary to determine whether appeals from the decisions in the various cases shall be prosecuted to the Supreme Court of the United States.

Appeals in these cases will necessarily be expensive, owing to the very large record in the trial court. This expense, including interest on the judgment for costs against the city, will probably amount to \$15,000 or \$20,000. It is my opinion that the city has little chance of reversing the decision of Judge Rudkin. When the report of the Master who heard the case came before the court on confirmation, the city succeeded in having five million dollars stricken from the valuation of the company's properties as determined by the Master. To secure a reversal of the decision, even for the most favorable year of the eight years involved, at least six million dollars more must be eliminated if the Supreme Court sustains the ruling of Judge Rudkin that six per cent is a fair minimum rate to be allowed the company. Owing to the tendency of appellate courts to sustain trial courts on findings of fact based on conflicting evidence, I do not believe we can hope to secure any such reduction.

I do not feel justified in incurring the large expense these appeals will entail without further direction from your Honorable Board.

I therefore submit the matter for your consideration and direction, and,

unless you direct me to do so, I shall not appeal the cases.

Respectfully submitted,

GEORGE LULL,

City Attorney,
October First
1918

George Lull, Esq., City Attorney, City and County of San Francisco.

Dear Sir:

Report on Spring Valley Rate Litigation.

I submit herewith a special report as to the status of the Spring Valley rate litigation in the United States District Court, with my own recommendations in respect thereto.

History of Cases Involved:

The suits involved in this litigation were Federal Court numbers 14,275, 14,735, 14,892, 15,131, 15,344, 15,569, 26 and 96, brought against the City and its officers by the Spring Valley Water Company involving the validity of water rate ordinances passed by the Board of Supervisors for each of the eight fiscal years from 1907-08 to 1915-16, inclusive. Under permission granted each year by the Federal Court in temporary restraining orders, rates 15% in excess of the ordinance rates were collected by the water company from its consumers, and this excess was impounded in court under charge of a special master. During the past year most of these impounded funds were invested in Liberty Bonds of the First, Second and Third issues. The total amount of money and bonds impounded was \$2,280,448.55. Answers to the complaints in all these cases were prepared and filed by the City Attorney in 1914. By order of Judge Van Fleet, United States District Judge, the cases were consolidated for trial and transferred to H. M. Wright, Standing Master in Chancery, for hearing. Hearings were begun before the Master in Chancery July 12, 1915, and continued without interruption until May 5, 1916, after which 17 days were spent in argument of the cases. The transcript of testimony taken covers over eleven thousand pages, in addition to which two hundred and thirty-five exhibits were filed. A vigorous contest was made in behalf of the City on all points in dispute. Engineers, accountants and real estate appraisers of recognized ability were engaged and the net sum of their contentions was that the value for rate-fixing purposes of the company's properties in use did not exceed \$22,000,000, that 5% was the minimum fair rate of return to be allowed, and that the ordinances in question yielded nearly 7% on that base. The company claimed a 7% minimum return on a forty-three million dollar valuation, and it was of

course apparent that the ordinances would yield no such revenue as that.

The cases were finally submitted before the Master in Chancery in September, 1916. He spent a year in study and consideration of the evidence and in the preparation of his preliminary report, which was filed in August, 1917. This report fixed the value for rate fixing purposes of the company's properties during the critical years at \$39,000,000, and the minimum rate of return at 7%. Forthwith the City Attorney's office filed, under the federal equity rules, 100 objections to the report and they were argued, considered by the Master, and overruled in a supplemental report. He then signed his supplemental and original reports and filed them in the District Court. Thereupon the City Attorney's office renewed its objections to the report in the form of exceptions thereto before District Judge Frank H. Rudkin. These exceptions were argued for two days before the court in November, 1917, and submitted.

On July 20th, 1918, Judge Rudkin filed his opinion sustaining the City's objections to the extent of reducing the valuation for rate-fixing purposes from \$39,000,000 to \$34,000,000, and the minimum rate of return from 7% to 6%, but in other respects confirming the Master's report, and adjudging the rates to be confiscatory. Thereupon the company filed a petition asking the Judge to modify his opinion in respect to the valuation and rate of return to the extent of restoring the Master's figures. The City Attorney's office filed an objection to their petition and a counter-petition asking that no costs be awarded to the company against the city.

On August 22d, 1918, the court denied both petitions, affirming his former opinion, awarding the company its costs of suit, and directed the entry of a decree in conformity with his ruling. Formal decrees were entered August 28th, 1918, adjudging the ordinances void, confiscatory and unconstitutional, and directing the special master to deliver all the impounded moneys and bonds to the complainant, also awarding costs to the complainant.

An itemized cost bill aggregating \$309,147 was filed by the company and costs taxed at \$75,570 by the clerk of the court after the City's accountants had checked the items and the propriety of many of them had been argued by the City Attorney's office. A motion was then made before the court in the City's behalf to have the costs retaxed by eliminating therefrom certain items aggregating \$42,385. This motion was argued, together with a counter-motion made

by the company to have taxes restored to the list of cost items, and submitted on briefs. The District Judge finally fixed the costs, which now appear in the judgment, at \$73,856. Time within which an appeal may be taken from the judgment expires November 28th, 1918.

Present Status:

From the foregoing history of these cases, it will be noted that they have been vigorously fought all the way through, that the city has lost and now stands confronted with a judgment against it of \$73,856 for complainant's costs. At this stage it should also be remembered that during the years in litigation, the City Attorney's office was successful, after a contest which went through the United States Supreme Court, in obtaining orders from the court for the collection of taxes on the impounded moneys aggregating \$224,600, all of which went into the city treasury. Despite the heavy cost of the litigation and the large cost bill, therefore, it can fairly be said that so far as the city is concerned the litigation has been more than self-sustaining. I further call your attention to the fact that Judge Rudkin's reduction of the Master's valuation from \$39,000,000 to \$34,000,000 amounts to a substantial victory for the city. Compared with the last purchase price submitted to the people and making adjustments for the differences in property items the Rudkin valuation is \$630,500 less than the agreed purchase price. This fact is emphasized by the unsuccessful contest the company made to have this decision modified.

Possible Future Action:

In the light of all these facts, what is the best thing for the city to do now? Three possible alternative lines of action may be followed. First, we may appeal to the Supreme Court of the United States; second, we may say the judgment for costs and treat the matter as closed; third, we may ask the Spring Valley Water Company to treat this judgment against the city as a chose in action, an item of property to be acquired by the city and thus liquidated when the city purchases the company's properties, as I firmly believe it eventually must. Whether or not the company would accede to such a proposal as the last I do not know.

So far as the first alternative, an appeal, is concerned, I submit the following suggestions: First, the Supreme Court has repeatedly refused in cases before it to go back of the trial court's findings of fact based on conflicting testimony. The finding of the minimum non-confiscatory rate of return has been treated by them in a number of cases as a finding of fact

and in the very recent decision in the Denver water rate case, they sustained six per cent as the minimum fair rate. I take it, therefore, that Judge Rudkin's finding of six per cent will be held practically conclusive. The net return which the Master found the company received under the ordinances does not in the most favorable years amount to six per cent of more than \$28,000,000. Our problem on appeal would, therefore, be to eliminate at least \$6,000,000 from Judge Rudkin's valuation of \$34,000,000 without invading the field of findings on disputed evidence. In other words, practically entire items would have to be eliminated. The items of valuation usually disputed on appeal are going concern value, water rights, paving over mains not laid by the company, reservoir values, working capital and unused property.

With respect to going concern value, the Master found \$3,400,000 and the District Court reduced the allowance to \$1,400,000. In the Des Moines gas case the Supreme Court sustained the elimination of a separate allowance by the Master in Chancery. In the Denver water case it affirmed a separate allowance of \$800,000 made by the Master. The former decision was based on the Master's statement that in giving full reproduction value to the plant he was considering it as a going concern. In the present case the Master states that he has not considered the plant as a going concern until a *separate* increment is added for that item. The prospect of getting the Supreme Court to eliminate altogether Judge Rudkin's reduced allowance of \$1,400,000 is not very promising, to say the least.

Water rights were valued by Judge Rudkin at a figure lower than that placed upon them by the city's witnesses. I see no prospect of obtaining an elimination of the item in the light of the Supreme Court's ruling in the San Joaquin light and power case.

Paving over mains not laid by the company was not allowed by the Master in this case and does not affect the situation.

Working capital only amounts to \$100,000, and is too small to affect the result seriously.

Reservoir values, as fixed by the Master and confirmed by the District Court, were in my opinion unreasonably high. They amount to nearly \$3,000,000. I assume that the principles followed in attaining this valuation might be successfully attacked on appeal. Certainly some value would have to be allowed for these lands, however. The defendants' witnesses conceded about \$200,000.

The largest items of property claimed by the city to be out of use

were the Merced watershed lands, the Pleasanton ranch lands, and the Calaveras-San Antonio watershed and dam. Judge Rudkin reduced the Master's Merced valuation by \$1,500,000, leaving it at a figure only \$400,000 more than the value conceded by the city for the Merced lakes and surrounding margin. At Pleasanton there is a possibility of eliminating about a million dollars worth of land, although the testimony as to utility is in dispute. In the light of the positive findings made by the Master as to the utility of the Calaveras-San Antonio watershed, I see little chance of reversing him there. The Calaveras dam expenditures, amounting to \$500,000, might possibly be excluded on appeal.

Adding the foregoing appealable items which it might be possible to eliminate, I cannot find more than five million dollars in valuation as to which we would stand any chance whatever of eliminating, whereas at least six million dollars would have to be eliminated, and in the earlier years more than that, in order to obtain a valuation upon which six per cent will have been earned. As against this possibility, too, should be reckoned any possible effects of cross-appeals which might be taken by the company owing to its dissatisfaction with the Rudkin valuation.

In short, I see little prospect of success on appeal. Its principal advantage would be to stay the collection of the cost judgment, and even that would bear interest from date of its entry in the District Court if it should finally be affirmed.

Second, to pay off the judgment at once would undoubtedly be the quickest way of disposing of the matter, assuming an appeal to be undesirable. The difficulty here is that the budget for this fiscal year has been fixed, as well as the tax rate, and no funds are available. Conceivably the company will attempt to enforce collection through mandamus proceedings in the Federal Court if no appeal is taken and the judgment becomes final.

Third, as to the possibility of amortizing the debt in a future purchase price of the properties, I have made the suggestion as a possibility, contingent upon the company's consent and the willingness of the municipal authorities to enter into such an agreement. Whether or not negotiations should be opened to that end is a question of policy which had probably best await the direction of the Supervisors.

Believing that I have now placed you in possession of the salient facts affecting this long involved and very expensive litigation which has been in my direct charge since May, 1915, I submit the foregoing report for your

consideration and await your further directions.

Respectfully,

ROBERT M. SEARLS,
Special Counsel.

Motion.

Supervisor McLeran moved that the report just read be placed on file and printed in the Journal, and that the City Attorney be instructed not to appeal the rate cases.

His Honor Mayor Rolph declared that at a conference in his office with the City Attorney, the Finance Committee and some prominent lawyers who have the interests of the City at heart, this matter was gone into very thoroughly, but no conclusion was arrived at and no recommendation was made.

Supervisor Gallagher declared that he was not ready to vote on the question on such short notice, and that if the motion was put he would be obliged to vote in the negative.

Action Deferred.

Whereupon, Supervisor McLeran withdrew his motion, and the consideration of the foregoing report was fixed for 2 p. m., Wednesday, November 27, 1918.

Protest Against Sheep Corral.

The following was presented and read:

Communication—From Mrs. M. Nihil and Mrs. C. Schneider, protesting against continued maintenance of sheep corral at Silliman and Holyoke streets.

Motion.

Supervisor Power moved that the Health Committee be requested to ask Mr. Moffitt and Mr. Sharpe, who own the corrals, to discontinue same, in accordance with their promise.

Motion carried.

Whereupon, protesting property owners who were present were notified to attend meeting of Health Committee on Friday at 2 p. m., when matter will be given further consideration.

Card of Thanks.

Communication—From Mrs. Lillie Creighton, expressing heartfelt thanks for resolutions of sympathy on death of her husband, Judge C. E. A. Creighton.

Read and ordered filed.

Golden Gate Bridge.

Communication—From Julius Kahn, Congressman, acknowledging receipt of resolution in re construction of bridge across the Golden Gate.

Read and ordered filed.

Stable Petition.

Petition—Of Caesare De Martini for the granting of a permit to continue stable at 421 Eighth avenue.

Read and filed.

Collection of Garbage.

Communication—From S. F. Bureau of Municipal Research, transmitting memorandum discussing three methods of garbage collection, and calling attention to the importance of abolishing present method of collection.

Referred to Special Committee on Garbage Disposal.

Report of City Planning Commission on Renaming Streets.

The following was presented, read and adopted, contingent on inquiry from General March as to the disposition of General Pershing in the matter of renaming the Presidio:

City and County of San Francisco.

November 25th, 1918.

City Planning Commission, Room 220, City Hall.

To the Hon. Board of Supervisors, City and County of San Francisco, Cal. Gentlemen:

The City Planning Commission, to whom was referred a resolution changing the name of the Great Highway to Pershing boulevard, and the Marina to Marshal Foch boulevard, have had the same under consideration, and report thereon as follows:

We believe that the efforts of Marshal Foch and General Pershing in connection with world events and policies have been so far completed and are of such consequence and merit as to warrant the perpetuation of their names by some act of the City, and therefore suggest:

1st. That the distinguished services rendered by Marshal Foch be recognized by bestowing his name upon the Great Highway, being the thoroughfare bordering the Pacific from the terminus of Point Lobos avenue to the southerly limits of the City, and an ordinance adopted changing the name of the "Great Highway" to "Marshal Foch boulevard."

2nd. That the faithful service of General Pershing should be recognized by some act commensurate therewith.

This Commission is at a loss to suggest the renaming of any street or park that is of sufficient public interest or importance to bear his name, but we have in mind the fact that General Pershing was, for many years, stationed at the Presidio, and circumstances connected with his residence at that point, and the sacrifices which attended such residence, would justify the linking of his name to this great and beautiful reservation.

We therefore recommend that a communication be addressed to the Senators and Representatives from this City in the Congress of the United States suggesting that they ascertain whether it would be in keeping with public policy to link the name of the

commander of the American Expeditionary Forces with that of the Presidio, and, if deemed proper, to secure such action by Congress as will give perpetuity to his name and all that it signifies in the history of the world.

Respectfully submitted,

By direction of City Planning Commission,

H. A. MASON,
Secretary.

Special Report of the Streets Committee.

Street Railway Agreement, Taraval Street.
Bill No. 5074, Ordinance No. 4718.

Authorizing, empowering and directing the Mayor of the City and County of San Francisco to enter into an agreement with the United Railroads of San Francisco, a corporation, and San Francisco Electric Railways, a corporation, for the use by the City and County of San Francisco for its municipal cars, of the tracks, overhead trolley system and street railroad appurtenances on Taraval street between Twentieth and Thirty-third avenues in the City and County of San Francisco; for the furnishing of power by the United Railroads of

San Francisco for the propulsion of municipal cars over said track, and for the reconstruction of the street railroad tracks, railroad appurtenances, and the paving of the street between the tracks and for two feet on each side thereof by the City and County of San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor of the City and County of San Francisco is hereby authorized, empowered and directed, for and on behalf of the City and County of San Francisco, to enter into an agreement with the United Railroads of San Francisco, a corporation, and San Francisco Electric Railways, a corporation, substantially as follows, to-wit:

This agreement, made and entered into on the ___ day of _____, 1918, between the City and County of San Francisco, a municipal corporation, hereinafter designated as the City, San Francisco Electric Railways, a corporation, hereinafter designated as Electric Railways, and United Railroads of San Francisco, a corporation, hereinafter designated as United Railroads:

Witnesseth:

Whereas, on October 14, 1907, the Board of Supervisors duly and regularly adopted Ordinance No. 288 (New Series), entitled "Granting to the Parkside Transit Company, a railway corporation, a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, sidetracks, turnouts, switches, curves, crossing, depot and terminal tracks and facilities, along, over, under and across certain streets in the City and County of San Francisco," which ordinance was approved by the Mayor of the City and County of San Francisco on the 17th day of October, 1907, whereby there was granted to Parkside Transit Company, a railroad corporation, a street railway franchise over and along certain streets in the City and County of San Francisco therein designated; and

Whereas, Subsequent thereto said Parkside Transit Company abandoned a certain part of said franchise with and by the consent of the Board of Supervisors of the City and County of San Francisco and under certain agreements entered into between the City and County of San Francisco and said Parkside Transit Company, which abandonment, consent and agreement are set out and contained in Resolution No. 1444 (New Series) of the Board of Supervisors of the City and County of San Francisco, adopted October 14, 1907, and ap-

proved October 17, 1907, by the Mayor of the City and County of San Francisco, and Resolution No. 2296 (New Series) of the Board of Supervisors of the City and County of San Francisco, adopted May 18, 1908, and approved May 26, 1908, by the Mayor of the City and County of San Francisco; and

Whereas, Thereafter said Parkside Transit Company transferred and conveyed to Electric Railways said franchise granted by said Ordinance No. 285 (New Series), as changed and affected by said Resolution No. 1444 (New Series) and No. 2296 (New Series); and

Whereas, Thereafter said Electric Railways leased and granted to United Railroads the right to maintain and operate over and along the streets designated in said franchise the street railroad, for which said franchise was granted by said Ordinance No. 288 (New Series) to said Parkside Transit Company; and

Whereas, United Railroads is now operating a street railroad over streets designated in said Ordinance No. 288 (New Series) pursuant to said lease and rights granted by said Electric Railways; and

Whereas, Among the streets designated in said Ordinance No. 288 (New Series) over and along which said Parkside Transit Company was granted the right and privilege to construct, maintain and operate a single or double track railroad and over which the United Railroads is now operating a street railroad, pursuant to said lease and rights granted by Electric Railways, Taraval street between Twentieth and Thirty-third avenues is included; and,

Whereas, The City owns and operates a Municipal Street Railway through the Twin Peaks Tunnel and along a present established route from the westerly portal of said tunnel to or near the intersection of Sloat boulevard and Junipero Serra boulevard; and,

Whereas, It is the desire and intention of the City to extend its said Municipal Railway westerly and in other directions; and,

Whereas, It is convenient and advisable in such extension to utilize the present street railroad tracks and equipment on said portion of Taraval street between Twentieth and Thirty-third avenues over and along which United Railroads is now operating a street railroad as aforesaid;

Now, therefore, it is hereby stipulated and agreed by and between the parties hereto as follows:

The City shall have the right to connect with the tracks now situate on said portion of Taraval street between Twentieth and Thirty-third

avenues, or as the same may hereafter be reconstructed, and to make such switches and turnouts therefrom as the City may desire and operate an unlimited number of cars of its Municipal Railway System as said system now exists or may be hereafter modified or extended, over and along said tracks on Taraval street between said Twentieth and Thirty-third avenues, and to utilize all present street railway appliances and overhead trolley system as the City may desire and as the same may be hereafter reconstructed or changed on said portion of Taraval street between said Twentieth and Thirty-third avenues; provided, however,, that nothing in this agreement contained shall be construed as limiting the United Railroads in an equal use of the said tracks for the operation of its own cars. United Railroads shall furnish to the City all electric current required by the City in the operation of its municipal cars over said portion of Taraval street between Twentieth and Thirty-third avenues, the City to pay said United Railroads for all current used by the City at the rate of one and one-quarter (1¼) cents per kilowatt hour, and in addition thereto City will pay any surcharge rate which United Railroads may be compelled to pay to the Sierra & San Francisco Power Company under order of the Railroad Commission of the State of California.

It is understood by and between the parties hereto that the City shall have the right to string an independent trolley, if it so desires and at any time it so desires, on the span wires of the overhead system on Taraval street between Twentieth and Thirty-third avenues and furnish its own power for the propulsion of its own cars.

The City on its part agrees that it will, at its own cost and expense, reconstruct the existing tracks on Taraval street between Twentieth and Thirty-third avenues to grade, and shall, upon the completion thereof, pave the street between the tracks and between the rails and for a distance of two (2) feet outside thereof, and in said reconstruction the City shall have the right to use the rails and appliances and materials now in use for the operation of a street railroad on said portion of Taraval street without payment to Electric Railways or United Railroads therefor.

The City and United Railroads shall maintain said tracks and overhead trolley system on said portion of Taraval street between Twentieth and Thirty-third avenues in first-class serviceable condition, and shall keep the roadway between the rails and for two (2) feet on each side thereof

in good condition and repair, as required by the fourth subdivision of Section — of said Ordinance No. 288 (New Series), the expense of said repair and maintenance to be borne by the City and United Railroads in proportion to the respective car mileage operated by the City and United Railroads on said portion of Taraval street between Twentieth and Thirty-third avenues.

It is further mutually understood and agreed that except as the same is modified and changed by this agreement the rights, privileges and obligations of the parties hereto as set forth and contained in said Ordinance No. 288 (New Series) shall remain the same without modification or change, as if this agreement had not been entered into.

It is further mutually understood and agreed that this agreement shall continue in force and effect during the remainder of the term of said franchise granted by said Ordinance No. 288 (New Series), or the sooner termination thereof, whereupon the rights and privileges of the respective parties in and to the street railroad system on said portion of Taraval street between Twentieth and Thirty-third avenues, as well as the whole of the railroad system for which a franchise was granted by said Ordinance No. 288 (New Series), shall be fixed and determined as specified in said Ordinance No. 288 (New Series).

In witness whereof, the said City and County of San Francisco has by ordinance of its Board of Supervisors caused its name to be hereunto subscribed by its Mayor and its great seal to be hereunto attached by the Clerk of its Board of Supervisors, and United Railroads of San Francisco and San Francisco Electric Railways have by resolution of their respective boards of directors caused their names to be subscribed hereto by their respective officers who have subscribed their names hereto, and their respective seals to be hereunto attached by their respective secretaries, the day and year first hereinabove written.

Section 2. This ordinance shall be in force and effect immediately.

Street Railway Agreement, Ocean Avenue.
Bill No. 5075, Ordinance No. 4719 (New Series), as follows:

Authorizing, empowering and directing the Mayor of the City and County of San Francisco to enter into an agreement with United Railroads of

San Francisco, a corporation, and San Francisco Electric Railways, a corporation, for the use by the City and County of San Francisco for its Municipal Railroad cars of the tracks, overhead trolley system and street railroad appurtenances on Ocean avenue from Harold avenue to the westerly termination of Ocean avenue; thence over and along a private right of way extending from or near the westerly termination of Ocean avenue to Sloat boulevard, with the right of the City and County of San Francisco to connect with the tracks of said right of way the tracks of the City and County of San Francisco from the westerly termination of its present Municipal Railroad system, which the City and County of San Francisco now operates through the Twin Peaks tunnel, and along the present established route from the westerly portal of said tunnel to or near the intersection of Sloat and Junipero Serra boulevards; for the furnishing of power by United Railroads of San Francisco for the propulsion of municipal cars over said tracks on Ocean avenue and said private right of way; for the repair and maintenance of said tracks, the overhead trolley system and street railroad appurtenances along said route in first-class serviceable condition by United Railroads of San Francisco and for the payment by the City and County of San Francisco to United Railroads of San Francisco for said use and said rights the sum of one hundred thousand dollars and the further payment by the City and County of San Francisco to United Railroads of San Francisco of seven and one-half cents per car mile for each municipal car operated over said tracks and route.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor of the City and County of San Francisco is hereby authorized, empowered and directed, by and on behalf of the City and County of San Francisco, to enter into an agreement with the United Railroads of San Francisco, a corporation, and San Francisco Electric Railways, a corporation, substantially as follows, to-wit:

This Agreement, made and entered into on the — day of —, 1918, between the City and County of San Francisco, a municipal corporation, hereinafter designated as the City, San Francisco Electric Railways, a corporation, hereinafter designated as Electric Railways, and United Railroads of San Francisco, a corporation, hereinafter designated as United Railroads,

Witnesseth:

Whereas, On October 14th, 1907, the

Board of Supervisors duly and regularly adopted Ordinance No. 288 (New Series), entitled: "Granting to Parkside Transit Company, a railway corporation, a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side-tracks, turn-outs, switches, curves, crossings, depot and terminal tracks, and facilities along, over, under and across certain streets in the City and County of San Francisco," which Ordinance was approved by the Mayor of the City and County of San Francisco on the 17th day of October, 1907, whereby there was granted to Parkside Transit Company, a railroad corporation, a street railway franchise over and along certain streets in the City and County of San Francisco therein designated; and

Whereas, Subsequent thereto said Parkside Transit Company abandoned a certain part of said franchise with and by the consent of the Board of Supervisors of the City and County of San Francisco and under certain agreement entered into between the City and County of San Francisco and said Parkside Transit Company, which abandonment, consent and agreement are set out and contained in Resolution No. 1444 (New Series) of the Board of Supervisors of the City and County of San Francisco, adopted October 14th, 1907, and approved October 17th, 1907, by the Mayor of the City and County of San Francisco, and Resolution No. 2296 (New Series) of the Board of Supervisors of the City and County of San Francisco, adopted May 18th, 1908, and approved May 26th, 1908, by the Mayor of the City and County of San Francisco; and

Whereas, Thereafter said Parkside Transit Company transferred and conveyed to Electric Railways said franchise granted by said Ordinance No. 288 (New Series), as changed and affected by said Resolution No. 1444 (New Series) and No. 2296 (New Series); and

Whereas, Thereafter said Electric Railways leased and granted to United Railroads the right to maintain and operate over and along the streets designated in said franchise the street railroad for which said franchise was granted by said Ordinance No. 288 (New Series) to said Parkside Transit Company; and

Whereas, United Railroads is now operating a street railroad over streets designated in said Ordinance 288 (New Series) pursuant to said lease and rights granted by said Electric Railways; and

Whereas, Among the streets and routes designated in said Ordinance No. 288 (New Series) over and along

which said Parkside Transit Company was granted the right and privilege to construct, maintain and operate a single or double track railroad and over which the United Railroads is now operating a street railroad, pursuant to said lease and rights granted by Electric Railroad, was the following, to-wit:

"Commencing in Ocean avenue opposite the southerly termination of Corbett avenue; thence through private property to Nineteenth avenue; thence across Nineteenth avenue to a point approximately nine hundred and ninety-six (996) feet southerly from the south line of W street, as laid down on the official map of the City and County of San Francisco; thence through private property in a general westerly direction to what would be the line of Market street if extended; thence along Market street to its westerly terminus; thence through private property in a general northwesterly direction to the easterly line of the Great Highway."

Also,

"Commencing at the southerly line of Ocean avenue where said southerly line of Ocean avenue is intersected by the westerly line of Corbett avenue; thence northerly across Ocean avenue there connecting with the track or tracks now laid or to be laid by the grantee (Parkside Transit Company) at the intersection of Ocean avenue and Corbett avenue."

Since the granting of said franchise the westerly termination of Corbett avenue is at the present intersection of Junipero Serra and Sloat boulevards, and a portion of the route first described in this paragraph is a route through a private right of way extending from Sloat boulevard southerly to a point opposite Ocean avenue and over which at the present time United Railroads is operating a street railroad as a part of what is known as the Parkside System in conjunction with its Ocean avenue line; and

Whereas, On the 16th day of September, 1895, the Board of Supervisors of the City and County of San Francisco duly and regularly adopted Order No. 2904, entitled: "Granting to the Market Street Railway Company, its successors and assigns, certain privileges herein specified," whereby there was granted to the Market Street Railway Company, its successors and assigns, the right to construct, lay down, maintain and operate, for the unexpired term of the franchise therefore granted for the line of said Market Street Railway Company for its line of street railroad on Mission street, Mission street road and Telegraph or New County road, among other streets in the City and County

of San Francisco, as extensions and adjuncts to and in connection with said line of railroad, a single or double track street railroad, with all necessary and convenient stations, side-tracks, turn-outs, switches and appliances along and upon certain routes in said Order No. 2904 described; and

Whereas, Among the routes described in said Order No. 2904 was the following, to-wit:

"Commencing at the intersection or junction of Mission street or Mission street road with Ocean avenue (formerly Ocean House road), there connecting with the tracks of the Market Street Railway on Mission street or Mission street road; thence along and over said Ocean avenue (formerly Ocean House road) to the westerly end thereof, and thence along and upon any extension of said Ocean avenue (formerly Ocean House road) or along and upon any intersecting street or streets which was then or might hereafter be laid out under authority of the Board of Supervisors of the City and County of San Francisco, to the Ocean Beach or Great Highway."

And

Whereas, United Railroads of San Francisco is now the owner and holder of said franchise: and

Whereas, Said United Railroads is now operating a double track street railroad along a portion of said route lastly above described, from the intersection of Onondaga avenue and Ocean avenue along and upon Ocean avenue to the intersection of said Ocean avenue with what is known as Junipero Serra boulevard, and thence partially across said Junipero Serra boulevard to the said private right of way extending from Ocean avenue to Sloat boulevard, and thence northerly along said private right of way to and across Sloat boulevard, and thence along and over certain other routes commonly known as the Parkside System; and

Whereas, The City owns and operates a line of its Municipal Street Railway from The Embarcadero, over and along Market street and through the Twin Peaks Tunnel, and over West Portal avenue to or near the intersection of Sloat boulevard and Junipero Serra boulevard, which line of the Municipal Railway System is designated as the "K" line; and

Whereas, It is the desire and intention of the City to extend said line of the Municipal Railway southerly and southwesterly; and

Whereas, It is convenient and advisable in such extension to utilize the present street railroad tracks and equipment of said private right of way from its intersection with Sloat boulevard; thence southerly over and along said private right of way to

where the tracks of the Ocean Avenue Street Railway line joins with the tracks of said private right of way; thence southeasterly over and along said Ocean avenue to the intersection of Harold avenue and Ocean avenue, or such other point west of Harold avenue as the City may elect;

Now, therefore, it is hereby stipulated and agreed by and between the parties as follows, to-wit:

The City, at its own cost and expense, shall have the right to connect up its tracks of its Municipal Railway, which the City is now operating through said Twin Peaks Tunnel along the present established route from the westerly portal of said tunnel to or near the intersection of Sloat boulevard and Junipero Serra boulevard with the tracks now situate in said right of way, which extends from the intersection of Sloat and Junipero Serra boulevards, and to make all switches and turn-outs necessary to connect the said existing tracks of the Municipal Railway with the tracks of United Railroads on the said private right of way, and, further, shall have the right to the use of the tracks over which United Railroads is now operating a street railroad, for the operation of such number of cars as the City may desire of the said "K" Line of the Municipal Railway System, and to operate the same thereon from said connection that the City will make under the terms of this agreement with the tracks now laid in said private right of way at or near the intersection of Sloat and Junipero Serra boulevards; thence over and along said private right of way to the westerly termination of Ocean avenue from said westerly termination thereof to Harold avenue or such other point west of Harold avenue as the City may elect; thence to such terminal as the City may establish off Ocean avenue, with the right and privilege to use the overhead trolley system of the United Railroads along said route for such Municipal cars, it being understood and agreed that the City will not establish a terminal on Ocean avenue for the purpose of switching back its Municipal cars.

The United Railroads shall furnish to the City the electric power necessary for the propulsion of the City's cars over the said tracks of the United Railroads; and the United Railroads shall maintain its said track, overhead trolley system and street railway appurtenances in first-class operating condition at its own cost and expense.

It is further understood and agreed that the City shall have the right, whenever it shall so desire, to connect with the tracks of the United Railroads in its said private right of way,

at or near the intersection of Sloat and Junipero Serra boulevards and Ocean avenue for the purpose of extending its system southerly from that point and to utilize that portion of the tracks of the United Railroads situate in the private right of way between Sloat boulevard and the westerly termination of Ocean avenue for the cars of any and all lines of the Municipal Railway System as it now exists, or as it may be hereafter extended, in conjunction with such extension as the City may make southerly from the intersection of Junipero Serra boulevard and Ocean avenue.

It is further understood and agreed that the City shall have the right to extend its system southerly as far as San Jose avenue from a connection with the Ocean avenue tracks of the United Railroads System at Harold avenue, or such point on Ocean avenue west of Harold avenue as the City may elect for the purpose of extending the said "K" Line of the Municipal Railway System southerly but not beyond San Jose avenue.

It is further understood and agreed that nothing in this agreement contained shall prevent the City from utilizing for the cars of the said "K" Line a nearer terminal than The Embarcadero in a cross street off of Market street or on Van Ness avenue as far north of the present crossover near Bush street.

It is further understood and agreed that cars of the Municipal Railway System utilizing the tracks of the United Railroads on Ocean avenue between Junipero Serra Boulevard and Harold avenue shall not be routed over Taraval street.

The City agrees that prior to the exercise of the right hereby granted to the City to operate its Municipal cars over said route that it will pay to United Railroads the sum of One Hundred Thousand Dollars (\$100,000), and shall thereafter pay to United Railroads the sum of seven and one-half (7½) cents for each car mile operated by Municipal cars over the tracks of the United Railroads along said route.

In the event that the City should acquire the tracks and street railroad property along said route by purchase, said One Hundred Thousand Dollars (\$100,000) paid for the right herein granted to the City shall be applied to the purchase price, less Seven Thousand Dollars (\$7,000) for each year that shall have elapsed from the date of the payment of said One Hundred Thousand Dollars (\$100,000) to the date of said purchase.

It is further mutually understood and agreed, that except as the same are modified and changed by this agreement, the rights, privileges and obligations of the parties hereto as set forth

and contained in said Ordinance No. 288 (New Series) and said Order No. 2904 shall remain the same without modification or change as if this agreement had not been entered into.

It is further mutually understood and agreed that this agreement shall continue in force and effect during the remainder of the term of said franchise granted by said Order No. 2904, whereupon the rights and privileges of the respective parties in and to the street railway system on said route hereinabove described over which the City is hereby granted the right to operate its Municipal cars, as well as the whole of the railroad system for which franchises were granted by said Ordinance No. 288 (New Series) and said Order No. 2904, shall be fixed and determined as specified in said Ordinance No. 288 (New Series) and said Order No. 2904 respectively.

It is further mutually understood and agreed that nothing in this agreement contained shall be construed to be or taken as a waiver of any of the rights of either of the parties under any litigation now pending or hereafter commenced involving the use by the City and County of San Francisco of Market street or any portion thereof for the operation of its Municipal Railway.

In witness whereof, said City and County of San Francisco has, by ordinance of its Board of Supervisors, caused its name to be hereunto subscribed by its Mayor and its seal to be hereunto attached by the Clerk of its Board of Supervisors, and United Railroads of San Francisco and San Francisco Electric Railways have, by resolution of their respective Boards of Directors caused their names to be subscribed hereto by their respective officers subscribing their names hereto, and their respective corporate seals to be hereunto attached by their respective secretaries, the day and year first hereinabove written.

Plans, Etc., for Railroad Tracks on Taraval Street.

Supervisor Wolfe presented:

Bill No. 5087, Ordinance No. — (New Series), as follows:

Authorizing the Board of Public Works to prepare plans and specifications, and to enter into contracts for the reconstruction of railroad tracks on Taraval street between Twentieth and Thirty-third avenues, and to permit progress payments to be made during said work of reconstruction.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized, instructed and empowered to prepare plans and specifications for the purchase of materials and the reconstruction of the existing tracks of the United Railroads on Taraval street between Twentieth avenue and Thirty-third avenue, and to enter into contracts for the purchase of said materials for and the reconstruction of said tracks in accordance with said plans and specifications.

Section 2. Said Board of Public Works is hereby authorized and permitted to incorporate in the contract or contracts for the purchase of said materials and for the reconstruction of said electric railway conditions that progressive payments shall be made in the manner set forth in said specifications and as provided by Section 21, Chapter I, Article VI of the Charter.

Section 3. The Board of Public Works is hereby authorized and instructed to install such necessary electric connections and overhead work as may be required for the proper utilization of the tracks on Taraval street when connected with the existing Taraval street tracks of the Municipal Railway system.

Section 4. This ordinance shall take effect immediately upon the signing of the agreement between the City and County of San Francisco and the United Railroads, relative to the use by the City of the United Railroads tracks on Taraval street between Twentieth avenue and Thirty-third avenue.

Plans, Etc., for Railway Tracks on Brighton Street.

Also, Bill No. 5088, Ordinance No. — (New Series), as follows:

Authorizing the Board of Public Works to prepare plans and specifica-

tions, and enter into contracts for the construction of street railroads on Brighton street between Ocean and Grafton avenues, and to permit progress payments to be made during the work of construction.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works is hereby authorized, instructed and empowered to prepare plans and specifications for the purchase of materials and the construction of street railway tracks and overhead electric construction on Brighton avenue, or such other convenient street as the City Engineer may select, between Ocean avenue and Grafton avenue, and such necessary switches and turnouts as may be necessary, and to enter into contracts for the purchase of said materials for and the construction of said tracks and overhead electric construction in accordance with said plans and specifications.

Section 2. The said Board of Public Works is hereby authorized and permitted to incorporate in the contracts for the purchase of said materials and the construction of said electric railway the conditions that progressive payments shall be made in the manner set forth in said specifications and as provided by Section 21, Chapter 1, Article VI of the Charter.

Section 3. The said Board of Public Works is hereby authorized and instructed to purchase the necessary materials and to construct the connection between the present terminal of the tunnel line and the United Railroads tracks at the junction of Sloat and Junipero Serra boulevards, together with all necessary switches, turnouts and overhead electric construction necessary for the proper utilization of the Ocean avenue tracks for the Municipal Railway cars.

Section 4. This ordinance shall take effect immediately upon signing of an agreement between the United Railroads and the City for the use by the City of the United Railroads tracks on Ocean avenue.

Ordering Street Work.

On motion of Supervisor Welch:

Bill No. 5089, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors September 5, 1918, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

The improvement of *Jessop place between Washington and Jackson streets*, by resetting existing curbs that are in accordance with City specifications, by the construction of granite curbs where curbs are not in accordance with City specifications, by the construction of artificial stone sidewalks of the full official width where not already constructed; by the construction of a brick catchbasin with cast-iron frame, grating and trap, and 10-inch vitrified, salt-glazed, ironstone pipe culvert, and by the construction of an asphalt pavement consisting of a 6-inch concrete foundation, 1½-inch asphaltic binder course and a 2-inch asphaltic wearing surface upon the roadway thereof.

Also, Bill No. 5090, Ordinance No. — (New Series), as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors November 18, 1918, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of said City and County of San Francisco, said work to be performed under the direction of the Board of Public Works, and to be done in accordance with the specifications prepared therefor by said Board of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

The Improvement of the *crossings of Randolph street and Bright street, Head street, Victoria street, Ramsell*

street, Arch street, Vernon street and Ralston street, by the construction of the following vitrified, salt-glazed, ironstone pipe sewers and brick manholes with cast-iron frames and covers and galvanized wrought-iron steps: A 12-inch sewer along the center line of Bright street between the northerly and center lines of Randolph street; a 12-inch sewer with one manhole along the center lines of Head street, Victoria street, Ramsell street, Arch street, Vernon street and Ralston street between the northerly and southerly lines of Randolph street; an 8-inch sewer along the center line of Randolph street between the easterly and center lines of Ramsell street, Arch street, Vernon street and Ralston street.

Extension of Time.

Supervisor Welch presented:

Resolution No. 16291 (New Series), as follows:

Resolved, That D. J. Counihan is hereby granted an extension of thirty days' time from and after November 30, 1918, within which to complete contract for grading and sewerage of Missouri street from Twentieth street to a line 624.5 feet southerly therefrom.

This fourth extension of time is granted for the reason that the work is practically completed, there remaining but a small amount of sewer pipe to be laid in the excavated trench before the job is ready for acceptance. The reason given for the requested extension is that the contractor wishes to protect the assessments for the work by having the contract in existence at the time the assessment is made.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Subr, Welch—16.

Exchange of Land for Opening Streets.

Supervisor Welch presented:

Resolution No. 16293 (New Series), as follows:

Resolution authorizing the execution of deeds by the Mayor and the Clerk of the Board of Supervisors to affronting and adjacent property owners to portions of streets closed by Resolution No. 15939 (New Series), in exchange for property for new streets to be opened in lieu of such closed streets.

Whereas, This Board on Monday, the 29th day of July, A. D. 1918, after proceedings theretofore had pursuant to the provisions of Chapter III, Article VI of the Charter of the City and County of San Francisco, duly and regularly adopted Resolution No. 15939 (New Series), closing and abandoning portions of Pennsylvania avenue, Texas street, Missouri street, Connecticut street, Evans avenue and Rhode Island street; and

Whereas, Said Resolution was presented to his Honor the Mayor for his approval, and was on the 31st day of July, A. D. 1918, duly approved by him; and

Whereas, This Board on Monday, the 29th day of July, A. D. 1918, after proceedings theretofore had pursuant to the provisions of Chapter III, Article VI of the Charter of the City and County of San Francisco, duly and regularly adopted Resolution No. 15938 (New Series), ordering the opening and extending and widening of portions of Evans avenue, Tulare street, Missouri street, Napoleon street and Army street; and

Whereas, Said Resolution No. 15938 (New Series) was presented to his Honor the Mayor for his approval, and was on the 21st day of July, A. D. 1918, duly approved by him; and

Whereas, Said streets are so to be opened, extended and widened as part of a general plan for the betterment of the streets and thoroughfares in the district affected thereby, and are so to be opened, extended and widened in lieu of said closed and abandoned streets; and

Whereas, The California Pacific Title Insurance Co., the owners of land adjacent to or fronting on said streets, and portions of said streets ordered closed by said Resolution No. 15939 (New Series), have offered to convey or cause to be conveyed to the City and County of San Francisco property for said streets so to be opened, extended and widened, as above set forth,

in lieu of such streets and portions of streets so closed and abandoned; and

Whereas, Said property so offered to be conveyed to said City and County of San Francisco as aforesaid, for said new streets so to be opened, widened and extended in lieu of said closed and abandoned streets, will and does constitute ample compensation to said City and County for its deed or deeds to the portions of said streets closed and abandoned in said Resolution as aforesaid and hereinafter described, and will be of much greater practical value both to the City and County and to the general public than the said portions of said streets so closed and abandoned; and

Whereas, This Board has deemed and does deem that equity requires the conveyance of said portions of said closed and abandoned streets to said owners of property fronting thereon or adjacent thereto as hereinafter set forth.

Now, therefore, the Mayor and the Clerk of the Board of Supervisors of the City and County of San Francisco, in the name of said City and County, are hereby authorized and instructed, upon receiving from the California Pacific Title Insurance Co. a deed to the property hereinbelow described, to execute a deed conveying all of the right, title and interest of said City and County to the said California Pacific Title Insurance Co. to the portions of said closed and abandoned streets described as follows, to-wit:

Street Signs on Pershing and Foch Boulevards.

Supervisor Gallagher moved that his Honor the Mayor request the Board of Public Works to provide street signs indicating new names of Pershing and Foch Boulevards.

No ordered.

Relative to Repeal of Mask Ordinance.

Mme. Grosjean requested information as to whether or not the Board intended to repeal Ordinance No. 4740 (New Series), requiring the wearing of masks during the influenza epidemic. She denounced the ordinance as a humiliating and unconstitutional interference with personal liberty. She called attention to the provision of the Charter, prescribing that an ordinance can be repealed only by the passage of another ordinance. She was advised that the mask ordinance contained within itself a provision for its repeal automatically upon proclamation of the Mayor that the epidemic had been stamped out.

ADJOURNMENT.

There being no further business the Board at 6 p. m. adjourned to meet again Wednesday at 2 p. m.

ROLL CALL FOR PETITIONS AND COMMUNICATIONS FROM MEMBERS.

President Wilson Requested to Present Claims of Ireland to Self-Determination at Peace Conference.

Supervisor Gallagher presented:

Resolution No. 16305 (New Series), as follows:

Whereas, The Honorable Woodrow Wilson, President of these United States, is about to depart for Europe, for the purpose of attending the Peace Conference of the Nations; and

Whereas, Among the principles he has enunciated, and will attempt to sustain at said conference, will be the right of determination of self-government by the nations and peoples of the world; and

Whereas, The President on September 27th last made the following declaration: "Shall the military power of any nation, or group of nations, be suffered to determine the fortunes of people over whom they have no right to rule, except the right of force?" and

Whereas, The President on a previous occasion said: "No people must be forced under a sovereignty under which it does not wish to live"; and

Whereas, These and other great issues of the war will come up for decision at said conference, among them being the claims of Ireland for representation, and a right to be heard, and the right to self-determination of government; be it therefore

Resolved, That this Board of Supervisors of San Francisco, in regular session assembled, heartily commends the principles enunciated by the President, and respectfully urges him to present the claims of Ireland at said Peace Conference, and to urge the representatives of other nations to accord the people of Ireland the right to decide under what form of Government they wish to live; be it further

Resolved, That the Clerk of this Board be instructed to immediately wire the President of the United States the substance of these resolutions.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—16.

Densmore Report Investigation.

The following was presented, read and ordered spread in the Journal:

San Francisco, Cal.,
December 2nd, 1918.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

I transmit to you, for your information, copy of a telegram I have this day dispatched to Honorable W. B. Wilson, Secretary of Labor, concerning the charges made by Mr. J. B. Densmore, Director-General of the United States Employment Service, against certain officials of the City and County of San Francisco.

When I have Secretary Wilson's reply I will transmit to you a copy, thus keeping you fully advised of the situation.

I also hand you herewith copy of a letter received by me from the San Francisco Labor Council with resolution accompanying same.

Respectfully,

JAMES ROLPH,

Mayor.

San Francisco, December 2, 1918.

Hon. W. B. Wilson, Secretary of Labor, Washington, D. C.

Dear Mr. Secretary:

J. B. Densmore, Director-General of the United States Employment Service, has transmitted to the Governor of the State of California a report in which charges of municipal corruption are made against certain officials of the City and County of San Francisco. The Grand Jury of this City has announced its determination to fully investigate the charges thus made by Mr. Densmore in his report and has made an effort to secure his presence as a witness before it. I am convinced that it is the intention of the Grand Jury to make a full and searching investigation of all of these charges. Its foreman has already requested the Attorney-General of this State to appoint, for its assistance, one of his deputies, which, under the law of this State, he has the power so to do. The Grand Jury has announced that District Attorney Fickert, one of the officials against whom charges have been made in Mr. Densmore's report, will not participate, directly or indirectly, in the investigation to be made, except in the capacity of a witness. I, as Mayor of San Francisco, deem it absolutely essential that these charges be thoroughly investigated to the end that if the corruption alleged by Mr. Densmore in his report exists, the guilty

parties should be punished and speedily removed from office.

While, under the provisions of our Charter, the Board of Supervisors, as well as myself, have authority to pursue an investigation respecting matters of this character, nevertheless there exists no adequate means of compelling obedience to a subpoena that might be issued, and therefore any such investigation could not be as thorough as one that may be conducted by the Grand Jury. In addition to this, the Grand Jury is the duly authorized body upon whom devolves the duty of conducting an investigation such as this, and it has plenary power to not only compel obedience to subpoenas that might be issued under its sanction, but to indict, for perjury, any witness that might give false evidence.

This morning I received a communication from the San Francisco Labor Council requesting me to make a thorough investigation relative to the charges asserted against District Attorney Fickert. I am convinced that it would be impossible either for me or the Grand Jury to conduct a proper investigation without the presence and assistance of Mr. Densmore, and those with whom he collaborated, and likewise without being furnished with an accurate copy of the entire record of his proceedings, upon which, in part at least, his report was predicated.

May I not, as Mayor, appeal to you to instruct Mr. Densmore to forthwith return to San Francisco and give to the Grand Jury and myself the assistance which the importance of the charges made would demand and without which an investigation may be barren of result.

Respectfully,

JAMES ROLPH,

Mayor of the City and County of San Francisco.

San Francisco Labor Council.

San Francisco, November 30, 1918.

Hon. James Rolph, Mayor of San Francisco:

Dear Sir:

The inclosed resolution was adopted by unanimous vote of the San Francisco Labor Council at its meeting last evening, and I have been instructed to transmit same to your Honor with the request that you do all within your power to vindicate our city and its institutions from the stigma cast upon them through the actions of the District Attorney as revealed through the instrumentality of the Department of Labor.

Trusting that you will act for the best interests of our city and its people, and assuring you of our loyal support in any steps that you deem

the situation requires, I have the honor to be,

Sincerely and respectfully,

(Sgd) JOHN A. O'CONNELL,
Secretary.

Resolution.

Whereas, The accusations of J. B. Densmore, agent of the Secretary of Labor, bring into question the reliability and trustworthiness of District Attorney Charles M. Fickert as the public prosecutor in our courts; and

Whereas, Said accusations are of such character and apparent credibility as to seriously affect the good name and welfare of the people and the government of our city, and demand a most searching investigation as to their foundation in fact; and

Whereas, It is the custom and practice to suspend accused officials pending the outcome of charges of this character, in order that the office may be assured of no further misconduct; and

Whereas, In our opinion, under the State Constitution and the City Charter, the Mayor has the right and power to suspend the District Attorney and bring proceedings of impeachment against him before the Board of Supervisors; therefore be it

Resolved, By the San Francisco Labor Council, in regular session assembled this 29th day of November, 1918, that we earnestly call upon His Honor the Mayor, James Rolph, to make a preliminary investigation and, if satisfied that the accusations are warranted, to suspend District Attorney Charles M. Fickert and bring charges against him before the Board of Supervisors, to determine his guilt or innocence and, as the case may be, effect this vindication or removal from office; in order that by such action the good name and integrity of our city government and its citizenship may be sustained.

Adopted by the San Francisco Labor Council November 29, 1918.

Attest:

(Sgd) JOHN A. O'CONNELL,
Secretary, S. F. Labor Council.

Statement of the Mayor.

The Grand Jury is the official body upon which rests the obligation of investigating the charges made in Mr. J. B. Densmore's report. It is clothed with authority to compel, by subpoena, the presence of witnesses before it, to have punished for contempt the refusal of any witnesses to testify or to produce documentary evidence under his control, and to indict for perjury any such witness giving false testimony.

While the Charter authorizes the issuance of subpoenas by myself as Mayor and the Board of Supervisors

in the conduct of an investigation, nevertheless I am advised that there is no method provided by which obedience to such subpoenas can be compelled.

The Grand Jury has announced its intention to fully investigate the charges made in the Densmore report, and I am convinced of its intention to make such investigation searching and thorough.

While it is my purpose to give every assistance within my power to the Grand Jury, an independent investigation by me at this time would quite likely result in embarrassment to that body and might thwart its work.

I have this day telegraphed Secretary of Labor W. B. Wilson, requesting him to instruct Mr. Densmore to return immediately to San Francisco to assist the Grand Jury and myself in the investigation of the charges made.

The people of San Francisco may feel assured that I will take such action as the facts that may be developed by any investigations that may be made, to protect the fair name and reputation of their city.

The Mayor does not wish, any more than do the Supervisors, to permit to go unchallenged these charges which reflect upon the city's fair name. At the same time I do not wish to tear loose until I am prepared. If I get the facts, I can go after this affair as I want to go after it. I will add that I have sent to Mr. McCarthy, foreman of the Grand Jury, and to the Labor Council copies of my telegram to Secretary Wilson.

Motion.

Supervisor McLeran moved that the Mayor's action be concurred in and that the Clerk notify Secretary Wilson of this action.

Motion carried.

The following resolution, laid over from last meeting, was taken up and adopted by the following vote:

Resolution No. 16308 (New Series), as follows:

Resolved, That, in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission is hereby denied John H. Tietjen to maintain a stable at 2611 Bush street.

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—15.

Absent—Supervisors Hilmer, Kortick, Wolfe—3.

(His Honor Mayor Rolph declared that orders had been issued by the Police Department closing up the foregoing stable at 2 o'clock today.)

(*Henry Owens, attorney for the applicant, requested that stable be not closed until 2 p. m. tomorrow, as he was obliged to go to Redwood City today. Request was denied.*)

Extension of Time.

Supervisor Brandon presented:

Resolution No. 16309 (New Series), as follows:

Resolved, That Thomas Day Co. be granted an extension of fifty days' time from and after September 12, 1918, within which to complete contract for furnishing and installing

lighting fixtures, southeast wing San Francisco Hospital.

This third extension of time is recommended for the reason that the completion of the construction of the building, as provided in other contracts, and the securing of a small amount of glassware, owing to war conditions, was delayed, thus preventing the above contractor from completing his contract within the specified time.

It is recommended that the advertising fee be remitted.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—16.

Absent—Supervisors Hilmer, Wolfe—2.

Absent—Supervisors Hilmer, Wolfe—2.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Appointment of Committee for Welcome Home for "Grizzlies."

Supervisor Power presented:

Resolution No. 16311 (New Series), as follows:

Whereas, the 144th and 145th Field Artillery are among the military units designated by the Chief of Staff

of the United States Army for an early return to this country; and

Whereas, These two regiments have been principally recruited from California, and a great number from the League of the Cross Cadets and the Olympic Club of San Francisco; and

Whereas, It is fitting and proper that these two regiments receive a reception in keeping with San Francisco's hospitality; therefore be it

Resolved, That the Mayor appoint a committee of twenty-five to arrange a proper reception and welcome home for the members of these two regiments.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch—16.

Absent—Supervisors Hilmer, Wolfe—2.

Prohibiting Use of the "Red Flag."

Supervisor Hayden presented the following bill, which was on motion ordered referred to Judiciary Committee:

Bill No. —, Ordinance No. — (New Series), as follows:

Prohibiting the display or possession of the red flag or other emblem or device of any nature whatever, indicating principles of government antagonistic to the constitution and laws of the United States of America, or to the form of the government thereof as now constituted.

It shall be unlawful for any person, firm, corporation or association to display in any place or have in their or its possession within the City and County of San Francisco the red flag or other emblem or device of any nature whatever indicating principles of government antagonistic or opposed to the constitution and laws of the United States of America, or to the form of government thereof as now constituted.

Section 2. Indoor theatrical performances and historical museums of recognized standing, acceptable to the Chief of Police, shall be permitted to have such flags, emblems or devices in their possession, and in these cases they shall be used only for preservation and educational purposes, but not for out-of-door display.

Section 3. Nothing in this ordinance is intended to prevent the display of flags and emblems of any nation having accredited representatives in this country, its territories and possessions.

Section 4. Any person, firm, corporation or association who shall

violate any of the provisions of this ordinance shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine not to exceed five hundred (500) dollars, or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

Section 5. This ordinance shall take effect immediately.

Masquerade Ball, Independent Rifles.

Supervisor Hocks presented:

Resolution No. 16312 (New Series), as follows:

Resolved, That the Independent Rifles is hereby granted permission to hold a masquerade ball at California House, Turk and Polk streets, Saturday, December 7, 1918, without payment of the usual license fee, provided the proceeds from said ball are devoted to charitable and benevolent purposes.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Subr. Welch—16.

Absent—Supervisors Hilmer, Wolfe—2.

Chronicle Attack on Hetch Hetchy Project.

Supervisor Gallagher presented:

Resolution No. 16313 (New Series), as follows:

Whereas, the citizens of the City and County of San Francisco have, by an overwhelming vote, authorized the construction of the Hetch Hetchy water and power project, and

Whereas, the will of the citizens is being carried out as rapidly and efficiently as war conditions will permit by the properly constituted city authorities, and

Whereas, misleading, false and vicious attacks have been made upon the Hetch Hetchy project and all those engaged in its construction by the San Francisco Chronicle, a newspaper published in the City and County of San Francisco, and

Whereas, it is the consensus of opinion of the Mayor and the Board of Supervisors that the said misleading, false and vicious attacks on said project are designed to injure the same and to frustrate the will of the people in favor of the various interests to which the said Chronicle caters, and are furthermore designed to discourage prospective investors from buying the city's bonds authorized for the construction of said project; now, therefore, be it

Resolved, That the Mayor and Board of Supervisors request the opinion of the City Attorney as to whether legal steps can be taken by the City and County of San Francisco to recover exemplary damages from the Chronicle and its publishers for these malicious, unfounded and defamatory remarks against San Francisco's great municipal project.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Subr. Welch—16.

Absent—Supervisors Hilmer, Wolfe—2.

(See transcript on file in Clerk's office for verbatim discussion on above matter.)

Reception to French Soldiers.

Resolution No. 16314 (New Series), as follows:

Resolved, That his Honor the Mayor be requested to appoint a committee of citizens for the purpose of tendering a reception and dance to the French officers and enlisted men who are at present temporarily stopping in our city under orders to embark for military duty in Siberia and the Orient; and that permission be granted to said citizens' committee to occupy the halls in the Auditorium on the evening of December 5, 1918, for said reception, to which the public is invited without payment for admission.

Adopted by the following vote:

BOARD OF SUPERVISORS

MONDAY, DECEMBER 9, 1918, 2 P. M.

In Board of Supervisors, San Francisco, Monday, December 9, 1918, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—18.

Quorum present.

His Honor Mayor Rolph presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of December 2, 1918, was considered, read and approved.

Relative to the Re-enactment of the Mask Ordinance.

Mayor Rolph said, in part:

"Gentlemen of the Board, fellow citizens and committee present: On the assumption that the committee here and other citizens present are here in view of the discussion that has taken place on the possible re-enactment of the mask ordinance I wish to make this statement: I am wearing this mask for two reasons: First, because my wife is seriously sick and I don't want anyone to think that I might be a carrier. Second, I am wearing the mask out of respect to the request of the Board of Health, who have asked it.

"Saturday Mr. Barendt, President of the Board of Health, telephoned to my home that the number of new cases were on the increase and that if it continued it would warrant the re-enactment of the mask ordinance. He stated that it would be wise to notify the people of San Francisco as a matter of self-protection—an ounce of prevention is worth a pound of cure.

"The matter was treated in the papers Saturday afternoon and Sunday morning. It has caused considerable discussion and excitement and some people, from the interview with Hassler, were fearful that the ordinance was again in force and that arrests would be made in a day or so for violation of its provisions. I want

to say that idea is incorrect. The ordinance was annulled by the proclamation issued by me. The mask ordinance is null and void. The only way the mask ordinance could be made obligatory would be by re-enactment. Dr. Hassler says the Board of Health will not ask for re-enactment of the ordinance at this time, but will leave it to the public to follow his recommendation if it so desires.

"If the situation gets very serious, or the Board of Health feels that the re-enactment of the mask ordinance becomes necessary, I will call the Board of Supervisors in special session. All that is expected of the people is that they voluntarily wear the mask for self-protection. There is no disagreement between the Board of Health and the Board of Supervisors on this question and the matter will not come up here for discussion today."

Telegram From Returning Soldiers.

The following was presented, read by the Clerk and ordered *spread in the Journal*.

Bordeaux, Dec. 9th.

James Rolph, Jr., Mayor San Francisco, Cal.:

Grizzlies greatly appreciate cablegram. We expect to sail shortly for home.

THORNWELL MULLALLY,

Col. 11th, Commanding.

Visit of French Officers and Soldiers.

Mayor Rolph: "Gentlemen of the Board of Supervisors: We are greatly honored today in having as guests these distinguished officers and soldiers of France. I know no occasion where men have honored us more and where men have been more welcome than this afternoon.

"Gentlemen, before you came in we were talking of France. We had a cable from Bordeaux, where our San Francisco boys are about to leave for home. We also have word that our boys are coming home in large numbers from France. We have letters and telegrams telling us of the hospitality and of the friendship and of the affection that the people and soldiers of France have shown our boys, particularly our San Francisco boys. And I want to tell you we are grateful. We are proud and our hearts beat with appreciation, and it is our privilege today to express our appreciation to the officers and men and people of France.

"The other evening we endeavored to entertain you and to make you feel at home in San Francisco. We are delighted to see the honored uniform of your *Poilou*. When we see them on the streets our people want to take you in their arms. *Major Lasies*, we know that you have had legislative experience for over twenty years in France, and we want to hear you.

"Gentlemen of the Board, this is *Col. Loubigniac*."

Col. Loubigniac, through his interpreter, *Lieutenant Fordenais*, told the members of the Board that he and his men were glad to be in San Francisco. He complimented San Francisco on the beauty of its City Hall, and said, in conclusion: "We are going to do our work in Siberia, but we will never forget, nor fail to appreciate, the many kindnesses and good things that have been bestowed on us here and the pleasant times we spent in San Francisco."

Major Lasies and *Capt. Therenot* were also presented and eloquently expressed the good feeling that exists between France and America.

At the conclusion of the addresses three rousing cheers were offered and given for President Wilson, President Poincaré, Generalissimo Foch, General Pershing and Mayor Rolph.

Accepting Offer of Attorney John C. Thomson of New York to Furnish Certified Legal Opinions as to Validity of Water Bonds.

Supervisor McLeran presented: Resolution No. 16326 (New Series), as follows:

Whereas, in order to effect sales of the remainder of the forty-five million (\$45,000,000) dollars water bond issue

authorized in 1910, it is necessary to furnish purchasers of said bonds with a certificate as to the legality of each issue thereof, signed by and based upon the opinion of some expert bond attorney in the City of New York, and

Whereas, at the request of the City Attorney, Mr. John C. Thomson of New York, attorney at law and former member of the firm of Dillon, Thomson and Clay, has submitted to this Board an offer in writing dated June 4th, 1918, offering, for a consideration of thirty-three and one-third (33 1/3) cents per one thousand dollar bond issued and approved, to supervise all work connected with the issuance of and sale of the remainder of said water bonds and to furnish to every purchaser thereof a certificate certifying that said bonds as issued are legal and binding obligations upon the City and County of San Francisco according to the terms of said bonds, and

Whereas, the City Attorney reports that in his opinion said offer should be accepted and that the consideration is a reasonable one for the services to be performed; now, therefore, be it Resolved, That the said offer of Mr. John C. Thomson, dated June 4th, 1918, be and it is hereby accepted according to the terms thereof, and that this Board hereby agrees to pay the consideration for such services as stated in the communication above referred to, that is to say: Thirty-three and one-third (33 1/3) cents per one thousand dollar bond issued with the approval of said John C. Thomson, said consideration to be paid out of the proceeds of the sale of each issue so approved immediately after such sale shall have been consummated and the money received in payment therefor.

Cancellation of Agreement With Dillon and Hubbard to Furnish Certified Legal Opinions as to Validity of Water Bonds.

Supervisor McLeran presented:

Resolution No. 16327 (New Series), as follows:

Whereas, by the adoption of Resolution No. 5716 (New Series), the Board of Supervisors entered into an agreement with the firm of Dillon and Hubbard, bond attorneys of New York City, under which contract it has agreed that the said attorneys should supervise all work connected with the issuance of forty-five million dollars (\$45,000,000) of water bonds and should furnish to every purchaser a

certificate showing the legality of each issue of said bonds, and

Whereas, the Board is now informed by the City Attorney that the law firm of Dillon and Hubbard has been dissolved through the death of two of the partners and the retirement of one of the remaining partners, that for said reasons said agreement is no longer binding on either of the parties thereto, and that it is advisable for the City to formally terminate said agreement and notify the surviving former members of said firm to that effect, in order to avoid misunderstanding in the future; now, therefore, it is hereby

Resolved, That the City of San Francisco declares said former agreement with Messrs. Dillon and Hubbard to be of no further force or effect, and the City Attorney is hereby requested to notify the parties interested of the adoption of this resolution.

The following resolution was presented, read and on motion *laid over one week*:

Resolution of Intention to Close Bluxome Street, between First Street and Japan Street, in the City and County of San Francisco, State of California.

Supervisor Welch presented:

Resolution No. --- (New Series), as follows:

Whereas, Public interest and convenience require and would be conserved by the closing of Bluxome street between First and Japan streets hereinafter more particularly described; therefore, be it

Resolved, That it is the intention of the Board of Supervisors of the

City and County of San Francisco to close and abandon Bluxome street between First and Japan streets in the City and County of San Francisco, particularly described as follows, to-wit:

Commencing at a point on the southwesterly line of First street, distant thereon 250 feet southeasterly from the southeasterly line of Brannan street; thence southeasterly along the southwesterly line of First street 50 feet; thence at right angles southwesterly, parallel with and distant 300 feet southeasterly from the southeasterly line of Brannan street 530 feet to the northeasterly line of Japan street; thence at right angles northwesterly along the northeasterly line of Japan street 50 feet; thence at right angles northeasterly parallel with and distant 250 feet southeasterly from the southeasterly line of Brannan street 530 feet to the point of commencement.

Be it further Resolved, That this Board of Supervisors declare that the said closing and abandoning shall be done or made in the manner and in accordance with the provisions of Section 2, Chapter III, Article VI of the Charter and the section following said Section 2 in said Chapter III; and

Be it further Resolved, That there are no costs or expenses to be incurred in connection with said closing and abandoning.

Closing of Eighteenth and Other Streets.

Supervisor Welch presented:

November 30th, 1918.

To the Honorable Board of Supervisors of the City and County of San Francisco.

Gentlemen:

Referring to the proposed closing of that portion of Eighteenth street on the southerly side of Central Basin, as requested by the Bethlehem Steel Corporation, I am instructed by the Board of State Harbor Commissioners to advise you that it has no objection to such closing, provided the order closing the same contains a proviso that nothing therein contained shall affect the jurisdiction of the Board of State Harbor Commissioners over said portion of Eighteenth street.

Respectfully yours,

JAMES BYRNE, JR.,

Assistant Secretary Board of State Harbor Commissioners, San Francisco, California.

San Francisco, Cal., December 5th, 1918.

Richard J. Welch, Esq., Chairman Street Committee, Board of Supervisors, San Francisco, Cal.

Dear Sir:

Referring to the proposed closing by the Board of Supervisors of that part

of Eighteenth street fronting on Central Basin and being the northerly boundary of the property of the Union Iron Works Company (now under lease to the Bethlehem Shipbuilding Corporation, Ltd.), we beg to say that in the year 1914 the Board of Supervisors closed various streets occupied by the Company at its plant in this City, but that Eighteenth street was not then closed, owing to an objection made at the time by the Board of State Harbor Commissioners, said Board claiming that such closing might interfere with its jurisdiction, as conferred by the Legislature, over the outer or northerly 75 feet of said street. The non-closing of Eighteenth street at this time left Eighteenth street the only open street within the limits of the plant of the Union Iron Works Company, the remaining streets within the limits of the plant having been closed in the year 1884, over thirty-four years ago, by the Board of Supervisors and a portion of Twenty-first (formerly Shasta) street having been closed by the act of the Legislature many years ago. Most of Twenty-first street so closed, however, is within the limits of the property of the U. S. Steel Corporation, adjoining the Union Iron Works plant.

The Harbor Commissioners have now waived their objection to the proposed closing of Eighteenth street by the Board of Supervisors and we beg to enclose herewith their letter of November 30th, 1918, to that effect.

When the application was made by the Union Iron Works Company in 1914 for the closing of said portion of Eighteenth street, notice of intention to close the same (No. 10705, New Series) was duly adopted without a dissenting vote and the Board of Public Works duly published the required "Notice of Public Work," but no further proceedings were then taken by the Board of Supervisors owing to the said objection of the Board of State Harbor Commissioners, although in our opinion the jurisdiction of the Board of State Harbor Commissioners would not have been affected had the street been closed at that time.

In this behalf we beg to state that the Board of Supervisors has never lost its jurisdiction to pass the proposed order finally closing and abandoning said portion of Eighteenth street under the Notice of Intention duly adopted in 1914, so that if the Board shall now decide to close said portion of Eighteenth street it will not be necessary to again pass a Resolution of Intention to close the same, but that the final order of closing can be now passed without the necessity of the usual preliminary proceedings. The City Attorney agrees with us that the jurisdiction of the

Board to finally close the street has not been lost by the lapse of time.

As a reason for closing this portion of Eighteenth street, we beg to invite your attention to the fact that few cities can enlarge and prosper without great manufacturing plants and that every encouragement should be given to this, the largest engineering and shipbuilding establishment in the State of California. The Company employs about 18,000 men in its San Francisco plant and has a pay roll of approximately \$1,250,000 per month. Every employee represents about four persons in the family; therefore, there are about 80,000 persons supported by this one company.

The owners of the Union Iron Works Company also own the Union Iron Works Dry Dock Company plant at Hunter's Point, which has large graving docks, the largest being 1,000 feet long and capable of holding the largest ship afloat and recently completed at a cost of upwards of \$1,250,000.

The Union Iron Works Company also recently contributed nearly \$30,000 towards the building of the new road to Hunter's Point where these dry docks are situated.

As we all know, the U. S. Government is proceeding with its naval program and a large number of vessels are to be constructed. The Union Iron Works Company expects to build a number of these ships, but cannot build any of the larger type on this side of the bay without rebuilding the ship's ways, all of which project upon and cross Eighteenth street. These ways are many years old and must be rebuilt to withstand the weight of large ships and the Company would not feel justified in going to this large expense without knowing that the new ways could never be disturbed.

Not only do all the ships' ways of this great plant cross Eighteenth street, but ships entering the two floating dry docks must all cross Eighteenth street and all the Company's wharves project over the street and to Central Basin, and it is essential for the continuance of ship building by the Union Iron Works Company that Eighteenth street should never be used for any other purpose.

In this behalf we beg to say that a member of the Board of State Harbor Commissioners stated that in order to encourage shipbuilding in San Francisco he thought it would be entirely proper for the Harbor Commissioners to consent to an Act by the State Legislature closing out the jurisdiction of the State Board over this portion of Eighteenth street, and we may say that if the Board of Supervisors shall decide to now close out

the City's interest in Eighteenth street, proper steps will be taken to prevent the matter to the Legislature so that the permanency of this great industrial enterprise may be forever assured to our City.

We beg to say that by the closing of Eighteenth street, both by the City and the State, no detriment would be suffered by either the City or State, as the access to Eighteenth street from the water is entirely within Central Basin and inside the water-front line and that there is more than ample room for all wharves and all other contemplated improvements along the sea wall.

We enclose herewith map showing the location of the five launching ways and that all ships launched must cross Eighteenth street and that all vessels placed in the two floating dry docks must also cross this street.

Asking the kind consideration of your Committee of this matter so that the proposed closing of Eighteenth street may be considered at the next meeting of the Board of Supervisors, we remain,

Respectfully yours,

WILSON & WILSON,

Attorneys for the Union Iron Works Company.

Closing Eighteenth and Other Streets.

Whereupon, Supervisor Welch presented:

Resolution No. — (New Series), as follows:

Closing and abandoning a portion of Eighteenth street from the east line of Illinois street to a point 330 feet east of the west line of Delaware street, excepting therefrom that certain triangular parcel of land described as follows: Commencing at the point of intersection of the southerly line of Eighteenth street with the easterly line of Illinois street; thence northerly and along the continuation of said line of Illinois street 150 feet; thence at a right angle easterly 150 feet, and thence southwesterly 212.13 feet, more or less, to the point of commencement.

Whereas, This Board of Supervisors by Resolution No. 10705 (New Series) declared its intention to close up said portion of Eighteenth street; and

Whereas, The notice of said resolution and of said proposed closing up of said portion of Eighteenth street was duly given by the Board of Public Works of this City and County by publication and posting in the manner provided by Section 3 of Chapter 3 of Article VI of the Charter of this City and County; and

Whereas, More than ten days have elapsed since the expiration of the time of publication of said notice; and

Whereas, No objection or protest has been made against the closing up or abandonment of said portion of Eighteenth street as provided in the Charter, or at all; and

Whereas, It is the opinion of this Board that the public interest requires the closing up and abandonment of said portion of Eighteenth street; and

Whereas, Said work is for closing up said portion of said street and it appears that no assessment is necessary therefor; now, therefore, be it

Resolved, That the said closing up and abandonment of said portion of Eighteenth street from the east line of Illinois street to a point 330 feet east of the west line of Delaware street, excepting therefrom that certain triangular parcel of land described as follows: Commencing at the point of intersection of the southerly line of Eighteenth street with the easterly line of Illinois street; thence northerly and along the continuation of said line of Illinois street 150 feet; thence at a right angle easterly 150 feet and thence southwesterly 212.13 feet, more or less, to the point of commencement, is hereby ordered and the said portion of Eighteenth street is hereby closed and abandoned as a public street; provided, however, that nothing herein contained shall affect the jurisdiction of the Board of State Harbor Commissioners over the outer or northerly seventy-five feet of said portion of Eighteenth street.

Action Deferred.

Thereupon the foregoing resolution was on motion *laid over one week*:

Accepting Deed From Margaret Bowman to Land for Widening of McAllister Street.

Supervisor Welch presented:

Resolution No. 16334 (New Series), as follows:

Resolved, That the following deed from Margaret Bowman to the City and County of San Francisco to lands for the widening of McAllister street to a uniform width of sixty feet opposite Stanyan street be and the same is hereby accepted, upon the conditions therein specified; said deed in words and figures following, to-wit:

This Indenture, made the 1st day of November, one thousand nine hundred and eighteen, between Margaret Bowman, party of the first part, and the City and County of San Francisco, State of California, party of the second part:

Witnesseth, That the said party of the first part, in consideration of the sum of one dollar (\$1) gold coin of the United States of America, to her in hand paid by the said party of the second part, the receipt whereof is hereby acknowledged, and for the pur-

pose of opening, laying out and dedicating for street purposes in said City and County, does by these presents hereby grant, bargain, sell and convey unto the said party of the second part, that certain piece or parcel of land situate, lying and being in the City and County of San Francisco, State of California, and bounded and particularly described as follows, to-wit:

Beginning at a point on the southerly line of McAllister street, distant thereon 117.50 feet easterly from the easterly line of Parsons street, and running thence easterly along the southerly line of McAllister street 5.25 feet to the westerly terminus of that portion of McAllister street extending westerly from Parker avenue.

Thence deflecting $97^{\circ} 28' 22''$ to the right and running southerly along said westerly terminus 40.367 feet to the westerly line of Stanyan street if produced southerly from that portion of Stanyan street lying north of McAllister street; thence deflecting $172^{\circ} 31' 38''$ to the right and running northerly along said westerly line of Stanyan street produced southerly 40.025 feet to the point of beginning.

Together with the tenements, hereditaments and appurtenances thereunto belonging or appertaining, and the reversion and reversions, remainder and remainders, rents, issues and profits thereof.

To have and to hold the said premises, together with the appurtenances, unto the said party of the second part, and its successors, forever for the uses and purposes of a public street.

In witness whereof, the said party of the first part has hereunto set her hand the day and year first above written.

(Sgd.) MARGARET BOWMAN.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.
Congressional Committee Requested to Act Favorably on Resolution Endorsing Principle of Self-Determination for Small Nationalities.

The following resolution was presented by Supervisor Gallagher and seconded by Supervisor Lahaney:

Resolution No. 16335 (New Series), as follows:

Whereas, There is pending in the Senate and Congress a resolution in-

troduced by Congressman Gallagher of Illinois, which has for its purpose instructing America's delegates to the coming Peace Conference to introduce for discussion and ask for a favorable decision on the question of self-determination for Ireland; and

Whereas, Hearings are to be had on said resolution by the Joint Committee on Foreign Relations of the Senate and Congress on Thursday and Friday of this week; be it, therefore,

Resolved, That the Board of Supervisors of San Francisco, in regular session assembled, reiterates its approval of the principle of self-determination for small nations and directs the Clerk to telegraph the said joint committee and in its name request immediate and favorable action on said resolution.

Adopted under suspension of the rules by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—18.

Building U. S. Vessels in China.

Supervisor Welch presented:

Resolution No. 16336 (New Series), as follows:

Whereas, A report has been published to the effect that contracts for building a number of large vessels for the United States Merchant Marine have been let to the Chinese Government, the material of which is to be furnished by this country; and

Whereas, The shipbuilding industry in this country has achieved an enviable and wonderful record in the matter of ship construction, in which the Pacific Coast has demonstrated its ability to keep abreast with all other localities; and

Whereas, It would seem that a wise policy would be that which encouraged our own industries and provided labor for our citizens; therefore

Resolved, That we vigorously protest, providing said report is correct, against the policy which gives preference to the labor of other countries in the matter of ship construction, and by this means call the attention of the Governmental authorities to what we believe to be an unfair discrimination against our own workers.

Adopted by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Power, Schmitz, Suhr, Welch, Wolfe—18.

Appropriation for Relief Switch, Etc., on Stage of Auditorium.

Supervisor Gallagher presented:

Resolution No. — (New Series), as follows:

Resolved, That the Finance Committee is requested to set aside the

sum of \$500 out of Urgent Necessity or other available funds, for the installation of a relief switch behind stage of Auditorium, an intercommunicating telephone system and other small appurtenances incident to celebrations held therein.

Referred to Finance Committee.

Accepting Offer of Anglo and London Paris National Bank to Purchase \$1,000,000 Hetch Hetchy Bonds.

The Finance Committee through its chairman, Supervisor McLeran, presented the following offer to purchase Hetch Hetchy bonds, from the Anglo and London Paris National Bank.

Reference was made by his Honor the Mayor to telegrams to John T. Thompson on December 4th and the reply thereto on December 5th. Said telegrams on file in the Clerk's office.

The Clerk then read as follows:

December 9, 1918.

To the Honorable Board of Supervisors, City and County of San Francisco, State of California, and

To the Honorable John E. McDougald, Treasurer, City and County of San Francisco, State of California—

\$22,000 thereof, maturing Mar. 1st, 1942.

The undersigned shall have the right to exercise such option, in whole or in part, on or before July 1st, 1919. At any time prior to said date, the undersigned may purchase one or more of said bonds and thereafter may make any number of purchases of one or more of said bonds until all thereof shall have been purchased, and in making such purchase or purchases, the undersigned shall have the right to select any such bond or bonds that it may designate, nothing herein contained to be construed as a limitation of the right of the undersigned to purchase at any one time all of said bonds, or any part thereof, at any time prior to July 2nd, 1919, remaining unsold hereunder and nothing herein contained to be construed as an obligation on the part of the undersigned to purchase any of said bonds covered by the option. The purchase price of any and all bonds purchased by the undersigned pursuant to said option shall be par and interest thereon accrued at the date of purchase.

It is likewise understood that in consideration of the purchase by the undersigned of said \$1,000,000 in bonds

first hereinbefore described, you will, and the acceptance of this offer by you shall constitute an obligation on your part, to refrain from offering for sale to the public prior to July 2nd, 1919, any bonds of said City and County of San Francisco whatsoever.

Provided, that the City may offer for sale in the manner provided by law any of its school bonds which have not yet been offered for sale, and the same may be sold to the highest bidder as provided by law, but if no bids are received, or for any other reason the said bonds are placed on sale in the Treasurer's office, all bonds so placed on sale shall come within this option until July 2, 1919.

As evidence of good faith the undersigned encloses its cashier's check for \$10,000, which can be applied on the purchase price of the \$1,000,000 in bonds first hereinbefore described upon the acceptance of this offer.

Respectfully yours,

ANGLO AND LONDON PARIS NATIONAL BANK,

By E. W. WILSON, Vice-President.

Privilege of the Floor.

Cyrus Pearce, bond broker, opposed the award of the bid to the Anglo and London Paris National Bank on the ground that he had been negotiating with Messrs. McLeran and Dunnigan for the purchase of \$500,000 now and \$500,000 the first of next year at par and accrued interest and that he did not know until advised over phone twenty minutes before meeting opened that Anglo London and Paris National Bank had bid for \$1,000,000 at par and accrued for immediate delivery. He declared that he was willing to make the same bid and asked that the matter lay over one week to "see if there is any competitive bidding for these bonds". He asked Mr. Harrison if he had received any information that a bid by himself was before the Finance Committee or if he has been informed as to the terms of said bid. Being advised in the negative, he declared that entire proceedings afforded a very remarkable coincidence.

Supervisor McLeran declared that the Finance Committee had accepted the bid of the Anglo and London Paris National Bank because it was the best bid and urged that there be no delay in accepting it, as funds for Hetch Hetchy construction were low and work would have to cease in three weeks unless bonds were sold.

He declared that during the week he had been asked by Mr. Harrison not to do anything until Mr. Fleishacker, who would be back from the East on Sunday, arrived in San Francisco. When Mr. Fleishacker arrived a bid for \$1,000,000 was made and accepted by the Finance Committee.

Mayor Ralph outlined the transactions, had by himself and Mr. Pearce and Supervisor McLeran leading up to Mr. Pearce's bid. He declared that he had left the matter entirely in Supervisor McLeran's hands and he had some other business to attend to.

Adopted.

Whereupon, the following resolution was adopted by the following vote:

Resolution No. 16337 (New Series), as follows:

Whereas, by the provisions of Ordinance No. 4415 (New Series) of the Board of Supervisors of the City and County of San Francisco, duly approved December 12, 1917, and in accordance with the provisions of Section 10 of Article 12 of the Charter of said City and County, Water Bonds of the City and County of San Francisco to the amount of \$9,450,000, comprising 210 bonds of \$1,000 denomination maturing each year from 1920 to 1964, inclusive, were placed on sale and offered for sale at the office of the Treasurer of the City and County of San Francisco, and said Treasurer was thereby authorized to sell said described bonds to any person desiring to purchase the same at par and accrued interest, and

Whereas, in accordance with the authority and direction contained in said ordinance, the Treasurer of the City and County of San Francisco has sold and delivered to various purchasers \$399,000 of said bonds, and there now remain on sale at the said Treasurer's office the sum of \$9,051,000 of said bonds, and

Whereas, by the provisions of Ordinance No. 4619 (New Series) of the Board of Supervisors of the City and County of San Francisco, approved June 18, 1918, and in accordance with the provisions of Section 10, Article 12 of the Charter of said City and County, School Bonds to the amount of \$435,000, maturing \$17,000 March 1, 1923, and \$22,000 each year thereafter from 1924 to 1942, inclusive, of the denomination of \$1,000 each, bearing 4½ per cent interest annually were placed on sale at the office of the Treasurer of said City and County, and the Treasurer was thereby authorized to sell said described bonds to any person desiring to purchase the same at par and accrued interest, and

Whereas, of said amount of School Bonds \$176,000 have been sold and \$259,000 remain unsold at the date of this resolution, and

Whereas, there remain of the total authorized issue of School Bonds of said City and County, the amount of \$3,665,000, maturing from 1923 to 1942, both inclusive, which have not been offered for sale at the date of this resolution, and

Whereas, the Treasurer of said City and County of San Francisco has received an offer in writing from the Anglo and London Paris National Bank, which offer is in words and figures as follows:

December 9, 1918.

To the Honorable Board of Supervisors, City and County of San Francisco, State of California, and

To the Honorable John E. McDougald, Treasurer, City and County of San Francisco, State of California—

Gentlemen:

The undersigned, Anglo and London Paris National Bank of San Francisco, hereby offers to purchase the following described bonds at the price of par and interest accrued thereon at the date of purchase:

The undersigned shall have the right to exercise such option, in whole or in part, on or before July 1st, 1919. At any time prior to said date, the undersigned may purchase one or more of said bonds and thereafter may make any number of purchases of one or more of said bonds until all thereof shall have been purchased, and in making such purchase or purchases, the undersigned shall have the right to select any such bond or bonds that it may designate, nothing herein contained to be construed as a limitation of the right of the undersigned to purchase at any one time all of said bonds, or any part thereof, at any time prior to July 2nd, 1919, remaining unsold hereunder and nothing herein contained to be construed as an obligation on the part of the undersigned to purchase any of said bonds covered by the option. The purchase price of any and all bonds purchased by the undersigned pursuant to said option shall be par and interest thereon accrued at the date of purchase.

It is likewise understood that in consideration of the purchase by the undersigned of said \$1,000,000 in bonds first hereinbefore described, you will, and the acceptance of this offer by you shall constitute an obligation on your part, to refrain from offering for sale to the public prior to July 2nd, 1919, any bonds of said City and County of San Francisco whatsoever.

Provided, that the City may offer for sale in the manner provided by law any of its school bonds which have not yet been offered for sale, and the same may be sold to the highest bidder as provided by law, but if no bids are received, or for any other reason the said bonds are placed on sale in the Treasurer's office, all bonds so placed on sale shall come within this option until July 2, 1919.

As evidence of good faith the undersigned encloses its cashier's check for \$10,000, which can be applied on the

purchase price of the \$1,000,000 in bonds first hereinbefore described upon the acceptance of this offer.

Respectfully yours,

ANGLO AND LONDON PARIS NATIONAL BANK,

By E. W. WILSON, Vice-President.
and,

Whereas, the Board of Supervisors is advised by the City Engineer that additional funds to be derived from the sale of Water Bonds are immediately required for the construction of the Hetch Hetchy Project, and is further advised that additional funds will be required in the near future for the construction of school buildings in the City and County of San Francisco, and is further advised that in the light of the present and probable future conditions of the market for municipal bonds during the next few months, the said offer of Anglo and London Paris National Bank is a fair and reasonable proposition, and it appears that it will be to the best interests of the City and County of San Francisco to accept the same, and no other bids or offers for said bonds at par or better have been received; now, therefore, be it

Resolved, That the Treasurer of the City and County of San Francisco be and he is hereby authorized and directed to accept the said offer of the Anglo and London Paris National Bank, according to the terms thereof, and to sell and deliver to said Anglo

and London Paris National Bank the bonds now on sale in his office and described more particularly in said offer, pursuant to the terms and provisions thereof, and upon payment of the prices specified therein.

Whereupon the Clerk read the following:

Communications.

December 16th, 1918.

To His Honor the Mayor and the Honorable Board of Supervisors, San Francisco, Cal.

Gentlemen:

The Board of Health herewith requests the immediate re-establishment of Ordinance No. 4710, which was rescinded at the request of the Board of Health on November 21st, 1918,

when the incidence of the disease in this city had diminished to a point where it was reasonably safe to continue without the mask.

For your information will state the following:

23,636 cases occurred during the month of October, with 1,211 deaths.

4,884 cases during the month of November, with 713 deaths.

A total for the two months of 28,520 cases, 1,924 deaths.

From December 1st to 12 o'clock, noon, December 16th, there have been reported 2,855 cases, with 102 deaths.

This indicates that there is a slight reduction in the percentage of the death rate from approximately 7 per 100 to 5 per 100.

The records of the Health Department show that three days after the mask ordinance became effective the number of cases were reduced to 1,400 per day and four days later to under 700 per day, and from that time until November 21st, there was a sharp decline in the disease and death rate, so much so that the Board of Health recommended the Mayor's proclamation above referred to.

From November 21st, however, there has been a gradual increase in cases, with no decline, but with a decided upward tendency, and we feel that unless the preventive measure is again adopted the distressing conditions experienced in October will prevail. We find it difficult at this time to meet and fill the daily increasing demand for doctors, nurses and caretakers for the community.

Your attention is invited to a criticism made to the effect that it is unnecessary to adopt radical measures because of only having 200 cases per day reported, but your attention is also invited to the fact that these are accumulating until for the month of December we have 2,855 cases which should have been prevented had we continued our measure in vogue prior to November 21st, and had the people adopted the recommendation made by the Board of Health and publicly proclaimed by the Mayor to wear the face mask.

The following cities in the State of California, after delaying, have felt themselves compelled, in order to pre-

vent further spread of the disease, to adopt the mask ordinance:

San Diego,
San Jose,
Santa Cruz,
Sacramento,
Fresno,
Riverside,

and, we are reliably informed, various other smaller sections where the incidence of the disease, as in San Francisco, has been on the increase, have adopted the masks.

It is not the desire of the Board of Health at this time to close any activity, believing it unnecessary, if the public will wear the preventive measure proven successful in this city, all other statements to the contrary notwithstanding, and we, therefore, urgently demand action without further delay.

Respectfully,

BOARD OF HEALTH,
Per WM. C. HASSLER,
Health Officer.

December 16th, 1918.

The Honorable Board of Supervisors
of the City and County of San
Francisco.

Gentlemen:

At a general meeting of all business interests, held this day, it was unanimously decided that while the business men are mere laymen in matters of such vital import to the city as the wearing of masks for the prevention of influenza or other epidemics, yet careful investigation of the ravages of the epidemic covering a period of three years leads to the conviction that the compulsory wearing of masks should be approached with the greatest caution.

The standing of San Francisco as a community is at stake; the prejudices of many people are involved; experts widely disagree; records of the disease appear to prove nothing.

In view of these facts, the business interests of the city make no recommendation, being confident that the Board of Health and the Board of Supervisors, the legally constituted authorities, are fully competent to reach the wisest decision, with due regard for all of the interests involved.

At this meeting it was further unanimously decided that whatever decision is reached, the business interests pledge the city and the authorities their full and unqualified support.

Respectfully yours,

WILLIAM MARKS,

Chairman Business and Amusement
Interests of San Francisco.

Privilege of the Floor.

Chas. F. Gallagher, representing the
Downtown Association, addressed the
Board. He declared that Dr. Hassler,
representing the Board of Health, ap-

peared before the Downtown Association and showed charts and statistics demonstrating the efficiency of the gauze mask in fighting the "flu" epidemic. As a result of said demonstration he said that the Downtown Association, if the Board of Health decided that the mask was again necessary, will give the proposition its fullest endorsement.

Arthur Barendt, President of the Board of Health, addressed the Board, urging the re-enactment of the mask ordinance for the protection of the public health.

Dr. Hassler, Health Officer, also spoke at length, urging the re-enactment of the ordinance.

Mme. Grosjean, Peter B. Ross, Robert Troy and others protested against the re-enactment of the ordinance.

Whereupon, Supervisor Gallagher presented the following bill and moved its passage to print:

Bill No. —, Ordinance No. —
(New Series), Providing for the wearing of masks or covering over the nose and mouth by certain persons during the prevalence of the epidemic of the so-called "Spanish Influenza" and prescribing the penalty for a violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. During the period of the epidemic of the so-called "Spanish Influenza," which is now prevalent in the City and County of San Francisco, which for the purpose of this Ordinance shall be deemed to exist until proclamation, provided for in section 2 of this Ordinance, shall have been issued, every person appearing on the public streets, in any public place, or in any assemblage of persons or in any place where two or more persons are congregated except in homes where only the members of the family are present, and every person engaged in the sale, handling or distribution of food stuffs or wearing apparel shall wear a mask or covering except when partaking of meals, over the nose and mouth, consisting of four-ply material known as butter cloth or of fine-mesh gauze, at the four corners of which are attached tape or other fastening so that the mask or covering can be made to firmly cover the nose and mouth, said mask to be not less than five inches in width and seven in length.

Sec. 2. When the Board of Health shall determine that the said epidemic of Spanish Influenza has ceased to exist in the City and County of San Francisco said Board shall communicate its determination to the Mayor of the City and County of San Francisco, who thereupon shall issue a proclamation to the people of the City and County of San Francisco,

proclaiming the fact that the Board of Health has determined that said epidemic has ceased to exist.

Sec. 3. Every person who shall violate any of the provisions of section 1 of this Ordinance shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than five (\$5) dollars or more than one hundred (\$100) dollars, or by imprisonment in the County Jail for a period not exceeding ten days, or by both such fine and imprisonment.

Sec. 4. This Ordinance shall be in force and take effect immediately, and shall remain in force and effect until the date of the proclamation provided for in section 2 hereof.

Lower Market Street Agreement.

The following agreements were presented, read and ordered *spread at length in the Journal*:

This agreement, made and entered into this 20th day of November, A. D. 1918, by and between United Railroads of San Francisco, a corporation duly organized and existing under and by virtue of the laws of the State of California, party of the first part (hereinafter called Railroads), and City and County of San Francisco, a Municipal Corporation, party of the second part (hereinafter called City).

Witnesseth:

Whereas, City is now building tracks for a street railway on either side of the tracks of Railroads on Market street from Seventeenth street to Kearny street, and intends to operate said street railway along and over said tracks from said Seventeenth street to what is known as the Ferry Building at The Embarcadero, which said cars when operated will be known as "J" cars (Church street line) and "K" cars (Twin Peaks Tunnel line); and

Whereas, Railroads has protested against the building and operation of said street railway and has commenced suit against City in the District Court of the United States, for the Northern District of California, for an injunction to prohibit the

same, which suit is known as No. 280 on the files and records of said court, and which said suit is now pending on appeal in the Supreme Court of the United States of America; and has likewise commenced suit against City in the Superior Court of the State of California, in and for the City and County of San Francisco, which suit is known as No. 65435 on the files and records of said Superior Court, and injunction has issued against City in said suit restraining City from using the wires, poles and current of Railroads on Market street from Sansome street to The Embarcadero and around the so-called outer loop on The Embarcadero; and has likewise commenced suit in the Superior Court of the State of California, in and for the City and County of San Francisco, against City for damages for the operation of cars on Market street from Van Ness avenue to Church street, which said suit is known and designated as No. 88921 on the records and files of said Superior Court; and

Whereas, In order to avoid the necessity and inconvenience to City of erecting additional poles and wires it is proposed to use the poles, wires and currents of Railroads for the operation of said City Railway along Market street from Seventeenth street to and around the outer loop at The Embarcadero as aforesaid, and to make certain changes in what is known as the loop built by Railroads on said Embarcadero.

Now, therefore, in consideration of the premises, it is mutually agreed that City shall have the right to increase the capacity of the outer loop to care for the additional cars of the said "J" and "K" lines to be run by City as aforesaid by widening the throat of the loop sufficient to permit the clearance of the cars running on the outer loop and the cars of Railroads running on the inner loop, and by installing a cross-over, together with operating mechanism and elevated post for use of operator, between the inner and outer tracks on the south side of Market street at a point about Spear street, and City shall likewise install, whenever necessary, an additional cross-over between the outer and inner tracks on the north side of Market street at about Spear street.

City shall pay to Railroads for the maintenance and repair of said outer loop and said outer tracks in proportion to the use by City and Railroads of those facilities.

Railroads agrees to furnish electric current and overhead construction for the operation of said "J" and "K" lines of City from Sansome street to The Embarcadero and

around said outer loop and to charge City therefor 11.5c per kilowatt hour for the use of said electric current on Market street, which amount City agrees to pay.

It is mutually agreed that the entering into of this agreement shall in no wise affect any of the rights of either of the parties involved in the case of United Railroads of San Francisco, complainant, vs. City and County of San Francisco, defendant, now pending in the United States District Court, for the Northern District of California, and known and designated as No. 280 upon the records and files of said court, and which said case is now pending on appeal to the Supreme Court of the United States, and known and designated on the files of said court as No. 703, October Term 1917; nor shall it in any wise affect any of the rights of the litigants in those certain cases now pending in the Superior Court of the State of California, in and for the City and County of San Francisco, entitled, respectively, United Railroads of San Francisco, plaintiff, vs. City and County of San Francisco, defendant, and known and designated as Nos. 65435 and 88921, respectively, upon the files and records of said Superior Court; nor shall the entering into of this agreement or the granting of any permits herein referred to or the failure of Railroads to object or to attempt to enjoin City in the operation of said cars as aforesaid be taken as a waiver of any of the rights or claims of Railroads in the premises, or operate as an estoppel against Railroads to assert its rights or claims in the premises should occasion hereafter so require or should any of the legal rights of Railroads be hereafter impinged upon by City; and the parties hereto hereby agree that they or either of them will not present or introduce in evidence this agreement in any suit or claim now pending or hereafter commenced or claimed concerning any of the rights, privileges, permits or issues involved in any of said cases or claims now pending or hereafter commenced or claimed by Railroads or City to enforce any of its said rights or claims, and this agreement shall not be taken, construed or claimed as an admission on part of City that it has not the legal right and authority without the consent of Railroad or the entering into of this agreement, to any or all of the rights, matters and privileges covered by this agreement and shall not operate as an estoppel against City hereafter asserting that it has the legal right and authority to any or all of the rights, matters and privileges covered by

this agreement irrespective of this agreement.

It is the purpose and intent of this understanding between Railroads and City to reserve all of their rights and claims in the premises, including the rights of Railroads on the said outer tracks or around the said loop, after the changes in or widening of the throat of said loop have been made as in this agreement provided, and it is not the intention of the parties hereto that their action in entering into this agreement shall in any wise affect any of their or either of their legal rights or claims should occasion, in the opinion of either of the parties hereto, hereafter arise to assert them.

In witness whereof, Railroads has, by proper resolution of its Board of Directors, caused its corporate name to be signed hereto by its President, and its corporate seal to be hereto attached, attested by its Secretary, and City has, by resolution of its Board of Supervisors, caused its corporate name to be signed hereto by its Mayor, and its seal to be hereto affixed, attested by the Clerk of said Board of Supervisors, the day and year first above written.

Taraval Street Agreement.

This agreement, made and entered into on the 12th day of December, 1918, between the City and County of San Francisco, a municipal corporation, hereinafter designated as the City, San Francisco Electric Railways, a corporation, hereinafter designated as Electric Railways, and United Railroads of San Francisco, a corporation, hereinafter designated as United Railroads.

Witnesseth:

Whereas, On October 14, 1907, the Board of Supervisors duly and regu-

larly adopted Ordinance No. 288 (New Series), entitled, "Granting to the Parkside Transit Company, a railway corporation, a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side-tracks, turn-outs, switches, curves, crossing, depot and terminal tracks and facilities, along, over, under and across certain streets in the City and County of San Francisco," which ordinance was approved by the Mayor of the City and County of San Francisco on the 17th day of October, 1907, whereby there was granted to Parkside Transit Company, a railroad corporation, a street railway franchise over and along certain streets in the City and County of San Francisco therein designated; and,

Whereas, Subsequent thereto said Parkside Transit Company abandoned a certain part of said franchise with and by the consent of the Board of Supervisors of the City and County of San Francisco and under certain agreements entered into between the City and County of San Francisco and said Parkside Transit Company, which abandonment, consent and agreements are set out and contained in Resolution No. 1444 (New Series) of the Board of Supervisors of the City and County of San Francisco, adopted October 14, 1907, and approved October 17, 1907, by the Mayor of the City and County of San Francisco, and Resolution No. 2296 (New Series) of the Board of Supervisors of the City and County of San Francisco, adopted May 18, 1908, and approved May 26, 1908, by the Mayor of the City and County of San Francisco; and

Whereas, Thereafter said Parkside Transit Company transferred and conveyed to Electric Railways said franchise granted by said Ordinance No. 288 (New Series), as changed and affected by said Resolutions No. 1444 (New Series) and No. 2296 (New Series); and,

Whereas, Thereafter said Electric Railways leased and granted to United Railroads the right to maintain and operate over and along the streets designated in said franchise the street railroad for which said franchise was granted by said Ordinance No. 288 (New Series) to said Parkside Transit Company; and,

Whereas, United Railroads is now operating a street railroad over streets designated in said Ordinance No. 288 (New Series) pursuant to said lease and rights granted by said Electric Railways; and

Whereas, Among the streets designated in said Ordinance No. 288 (New Series) over and along which

said Parkside Transit Company was granted the right and privilege to construct, maintain and operate a single or double track railroad and over which the United Railroads is now operating a street railroad, pursuant to said lease and rights granted by Electric Railways, Taraval street between Twentieth and Thirty-third avenues is included; and,

Whereas, The City owns and operates a Municipal Street Railway through the Twin Peaks Tunnel and along a present established route from the westerly portal of said tunnel to or near the intersection of Sloat boulevard and Junipero Serra boulevard; and,

Whereas, It is the desire and intention of the City to extend its said Municipal Railway westerly and in other directions; and,

Whereas, It is convenient and advisable in such extension to utilize the present street railroad tracks and equipment on said portion of Taraval street between Twentieth and Thirty-third avenues over and along which United Railroads is now operating a street railroad as aforesaid;

Now, therefore, it is hereby stipulated and agreed by and between the parties hereto as follows:

The City shall have the right to connect with the tracks now situate on said portion of Taraval street between Twentieth and Thirty-third avenues, or as the same may hereafter be reconstructed, and to make such switches and turn-outs therefrom as the City may desire and operate an unlimited number of cars of its Municipal Railway System as said system now exists or may be hereafter modified or extended, over and along said tracks on Taraval street between said Twentieth and Thirty-third avenues, and to utilize all present street railway appliances and overhead trolley system as the City may desire and as the same may be hereafter reconstructed or changed on said portion of Taraval street between said Twentieth and Thirty-third avenues; provided, however, that nothing in this agreement contained shall be construed as limiting the United Railroads in an equal use of the said tracks for the operation of its own cars. United Railroads shall furnish to the City all electric current required by the City in the operation of its Municipal cars over said portion of Taraval street between Twentieth and Thirty-third avenues, the City to pay said United Railroads for all current used by the City at the rate of one and one-quarter (1¼) cents per kilowatt hour, and in addition thereto City will pay any surcharge rate which United Railroads may be compelled

to pay to the Sierra & San Francisco Power Company under order of the Railroad Commission of the State of California.

It is understood by and between the parties hereto that the City shall have the right to string an independent trolley, if it so desires, and at any time it so desires, on the span wires of the overhead system on Taraval street between Twentieth and Thirty-third avenues and furnish its own power for the propulsion of its own cars.

The City on its part agrees that it will, at its own cost and expense, reconstruct the existing tracks on Taraval street between Twentieth and Thirty-third avenues to grade, and shall, upon the completion thereof, pave the street between the tracks and between the rails and for a distance of two (2) feet outside thereof, and in said reconstruction the City shall have the right to use the rails and appliances and materials now in use for the operation of a street railroad on said portion of Taraval street without payment to Electric Railways or United Railroads therefor.

The City and United Railroads shall maintain said tracks and overhead trolley system on said portion of Taraval street between Twentieth and Thirty-third avenues in first-class serviceable condition, and shall keep the roadway between the rails and for two (2) feet on each side thereof in good condition and repair, as required by the fourth subdivision of Section 3 of said Ordinance No. 288 (New Series), the expense of said repair and maintenance to be borne by the City and United Railroads in proportion to the respective car mileage operated by the City and United Railroads, on said portion of Taraval street between Twentieth and Thirty-third avenues.

It is further mutually understood and agreed that except as the same is modified and changed by this agreement, the rights, privileges and obligations of the parties hereto as set forth and contained in said Ordinance No. 288 (New Series) shall remain the same without modification or change, as if this agreement had not been entered into.

It is further mutually understood and agreed that this agreement shall continue in force and effect during the remainder of the term of said franchise granted by said Ordinance No. 288 (New Series), or the sooner termination thereof, whereupon the rights and privileges of the respective parties in and to the street railroad system on said portion of Taraval street between Twentieth and Thirty-third avenues, as well as the whole of the railroad system for which a

franchise was granted by said Ordinance No. 288 (New Series), shall be fixed and determined as specified in said Ordinance No. 288 (New Series).

In witness whereof, the said City and County of San Francisco has by ordinance of its Board of Supervisors caused its name to be hereunto subscribed by its Mayor and its great seal to be hereunto attached by the Clerk of its Board of Supervisors, and United Railroads of San Francisco and San Francisco Electric Railways have by resolution of their respective boards of directors caused their names to be subscribed hereto by their respective officers who have subscribed their names hereto, and their respective seals to be hereunto attached by their respective secretaries, the day and year first hereinabove written.

Ocean Avenue Agreement.

This agreement, made and entered into on the 12th day of December, 1918, between the City and County of San Francisco, a municipal corporation, hereinafter designated as the City, San Francisco Electric Railways, a corporation, hereinafter designated as Electric Railways, and United Railroads of San Francisco, a corporation, hereinafter designated as United Railroads.

Witnesseth:

Whereas, On October 14th, 1907, the Board of Supervisors duly and regularly adopted Ordinance No. 288 (New Series), entitled, "Granting to Parkside Transit Company, a railway

corporation, a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side-tracks, turn-outs, switches, curves, crossings, depot and terminal tracks, and facilities along, over, under and across certain streets in the City and County of San Francisco," which ordinance was approved by the Mayor of the City and County of San Francisco on the 17th day of October, 1907, whereby there was granted to Parkside Transit Company, a railroad corporation, a street railway franchise over and along certain streets in the City and County of San Francisco therein designated; and.

Whereas, Subsequent thereto said Parkside Transit Company abandoned a certain part of said franchise with and by the consent of the Board of Supervisors of the City and County of San Francisco and under certain agreements entered into between the City and County of San Francisco and said Parkside Transit Company, which abandonment, consent and agreements are set out and contained in Resolution No. 1444 (New Series) of the Board of Supervisors of the City and County of San Francisco, adopted October 14th, 1907, and approved October 17th, 1907, by the Mayor of the City and County of San Francisco, and Resolution No. 2296 (New Series) of the Board of Supervisors of the City and County of San Francisco, adopted May 18th, 1908, and approved May 26th, 1908, by the Mayor of the City and County of San Francisco; and

Whereas, Thereafter said Parkside Transit Company transferred and conveyed to Electric Railways said franchise granted by said Ordinance No. 288 (New Series), as changed and affected by said Resolutions No. 1444 (New Series) and No. 2296 (New Series); and

Whereas, Thereafter said Electric Railways leased and granted to United Railroads the right to maintain and operate over and along the streets designated in said franchise the street railroad for which said franchise was granted by said Ordinance No. 288 (New Series) to said Parkside Transit Company; and

Whereas, United Railroads is now operating a street railroad over streets designated in said Ordinance No. 288 (New Series) pursuant to said lease and rights granted by said Electric Railways; and

Whereas, Among the streets and routes designated in said Ordinance No. 288 (New Series) over and along which said Parkside Transit Company was granted the right and privilege to construct, maintain and op-

erate a single or double track railroad and over which the United Railroads is now operating a street railroad, pursuant to said lease and rights granted by Electric Railroad, was the following, to-wit:

"Commencing in Ocean avenue opposite the southerly termination of Corbett avenue; thence through private property to Nineteenth avenue; thence across Nineteenth avenue to a point approximately nine hundred and ninety-six (996) feet southerly from the south line of W street, as laid down on the official map of the City and County of San Francisco, thence through private property in a general westerly direction to what would be the line of Market street if extended; thence along Market street to its westerly terminus; thence through private property in a general north-westerly direction to the easterly line of the Great Highway;"

Also.

"Commencing at the southerly line of Ocean avenue where said southerly line of Ocean avenue is intersected by the westerly line of Corbett avenue; thence northerly across Ocean avenue there connecting with the track or tracks now laid or to be laid by the grantee (Parkside Transit Company) at the intersection of Ocean avenue and Corbett avenue."

Since the granting of said franchise the westerly termination of Corbett avenue is at the present intersection of Junipero Serra and Sloat boulevards, and a portion of the route first described in this paragraph is a route through a private right of way extending from Sloat boulevard southerly to a point opposite Ocean avenue and over which at the present time United Railroads is operating a street railroad as a part of what is known as the Parkside System in conjunction with its Ocean avenue line; and

Whereas, On the 16th day of September, 1895, the Board of Supervisors of the City and County of San Francisco duly and regularly adopted Order No. 2904, entitled, "Granting to the Market Street Railway Company, its successors and assigns, certain privileges herein specified," whereby there was granted to the Market Street Railway Company, its successors and assigns, the right to construct, lay down, maintain and operate, for the unexpired term of the franchise theretofore granted for the line of said Market Street Railway Company for its line of street railroad on Mission street, Mission street road and Telegraph or New County road, among other streets in the City and County of San Francisco, as extensions and adjuncts to and in connection with said line of

railroad, a single or double track street railroad, with all necessary and convenient stations, side-tracks, turn-outs, switches and appliances along and upon certain routes in said Order No. 2904 described; and

Whereas, Among the routes described in said Order No. 2904 was the following, to-wit:

"Commencing at the intersection or junction of Mission street or Mission street road with Ocean avenue (formerly Ocean House road), there connecting with the tracks of the Market Street Railway on Mission street or Mission street road; thence along and over said Ocean avenue (formerly Ocean House road) to the westerly end thereof, and thence along and upon any extension of said Ocean avenue (formerly Ocean House road) or along and upon any intersecting street or streets which was then or might hereafter be laid out under authority of the Board of Supervisors of the City and County of San Francisco, to the Ocean Beach or Great Highway;" and

Whereas, United Railroads of San Francisco is now the owner and holder of said franchise; and

Whereas, Said United Railroads is now operating a double track street railroad along a portion of said route lastly above described, from the intersection of Onondaga avenue and Ocean avenue, along and upon Ocean avenue to the intersection of said Ocean avenue with what is known as Junipero Serra boulevard, and thence partially across said Junipero Serra boulevard to the said private right of way extending from Ocean avenue to Sloat boulevard, and thence northerly along said private right of way to and across Sloat boulevard, and thence along and over certain other routes commonly known as the Parkside System; and

Whereas, The City owns and operates a line of its Municipal Street Railway from The Embarcadero, over and along Market street and through the Twin Peaks Tunnel, and over West Portal avenue to or near the intersection of Sloat boulevard and Junipero Serra boulevard, which line of the Municipal Railway System is designated as the "K" line; and

Whereas, It is the desire and intention of the City to extend said line of the Municipal Railway southerly and southwesterly; and

Whereas, It is convenient and advisable in such extension to utilize the present street railroad tracks and equipment of said private right of way from its intersection with Sloat boulevard; thence southerly over and along said private right of way to where the tracks of the Ocean avenue street railway line joins with

the tracks of said private right of way; thence southeasterly over and along said Ocean avenue to the intersection of Harold avenue and Ocean avenue, or such other point west of Harold avenue as the City may elect.

Now, therefore, it is hereby stipulated and agreed by and between the parties as follows, to-wit:

The City, at its own cost and expense, shall have the right to connect up its tracks of its Municipal Railway, which the City is now operating through said Twin Peaks Tunnel along the present established route from the westerly portal of said tunnel to or near the intersection of Sloat boulevard and Junipero Serra boulevard, with the tracks now situate in said right of way which extends from the intersection of Sloat and Junipero Serra boulevards, and to make all switches and turn-outs necessary to connect the said existing tracks of the Municipal Railway with the tracks of United Railroads on the said private right of way, and further, shall have the right to the use of the tracks over which United Railroads is now operating a street railroad, for the operation of such number of ears as the city may desire of the said "K" line of the Municipal Railway System, and to operate the same thereon from said connection that the City will make under the terms of this agreement with the tracks now laid in said private right of way at or near the intersection of Sloat and Junipero Serra boulevards; thence over and along said private right of way to the westerly termination of Ocean avenue; thence over and along Ocean avenue from said westerly termination thereof to Harold avenue or such other point west of Harold avenue as the City may elect; thence to such terminal as the City may establish off Ocean avenue, with the right and privilege to use the overhead trolley system of the United Railroads along said route for such municipal cars. It being understood and agreed that the City will not establish a terminal on Ocean avenue for the purpose of switching back its Municipal cars.

The United Railroads shall furnish to the City the electric power necessary for the propulsion of the City's cars over the said tracks of the United Railroads; and the United Railroads shall maintain its said track, overhead trolley system, and street railway appurtenances in first-class operating condition at its own cost and expense.

It is further understood and agreed that the City shall have the right, whenever it shall so desire, to connect with the tracks of the United

Railroads in its said private right of way, at or near the intersection of Sloat and Junipero Serra boulevards and Ocean avenue for the purpose of extending its system southerly from that point and to utilize that portion of the tracks of the United Railroads situate in the private right or way between Sloat boulevard and the westerly termination of Ocean avenue for the cars of any and all lines of the Municipal Railway System as it now exists, or as it may be hereafter extended, in conjunction with such extension as the City may make southerly from the intersection of Junipero Serra boulevard and Ocean avenue.

It is further understood and agreed that the City shall have the right to extend its system southerly as far as San Jose avenue from a connection with the Ocean avenue tracks of the United Railroads System at Harold avenue, or such point on Ocean avenue west of Harold avenue as the City may elect for the purpose of extending the said "K" line of the Municipal Railway System southerly but not beyond San Jose avenue.

It is further understood and agreed that nothing in this agreement contained shall prevent the City from utilizing for the cars of the said "K" line a nearer terminal than The Embarcadero in a cross street off of Market street or on Van Ness avenue as far north as the present cross-over near Bush street.

It is further understood and agreed that cars of the Municipal Railway System utilizing the tracks of the United Railroads on Ocean avenue between Junipero Serra boulevard and Harold avenue shall not be routed over Taraval street.

The City agrees that prior to the exercise of the right hereby granted to the City to operate its Municipal cars over said route that it will pay to United Railroads the sum of one hundred thousand dollars (\$100,000), and shall thereafter pay to United Railroads the sum of seven and one-half (7½) cents for each car mile operated by Municipal cars over the tracks of the United Railroads along said route.

In the event that the City should acquire the tracks and street railroad property along said route by purchase, said one hundred thousand dollars (\$100,000) paid for the right herein granted to the City shall be applied to the purchase price, less seven thousand dollars (\$7,000) for each year that shall have elapsed from the date of the payment of said one hundred thousand dollars (\$100,000) to the date of said purchase.

It is further mutually understood

and agreed, that except as the same are modified and changed by this agreement, the rights, privileges and obligations of the parties hereto as set forth and contained in said Ordinance No. 288 (New Series) and said Order No. 2904 shall remain the same without modification or change as if this agreement had not been entered into.

It is further mutually understood and agreed that this agreement shall continue in force and effect during the remainder of the term of said franchise granted by said Order No. 2904, whereupon the rights and privileges of the respective parties in and to the street railway system on said route hereinabove described over which the City is hereby granted the right to operate its Municipal cars, as well as the whole of the railroad system for which franchises were granted by said Ordinance No. 288 (New Series) and said Order No. 2904, shall be fixed and determined as specified in said Ordinance No. 288 (New Series) and said Order No. 2904 respectively.

It is further mutually understood and agreed that nothing in this agreement contained shall be construed to be or taken as a waiver of any of the rights of either of the parties under any litigation now pending or hereafter commenced involving the use by the City and County of San Francisco of Market street or any portion thereof for the operation of its Municipal Railway.

In witness whereof, said City and County of San Francisco has, by ordinance of its Board of Supervisors, caused its name to be hereunto subscribed by its Mayor and its seal to be hereunto attached by the Clerk of its Board of Supervisors and United Railroads of San Francisco and San Francisco Electric Railways have, by resolution of their respective Boards of Directors, caused their names to be subscribed hereto by their respective officers subscribing their names hereto, and their respective corporate seals to be hereunto attached by their respective secretaries, the day and year first hereinabove written.

Minority Report of Public Health Committee Recommending the Re-enactment of the Mask Ordinance.

The following report was presented and read by the Clerk:

San Francisco, Cal.,
December 19, 1918.

To the Honorable Board of Supervisors.

Gentlemen:

The undersigned members of the Public Health Committee disagree with the findings of the majority of the committee in recommending indefinite postponement of the so-called Masking Ordinance, and respectfully recommend to your honorable body that the ordinance as submitted be enacted.

Respectfully submitted,
JOS. F. LAHANEY,
JAS. B. MCSHEEHY,
Members Health Committee.

Report of Public Health Committee
Against Re-enactment of Mask Ordinance.

Whereupon, the following report was presented and read by the Clerk:

San Francisco, Cal.,
December 19, 1918.

To the Honorable Board of Supervisors.

Your Health Committee met this afternoon and heard arguments in

favor and against the proposed ordinance providing for the wearing of masks during the prevalence of the so-called Spanish influenza epidemic.

After consideration of the arguments presented, your committee felt that in the matter of wearing masks some action should be taken by the State Board of Health to make it a State rather than a municipal decree, if mask-wearing is necessary.

Your committee also felt that the situation at this time hardly warranted the enforced donning of masks by the people of San Francisco; and also felt certain that, should later developments make the wearing of masks desirable, the good judgment of the people would dictate the proper course to pursue as to the wearing of them.

Under the circumstances your committee respectfully recommends that action on the proposed ordinance be indefinitely postponed.

Respectfully submitted,
JAMES E. POWER,
E. E. SCHMITZ,
J. E. HAYDEN,
Public Health Committee.

Mask Ordinance Refused Passage.

Whereupon, the following bill was presented by Supervisor Gallagher and refused passage by the following vote:

Providing for the wearing of masks or covering over the nose and mouth by certain persons during the prevalence of the epidemic of the so-called "Spanish influenza" and prescribing the penalty for a violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. During the period of the epidemic of the so-called "Spanish influenza" which is now prevalent in the City and County of San Francisco, which for the purpose of this ordinance shall be deemed to exist until proclamation, provided for in section 2 of this ordinance, shall have been issued, every person appearing on the public streets, in any public place, or in any assemblage of persons or in any place where two or more persons are congregated except in homes where only the mem-

bers of the family are present, and every person engaged in the sale, handling or distribution of food stuffs or wearing apparel shall wear a mask or covering except when partaking of meals, over the nose and mouth, consisting of four-ply material known as butter cloth or of fine mesh gauze, at the four corners of which are attached tape or other fastening so that the mask or covering can be made to firmly cover the nose and mouth, said mask to be not less than five inches in width and seven in length.

Section 2. When the Board of Health shall determine that the said epidemic of Spanish influenza has ceased to exist in the City and County of San Francisco said Board shall communicate its determination to the Mayor of the City and County of San Francisco who thereupon shall issue a proclamation to the people of the City and County of San Francisco proclaiming the fact that the Board of Health has determined that said epidemic has ceased to exist.

Section 3. Every person who shall violate any of the provisions of Section 1 of this ordinance shall be deemed guilty of a misdemeanor and shall be punished by a fine of not less than five (\$5) dollars or more than one hundred (\$100) dollars or by imprisonment in the County Jail for a period not exceeding ten days, or by both such fine and imprisonment.

Section 4. This ordinance shall be in force and take effect immediately, and shall remain in force and effect until the date of the proclamation provided for in Section 2 hereof.

Ayes—Supervisors Brandon, Gallagher, Lahaney, McLeran, McSheehy, Mulvihill, Welch—7.

Noes—Supervisors Deasy, Hayden, Hilmer, Hocks, Hynes, Nelson, Power, Schmitz, Wolfe—9.

Appropriation Out of Municipal Railway Fund for Payment of Claim of R. C. Storrie & Co. for Construction of Twin Peaks Tunnel.

The following resolution laid over from a previous meeting was taken up:

Resolution No. — (New Series), as follows:

Whereas, There has been created a reserve fund out of the net earnings of the Municipal Railroad in an amount exceeding \$1,000,000, and

Whereas, Said sum exceeds one-half of the payment of the operating expenses of said railroad during the preceding fiscal year by at least \$82,152.53; now, therefore, be it

Resolved, That the sum of \$82,152.53 be and the same is hereby set aside and appropriated out of Municipal Railway Fund to the credit of the General Fund, 1918-1919, and from such General Fund set aside and credited to the Twin Peaks Ridge Tunnel Assessment Fund for the purpose of meeting obligations due to R. C. Storrie & Company on the contract entered into between the City and County of San Francisco and said R. C. Storrie & Company for the building of the Twin Peaks Tunnel; and be it

Further Resolved, That the City and County of San Francisco does hereby assume the obligation of paying to

said R. C. Storrie & Company the sum of \$82,152.53 of the amount remaining unpaid to said R. C. Storrie & Company on said contract; and be it

Further Resolved, That said sum of \$82,152.53 shall be restored to the Municipal Railway Fund by additional revenues from the Twin Peaks Ridge Tunnel Assessment Fund, or by such future action as the Board of Supervisors may determine.

Privilege of Floor.

Chas. F. Adams was granted the privilege of the floor and addressed the Board. He declared that he was not here to oppose the payment of Storrie's claim, but he wanted the amount provided to be increased approximately \$3,750 in order that all claimants might be paid.

Theo. Savage also addressed the Board on behalf of his clients.

Jno. O'Connell, representing San Francisco Labor Council, protested against the payment of the claims out of the Municipal Railway Funds, and declared that the platform men had an application pending for a salary increase which, if granted, must come out of that fund.

Motion.

Supervisor Gallagher moved that it be the sense of the Board that the money above appropriated will be returned to the Municipal Railway Fund out of the next budget.

Action Deferred.

Whereupon, the foregoing resolution was, on motion, *laid over one week* and referred to City Attorney for opinion as to legality of proposition in foregoing motion, by the following vote:

Ayes—Supervisors Brandon, Deasy, Gallagher, Hayden, Hilmer, Hocks, Hynes, Kortick, Lahaney, McLeran, Mulvihill, Nelson, Power, Suhr, Welch, Wolfe—16.

Sailors' Home Property Relinquished to United States Government.

The following resolution was presented by Supervisor McLeran and, on motion, ordered referred to *Public Buildings Committee:*

Resolution No. — (New Series), as follows:

Whereas, By act of Congress, entitled "An act to relinquish the title of the United States to certain property in the City and County of San Francisco," approved August 11, 1876, supplemented by act of Congress approved July 9, 1912 (37 statutes 1901) the title of the United States was relinquished to the City and County of San Francisco in and to that certain parcel of land described as commencing on the northwest corner of Spear street and Harrison street; thence westerly 275 feet to Main street; thence northerly along the easterly side of Main street 137 feet 6 inches; thence easterly 275 feet to the westerly side of Spear street; thence 137 feet 6 inches to point of commencement, being a portion of Block 327, subject, however, to a provision that said land was to be used for the purpose of a sailors' home, and upon the cessation of such use the title thereto should revert to the United States. Now, therefore,

Resolved, And it is hereby declared by the Board of Supervisors of the City and County of San Francisco that the land described in said acts of Congress is not used for the purpose stated therein, and that such use is no longer required, nor is it expedient to continue such use, and said City and County relinquishes to the United States its title and interest in and to the property herein described, and hereby determines that said described land is and has reverted to the United States in accordance with the terms of said acts of Congress aforesaid.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Thanks to "Examiner" for Civic Center Christmas Tree.

His Honor Mayor Rolph called attention to the giant Christmas tree being set up in the Civic Center by the "Examiner," and suggested that it would be the proper thing for the Board of Supervisors to express its appreciation.

Whereupon, on motion of Supervisor Welch, the "Examiner" was unanimously thanked for its manifestation of civic pride and the splendid spectacle it was preparing for the pleasure of the people of San Francisco.

Designs for Soldiers' Tablet and Report on Memorial Arch.

His Honor the Mayor submitted for the inspection of the members of the Board designs prepared by John Reid, Jr., City Architect, of the proposed tablets to be erected in the City Hall to commemorate those who died in the service of their country during the great war. He also reported the appointment of a committee for the collection of funds for the construction of a temporary arch of welcome to returning soldiers and of a permanent arch at the entrance to the Civic Center to commemorate San Francisco's part in the war.

Street Signs.

Supervisor Gallagher moved that communication from Chief of Police relating to matter of proposed signs

to be erected in accordance with the provisions of the traffic ordinance be referred to the Supplies and Streets Committee.

So ordered.

Mr. Fitzgerald, Secretary to Mayor of Detroit, Visits Board.

Mr. Fitzgerald, Secretary to Mayor of Detroit, was presented by His Honor Mayor Rolph. He addressed the Board and declared that he was here studying the management and operation of our public utilities. He said he was also interested in observing a small council in action. Detroit, he said, was about to inaugurate a system of government through a smaller council than heretofore. He congratulated the Board on its Civic Center and thanked San Francisco, through its officials, for the hospitality shown him.

ADJOURNMENT.

Whereupon, the Board, at the hour of 6:30 p. m., adjourned out of respect to the memory of P. Meaghan.

J. S. DUNNIGAN,
Clerk.

United States Shipping Board, Emergency Fleet Corporation. On Building on United States Ships in China.

The following was presented, read by the Clerk and ordered *spread in the Journal*:

December 21, 1918.

Mr. J. S. Dunnigan, Clerk Board of Supervisors, Room 235, City Hall, San Francisco, California.

Dear Sir:

This is to acknowledge the receipt of your Resolution No. 16336 (New Series), dated December 9, 1918, concerning contracts which have been placed with the Chinese Government for the building of ships.

These contracts were placed during the war emergency at a time when the demand for tonnage was insistent and imperative and all our own yards, both those which existed at the time and those which could be built in anything like the near future, had been filled to capacity.

From this statement, it will be clear that we have no policy of letting contracts in foreign countries except as a war emergency. With the elimination of that emergency, the occasion of your resolution has, of course, disappeared.

Very truly yours,

CHARLES PIEZ,

Director General.

San Francisco Delegation of State Legislature to Confer With Board of Supervisors.

Supervisor McLeran declared that the San Francisco delegation of the State Legislature desired to sit in conference with the Board of Super-

visors in the Chambers on Friday, at 2 p. m., on matters affecting San Francisco to come up in the next Legislature.

Supervisor Kortick moved that the conference be called for the time and place mentioned. Clerk to notify all concerned.

SPECIAL ORDER, 3 P. M.

Olympus Way.

Hearing objections to:

Confirmation of the report of Board of Public Works for the opening of a new street, 60 feet in width, extending from the southerly line of Fourteenth street opposite the termination of Alpine street, and extending southerly and westerly to the intersection of Park Hill avenue and Fifteenth street.

Confirmation of the report of the Board of Public Works for widening Park Hill avenue between Fifteenth street and Masonic avenue.

Confirmation of the report of the Board of Public Works for widening of Masonic avenue from a point 70.94 feet, more or less, easterly from the southeasterly corner of Sixteenth street and Masonic avenue to the easterly line of Levant street.

Confirmation of the report of the Board of Public Works for opening of a new street, 60 feet in width, extending from Levant street and Masonic avenue to the easterly line of Pluto street.

Confirmation of the report of the Board of Public Works for widening of Pluto street from a point 245.42 feet, more or less, southerly from Masonic avenue to the northerly line of Clifford Terrace.

Confirmation of the report of the Board of Public Works for opening of a new street extending from Clifford Terrace and Pluto street to Lower Terrace.

Confirmation of the report of the Board of Public Works for widening of Lower Terrace from the first angle point northeasterly from Saturn street southwesterly to Seventeenth street.

Protests.

The Clerk read protest from J. C. Murphy against any scheme to widen Lower Terrace and to make an assessment district therefor.

Austin Green, property owner, 168 Noe street, asked to be listed as a protestant against the proposed improvement.

Mr. Jillic was granted privilege of the floor and opposed the proposed assessment for widening and paving right of way. He wanted street car service, not a boulevard.

P. McCarthy, attorney for property owners favoring the proposed improve-

ment, appeared and urged immediate action.

Motion.

Supervisor Welch moved that hearing be laid over three weeks and that all parties be notified to be present.

Motion carried by the following vote:

Ayes—Supervisors Deasy, Gallagher, Hayden, Hocks, Hynes, Kortick, Lahaney, McLeran, McSheehy, Mulvihill, Nelson, Sulr, Welch—13.

Noes—Supervisors Power, Schmitz—2.

Absent—Supervisors Brandon, Hilmer, Wolfe—3.

2. Montague Range & Furnace Co., cert. ck. \$63.50.

Referred to Supplies Committee.

REPORTS OF COMMITTEES.

Reports from the following committees were received and ordered filed:

Supplies Committee, by Supervisor Hilmer, Chairman.

Fire Committee, by Supervisor Deasy, Chairman.

Streets Committee, by Supervisor Welch, Chairman.

Health Committee, by Supervisor Lahaney, Chairman.

Progressive Report of Finance Committee on Investigation of Charges in re Burial of Indigent Dead.

The following report was presented and read by the Clerk:

San Francisco, December 30, 1918.
Gentlemen:

Examination of the records relating to the burial of former soldiers and sailors of the United States who died without sufficient means for funeral expenses, discloses to the Finance Committee that the system in vogue for many years permitted of occasional abuses and payment of claims in some instances where they should not have been collected from the City.

The State law intends that all former soldiers and sailors who die without means shall be given a decent and respectable funeral and burial. The act provides that \$75 shall be paid for the funeral expenses of such veterans.

It has been the custom for many years for the Superintendent of Burial of Soldiers and Sailors to accept from undertakers \$5 or \$10 as a remuneration for services, notwithstanding the act provides that such

services shall be performed without compensation. In the judgment of the committee this is wrong, as a great deal of work falls upon the Superintendent, and in a city the size of San Francisco, where the number of cases approximate one hundred a year, the Superintendent should be compensated for his services and thus obviate a recurrence of charges that fees are paid by undertakers out of moneys received from the city.

The committee has learned by examination of Superintendent H. T. Smith that in some cases payments were made to undertakers through the Superintendent where they ought not to have been made, and has directed the Superintendent to demand in all such cases that the money improperly collected be restored to the City Treasury.

As a result of the disclosures so far made the committee recommends that a petition be sent to the Legislature recommending that the Act of 1911 be amended so that the Superintendent of Burial of former Soldiers and Sailors be properly compensated according to services performed.

The method heretofore pursued by the Superintendent has been changed by the committee. It has been the practice for years for the Superintendent to make demands in his own name and then pay the undertaker the funeral expenses of the deceased, taking a receipt therefor. The committee has directed that in all future cases the undertaker shall make an itemized demand himself and submit necessary proof that the deceased died without sufficient means to defray funeral expenses. Upon the filing of such claim the Superintendent will verify and require from the relatives or nearest friend of the deceased an affidavit setting forth the facts and proof that the deceased was without means with which to defray funeral expenses.

Additional report and recommendation will be made as investigations justify.

Respectfully submitted,

R. McLERAN,
J. C. KORTICK,
Finance Committee.

Committee Increased.

Supervisor Power moved that Supervisor Lahaney, chairman of Public Health Committee, be added to the committee investigating the matter of the burial of indigent dead.

Motion carried.

Noes—Supervisors Hynes, Power, Schmitz—3.

Absent—Supervisors Brandon, Hilmer, Welch, Wolfe—4.

Explanation of Votes.

Supervisor Power explained his vote by saying that the Board of Supervisors had no right to reduce the appropriation of the Board of Public Works when it did. "When the Budget was adopted," he said, "that money was appropriated to them and they could proceed to make such expenditures as were allowed them in the Budget."

Supervisor Hynes explained his vote by saying: "I don't want to pledge myself in advance to this proposition. I will act on this on its merits when we come to it."

Payment of Claim of R. C. Storrie & Co. Out of Municipal Railway Funds.

The following resolution, laid over from last meeting, was taken up:

Whereas, There has been created a reserve fund out of the net earnings of the Municipal Railroad in an amount exceeding \$1,000,000, and

Whereas, Said sum exceeds one-half of the payment of the operating expenses of said railroad during the preceding fiscal year by at least \$82,152.53; now, therefore, be it

Resolved, That the sum of \$82,152.53 be and the same is hereby set aside and appropriated out of Municipal Railway Fund to the credit of the General Fund, 1918-1919, and from such General Fund set aside and credited to the Twin Peaks Ridge Tunnel Assessment Fund for the purpose of meeting obligations due to R. C. Storrie & Company on the contract entered into between the City and County of San Francisco and said R. C. Storrie

& Company for the building of the Twin Peaks Tunnel; and be it further

Resolved, That the City and County of San Francisco does hereby assume the obligation of paying to said R. C. Storrie & Company the sum of \$82,152.53 of the amount remaining unpaid to said R. C. Storrie & Company on said contract; and be it further

Resolved, That said sum of \$82,152.53 shall be restored to the Municipal Railway Fund by additional revenues from the Twin Peaks Ridge Tunnel Assessment Fund, or by such future action as the Board of Supervisors may determine.

Congress Asked to Dedicate Sailors' Home Land to Use of San Francisco.

Supervisor Welch presented:

Resolution No. 16381 (New Series), as follows:

Whereas, By Act of Congress, approved August 11, 1876, that certain piece of land 137½ x 275 feet situated on the northerly side of Harrison street between Main and Spear streets in the City and County of San Francisco was granted by the United States to said City and County for the purpose of a Sailors' Home; and

Whereas, Economic changes have produced a condition whereby a Sailors' Home is no longer a utility or needed charity and it is inexpedient to carry out the limited purpose expressed in said Act of Congress; and

Whereas, Other uses and charities would be promoted and public necessities would be provided for by the amendment of said Act of Congress so as to widen the purpose for which such land might be used; therefore be it

Resolved, That the Congress of the United States be memorialized to so amend said Act to the end that the land therein described may be used by the City and County for such useful purpose as may best serve the public interest, and that copies of this resolution be transmitted to the Senators from this State and members of the House of Representatives from this City and County, with a request that they give the subject-matter herein expressed their earnest attention.
